(4) The identity/identities of these investments have been concealed while 180 Degree Capital completes a purchase or selling program for these securities.

(5) 180 Degree Capital is the investment manager of a separately managed account ("SMA") that owns shares of these portfolio companies. Under its investment management agreement for the SMA, 180 Degree Capital has the right to control the votes of the securities held by the SMA. 180 Degree Capital has voting ownership between 5 percent and 25 percent in these companies directly or when the shares held by us and our SMA are aggregated.

(6) 180 Degree Capital is subject to legal restrictions on the sale of all or a portion of our investment(s) in this company. The total amount of restricted securities held is $393,709, or 0.9 percent of net assets.

(7) These restricted shares of common stock and stock options for the purchase of common stock were granted to Kevin Rendino in connection with his service as a member of the Board of Directors of Synchronoss Technologies, Inc. Mr. Rendino entered into an assignment and assumption agreement with 180 Degree Capital that transfers all beneficial and voting interest to 180 Degree Capital.

(8) These securities are held by 180 Degree Capital's wholly owned subsidiary, 180 Degree Private Holdings, LLC ("180PH"), which were transferred from 180 Degree Capital to 180PH in the fourth quarter of 2020. The acquisition dates of the securities reflect the dates such securities were obtained by 180 Degree Capital rather than the transfer date.

(9) Other financial instruments are holdings of 180 Degree Capital that do not meet the definition of a security or a derivative.

(10) If all the remaining milestones are met, 180 Degree Capital would receive approximately $2.7 million. There can be no assurance as to how much of the remaining approximately $2.7 million in potential milestone-based payments will ultimately be realized or when they will be realized, if at all.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of the consolidated financial statements:

Principles of Consolidation. The consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the US ("GAAP") and Articles 6 and 12 of Regulation S-X of the Securities Exchange Commission ("SEC") and include the accounts of 180 Degree Capital and its wholly owned subsidiaries. 180 Degree Capital is an investment company following accounting and reporting guidance in Accounting Standards Codification 946. In accordance with GAAP and Regulation S-X under 17 C.F.R. Part 210, 180 Degree Capital may only consolidate its interests in investment company subsidiaries and controlled operating companies whose business consists of providing services to 180 Degree Capital. Prior to February 2023, our wholly owned subsidiary, 180BD, was a controlled operating company that provided services to us and was, therefore, consolidated. 180PH is a controlled operating company that provide services to us and is, therefore, consolidated. All significant intercompany accounts and transactions were eliminated in the consolidated financial statements.

Use of Estimates. The preparation of the consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and contingent assets and liabilities and the reported amounts of revenues and expenses. Actual results could differ from these estimates, and the differences could be material. The most significant estimates relate to the fair valuations of our investments.

Portfolio Investment Valuations. Investments are stated at "value" as defined in the 1940 Act and in the applicable regulations of the SEC and in accordance with GAAP. Value, as defined in Section 2(a)(41) of the 1940 Act, is (i) the market price for those securities for which a market quotation is readily available and (ii) the fair value as determined in good faith by, or under the direction of, the Board of Directors for all other assets. The Valuation Committee, comprised of all of the independent Board members, is responsible for determining the valuation of 180 Degree Capital's assets within the guidelines established by the Board of Directors, pursuant with SEC Rule 2a-5. The Valuation Committee receives information and recommendations from management. 180 Degree Capital may from time to time use an independent valuation firm to review select portfolio company valuations on an as needed basis. The independent valuation firm, when engaged by 180 Degree Capital, does not provide independent valuations. The fair values assigned to these investments are based on available information and do not necessarily represent amounts that might ultimately be realized when that investment is sold, as such amounts depend on future circumstances and cannot reasonably be determined until the individual investments are actually liquidated or become readily marketable. The Valuation Committee values 180 Degree Capital's investment assets as of the end of each calendar quarter and as of any other time requested by the Board of Directors.

Accounting Standards Codification Topic 820, "Fair Value Measurements," ("ASC 820") defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). It applies fair value terminology to all valuations whereas the 1940 Act applies market value terminology to readily marketable assets and fair value terminology to other assets.

The main approaches to measuring fair value utilized are the market approach, the income approach and the hybrid approach.

- Market Approach (M): The market approach focuses on inputs and not techniques. The market approach may use quantitative inputs such as prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities and the values of market multiples derived from a set of comparable companies. The market approach may also use qualitative inputs such as progress toward milestones, the long-term potential of the business, current and future financing requirements and the rights and preferences of certain securities versus those of other securities. The selection of the relevant inputs used to derive value under the market approach requires judgment considering factors specific to the significance and relevance of each input to deriving value.

- Income Approach (I): The income approach focuses on techniques and not inputs. The income approach uses valuation techniques to convert future amounts (for example, revenue, cash flows or earnings) to a single present value amount (discounted). The measurement is based on the value indicated by current market expectations about those future amounts. Those valuation techniques include present value techniques; option-pricing models, such as the Black-Scholes-Merton formula (a closed-form model) and a binomial model (a lattice model), which incorporate present value techniques; and the multi-period excess earnings method, which is used to measure the fair value of certain assets.

- Hybrid Approach (H): The hybrid approach uses elements of both the market approach and the income approach. The hybrid approach calculates values using the market and income approach, individually. The resulting values are then distributed among the share classes based on probability of exit outcomes.

ASC Topic 820 classifies the inputs used to measure fair value by these approaches into the following hierarchy:

- Level 1 (L1): Unadjusted quoted prices in active markets for identical assets or liabilities;

- Level 2 (L2): Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices in active markets for similar

assets or liabilities, or quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. Level 2 inputs are in those markets for which there are few transactions, the prices are not current, little public information exists or instances where prices vary substantially over time or among brokered market makers; and

- Level 3 (L3): Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Unobservable inputs are those inputs that reflect our own assumptions that market participants would use to price the asset or liability based upon the best available information.

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement and are not necessarily an indication of risks associated with the investment.

As of March 31, 2025, 180 Degree Capital's financial statements include investments fair valued by the Board of Directors of $720,965. The fair values were determined in good faith by, or under the direction of, the Board of Directors. The fair value amount includes the values of 180 Degree Capital's investments in legacy privately held companies and rights to future milestone payments, as well as 180 Degree Capital's warrants for the purchase of common stock of Potbelly Corporation, 180 Degree Capital's options for the purchase of common stock of Synchronoss Technologies, Inc., and 180 Degree Capital's restricted common stock of Synchronoss Technologies, Inc.

Cash. Cash includes demand deposits. Cash is carried at cost, which approximates fair value.

Unaffiliated Rights to Payments. At March 31, 2025, the outstanding potential milestone from the acquisition of TARA Biosystems, Inc., by Valo Health, LLC were valued at $69,830. The milestone payments are valued using the probability-adjusted, present value of proceeds from future payments that would be due upon successful completion of certain regulatory milestones. There can be no assurance as to how much of the amounts related to milestone payments that 180 Degree Capital will ultimately realize or when they will be realized, if at all.

Prepaid Expenses. 180 Degree Capital includes prepaid insurance premiums in "Prepaid expenses." Prepaid insurance premiums are recognized over the term of the insurance contract and are included in "Insurance" in 180 Degree Capital's Consolidated Statement of Operations.

Property and Equipment. Property and equipment are included in "Other assets" and are carried at $2,871 at March 31, 2025, representing cost of $229,818, less accumulated depreciation of $226,947. Depreciation is provided using the straight-line method over the estimated useful lives of the property and equipment. 180 Degree Capital estimates the useful lives to be five to ten years for furniture and fixtures, and three years for computer equipment.

Post-Retirement Plan Liabilities. Until it was terminated on April 27, 2017, 180 Degree Capital provided a Retiree Medical Benefit Plan for employees who met certain eligibility requirements. Until it was terminated on May 5, 2011, 180 Degree Capital also provided an Executive Mandatory Retirement Benefit Plan for certain individuals employed by us in a bona fide executive or high policy-making position. The net periodic post-retirement benefit cost includes service cost and interest cost on the accumulated post-retirement benefit obligation. Unrecognized actuarial gains and losses are recognized as net periodic benefit cost, pursuant to 180 Degree Capital's historical accounting policy in "Salaries, bonus and benefits" in 180 Degree Capital's Consolidated Statement of Operations. The impact of plan amendments was amortized over the employee's average service period as a reduction of net periodic benefit cost. Unamortized prior service cost was fully amortized during 2017 as a result of the termination of the Retiree Medical Benefit Plan.

Interest Income Recognition. Interest income, including amortization of premium and accretion of discount, is recorded on an accrual basis. When accrued interest is determined not to be recoverable, 180 Degree Capital ceases accruing interest and writes off any previously accrued interest. Write-offs are netted in interest

income. Securities are deemed to be non-income producing if investments have not paid dividends or interest within the last 12 months or are on non-accrual status for at least 12 consecutive months. When the fair value of a security that includes PIK interest is less than the accrued interest, 180 Degree Capital may place the security on non-accrued status.

Board Fees From Portfolio Companies. 180 Degree Capital recognizes revenues from board fees as those services are provided. The 1940 Act restricts the ability of affiliates, including officers, to receive fees or remuneration for any services, including serving on boards of directors, from any company in which 180 Degree Capital has an investment. As such, all remuneration for such services is paid directly to 180 Degree Capital and, in the case of equity-based compensation, such affiliate assigns all economic benefit from such equity-based compensation to 180 Degree Capital at the time of such grant. The value of equity-based compensation at the time of grant and recognized as income is determined using Black-Scholes-Merton model for stock options and the closing price on the date of grant less a discount for lack of marketability for restricted stock.

Management Fees and Performance Fees/Carried Interest from Managed Funds. 180 Degree Capital may be entitled to receive management fees and performance fees from clients including separately managed accounts (SMAs) and special purpose vehicles (SPVs). When applicable, 180 Degree Capital accrues management fees on SPVs that are to be paid upon liquidation of the entity regardless of performance. Performance fees or carried interest, if any, is paid annually by SMAs based on a fixed percentage of the increase in net assets during the year. Performance fees on SPVs, if any, are generally paid based on the amount of increase in net assets at the time of any distribution of capital above the amount of initial invested capital plus accrued expenses. The timing and payment terms of management fees and performance fees for future client accounts may be different than those of 180 Degree Capital's current SMAs.

180 Degree Capital does not include accruals for carried interest in the consolidated financial statements until such carried interest is received and/or 180 Degree Capital concludes that it is probable that a reversal of any accrual will not occur. 180 Degree Capital did not earn or accrue any carried interest in the period ended March 31, 2025.

Other Income. 180 Degree Capital may purchase restricted securities issued by publicly traded companies that include provisions that provide for payment of partial liquidated damages in the event the issuer does not meet obligations specified in the purchase agreement or other ancillary documents associated with the transaction. These obligations most commonly are associated with the filing of registration statements and/or being up to date with the filing of the issuer's financial statements with the SEC.

Put and Call Options. 180 Degree Capital may purchase options on publicly traded securities as an investment and/or with the intention of limiting its downside risk. When 180 Degree Capital purchases an option, an amount equal to the premium paid is recorded in the Consolidated Statement of Assets and Liabilities as an investment. 180 Degree Capital may also purchase an option at one price and write/sell an option at another price in a simultaneous transaction referred to as a spread. The amount of these assets is subsequently marked-to-market to reflect the current value of the options. In the event that the options are exercised, 180 Degree Capital would be required to deliver those shares to the counterparty. When the options expire unexercised, 180 Degree Capital realizes a loss on the premium paid, or the difference between the premium paid and the premium received, as applicable.

Rent Expense. 180 Degree Capital currently leases and runs daily operations in approximately 1,250 square feet of office space in Montclair, New Jersey. Either 180 Degree Capital or the landlord may terminate the lease at any time with two months' written notice to either party. On November 17, 2021, 180 Degree Capital amended its month-to-month lease to a lease with annual pricing through December 31, 2024, at an average price during the three years covered by the amendment of approximately $30 per square foot. On June 11, 2024, 180 Degree Capital extended the lease agreement for an additional year, starting January 1, 2025 through December 31, 2025, at a price of approximately $32 per square foot. All other terms and conditions remain in full force and effect.

Realized Gain or Loss and Unrealized Appreciation or Depreciation of Portfolio Investments. Realized gain or loss is recognized when an investment is disposed of and is computed as the difference between 180 Degree Capital's cost basis in the investment at the disposition date and the net proceeds received from such disposition. Realized gain or loss on investment transactions are determined by specific identification. Unrealized appreciation or depreciation is computed as the difference between the fair value of the investment and the cost basis of such investment.

Income Taxes. As discussed in Note 9. Income Taxes, 180 Degree Capital did not qualify as a regulated investment company ("RIC") under Subchapter M of the Code in 2024, and will therefore be taxed as a C-Corporation in 2024. As of March 31, 2025, 180 Degree Capital did not qualify as a RIC, and will therefore be taxed as a C-Corporation in 2025. 180 Degree Capital did not accrue for any income taxes as of March 31, 2025 as it did not generate ordinary income. 180 Degree Capital has capital loss carryforwards that can be used to offset net realized capital gains. 180 Degree Capital also has operating loss carryforwards that can be used to offset operating income and net realized capital gains in years when it fails to qualify as a RIC. 180 Degree Capital recognizes interest and penalties in income tax expense. See Note 9. Income Taxes for further discussion..

Foreign Currency Translation. The accounting records of 180 Degree Capital are maintained in U.S. dollars. All assets and liabilities denominated in foreign currencies are translated into U.S. dollars based on the rate of exchange of such currencies against U.S. dollars on the date of valuation. If 180 Degree Capital has assets denominated in foreign currencies, it does not isolate the portion of the results of operations that arises from changes in foreign currency rates on investments held on its Consolidated Statement of Operations.

Securities Transactions. Securities transactions are accounted for on the date the transaction for the purchase or sale of the securities is entered into by 180 Degree Capital (i.e., trade date). Securities transactions outside conventional channels, such as private transactions, are recorded as of the date 180 Degree Capital obtains the right to demand the securities purchased or to collect the proceeds from a sale and incurs the obligation to pay for the securities purchased or to deliver the securities sold.

Concentration of Credit Risk. 180 Degree Capital places its cash with financial institutions and, at times, cash held in depository accounts may exceed the Federal Deposit Insurance Corporation's insured limit and is subject to the credit risk of such institutions to the extent it exceeds such limit.

Recent Accounting Pronouncements and Adoptions. On November 4, 2024, the Financial Accounting Standards Board ("FASB") issued ASU 2024-03, "Income Statement—Reporting Comprehensive Income—Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses". This ASU requires that certain costs to be disclosed in each relevant expense captions. The guidance is effective for fiscal years, including interim periods within those fiscal years, beginning after December 15, 2026, and early adoption is permitted. This ASU is not expected to have a material impact on 180 Degree Capital's consolidated financial statements.

NOTE 3. BUSINESS RISKS AND UNCERTAINTIES

180 Degree Capital’s business activities contain elements of risk. 180 Degree Capital considers the principal types of market risk to be valuation risk, diversification risk, interest rate risk and foreign currency risk. Although 180 Degree Capital is risk-seeking rather than risk-averse in its investments, 180 Degree Capital considers the management of risk to be essential to our business.

Investment Objective

180 Degree Capital’s investment objective is to generate capital appreciation and current income from investments and investment-related activities such as managed funds and accounts.

Investment Strategy

180 Degree Capital's investment strategy on future new investments is focused on generating capital appreciation and current income from investments in what it believes are deeply undervalued, small publicly traded companies where 180 Degree Capital believes we can positively impact the business and valuation through constructive activism. Historically, 180 Degree Capital's investment strategy was to achieve long-term capital appreciation investing in venture capital investments. While 180 Degree Capital continues to provide such resources to its existing legacy portfolio companies, 180 Degree Capital no longer make venture capital investments. 180 Degree Capital classifies its legacy portfolio companies as Legacy Privately Held Equity and Equity-Related Securities.

180 Degree Capital believes it combines new perspectives with the historical knowledge and experience of managing the current portfolio. 180 Degree Capital's investment approach is comprised of a patient examination of available opportunities through due diligence and close involvement with management of its portfolio companies. 180 Degree Capital invests its capital directly into portfolio companies or through purchases of securities of publicly traded companies directly and through open-market purchases. 180 Degree Capital may seek to invest its capital alongside capital from other investors through that it controls.

180 Degree Capital has discretion in the investment of its capital to achieve its objectives by investing in various types of assets, and it does not currently limit our investments to any security type. 180 Degree Capital's investments may include, among other asset types: equity, equity-related securities (including warrants and options) and debt with equity features from either private or public issuers; debt obligations of all types having varying terms with respect to security or credit support, subordination, purchase price, interest payments and maturity; foreign securities; and miscellaneous investments.

Investment Policies

Fundamental policies may not be changed without the approval of the holders of a majority of our voting securities, as defined in the 1940 Act. As a matter of fundamental policy, 180 Degree Capital will not:

(1) Issue senior securities, borrow money from banks, brokers or other lenders, or engage in transactions involving the issuance by us of "senior securities" representing indebtedness, except to the extent permitted under the 1940 Act or the rules, regulations or interpretations thereof.

(2) Underwrite securities of other issuers, except insofar as we may be deemed an underwriter under the Securities Act of 1933, as amended (the "Securities Act"), in connection with the disposition of our portfolio securities. We may invest in restricted securities (those that must be registered under the Securities Act before they may be offered or sold to the public) to the extent permitted by the 1940 Act or the rules, regulations or interpretations thereof.

(3) Invest more than 25% of our total assets in the securities of companies or entities engaged in any one industry, or group of industries. This limitation does not apply to investment in the securities of the U.S. Government, its agencies or instrumentalities.

(4) Purchase or sell real estate or interests in real estate (except that we may (a) purchase and sell real estate or interests in real estate in connection with the orderly liquidation of investments, or in connection with foreclosure on collateral, or (b) own the securities of companies that are in the business of buying, selling or developing real estate).

(5) Purchase or sell commodities or commodity contracts, but we may purchase and sell foreign currency and enter into foreign currency forward contracts, and may engage in other transactions in financial instruments, in each case to the extent permitted under 180 Degree Capital's investment policies as in effect from time to time.

(6) Make loans of money or securities to other persons, except through purchasing fixed-income securities or other debt instruments, lending portfolio securities or entering into repurchase agreements in a manner consistent with our investment policies. With respect to these investment restrictions, if a percentage restriction is adhered to at

the time of entering into the investment or transaction, a later change in percentage resulting from a change in the values of investments or the value of our total assets, unless otherwise stated or required by law, will not constitute a violation of the restriction or policy.

Valuation Risk

180 Degree Capital is currently focused on investing in what it believes are deeply undervalued microcapitalization publicly traded companies. 180 Degree Capital's publicly traded and public company-related securities account for approximately 100 percent of the value of its portfolio of investments. Although these companies are publicly traded, their stock may not trade at high volumes and/or we may own a significant portion of a company's outstanding stock, which may restrict 180 Degree Capital's ability to sell its positions in an orderly fashion and prices at which sales can be made may be volatile and materially different than the closing prices of such positions at each financial statement date. 180 Degree Capital may also be subject to restrictions on transfer and/or other lock-up provisions after these companies complete public offerings and/or if it invests in unregistered securities of public companies. Many of 180 Degree Capital's legacy privately held and publicly traded companies tend to not have attained profitability, and many of these companies also lack management depth and have limited or no history of operations. Because of the speculative nature of our investments and the lack of a liquid market for and restrictions on transfers of privately held investments, there is greater risk of loss relative to traditional marketable investment securities.

Approximately 2 percent of 180 Degree Capital's portfolio, excluding money market investments, was fair valued and comprised of securities of legacy privately held companies and rights to potential future milestone payments, as well as 180 Degree Capital's warrants of Potbelly Corporation and options and restricted common stock of Synchronoss Technologies, Inc. which are securities of publicly traded companies. Because there is typically no public or readily ascertainable market for 180 Degree Capital's securities of our legacy privately held companies, the valuation of the securities in that portion of 180 Degree Capital's portfolio is determined in good faith by our Valuation Committee, which is comprised of all of the independent members of our Board of Directors. The values are determined in accordance with 180 Degree Capital's Valuation Procedures and are subject to significant estimates and judgments. The fair value of the securities in 180 Degree Capital's portfolio may differ significantly from the values that would be placed on these securities if a ready market for the securities existed. Additionally, inputs may become available after a financial statement date that could result in a material change in value at a future financial statement date from the value reported in the current financial statements. Any changes in valuation are recorded in 180 Degree Capital's Consolidated Statement of Operations as "Change in unrealized appreciation (depreciation) on investments." Changes in valuation of any of our investments in privately held companies from one period to another may be significant.

Diversification Risk

While 180 Degree Capital is subject to certain diversification requirements regarding the concentration of investments in any one industry or group of industries at the time of each investment, 180 Degree Capital does not choose investments based on a strategy of diversification. 180 Degree Capital also does not rebalance the portfolio should one of its portfolio companies increase in value substantially relative to the rest of the portfolio. Therefore, the value of 180 Degree Capital's portfolio may be more vulnerable to microeconomic events affecting a single sector, industry or portfolio company and to general macroeconomic events that may be unrelated to our portfolio companies. These factors may subject the value of 180 Degree Capital's portfolio to greater volatility than a company that follows a diversification strategy. As of March 31, 2025, 180 Degree Capital's largest 10 investments by value, excluding money market investments, accounted for approximately 95 percent of the value of our investment portfolio. Our largest three investments, by value, excluding money market investments, Potbelly Corporation, Synchronoss Technologies, Inc., and Ascent Industries Co**.,** accounted for approximately 30 percent, 27 percent and 14 percent, respectively, of our investment portfolio at March 31, 2025. Potbelly Corporation, Synchronoss Technologies, Inc. and Ascent Industries Co. are publicly traded companies.

Interest Rate Risk

Interest rate sensitivity refers to the change in earnings that may result from changes in the level of interest rates. 180 Degree Capital may invest in both short- and long-term U.S. government and agency securities. To the extent that 180 Degree Capital invests in short- and long-term U.S. government and agency securities, changes in interest rates result in changes in the value of these obligations that result in an increase or decrease of our net asset value. The level of interest rate risk exposure at any given point in time depends on the market environment, the expectations of future price and market movements, and the quantity and duration of long-term U.S. government and agency securities held by 180 Degree Capital, and it will vary from period to period.

In addition, market interest rates for high-yield corporate debt may be an input in determining value of our investments in debt securities of privately held and publicly traded companies. Significant changes in these market rates could affect the value of our debt securities as of the valuation date of measurement of value. While 180 Degree Capital does not currently have any investments in debt securities with floating interest rates, investment income in such securities should we acquire them in the future could be adversely affected by changes in interest rates.

Foreign Currency Risk

180 Degree Capital may from time to time invest in securities that are denominated in foreign currencies. As of March 31, 2025, 180 Degree Capital's investments were not subject to foreign currency risk as they were all denominated in U.S. dollars.

NOTE 4. FAIR VALUE OF INVESTMENTS

Valuation Methodologies and Inputs for Level 3 Assets

The following sections describe the valuation techniques and significant unobservable inputs used to measure Level 3 assets.

Preferred Stock, LLC Interests, and Common Stock

Preferred stock, LLC interests, and common stock are valued by either a market, income or hybrid approach using internal models with inputs, most of which are not market observable. Common inputs for valuing Level 3 investments include prices from recently executed private transactions in a company's securities or unconditional firm offers, revenue multiples of comparable publicly traded companies, merger and acquisition ("M&A") transactions consummated by comparable companies, discounts for lack of marketability, rights and preferences of the class of securities we own as compared with other classes of securities the portfolio company has issued, particularly related to potential liquidity scenarios of an initial public offering ("IPO") or an acquisition transaction, estimated time to exit, volatilities of comparable publicly traded companies and management's best estimate of risk attributable to non-performance risk. Certain securities are valued using the present value of future cash flows. Common inputs for valuing Level 2 investments include adjustment for lack of marketability on unregistered securities, and material information released by public companies subsequent to the closing price on date of the valuation.

180 Degree Capital may also consider changes in market values for sets of comparable companies when recent private transaction information is not available and/or in consideration of non-performance risk. We define non-performance risk as the risk that the price per share (or implied valuation of a portfolio company) or the effective yield of a debt security of a portfolio company, as applicable, does not appropriately represent the risk that a portfolio company with negative cash flow will be: (a) unable to raise capital, will need to be shut down and will not return our invested capital; or (b) able to raise capital, but at a valuation significantly lower than the implied post-money valuation of the last round of financing. 180 Degree Capital assesses non-performance risk for each private portfolio company quarterly. 180 Degree Capital's assessment of non-performance risk typically includes an evaluation of the financial condition and operating results of the company, the company's progress towards milestones, and the long-term potential of the business and technology of the company and how this potential may or may not affect the value of the shares owned by 180 Degree Capital. An increase to the non-performance risk or a decrease in the private offering price of a future round of financing from that of the most recent round would result in a lower fair value measurement and/or a change in the distribution of value among the classes of securities we own.

Option pricing models place a high weighting on liquidation preferences, which means that small differences in how the preferences are structured can have a material effect on the fair value of our securities at the time of valuation and also on future valuations should additional rounds of financing occur with senior preferences. As such, valuations calculated by option pricing models may not increase if 1) rounds of financing occur at higher prices per share, 2) liquidation preferences include multiples on investment, 3) the amount of invested capital is small and/or 4) liquidation preferences are senior to prior rounds of financing. Additionally, an increase in the volatility assumption generally increases the enterprise value calculated in an option pricing model. An increase in the time to exit assumption also generally increases the enterprise value calculated in an option pricing model. Variations in the expected time to exit or expected volatility assumptions have a significant impact on fair value.

Warrants and Stock Options

180 Degree Capital uses the Black-Scholes-Merton option-pricing model to determine the fair value of warrants and stock options held in our portfolio unless there is a publicly traded active market for such securities or another indication of value such as a sale of the portfolio company or an expectation that we may exercise the security prior to expiration. Option pricing models, including the Black-Scholes-Merton model, require the use of subjective input assumptions, including expected volatility, expected life, expected dividend rate, and expected risk-free rate of return. In the Black-Scholes-Merton model, variations in the expected volatility or expected term assumptions have a significant impact on fair value.

An input to the Black-Scholes-Merton option-pricing model is the value per share of the type of stock for which the warrant is exercisable as of the date of valuation. This input is derived according to the methodologies discussed in "Preferred Stock, Preferred Units, LLC Interests, Common Stock and Common Units."

Rights to Milestone Payments

Rights to milestone payments are valued using a probability-weighted discounted cash flow model. 180 Degree Capital is entitled to potential future payments from the acquisition of TARA Biosystems, Inc. by Valo Health, LLC. 180 Degree Capital assigns probabilities to the achievements of the various milestones. Milestones identified as independent milestones can be achieved irrespective of the achievement of other contractual milestones. Dependent milestones are those that can only be achieved after another, or series of other, milestones are achieved. The interest rates used in these models are observable inputs from sources such as the published interest rates for corporate bonds of the acquiring or comparable companies.

Changes in Valuation Approaches

During the period ended March 31, 2025, the valuation approach for our warrants for the purchase of common stock of Potbelly Corporation changed from the Income Approach to the Market Approach owing to the expiration date being less than one year from the date of valuation and the valuation being based on intrinsic value versus Black-Scholes option models.

NOTE 7. OFFICERS' AND BOARD OF DIRECTORS' COMPENSATION

The aggregate compensation (salaries, bonuses, 401(k) employer match, medical and dental benefits) paid by 180 Degree Capital during the period ended March 31, 2025, to its officers amounted to approximately $0.6 million.

The aggregate compensation paid by 180 Degree Capital to the independent members of its Board of Directors during the period ended March 31, 2025 was $71,042.

Certain officers and directors currently and may in the future serve as members of the board of directors of our portfolio companies, including our controlled portfolio companies. These officers and directors do not receive any compensation for serving in such roles directly from the portfolio companies. Any such cash compensation paid by portfolio companies to members of their respective boards of directors is paid directly to 180 Degree Capital. In the case of securities-based compensation (restricted stock or stock options), the officer or director due such compensation assigns all beneficial interest, including but not limited to economic benefit and voting control, to such securities over to 180 Degree Capital.

NOTE 8. EMPLOYEE BENEFITS

401(k) Plan

180 Degree Capital adopted a 401(k) Plan covering substantially all of its employees. Matching contributions to the plan are at the discretion of the Compensation Committee. For the period ended March 31, 2025, the Compensation Committee approved a 100 percent match, which amounted to approximately $27,250.

Medical Benefit Retirement Plan

180 Degree Capital historically administered a plan to provide medical and dental insurance for retirees and their spouses who, at the time of their retirement, attained certain years of service with it and a certain age (the "Medical Benefit Retirement Plan"). On April 27, 2017, the Board of Directors terminated the plan. The termination does not affect benefits accrued by former employees who are grandfathered under the former terms of the plan, and the termination of the plan does not affect benefits accrued by certain former employees who were grandfathered under the amended terms of the plan. The Medical Benefit Retirement Plan was terminated for all other employees. At March 31, 2025, we had $345,244 accrued for accumulated post-retirement benefit obligation for certain of these former employees, which is included in "Post-retirement plan liabilities" on 180 Degree Capital's Consolidated Statement of Assets and Liabilities.

Executive Mandatory Retirement Benefit Plan

On May 5, 2011, the Board of Directors terminated the Amended and Restated Executive Mandatory Retirement Benefit Plan. 180 Degree Capital’s former President accrued benefits under this plan prior to his retirement, and the termination of this plan had no impact on his accrued benefits. Following his death in October 2024, 180 Degree Capital has no further liabilities regarding these benefits as of March 31, 2025.

NOTE 9. INCOME TAXES

180 Degree Capital filed for the 1999 tax year to elect treatment as a RIC under Subchapter M of the Code and qualified for the same treatment for the years 2000 through 2015, as well as 2017 and 2019. 180 Degree Capital did not qualify as a RIC under Subchapter M of the Code in 2016, 2018, 2020, 2021, 2022, 2023 and 2024. 180 Degree Capital did not have net taxable income in any of 2016, 2018, 2020, 2021, 2022, 2023 or 2024, so the failure to qualify as a RIC did not result in a tax liability for 180 Degree Capital. Under the Code, if 180 Degree Capital fails to qualify as a RIC three years in a row, it would be subject to taxation as a C-Corporation on built-in gains should realization of those gains occur within five years of the date of the last annual failure even if 180 Degree Capital qualified as a RIC in a future year.

As of March 31, 2025, 180 Degree Capital did not qualify as a RIC, and will therefore be taxed as a C-Corporation in 2025, as a result of failing certain Diversification Tests. The failure to qualify as a RIC in 2025 will be the sixth year in a row that such qualification was not attained. As of March 31, 2025, 180 Degree Capital did not have any built-in gains that would be subject to taxation as a C-Corporation should 180 Degree Capital qualify as a RIC in a future year. Additionally, should 180 Degree Capital qualify as a RIC in a future year, it would be required to distribute any accumulated and undistributed ordinary income and/or undistributed long-term capital gains. As of March 31, 2025, 180 Degree Capital did not have any undistributed ordinary income and/or undistributed long-term capital gains. As a C-Corporation, 180 Degree Capital is permitted to use historical operating loss carryforwards to offset income and gains for tax purposes.

180 Degree Capital's status as a RIC is irrevocable, but qualification is measured both quarterly and annually. Given 180 Degree Capital's status as a RIC and that the ability or inability to use such operating loss carryforwards depends on qualification metrics measured in each taxable year separate from prior years, 180 Degree Capital does not include a deferred tax asset and valuation allowance on deferred tax asset on its Consolidated Statement of Assets and Liabilities.

Under certain circumstances, even if 180 Degree Capital qualified for Subchapter M treatment for a given year, we might act in a subsequent year to ensure that we would be taxed in that subsequent year as a C Corporation, rather than as a RIC. 180 Degree Capital will fail to qualify for RIC tax treatment for a taxable year if we do not satisfy the 90 percent Income Test, the Diversification Tests or Annual Distribution Requirement for such year. In the event we do not satisfy the 90 percent Income Test, Diversification Tests or the Annual Distribution Requirement for any taxable year, 180 Degree Capital will be subject to federal tax with respect to all our taxable income, whether or not distributed. In addition to the corporate tax that would be paid by 180 Degree Capital, all its distributions to shareholders in that situation generally will be taxable as ordinary dividends and generally subject to up to a 30 percent withholding tax if received by a non-U.S. shareholder, although such dividends may qualify for long-term capital gain treatment as "qualified dividends" for U.S. shareholders meeting certain holding period requirements. If the aggregate values of our non-qualifying assets remain below 50 percent of total assets and no non-qualifying asset represents more than 25 percent of the total assets, 180 Degree Capital will continue to pass the Diversification Tests. Rather than selling portfolio companies that are performing well in order to pass our RIC Diversification Tests, 180 Degree Capital may opt instead not to qualify as a RIC. 180 Degree Capital will choose to take such action only if we believe that the result of the action will benefit 180 Degree Capital and our shareholders.

For federal tax purposes, 180 Degree Capital’s 2021 through 2023 tax years remain open for examination by the tax authorities under the normal three-year statute of limitations. Generally, for New Jersey state tax purposes, 180 Degree Capital’s 2020 through 2023 tax years remain open for examination by the tax authorities under a four-year statute of limitations. 180 Degree Capital will file its 2024 federal and state tax returns by their extended due dates.

As of March 31, 2025, 180 Degree Capital's net unrealized depreciation of $25,970,350 was comprised of unrealized depreciation of $31,786,933 and unrealized appreciation is $5,816,583. The book cost of investments is $67,484,132. As of March 31, 2025, 180 Degree Capital was in a loss position and therefore did not have any undistributed ordinary income and/or undistributed long-term capital gains.

As of December 31, 2024, 180 Degree Capital had loss carryforwards in aggregate of $23,460,501, long term. Capital losses for the year ended December 31, 2024, were $3,670,653. As of December 31, 2024, 180 Degree Capital had cumulative capital losses, which were derived during years when 180 Degree Capital failed as a RIC, totaling $10,438,040, which may be carried back 3 years or carried forward 5 years. As of December 31, 2024, 180 Degree Capital had post-enactment cumulative capital losses under the provisions of the Regulated Investment Company Modernization Act of 2010 (the "Act"), which were derived during years when 180 Degree Capital qualified as a RIC, totaling $13,022,461. Post-enactment losses have no expiration date.

On December 22, 2017, the Tax Cuts and Jobs Act of 2017 (the "2017 Act") was enacted, which among other changes, lowered the tax rates for corporations and how future loss carryforwards can be used against future gains. The change of the federal corporate tax rate from 35 percent to 21 percent in the 2017 Act may impact future decisions regarding the issuance of deemed dividends should 180 Degree Capital failed to qualify as a RIC under Subchapter M of the Code and be in a net taxable gain position on investments.

NOTE 10. COMMITMENTS AND CONTINGENCIES

Portfolio companies may seek additional capital in the future and any decision by 180 Degree Capital to not participate in the round of financing could result in outcomes that negatively impact the value of 180 Degree Capital's securities of those portfolio companies.

On January 17, 2025, 180 Degree Capital announced that it had entered into a definitive agreement (the "Merger Agreement") to combine with Mount Logan Capital Inc. ("Mount Logan") in an all-stock transaction (the "Business Combination"). The surviving entity is expected to be a Delaware corporation operating as Mount Logan Capital Inc. ("New Mount Logan") listed on Nasdaq under the symbol MLCI. In connection with the Business Combination, 180 Degree Capital shareholders will receive proportionate ownership of New Mount Logan determined by reference to 180 Degree Capital's net asset value at closing relative to a valuation of Mount Logan of approximately $67.4 million at signing, subject to certain pre-closing adjustments. The Business Combination is currently expected to close in mid-2025, subject to regulatory and shareholder approvals. There are no changes to 180 Degree Capital's Investment Policies or Investment Objectives in conjunction with the signing of the definitive agreement for the Business Combination. In conjunction with the signing of the Merger Agreement, 180 Degree Capital paid $500,000 for a fairness opinion to Fenchurch Advisory Partners US, Inc. ("Fenchurch"), a financial advisor retained by the special committee of the Board of Directors of 180 Degree Capital. 180 Degree Capital has agreed to pay Fenchurch a net fee of $1,000,000 should the Business Combination close successfully.

On June 11, 2024, 180 Degree Capital signed an extension of its lease to December 31, 2025, under substantially similar terms of its original lease. Upon an event of default, the lease provides that the landlord may terminate the lease and require us to pay all rent that would have been payable during the remainder of the lease or until the date the landlord re-enters the premises.

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of Yukon New Parent, Inc.

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheet of Yukon New Parent, Inc. (the "Company") as of February 7, 2025, and the related consolidated statement of changes in stockholder's equity from January 7, 2025 to February 7, 2025, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of February 7, 2025 in conformity with accounting principles generally accepted in the United States of America.

Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company noted that it had no cash or sources of funding that raise substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provide a reasonable basis for our opinion.

We have served as the Company's auditor since 2025. We have served as the auditor for 180 Degree Capital Corp., the parent company of Yukon New Parent, Inc. since 2023.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the period from January 7, 2025 (inception) to February 7, 2025

Note 1. Organization

Description of Business

Yukon New Parent, Inc. ("New Parent") was incorporated in Delaware on January 7, 2025. New Parent was formed as a wholly-owned subsidiary of 180 Degree Capital Corp. ("180 Degree Capital") to facilitate the Business Combination as discussed below. We currently anticipate that the Business Combination will be completed in mid-2025, subject to regulatory and shareholder approvals.

Polar Merger Sub, Inc. ("TURN Merger Sub") was incorporated in New York on January 8, 2025. TURN Merger Sub was formed as a wholly-owned subsidiary of New Parent to facilitate the Business Combination as discussed below.

Moose Merger Sub, LLC ("MLC Merger Sub") was formed as a limited liability company in Delaware on January 14, 2025. MLC Merger Sub was formed as a wholly-owned subsidiary of New Parent to facilitate the Business Combination as discussed below.

Proposed Business Combination

On January 16, 2025, 180 Degree Capital entered into an Agreement and Plan of Merger (the "Merger Agreement") with New Parent, Mount Logan Capital Inc. ("MLC"), a corporation organized under the Laws of the Province of Ontario, Canada, Polar Merger Sub, Inc., and Moose Merger Sub, LLC (the "Business Combination"). Pursuant to the Merger Agreement, and subject to the terms and conditions contained therein, (a) TURN Merger Sub shall merge with and into 180 Degree Capital (the "TURN Merger"), and 180 Degree Capital shall be the surviving company and shall continue its existence as a corporation under the Laws of the State of New York and as a wholly owned subsidiary of New Parent and (b) MLC Merger Sub shall merge with and into MLC (the "MLC Merger," and with the TURN Merger, the "Mergers"), the separate existence of MLC Merger Sub shall cease, and MLC shall be the surviving company in the MLC Merger and shall continue its existence as a limited liability company under the Laws of the State of Delaware and as a wholly-owned subsidiary of New Parent. As a result of the Mergers, New Parent will become a new publicly-traded company and the shareholders of 180 Degree Capital and MLC, respectively, will exchange their shares of each entity for shares of New Parent.

Risks and Uncertainties

New Parent was formed to be the surviving publicly-traded company in connection with the Mergers. New Parent has no prior operating activities and no material assets. Completion of the Mergers may be adversely affected by various factors that could cause economic uncertainty and volatility in the financial markets, many of which are beyond New Parent's control. Plans to consummate the proposed mergers could be impacted by, among other things, downturns in the financial markets or in economic conditions, inflation, increases in interest rates, declines in consumer confidence and spending and geopolitical instability. New Parent cannot at this time fully predict the likelihood of one or more of the above events, their duration or magnitude or the extent to which they may negatively impact our business and the ability to complete the Mergers.

Liquidity, Capital Resources and Going Concern

As of February 7, 2025, New Parent had no cash, and no sources of funding other than funds that may be obtained from 180 Degree Capital.

These conditions raise substantial doubt about New Parent's ability to continue as a going concern one year from the date that these consolidated financial statements are issued.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying consolidated financial statements are presented in U.S. dollars and have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of New Parent and its wholly-owned subsidiaries. All intercompany transactions have been eliminated in the consolidated financial statements.

Emerging Growth Company

New Parent is an "emerging growth company," as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act"), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the independent registered public accounting firm attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that an emerging growth company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. New Parent has elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it has different application dates for public or private companies, New Parent, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of New Parent's financial statements with another public company which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

Use of Estimates

The preparation of consolidated financial statements in conformity with GAAP requires New Parent's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period.

Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate is the effect of a condition, situation or set of circumstances that existed at the date of the consolidated financial statements, which management considers in formulating its estimate, could change in the near term due to one or more future confirming events. Accordingly, the actual results could differ significantly from those estimates.

Income Taxes

New Parent and TURN Merger Sub, each are currently not expected have federal income tax return filing requirements as they are not expected to have any trade or business activity prior to completion of the Business Combination.

MLC Merger Sub, under the domestic default classification rules of Reg. Sec. 301.7701-3(b)(1) this entity will be treated as a DRE for tax purposes and thus it will not have a federal income tax return filing requirement.

As of February 7, 2025, there were no uncertain tax positions related to New Parent or its subsidiaries.

Recently Issued Accounting Pronouncements

New Parent has reviewed recently issued accounting pronouncements and plans to adopt those that are applicable to it. New Parent does not expect the adoption of any recently issued pronouncements to have a material impact on its results of operations or financial position.

Note 3. Related Party Transactions

New Parent's parent company, 180 Degree Capital, has entered into a stock subscription agreement for the acquisition of the shares of common stock issued to 180 Degree Capital. As such, at February 7, 2025, 180 Degree Capital owes $1 to New Parent for the payment of New Parents's common stock and is reflected as a stock subscription receivable in the Consolidated Balance Sheet.

Note 4. Stockholder's Equity

Common stock

New Parent is authorized to issue 1,000 shares of common stock with par value of $0.001 each. As of February 7, 2025 there were 1,000 shares of common stock issued and outstanding. Each share of common stock entitles the holder to one vote.

Note 5. Commitments and Contingencies

In the normal course of business New Parent may enter into agreements that could result in future commitments and contingencies related to its business. There were no commitments or contingencies as of February 7, 2025.

Yukon New Parent, Inc. ("New Parent") was incorporated in Delaware on January 7, 2025. New Parent was formed as a wholly-owned subsidiary of 180 Degree Capital Corp. ("180 Degree Capital") to facilitate the Business Combination as discussed below. We currently anticipate that the Business Combination will be completed in mid-2025, subject to regulatory and shareholder approvals.

Polar Merger Sub, Inc. ("TURN Merger Sub") was incorporated in New York on January 8, 2025. TURN Merger Sub was formed as a wholly-owned subsidiary of New Parent to facilitate the Business Combination as discussed below.

Moose Merger Sub, LLC ("MLC Merger Sub") was formed as a limited liability company in Delaware on January 14, 2025. MLC Merger Sub was formed as a wholly-owned subsidiary of New Parent to facilitate the Business Combination as discussed below.

Proposed Business Combination

On January 16, 2025, 180 Degree Capital entered into an Agreement and Plan of Merger (the "Merger Agreement") with New Parent, Mount Logan Capital Inc. ("MLC"), a corporation organized under the Laws of the Province of Ontario, Canada, Polar Merger Sub, Inc., and Moose Merger Sub, LLC (the "Business Combination"). Pursuant to the Merger Agreement, and subject to the terms and conditions contained therein, (a) TURN Merger Sub shall merge with and into 180 Degree Capital (the "TURN Merger"), and 180 Degree Capital shall be the surviving company and shall continue its existence as a corporation under the Laws of the State of New York and as a wholly owned subsidiary of New Parent and (b) MLC Merger Sub shall merge with and into MLC (the "MLC Merger," and with the TURN Merger, the "Mergers"), the separate existence of MLC Merger Sub shall cease, and MLC shall be the surviving company in the MLC Merger and shall continue its existence as a limited liability company under the Laws of the State of Delaware and as a wholly-owned subsidiary of New Parent. As a result of the Mergers, New Parent will become a new publicly-traded company and the shareholders of 180 Degree Capital and MLC, respectively, will exchange their shares of each entity for shares of New Parent.

Liquidity, Capital Resources and Going Concern

As of March 31, 2025, New Parent had no cash, and no sources of funding other than funds that may be obtained from 180 Degree Capital.

These conditions raise substantial doubt about New Parent's ability to continue as a going concern one year from the date that these consolidated financial statements are issued.

1.6 Charter and Bylaws. The charter of TURN Merger Sub and the bylaws of TURN Merger Sub, in each case as in effect immediately prior to the Effective Time (which forms shall be mutually agreed to in writing by TURN and MLC prior thereto), shall be the charter and the bylaws of TURN as of the Effective Time, until thereafter amended in accordance with applicable Law and the respective terms of such charter and bylaws, as applicable. At the Effective Time, the charter and bylaws of New Parent shall be in a form mutually agreed to in writing by TURN and MLC.

1.7 Directors and Officers. Prior to the Effective Time, the Parties shall ensure that the officers of New Parent, and the directors (or managers, as applicable) and officers of TURN and MLC, as of immediately following the Effective Time, shall be as determined by MLC and each such director and officer shall hold office until their respective successors are duly elected and qualify, or their earlier death, resignation or removal.

In addition, TURN agrees to cause New Parent to execute and deliver, at or prior to the Effective Time, one or more supplemental indentures to the Indentures in a form reasonably acceptable to each of MLC and TURN, in each case, to evidence and effectuate the due assumption by New Parent of the obligation to issue New Parent Common Stock upon the exercise of the Warrants in accordance with their terms.

ARTICLE II

MERGER CONSIDERATION

2.1 Delivery of Evidence of New Parent Common Stock. At the Effective Time, New Parent shall deposit with its transfer agent evidence of book-entry shares representing New Parent Common Stock issuable as Merger Consideration pursuant to Section 1.5(c) and Section 1.5(e).

2.2 No Fractional Shares. No fractional shares of New Parent Common Stock shall be issued upon the conversion of TURN Common Stock or MLC Common Shares pursuant to Section 1.5(c) or Section 1.5(e). As to any fraction of a share to which any holder of shares of TURN Common Stock or MLC Common Shares exchanged pursuant to the Mergers would be entitled (after aggregating all fractional shares of New Parent Common Stock to which such holder would be entitled in respect of such exchanged TURN Common Stock or MLC Common Shares, as applicable), such fraction shall be rounded down to the nearest whole number.

2.3 Paying and Exchange Agent. Prior to the Effective Time, New Parent shall appoint a transfer agent or other bank or trust company selected by MLC, in consultation with TURN, to act as exchange agent (the "Paying and Exchange Agent") hereunder, pursuant to an agreement in a form reasonably acceptable to each of TURN and MLC. New Parent shall deposit or shall cause to be deposited with the Paying and Exchange Agent, for the benefit of holders of TURN Common Stock and MLC Common Shares entitled to receive New Parent Common Stock hereunder, (a) at or prior to the Effective Time, the aggregate number of shares of New Parent Common Stock to be issued hereunder, and (b) from time to time after the Effective Time, any dividends or other distributions to which such holders may be entitled pursuant to Section 2.11 with a record date at or after the Effective Time and prior to the surrender of the underlying shares of TURN Common Stock or MLC Common Shares, as applicable (any deposits described by clause (a) or (b), together, the "Exchange Fund"). The Exchange Fund shall not be used for any purpose other than a purpose expressly provided for by this Agreement.

2.4 Delivery of Merger Consideration.

(a) As promptly as practicable once the Effective Time is determined, and in any event no later than the second Business Day after the Closing Date, (i) if MLC determines, with respect to the MLC Merger, that a Letter of Transmittal (as defined below) is necessary, advisable or appropriate, or (ii) if TURN determines, with respect to the TURN Merger, that a Letter of Transmittal is necessary, advisable or appropriate, the Parties shall, in each case, cause the Paying and Exchange Agent to mail to each holder of record of MLC Common Shares and/or shares of TURN Common Stock, as applicable, a letter of transmittal in customary form and containing such provisions as may be reasonably acceptable to MLC and TURN, which without limiting the foregoing shall specify that delivery shall be effected, and risk of loss and title to such MLC Common Shares or shares of TURN Common Stock, shall pass only upon proper delivery of the certificates, if any, for such MLC Common Shares or shares of TURN Common Stock to the Paying and Exchange Agent, and which shall include instructions for the return of such certificates, if any, to the Paying and Exchange Agent (such letter of transmittal, the "Letter of Transmittal").

(b) Each holder of record of shares of TURN Common Stock that are converted into the right to receive the TURN Merger Consideration pursuant to Section 1.5(c) shall, subject to delivery of a Letter of Transmittal if required, duly completed and validly executed in accordance with the instructions thereto, if applicable, promptly after the Effective Time, be entitled to receive the TURN Merger Consideration.

(c) Each holder of record of MLC Common Shares that are converted into the right to receive the MLC Merger Consideration pursuant to Section 1.5(e) shall, subject to delivery of a Letter of Transmittal if required, duly completed and validly executed in accordance with the instructions thereto, if applicable, promptly after the Effective Time, be entitled to receive the MLC Merger Consideration.

2.5 No Further Ownership Rights. All Merger Consideration paid in accordance with the terms of Article I and this Article II shall be deemed to have been paid in full satisfaction of all rights pertaining to the shares of TURN Common Stock and the MLC Common Shares in respect of which such Merger Consideration was paid.

2.6 Net Asset Value Calculation.

(a) MLC shall deliver to TURN on the Determination Date (as defined below) a calculation of the Closing MLC Net Asset Value as of a date mutually agreed between MLC and TURN, such date to be no earlier than two (2) Business Days prior to the Closing Date (such agreed date, the "Determination Date"), calculated in good faith as of such date, approved by the board of directors of MLC and certified by the Chief Financial Officer or other senior executive officer of MLC, together with reasonable documentation to support such estimate (the "MLC NAV Statement"); provided that an updated MLC NAV Statement shall be delivered to TURN in the event that the Closing is subsequently delayed such that that the Determination Date is earlier than two (2) Business Days prior to the Closing Date or there is a material change to the Closing MLC Net Asset Value prior to the Closing. MLC shall reasonably and in good faith consider any reasonable comments provided by TURN in good faith to the calculation of the Closing MLC Net Asset Value, and prior to the Closing shall deliver to TURN a

certificate reflecting the updated Closing MLC Net Asset Value incorporating any such comments, as well as the number of MLC Common Shares that will be issued and outstanding as of immediately prior to the Effective Time, certified by the Chief Financial Officer or other senior executive officer of MLC.

(b) TURN shall deliver to MLC on the Determination Date a calculation of the Closing TURN Net Asset Value as of the Determination Date, calculated in good faith as of such date, approved by the board of directors of TURN and certified by the Chief Financial Officer or other senior executive officer of TURN, together with reasonable documentation to support such estimate (the "TURN NAV Statement"); provided that an updated TURN NAV Statement shall be delivered to MLC in the event that the Closing is subsequently delayed such that that the Determination Date is earlier than two (2) Business Days prior to the Closing Date or there is a material change to the Closing TURN Net Asset Value prior to the Closing. TURN shall reasonably and in good faith consider any reasonable comments provided by MLC in good faith to the calculation of the Closing TURN Net Asset Value, and prior to the Closing shall deliver to MLC a certificate reflecting the updated Closing TURN Net Asset Value incorporating any such comments, as well as the number of shares of TURN Common Stock that will be issued and outstanding as of immediately prior to the Effective Time, certified by the Chief Financial Officer or other senior executive officer of TURN.

(c) TURN and MLC each agree to provide to the other Party and its respective Representatives, upon reasonable request, reasonable access to the individuals who have prepared each calculation provided pursuant to this Section 2.6 and to the information, books, records, work papers and back-up materials used or useful in preparing each such calculation, including any reports prepared by valuation agents in their possession, in order to assist such Party with its review of such calculation.

2.7 Certain Adjustments.

(a) The TURN Exchange Ratio and the MLC Exchange Ratio shall each be equitably adjusted (to the extent not already taken into account in determining the Closing TURN Net Asset Value and/or Closing MLC Net Asset Value, as applicable) if, from the Determination Date to the Effective Time, the number of outstanding shares of TURN Common Stock or MLC Common Shares shall have been increased or decreased or changed into or exchanged for a different number or kind of shares or securities as a result of any reclassification, merger, recapitalization, stock split, reverse stock split, split-up, combination or exchange of shares or similar transaction, or if a stock dividend or dividend payable in any other securities shall have been authorized and declared with a record date within such period; provided, that for the avoidance of doubt, no such dividend resulting from Section 2.7(b) or the procedures set forth on Annex A shall result in any such adjustment pursuant to this Section 2.7(a). Nothing in this Section 2.7(a) shall be construed to permit any Party hereto to take any action that is otherwise prohibited or restricted by any other provision of this Agreement.

(b) The Parties acknowledge and agree that, to the extent that the TURN NAV Multiplier would reasonably be expected to be greater than 50%, the Parties shall reasonably cooperate to implement the procedures set forth on Annex A attached hereto, which the Parties acknowledge and agree shall be implemented before the Effective Time.

2.8 Termination of Exchange Fund. Any portion of the Exchange Fund that remains undistributed to the former shareholders of MLC or TURN, as applicable, as of the first anniversary of the Effective Time may be paid to New Parent, upon New Parent's written demand to the Paying and Exchange Agent. In such event, any former shareholders of MLC or TURN who have not theretofore complied with any applicable requirements to receive (or have otherwise not received) the Merger Consideration and any amounts to which such shareholder is entitled to receive pursuant to Section 2.2 or Section 2.11 shall thereafter look only to New Parent with respect thereto. Notwithstanding the foregoing, none of TURN, MLC, New Parent, TURN Merger Sub, MLC Merger Sub, the Paying and Exchange Agent or any other Person shall be liable to any former holder of MLC Common Shares or shares of TURN Common Stock for any amount delivered in good faith to a public official pursuant to applicable abandoned property, escheat or similar Laws from or after the first anniversary of the Effective Time.

2.9 Withholding Rights. New Parent, MLC, TURN and the Paying and Exchange Agent, as applicable, shall be entitled to deduct and withhold from any amounts payable pursuant to this Agreement (including the issuance of New Parent Common Stock to holders of shares of TURN Common Stock or MLC Common Shares) such amounts as it determines in good faith are required to be deducted and withheld with respect to the making of such payment under the Code, or under any provision of state, local or foreign Tax Law; provided, that, other than with respect to any withholding required in connection with amounts properly treated as compensation for applicable Tax purposes, New Parent, MLC, TURN or the Paying and Exchange Agent, as applicable, shall reasonably cooperate to reduce or eliminate any such requirement to deduct or withhold to the extent permitted by Law and shall use commercially reasonable efforts to provide written notice to the applicable party prior to any such withholding of the amounts it intends to deduct or withhold and the basis upon which such amounts are intended to be deducted or withheld and allow such party the reasonable opportunity to establish that such withholding is not required. To the extent that amounts are so withheld and paid over to the appropriate Governmental Entity, such withheld amounts shall be treated for all purposes of this Agreement as having been paid to the recipient. Without limiting the foregoing, New Parent may give effect to withholding hereunder by withholding any consideration issued in the form of New Parent Common Stock or other consideration issued in kind, and then selling such portion of New Parent Common Stock or other consideration issued in kind as it may determine and using the proceeds thereof to satisfy applicable withholding obligations and remitting such proceeds to applicable Governmental Entities.

2.10 No Further Transfers. From and after the Effective Time, there shall be no further transfers on the stock transfer books of TURN or MLC of the shares of TURN Common Stock or MLC Common Shares, respectively, that were outstanding immediately prior to the Effective Time.

2.11 Post-Effective Time Distributions. All shares of New Parent Common Stock to be issued pursuant to the Mergers shall be deemed issued and outstanding as of the Effective Time. In furtherance of the foregoing, if any dividend or distribution having a record date at or following the Effective Time is declared by New Parent in respect of the New Parent Common Stock, such declaration shall apply to all shares of New Parent Common Stock issuable or issued pursuant to this Agreement that remain outstanding as of the payment date of such dividend or distribution.

The TURN Software: (i) is free from material defects and bugs, and substantially conforms to the applicable specifications, documentation, and samples therefor and (ii) does not contain any Malicious Code. MLC has the requisite corporate power and authority to own, lease, license or operate all of its properties and assets and to carry on its business as it is now being conducted, and is duly licensed or qualified to do business as a foreign corporation in each jurisdiction in which the nature of the business conducted by it or the character or location of the properties and assets owned, leased, licensed or operated by it makes such licensing or qualification necessary, in each case, other than as would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect with respect to MLC.

(b) True, complete and correct copies of the articles of incorporation of MLC, as amended (the "MLC Articles"), and the by-laws of MLC, being the Amended and Restated By-Law NO. 1 of MLC (the "MLC Bylaws"), each as in effect as of the date of this Agreement, have previously been publicly filed by MLC.

properties and assets and to carry on its business as it is now being conducted and (iii) is duly licensed or qualified to do business as a foreign corporation or other business entity in each jurisdiction in which the nature of the business conducted by it or the character or location of the properties and assets owned or leased by it makes such licensing or qualification necessary, other than in the case of clauses (ii) and (iii), as would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect with respect to MLC.

4.2 Capitalization. The authorized capital of MLC consists of an unlimited number of common shares and an unlimited number of preference shares, issuable in series, of which 25,895,612 common shares and no preference shares were outstanding as of the close of business on January 15, 2025 (the "MLC Capitalization Date"). All of the issued and outstanding MLC Common Shares have been duly authorized and validly issued and are fully paid, nonassessable (and free of preemptive rights, with no personal liability with respect to MLC attaching to the ownership thereof) and are uncertificated. As of the date of this Agreement, no Indebtedness having the right to vote or convertible into the right to vote on any matters on which shareholders of MLC may vote ("MLC Voting Debt") is issued or outstanding. As of the close of business on the MLC Capitalization Date, except for (A) the Indentures and (B) the Restricted Unit Plan, MLC does not have and is not bound by any outstanding subscriptions, options, warrants, calls, rights, commitments or agreements of any character (collectively, "MLC Rights") calling for the purchase or issuance of, or the payment of any amount based on, any shares of MLC Common Shares, Voting Debt or any other equity securities of MLC or any securities representing the right to purchase or otherwise receive any shares of MLC Common Shares, MLC Voting Debt or other equity securities of MLC. There are no obligations of MLC or any of its Subsidiaries (i) to repurchase, redeem or otherwise acquire any shares of capital stock of MLC, MLC Voting Debt or any equity security of MLC or its Subsidiaries or any securities representing the right to purchase or otherwise receive any shares of capital stock, MLC Voting Debt or any other equity security of MLC or its Subsidiaries or (ii) pursuant to which MLC or any of its Subsidiaries is or could be required to register shares of MLC's capital stock or other securities under the Securities Act. All of the MLC Common Shares sold have been sold in accordance with applicable Canadian Securities Laws.

4.3 Subsidiaries.

(a) Section 4.3(a) of the MLC Disclosure Letter contains a list of each Subsidiary of MLC. Except for the MLC Investment Assets (as defined below) and for the equity interests and rights held by MLC and its Subsidiaries in the Persons set forth on Section 4.3(a) of the MLC Disclosure Letter, MLC and its Subsidiaries do not own directly or indirectly any equity interests or rights in any Person.

(b) All of the issued and outstanding shares of capital stock or other equity ownership interests of each Subsidiary of MLC are owned by MLC, directly or indirectly, free and clear of any Liens, and all of such shares or equity ownership interests are duly authorized and validly issued and are fully paid, nonassessable (in respect of corporate entities) and free of preemptive rights. No Subsidiary of MLC has or is bound by any outstanding MLC Rights calling for the purchase or issuance of, or the payment of any amount based on, any shares of capital stock or any other equity security of such Subsidiary or any securities representing the right to purchase or otherwise receive any shares of capital stock or any other equity security of such Subsidiary.

4.4 Authority; No Violation.

(b) Neither the execution and delivery of this Agreement and the other agreements ancillary to this Agreement to which MLC is or will be a party to, nor the consummation by such party of the Transactions, nor performance of this Agreement and the other agreements ancillary to this Agreement which such party is or will be a party, will (i) violate any provision of the MLC Articles or the MLC Bylaws, or (ii) assuming that the consents, approvals and filings referred to in Section 4.4(a) and Section 4.5 are duly obtained and/or made, (A) violate any Law or Order applicable to such Party or any of its Subsidiaries, (B) violate, conflict with, result in a breach of or the loss of any benefit under, constitute a default (or an event that, with or without the giving of notice or lapse of time, or both, would constitute a default) under, result in the termination of or a right of termination or cancellation under, accelerate the performance required by, require the consent, approval or authorization of, or notice to or filing with any third-party with respect to, or violate any of the terms, conditions or provisions of any Permit, Contract or other obligation to which such Party or any of its Subsidiaries is a party or by which any of them or any of their respective properties or assets is bound, or (C) result in the creation of any Lien upon any of the properties or assets of such Party or any of its Subsidiaries, except, with respect to clauses (ii)(B) and (ii)(C), any such violation, conflict, breach, loss, default, termination, cancellation, acceleration, failure to obtain consent, approval or authorization, failure to give notice or file, or creation that would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect with respect to MLC.

(c) Neither MLC nor any of its Subsidiaries is a party to or has any commitment to become a party to any off-balance sheet joint venture, partnership or similar contract or "off-balance sheet arrangement" (as defined in Item 303(a) of Regulation S-K promulgated under the Exchange Act) where the result of such contract or arrangement is that disclosure of any material transaction involving, or material liabilities of MLC and its Subsidiaries, is not reflected in the MLC Reports.

(d) Since the Applicable Date, (i) neither MLC nor any of its Subsidiaries nor, to the Knowledge of MLC, any director, officer, auditor, accountant or representative of MLC or any of its Subsidiaries has received or otherwise obtained any material complaint, allegation, assertion or claim, whether written or, to the Knowledge of MLC, oral, regarding the accounting or auditing practices, procedures, methodologies or methods of MLC or any of its Subsidiaries or their respective internal accounting controls, including any complaint, allegation, assertion or claim that MLC or any of its Subsidiaries has engaged in questionable or illegal accounting or auditing practices or maintains inadequate internal controls over financial reporting (as defined in applicable Canadian Securities Laws), and (ii) no attorney representing MLC or any of its Subsidiaries, whether or not employed by MLC or any of its Subsidiaries, has reported evidence of a material violation of securities laws, breach of duty or similar violation by MLC or any of its directors, officers or agents to the board of directors of MLC or any committee thereof or to any director or officer of MLC.

(ii) designed and maintained a system of internal controls over financial reporting (as defined in applicable Canadian Securities Laws) sufficient to provide reasonable assurance concerning the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with IFRS, including policies and procedures that provide reasonable assurance that (A) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of MLC; (B) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with IFRS, and that receipts and expenditures of MLC are being made only in accordance with authorizations of management and directors of MLC; and (C) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of MLC's assets that could have a material adverse effect on the financial statements. (iii) (A) disclosed, based on its most recent evaluation, to its auditors and the audit committee of the board of directors of MLC, MLC's Knowledge of (1) any significant deficiencies or material weaknesses (as defined in applicable Canadian Securities Laws) in the design or operation of MLC's internal controls over financial reporting that are reasonably likely to adversely affect its ability to record, process, summarize and report financial data and (2) any fraud, whether or not material, that involves management or other individuals who have a significant role in its internal controls over financial reporting and (B) identified for any auditors any material weaknesses in internal controls that exist to MLC's Knowledge; and

No MLM Fund is advised by any Person serving in the capacity of primary adviser, sub-adviser or any other advisory role to such MLM Fund other than a member of MLM. Except as set forth in Section 4.28(a) of the MLC Disclosure Letter, no Person other than a member of MLM is directly entitled to any proceeds from any MLM Fund. Each MLM Fund has been duly organized or formed and is validly existing and in good standing under the Laws of the jurisdiction of its organization and has all requisite corporate, partnership, limited liability company or similar power and authority to carry on its investment activities. Each MLM Fund is duly qualified, licensed or registered to do business in each jurisdiction where it is required to do so under applicable Law, except where the failure to be so qualified would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect with respect to MLC. MLM is currently entitled to receive performance or incentive fees, performance allocations, management fees or other similar fees payable in respect of each of the MLM Funds, as set forth in the MLM fund documentation, except as may be modified by investor side letters and subscription agreements. Except as set forth in Section 4.28(a) of the MLC Disclosure Letter, MLM does not charge or receive any other fees to or from any MLM Fund other than those described in the preceding sentence.

material respects in accordance with its respective investment objectives, policies and restrictions, as set forth in the applicable private placement memorandum or other applicable offering document of such MLM Fund (as each such document is amended, restated or supplemented from time to time), except as would not, individually or in the aggregate, reasonably be expected to be material to the MLM Funds, taken as a whole. There have been no material errors, miscalculations, discrepancies and/or changes to calculation methodologies with respect to any fees charged under such MLM Client Agreements (or any credits, refunds or reimbursements to such MLM Funds or any investor therein related thereto), and all fees paid by such MLM Fund have been calculated using a calculation methodology consistently applied and in accordance with the applicable MLM Client Agreement in all material respects. Since MLC's latest balance sheet date, each MLM Fund has been operated in compliance with all applicable Law, except as would not, individually or in the aggregate, reasonably be expected to be material to the MLM Funds, taken as a whole.

(c) Except as would not reasonably be expected to be material to the MLM Funds, taken as a whole, each MLM Fund has offered its securities (i) in the United States in compliance with the applicable requirements of the private placement exemption in Section 4(a)(2) of the Securities Act or Rule 506 under the Securities Act and any applicable requirements under state law and (ii) in any foreign jurisdictions in compliance with the applicable requirements of the Laws of such jurisdictions regarding the offering of securities therein.

(d) With respect to each MLM Fund, either (i) such MLM Fund does not hold (and has not held) Plan Assets and is not and has not been subject to Similar Laws that would be violated by the Transactions; or (ii) has been operated in compliance with ERISA in all material respects and is not subject to Similar Laws that would be violated by the Transactions ("Plan Asset Funds"). Section 4.28(d) of the MLC Disclosure Letter contains a true and complete list of Plan Asset Funds. Other than with respect to the Plan Asset Funds, no member of MLM (in such member's capacity as such acting by or on behalf of MLM) provides (or has provided) investment advisory services to any Benefit Plan Investor or plan, entity or account subject to any similar Laws.

4.28 No "Collateral Benefit". Except as disclosed in Section 4.28 of the MLC Disclosure Letter, to the Knowledge of MLC, no related party of MLC (within the meaning of MI 61-101) together with its associated entities, beneficially owns or exercises control or direction over 1% or more of the outstanding MLC Common Shares, except for related parties who will not receive a "collateral benefit" (within the meaning of such instrument) as a consequence of the Transactions.

4.29 Insurance Business.

(a) Each Subsidiary of MLC that conducts the business of insurance (each, an "MLC Insurance Subsidiary") is (i) duly licensed or authorized as an insurance company in its jurisdiction of organization and (ii) duly licensed, authorized or otherwise eligible to transact the business of insurance in each other jurisdiction where it is required to be so licensed, authorized or otherwise eligible in order to conduct its business as currently conducted, except in each case, where the failure to be so qualified or licensed would not, individually or in the aggregate, reasonably be likely to be material to MLC and its Subsidiaries, taken as a whole. No Governmental Entity has asserted any deficiency related to any statutory statement of any MLC Insurance Subsidiary that has not been resolved to the reasonable satisfaction of such Governmental Entity, except for any such deficiency that would not, individually or in the aggregate, reasonably be likely to be material to MLC and its Subsidiaries, taken as a whole.

(b) (i) There is no pending or, to MLC's Knowledge, threatened in writing assertion by any state insurance regulatory authority that any MLC Insurance Subsidiary has violated, nor, to MLC's Knowledge, is there any investigation pending or threatened in writing by any state insurance regulatory authority related to possible material violations by any MLC Insurance Subsidiary of any applicable insurance laws, (ii) each MLC

Insurance Subsidiary has been duly authorized by the relevant insurance regulatory authorities to operate in its jurisdictions of operations, and (iii) since the Applicable Date, each MLC Insurance Subsidiary has, to the extent applicable, timely filed all material reports, forms, rates, notices and materials required to be filed by it with any state insurance regulatory authority, except, in the case of clause (iii) as would not be material to MLC and its Subsidiaries, taken as a whole. None of the MLC Insurance Subsidiaries is subject to any Order of any insurance regulatory authority, and no insurance regulatory authority has revoked, suspended or limited, or, to MLC's Knowledge, threatened in writing to revoke, suspend or limit, any Permit issued pursuant to applicable insurance Laws to any MLC Insurance Subsidiary.

(c) None of the MLC Insurance Subsidiaries is commercially domiciled under the Laws of any jurisdiction and treated as domiciled in a jurisdiction other than that of its jurisdiction of incorporation. Neither MLC nor any of the MLC Insurance Subsidiaries is subject to any requirement imposed by a Governmental Entity to maintain specified capital or surplus amounts or levels or is subject to any restriction on the payment of dividends or other distributions on its shares of capital stock, except for any such requirements or restrictions imposed by applicable insurance Laws of general application.

("BC Partners") or any of Affiliates (including for this purpose any of its or their managed or advised funds or vehicles) to the extent that such investment would reasonably be expected to limit BC Partners or any of its Affiliates from entering into transactions with such portfolio company based on the requirements and limitations of the Investment Company Act.

ADDITIONAL AGREEMENTS

7.1 Access to Information.

(a) Without limitation of Section 2.6(c), until the Effective Time or the earlier termination of this Agreement in accordance with Article IX, and upon reasonable notice, except as may otherwise be restricted by applicable Law, each of MLC and TURN shall, and each shall cause its Subsidiaries to, afford to the directors, officers, accountants, counsel, advisors and other Representatives of the other Party, reasonable access, during normal business hours, to its properties, books, Contracts, and records for the purpose of preparing for Closing and any related post-Closing integration and, during such period, such Party shall, and shall cause its Subsidiaries to, make available to the other Party all other information concerning its business and properties as the other Party may reasonably request in connection therewith; provided, that the foregoing shall not require MLC or TURN, as applicable, to afford access to or to disclose any information to the extent that such disclosure, in such Party's reasonable judgment, would violate any confidentiality or other contractual or legal obligations to which such Party is subject if after using its commercially reasonable efforts with respect thereto, it was unable to obtain any required consent to provide such access or make such disclosure; provided, further, that either MLC or TURN may restrict access to the extent required by any applicable Law or as may be necessary to preserve attorney-client privilege or other legal privilege from disclosure under any circumstances in which such privilege may be jeopardized by such disclosure or access.

(b) Any information exchanged pursuant to this Section 7.1 shall be deemed Confidential Information and held by the receiving Party in accordance with Section 7.19.

(G) confirmation of the record date for the MLC shareholders entitled to receive notice of and to vote at the MLC Shareholders Meeting and that the record date will not change in respect or as a consequence of any adjournment(s) or postponement(s) of the MLC Shareholders Meeting, unless required by the Court; and

(H) for such other matters as MLC or TURN may reasonably require, subject to obtaining the prior consent of the other, such consent not to be unreasonably delayed, conditioned or withheld;

(iv) in respect of MLC, if the Interim Order is obtained and the MLC Resolutions are passed at the MLC Shareholders Meeting as provided for in the Interim Order, take all steps necessary or desirable to submit the Arrangement to the Court and diligently pursue obtaining the Final Order pursuant to Section 182 of the OBCA, as soon as reasonably practicable, but in any event submitting not later than three Business Days after the MLC Resolution is passed at the MLC Shareholders Meeting;

(b) Each of MLC and TURN shall cooperate with the other in the preparation of the Registration Statement, Joint Proxy Statement/Prospectus and such other documents described in Section 7.3(a)(i),

and any other filing or application required to be made by either Party in connection with the Transactions (collectively, the "Required Filings"). In furtherance of Section 7.4(a), MLC shall, as promptly as practicable after the Joint Proxy Statement/Prospectus is declared effective by the SEC and after obtaining the Interim Order, cause the Joint Proxy Statement/Prospectus to be filed and sent to each MLC shareholder and other Persons as required by the Interim Order and Law. Each of MLC and TURN shall also use its reasonable best efforts to obtain any necessary consents from any of its respective auditors and any other advisors to the use of any financial or other expert information required to be included in the Required Filings or in any other disclosure document required by Law and to the identification in the Required Filings or such disclosure document of each such advisor. Each Party shall furnish to the other all information reasonably requested as may be reasonably necessary or advisable in connection with the Required Filings and shall provide the other with a draft of any such Required Filing a reasonable period in advance of its filing to allow the other Party to review and comment on such Required Filing, and the filing Party shall incorporate into such Required Filing any reasonable comments provided by the other Party in good faith. To the extent permitted by Law and reasonably practicable, and unless otherwise requested by the applicable Governmental Entity, each Party agrees to provide the other Parties the opportunity, on reasonable advance notice, to participate in any substantive meetings or discussions, either in person or by telephone, between such Party or any of its Affiliates, on the one hand, and any Governmental Entity, on the other hand, concerning this Agreement or any of the Transactions.

(c) Prior to the Effective Time, subject to applicable Law, each Party hereto shall promptly notify the other Party in writing (i) upon becoming aware of any event or circumstance that is required to be described in an amendment to any Required Filing and (ii) after the receipt by such Party of any comments on such Required Filing by the applicable Governmental Entity.

(d) Subject to applicable Law, each of MLC and TURN shall promptly advise the other upon receiving any material communication from any Governmental Entity in respect of any Required Filing.

7.4 Shareholder Approvals; Court and Arrangement Matters.

(a) As of the date of this Agreement, the board of directors of MLC has adopted resolutions (i) authorizing, approving and adopting this Agreement and the Transactions, (ii) declaring this Agreement, the Transactions and the other MLC Matters advisable and in the best interests of MLC and the shareholders of MLC, (iii) directing that this Agreement and the MLC Matters be submitted to the shareholders of MLC entitled to vote thereon and (iv) recommending that the shareholders of MLC adopt this Agreement and authorize and approve the MLC Matters (the foregoing clauses (ii) and (iv), the "MLC Recommendation"). Notwithstanding anything to the contrary in Section 7.9, MLC shall submit to its shareholders the MLC Resolutions on the terms and conditions set forth in this Agreement and any other matters required to be approved or adopted by the shareholders of MLC in order to carry out the Transactions. In furtherance of that obligation, MLC shall take, in accordance with applicable Law, the Interim Order and the MLC Constating Documents, all actions necessary to send a notice as promptly as practicable following the later of (i) the date on which the SEC declares effective the Registration Statement of which the Joint Proxy Statement/Prospectus forms a part and (ii) the date the Interim Order is issued, to convene the MLC Shareholders Meeting, as promptly as practicable thereafter, to consider and vote upon approval of the MLC Resolutions, on the terms and conditions set forth in this Agreement, as well as any other such matters. The record date for the MLC Shareholders Meeting shall be determined in prior consultation with and subject to the prior written approval of TURN (which prior written approval shall not be unreasonably delayed, conditioned or withheld). MLC shall use reasonable best efforts to obtain from MLC's shareholders the vote required to approve the MLC Matters, on the terms and conditions set forth in this Agreement, including, subject to Section 7.9, by providing to MLC's shareholders the MLC board of directors' recommendation of the MLC Resolutions and including such recommendation in the Joint Proxy Statement/Prospectus and by postponing or adjourning the MLC Shareholders Meeting on one or more occasions as would reasonably be deemed necessary to obtain a quorum or solicit additional proxies in order to achieve the MLC Requisite Vote; provided, that MLC shall not postpone or adjourn the MLC Shareholders Meeting for any other reason without the prior written consent of TURN (which prior written consent shall not be unreasonably delayed, conditioned or withheld). Without limiting the generality of

the foregoing, MLC's obligations pursuant to this Section 7.4(a) (including its obligation to submit to its shareholders the MLC Resolutions and any other matters required to be approved or adopted by its shareholders in order to carry out the Transactions) shall not be affected by (i) the commencement, public proposal, public disclosure or communication to MLC, its Representatives or its shareholders of any Takeover Proposal (including any MLC Superior Proposal), (ii) MLC effecting a Takeover Approval or delivering a Notice of a MLC Superior Proposal or (iii) a MLC Adverse Recommendation Change (but shall cease, for the avoidance of doubt, upon the valid termination of this Agreement).

(b) The Parties agree that the Arrangement will be implemented in accordance with and subject to the terms and conditions of this Agreement and the Plan of Arrangement. The Articles of Arrangement shall implement the Plan of Arrangement. The Articles of Arrangement shall include the Plan of Arrangement. MLC shall send the Articles of Arrangement to the OBCA Director prior to the Effective Time.

(c) In connection with all Court proceedings relating to obtaining the Interim Order and the Final Order, MLC shall diligently pursue, and cooperate with TURN in diligently pursuing, the Interim Order and the Final Order, and MLC will provide TURN and its legal counsel with reasonable opportunity to review and comment upon drafts of all materials to be filed with the Court in connection with the Arrangement prior to the service and filing of such materials, and will reasonably consider any such comments proposed by TURN and its legal counsel in good faith. MLC will ensure that all materials filed with the Court in connection with the Arrangement are consistent in all material respects with the terms of this Agreement and the Plan of Arrangement, provided that no modification or amendment to such filed or served materials that expands or increases TURN's or New Parent's obligations, or diminishes or limits TURN's or New Parent's rights under this Agreement shall be made without TURN's prior written consent. MLC will also provide legal counsel to TURN with copies of any notice and evidence served on MLC or its legal counsel in respect of the application for the Final Order or any appeal therefrom, and any notice, written or oral, indicating the intention of any Person to appeal, or oppose the granting of, the Interim Order or Final Order. MLC will oppose any proposal from any Person that the Final Order contain any provision inconsistent with this Agreement, and if required by the terms of the Final Order or by Law to return to Court with respect to the Final Order do so only after notice to, and in consultation and cooperation with, TURN.

(d) As of the date of this Agreement, the board of directors of TURN has adopted resolutions (i) authorizing, approving and adopting this Agreement and the Transactions, (ii) declaring this Agreement and the Transactions advisable and in the best interests of TURN and the shareholders of TURN, (iii) directing that this Agreement and the TURN Matters be submitted to the shareholders of TURN entitled to vote thereon and (iv) recommending that the shareholders of TURN adopt this Agreement and authorize and approve the TURN Matters (the foregoing clauses (ii) and (iv), the "TURN Recommendation"). Notwithstanding anything to the contrary in Section 7.10, TURN shall submit to its shareholders the TURN Matters on the terms and conditions set forth in this Agreement and any other matters required to be approved or adopted by the shareholders of TURN in order to carry out the Transactions. In furtherance of that obligation, TURN shall take, in accordance with applicable Law and the TURN Charter and the TURN Bylaws, all actions necessary to send a notice as promptly as practicable following the date on which the SEC declares effective the Registration Statement of which the Joint Proxy Statement/Prospectus forms a part, to convene the TURN Shareholders Meeting, as promptly as practicable thereafter, to consider and vote upon approval of the TURN Matters, on the terms and conditions set forth in this Agreement, as well as any other such matters. The record date for the TURN Shareholders Meeting shall be determined in prior consultation with and subject to the prior written approval of MLC (which prior written approval shall not be unreasonably delayed, conditioned or withheld). TURN shall use reasonable best efforts to obtain from TURN's shareholders the vote required to approve the TURN Matters, on the terms and conditions set forth in this Agreement, including, subject to Section 7.10, by providing to TURN's shareholders the TURN board of directors' recommendation of the TURN Matters and including such recommendation in the Joint Proxy Statement/Prospectus and by postponing or adjourning the TURN Shareholders Meeting on one or more occasions as would reasonably be deemed necessary to obtain a quorum or solicit additional proxies in order to achieve the TURN Requisite Vote; provided, that TURN shall not postpone or adjourn the TURN Shareholders Meeting for any other reason without

the prior written consent of MLC (which prior written consent shall not be unreasonably delayed, conditioned or withheld). Without limiting the generality of the foregoing, TURN's obligations pursuant to this Section 7.4(d) (including its obligation to submit to its shareholders the TURN Matters and any other matters required to be approved or adopted by its shareholders in order to carry out the Transactions) shall not be affected by (i) the commencement, public proposal, public disclosure or communication to TURN, its Representatives or its shareholders of any Takeover Proposal (including any TURN Superior Proposal), (ii) TURN effecting a Takeover Approval or delivering a Notice of a TURN Superior Proposal or (iii) a TURN Adverse Recommendation Change (but shall cease, for the avoidance of doubt, upon the valid termination of this Agreement).

7.5 New Parent Nasdaq Listing. The Parties shall, and shall cause New Parent to, use reasonable best efforts to cause the shares of New Parent Common Stock to be issued as Merger Consideration under this Agreement to be approved for listing on the Nasdaq, subject to official notice of issuance, at or prior to the Effective Time.

7.6 Indemnification; Directors' and Officers' Insurance.

(a) The Parties agree that all rights to indemnification, advancement of expenses, and exculpation by MLC or TURN, as applicable, now existing in favor of each Person who (i) is now, or has been at any time prior to the date of this Agreement or who becomes prior to the Effective Time, an officer or director of MLC or TURN, as applicable, or any of their respective Subsidiaries, or (ii) is now serving, or has served at any time prior to the date of this Agreement or who serves or agrees to serve prior to the Effective Time, any corporation, partnership, joint venture, trust, employee benefit plan or other enterprise in any capacity at the request of MLC or TURN (each Person described by clause (i) or (ii), an "Indemnified Party") as such rights are provided in the organizational documents of MLC or TURN, as applicable, in each case as in effect on the date of this Agreement, or pursuant to any other Contracts in effect on the date of this Agreement to the extent disclosed in Section 7.6 of the MLC Disclosure Letter or Section 7.6 of the TURN Disclosure Letter, as applicable, shall be assumed by New Parent, without further action, at the Effective Time and shall survive the Mergers and shall remain in full force and effect in accordance with their terms; provided that, for the avoidance of doubt, notwithstanding such assumption, each of MLC and TURN, as applicable, shall retain such obligations on a joint and several basis with New Parent. For a period of six years from the Effective Time, New Parent shall maintain in effect (and cause TURN and MLC, as applicable, to maintain in effect) the exculpation, indemnification, and advancement of expenses provisions of their respective organizational documents as in effect as of the date of this Agreement with respect to acts or omissions by any Indemnified Party occurring prior to the Effective Time, and shall not amend, repeal, or otherwise modify any such provisions in any manner that would adversely affect the rights thereunder of any Indemnified Party; provided, that all rights to indemnification in respect of any claim made for indemnification within such period shall continue until the disposition of such action or resolution of such claim.

(b) Prior to the Effective Time, MLC shall obtain and fully pay the premium for a "tail" insurance policy for the extension of the directors' and officers' liability coverage of each of MLC's existing directors' and officers' insurance policies for a claims reporting or discovery period of six years from and after the Effective Time with coverage and amounts not less than, and terms and conditions that are no less advantageous to the insureds as, MLC's existing policies with respect to matters existing or occurring at or prior to the Effective Time.

(c) Prior to the Effective Time, TURN shall obtain and fully pay the premium for a "tail" insurance policy for the extension of the directors' and officers' liability coverage of each of TURN's existing directors' and officers' insurance policies for a claims reporting or discovery period of six years from and after the Effective Time with coverage and amounts not less than, and terms and conditions that are no less advantageous to the insureds as, TURN's existing policies with respect to matters existing or occurring at or prior to the Effective Time.

(d) Notwithstanding anything contained in this Agreement to the contrary, this Section 7.6 shall survive the Effective Time for a period of six (6) years after the Effective Time and shall be binding, jointly and severally, on all successors and assigns of New Parent, TURN and MLC. In the event that New Parent, TURN, MLC or any of their respective successors or assigns consolidates with or merges into any other Person and shall not be the continuing or surviving corporation or entity of such consolidation or merger or transfers or conveys all or substantially all of its properties and assets to any Person, then, and in each such case, proper provision shall be made so that the successors and assigns thereof shall succeed to the obligations set forth in this Section 7.6.

(e) The Indemnified Parties to whom this Section 7.6 apply are intended to be third-party beneficiaries of this Section 7.6, and the provisions of this Section 7.6 are intended to be for the benefit of such Indemnified Parties and their respective successors, heirs, executors, trustees, fiduciaries, administrators, agents or representatives.

7.7 Publicity. The initial press release with respect to the Transactions shall be a joint press release reasonably acceptable to each of MLC and TURN. Thereafter, so long as this Agreement is in effect, MLC and TURN each shall consult with the other before issuing or causing the publication of any press release or other public announcement with respect to this Agreement, the Mergers, or the Transactions, except as may be required by applicable Law or the rules and regulations of the Nasdaq and Cboe Canada and, to the extent practicable, before such press release or disclosure is issued or made, MLC or TURN, as applicable, shall have used commercially reasonable efforts to advise the other Party of, and consult with the other Party regarding, the text of such disclosure; provided, that either MLC or TURN may make any public statement (including in response to questions by analysts, investors or those attending industry conferences or financial analyst conference calls), so long as any such statements are consistent with, and do not include information (other than immaterial information) not included in, previous press releases, public disclosures or public statements made in compliance with this Section 7.7.

7.8 No Solicitation.

(a) Each of MLC and TURN shall, and each shall cause its respective Subsidiaries, and its and their respective officers, directors, trustees, managers, employees, consultants, financial advisors, attorneys, accountants and other advisors, representatives and agents (collectively, "Representatives") to, immediately cease and cause to be terminated any discussions or negotiations with any Person that may be ongoing with respect to, or that are intended to or would reasonably be expected to lead to, a Takeover Proposal, and demand the immediate return or destruction (which destruction shall be certified in writing to MLC or TURN, as applicable, to the extent contemplated by any applicable confidentiality agreement binding on such Person) of all confidential information previously furnished to any Person (other than MLC, TURN or their respective Affiliates or Representatives) with respect thereto. Prior to the Effective Time, subject to Section 7.9 in the case of MLC and Section 7.10 in the case of TURN, each of MLC and TURN shall not, shall cause its respective Subsidiaries and its and their respective officers and directors not to, and shall direct their respective other Representatives not to: (i) directly or indirectly solicit, initiate, knowingly facilitate or knowingly encourage or take any other action (including by providing information) designed to, or which would reasonably be expected to, facilitate any inquiries or the making or submission or implementation of any proposal or offer (including any proposal or offer to its shareholders) with respect to any Takeover Proposal (other than discussions solely to clarify whether a proposal or offer constitutes a Takeover Proposal); (ii) approve, publicly endorse or recommend or enter into any agreement, arrangement, discussions or understandings with respect to any Takeover Proposal (including any letter of intent, agreement in principle, memorandum of understanding or confidentiality agreement, other than an Acceptable Confidentiality Agreement) or enter into any Contract or understanding (including any letter of intent, agreement in principle, memorandum of understanding or confidentiality agreement) requiring it to abandon, terminate or fail to consummate, or that is intended to or that would reasonably be expected to result in the abandonment of, termination of or failure to consummate, the Mergers or any other Transaction; (iii) initiate or participate in any way in any negotiations or discussions regarding, or furnish or disclose to any Person (other than MLC, TURN or their respective Affiliates or Representatives) any non-public information with respect to, or take any other action to knowingly facilitate, any inquiries or the making of any proposal that constitutes, or would reasonably be expected

to lead to, any Takeover Proposal (other than to state that the terms of this Agreement prohibit such negotiations or discussions, or discussions solely to clarify whether a proposal or offer constitutes a Takeover Proposal); (iv) publicly propose or publicly announce an intention to take any of the foregoing actions; or (v) grant any (x) approval pursuant to any Takeover Statute to any Person (other than MLC, TURN or their respective Affiliates) or with respect to any transaction (other than the Transactions) or (y) waiver or release under any standstill or any similar agreement with respect to equity securities of MLC or TURN, other than, with respect to this clause (y), a waiver of a standstill or similar agreement to allow a third party to make a private Takeover Proposal to the board of directors of MLC or TURN, as applicable.

(b) Each of MLC and TURN shall as promptly as reasonably practicable (and in any event within twenty-four (24) hours after receipt) (i) notify the other Party in writing of any request for information in connection with, or any receipt of, a Takeover Proposal and the material terms and conditions of such request or Takeover Proposal (including the identity of the Person (or group of Persons) making such request or Takeover Proposal) and (ii) provide to the other Party copies of any written materials received by MLC or TURN, as applicable, or their respective Representatives in connection with any of the foregoing. Each of MLC and TURN agrees that it shall keep the other Party reasonably informed on a reasonably current basis of the status and the material terms and conditions (including amendments or proposed amendments thereof) of any such request or Takeover Proposal and keep the other Party reasonably informed on a reasonably current basis of any information requested of or provided by MLC or TURN and as to the status of all discussions or negotiations with respect to any such request, Takeover Proposal or inquiry.

7.9 MLC Takeover Proposals.

(a) If on or after the date of this Agreement and at any time prior to the time at which the MLC Requisite Vote is obtained in respect of the MLC Matters: (x) MLC receives a bona fide unsolicited Takeover Proposal (under circumstances in which MLC has complied in all material respects with the provisions of Sections 7.8(a) and (b)); and (y) the board of directors of MLC shall have determined in good faith, after consultation with its outside legal counsel and its financial advisors, that such Takeover Proposal constitutes or is reasonably likely to result in a MLC Superior Proposal, then, subject to compliance with this Section 7.9(a), MLC may:

(i) engage in negotiations or discussions with such Person who has made the unsolicited bona fide Takeover Proposal and provide information in response to a request therefor by a Person who has made such Takeover Proposal if MLC (A) receives from such Person an executed confidentiality agreement with customary terms (including a standstill) (an "Acceptable Confidentiality Agreement") and (B) provides TURN a copy of all such information that has not previously been delivered to TURN substantially simultaneously with delivery to such Person or such Person's Representatives and Affiliates; and

(ii) after fulfilling its obligations under Section 7.9(b) below, adopt, approve or recommend, or publicly propose to adopt, approve or recommend such Takeover Proposal, including entering into an agreement with respect thereto (collectively, a "Takeover Approval").

Subject to and solely after complying with Section 7.9(b), if on or after the date of this Agreement and at any time prior to the time at which the MLC Requisite Vote is obtained in respect of the MLC Matters, the board of directors of MLC shall have determined, after consultation with its outside legal counsel that continued recommendation of the MLC Matters to MLC's shareholders would be reasonably likely to be inconsistent with the standard of conduct and duties applicable to the directors of MLC under applicable Law as a result of an MLC Superior Proposal, MLC may (A) withdraw or qualify (or modify or amend in a manner adverse to TURN), or publicly propose to withdraw or qualify (or modify or amend in a manner adverse to TURN), the MLC Recommendation and (B) take any action or make any statement, filing or release, in connection with the MLC Shareholders Meeting or otherwise, inconsistent with the MLC Recommendation (any action described in clause (A) and (B) referred to collectively with any Takeover Approval as an "MLC Adverse Recommendation Change").

(b) Upon any determination that a Takeover Proposal constitutes a MLC Superior Proposal, MLC shall promptly provide (and in any event within twenty-four (24) hours of such determination) to TURN a written notice (a "Notice of a MLC Superior Proposal") (i) advising TURN that the board of directors of MLC has received a MLC Superior Proposal, (ii) specifying in reasonable detail the material terms and conditions of such MLC Superior Proposal, including the amount per share or other consideration that the shareholders of MLC will receive in connection with the MLC Superior Proposal and including (to the extent available) a copy of the definitive written agreement or other materials with respect to such MLC Superior Proposal (unless previously provided to TURN) and (iii) identifying the Person making such MLC Superior Proposal. MLC shall, and shall cause its Representatives to, cooperate and negotiate in good faith with TURN and its Representatives (to the extent TURN desires to negotiate) during the five (5) calendar day period following TURN's receipt of the Notice of a MLC Superior Proposal (it being understood that any amendment to the financial terms or any other material term of such MLC Superior Proposal shall require a new notice and a new two (2) calendar day period) to make such adjustments in the terms and conditions of this Agreement as would enable MLC to determine that such MLC Superior Proposal is no longer a MLC Superior Proposal and proceed with the MLC Recommendation without a MLC Adverse Recommendation Change. If thereafter the board of directors of MLC determines, in its reasonable good faith judgment, after consultation with its outside legal counsel and financial advisors and after giving effect to any proposed adjustments to the terms of this Agreement that such MLC Superior Proposal remains a MLC Superior Proposal and the failure to make such MLC Adverse Recommendation Change would be reasonably likely to be inconsistent with the standard of conduct and duties applicable to the directors of MLC under applicable Law, and MLC has complied in all material respects with Section 7.8, Section 7.9(a) above and this Section 7.9(b), MLC may enter into a definitive agreement with respect to such MLC Superior Proposal and terminate this Agreement pursuant to Section 9.1(c)(ii) or effect an MLC Adverse Recommendation Change.

(c) Other than as permitted by Section 7.9(b) or Section 7.9(d), neither MLC nor the board of directors of MLC shall make any MLC Adverse Recommendation Change. Notwithstanding anything herein to the contrary, no MLC Adverse Recommendation Change shall change the approval of the MLC Matters or any other approval of the board of directors of MLC, including in any respect that would have the effect of causing any Takeover Statute or other similar statute to be applicable to the Transactions.

(d) Other than in connection with a Takeover Proposal, nothing in this Agreement shall prohibit or restrict MLC's board of directors from taking any action described in clause (A) of the definition of MLC Adverse Recommendation Change, at any time prior to the time at which the MLC Requisite Vote is obtained in respect of the MLC Matters, in response to an MLC Intervening Event (a "MLC Intervening Event Recommendation Change") if (A) prior to effecting any such MLC Intervening Event Recommendation Change, MLC promptly notifies TURN, in writing, at least five (5) calendar days (the "MLC Intervening Event Notice Period") before taking such action of its intent to consider such action (which notice shall not, by itself, constitute a MLC Adverse Recommendation Change or a MLC Intervening Event Recommendation Change), and which notice shall include a reasonably detailed description of the underlying facts giving rise to, and the reasons for taking, such action, (B) MLC shall, and shall cause its Representatives to, during the MLC Intervening Event Notice Period, negotiate with TURN and its Representatives in good faith (to the extent TURN desires to negotiate) to make such adjustments in the terms and conditions of this Agreement as would not permit MLC's board of directors to make a MLC Intervening Event Recommendation Change in respect of the specific MLC Intervening Event set out in the notice delivered to TURN, and (C) MLC's board of directors (or a committee thereof) determines, after consulting with outside legal counsel and its financial advisor, that the failure to effect such a MLC Intervening Event Recommendation Change, after taking into account any adjustments made by TURN during the MLC Intervening Event Notice Period, would be reasonably likely to be inconsistent with the standard of conduct and duties applicable to the directors of MLC under applicable Law.

(e) Nothing contained in this Agreement shall be deemed to prohibit MLC from making any disclosure with respect to any Takeover Proposal solely to the extent that outside legal counsel for MLC advises that such disclosure is required under applicable Law; provided, however, that any such disclosure shall be deemed to be

a MLC Adverse Recommendation Change unless the board of directors of MLC expressly publicly reaffirms the MLC Recommendation (i) in such communication or (ii) within three (3) Business Days after being requested in writing to do so by TURN.

7.10 TURN Takeover Proposals.

(a) If on or after the date of this Agreement and at any time prior to the time at which the TURN Requisite Vote is obtained in respect of the TURN Matters: (x) TURN receives a bona fide unsolicited Takeover Proposal (under circumstances in which TURN has complied in all material respects with the provisions of Sections 7.8(a) and (b)); and (y) the board of directors of TURN shall have determined in good faith, after consultation with its outside legal counsel and its financial advisors, that such Takeover Proposal constitutes or is reasonably likely to result in a TURN Superior Proposal, then, subject to compliance with this Section 7.10(a), TURN may:

(i) engage in negotiations or discussions with such Person who has made the unsolicited bona fide Takeover Proposal and provide information in response to a request therefor by a Person who has made such Takeover Proposal if TURN (A) receives from such Person an executed Acceptable Confidentiality Agreement and (B) provides MLC a copy of all such information that has not previously been delivered to MLC substantially simultaneously with delivery to such Person or such Person's Representatives or Affiliates; and

(ii) after fulfilling its obligations under Section 7.10(b) below, effect a Takeover Approval.

Subject to and solely after complying with Section 7.10(b), if on or after the date of this Agreement and at any time prior to the time at which the TURN Requisite Vote is obtained in respect of the TURN Matters, the board of directors of TURN shall have determined, after consultation with its outside legal counsel that continued recommendation of the TURN Matters to TURN's shareholders would be reasonably likely to be inconsistent with the standard of conduct and duties applicable to the directors of TURN under applicable Law as a result of a TURN Superior Proposal, TURN may (A) withdraw or qualify (or modify or amend in a manner adverse to MLC), or publicly propose to withdraw or qualify (or modify or amend in a manner adverse to MLC), the TURN Recommendation and (B) take any action or make any statement, filing or release, in connection with the TURN Shareholders Meeting or otherwise, inconsistent with the TURN Recommendation (any action described in clause (A) and (B) referred to collectively with any Takeover Approval as a "TURN Adverse Recommendation Change").

(b) Upon any determination that a Takeover Proposal constitutes a TURN Superior Proposal, TURN shall promptly provide (and in any event within twenty-four (24) hours of such determination) to MLC a written notice (a "Notice of a TURN Superior Proposal") (i) advising MLC that the board of directors of TURN has received a TURN Superior Proposal, (ii) specifying in reasonable detail the material terms and conditions of such TURN Superior Proposal, including the amount per share or other consideration that the shareholders of TURN will receive in connection with the TURN Superior Proposal and including (to the extent available) a copy of the definitive written agreement or other materials with respect to such TURN Superior Proposal (unless previously provided to MLC) and (iii) identifying the Person making such TURN Superior Proposal. TURN shall, and shall cause its Representatives to, cooperate and negotiate in good faith with MLC and its Representatives (to the extent MLC desires to negotiate) during the five (5) calendar day period following MLC's receipt of the Notice of a TURN Superior Proposal (it being understood that any amendment to the financial terms or any other material term of such TURN Superior Proposal shall require a new notice and a new two (2) calendar day period) to make such adjustments in the terms and conditions of this Agreement as would enable TURN to determine that such TURN Superior Proposal is no longer a TURN Superior Proposal and proceed with a TURN Recommendation without a TURN Adverse Recommendation Change. If thereafter the board of directors of TURN determines, in its reasonable good faith judgment, after consultation with its outside legal counsel and financial advisors and after giving effect to any proposed adjustments to the terms of this Agreement that such TURN Superior Proposal

remains a TURN Superior Proposal and the failure to make such TURN Adverse Recommendation Change would be reasonably likely to be inconsistent with the standard of conduct and duties applicable to the directors of TURN under applicable Law, and TURN has complied in all material respects with Section 7.8, Section 7.10(a) above and this Section 7.10(b), TURN may enter into a definitive agreement with respect to such TURN Superior Proposal and terminate this Agreement pursuant to Section 9.1(d)(ii) or effect a TURN Adverse Recommendation Change.

(c) Other than as permitted by Section 7.10(b) or Section 7.10(d), neither TURN nor the board of directors of TURN shall make any TURN Adverse Recommendation Change. Notwithstanding anything herein to the contrary, no TURN Adverse Recommendation Change shall change the approval of the TURN Matters or any other approval of the board of directors of TURN, including in any respect that would have the effect of causing any Takeover Statute or other similar statute to be applicable to the Transactions.

(d) Other than in connection with a Takeover Proposal, nothing in this Agreement shall prohibit or restrict TURN's board of directors from taking any action described in clause (A) of the definition of TURN Adverse Recommendation Change, at any time prior to the time at which the TURN Requisite Vote is obtained in respect of the TURN Matters, in response to a TURN Intervening Event (a "TURN Intervening Event Recommendation Change") if (A) prior to effecting any such TURN Intervening Event Recommendation Change, TURN promptly notifies MLC, in writing, at least five (5) calendar days (the "TURN Intervening Event Notice Period") before taking such action of its intent to consider such action (which notice shall not, by itself, constitute a TURN Adverse Recommendation Change or a TURN Intervening Event Recommendation Change), and which notice shall include a reasonably detailed description of the underlying facts giving rise to, and the reasons for taking, such action, (B) TURN shall, and shall cause its Representatives to, during the TURN Intervening Event Notice Period, negotiate with MLC and its Representatives in good faith (to the extent MLC desires to negotiate) to make such adjustments in the terms and conditions of this Agreement as would not permit TURN's board of directors to make a TURN Intervening Event Recommendation Change in respect of the specific TURN Intervening Event set out in the notice delivered to MLC, and (C) TURN's board of directors (or a committee thereof) determines, after consulting with outside legal counsel and its financial advisor, that the failure to effect such a TURN Intervening Event Recommendation Change, after taking into account any adjustments made by MLC during the TURN Intervening Event Notice Period, would be reasonably likely to be inconsistent with the standard of conduct and duties applicable to the directors of TURN under applicable Law.

(e) Nothing contained in this Agreement shall be deemed to prohibit TURN from making any disclosure with respect to any Takeover Proposal solely to the extent that outside legal counsel for TURN advises that such disclosure is required under applicable Law; provided, however, that any such disclosure (other than a "stop, look and listen" communication or similar communication of the type contemplated by Section 14d-9(f) under the Exchange Act) shall be deemed to be a TURN Adverse Recommendation Change unless the board of directors of TURN expressly publicly reaffirms the TURN Recommendation (i) in such communication or (ii) within three (3) Business Days after being requested in writing to do so by MLC.

7.11 Takeover Statutes. Neither MLC nor TURN will take any action that would cause the Transactions to be subject to requirements imposed by any Takeover Statute. Each of MLC and TURN shall take all necessary steps within its control to exempt (or ensure the continued exemption of) the Transactions from, or if necessary challenge the validity or applicability of, any applicable Takeover Statute, as now or hereafter in effect.

7.12 Equityholder Litigation. Each of the Parties to this Agreement shall (a) promptly notify the other Parties in writing of any Proceeding by any of such Party's equityholders against such Party, its Affiliates or any of their respective directors, officers or employees, in each case based upon, arising out of or relating to this Agreement or the Transactions or any request or demand from an equityholder to enter into any kind of settlement or similar accommodation agreement of any kind, (b) reasonably cooperate and consult with the other Parties in connection with the defense and settlement of any such Proceeding or request or demand, (c) keep the other Parties reasonably informed of any material developments in connection with any such Proceeding or request or demand and (d) not

settle any such Proceeding or request or demand without the prior written consent of each of the other Parties (such consent not to be unreasonably delayed, conditioned or withheld).

7.13 Section 16 Matters. Prior to the Effective Time, the board of directors of each of TURN and New Parent (or committees thereof) shall take all such steps as may be required to cause any (a) dispositions of TURN Common Stock (including derivative securities with respect to TURN Common Stock) and (b) acquisitions of New Parent Common Stock, in each case, resulting from the Transactions by each individual who is subject to the reporting requirements of Section 16(a) of the Exchange Act to be exempt from liability pursuant to Rule 16b-3 promulgated under the Exchange Act to the fullest extent permitted by applicable Law.

7.14 No Other Representations or Warranties. The Parties hereto acknowledge and agree that except for the representations and warranties of TURN in Article III or in the certificate to be delivered at Closing pursuant to Section 8.2(d) and the representations and warranties of MLC in Article IV or in the certificate to be delivered at Closing pursuant to Section 8.3(d), none of TURN, MLC, any of their respective Subsidiaries or any other Person acting on behalf of the foregoing makes any representation or warranty, express or implied.

7.15 Deregistration; Delisting.

(a) Following the Effective Time, New Parent shall cause TURN to deregister as an investment company under the Investment Company Act by filing an application on Form N-8F on the basis that TURN qualifies for an exclusion from the definition of "investment company" under Section 3(c)(1) or Section 3(c)(7) of the Investment Company Act and therefore has abandoned its registration under the Investment Company Act, or such other basis as MLC and TURN shall mutually agree upon.

(b) Prior to the Closing Date, TURN shall use its reasonable best efforts to take, or cause to be taken, all actions, and do or cause to be done all things, reasonably necessary, proper or advisable under applicable Law and the rules and policies of Nasdaq to enable the delisting of the TURN Common Stock therefrom.

(c) Prior to the Closing Date, MLC shall use its reasonable best efforts to take, or cause to be taken, all actions, and do or cause to be done all things, reasonably necessary, proper or advisable under applicable Law and the rules and policies of the Cboe Canada to enable the delisting of the MLC Common Shares therefrom.

(d) MLC shall use its reasonable best efforts to take, or cause to be taken, all actions, and do or cause to be done all things, reasonably necessary, proper or advisable under applicable Law to cause MLC to cease being a reporting issuer as promptly as practicable following the Effective Time.

7.16 Board of Directors of New Parent. TURN, as the sole stockholder of New Parent immediately prior to the Effective Time, shall take all action so that, immediately after the Effective Time, the New Parent board of directors is comprised of seven members, consisting of the Persons listed on Exhibit B.

7.17 Tax Matters.

(a) Tax Treatment of Mergers. Unless otherwise required by applicable Law or administrative action, each of New Parent, TURN, MLC, TURN Merger Sub and MLC Merger Sub shall use its reasonable best efforts to cause the Mergers, taken together, to qualify as an exchange described in Section 351 of the Code (the "Intended Tax Treatment"), including by not taking any action that such Party knows is reasonably likely to prevent such qualification. Each of New Parent, TURN, MLC, TURN Merger Sub and MLC Merger Sub shall (i) promptly notify the other Parties of any challenge to the Intended Tax Treatment by any Governmental Entity and (ii) file all Tax Returns and other informational returns on a basis consistent with the Intended Tax Treatment unless (A) otherwise required pursuant to a "determination" within the meaning of Section 1313(a) of the Code (or any similar state, local or non-U.S. Law) or a change in applicable Law or (B) neither Proskauer Rose LLP nor Dechert LLP is able to deliver a Registration Statement Tax Opinion. Furthermore, each Party agrees to act in a

manner consistent with the Parties' intention that the MLC Merger be treated, for Canadian federal income tax purposes, as a tax-deferred "foreign merger" as defined in subsection 87(8.1) of the Tax Act.

(b) Transfer Taxes. All transfer, documentary, sales, use, real property, stamp, stamp duty reserve tax, registration, value added or other similar Taxes (including any fees, costs and associated penalties and interest associated therewith) ("Transfer Taxes") incurred in connection with this Agreement shall be borne by New Parent. The Parties shall cooperate in filing all necessary Tax Returns and other documentation with respect to all such Transfer Taxes, and New Parent shall timely pay (or cause to be timely paid) to the applicable Governmental Entity such Transfer Taxes.

(c) Tax Opinions. TURN shall use its reasonable best efforts to cause Proskauer Rose LLP to issue a Registration Statement Tax Opinion in form and substance as set forth in Exhibit A-1. MLC shall use its reasonable best efforts to cause Dechert LLP to issue a Registration Statement Tax Opinion in form and substance as set forth in Exhibit A-2.

(d) Tax Representation Letters. Prior to the Effective Time (or at such other times as requested by counsel), each of TURN and MLC shall execute and deliver to Proskauer Rose LLP and Dechert LLP (or such other counsel designated by TURN or MLC, as applicable) customary tax representation letters as may be reasonably necessary or appropriate to enable Proskauer Rose LLP and Dechert LLP, as applicable, to deliver a Registration Statement Tax Opinion.

7.18 Disclosed Canadian Personal Information. The Parties confirm that the Disclosed Canadian Personal Information is necessary for the Parties to determine whether to proceed with the Transactions and, if the determination is made to proceed with the Transactions, to complete them. The Parties shall: (i) not use or disclose any Disclosed Canadian Personal Information except as required to (A) determine whether to proceed with the Transactions, (B) perform their obligations and exercise their rights under this Agreement, (C) consummate the Transactions, or (D) comply with applicable Laws; (ii) safeguard all Disclosed Canadian Personal Information using security safeguards appropriate to the sensitivity of the information; and (iii) within a reasonable period following a decision by either or both Parties not to proceed with the Transactions, destroy or return all Disclosed Canadian Personal Information.

7.19 Confidentiality. (c) The Parties acknowledge that the agreements contained in this Section 9.2 are an integral part of the Transactions, that without these agreements each Party would not have entered into this Agreement, and that any amounts payable pursuant to this Section 9.2 are in consideration for the disposition of the affected Party's rights under this Agreement and constitute liquidated damages (and do not constitute a penalty). If TURN fails to pay any amounts due to MLC pursuant to this Section 9.2 within the time periods specified in this Section 9.2 or MLC fails to pay TURN any amounts due to TURN pursuant to this Section 9.2 within the time periods specified in this Section 9.2, TURN or MLC, as applicable, shall pay, in addition to the amounts payable under Section 9.2(a) or Section 9.2(b), as applicable, reasonable and documented out-of-pocket costs and expenses (including reasonable attorneys' fees and expenses) incurred by MLC or TURN, as applicable, in connection with any Proceeding to collect payment of such amounts, together with interest on such unpaid amounts from the date payment of such amounts was due at the prime lending rate in effect on the date payment was due as published in The Wall Street Journal (or any successor publication thereto), calculated on a daily basis from the date such amounts were required to be paid until the date of actual payment.

"TURN Superior Proposal" means a bona fide written Takeover Proposal that was not solicited in violation of this Agreement, made by a third-party that would result in such third-party becoming the beneficial owner, directly or indirectly, of more than 50% of the total voting power of TURN or more than 50% of the assets of TURN on a consolidated basis (a) on terms which TURN's board of directors determines in good faith to be superior for the shareholders of TURN (in their capacity as shareholders), taken as a group, from a financial point of view as compared to the Mergers (after giving effect to the payment of the TURN Expense Reimbursement and any alternative proposed by MLC in accordance with Section 7.10), and (b) that is reasonably likely to be consummated (taking into account, among other things, all legal, financial, regulatory and other aspects of the proposal, including any conditions, and the identity of the offeror, that TURN's board of directors deems relevant) in accordance with its terms.

"TURN Transaction Expenses" means the aggregate amount of all unpaid fees, costs, expenses and other amounts incurred or otherwise payable, directly or indirectly, by TURN, New Parent, TURN Merger Sub, MLC Merger Sub or any of their respective Subsidiaries in connection with, arising from or related to (a) the negotiation, preparation, execution or delivery of this Agreement or the consummation of the Transactions, including all legal, accounting, proxy solicitation, financial printer, investment banking and financial advisory fees, costs and expenses of TURN, New Parent, TURN Merger Sub, MLC Merger Sub or any of their respective Subsidiaries, in each case other than to the extent constituting Shared Expenses; (b) all performance awards, deferred compensation, bonuses, including transaction bonuses and stay bonuses, change of control payments, retention payments, termination, severance or other bonuses or payments that are triggered or accelerated or otherwise due or payable in connection with or incident to (whether at or after Closing) the consummation of the Transactions (including for the avoidance of doubt all retention bonus payments payable to each of Kevin M. ARTICLE XI

GENERAL PROVISIONS

11.1 Non-survival of Representations, Warranties, Covenants and Agreements. None of the representations, warranties, covenants or agreements set forth in this Agreement or in any instrument delivered pursuant to this Agreement shall survive the Effective Time, except for (a) those covenants and agreements contained in this Agreement that by their express terms apply or are to be performed in whole or in part at or after the Effective Time, which shall survive the Effective Time in accordance with their respective terms, and (b) Section 7.14 and Article XI shall survive the Effective Time.

11.2 Amendments. At any time prior to the Effective Time, this Agreement (including the Plan of Arrangement, it being acknowledged and agreed that in connection with any amendment, supplement or modification of the Plan of Arrangement, no approval required by this Section 11.2 shall be unreasonably delayed, conditioned or withheld by any of TURN, New Parent, TURN Merger Sub or MLC Merger Sub) may be amended, supplemented or modified only by an instrument in writing signed on behalf of each of the Parties, with such action taken or authorized by their respective boards of directors, at any time before or after obtaining the MLC Requisite Vote in respect of the MLC Matters or the TURN Requisite Vote in respect of the TURN Matters; provided, however, that after obtaining the MLC Requisite Vote in respect of the MLC Matters or the TURN Requisite Vote in respect of the TURN Matters, there may not be any amendment, supplement or modification of this Agreement that requires approval by the shareholders of MLC or TURN, respectively, unless such approval shall have been obtained.

11.3 Extension; Waiver. At any time prior to the Effective Time, each of TURN and MLC, by action taken or authorized by its board of directors, may, to the extent legally allowed, (a) in the case of TURN, extend the time for the performance of any of the obligations or other acts of MLC, and in the case of MLC, extend the time for the performance of any of the obligations or other acts of TURN, New Parent, TURN Merger Sub or MLC Merger Sub, (b) in the case of TURN, waive any inaccuracies in the representations and warranties of MLC contained in this Agreement, and in the case of MLC, waive any inaccuracies in the representations and warranties of TURN contained in this Agreement or (c) in the case of TURN, waive compliance by MLC with any of the agreements or conditions contained in this Agreement, and in the case of MLC, waive compliance by TURN, New Parent, TURN Merger Sub or MLC Merger Sub with any of the agreements or conditions contained in this Agreement. Any agreement on the part of a Party to any such extension or waiver shall be valid only if set forth in a written instrument signed on behalf of TURN or MLC, and such extension or waiver or failure to insist on strict compliance with an obligation, covenant, agreement or condition shall not operate as a waiver of, or estoppel with respect to, any subsequent or other non-compliance. No failure or delay by any Party in exercising any right, power or privilege hereunder or under applicable Law shall operate as a waiver of such right, power or privilege, and no single or partial exercise thereof shall preclude any other or further exercise thereof. No provision of this Agreement shall be waived or modified at or following the Effective Time.

11.4 Notices. All notices and other communications in connection with this Agreement shall be in writing and shall be deemed given (a) when delivered by hand (providing proof of delivery), (b) on the date sent via email (provided, that, the sender does not promptly receive any "bounce back" or notice of non-delivery), (c) on the fifth Business Day after mailing if mailed to the Party to whom notice is to be given, by first class mail, registered or certified, postage prepaid and properly addressed with return receipt requested, or (d) one Business Day after mailing if mailed to the Party to whom notice is to be given by nationally recognized overnight carrier service prior to the deadline for next-day delivery. 11.5 Interpretation; Construction. When a reference is made in this Agreement to Articles, Sections, Exhibits or Schedules, such reference shall be to an Article or Section of or Exhibit or Schedule to this Agreement unless otherwise indicated. The table of contents and headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement. Whenever the words "include," "includes" or "including" are used in this Agreement, they shall be deemed to be followed by the words

"without limitation." Whenever the word "or" is used in this Agreement, it shall be deemed to not be exclusive and shall have the meaning represented by the term "and/or," unless the context otherwise requires. The terms "cash," "dollars" and "$" mean United States dollars. All schedules and exhibits hereto, including the TURN Disclosure Letter and MLC Disclosure Letter, shall be deemed part of this Agreement and included in any reference to this Agreement. Any singular term in this Agreement shall be deemed to include the plural, and any plural term the singular. Any reference to any statute, regulation or provision of Law shall be deemed to include a reference to any amendment, modification, replacement, or successor statute, regulation or provision of such Law, as well as any rules or regulations promulgated thereunder, unless expressly stated otherwise. When calculating the period of time before which, within which or following which any act is to be done or step taken pursuant to this Agreement, the date that is the reference date in calculating such period shall be excluded, and if the last day of such period is not a Business Day, the period shall end on the immediately following Business Day. References to "days" shall mean "calendar days" unless expressly stated otherwise. The Parties have jointly participated in negotiating and drafting this Agreement. In the event that an ambiguity or a question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the Parties, and no presumption or burden of proof shall arise favoring or disfavoring any Party by virtue of the authorship of any provision of this Agreement.

11.6 Severability. If any term, provision, covenant or restriction contained in this Agreement is held by a court or a federal or state regulatory agency of competent jurisdiction to be invalid, void or unenforceable, then (a) the Parties shall amend or otherwise modify this Agreement to replace such term, provision, covenant or restriction with a valid and enforceable term, provision, covenant or restriction that gives effect to the original intent of the Parties in executing this Agreement and (b) the remainder of the terms, provisions and covenants and restrictions contained in this Agreement shall remain in full force and effect, and shall in no way be affected, impaired or invalidated as a result thereof.

11.7 Counterparts. This Agreement and any signed agreement or instrument entered into in connection with this Agreement may be executed in two or more counterparts, each such counterpart being deemed to be an original instrument and all such counterparts together constituting the same agreement and, to the extent signed and delivered by means of a facsimile machine or telecopy, by email delivery of a ".pdf" or ".jpg" format data file or by any electronic signature complying with the U.S. federal ESIGN Act of 2000, shall be treated in all manner and respects as an original agreement or instrument and shall be considered to have the same binding legal effect as if it were the original signed version thereof delivered in person. No Party hereto or to any such agreement or instrument shall raise the use of a facsimile machine or telecopy, email delivery of a ".pdf" or ".jpg" format data file or electronic signature complying with the U.S. federal ESIGN Act of 2000 to deliver a signature to this Agreement or any amendment hereto or the fact that any signature or agreement or instrument was transmitted or communicated through the use of a facsimile machine or telecopy, email delivery of a ".pdf" or ".jpg" format data file or by any electronic signature complying with the U.S. federal ESIGN Act of 2000 as a defense to the formation of a contract and each Party hereto forever waives any such defense.

11.8 Entire Agreement. This Agreement (including all exhibits, annexes and schedules referred to in this Agreement or attached to this Agreement) constitutes the entire agreement and supersedes all prior agreements and understandings, both written and oral, among the Parties with respect to the subject matter of this Agreement.

11.9 Governing Law; Jurisdiction; WAIVER OF JURY TRIAL. This Agreement, and all claims or Proceedings based upon, arising out of or relating to this Agreement or the Transactions, shall be governed and construed in accordance with the Laws of the State of New York applicable to contracts made and performed entirely within such state, without regard to any applicable conflicts of law principles that would cause the application of the Laws of another jurisdiction; provided, that (i) in advance of the MLC Domestication, the Laws of the Province of Ontario, Canada shall govern MLC's obligations related to the Arrangement and to obtaining any vote of the MLC shareholders with respect to the MLC Matters and the fiduciary obligations of the members of the board of directors of MLC, and (ii) from and after the MLC Domestication, the Laws of the State of Delaware shall govern the fiduciary obligations of the members of the board of directors or board of managers, as applicable, if any, of MLC and the MLC Merger. The Parties agree that any Proceeding brought by any Party to enforce any provision

of, or based on any matter arising out of or in connection with, this Agreement or the Transactions shall be brought exclusively in (x) any court of the State of New York sitting in the borough of Manhattan, or (y) if such state court lacks subject matter jurisdiction, the United States District Court for Southern District of New York, and, in each case, the appellate courts to which orders and judgments therefore may be appealed (collectively, the "Acceptable Courts"). Each of the Parties hereto submits to the jurisdiction of any Acceptable Court in any Proceeding seeking to enforce any provision of, or otherwise based upon, arising out of or relating to, this Agreement or the Transactions and hereby irrevocably waives the benefit of jurisdiction derived from present or future domicile or otherwise in such Proceeding. Each Party hereto irrevocably waives, to the fullest extent permitted by Law, any objection that it may now or hereafter have to the laying of the venue of any Proceeding in any such Acceptable Court or that any such Proceeding brought in any such Acceptable Court has been brought in an inconvenient forum. EACH PARTY HERETO ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE EACH SUCH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY PROCEEDING BASED UPON, ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS. Each Party (a) certifies that no representative of any other Party has represented, expressly or otherwise, that such other Party would not, in the event of any Proceeding, seek to enforce the foregoing waiver, (b) certifies that it makes this waiver voluntarily and (c) acknowledges that it and the other Parties hereto have been induced to enter into this Agreement, by, among other things, the mutual waiver and certifications in this Section 11.9.

11.10 Assignment; Third-Party Beneficiaries. Neither this Agreement nor any of the rights, interests or obligations under this Agreement shall be assigned by any of the Parties (whether by merger, operation of law or otherwise) without the prior written consent of the other Parties. Any purported assignment in contravention hereof shall be null and void. Subject to the preceding sentence, this Agreement shall be binding upon, inure to the benefit of and be enforceable by each of the Parties and their respective successors and assigns. Except as otherwise specifically provided in Section 7.6 and Section 11.14, this Agreement is not intended to and does not confer upon any Person, other than the Parties hereto, any rights or remedies.

11.11 Remedies Cumulative. Except as otherwise provided in this Agreement, (a) any and all remedies expressly conferred upon a Party to this Agreement will be cumulative with, and not exclusive of, any other remedy arising under this Agreement, at Law, or in equity and (b) the exercise by a Party to this Agreement of any one remedy will not preclude the exercise by it of any other remedy.

11.12 Specific Performance. The Parties hereto agree that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached, and that monetary damages, even if available, would not be an adequate remedy therefor. It is accordingly agreed that the Parties shall be entitled to an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement in any Acceptable Court without proof of actual damages (and each Party hereby waives any requirement for the securing or posting of any bond in connection with such remedy), this being in addition to any other remedy to which such Party is entitled at law or in equity. Each of the Parties hereto agrees that it will not oppose the granting of an injunction, specific performance or other equitable relief on the basis that any other Party hereto has an adequate remedy at law or that any award of specific performance is not an appropriate remedy for any reason at law or in equity. Notwithstanding anything to the contrary contained in this Agreement, to the extent any Party brings a Proceeding to enforce specifically the performance of the terms and provisions of this Agreement (other than a Proceeding to enforce specifically any provision that expressly survives termination of this Agreement), the Termination Date shall automatically be extended to the earlier of (a) six (6) months from the Termination Date and (b) the twentieth (20th) Business Day following the resolution of such Proceeding (provided, that the Parties acknowledge and agree that the applicable court presiding over such Proceeding may establish a different time period).

11.13 Disclosure Letter. Contemporaneously with the execution of this Agreement, each of TURN and MLC have delivered to the other Party a disclosure letter (the "TURN Disclosure Letter" and the "MLC Disclosure

Letter", respectively; each, a "Disclosure Letter"). Notwithstanding anything in this Agreement to the contrary, the mere inclusion of an item as an exception to a representation or warranty in the Disclosure Letter shall not be deemed an admission that such item represents a material exception or material fact, event or circumstance or that such item has had or would be reasonably likely to have a Material Adverse Effect. Each Disclosure Letter shall be numbered to correspond with the sections and subsections contained in this Agreement. The disclosure in any section or subsection of each Disclosure Letter shall qualify only (i) the corresponding section or subsection, as the case may be, of this Agreement, (ii) other sections or subsections of this Agreement to the extent specifically cross-referenced in such section or subsection thereof, and (iii) other sections or subsections of this Agreement to the extent it is reasonably apparent on its face from a reading of the disclosure that such disclosure is applicable to such other sections or subsections. No disclosure in the Disclosure Letters shall be construed as an admission or indication to any Person, other than as expressly set forth in this Agreement. No disclosure in the Disclosure Letters relating to any possible breach or violation of any agreement or applicable Law shall be construed as an admission or indication that any such breach or violation exists or has actually occurred.

11.14 Non-Recourse. All Proceedings (whether in contract or in tort, in law or in equity) that may be based upon, arise out of or relate to this Agreement, or the negotiation, execution or performance of this Agreement (including any representation or warranty made in or in connection with this Agreement or as an inducement to enter into this Agreement), may be made only against the entities that are expressly identified as Parties hereto. No Person who is not a named Party to this Agreement, including any past, present or future direct or indirect, equityholders, controlling Persons, directors, officers, employees, agents, incorporators, representatives, Affiliates, members, managers, general or limited partners, lender, financing source or assignees (and any former, current or future equityholder, controlling Person, director, officer, employee, agent, representative, Affiliate, member, manager, general or limited partner, or assignee of any of the foregoing) of any named Party to this Agreement ("Non-Party Affiliates"), shall have any Liability (whether in contract or in tort, in law or in equity, or based upon any theory that seeks to impose liability of an entity party against its owners or Affiliates) for any Liabilities arising under, in connection with or related to this Agreement or for any claim or Proceeding based on, in respect of, or by reason of this Agreement or its negotiation or execution; and each Party waives and releases all such Liabilities against any such Non-Party Affiliate. The provisions of this Section 11.14 are intended to be for the benefit of, and shall be enforceable by, each of the Non-Party Affiliates and such Person's estate, heirs and representatives.

Annex A

TURN NAV Multiplier Adjustment Mechanism

Pursuant to Section 2.7(b) of the Agreement, to the extent that the TURN NAV Multiplier would reasonably be expected to be greater than 50% or if any TURN shareholder (individually or together with its Affiliates) would reasonably be expected to own 25% or more of the issued and outstanding shares of New Parent Common Stock immediately after the Effective Time, the Parties shall reasonably cooperate to implement the following procedures, which shall be effected prior to the Effective Time:

1. TURN shall promptly propose, by written notice to MLC (the "Proposed Distribution Notice"), assets of TURN that will be subject to in-kind distribution to TURN's shareholders prior to the Effective Time so that the TURN NAV Multiplier will be under 50% or, if applicable, no TURN shareholder will be over the threshold specified above, in each case, as of the Effective Time.

2. MLC shall have the right to approve in advance in writing (such approval not to be unreasonably conditioned, delayed or withheld) any such in-kind distributions set forth in the Proposed Distribution Notice.

3. If MLC does not approve any such in-kind distribution pursuant to item 2 above, TURN shall promptly propose additional assets that will be subject to in-kind distributions in accordance with item 1, as necessary, and MLC shall again have the right to approve such distributions, in accordance with item 2.

4. The Closing TURN Net Asset Value will be adjusted to reflect the attributes of the in-kind distributions on which the Parties have agreed pursuant to items 1-3 above (both with respect to the reduction in TURN assets and any increase in TURN Liabilities in connection therewith, including corporate-level taxes, it being agreed that MLC and TURN will reasonably cooperate to select assets that create tax efficiencies at the corporate level).

180 Degree Capital Corp.
7 North Willow Street, Suite 4B
Montclair, NJ 07042

Ladies and Gentlemen:

You have requested our opinion in connection with the proposed reorganization of 180 Degree Capital Corp., a New York corporation ("TURN"), and Mount Logan Capital Inc., a Delaware corporation ("MLC"), pursuant to the Agreement and Plan of Merger, dated as of January 16, 2025 (the "Merger Agreement"), among TURN, MLC, Yukon New Parent, Inc., a Delaware corporation ("New Parent"), Polar Merger Sub, Inc., a New York corporation ("TURN Merger Sub") and Moose Merger Sub, Inc., a Delaware limited liability company ("MLC Merger Sub"). In the Reorganization (as defined below), TURN Merger Sub will merge with and into TURN with TURN surviving (the "TURN Merger"), after which MLC will merge with and into MLC Merger Sub with MLC surviving (the "MLC Merger", and together with the TURN Merger, the "Reorganization"). The parties may subsequently choose to merge TURN and MLC.

In connection with this opinion, we have examined the Merger Agreement, certain public filings of TURN made with the U.S. Securities and Exchange Commission, and the representation of TURN addressed to us, dated as of the date hereof and the representation letter of MLC addressed to us, dated as of the date hereof (together, the "Representation Letters"). In rendering this opinion we have assumed (i) that the facts, representations and information contained in the Merger Agreement are true, complete, and correct and will remain true, complete, and correct at all times up to and including the Effective Time, (ii) that the representations made by TURN and MLC in the Representation Letters are true, complete, and correct and will remain true, complete, and correct up to and including the Effective Time and (iii) that any representations made in such Representation Letters or the Merger Agreement that are qualified by knowledge or qualifications of like import are true, complete, and correct and will remain true, complete and correct at all times up to and including the Effective Time, in each case without such qualifications, and we have relied on each of such representations. In addition, our opinion set forth below assumes (i) the genuineness of all signatures, (ii) the legal capacity of natural persons and the authenticity of all documents we have examined, (iii) the authenticity of any document submitted to us as originals, (iv) the conformity to the originals of all copies of documents submitted to us, (v) the authenticity of the originals of such copies, (vi) the accuracy of the representations of each party to the Merger Agreement, (vii) the accuracy of the oral or written statements and representations of officers and other representatives of TURN and MLC, (viii) the due authority, execution and delivery by each of the parties to the Merger Agreement, (ix) that the Merger Agreement constitutes the legal, valid, and binding obligation of each of the parties thereto, (x) that each of the representations set forth in the Representation Letters is and will remain true, complete, and correct and (xi) that each of the parties to the Merger Agreement will perform all of its obligations in the manner described therein. Any capitalized terms used but not defined herein shall have the meaning given to such terms in the Merger Agreement.

Based upon and subject to the foregoing, and our consideration of such other matters of fact and law as we have considered necessary or appropriate, it is our opinion, under presently applicable United States

federal income tax law, that the Reorganization will be treated as a transfer to corporation controlled by transferors within the meaning of Section 351 of the Code.

This opinion is limited to the tax matters specifically covered herein, and we have not been asked to address, nor have we addressed, any other tax consequences of the Reorganization. The opinion herein is based on current authorities and upon facts and assumptions as of the date of this opinion, including those described as above. The opinion is subject to change in the event of a change in the applicable law or change in the interpretation of such law by the courts or by the Internal Revenue Service, or a change in any of the facts and assumptions upon which it is based. There is no assurance that legislative or administrative changes or court decisions may not be forthcoming that would significantly modify the statements and opinions expressed herein. Any such changes may or may not be retroactive with respect to transactions prior to the date of such changes. This opinion represents only our best legal judgment, and has no binding effect or official status of any kind, so that no assurance can be given that the positions set forth above will be sustained by a court, if contested.

Very truly yours,

New York, NY 10022

Ladies and Gentlemen:

You have requested our opinion in connection with the proposed reorganization of 180 Degree Capital Corp., a New York corporation ("TURN"), and Mount Logan Capital Inc., a Delaware corporation ("MLC"), pursuant to the Agreement and Plan of Merger, dated as of January 16, 2025 (the "Merger Agreement"), among TURN, MLC, Yukon New Parent, Inc., a Delaware corporation ("New Parent"), Polar Merger Sub, Inc., a New York corporation ("TURN Merger Sub") and Moose Merger Sub, LLC, a Delaware limited liability company ("MLC Merger Sub"). In the Reorganization (as defined below), TURN Merger Sub will merge with and into TURN with TURN surviving (the "TURN Merger"), after which MLC will merge with and into MLC Merger Sub with MLC surviving (the "MLC Merger", and together with the TURN Merger, the "Reorganization"). The parties may subsequently choose to merge TURN and MLC.

In connection with this opinion, we have examined the Merger Agreement, certain public filings of TURN made with the U.S. Securities and Exchange Commission, and the representation of TURN addressed to us, dated as of the date hereof and the representation letter of MLC addressed to us, dated as of the date hereof (together, the "Representation Letters"). In rendering this opinion we have assumed (i) that the facts, representations and information contained in the Merger Agreement are true, complete, and correct and will remain true, complete, and correct at all times up to and including the Effective Time, (ii) that the representations made by TURN and MLC in the Representation Letters are true, complete, and correct and will remain true, complete, and correct up to and including the Effective Time and (iii) that any representations made in such Representation Letters or the Merger Agreement that are qualified by knowledge or qualifications of like import are true, complete, and correct and will remain true, complete and correct at all times up to and including the Effective Time, in each case without such qualifications, and we have relied on each of such representations. In addition, our opinion set forth below assumes (i) the genuineness of all signatures, (ii) the legal capacity of natural persons and the authenticity of all documents we have examined, (iii) the authenticity of any document submitted to us as originals, (iv) the conformity to the originals of all copies of documents submitted to us, (v) the authenticity of the originals of such copies, (vi) the accuracy of the representations of each party to the Merger Agreement, (vii) the accuracy of the oral or written statements and representations of officers and other representatives of TURN and MLC, (viii) the due authority, execution and delivery by each of the parties to the Merger Agreement, (ix) that the Merger Agreement constitutes the legal, valid, and binding obligation of each of the parties thereto, (x) that each of the representations set forth in the Representation Letters is and will remain true, complete, and correct and (xi) that each of the parties to the Merger Agreement will perform all of its obligations in the manner described therein. Any capitalized terms used but not defined herein shall have the meaning given to such terms in the Merger Agreement.

Based upon and subject to the foregoing, and our consideration of such other matters of fact and law as we have considered necessary or appropriate, it is our opinion, under presently applicable United States federal income tax law, that the Reorganization will be treated as a transfer to corporation controlled by transferors within the meaning of Section 351 of the Code.

Dechert LLP

This opinion is limited to the tax matters specifically covered herein, and we have not been asked to address, nor have we addressed, any other tax consequences of the Reorganization. In particular, we express no opinion on (i) the effect of the Reorganization and the transactions contemplated by the Merger Agreement on the Warrants and (ii) the consequences of the Reorganization and the transactions contemplated by the Merger Agreement on any shareholder of MLC that holds Warrants, with respect to their Warrants. The opinion herein is based on current authorities and upon facts and assumptions as of the date of this opinion, including those described as above. The opinion is subject to change in the event of a change in the applicable law or change in the interpretation of such law by the courts or by the Internal Revenue Service, or a change in any of the facts and assumptions upon which it is based. There is no assurance that legislative or administrative changes or court decisions may not be forthcoming that would significantly modify the statements and opinions expressed herein. Any such changes may or may not be retroactive with respect to transactions prior to the date of such changes. This opinion represents only our best legal judgment, and has no binding effect or official status of any kind, so that no assurance can be given that the positions set forth above will be sustained by a court, if contested.

Very truly yours,

ARTICLE IV
AMENDMENT AND TERMINATION

4.1. Amendment

The Company reserves the right to amend, modify and/or supplement this Plan of Arrangement from time to time at any time prior to the Effective Time; provided, that any such amendment, modification or supplement must be: (a) filed with the Court if made after receipt of the Interim Order and, if made following the Meeting, approved by the Court, (b) consented to by TURN in accordance with the Merger Agreement, and (c) communicated to Shareholders in the manner required by the Court (if so required).

ARTICLE V
TREATMENT OF SECURITIES

5.1. Share Certificates

After the completion of the Arrangement, former registered holders of Common Shares (for greater certainty, other than those Common Shares, if any, transferred pursuant to subsection 2.2(a) above) shall be deemed to be registered holders of Company Delaware Units in accordance with Section 2.2(b)(vii) and any share certificates or Direct Registration System (DRS) advice formerly representing the Common Shares or the shares in the capital of any predecessor of the Company shall be deemed to be cancelled and shall cease to represent a right or claim of any kind or nature, other than the right of the registered holder of the Common Shares represented by such certificate to receive Company Delaware Units that such holder is entitled to receive in accordance with Section 2.2(b)(vii).

5.2. Company Warrants, Company RSUs and Company DEUs

(1) After the completion of the Arrangement, former holders of Company Warrants exercisable for Common Shares shall be deemed to be holders of Company Delaware Warrants entitled to receive an identical number of Company Delaware Units upon due exercise of the Company Delaware Warrants in accordance with the terms thereof. Any certificate evidencing Company Warrants exercisable for Common Shares prior to the completion of the Arrangement will thereafter evidence and be deemed to evidence Company Delaware Warrants exercisable in accordance with their terms for Company Delaware Units and no new warrant certificates evidencing the Company Delaware Warrants shall be required to be issued.

To the extent that amounts so deducted and withheld are remitted to the appropriate Governmental Entity, such deducted, withheld and remitted amounts shall be treated for all purposes of this Plan of Arrangement as having been paid to such person in respect of which such deduction, withholding and remittance was made. If applicable, the Company is hereby authorized to sell or dispose (on behalf of the applicable person in respect of which such deduction, withholding and remittance is to be made) of such portion of Common Shares or Company Delaware Units payable as consideration hereunder, if any, or any property received in substitution therefor, as is necessary to provide sufficient funds to enable it to implement such deduction, withholding and remittance, and the Company will notify the holder thereof and remit to the holder any unapplied balance of the net proceeds of such sale.

5.4. Paramountcy

From and after the Effective Time: (a) this Plan of Arrangement shall take precedence and priority over any and all

Common Shares, Company RSUs and Company Warrants issued or outstanding prior to the Effective Time, (b) the rights and obligations of holders of Common Shares, Company RSUs and Company Warrants (whether registered or beneficial), the Company and any transfer agent therefor in relation thereto, shall be solely as provided for in this Plan of Arrangement, and (c) all actions, causes of action, claims or proceedings (actual or contingent and whether or not previously asserted) based on or in any way relating to any Common Shares, Company RSUs or Company Warrants shall be deemed to have been settled, compromised, released and determined without liability except as set forth in this Plan of Arrangement.

You have requested our opinion as to the fairness, from a financial point of view, to the holders of common stock, par value $0.03 per share (the "TURN Common Stock"), of 180 Degree Capital Corp., a corporation organized under the laws of the State of New York ("TURN"), other than Excluded Shares (as defined in the Agreement), of the January Exchange Ratio (as defined below) in the proposed merger (the "TURN Merger") of Polar Merger Sub, Inc., a corporation organized under the laws of the State of New York ("TURN Merger Sub") and a wholly-owned subsidiary of Yukon New Parent, Inc., a corporation organized under the laws of the State of Delaware and a wholly-owned subsidiary of TURN ("New Parent"), with and into TURN. Pursuant to the Agreement and Plan of Merger (the "Agreement"), dated as of January 16, 2025, by and among Mount Logan Capital Inc., a corporation organized under the laws of the Province of Ontario, Canada ("MLC"), TURN, New Parent, TURN Merger Sub and Moose Merger Sub, LLC, a limited liability company formed under the laws of the State of Delaware and a wholly-owned subsidiary of New Parent ("MLC Merger Sub"), TURN will become a wholly-owned subsidiary of New Parent, and each outstanding share of TURN Common Stock, other than Excluded Shares (as defined in the Agreement), will be converted into the right to receive a number of shares of common stock of New Parent, par value $.001 per share (the "New Parent Common Stock"), equal to the TURN Exchange Ratio (as defined in the Agreement). The Agreement further provides that, (i) simultaneously with the TURN Merger, MLC Merger Sub will merge with and into MLC, with MLC surviving as the surviving corporation and a wholly-owned subsidiary of New Parent (the "MLC Merger" and, together with the TURN Merger, the "Mergers"), and (ii) immediately prior to the Mergers, MLC will domesticate from the Province of Ontario, Canada to the State of Delaware (the "MLC Domestication" and, collectively with the Mergers, the "Transaction").

In connection with preparing our opinion, you have directed us to base our analyses and our opinion on (i) financial information, dated as of January 10, 2025, regarding the net asset value of TURN (which value was approximately $45,157,000), (ii) the MLC Net Asset Value (as defined in the Agreement), (iii) an adjustment to TURN's net asset value based on estimated Transaction expenses of approximately $2,515,000 and (iv) the number of issued and outstanding shares, as of January 10, 2025, of TURN Common Stock (which number was 10,000,141) (such information described in foregoing clauses (i)-(iv), the "January Exchange

Ratio Information"). If these were the adjusted net asset values and shares issued and outstanding as of the Determination Date (as defined in the Agreement), each share of TURN Common Stock entitled to be converted into the right to receive shares of New Parent Common Stock, would be converted into 0.5037 shares of New Parent Common Stock (the "January Exchange Ratio").

In connection with preparing our opinion, we have (i) reviewed the Agreement; (ii) reviewed certain publicly available business and financial information concerning TURN and MLC and the industries in which they operate; (iii) compared the financial and operating performance of TURN and MLC with publicly available information concerning certain other companies we deemed relevant and reviewed the current and historical market prices of TURN Common Stock and MLC Common Stock and certain publicly traded securities of such other companies; (iv) reviewed certain internal financial analyses, estimates and forecasts relating to TURN and MLC, including projections for fiscal years 2024 through 2029 relating to MLC that were prepared by management of MLC and approved for our use by the Special Committee (collectively, the "MLC Projections"); and (v) performed such other financial studies and analyses and considered such other information as we deemed appropriate for the purposes of this opinion.

In addition, we have held discussions with the Special Committee, TURN's management, MLC's management and representatives of BC Partners Advisors L.P., an affiliate of MLC ("BC Partners"), with respect to certain aspects of the Transaction, and the past and current business operations of TURN and MLC, the financial condition and future prospects and operations of TURN and MLC, the effects of the Transaction on the financial condition and future prospects of TURN and MLC, and certain other matters we believed necessary or appropriate to our inquiry.

In giving our opinion, with your consent, we have relied upon and assumed the accuracy and completeness of all information that was publicly available or was furnished to or discussed with us or otherwise reviewed by or for us. We have also, with your consent, based our analyses with respect to MLC solely on MLC's asset management business, and we have not attributed, with your consent, any value to the spread-related earnings of MLC's insurance business. We have not independently verified any such information or its accuracy or completeness and, pursuant to our engagement letter, dated as of October 11, 2024, with the Special Committee, we are not in any respect responsible for the accuracy or completeness of, and have not undertaken any obligation or responsibility to independently verify, such information, nor have we been furnished with any such verification. We have not conducted or been provided with any valuation or appraisal of any assets or liabilities of TURN or MLC (other than the January Exchange Ratio Information) or the investment portfolio of TURN or MLC, nor have we evaluated the solvency of TURN or MLC under any state or federal laws relating to bankruptcy, insolvency or similar matters. In relying on financial analyses and forecasts provided to us (including the MLC Projections), we have assumed, with your consent, that they have been reasonably prepared based on assumptions reflecting the best currently available estimates and judgments by TURN's management (in the case of any analyses and forecasts provided to us by TURN's management) and MLC's management (in the case of the MLC Projections and any other analyses and forecasts provided to us by MLC's management) to the expected future results of operations and financial condition of TURN and MLC, respectively. We express no view as to such analyses or forecasts (including the MLC Projections), or the assumptions on which they were based. We have also assumed, with your consent, that the Transaction and the

other transactions contemplated by the Agreement will qualify as an exchange described in Section 351 of the Internal Revenue Code of 1986, as amended, for United States federal income tax purposes, and will be consummated as described in the Agreement. We have also assumed, with your consent, that the representations and warranties made by TURN and MLC in the Agreement are and will be true and correct in all respects material to our analysis. We are not legal, regulatory, accounting, actuarial or tax experts and have not undertaken any obligation or responsibility to conduct any assessment with respect to such issues. We have further assumed, with your consent, that all material governmental, regulatory or other consents and approvals necessary for the consummation of the Transaction will be obtained without any adverse effect on TURN or MLC or on the contemplated benefits of the Transaction.

Our opinion is necessarily based on economic, market and other conditions as in effect on, and the information made available to us as of, the date hereof. It should be understood that subsequent developments may affect this opinion and that we do not have any obligation to update, revise, or reaffirm this opinion. Our opinion is limited to the fairness, from a financial point of view, to the holders of TURN Common Stock, other than Excluded Shares (as defined in the Agreement), of the January Exchange Ratio and we express no opinion as to the fairness of the January Exchange Ratio to any other holders of TURN Common Stock or as to the fairness of any consideration to be paid in connection with the Transaction to the holders of any other class of securities, creditors or other constituencies of TURN or as to the underlying decision by TURN to engage in the Transaction. Furthermore, we express no opinion with respect to the amount or nature of any compensation to any officers, directors, or employees of any party to the Transaction, or any class of such persons relative to the January Exchange Ratio or with respect to the fairness of any such compensation. We are expressing no opinion herein as to the net asset value of TURN or MLC, as to the price at which TURN Common Stock or MLC's common stock will trade at any future time or as to the impacts of the MLC Domestication on the financial condition of TURN or MLC. Additionally, we express no opinion as to any other transactions undertaken in connection with the Transaction, or any other agreement, arrangement or understanding contemplated by the Transaction, any related transactions or otherwise, or any terms, aspects or implications of such transactions, agreements, arrangements or understandings.

We have acted as financial advisor to the Special Committee with respect to the proposed Transaction and will receive a fee from TURN for our services, a substantial portion of which will become payable only if the proposed Transaction is consummated. No portion of our fee is contingent upon the conclusion expressed in this opinion. In addition, TURN has agreed to indemnify us for certain liabilities arising out of our engagement. We are an independently-managed affiliate of a multinational banking group. During the two years preceding the date of this letter, the commercial banking division of such group has provided project financing to affiliates of BC Partners for which it has received fees totaling approximately $2,653,000 during such period and may receive additional fees in the future. Except with respect to the Transaction, we have not advised, or received fees from, TURN during this period.

On the basis of and subject to the foregoing, it is our opinion as of the date hereof that the January Exchange Ratio is fair, from a financial point of view, to the holders of TURN Common Stock, other than Excluded Shares (as defined in the Agreement). For the avoidance of doubt, we express no opinion as to the TURN Exchange Ratio (as defined in the Agreement).

The issuance of this opinion has been authorized by Fenchurch Advisory Partners US LP.

This letter is provided to the Special Committee (in their capacity as such) in connection with and for the purposes of their evaluation of the Transaction. This opinion does not constitute a recommendation to any shareholder of TURN as to how such shareholder should vote with respect to the Transaction or any other matter. This opinion may not be disclosed, referred to, or communicated (in whole or in part) to any third party for any purpose whatsoever except with our prior written approval; provided, that, notwithstanding the foregoing, this opinion may be reproduced in full in any proxy or information statement filed with the U.S. Securities and Exchange Commission and/or mailed to shareholders of TURN, subject to our prior review and approval (such approval not to be unreasonably withheld, conditioned or delayed).

Very truly yours,

Fenchurch Advisory US LP

ANNEX C - FORM OF VOTING AGREEMENT - MOUNT LOGAN CAPITAL SHAREHOLDER

VOTING AGREEMENT

This VOTING AGREEMENT (this "Agreement") is made and entered into as of [●], 2025, by and between Mount Logan Capital Inc., a corporation organized under the Laws of Ontario, Canada ("MLC"), 180 Degree Capital Corp., a New York corporation (the "TURN") and [●] ("Shareholder" and, together with MLC and TURN, the "Parties"), a shareholder of MLC. Unless otherwise indicated in this Agreement, capitalized words and phrases in this Agreement shall have the meanings set forth in the Merger Agreement (as defined below).

WHEREAS, as of the date hereof, Shareholder is the legal and beneficial owner of, or the beneficial owner exercising control or direction over of, the number of common shares of MLC (collectively, the "MLC Common Shares") set forth opposite Shareholder's name on Exhibit A;

WHEREAS, concurrently with the execution and delivery of this Agreement, MLC, TURN, Yukon New Parent, Inc., a Delaware corporation and wholly-owned subsidiary of TURN ("New Parent"), Polar Merger Sub, Inc., a New York corporation and wholly-owned subsidiary of New Parent ("TURN Merger Sub"), and [MLC Merger Sub], Inc., a Delaware corporation and wholly-owned subsidiary of New Parent ("MLC Merger Sub") have entered into an Agreement and Plan of Merger, dated as of the date hereof (as may be amended, supplemented or otherwise modified from time to time, the "Merger Agreement"), pursuant to which, among other things, upon the terms and subject to the conditions thereof, at the Effective Time, (i) TURN Merger Sub will merge with and into TURN with TURN surviving the merger (the "TURN Merger") and (ii) MLC Merger Sub will merge with and into MLC with MLC surviving the merger (the "MLC Merger" and, together, the "Mergers");

WHEREAS, adoption of the Merger Agreement and the approval of the other MLC Matters by the requisite shareholders of MLC is a condition to the consummation of the Mergers;

WHEREAS, as of the date hereof and subject to the terms and conditions herein, the Shareholder has determined to vote in favor of the MLC Matters and in furtherance thereof has agreed to enter into this Agreement; and

WHEREAS, in order to induce TURN and MLC to enter into the Merger Agreement, TURN and MLC has requested Shareholder, and Shareholder has agreed, to enter into this Agreement with respect to all MLC Common Shares, now or hereafter "beneficially owned" by Shareholder, including shares acquired pursuant to the MLC Domestication (the "Covered Securities").

NOW, THEREFORE, in consideration of the foregoing, the mutual covenants and agreements set forth herein, and other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, intending to be legally bound, the Parties hereto agree as follows:

ARTICLE 1

Voting Agreement; Grant of Proxy

Section 1.01 *Voting Agreement*. From the date hereof until the termination of this Agreement in accordance with Section 5.04, Shareholder shall (x) attend each meeting (whether annual or special and each adjourned or postponed meeting and including the MLC Shareholders Meeting) of the shareholders of MLC concerning proposals related to the Mergers, the Merger Agreement, the MLC Matters, any Takeover Proposal or any other transaction contemplated by the Merger Agreement or at which any matter set forth in this Section 1.01 is being considered, however called, or otherwise cause all of the MLC Common Shares owned (whether beneficially or of record) as at the record date of any such meeting by Shareholder to be counted as present thereat for purposes of calculating a quorum, and respond to each request by MLC for written consent, if any, and (y) vote or cause to be voted (including by proxy or written consent, if applicable, with respect to) all MLC Common Shares (including any shares of MLC Common Share that Shareholder purchases or with respect to which Shareholder otherwise acquires or holds record or beneficial ownership, including shares acquired pursuant to the MLC Domestication, after the date of this Agreement and prior to the record date of any meeting of the shareholders of MLC as contemplated in

this Section 1.01 (the "New MLC Common Shares"), as applicable) owned (whether beneficially or of record) at such time by Shareholder:

(a) with respect to each meeting at which a vote of Shareholder on adoption of the Merger Agreement or other MLC Matters is requested (a "Merger Proposal"), in favor of such Merger Proposal (and, in the event that such Merger Proposal is presented as more than one proposal, in favor of each proposal that is part of such Merger Proposal), and in favor of any other transactions or matters expressly contemplated by the Merger Agreement;

(b) against any Takeover Proposal, without regard to the terms of such Takeover Proposal, or any other transaction, proposal, agreement or action made in opposition to adoption of any Merger Proposal or in competition or inconsistent with the Mergers and the other transactions or matters contemplated by the Merger Agreement (including any Merger Proposal);

(c) against any other action, agreement or transaction that is intended, or that would or would reasonably be expected, to materially impede, interfere with, delay, postpone, discourage or adversely affect the Mergers or any of the other transactions expressly contemplated by the Merger Agreement or the performance by Shareholder of his, her or its obligations under this Agreement;

(d) against any action, proposal, transaction or agreement that would or would reasonably be expected to result in a breach in any material respect of any covenant, representation or warranty or any other obligation or agreement of MLC contained in the Merger Agreement, or of Shareholder contained in this Agreement; and

(e) in favor of any other matter necessary to the consummation of the transactions contemplated by the Merger Agreement, including the Mergers (clauses (a) through (e) of this Section 1.01, the "Required Votes").

Section 1.02 *Solicitation*. Shareholder further agrees that, until the termination of this Agreement, Shareholder will not (a) solicit proxies, or act jointly or in concert with any other person in the solicitation of proxies, in connection with either any proposal against the Merger Agreement and the Mergers or any Takeover Proposal, (b) subject to Section 5.17, initiate a shareholders' vote with respect to any Takeover Proposal, or (c) act jointly or in concert with any person with respect to any voting securities of MLC with respect to any Takeover Proposal.

Section 1.03 *Irrevocable Proxy*.

(a) Shareholder hereby revokes any and all previous proxies or voting instructions granted by Shareholder with respect to MLC Common Shares owned (whether beneficially or of record) by it as of the date of this Agreement that may conflict or be inconsistent with the obligations of Shareholder set forth in this Agreement. By entering into this Agreement, Shareholder hereby irrevocably grants to, and appoints, TURN, MLC and any designee of TURN or MLC (determined in TURN's or MLC's sole discretion) as Shareholder's attorney-in-fact and proxy, with full power of substitution and resubstitution, for and in Shareholder's name, to vote, or cause to be voted (including by proxy or written consent, if applicable) (until the termination of this Agreement in accordance with Section 5.04) any Covered Securities owned (whether beneficially or of record) by Shareholder solely to the extent, and in the manner, expressly set forth with respect to the Required Votes in Section 1.01; provided that the Shareholder's grant of the proxy contemplated by this Section 1.03 shall be effective if, and only if, the Shareholder has not delivered to MLC prior to the meeting at which any of the matters described in Section 1.01 are to be considered, a copy of a duly executed irrevocable proxy card or voting instruction form directing that the shares of MLC Common Shares of the Shareholder be voted in accordance with the Required Votes; provided, further, that any grant of such proxy shall only entitle TURN or MLC or its designee to vote on the matters specified by Section 1.01, and the Shareholder shall retain the authority to vote on all other matters; provided further that such proxy shall cease to be valid one year following the date upon which it becomes effective in accordance with this Agreement.

(b) The proxy granted by Shareholder pursuant to this Section 1.03, if it becomes effective, except upon the termination of this Agreement in accordance with Section 5.04, is irrevocable and is granted in consideration of TURN and MLC entering into this Agreement and the Merger Agreement and incurring certain

related fees and expenses. Shareholder hereby affirms that such irrevocable proxy, if it becomes effective, is coupled with an interest by reason of the Merger Agreement and, except upon the termination of this Agreement in accordance with Section 5.04, is intended to be irrevocable. Shareholder agrees, subject to this Section 1.03 and unless and until this Agreement is terminated in accordance with Section 5.04, to vote its MLC Common Shares (including any New MLC Common Shares) in accordance with Section 1.01(a) through Section 1.01(e) above. The Parties agree that the foregoing is a voting agreement.

ARTICLE 2

Representations and Warranties of Shareholder

Shareholder represents and warrants to TURN and MLC that:

Section 2.01 *Authorization*.

(a) Shareholder has all requisite power and authority to execute and deliver this Agreement and to consummate the transactions contemplated hereby and to perform his, her or its covenants and other obligations hereunder. The execution and delivery of this Agreement by Shareholder, the performance by Shareholder of his, her or its covenants and obligations hereunder and the consummation by Shareholder of the transactions contemplated hereby have been duly authorized by all necessary corporate or other entity action on the part of Shareholder (to the extent Shareholder is not a natural person), and no additional proceedings or actions on the part of Shareholder are necessary to authorize the execution and delivery of this Agreement, the performance by Shareholder of his, her or its covenants or other obligations hereunder, or the consummation of the transactions contemplated hereby.

(b) This Agreement has been duly executed and delivered by Shareholder and, assuming the due authorization, execution and delivery by TURN and MLC, constitutes a legal, valid and binding obligation of Shareholder, enforceable against Shareholder in accordance with its terms, except that such enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium and other similar Laws affecting or relating to creditors' rights generally and by general principles of equity. No consent of Shareholder's spouse (if Shareholder is a natural person) is necessary under any community property or other applicable Laws for Shareholder to enter into, and perform, his or her obligations under this Agreement.

Section 2.02 *Non-Contravention*. The execution, delivery and performance by Shareholder of this Agreement and the consummation of the transactions contemplated hereby do not and will not (i) violate any Law, (ii) require any consent or other action by any person under any provision of any agreement or other instrument binding on Shareholder, or (iii) result in the creation of any Lien upon the Covered Securities.

Section 2.03 *Actions and Proceedings*. As of the date hereof, there are no (a) Proceedings pending or, to the knowledge of Shareholder, threatened against Shareholder or (b) material orders, writs, judgments, injunctions, decrees or awards of any kind or nature that, in the case of either clause (a) or (b), would prevent, seek to prevent or materially delay, hinder, or impair the exercise by TURN and MLC of its rights under this Agreement or the ability of Shareholder to fully perform his, her or its covenants and obligations pursuant to this Agreement.

Section 2.04 *No Inconsistent Agreements*. Except for this Agreement, Shareholder has not:

(a) granted any proxies or powers of attorney, or any other authorization or consent with respect to any or all of his, her or its Covered Securities; or

(b) deposited any of his, her or its Covered Securities into a separate voting trust or entered into a voting agreement with respect to any of his, her or its Covered Securities (or any other agreement or arrangement with respect to the voting of such Covered Securities).

Section 2.05 *Ownership*. As of the date hereof, (a) Shareholder owns (whether beneficially or of record) those shares of MLC Common Shares set forth opposite Shareholder's name on Exhibit A and has (and, other than in connection with Transfers (as defined below) to Permitted Transferees (as defined below) in accordance with the terms hereof), will have at all times until the termination of this Agreement (in accordance with its terms) sole beneficial ownership, sole voting power (including the right to control such vote as contemplated herein), sole power

of disposition, sole power to issue instructions with respect to the matters set forth in Article 1 hereof, and sole power to agree to all of the matters set forth in this Agreement, free and clear of any adverse claim or other Liens (other than such Liens created by this Agreement, Liens applicable to the Covered Securities that may exist pursuant to applicable Laws, under MLC's organizational documents or customary Liens pursuant to the terms of any custody or similar agreement applicable to the Covered Securities held in brokerage accounts (collectively, "Permitted Liens")), (b) no person other than Shareholder has any right to direct or approve the voting or disposition of any of the Covered Securities, and (c) Shareholder has not entered into any contract, option or other arrangement or understanding with respect to the direct or indirect Transfer (as defined below) with respect to any of the Covered Securities, owned (whether beneficially or of record) by Shareholder.

Section 2.06 *Broker Fees*. There is no investment banker, broker, finder, agent or other Person that has been retained by or is authorized to act on behalf of Shareholder who is entitled to any financial advisor's, brokerage, finder's or other fee or commission payable by TURN or MLC in connection with this Agreement.

Section 2.07 *Acknowledgement*. Shareholder understands and acknowledges that TURN and MLC are entering into the Merger Agreement in reliance upon Shareholder's execution, delivery and performance of this Agreement and the accuracy of the representations and warranties of Shareholder contained herein.

ARTICLE 3

Representations and Warranties of TURN and MLC

TURN and MLC each severally (and not jointly or jointly and severally) represent and warrant to Shareholder that:

Section 3.01 *Authorization*.

(a) Such Party has all requisite corporate power and authority to execute and deliver this Agreement and to consummate the transactions contemplated hereby and to perform its obligations hereunder. The execution and delivery of this Agreement by such Party has been duly authorized by all necessary corporate action on the part of such Party, and no other corporate proceedings on the part of such Party are necessary to authorize the execution and delivery of this Agreement or the consummation of the transactions contemplated hereby.

(b) This Agreement has been duly executed and delivered by such Party and, assuming the due authorization, execution and delivery by Shareholder, constitutes a legal, valid and binding obligation of such Party, enforceable against it in accordance with its terms, except that such enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium and other similar Laws affecting or relating to creditors' rights generally and by general principles of equity.

Section 3.02 *Non-Contravention*. The execution, delivery and performance by such Party of this Agreement and the consummation of the transactions contemplated hereby do not and will not (a) violate any Law or (b) require any consent or other action by any person under any provision of any agreement or other instrument binding on such Party.

Section 3.03 *Actions and Proceedings*. As of the date hereof, there are no (a) Proceedings pending or, to the knowledge of such Party, threatened against such Party or any of its Affiliates or (b) material orders, writs, judgments, injunctions, decrees or awards of any kind or nature that, in the case of either clause (a) or (b), would prevent, seek to prevent or materially delay, hinder, or impair the exercise by Shareholder of its rights under this Agreement or the ability of such Party to fully perform its covenants and obligations pursuant to this Agreement.

Section 3.04 *No Other Representations*. Shareholder hereby acknowledges and agrees that, except for the representations and warranties of TURN and MLC expressly set in Article 3 of this Agreement, none of MLC, TURN, their respective Affiliates, any Representative of any of the foregoing or any other Person has made, and neither Shareholder or any other Person has relied on, any representation or warranty regarding the Shareholder, the sufficiency of the representations and warranties set forth herein or any other matter in connection with the entry by Shareholder into this Agreement.

ARTICLE 4
Covenants of Shareholder

Shareholder hereby covenants and agrees that:

Section 4.01 *No Proxies for or Encumbrances on Covered Securities*. Shareholder shall not, without the prior written consent of TURN and MLC, directly or indirectly, (i) grant any proxies, consents or powers of attorney or enter into any voting trust or other agreement or arrangement with respect to the voting of any Covered Securities or deposit any Covered Securities in a voting trust in a manner that may conflict or be inconsistent with the obligations of Shareholder set forth in this Agreement, or (ii) create or permit to exist any Lien (other than Permitted Liens), or take or agree to take any other action, that would or would reasonably be expected to prevent Shareholder from voting the Covered Securities owned (whether beneficially or of record) by it in accordance with this Agreement or from complying in all material respects with the other obligations under this Agreement.

Section 4.02 *No Transfer of Covered Securities*.

(a) During the period beginning on the date hereof and ending as of the termination of this Agreement in accordance with Section 5.04, except as consented to in advance in writing by each of TURN and MLC, Shareholder agrees not to, directly or indirectly, sell, transfer, assign, encumber, tender in any tender or exchange offer, pledge, hypothecate, exchange or otherwise dispose of (including by merger, special purpose business combination, consolidation, testamentary disposition, operation of law or otherwise), either voluntarily or involuntarily ("Transfer") the Covered Securities or any other securities exchangeable for, or convertible into, Covered Securities, other than to a Permitted Transferee (as defined below), or enter into any contract, option, hedging arrangement or other arrangement, commitment or understanding with respect to the direct or indirect Transfer of, any Covered Securities or any other securities exchangeable for, or convertible into, Covered Securities; provided that, a Transfer may be made to a Permitted Transferee only if (i) such Permitted Transferee agrees in writing to be bound by the terms of this Agreement as if they were a party hereto; (ii) such written instrument expressly provides TURN and MLC with the ability to enforce the obligations of Shareholder and the Permitted Transferee with respect to the Covered Securities (including causing the Covered Securities to vote in accordance with the Required Votes); and (iii) prompt notice of such Transfer to such Permitted Transferee is delivered to TURN and MLC pursuant to Section 5.05.

(b) From and after the date of this Agreement, until the termination of this Agreement in accordance with its terms, Shareholder agrees not to request MLC to register or otherwise recognize the transfer (book-entry or otherwise) of any Covered Securities or any certificate or uncertificated interest representing any of Shareholder's Covered Securities, except as permitted by, and in accordance with, this Agreement. Shareholder agrees to authorize and request MLC to notify MLC's transfer agent that there is a stop transfer order with respect to all of its shares of Covered Securities and that this Agreement places limits on the voting of its shares of Covered Securities; provided that, in the event of a Transfer permitted by this Section 4.02, TURN, MLC and Shareholder shall inform MLC that it can direct the transfer agent to transfer the shares of Covered Securities underlying the permitted Transfer to the transferee on the books of MLC.

(c) Any attempted Transfer of Covered Securities in violation of this Section 4.02 shall be null and void.

(d) A "Permitted Transferee" means, with respect to Shareholder, (i) to any person by will or the laws of intestacy, (ii) a spouse, lineal descendant or antecedent, brother or sister, adopted child or grandchild of the spouse of any child, adopted child, grandchild or adopted grandchild of Shareholder (if Shareholder is a natural person), (iii) any trust, the beneficiaries of which include only Shareholder and his or her family members (including the persons named in clause (ii)) (if Shareholder is a natural person), (iv) any partnership or limited liability company, all partners or members of which include only Shareholder and his or her family members (including the persons named in clause (ii)) and any trust named in clause (iii) (if Shareholder is a natural person), (v) if Shareholder is an entity, any of its partners (including limited or general partners), members, stockholders and affiliates in connection with a pro rata distribution of such Covered Securities, (vi) an entity qualified as a 501(c)(3) charitable organization, in connection with a *bona fide* gift or gifts thereto and (vii) in the event that Shareholder is a natural person, to any person by operation of law pursuant to a qualified domestic order, divorce settlement, divorce decree or similar separation agreement. For the avoidance of doubt, a Permitted Transferee may Transfer Covered

Securities to its own Permitted Transferees in accordance with the terms and subject to the conditions of this Section 4.02.

Section 4.03 *Additional Covered Securities*. Shareholder agrees that any Covered Securities (or other voting securities of MLC or any other securities exchangeable for, or convertible into, any voting securities of MLC) that Shareholder purchases or with respect to which Shareholder otherwise acquires or holds record or beneficial ownership after the date of this Agreement and prior to the termination of this Agreement ("New Covered Securities") shall be subject to the terms and conditions of this Agreement to the same extent as the Covered Securities currently owned by Shareholder (it being understood, for the avoidance of doubt, that any such New Covered Securities shall be subject to the terms of this Agreement as though owned by Shareholder on the date hereof, and the representations and warranties in Article 2 above shall be true and correct as of the date that beneficial ownership of such New Covered Securities is acquired).

Section 4.04 *No Solicitation*. Shareholder hereby agrees that, during the term of this Agreement, Shareholder shall not take any action, in his, her or its capacity as a shareholder of MLC, that MLC otherwise is then-prohibited from taking under Section 7.8 of the Merger Agreement. Notwithstanding anything to the contrary in this Agreement, solely to the extent MLC is permitted to take certain actions set forth in Section 7.8 of the Merger Agreement with respect to a Takeover Proposal, Shareholder in his or her capacity as an officer or director of MLC, if Shareholder is an officer or director, will be free to participate in any discussions or negotiations regarding such actions in accordance with and subject to the provisions of the Merger Agreement. For greater certainty, TURN and MLC agree and acknowledge that Shareholder is bound hereunder solely in his, her or its capacity as a securityholder of MLC and that the provisions of this Agreement shall not be deemed or interpreted to bind Shareholder in his or her capacity as a director or officer of MLC or any of MLC's subsidiaries. As such, nothing in this Agreement is intended to or shall be interpreted to limit or restrict Shareholder or any person from properly fulfilling his or her fiduciary duties as a director or officer of MLC or any of its subsidiaries, irrespective of whether any other provision of this Agreement explicitly references this Section 4.04.

Section 4.05 *Disclosure*. Shareholder hereby consents to and authorizes the publication and disclosure by TURN and MLC in the Joint Proxy Statement/Prospectus, Management Circular or other disclosure document required by applicable Law to be filed with the SEC or other Governmental Entity in connection with this Agreement, the Merger Agreement or the transactions contemplated hereby or thereby, of Shareholder's identity and ownership, this Agreement and the nature of Shareholder's commitments, arrangements and understandings pursuant to this Agreement and such other information required in connection with such disclosure; provided that TURN and MLC shall (with respect to any of its disclosures) give Shareholder and his, her or its legal counsel a reasonable opportunity to review and comment on such disclosures prior to any such disclosures being made public (provided, that by executing this Agreement, Shareholder hereby consents to the filing of this Agreement by TURN and MLC in the Joint Proxy Statement/Prospectus, Management Circular or other disclosure document required by applicable Law to be filed with the SEC or other Governmental Entity in connection with this Agreement, the Merger Agreement or the transactions contemplated hereby without any prior review by Shareholder or its legal counsel). As promptly as practicable after obtaining knowledge thereof, Shareholder shall notify TURN and MLC of any required corrections with respect to such information previously supplied by Shareholder to TURN or MLC hereunder, if and to the extent that any such information shall have become false or misleading in any material respect.

Section 4.06 *Appraisal and Dissenter's Rights*. Shareholder hereby irrevocably waives, and agrees not to exercise, any rights of appraisal or rights of dissent from the Mergers or MLC Domestication that such Shareholder may have with respect to the Covered Securities or any other securities MLC or any of its Subsidiaries or any other securities exchangeable for, or convertible into, any voting securities of the MLC or any of its Subsidiaries.

Section 4.07 *Share Dividends, etc*. In the event of a stock split, stock dividend or distribution, or any split-up, reverse stock split, recapitalization, combination, reclassification, reincorporation, exchange of shares or the like, in each case affecting the Covered Securities, the terms "Covered Securities", "New Covered Securities", "MLC Common Share" and "New MLC Common Share" shall be deemed to refer to and include such shares as well as all such stock dividends and distributions and any securities into which or for which any or all of such shares may be changed or exchanged or which are received in such transaction, as applicable.

Section 5.02 *Further Assurances*.

(a) TURN, MLC and Shareholder will each execute and deliver, or cause to be executed and delivered, all further documents and instruments and use reasonable best efforts to take, or cause to be taken, all actions and to do, or cause to be done, all things necessary, proper or advisable under applicable Law, to consummate and make effective the transactions contemplated by this Agreement.

Section 5.03 *Amendments and Waivers*.

(a) Any provision of this Agreement may be amended or waived if, but only if, such amendment or waiver is in writing and is signed by each Party to this Agreement.

(b) No failure or delay by any Party in exercising any right, power or privilege hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The rights and remedies herein provided shall be cumulative and not exclusive of any rights or remedies provided by Law.

Section 5.04 *Termination*. This Agreement shall terminate upon the earliest to occur of (i) the termination of the Merger Agreement, (ii) the mutual written consent of TURN, MLC and Shareholder and (iii) the consummation of the Mergers; provided that, notwithstanding anything in this Agreement to the contrary, the termination of this Agreement shall not relieve any Party hereto of liability for any breach prior to such termination. Subject to the foregoing, upon any termination of this Agreement, this Agreement shall thereupon become void and of no further force and effect, and there shall be no liability in respect of this Agreement or of any transactions contemplated hereby on the part of any Party hereto. Notwithstanding the preceding sentence, Article 5 of this Agreement (except for Sections 5.02 and 5.03) shall survive any termination of this Agreement. The representations, warranties and covenants contained herein shall not survive the termination of this Agreement.

Section 5.05 *Notices*. All notices, requests, claims, demands and other communications hereunder shall be in writing and shall be deemed given if delivered to TURN and MLC in accordance with Section 11.4 of the Merger Agreement and to Shareholder at its address set forth in Exhibit A attached hereto (or at such other address for a Party as shall be specified by like notice). Shareholder shall be required to give each of TURN and MLC prompt (and in any event within 24 hours) written notice of any breaches of any representation, warranty, covenant or agreement of Shareholder set forth in this Agreement that would prevent or delay the performance by Shareholder of its obligations under this Agreement in any material respect.

Section 5.06 *Expenses*. All costs and expenses incurred in connection with this Agreement shall be paid by the Party incurring such cost or expense.

Section 5.07 *Successors and Assigns*. The provisions of this Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective successors and assigns; provided that no Party hereto may assign, delegate or otherwise transfer any of its rights or obligations under this Agreement without the consent of the other Parties hereto, except that TURN and MLC may transfer or assign its rights and obligations to any Affiliate of TURN or MLC, as applicable.

Section 5.08 *Governing Law.* This Agreement and all Proceedings (whether based on Contract, tort or otherwise) based upon, arising out of, or related to this Agreement, the Transactions, or the actions of TURN, MLC or the Shareholder in the negotiation, administration, performance and enforcement thereof, shall be governed by, and construed in accordance with, the Laws of the State of New York, without giving effect to principles or rules of conflict of laws to the extent such principles or rules would require or permit the application of Laws of another jurisdiction.

Section 5.09 *Jurisdiction.* Each of the Parties hereto hereby expressly, irrevocably and unconditionally submits, for itself and its property, to the exclusive jurisdiction of any court of the State of New York sitting in New York County, or (y) if such state court lacks subject matter jurisdiction, the United States District Court for Southern District of New York, and, in each case, the appellate courts to which orders and judgments therefore may be appealed, in any Proceeding based upon, arising out of or relating to this Agreement or for recognition or enforcement of any judgment relating thereto, and each of the Parties hereby irrevocably and unconditionally (i) agrees not to commence any such Proceeding except in such courts, (ii) agrees that any claim in respect of any such Proceeding may be heard and determined in any court of the State of New York sitting in New York County, or (y) if such state court lacks subject matter jurisdiction, the United States District Court for Southern District of New York, (iii) waives, to the fullest extent it may legally and effectively do so, any objection which it may now or hereafter have to the laying of venue of any such Proceeding in any court of the State of New York sitting in New York County, or (y) if such state court lacks subject matter jurisdiction, the United States District Court for Southern District of New York and (iv) waives, to the fullest extent permitted by Law, the defense of an inconvenient forum to the maintenance of such Proceeding in any court of the State of New York sitting in New York County, or (y) if such state court lacks subject matter jurisdiction, the United States District Court for Southern District of New York. Each of the Parties hereto agrees that a final judgment in any such Proceeding shall be conclusive and may be

enforced by a court of competent jurisdiction in other jurisdictions by suit on the judgment or in any other manner provided by Law. Each Party to this Agreement irrevocably consents to service of process outside the territorial jurisdiction of the courts referred to in this Section 5.09 in any such Proceeding by mailing copies thereof by registered or certified U.S. mail, postage prepaid, return receipt requested, to its address as specified in or pursuant to Section 5.05. However, nothing in this Agreement will affect the right of any Party to this Agreement to serve process on any other Party in any other manner permitted by Law.

Section 5.10 *Waiver of Jury Trial*. EACH PARTY HERETO ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE EACH SUCH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT AND THE TRANSACTIONS CONTEMPLATED HEREBY.

Section 5.11 *Counterparts; Effectiveness*. This Agreement and any signed agreement or instrument entered into in connection with this Agreement may be executed in two or more counterparts, each such counterpart being deemed to be an original instrument and all such counterparts together constituting the same agreement and, to the extent signed and delivered by means of a facsimile machine or telecopy, by email delivery of a ".pdf" or ".jpg" format data file or by any electronic signature complying with the U.S. federal ESIGN Act of 2000, shall be treated in all manner and respects as an original agreement or instrument and shall be considered to have the same binding legal effect as if it were the original signed version thereof delivered in person. No Party hereto or to any such agreement or instrument shall raise the use of a facsimile machine or telecopy, email delivery of a ".pdf" or ".jpg" format data file or electronic signature complying with the U.S. federal ESIGN Act of 2000 to deliver a signature to this Agreement or any amendment hereto or the fact that any signature or agreement or instrument was transmitted or communicated through the use of a facsimile machine or telecopy, email delivery of a ".pdf" or ".jpg" format data file or by any electronic signature complying with the U.S. federal ESIGN Act of 2000 as a defense to the formation of a contract and each Party hereto forever waives any such defense.

Section 5.12 *Severability*. If any term or other provision of this Agreement is held by a court of competent jurisdiction or other authority to be invalid, illegal or incapable of being enforced by any rule of Law or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in a mutually acceptable manner to the end that the Mergers are consummated as originally contemplated to the fullest extent possible.

Section 5.13 *Remedies Cumulative; Specific Performance*. The Parties hereto agree that irreparable damage would occur, and that the Parties would not have any adequate remedy at law, in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached (including any party hereto failing to take such actions as are required of it hereunder to consummate the Transactions). It is accordingly agreed that the Parties shall be entitled to an injunction or injunctions, specific performance and other equitable relief to prevent breaches of this Agreement and to specifically enforce the terms and provisions of this Agreement, without proof of actual damages or otherwise, in addition to any other remedy to which any Party is entitled at law or in equity. Each Party agrees that it will not oppose the granting of an injunction, specific performance and other equitable relief on the basis that any other Party has an adequate remedy at law or that any award of specific performance is not an appropriate remedy for any reason at law or in equity. Any Party seeking an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement shall not be required to provide any bond or other security in connection with any such order or injunction. The Parties further agree not to assert that a remedy of specific enforcement is unenforceable, invalid, contrary to law or inequitable for any reason, nor to assert that a remedy of monetary damages would provide an adequate remedy.

Section 5.14 *Entire Agreement*. This Agreement, the documents, instruments and agreements delivered in connection with the Mergers, including the Exhibit, constitute the entire agreement of the Parties and supersede all prior agreements and undertakings, both written and oral, among the Parties, or any of them, with respect to the subject matter hereof and, except as otherwise expressly provided herein, are not intended to confer upon any other person any rights or remedies hereunder or thereunder.

Section 5.15 *No Third-Party Beneficiaries*. Each of TURN, MLC and Shareholder agrees that (a) his, her or its respective representations, warranties, covenants and agreements set forth herein are solely for the benefit of the other Parties hereto in accordance with and subject to the terms of this Agreement and (b) this Agreement is not intended to, and shall not, confer upon any other person any rights or remedies hereunder.

Section 5.16 *Ownership Interest*. Nothing contained in this Agreement shall be deemed to vest in TURN or MLC any direct or indirect ownership or incidence of ownership of or with respect to any Covered Securities beneficially owned by Shareholder. All rights, ownership and economic benefits of and relating to such Covered Securities shall remain vested in and belong to Shareholder, and TURN and MLC shall not have any authority to direct Shareholder in the voting or disposition of such Covered Securities except as otherwise provided herein.

Section 5.17 *Capacity*. Shareholder is entering into this Agreement solely in his, her or its capacity as the record holder or beneficial owner of the Covered Securities and nothing herein shall limit, restrict or otherwise affect any actions taken by Shareholder in his or her capacity as director, officer or employee of MLC (if applicable) (including from acting in such capacity or voting in such capacity in his or her sole discretion on any matter, including causing MLC or any of its Subsidiaries to exercise rights under the Merger Agreement (in accordance with the terms thereof)), and no such actions or omissions shall be deemed a breach of this Agreement. Furthermore, nothing in this Agreement shall be construed to prohibit, limit or restrict Shareholder, in his or her capacity as a director or officer of MLC or any of its Subsidiaries (if applicable), from exercising Shareholder's fiduciary duties as a director or officer of MLC or any of its Subsidiaries, in each cash, however, in accordance with the applicable terms of the Merger Agreement.

ANNEX D - FORM OF VOTING AGREEMENT - 180 DEGREE CAPITAL SHAREHOLDER

VOTING AGREEMENT

This VOTING AGREEMENT (this "Agreement") is made and entered into as of [●], 2025, by and between Mount Logan Capital Inc., a corporation organized under the Laws of Ontario, Canada ("MLC"), 180 Degree Capital Corp., a New York corporation (the "TURN") and [●] ("Shareholder" and, together with MLC and TURN, the "Parties"), a shareholder of TURN. Unless otherwise indicated in this Agreement, capitalized words and phrases in this Agreement shall have the meanings set forth in the Merger Agreement (as defined below).

WHEREAS, as of the date hereof, Shareholder is the record or "beneficial" owner (as defined in Rule 13d-3 under the Exchange Act) of the number of shares of Common Stock, $0.03 par value per share, of TURN (collectively, the "TURN Common Stock"), set forth opposite Shareholder's name on Exhibit A;

WHEREAS, concurrently with the execution and delivery of this Agreement, MLC, TURN, Yukon New Parent, Inc., a Delaware corporation and wholly-owned subsidiary of TURN ("New Parent"), Polar Merger Sub, Inc., a New York corporation and wholly-owned subsidiary of New Parent ("TURN Merger Sub"), and [MLC Merger Sub], Inc., a Delaware corporation and wholly-owned subsidiary of New Parent ("MLC Merger Sub") have entered into an Agreement and Plan of Merger, dated as of the date hereof (as may be amended, supplemented or otherwise modified from time to time, the "Merger Agreement"), pursuant to which, among other things, upon the terms and subject to the conditions thereof, at the Effective Time, (i) TURN Merger Sub will merge with and into TURN with TURN surviving the merger (the "TURN Merger") and (ii) MLC Merger Sub will merge with and into MLC with MLC surviving the merger (the "MLC Merger" and, together, the "Mergers");

WHEREAS, adoption of the Merger Agreement and the approval of the other TURN Matters by the requisite shareholders of TURN is a condition to the consummation of the Mergers;

WHEREAS, as of the date hereof and subject to the terms and conditions herein, the Shareholder has determined to vote in favor of the TURN Matters and in furtherance thereof has agreed to enter into this Agreement; and

WHEREAS, in order to induce TURN and MLC to enter into the Merger Agreement, TURN and MLC has requested Shareholder, and Shareholder has agreed, to enter into this Agreement with respect to all TURN Common Stock, now or hereafter "beneficially owned" by Shareholder (the "Covered Securities").

NOW, THEREFORE, in consideration of the foregoing, the mutual covenants and agreements set forth herein, and other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, intending to be legally bound, the Parties hereto agree as follows:

ARTICLE 1

Voting Agreement; Grant of Proxy

Section 1.01 *Voting Agreement*. From the date hereof until the termination of this Agreement in accordance with Section 5.04, Shareholder shall (x) attend each meeting (whether annual or special and each adjourned or postponed meeting and including the TURN Shareholders Meeting) of the shareholders of TURN concerning proposals related to the Mergers, the Merger Agreement, the TURN Matters, any Takeover Proposal or any other transaction contemplated by the Merger Agreement or at which any matter set forth in this Section 1.01 is being considered, however called, or otherwise cause all of the TURN Common Stock owned (whether beneficially or of record) as at the record date of any such meeting by Shareholder to be counted as present thereat for purposes of calculating a quorum, and respond to each request by TURN for written consent, if any, and (y) vote or cause to be voted (including by proxy or written consent, if applicable, with respect to) all TURN Common Stock (including any shares of TURN Common Stock that Shareholder purchases or with respect to which Shareholder otherwise acquires or holds record or beneficial ownership after the date of this Agreement and prior to the record date of any meeting of the shareholders of TURN as contemplated in this Section 1.01 (the "New TURN Common Stock"), as applicable) owned (whether beneficially or of record) at such time by Shareholder:

(a) with respect to each meeting at which a vote of Shareholder on adoption of the Merger Agreement or other TURN Matters is requested (a "Merger Proposal"), in favor of such Merger Proposal (and, in the event that such Merger Proposal is presented as more than one proposal, in favor of each proposal that is part of such Merger Proposal), and in favor of any other transactions or matters expressly contemplated by the Merger Agreement;

(b) against any Takeover Proposal, without regard to the terms of such Takeover Proposal, or any other transaction, proposal, agreement or action made in opposition to adoption of any Merger Proposal or in competition or inconsistent with the Mergers and the other transactions or matters contemplated by the Merger Agreement (including any Merger Proposal);

(c) against any other action, agreement or transaction that is intended, or that would or would reasonably be expected, to materially impede, interfere with, delay, postpone, discourage or adversely affect the Mergers or any of the other transactions expressly contemplated by the Merger Agreement or the performance by Shareholder of his, her or its obligations under this Agreement;

(d) against any action, proposal, transaction or agreement that would or would reasonably be expected to result in a breach in any material respect of any covenant, representation or warranty or any other obligation or agreement of TURN contained in the Merger Agreement, or of Shareholder contained in this Agreement; and

(e) in favor of any other matter necessary to the consummation of the transactions contemplated by the Merger Agreement, including the Mergers (clauses (a) through (e) of this Section 1.01, the "Required Votes").

Section 1.02 *Solicitation*. Shareholder further agrees that, until the termination of this Agreement, Shareholder will not (a) solicit proxies or become a "participant" in a "solicitation" (as such terms are defined in Rule 14A under the Exchange Act) in connection with either any proposal against the Merger Agreement and the Mergers or any Takeover Proposal, (b) subject to Section 5.17, initiate a shareholders' vote with respect to any Takeover Proposal, or (c) become a member of a "group" (as such term is used in Section 13(d) of the Exchange Act) with respect to any voting securities of TURN with respect to any Takeover Proposal.

Section 1.03 *Irrevocable Proxy*.

(a) Shareholder hereby revokes any and all previous proxies or voting instructions granted by Shareholder with respect to TURN Common Stock owned (whether beneficially or of record) by it as of the date of this Agreement that may conflict or be inconsistent with the obligations of Shareholder set forth in this Agreement. By entering into this Agreement, Shareholder hereby irrevocably grants to, and appoints, TURN, MLC and any designee of TURN or MLC (determined in TURN's or MLC's sole discretion) as Shareholder's attorney-in-fact and proxy, with full power of substitution and resubstitution, for and in Shareholder's name, to vote, or cause to be voted (including by proxy or written consent, if applicable) (until the termination of this Agreement in accordance with Section 5.04) any Covered Securities owned (whether beneficially or of record) by Shareholder solely to the extent, and in the manner, expressly set forth with respect to the Required Votes in Section 1.01; provided that the Shareholder's grant of the proxy contemplated by this Section 1.03 shall be effective if, and only if, the Shareholder has not delivered to TURN prior to the meeting at which any of the matters described in Section 1.01 are to be considered, a copy of a duly executed irrevocable proxy card or voting instruction form directing that the shares of TURN Common Stock of the Shareholder be voted in accordance with the Required Votes; provided, further, that any grant of such proxy shall only entitle TURN or MLC or its designee to vote on the matters specified by Section 1.01, and the Shareholder shall retain the authority to vote on all other matters.

(b) The proxy granted by Shareholder pursuant to this Section 1.03, if it becomes effective, except upon the termination of this Agreement in accordance with Section 5.04, is irrevocable and is granted in consideration of TURN and MLC entering into this Agreement and the Merger Agreement and incurring certain related fees and expenses. Shareholder hereby affirms that such irrevocable proxy, if it becomes effective, is coupled with an interest by reason of the Merger Agreement and, except upon the termination of this Agreement in accordance with Section 5.04, is intended to be irrevocable. Shareholder agrees, subject to this Section 1.03 and unless and until this Agreement is terminated in accordance with Section 5.04, to vote its TURN Common Stock (including any New TURN Common Stock) in accordance with Section 1.01(a) through Section 1.01(e) above. The Parties agree that the foregoing is a voting agreement.

ARTICLE 2

Representations and Warranties of Shareholder

Shareholder represents and warrants to TURN and MLC that:

Section 2.01 *Authorization*.

(a) Shareholder has all requisite power and authority to execute and deliver this Agreement and to consummate the transactions contemplated hereby and to perform his, her or its covenants and other obligations hereunder. (b) This Agreement has been duly executed and delivered by Shareholder and, assuming the due authorization, execution and delivery by TURN and MLC, constitutes a legal, valid and binding obligation of Shareholder, enforceable against Shareholder in accordance with its terms, except that such enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium and other similar Laws affecting or relating to creditors' rights generally and by general principles of equity. No consent of Shareholder's spouse (if Shareholder is a natural person) is necessary under any community property or other applicable Laws for Shareholder to enter into, and perform, his or her obligations under this Agreement.

Section 2.02 *Non-Contravention*. The execution, delivery and performance by Shareholder of this Agreement and the consummation of the transactions contemplated hereby do not and will not (i) violate any Law, (ii) require any consent or other action by any person under any provision of any agreement or other instrument binding on Shareholder, or (iii) result in the creation of any Lien upon the Covered Securities.

Section 2.03 *Actions and Proceedings*. As of the date hereof, there are no (a) Proceedings pending or, to the knowledge of Shareholder, threatened against Shareholder or (b) material orders, writs, judgments, injunctions, decrees or awards of any kind or nature that, in the case of either clause (a) or (b), would prevent, seek to prevent or materially delay, hinder, or impair the exercise by TURN and MLC of its rights under this Agreement or the ability of Shareholder to fully perform his, her or its covenants and obligations pursuant to this Agreement.

Section 2.04 *No Inconsistent Agreements*. Except for this Agreement, Shareholder has not:

Section 2.05 *Ownership*. As of the date hereof, (a) Shareholder owns (whether beneficially or of record) those shares of TURN Common Stock set forth opposite Shareholder's name on Exhibit A and has (and, other than in connection with Transfers (as defined below) to Permitted Transferees (as defined below) in accordance with the terms hereof), will have at all times until the termination of this Agreement (in accordance with its terms) sole beneficial ownership, sole voting power (including the right to control such vote as contemplated herein), sole power of disposition, sole power to issue instructions with respect to the matters set forth in Article 1 hereof, and sole power to agree to all of the matters set forth in this Agreement, free and clear of any adverse claim or other Liens (other than such Liens created by this Agreement, Liens applicable to the Covered Securities that may exist pursuant to applicable Laws, under TURN's organizational documents or customary Liens pursuant to the terms of any custody or similar agreement applicable to the Covered Securities held in brokerage accounts (collectively, "Permitted Liens")), (b) no person other than Shareholder has any right to direct or approve the voting or disposition of any of the Covered Securities, and (c) Shareholder has not entered into any contract, option or other arrangement

or understanding with respect to the direct or indirect Transfer (as defined below) with respect to any of the Covered Securities, owned (whether beneficially or of record) by Shareholder.

Section 2.06 *Broker Fees*. There is no investment banker, broker, finder, agent or other Person that has been retained by or is authorized to act on behalf of Shareholder who is entitled to any financial advisor's, brokerage, finder's or other fee or commission payable by TURN or MLC in connection with this Agreement.

Section 2.07 *Acknowledgement*. Shareholder understands and acknowledges that TURN and MLC are entering into the Merger Agreement in reliance upon Shareholder's execution, delivery and performance of this Agreement and the accuracy of the representations and warranties of Shareholder contained herein.

ARTICLE 3

Representations and Warranties of TURN and MLC

TURN and MLC each severally (and not jointly or jointly and severally) represent and warrant to Shareholder that:

Section 3.01 *Authorization*.

(a) Such Party has all requisite corporate power and authority to execute and deliver this Agreement and to consummate the transactions contemplated hereby and to perform its obligations hereunder. The execution and delivery of this Agreement by such Party has been duly authorized by all necessary corporate action on the part of such Party, and no other corporate proceedings on the part of such Party are necessary to authorize the execution and delivery of this Agreement or the consummation of the transactions contemplated hereby.

(b) This Agreement has been duly executed and delivered by such Party and, assuming the due authorization, execution and delivery by Shareholder, constitutes a legal, valid and binding obligation of such Party, enforceable against it in accordance with its terms, except that such enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium and other similar Laws affecting or relating to creditors' rights generally and by general principles of equity.

Section 3.02 *Non-Contravention*. The execution, delivery and performance by such Party of this Agreement and the consummation of the transactions contemplated hereby do not and will not (a) violate any Law or (b) require any consent or other action by any person under any provision of any agreement or other instrument binding on such Party.

Section 3.03 *Actions and Proceedings*. As of the date hereof, there are no (a) Proceedings pending or, to the knowledge of such Party, threatened against such Party or any of its Affiliates or (b) material orders, writs, judgments, injunctions, decrees or awards of any kind or nature that, in the case of either clause (a) or (b), would prevent, seek to prevent or materially delay, hinder, or impair the exercise by Shareholder of its rights under this Agreement or the ability of such Party to fully perform its covenants and obligations pursuant to this Agreement.

Section 3.04 *No Other Representations*. Shareholder hereby acknowledges and agrees that, except for the representations and warranties of TURN and MLC expressly set in Article 3 of this Agreement, none of MLC, TURN, their respective Affiliates, any Representative of any of the foregoing or any other Person has made, and neither Shareholder or any other Person has relied on, any representation or warranty regarding the Shareholder, the sufficiency of the representations and warranties set forth herein or any other matter in connection with the entry by Shareholder into this Agreement.

ARTICLE 4

Covenants of Shareholder

Shareholder hereby covenants and agrees that:

Section 4.01 *No Proxies for or Encumbrances on Covered Securities*. Shareholder shall not, without the prior written consent of TURN and MLC, directly or indirectly, (i) grant any proxies, consents or powers of attorney

or enter into any voting trust or other agreement or arrangement with respect to the voting of any Covered Securities or deposit any Covered Securities in a voting trust in a manner that may conflict or be inconsistent with the obligations of Shareholder set forth in this Agreement, or (ii) create or permit to exist any Lien (other than Permitted Liens), or take or agree to take any other action, that would or would reasonably be expected to prevent Shareholder from voting the Covered Securities owned (whether beneficially or of record) by it in accordance with this Agreement or from complying in all material respects with the other obligations under this Agreement.

Section 4.02 *No Transfer of Covered Securities*.

(a) During the period beginning on the date hereof and ending as of the termination of this Agreement in accordance with Section 5.04, except as consented to in advance in writing by each of TURN and MLC, Shareholder agrees not to, directly or indirectly, sell, transfer, assign, encumber, tender in any tender or exchange offer, pledge, hypothecate, exchange or otherwise dispose of (including by merger, special purpose business combination, consolidation, testamentary disposition, operation of law or otherwise), either voluntarily or involuntarily ("Transfer") the Covered Securities or any other securities exchangeable for, or convertible into, Covered Securities, other than to a Permitted Transferee (as defined below), or enter into any contract, option, hedging arrangement or other arrangement, commitment or understanding with respect to the direct or indirect Transfer of, any Covered Securities or any other securities exchangeable for, or convertible into, Covered Securities; provided that, a Transfer may be made to a Permitted Transferee only if (i) such Permitted Transferee agrees in writing to be bound by the terms of this Agreement as if they were a party hereto; (ii) such written instrument expressly provides TURN and MLC with the ability to enforce the obligations of Shareholder and the Permitted Transferee with respect to the Covered Securities (including causing the Covered Securities to vote in accordance with the Required Votes); and (iii) prompt notice of such Transfer to such Permitted Transferee is delivered to TURN and MLC pursuant to Section 5.05.

(b) From and after the date of this Agreement, until the termination of this Agreement in accordance with its terms, Shareholder agrees not to request TURN to register or otherwise recognize the transfer (book-entry or otherwise) of any Covered Securities or any certificate or uncertificated interest representing any of Shareholder's Covered Securities, except as permitted by, and in accordance with, this Agreement. Shareholder agrees to authorize and request TURN to notify TURN's transfer agent that there is a stop transfer order with respect to all of its shares of Covered Securities and that this Agreement places limits on the voting of its shares of Covered Securities; provided that, in the event of a Transfer permitted by this Section 4.02, TURN, MLC and Shareholder shall inform TURN that it can direct the transfer agent to transfer the shares of Covered Securities underlying the permitted Transfer to the transferee on the books of TURN.

(c) Any attempted Transfer of Covered Securities in violation of this Section 4.02 shall be null and void.

(d) A "Permitted Transferee" means, with respect to Shareholder, (i) to any person by will or the laws of intestacy, (ii) a spouse, lineal descendant or antecedent, brother or sister, adopted child or grandchild of the spouse of any child, adopted child, grandchild or adopted grandchild of Shareholder (if Shareholder is a natural person), (iii) any trust, the beneficiaries of which include only Shareholder and his or her family members (including the persons named in clause (ii)) (if Shareholder is a natural person), (iv) any partnership or limited liability company, all partners or members of which include only Shareholder and his or her family members (including the persons named in clause (ii)) and any trust named in clause (iii) (if Shareholder is a natural person), (v) if Shareholder is an entity, any of its partners (including limited or general partners), members, stockholders and affiliates in connection with a pro rata distribution of such Covered Securities, (vi) an entity qualified as a 501(c)(3) charitable organization, in connection with a *bona fide* gift or gifts thereto and (vii) in the event that Shareholder is a natural person, to any person by operation of law pursuant to a qualified domestic order, divorce settlement, divorce decree or similar separation agreement. For the avoidance of doubt, a Permitted Transferee may Transfer Covered Securities to its own Permitted Transferees in accordance with the terms and subject to the conditions of this Section 4.02.

Section 4.03 *Additional Covered Securities*. Shareholder agrees that any Covered Securities (or other voting securities of TURN or any other securities exchangeable for, or convertible into, any voting securities of TURN) that Shareholder purchases or with respect to which Shareholder otherwise acquires or holds record or beneficial ownership after the date of this Agreement and prior to the termination of this Agreement ("New Covered Securities") shall be subject to the terms and conditions of this Agreement to the same extent as the Covered

Securities currently owned by Shareholder (it being understood, for the avoidance of doubt, that any such New Covered Securities shall be subject to the terms of this Agreement as though owned by Shareholder on the date hereof, and the representations and warranties in Article 2 above shall be true and correct as of the date that beneficial ownership of such New Covered Securities is acquired).

Section 4.04 *No Solicitation*. Shareholder hereby agrees that, during the term of this Agreement, Shareholder shall not take any action, in his, her or its capacity as a shareholder of TURN, that TURN otherwise is then-prohibited from taking under Section 7.8 of the Merger Agreement. Notwithstanding anything to the contrary in this Agreement, solely to the extent TURN is permitted to take certain actions set forth in Section 7.8 of the Merger Agreement with respect to a Takeover Proposal, Shareholder in his or her capacity as an officer or director of TURN, if Shareholder is an officer or director, will be free to participate in any discussions or negotiations regarding such actions in accordance with and subject to the provisions of the Merger Agreement. For greater certainty, TURN and MLC agree and acknowledge that Shareholder is bound hereunder solely in his, her or its capacity as a securityholder of TURN and that the provisions of this Agreement shall not be deemed or interpreted to bind Shareholder in his or her capacity as a director or officer of TURN or any of TURN's subsidiaries. As such, nothing in this Agreement is intended to or shall be interpreted to limit or restrict Shareholder or any person from properly fulfilling his or her fiduciary duties as a director or officer of TURN or any of its subsidiaries, irrespective of whether any other provision of this Agreement explicitly references this Section 4.04.

Section 4.05 *Disclosure*. Shareholder hereby consents to and authorizes the publication and disclosure by TURN and MLC in the Joint Proxy Statement/Prospectus or other disclosure document required by applicable Law to be filed with the SEC or other Governmental Entity in connection with this Agreement, the Merger Agreement or the transactions contemplated hereby or thereby, of Shareholder's identity and ownership, this Agreement and the nature of Shareholder's commitments, arrangements and understandings pursuant to this Agreement and such other information required in connection with such disclosure; provided that TURN and MLC shall (with respect to any of its disclosures) give Shareholder and his, her or its legal counsel a reasonable opportunity to review and comment on such disclosures prior to any such disclosures being made public (provided, that by executing this Agreement, Shareholder hereby consents to the filing of this Agreement by TURN and MLC in the Joint Proxy Statement/Prospectus, Management Circular or other disclosure document required by applicable Law to be filed with the SEC or other Governmental Entity in connection with this Agreement, the Merger Agreement or the transactions contemplated hereby without any prior review by Shareholder or its legal counsel). As promptly as practicable after obtaining knowledge thereof, Shareholder shall notify TURN and MLC of any required corrections with respect to such information previously supplied by Shareholder to TURN or MLC hereunder, if and to the extent that any such information shall have become false or misleading in any material respect.

Section 4.06 *Appraisal and Dissenter's Rights*. Shareholder hereby irrevocably waives, and agrees not to exercise, any rights of appraisal or rights of dissent from the Mergers that such Shareholder may have with respect to the Covered Securities or any other securities TURN or any of its Subsidiaries or any other securities exchangeable for, or convertible into, any voting securities of the TURN or any of its Subsidiaries.

Section 4.07 *Share Dividends, etc*. In the event of a stock split, stock dividend or distribution, or any split-up, reverse stock split, recapitalization, combination, reclassification, reincorporation, exchange of shares or the like, in each case affecting the Covered Securities, the terms "Covered Securities", "New Covered Securities", "TURN Common Stock" and "New TURN Common Stock" shall be deemed to refer to and include such shares as well as all such stock dividends and distributions and any securities into which or for which any or all of such shares may be changed or exchanged or which are received in such transaction, as applicable.

Section 5.04 *Termination*. This Agreement shall terminate upon the earliest to occur of (i) the termination of the Merger Agreement, (ii) the mutual written consent of TURN, MLC and Shareholder and (iii) the consummation of the Mergers; provided that, notwithstanding anything in this Agreement to the contrary, the termination of this Agreement shall not relieve any Party hereto of liability for any breach prior to such termination. Subject to the foregoing, upon any termination of this Agreement, this Agreement shall thereupon become void and of no further force and effect, and there shall be no liability in respect of this Agreement or of any transactions contemplated hereby on the part of any Party hereto. Notwithstanding the preceding sentence, Article 5 of this Agreement (except for Sections 5.02 and 5.03) shall survive any termination of this Agreement. The representations, warranties and covenants contained herein shall not survive the termination of this Agreement.

Section 5.05 *Notices*. All notices, requests, claims, demands and other communications hereunder shall be in writing and shall be deemed given if delivered to TURN and MLC in accordance with Section 11.4 of the Merger Agreement and to Shareholder at its address set forth in Exhibit A attached hereto (or at such other address for a Party as shall be specified by like notice). Shareholder shall be required to give each of TURN and MLC prompt (and in any event within 24 hours) written notice of any breaches of any representation, warranty, covenant or agreement of Shareholder set forth in this Agreement that would prevent or delay the performance by Shareholder of its obligations under this Agreement in any material respect.

Section 5.06 *Expenses*. All costs and expenses incurred in connection with this Agreement shall be paid by the Party incurring such cost or expense.

Section 5.07 *Successors and Assigns*. The provisions of this Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective successors and assigns; provided that no Party hereto may assign, delegate or otherwise transfer any of its rights or obligations under this Agreement without the consent of the other Parties hereto, except that TURN and MLC may transfer or assign its rights and obligations to any Affiliate of TURN or MLC, as applicable.

Section 5.08 *Governing Law.* This Agreement and all Proceedings (whether based on Contract, tort or otherwise) based upon, arising out of, or related to this Agreement, the Transactions, or the actions of TURN, MLC or the Shareholder in the negotiation, administration, performance and enforcement thereof, shall be governed by, and construed in accordance with, the Laws of the State of New York, without giving effect to principles or rules of conflict of laws to the extent such principles or rules would require or permit the application of Laws of another jurisdiction.

Section 5.09 *Jurisdiction.* Each of the Parties hereto hereby expressly, irrevocably and unconditionally submits, for itself and its property, to the exclusive jurisdiction of any court of the State of New York sitting in New York County, or (y) if such state court lacks subject matter jurisdiction, the United States District Court for Southern District of New York, and, in each case, the appellate courts to which orders and judgments therefore may be appealed, in any Proceeding based upon, arising out of or relating to this Agreement or for recognition or enforcement of any judgment relating thereto, and each of the Parties hereby irrevocably and unconditionally (i) agrees not to commence any such Proceeding except in such courts, (ii) agrees that any claim in respect of any such Proceeding may be heard and determined in any court of the State of New York sitting in New York County, or (y) if such state court lacks subject matter jurisdiction, the United States District Court for Southern District of New York, (iii) waives, to the fullest extent it may legally and effectively do so, any objection which it may now or hereafter have to the laying of venue of any such Proceeding in any court of the State of New York sitting in New York County, or (y) if such state court lacks subject matter jurisdiction, the United States District Court for Southern District of New York and (iv) waives, to the fullest extent permitted by Law, the defense of an inconvenient forum to the maintenance of such Proceeding in any court of the State of New York sitting in New York County, or (y) if such state court lacks subject matter jurisdiction, the United States District Court for Southern District of New York. Each of the Parties hereto agrees that a final judgment in any such Proceeding shall be conclusive and may be enforced by a court of competent jurisdiction in other jurisdictions by suit on the judgment or in any other manner provided by Law. Each Party to this Agreement irrevocably consents to service of process outside the territorial jurisdiction of the courts referred to in this Section 5.09 in any such Proceeding by mailing copies thereof by registered or certified U.S. mail, postage prepaid, return receipt requested, to its address as specified in or pursuant

to Section 5.05. However, nothing in this Agreement will affect the right of any Party to this Agreement to serve process on any other Party in any other manner permitted by Law.

Section 5.10 *Waiver of Jury Trial*. EACH PARTY HERETO ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE EACH SUCH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT AND THE TRANSACTIONS CONTEMPLATED HEREBY.

Section 5.11 *Counterparts; Effectiveness*. This Agreement and any signed agreement or instrument entered into in connection with this Agreement may be executed in two or more counterparts, each such counterpart being deemed to be an original instrument and all such counterparts together constituting the same agreement and, to the extent signed and delivered by means of a facsimile machine or telecopy, by email delivery of a ".pdf" or ".jpg" format data file or by any electronic signature complying with the U.S. federal ESIGN Act of 2000, shall be treated in all manner and respects as an original agreement or instrument and shall be considered to have the same binding legal effect as if it were the original signed version thereof delivered in person. No Party hereto or to any such agreement or instrument shall raise the use of a facsimile machine or telecopy, email delivery of a ".pdf" or ".jpg" format data file or electronic signature complying with the U.S. federal ESIGN Act of 2000 to deliver a signature to this Agreement or any amendment hereto or the fact that any signature or agreement or instrument was transmitted or communicated through the use of a facsimile machine or telecopy, email delivery of a ".pdf" or ".jpg" format data file or by any electronic signature complying with the U.S. federal ESIGN Act of 2000 as a defense to the formation of a contract and each Party hereto forever waives any such defense.

Section 5.12 *Severability*. If any term or other provision of this Agreement is held by a court of competent jurisdiction or other authority to be invalid, illegal or incapable of being enforced by any rule of Law or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in a mutually acceptable manner to the end that the Mergers are consummated as originally contemplated to the fullest extent possible.

Section 5.13 *Remedies Cumulative; Specific Performance*. The Parties hereto agree that irreparable damage would occur, and that the Parties would not have any adequate remedy at law, in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached (including any party hereto failing to take such actions as are required of it hereunder to consummate the Transactions). It is accordingly agreed that the Parties shall be entitled to an injunction or injunctions, specific performance and other equitable relief to prevent breaches of this Agreement and to specifically enforce the terms and provisions of this Agreement, without proof of actual damages or otherwise, in addition to any other remedy to which any Party is entitled at law or in equity. Each Party agrees that it will not oppose the granting of an injunction, specific performance and other equitable relief on the basis that any other Party has an adequate remedy at law or that any award of specific performance is not an appropriate remedy for any reason at law or in equity. Any Party seeking an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement shall not be required to provide any bond or other security in connection with any such order or injunction. The Parties further agree not to assert that a remedy of specific enforcement is unenforceable, invalid, contrary to law or inequitable for any reason, nor to assert that a remedy of monetary damages would provide an adequate remedy.

Section 5.14 *Entire Agreement*. This Agreement, the documents, instruments and agreements delivered in connection with the Mergers, including the Exhibit, constitute the entire agreement of the Parties and supersede all prior agreements and undertakings, both written and oral, among the Parties, or any of them, with respect to the subject matter hereof and, except as otherwise expressly provided herein, are not intended to confer upon any other person any rights or remedies hereunder or thereunder.

Section 5.15 *No Third-Party Beneficiaries*. Each of TURN, MLC and Shareholder agrees that (a) his, her or its respective representations, warranties, covenants and agreements set forth herein are solely for the benefit of the other Parties hereto in accordance with and subject to the terms of this Agreement and (b) this Agreement is not intended to, and shall not, confer upon any other person any rights or remedies hereunder.

Section 5.16 *Ownership Interest*. Nothing contained in this Agreement shall be deemed to vest in TURN or MLC any direct or indirect ownership or incidence of ownership of or with respect to any Covered Securities beneficially owned by Shareholder. All rights, ownership and economic benefits of and relating to such Covered Securities shall remain vested in and belong to Shareholder, and TURN and MLC shall not have any authority to direct Shareholder in the voting or disposition of such Covered Securities except as otherwise provided herein.

Section 5.17 *Capacity*. Shareholder is entering into this Agreement solely in his, her or its capacity as the record holder or beneficial owner of the Covered Securities and nothing herein shall limit, restrict or otherwise affect any actions taken by Shareholder in his or her capacity as director, officer or employee of TURN (if applicable) (including from acting in such capacity or voting in such capacity in his or her sole discretion on any matter, including causing TURN or any of its Subsidiaries to exercise rights under the Merger Agreement (in accordance with the terms thereof)), and no such actions or omissions shall be deemed a breach of this Agreement. Furthermore, nothing in this Agreement shall be construed to prohibit, limit or restrict Shareholder, in his or her capacity as a director or officer of TURN or any of its Subsidiaries (if applicable), from exercising Shareholder's fiduciary duties as a director or officer of TURN or any of its Subsidiaries, in each cash, however, in accordance with the applicable terms of the Merger Agreement.

2.46 "Ten Percent Stockholder" means a Person owning stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company, its Subsidiaries or its Parent.

2.47 "Termination" means a Termination of Consultancy, Termination of Directorship or Termination of Employment, as applicable.

2.48 "Termination of Consultancy" means: (a) that the Consultant is no longer acting as a consultant to the Company or an Affiliate; or (b) when an entity which is retaining a Participant as a Consultant ceases to be an Affiliate unless the Participant otherwise is, or thereupon becomes, a Consultant to the Company or another Affiliate at the time the entity ceases to be an Affiliate. In the event that a Consultant becomes an Eligible Employee or a Non-Employee Director upon the termination of such Consultant's consultancy, unless otherwise determined by the Committee, in its sole discretion, no Termination of Consultancy shall be deemed to occur until such time as such Consultant is no longer a Consultant, an Eligible Employee or a Non-Employee Director. Notwithstanding the foregoing, the Committee may otherwise define Termination of Consultancy in the Award Agreement or, if no rights of a Participant are reduced, may otherwise define Termination of Consultancy thereafter, provided that any such

change to the definition of the term "Termination of Consultancy" does not cause the applicable Award to fail to comply with Section 409A of the Code.

2.49 "Termination of Directorship" means that the Non-Employee Director has ceased to be a director of the Company; except that if a Non-Employee Director becomes an Eligible Employee or a Consultant upon the termination of such Non-Employee Director's directorship, such Non-Employee Director's ceasing to be a director of the Company shall not be treated as a Termination of Directorship unless and until the Participant has a Termination of Employment or Termination of Consultancy, as the case may be.

2.50 "Termination of Employment" means: (a) a termination of employment of a Participant from the Company and its Affiliates; or (b) when an entity which is employing a Participant ceases to be an Affiliate, unless the Participant otherwise is, or thereupon becomes, employed by the Company or another Affiliate at the time the entity ceases to be an Affiliate. In the event that an Eligible Employee becomes a Consultant or a Non-Employee Director upon the termination of such Eligible Employee's employment, unless otherwise determined by the Committee, in its sole discretion, no Termination of Employment shall be deemed to occur until such time as such Eligible Employee is no longer an Eligible Employee, a Consultant or a Non-Employee Director. Notwithstanding the foregoing, the Committee may otherwise define Termination of Employment in the Award Agreement or, if no rights of a Participant are reduced, may otherwise define Termination of Employment thereafter, provided that any such change to the definition of the term "Termination of Employment" does not cause the applicable Award to fail to comply with Section 409A of the Code.

2.51 "Transfer" means: (a) when used as a noun, any direct or indirect transfer, sale, assignment, pledge, hypothecation, encumbrance or other disposition (including the issuance of equity in any entity), whether for value or no value and whether voluntary or involuntary (including by operation of law), and (b) when used as a verb, to directly or indirectly transfer, sell, assign, pledge, encumber, charge, hypothecate or otherwise dispose of (including the issuance of equity in any entity) whether for value or for no value and whether voluntarily or involuntarily (including by operation of law). "Transferred" and "Transferable" shall have a correlative meaning.

ARTICLE III
ADMINISTRATION

3.1 The Committee. The Plan shall be administered and interpreted by the Committee. To the extent required by applicable law, rule or regulation, it is intended that each member of the Committee shall qualify as (a) a "non-employee director" under Rule 16b-3 and (b) an "independent director" under the rules of any national securities exchange or national securities association, as applicable. If it is later determined that one or more members of the Committee do not so qualify, actions taken by the Committee prior to such determination shall be valid despite such failure to qualify.

3.2 Grants of Awards. The Committee shall have full authority to grant, pursuant to the terms of the Plan, to Eligible Individuals: (i) Stock Options, (ii) Stock Appreciation Rights, (iii) Restricted Stock Awards, (iv) Performance Awards; (v) Other Stock-Based Awards; and (vi) Other Cash-Based Awards. In particular, the Committee shall have the authority:

(a) to select the Eligible Individuals to whom Awards may from time to time be granted hereunder;

(b) to determine whether and to what extent Awards, or any combination thereof, are to be granted hereunder to one or more Eligible Individuals;

(c) to determine the number of shares of Common Stock to be covered by each Award granted hereunder;

(d) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Award granted hereunder (including, but not limited to, the exercise or purchase price (if any), any restriction or limitation, any vesting schedule or acceleration thereof, or any forfeiture restrictions or waiver thereof, regarding any

Award and the shares of Common Stock relating thereto, based on such factors, if any, as the Committee shall determine, in its sole discretion);

(e) to determine the amount of cash to be covered by each Award granted hereunder;

(f) to determine whether, to what extent and under what circumstances grants of Options and other Awards under the Plan are to operate on a tandem basis and/or in conjunction with or apart from other awards made by the Company outside of the Plan;

(g) to determine whether and under what circumstances a Stock Option may be settled in cash, Common Stock and/or Restricted Stock under Section 6.4(d);

(h) to determine whether a Stock Option is an Incentive Stock Option or Non-Qualified Stock Option;

(i) to determine whether to require a Participant, as a condition of the granting of any Award, to not sell or otherwise dispose of shares acquired pursuant to the exercise of an Award for a period of time as determined by the Committee, in its sole discretion, following the date of the acquisition of such Award;

(j) to modify, extend or renew an Award, subject to Article XII and Section 6.4(l), provided, however, that such action does not cause the Award to fail to comply with Section 409A of the Code; and

(k) solely to the extent permitted by applicable law, to determine whether, to what extent and under what circumstances to provide loans (which may be on a recourse basis and shall bear interest at the rate the Committee shall provide) to Participants in order to exercise Options under the Plan.

3.3 Guidelines. Subject to Article XII hereof, the Committee shall have the authority to adopt, alter and repeal such administrative rules, guidelines and practices governing the Plan and perform all acts, including the delegation of its responsibilities (to the extent permitted by applicable law and applicable stock exchange rules), as it shall, from time to time, deem advisable; to construe and interpret the terms and provisions of the Plan and any Award issued under the Plan (and any agreements relating thereto); and to otherwise supervise the administration of the Plan. The Committee may correct any defect, supply any omission or reconcile any inconsistency or ambiguity in the Plan or in any agreement relating thereto in the manner and to the extent it shall deem necessary to effectuate the purpose and intent of the Plan. The Committee may adopt special guidelines and provisions for Persons who are residing in or employed in, or subject to, the taxes of, any domestic or foreign jurisdictions to comply with applicable tax and securities laws of such domestic or foreign jurisdictions. To the extent applicable, the Plan is intended to comply with the applicable requirements of Rule 16b-3 and the Plan shall be limited, construed and interpreted in a manner so as to comply therewith.

3.4 Decisions Final. Any decision, interpretation or other action made or taken in good faith by or at the direction of the Company, the Board or the Committee (or any of its members) arising out of or in connection with the Plan shall be within the absolute discretion of all and each of them, as the case may be, and shall be final, binding and conclusive on the Company and all employees and Participants and their respective heirs, executors, administrators, successors and assigns.

3.5 Designation of Consultants/Liability.

(a) The Committee may designate employees of the Company and professional advisors to assist the Committee in the administration of the Plan and (to the extent permitted by applicable law and applicable exchange rules) may grant authority to officers to grant Awards and/or execute agreements or other documents on behalf of the Committee; provided, that no Participant may execute any Award Agreement granting Awards to such Participant and any delegation shall be subject to all limitations prescribed by applicable law and/or the rules of any national securities exchange or national securities association, as applicable. In the event of any designation of authority hereunder, subject to applicable law, applicable stock exchange rules and any limitations imposed by the

Committee in connection with such designation, such designee or designees shall have the power and authority to take such actions, exercise such powers and make such determinations that are otherwise specifically designated to the Committee hereunder.

(b) The Committee may employ such legal counsel, consultants and agents as it may deem desirable for the administration of the Plan and may rely upon any opinion received from any such counsel or consultant and any computation received from any such consultant or agent. Expenses incurred by the Committee or the Board in the engagement of any such counsel, consultant or agent shall be paid by the Company. The Committee, its members and any Person designated pursuant to sub-section (a) above shall not be liable for any action or determination made in good faith with respect to the Plan. To the maximum extent permitted by applicable law, no officer of the Company or member or former member of the Committee or of the Board shall be liable for any action or determination made in good faith with respect to the Plan or any Award granted under it.

3.6 Indemnification. To the maximum extent permitted by applicable law and the Certificate of Incorporation and By-Laws of the Company and to the extent not covered by insurance directly insuring such Person, each officer or employee of the Company or any Affiliate and member or former member of the Committee or the Board shall be indemnified and held harmless by the Company against any cost or expense (including reasonable fees of counsel reasonably acceptable to the Committee) or liability (including any sum paid in settlement of a claim with the approval of the Committee), and advanced amounts necessary to pay the foregoing at the earliest time and to the fullest extent permitted, arising out of any act or omission to act in connection with the administration of the Plan, except to the extent arising out of such officer's, employee's, member's or former member's own fraud or bad faith. Such indemnification shall be in addition to any right of indemnification the employees, officers, directors or members or former officers, directors or members may have under applicable law or under the Certificate of Incorporation or By-Laws of the Company or any Affiliate. Notwithstanding anything else herein, this indemnification will not apply to the actions or determinations made by an individual with regard to Awards granted to such individual under the Plan.

ARTICLE IV
SHARE LIMITATION

4.1 Shares.

(a) The aggregate number of shares of Common Stock that may be issued or used for reference purposes or with respect to which Awards may be granted under the Plan shall not exceed 2,600,000 shares (subject to any increase or decrease pursuant to Section 4.2). On and after the Effective Date, no additional awards shall be made under the Prior Plan, and the Prior Plan shall be deemed to have terminated. The maximum number of shares of Common Stock with respect to which Incentive Stock Options may be granted under the Plan shall be 2,600,000 shares (subject to any increase or decrease pursuant to Section 4.2). Notwithstanding the foregoing, shares of Common Stock issued under Awards granted in assumption, substitution or exchange for previously granted awards of a company acquired by the Company or any Subsidiary shall not reduce the shares of Common Stock available under the Plan, and to the extent permitted by the rules of the stock exchange on which the shares of Common Stock are then listed or quoted, shares under a stockholder approved plan of an acquired company (adjusted to reflect the transaction) may be used for Awards under the Plan and do not reduce the shares of Common Stock available under the Plan. With respect to Options or Stock Appreciation Rights settled in Common Stock, upon settlement, the total number of shares of Common Stock subject to such Options or Stock Appreciation Rights shall count against the aggregate and individual share limitations set forth under this Section 4.1. If any Award granted under the Plan is forfeited, expires, terminates, is settled for cash (in whole or in part) or is unearned (in whole or in part) or is canceled for any reason (where applicable, without having been exercised in full), the number of shares of Common Stock underlying any such Award shall again be available for the purpose of Awards under the Plan to the extent of such cancellation, forfeiture, expiration, cash settlement or unearned amount. If a Tandem Stock Appreciation Right or a Limited Stock Appreciation Right is granted in tandem with an Option, such grant shall only apply once against the maximum number of shares of Common Stock which may be issued under the Plan. Any Award under the Plan settled in cash shall not be counted against the foregoing maximum share limitations. Notwithstanding anything to the contrary contained in this Plan, (i) shares of Common Stock withheld by the Company, tendered or otherwise

used in payment of the exercise price of an Option or a Stock Appreciation Right, (ii) shares of Common Stock withheld by the Company, tendered or otherwise used to satisfy tax withholding, and (iii) shares of Common Stock reacquired by the Company on the open market or otherwise using cash proceeds from the exercise of Stock Options will not be added (or added back, as applicable) to the aggregate number of shares of Common Stock available under this Section 4.1(a) of the Plan.

(b) Annual Non-Employee Director Compensation Limitation. Notwithstanding anything to the contrary contained in this Article IV or elsewhere in the Plan, in no event will any individual Non-Employee Director in any fiscal year of the Company be granted compensation for such Non-Employee Director service having an aggregate maximum value (computed as of the date of grant in accordance with applicable financial accounting rules) exceeding $350,000.

4.2 Changes.

(a) The existence of the Plan and the Awards granted hereunder shall not affect in any way the right or power of the Board, the Committee or the stockholders of the Company to make or authorize (i) any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, (ii) any merger or consolidation of the Company or any Affiliate, (iii) any issuance of bonds, debentures, preferred or prior preference stock ahead of or affecting the Common Stock, (iv) the dissolution or liquidation of the Company or any Affiliate, (v) any sale or transfer of all or part of the assets or business of the Company or any Affiliate or (vi) any other corporate act or proceeding.

(b) Subject to the provisions of Section 11.1:

(i) If the Company at any time subdivides (by any split, recapitalization or otherwise) the outstanding Common Stock into a greater number of shares of Common Stock, or combines (by reverse split, combination or otherwise) its outstanding Common Stock into a lesser number of shares of Common Stock, or engages in any other corporate transaction or event having an effect substantially similar to the foregoing, then the respective exercise prices for outstanding Awards that provide for a Participant elected exercise and the number of shares of Common Stock covered by outstanding Awards, and other Award terms, shall be adjusted by the Committee, as it determines in its sole discretion that is equitably required to prevent dilution or enlargement of the rights granted to, or available for, Participants under the Plan.

(ii) Excepting transactions covered by Section 4.2(b)(i), if the Company effects any merger, consolidation, statutory exchange, spin-off, reorganization, sale or transfer of all or substantially all the Company's assets or business, or other corporate transaction or event having an effect substantially similar to the foregoing in such a manner that the Company's outstanding shares of Common Stock are converted into the right to receive (or the holders of Common Stock are entitled to receive in exchange therefor), either immediately or upon liquidation of the Company, securities or other property of the Company or other entity (each, a **"Reorganization"**), then, subject to the provisions of Section 11.1, the Committee shall make or provide for such adjustments in the number of and kind of securities covered by any Award granted hereunder, in the exercise price provided in outstanding Awards, and in other Award terms, as the Committee determines in its sole discretion that is equitably required to prevent dilution or enlargement of the rights granted to, or available for, Participants under the Plan.

(iii) If there shall occur any change in the capital structure of the Company other than those covered by Section 4.2(b)(i) or 4.2(b)(ii), including by reason of any extraordinary dividend (whether cash or equity), any conversion, any adjustment, any issuance of any class of securities convertible or exercisable into, or exercisable for, any class of equity securities of the Company, or any other corporate transaction or event having an effect substantially similar to the foregoing, then the Committee shall adjust any Award and its terms and make such other adjustments to the Plan, as the Committee determines in its sole discretion that is equitably required to prevent dilution or enlargement of the rights granted to, or available for, Participants under the Plan.

(iv) If there shall occur any transaction or event described in Section 4.2(b)(ii) or a Change in Control, the Committee may in its sole discretion elect to cancel each Stock Option or Stock Appreciation

Right for which the exercise price per share equals or exceeds the per share consideration offered in connection with such transaction, event or Change in Control, without any payment to the person holding such Stock Option or Stock Appreciation Right.

(v) Any such adjustment determined by the Committee pursuant to this Section 4.2(b) shall be final, binding and conclusive on the Company and all Participants and their respective heirs, executors, administrators, successors and permitted assigns. Any adjustment to, or assumption or substitution of, an Award under this Section 4.2(b) shall be intended to comply with the requirements of Section 409A of the Code and Treasury Regulation §1.424-1 (and any amendments thereto), to the extent applicable. Except as expressly provided in this Section 4.2 or in the applicable Award Agreement, a Participant shall have no additional rights under the Plan by reason of any transaction or event described in this Section 4.2.

(vi) Fractional shares of Common Stock resulting from any adjustment in Awards pursuant to Section 4.2(a) or this Section 4.2(b) shall be aggregated until, and eliminated at, the time of exercise or payment by rounding-down for fractions less than one-half and rounding-up for fractions equal to or greater than one-half. No cash settlements shall be required with respect to fractional shares eliminated by rounding. Notice of any adjustment shall be given by the Committee to each Participant whose Award has been adjusted and such adjustment (whether or not such notice is given) shall be effective and binding for all purposes of the Plan.

4.3 Minimum Purchase Price. Notwithstanding any provision of the Plan to the contrary, if authorized but previously unissued shares of Common Stock are issued under the Plan, such shares shall not be issued for a consideration that is less than as permitted under applicable law.

ARTICLE V
ELIGIBILITY

5.1 General Eligibility. All current and prospective Eligible Individuals are eligible to be granted Awards. Eligibility for the grant of Awards and actual participation in the Plan shall be determined by the Committee in its sole discretion.

5.2 Incentive Stock Options. Notwithstanding the foregoing, only Eligible Employees of the Company, its Subsidiaries and its Parent (if any) are eligible to be granted Incentive Stock Options under the Plan. Eligibility for the grant of an Incentive Stock Option and actual participation in the Plan shall be determined by the Committee in its sole discretion.

5.3 General Requirement. The vesting and exercise of Awards granted to a prospective Eligible Individual are conditioned upon such individual actually becoming an Eligible Employee, Consultant or Non-Employee Director, respectively.

ARTICLE VI
STOCK OPTIONS

6.1 Options. Stock Options may be granted alone or in addition to other Awards granted under the Plan. Each Stock Option granted under the Plan shall be of one of two types: (a) an Incentive Stock Option or (b) a Non-Qualified Stock Option.

6.2 Grants. The Committee shall have the authority to grant to any Eligible Employee one or more Incentive Stock Options, Non-Qualified Stock Options, or both types of Stock Options. The Committee shall have the authority to grant any Consultant or Non-Employee Director one or more Non-Qualified Stock Options. To the extent that any Stock Option does not qualify as an Incentive Stock Option (whether because of its provisions or the time or manner of its exercise or otherwise), such Stock Option or the portion thereof which does not so qualify shall constitute a separate Non-Qualified Stock Option.

6.3 Incentive Stock Options. Notwithstanding anything in the Plan to the contrary, no term of the Plan relating to Incentive Stock Options shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be so exercised, so as to disqualify the Plan under Section 422 of the Code, or, without the consent of the Participants affected, to disqualify any Incentive Stock Option under such Section 422.

6.4 Terms of Options. Options granted under the Plan shall be subject to the following terms and conditions and shall be in such form and contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Committee shall deem desirable:

(a) Exercise Price. Unless otherwise determined by the Committee at the time of grant, the per share exercise price of a Stock Option shall not be less than 100% (or, in the case of an Incentive Stock Option granted to a Ten Percent Stockholder, 110%) of the Fair Market Value of the Common Stock at the time of grant, unless such Stock Option is granted pursuant to an assumption or substitution of another Stock Option in a manner that satisfies the requirements of Section 424(a) of the Code.

(b) Stock Option Term. The term of each Stock Option shall be fixed by the Committee, provided that no Stock Option shall be exercisable more than 10 years after the date the Option is granted; and provided further that the term of an Incentive Stock Option granted to a Ten Percent Stockholder shall not exceed five years.

(c) Exercisability. Unless otherwise provided by the Committee in accordance with the provisions of this Section 6.4, Stock Options granted under the Plan shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee at the time of grant. If the Committee provides, in its discretion, that any Stock Option is exercisable subject to certain limitations (including, without limitation, that such Stock Option is exercisable only in installments or within certain time periods), the Committee may waive such limitations on the exercisability at any time at or after the time of grant in whole or in part (including, without limitation, waiver of the installment exercise provisions or acceleration of the time at which such Stock Option may be exercised), based on such factors, if any, as the Committee shall determine, in its sole discretion.

(d) Method of Exercise. Subject to whatever installment exercise and waiting period provisions apply under Section 6.4(c), to the extent vested, Stock Options may be exercised in whole or in part at any time during the Option term, by giving written notice of exercise to the Company specifying the number of shares of Common Stock to be purchased. Such notice shall be accompanied by payment in full of the purchase price as follows: (i) in cash or by check, bank draft or money order payable to the order of the Company; (ii) solely to the extent permitted by applicable law, if the Common Stock is traded on a national securities exchange, and the Committee authorizes, through a procedure whereby the Participant delivers irrevocable instructions to a broker reasonably acceptable to the Committee to deliver promptly to the Company an amount equal to the purchase price; or (iii) on such other terms and conditions as may be acceptable to the Committee (including, without limitation, having the Company withhold shares of Common Stock issuable upon exercise of the Stock Option, or by payment in full or in part in the form of Common Stock owned by the Participant, based on the Fair Market Value of the Common Stock on the payment date as determined by the Committee). No shares of Common Stock shall be issued until payment therefor, as provided herein, has been made or provided for.

(e) Non-Transferability of Options. No Stock Option shall be Transferable by the Participant other than by will or by the laws of descent and distribution, and all Stock Options shall be exercisable, during the Participant's lifetime, only by the Participant. Notwithstanding the foregoing, the Committee may determine, in its sole discretion, at the time of grant or thereafter that a Non-Qualified Stock Option that is otherwise not Transferable pursuant to this Section is Transferable to a Family Member in whole or in part and in such circumstances, and under such conditions, as specified by the Committee. A Non-Qualified Stock Option that is Transferred to a Family Member pursuant to the preceding sentence (i) may not be subsequently Transferred other than by will or by the laws of descent and distribution and (ii) remains subject to the terms of the Plan and the applicable Award Agreement. Any shares of Common Stock acquired upon the exercise of a Non-Qualified Stock Option by a permissible transferee of a Non-Qualified Stock Option or a permissible transferee pursuant to a Transfer after the exercise of the Non-Qualified Stock Option shall be subject to the terms of the Plan and the applicable Award Agreement. Unless

otherwise determined by the Committee, in no event will any Stock Option granted under this Plan be transferred for value.

(f) Termination by Death or Disability. Unless otherwise determined by the Committee at the time of grant, or if no rights of the Participant are reduced, thereafter, if a Participant's Termination is by reason of death or Disability, all Stock Options that are held by such Participant that are vested and exercisable at the time of the Participant's Termination may be exercised by the Participant (or in the case of the Participant's death, by the legal representative of the Participant's estate) at any time within a period of one (1) year from the date of such Termination, but in no event beyond the expiration of the stated term of such Stock Options; provided, however, that, in the event of a Participant's Termination by reason of Disability, if the Participant dies within such exercise period, all unexercised Stock Options held by such Participant shall thereafter be exercisable, to the extent to which they were exercisable at the time of death, for a period of one (1) year from the date of such death, but in no event beyond the expiration of the stated term of such Stock Options.

(g) Involuntary Termination Without Cause. Unless otherwise determined by the Committee at the time of grant, or if no rights of the Participant are reduced, thereafter, if a Participant's Termination is by involuntary termination by the Company without Cause, all Stock Options that are held by such Participant that are vested and exercisable at the time of the Participant's Termination may be exercised by the Participant at any time within a period of ninety (90) days from the date of such Termination, but in no event beyond the expiration of the stated term of such Stock Options.

(h) Voluntary Resignation. Unless otherwise determined by the Committee at the time of grant, or if no rights of the Participant are reduced, thereafter, if a Participant's Termination is voluntary (other than a voluntary termination described in Section 6.4(i)(y) hereof), all Stock Options that are held by such Participant that are vested and exercisable at the time of the Participant's Termination may be exercised by the Participant at any time within a period of ninety (90) days from the date of such Termination, but in no event beyond the expiration of the stated term of such Stock Options.

(i) Termination for Cause. Unless otherwise determined by the Committee at the time of grant, or if no rights of the Participant are reduced, thereafter, if a Participant's Termination (x) is for Cause or (y) is a voluntary Termination (as provided in Section 6.4(h)) after the occurrence of an event that would be grounds for a Termination for Cause, or if it is discovered after such Termination that such Participant had engaged in conduct that would have justified a Termination for Cause, all Stock Options, whether vested or not vested, that are held by such Participant shall thereupon terminate and expire as of the date of such Termination, provided that upon any determination by the Committee that a Termination is for Cause, the Committee may, in its discretion, require the Participant to promptly pay to the Company (and the Company shall have the right to recover) all gains (if any) that the Participant realized as a result of any Option exercise that occurred within one (1) year prior thereto.

(j) Unvested Stock Options. Unless otherwise determined by the Committee at the time of grant, or if no rights of the Participant are reduced, thereafter, Stock Options that are not vested as of the date of a Participant's Termination for any reason shall terminate and expire as of the date of such Termination.

(k) Incentive Stock Option Limitations. To the extent that the aggregate Fair Market Value (determined as of the time of grant) of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by an Eligible Employee during any calendar year under the Plan and/or any other stock option plan of the Company, any Subsidiary or any Parent exceeds $100,000, such Options shall be treated as Non-Qualified Stock Options. In addition, if an Eligible Employee does not remain employed by the Company, any Subsidiary or any Parent at all times from the time an Incentive Stock Option is granted until three months prior to the date of exercise thereof (or such other period as required by applicable law), such Stock Option shall be treated as a Non-Qualified Stock Option. Should any provision of the Plan not be necessary in order for the Stock Options to qualify as Incentive Stock Options, or should any additional provisions be required, the Committee may amend the Plan accordingly, without the necessity of obtaining the approval of the stockholders of the Company.

(l) Form, Modification, Extension and Renewal of Stock Options. Subject to the terms and conditions and within the limitations of the Plan, Stock Options shall be evidenced by such form of agreement or grant as is approved by the Committee, and the Committee may (i) modify, extend or renew outstanding Stock Options granted under the Plan (provided that such action does not subject the Stock Options to Section 409A of the Code without the consent of the Participant), and (ii) accept the surrender of outstanding Stock Options (to the extent not theretofore exercised) and authorize the granting of new Stock Options in substitution therefor (to the extent not theretofore exercised). Notwithstanding the foregoing, an outstanding Option may not be modified to reduce the exercise price thereof or cancel an outstanding "underwater" Option in exchange for cash, another Award or a Stock Option with an exercise price that is less than the exercise price of the original Option, nor may a new Option at a lower price be substituted for a surrendered Option (other than in all cases adjustments or substitutions in accordance with Section 4.2), unless such action is approved by the stockholders of the Company.

(m) Dividends. Unless otherwise determined by the Committee, Stock Options granted under this Plan may not provide for any dividends or dividend equivalents thereon.

(n) Other Terms and Conditions. The Committee may include a provision in an Award Agreement providing for the automatic exercise of a Non-Qualified Stock Option on a cashless basis on the last day of the term of such Option if the Participant has failed to exercise the Non-Qualified Stock Option as of such date, with respect to which the Fair Market Value of the shares of Common Stock underlying the Non-Qualified Stock Option exceeds the exercise price of such Non-Qualified Stock Option on the date of expiration of such Option, subject to Section 14.5. Stock Options may contain such other provisions, which shall not be inconsistent with any of the terms of the Plan, as the Committee shall deem appropriate.

ARTICLE VII
STOCK APPRECIATION RIGHTS

7.1 Tandem Stock Appreciation Rights. Stock Appreciation Rights may be granted in conjunction with all or part of any Stock Option (a "Reference Stock Option") granted under the Plan ("Tandem Stock Appreciation Rights"). In the case of a Non-Qualified Stock Option, such rights may be granted either at or after the time of the grant of such Reference Stock Option. In the case of an Incentive Stock Option, such rights may be granted only at the time of the grant of such Reference Stock Option.

7.2 Terms and Conditions of Tandem Stock Appreciation Rights. Tandem Stock Appreciation Rights granted hereunder shall be subject to such terms and conditions, not inconsistent with the provisions of the Plan, as shall be determined from time to time by the Committee, and the following:

(a) Exercise Price. Unless otherwise determined by the Committee at the time of grant, the per share exercise price of a Tandem Stock Appreciation Right shall not be less than 100% (or, in the case of a Tandem Stock Appreciation Right granted in conjunction with an Incentive Stock Option to a Ten Percent Stockholder, 110%) of the Fair Market Value of the Common Stock at the time of grant, unless such Tandem Stock Appreciation Right is granted pursuant to an assumption or substitution of another Tandem Stock Appreciation Right in a manner that satisfies the requirements of Section 424(a) of the Code.

(b) Term. A Tandem Stock Appreciation Right or applicable portion thereof granted with respect to a Reference Stock Option shall terminate and no longer be exercisable upon the termination or exercise of the Reference Stock Option, except that, unless otherwise determined by the Committee, in its sole discretion, at the time of grant, a Tandem Stock Appreciation Right granted with respect to less than the full number of shares covered by the Reference Stock Option shall not be reduced until, and then only to the extent that, the exercise or termination of the Reference Stock Option causes the number of shares covered by the Tandem Stock Appreciation Right to exceed the number of shares remaining available and unexercised under the Reference Stock Option.

(c) Exercisability. Tandem Stock Appreciation Rights shall be exercisable only at such time or times and to the extent that the Reference Stock Options to which they relate shall be exercisable in accordance with the provisions of Article VI, and shall be subject to the provisions of Section 6.4(c).

(d) Method of Exercise. A Tandem Stock Appreciation Right may be exercised by the Participant by surrendering the applicable portion of the Reference Stock Option. Upon such exercise and surrender, the Participant shall be entitled to receive an amount determined in the manner prescribed in this Section 7.2. Stock Options which have been so surrendered, in whole or in part, shall no longer be exercisable to the extent that the related Tandem Stock Appreciation Rights have been exercised.

(e) Payment. Upon the exercise of a Tandem Stock Appreciation Right, a Participant shall be entitled to receive up to, but no more than, an amount in cash and/or Common Stock (as chosen by the Committee in its sole discretion) equal in value to the excess of the Fair Market Value of one share of Common Stock over the Option exercise price per share specified in the Reference Stock Option agreement multiplied by the number of shares of Common Stock in respect of which the Tandem Stock Appreciation Right shall have been exercised, with the Committee having the right to determine the form of payment.

(f) Deemed Exercise of Reference Stock Option. Upon the exercise of a Tandem Stock Appreciation Right, the Reference Stock Option or part thereof to which such Stock Appreciation Right is related shall be deemed to have been exercised for the purpose of the limitation set forth in Article IV of the Plan on the number of shares of Common Stock to be issued under the Plan.

(g) Dividends. Unless otherwise determined by the Committee, Tandem Stock Appreciation Rights granted under this Plan may not provide for any dividends or dividend equivalents thereon.

(h) Non-Transferability. Tandem Stock Appreciation Rights shall be Transferable only when and to the extent that the underlying Stock Option would be Transferable under Section 6.4(e) of the Plan. Unless otherwise determined by the Committee, in no event will any Tandem Stock Appreciation Right granted under this Plan be transferred for value.

7.3 Non-Tandem Stock Appreciation Rights. Non-Tandem Stock Appreciation Rights may also be granted without reference to any Stock Options granted under the Plan.

7.4 Terms and Conditions of Non-Tandem Stock Appreciation Rights. Non-Tandem Stock Appreciation Rights granted hereunder shall be subject to such terms and conditions, not inconsistent with the provisions of the Plan, as shall be determined from time to time by the Committee, and the following:

(a) Exercise Price. Unless otherwise determined by the Committee at the time of grant, the per share exercise price of a Non-Tandem Stock Appreciation Right shall not be less than 100% of the Fair Market Value of the Common Stock at the time of grant, unless such Non-Tandem Stock Appreciation Right is granted pursuant to an assumption or substitution of another Non-Tandem Stock Appreciation Right in a manner that satisfies the requirements of Section 424(a) of the Code.

(b) Term. The term of each Non-Tandem Stock Appreciation Right shall be fixed by the Committee, but shall not be greater than 10 years after the date the right is granted.

(c) Exercisability. Unless otherwise provided by the Committee in accordance with the provisions of this Section 7.4, Non-Tandem Stock Appreciation Rights granted under the Plan shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee at the time of grant. If the Committee provides, in its discretion, that any such right is exercisable subject to certain limitations (including, without limitation, that it is exercisable only in installments or within certain time periods), the Committee may waive such limitations on the exercisability at any time at or after grant in whole or in part (including, without limitation, waiver of the installment exercise provisions or acceleration of the time at which such right may be exercised), based on such factors, if any, as the Committee shall determine, in its sole discretion.

(d) Method of Exercise. Subject to whatever installment exercise and waiting period provisions apply under Section 7.4(c), Non-Tandem Stock Appreciation Rights may be exercised in whole or in part at any time

in accordance with the applicable Award Agreement, by giving written notice of exercise to the Company specifying the number of Non-Tandem Stock Appreciation Rights to be exercised.

(e) Payment. Upon the exercise of a Non-Tandem Stock Appreciation Right a Participant shall be entitled to receive, for each right exercised, up to, but no more than, an amount in cash and/or Common Stock (as chosen by the Committee in its sole discretion) equal in value to the excess of the Fair Market Value of one share of Common Stock on the date that the right is exercised over the Fair Market Value of one share of Common Stock on the date that the right was awarded to the Participant.

(f) Dividends. Unless otherwise determined by the Committee, Non-Tandem Stock Appreciation Rights granted under this Plan may not provide for any dividends or dividend equivalents thereon.

(g) Termination. Unless otherwise determined by the Committee at grant or, if no rights of the Participant are reduced, thereafter, subject to the provisions of the applicable Award Agreement and the Plan, upon a Participant's Termination for any reason, Non-Tandem Stock Appreciation Rights will remain exercisable following a Participant's Termination on the same basis as Stock Options would be exercisable following a Participant's Termination in accordance with the provisions of Sections 6.4(f) through 6.4(j).

(h) Non-Transferability. No Non-Tandem Stock Appreciation Rights shall be Transferable by the Participant other than by will or by the laws of descent and distribution, and all such rights shall be exercisable, during the Participant's lifetime, only by the Participant. Unless otherwise determined by the Committee, in no event will any Non-Tandem Stock Appreciation Right granted under this Plan be transferred for value.

7.5 Limited Stock Appreciation Rights. The Committee may, in its sole discretion, grant Tandem and Non-Tandem Stock Appreciation Rights either as a general Stock Appreciation Right or as a Limited Stock Appreciation Right. Limited Stock Appreciation Rights may be exercised only upon the occurrence of a Change in Control or such other event as the Committee may, in its sole discretion, designate at the time of grant or thereafter. Upon the exercise of Limited Stock Appreciation Rights, except as otherwise provided in an Award Agreement, the Participant shall receive in cash and/or Common Stock, as determined by the Committee, an amount equal to the amount (i) set forth in Section 7.2(e) with respect to Tandem Stock Appreciation Rights, or (ii) set forth in Section 7.4(e) with respect to Non-Tandem Stock Appreciation Rights.

7.6 Modification of Stock Appreciation Rights. An outstanding Stock Appreciation Right may not be modified to reduce the exercise price thereof or cancel an outstanding "underwater" Stock Appreciation Right in exchange for cash, another Award or a Stock Appreciation Right with an exercise price that is less than the exercise price of the original Stock Appreciation Right, nor may a new Stock Appreciation Right at a lower price be substituted for a surrendered Stock Appreciation Right (other than in all cases adjustments or substitutions in accordance with Section 4.2), unless such action is approved by the stockholders of the Company.

7.7 Other Terms and Conditions. The Committee may include a provision in an Award Agreement providing for the automatic exercise of a Stock Appreciation Right on a cashless basis on the last day of the term of such Stock Appreciation Right if the Participant has failed to exercise the Stock Appreciation Right as of such date, with respect to which the Fair Market Value of the shares of Common Stock underlying the Stock Appreciation Right exceeds the exercise price of such Stock Appreciation Right on the date of expiration of such Stock Appreciation Right, subject to Section 14.5. Stock Appreciation Rights may contain such other provisions, which shall not be inconsistent with any of the terms of the Plan, as the Committee shall deem appropriate.

ARTICLE VIII
RESTRICTED STOCK

8.1 Awards of Restricted Stock. Shares of Restricted Stock may be issued either alone or in addition to other Awards granted under the Plan. The Committee shall determine the Eligible Individuals to whom, and the time or times at which, grants of Restricted Stock shall be made, the number of shares to be awarded, the price (if any) to be paid by the Participant (subject to Section 8.2), the time or times within which such Awards may be subject

to forfeiture, the vesting schedule and rights to acceleration thereof, and all other terms and conditions of the Awards. Unless otherwise determined by the Committee, in no event will any shares of Restricted Stock granted under this Plan be transferred for value.

The Committee may condition the grant or vesting of Restricted Stock upon the attainment of specified performance targets (including, the Performance Goals) or such other factor as the Committee may determine in its sole discretion.

8.2 Awards and Certificates. Eligible Individuals selected to receive Restricted Stock shall not have any right with respect to such Award, unless and until such Participant has delivered a fully executed copy of the agreement evidencing the Award to the Company, to the extent required by the Committee, and has otherwise complied with the applicable terms and conditions of such Award. Further, such Award shall be subject to the following conditions:

(a) Purchase Price. The purchase price of Restricted Stock shall be fixed by the Committee. Subject to Section 4.2, the purchase price for shares of Restricted Stock may be zero to the extent permitted by applicable law, and, to the extent not so permitted, such purchase price may not be less than par value.

(b) Custody. If stock certificates are issued in respect of shares of Restricted Stock, the Committee may require that any stock certificates evidencing such shares be held in custody by the Company until the restrictions thereon shall have lapsed, and that, as a condition of any grant of Restricted Stock, the Participant shall have delivered a duly signed stock power or other instruments of assignment (including a power of attorney), each endorsed in blank with a guarantee of signature if deemed necessary or appropriate by the Company, which would permit transfer to the Company of all or a portion of the shares subject to the Restricted Stock Award in the event that such Award is forfeited in whole or part.

8.3 Restrictions and Conditions. The shares of Restricted Stock awarded pursuant to the Plan shall be subject to the following restrictions and conditions:

(a) Restriction Period. (i) The Participant shall not be permitted to Transfer shares of Restricted Stock awarded under the Plan during the period or periods set by the Committee (the **"Restriction Period"**) commencing on the date of such Award, as set forth in the Restricted Stock Award Agreement or as otherwise provided for by the Committee. Based on service, attainment of Performance Goals pursuant to Section 8.3(a)(ii) and/or such other factors or criteria as the Committee may determine in its sole discretion, the Committee may condition the grant or provide for the lapse of such restrictions in installments in whole or in part, or may accelerate the vesting of all or any part of any Restricted Stock Award and/or waive the deferral limitations for all or any part of any Restricted Stock Award.

(i) If the grant of shares of Restricted Stock or the lapse of restrictions is based on the attainment of Performance Goals, the Committee shall establish the objective Performance Goals and the applicable vesting percentage of the Restricted Stock applicable to each Participant or class of Participants in writing prior to the beginning of the applicable fiscal year or at such later date as otherwise determined by the Committee. Such Performance Goals may incorporate provisions for disregarding (or adjusting for) changes in accounting methods, corporate transactions (including, without limitation, dispositions and acquisitions) and other similar type events or circumstances.

(b) Rights as a Stockholder. Except as provided in Section 8.3(a) and this Section 8.3(b) or as otherwise determined by the Committee in an Award Agreement, the Participant shall have, with respect to the shares of Restricted Stock, all of the rights of a holder of shares of Common Stock of the Company, including, without limitation, the right to receive dividends, the right to vote such shares and, subject to and conditioned upon the full vesting of shares of Restricted Stock, the right to tender such shares. Unless otherwise provided in the Award Agreement, the payment of dividends or other distributions on Restricted Stock shall be deferred until, and conditioned upon, (i) the expiration of the applicable Restriction Period and (ii) with respect to Awards of Restricted Stock described in Section 8.3(a)(ii), the attainment of the applicable Performance Goals, and shall in each case be

subject to the same restrictions on transferability and forfeitability as the shares of Restricted Stock with respect to which they are paid.

(c) Termination. Unless otherwise determined by the Committee, subject to the applicable provisions of the Award Agreement and the Plan, upon a Participant's Termination for any reason during the relevant Restriction Period, all Restricted Stock still subject to restriction will be forfeited in accordance with the terms and conditions established by the Committee at grant or thereafter.

(d) Lapse of Restrictions. If and when the Restriction Period expires (and the applicable Performance Goals, if any, are achieved) without a prior forfeiture of the Restricted Stock, the certificates for such shares shall be delivered to the Participant. All legends shall be removed from said certificates at the time of delivery to the Participant, except as otherwise required by applicable law or other limitations imposed by the Committee.

ARTICLE IX
PERFORMANCE AWARDS

9.1 Performance Awards. The Committee may grant a Performance Award to a Participant payable upon the attainment of specific Performance Goals. If the Performance Award is payable in shares of Restricted Stock, such shares shall be transferable to the Participant only upon attainment of the relevant Performance Goal in accordance with Article VIII, or in combination with any continuous service requirement. If the Performance Award is payable in cash, it may be paid upon the attainment of the relevant Performance Goals or, if applicable, upon any continuous service requirement following the attainment of the relevant Performance Goals, either in cash or in shares of Restricted Stock (based on the then current Fair Market Value of such shares), as determined by the Committee, in its sole and absolute discretion. Each Performance Award shall be evidenced by an Award Agreement in such form that is not inconsistent with the Plan and that the Committee may from time to time approve.

9.2 Terms and Conditions. Performance Awards awarded pursuant to this Article IX shall be subject to the following terms and conditions:

(a) Earning of Performance Award. At or in connection with the expiration of the applicable Performance Period, the Committee shall determine the extent to which the Performance Goals are achieved and the percentage of each Performance Award that has been earned. The Committee may, subject to Section 409A of the Code, in its sole discretion, adjust the Performance Period to be subject to continued vesting, earlier lapse or other modification.

(b) Non-Transferability. Subject to the applicable provisions of the Award Agreement and the Plan, Performance Awards may not be Transferred during the Performance Period. Unless otherwise determined by the Committee, in no event will any Performance Award granted under this Plan be transferred for value.

(c) Dividends. Unless otherwise determined by the Committee at the time of grant, amounts equal to dividends declared during the Performance Period with respect to the number of shares of Common Stock covered by a Performance Award will not be paid to the Participant. Unless otherwise provided in an Award Agreement, any dividends or other distributions on Performance Awards will be deferred until, and paid contingent upon, the vesting of such Performance Awards and shall be subject to the same restrictions on transferability and forfeitability as the Performance Awards with respect to which they are paid.

(d) Payment. Following the Committee's determination in accordance with Section 9.2(a), the Company shall settle Performance Awards, in such form (including, without limitation, in shares of Common Stock or in cash) as determined by the Committee, in an amount equal to such Participant's earned Performance Awards.

(e) Termination. Subject to the applicable provisions of the Award Agreement and the Plan, upon a Participant's Termination for any reason during the Performance Period for a given Performance Award, the Performance Award in question will vest or be forfeited in accordance with the terms and conditions established by the Committee.

(f) Continued or Accelerated Vesting. Based on service, performance and/or such other factors or criteria, if any, as the Committee may determine, the Committee may, subject to Section 409A of the Code, at or after grant, provide for continued vesting of or accelerate the vesting of all or any part of any Performance Award.

ARTICLE X
OTHER STOCK-BASED AND CASH-BASED AWARDS

10.1 Other Stock-Based Awards. The Committee is authorized to grant to Eligible Individuals Other Stock-Based Awards that are payable in, valued in whole or in part by reference to, or otherwise based on or related to shares of Common Stock, including but not limited to, shares of Common Stock awarded purely as a bonus and not subject to restrictions or conditions, shares of Common Stock in payment of the amounts due under an incentive or performance plan sponsored or maintained by the Company or an Affiliate, stock equivalent units, restricted stock units, and Awards valued by reference to book value of shares of Common Stock. Other Stock-Based Awards may be granted either alone or in addition to or in tandem with other Awards granted under the Plan. The Committee may condition grant or vesting of Other Stock-Based Awards upon the attainment of Performance Goals, as the Committee may determine in its sole discretion.

Subject to the provisions of the Plan, the Committee shall have authority to determine the Eligible Individuals, to whom, and the time or times at which, such Awards shall be made, the number of shares of Common Stock to be awarded pursuant to such Awards, and all other conditions of the Awards. The Committee may also provide for the grant of Common Stock under such Awards upon the completion of a specified Performance Period.

10.2 Terms and Conditions. Other Stock-Based Awards made pursuant to this Article X shall be subject to the following terms and conditions:

(a) Non-Transferability. Subject to the applicable provisions of the Award Agreement and the Plan, shares of Common Stock subject to Awards made under this Article X may not be Transferred prior to the date on which the shares are issued, or, if later, the date on which any applicable restriction, performance or deferral period lapses. Unless otherwise determined by the Committee, in no event will any Other Stock Based Award granted under this Plan be transferred for value.

(b) Dividends. Unless otherwise determined by the Committee at the time of Award, subject to the provisions of the Award Agreement and the Plan, the recipient of an Award under this Article X shall not be entitled to receive, currently or on a deferred basis, dividends or dividend equivalents in respect of the number of shares of Common Stock covered by the Other Stock-Based Award. Unless otherwise provided in the Award Agreement, any dividends or other distributions on Other Stock-Based Awards will be deferred until, and paid contingent upon, the vesting of such Other Stock-Based Awards and shall be subject to the same restrictions on transferability and forfeitability as the Other Stock-Based Awards with respect to which they were paid.

(c) Vesting. Any Award under this Article X and any Common Stock covered by any such Award shall vest or be forfeited to the extent so provided in the Award Agreement, as determined by the Committee, in its sole discretion.

(d) Price. Common Stock issued on a bonus basis under this Article X may be issued for no cash consideration. Common Stock purchased pursuant to a purchase right awarded under this Article X shall be priced, as determined by the Committee in its sole discretion.

10.3 Other Cash-Based Awards. The Committee may from time to time grant Other Cash-Based Awards to Eligible Individuals in such amounts, on such terms and conditions, and for such consideration, including no consideration or such minimum consideration as may be required by applicable law, as it shall determine in its sole discretion. Other Cash-Based Awards may be granted subject to the satisfaction of vesting conditions or may be awarded purely as a bonus and not subject to restrictions or conditions, and if subject to vesting conditions, the Committee may accelerate the vesting of such Awards at any time in its sole discretion. The grant of an Other Cash-

Based Award shall not require a segregation of any of the Company's assets for satisfaction of the Company's payment obligation thereunder.

ARTICLE XI
CHANGE IN CONTROL PROVISIONS

11.1 Benefits. In the event of a Change in Control of the Company (as defined below), and except as otherwise provided by the Committee in an Award Agreement, a Participant's Award shall be treated in accordance with one or more of the following methods as determined by the Committee:

(a) Awards, whether or not then vested, shall be continued, assumed, or have new rights substituted therefor, as determined by the Committee in a manner consistent with the requirements of Section 409A of the Code, and restrictions to which shares of Restricted Stock or any other Award granted prior to the Change in Control are subject shall not lapse upon a Change in Control and the Restricted Stock or other Award shall, where appropriate in the sole discretion of the Committee, receive the same distribution as other Common Stock on such terms as determined by the Committee; provided that the Committee may decide to award additional Restricted Stock or other Awards in lieu of any cash distribution. Notwithstanding anything to the contrary herein, for purposes of Incentive Stock Options, any assumed or substituted Stock Option shall comply with the requirements of Treasury Regulation Section 1.424-1 (and any amendment thereto).

(b) The Committee, in its sole discretion, may provide for the purchase of any Awards by the Company or an Affiliate for an amount of cash, securities or other property equal to the excess (if any) of the Change in Control Price (as defined below) of the shares of Common Stock covered by such Awards, over the aggregate exercise price of such Awards; provided, however, that in the discretion of the Committee, any cash or other consideration payable upon the purchase of such an Award may be subjected to (x) vesting terms substantially identical to those that applied to such Award immediately prior to the Change in Control, or (y) earn-out, escrow, indemnification, holdback or similar arrangements, to the extent such arrangements are applicable to consideration paid to other equity holders of the Company in connection with the Change in Control. For purposes hereof, **"Change in Control Price"** shall mean the highest price per share of Common Stock paid in any transaction related to a Change in Control of the Company.

(c) The Committee may, in its sole discretion, terminate all outstanding and unexercised Stock Options, Stock Appreciation Rights, or any Other Stock-Based Award that provides for a Participant elected exercise, effective as of the date of the Change in Control, by delivering notice of termination to each Participant at least twenty (20) days prior to the date of consummation of the Change in Control, in which case during the period from the date on which such notice of termination is delivered to the consummation of the Change in Control, each such Participant shall have the right to exercise in full all of such Participant's Awards that are then outstanding (without regard to any limitations on exercisability otherwise contained in the Award Agreements), but any such exercise shall be contingent on the occurrence of the Change in Control, and, provided that, if the Change in Control does not take place within a specified period after giving such notice for any reason whatsoever, the notice and exercise pursuant thereto shall be null and void.

(d) Notwithstanding any other provision herein to the contrary, the Committee may, in its sole discretion, provide for accelerated vesting or lapse of restrictions, of an Award at any time.

11.2 Change in Control. Unless otherwise determined by the Committee in the applicable Award Agreement or other written agreement with a Participant approved by the Committee, a **"Change in Control"** shall be deemed to occur if:

(a) any "person," as such term is used in Sections 13(d) and 14(d) of the Exchange Act (other than the Company, any trustee or other fiduciary holding securities under any employee benefit plan of the Company, or any company owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as their ownership of Common Stock of the Company), becoming the beneficial owner (as defined in Rule 13d-3

under the Exchange Act), directly or indirectly, of securities of the Company representing 50% or more of the combined voting power of the Company's then outstanding securities;

(b) during any period of two consecutive years, individuals who at the beginning of such period constitute the Board, and any new director (other than a director whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a person other than the Board) whose election by the Board or nomination for election by the Company's stockholders was approved by a vote of at least two-thirds of the directors then still in office who either were directors at the beginning of the two-year period or whose election or nomination for election was previously so approved, cease for any reason to constitute at least a majority of the Board;

(c) consummation of a merger or consolidation of the Company with any other corporation, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation; provided, however, that a merger or consolidation effected to implement a recapitalization of the Company (or similar transaction) in which no Person (other than those covered by the exceptions in Section 11.2(a)) acquires more than 50% of the combined voting power of the Company's then outstanding securities shall not constitute a Change in Control of the Company; or

(d) a complete liquidation or dissolution of the Company or the consummation of a sale or disposition by the Company of all or substantially all of the Company's assets other than the sale or disposition of all or substantially all of the assets of the Company to a Person or Persons who beneficially own, directly or indirectly, 50% or more of the combined voting power of the outstanding voting securities of the Company at the time of the sale.

Notwithstanding the foregoing, with respect to any Award that is characterized as "nonqualified deferred compensation" within the meaning of Section 409A of the Code, an event shall not be considered to be a Change in Control under the Plan for purposes of payment of such Award unless such event is also a "change in ownership," a "change in effective control" or a "change in the ownership of a substantial portion of the assets" of the Company within the meaning of Section 409A of the Code.

ARTICLE XII
TERMINATION OR AMENDMENT OF PLAN

The Plan shall terminate at the close of business on the tenth anniversary of the Effective Date, unless terminated sooner as hereinafter provided, and no Award shall be granted under the Plan on or after that date. Notwithstanding any other provision of the Plan, the Board may at any time, and from time to time, amend, in whole or in part, any or all of the provisions of the Plan (including any amendment deemed necessary to ensure that the Company may comply with any regulatory requirement referred to in Article XIV or Section 409A of the Code), or suspend or terminate it entirely, retroactively or otherwise; provided, however, that, unless otherwise required by law or specifically provided herein, the rights of a Participant with respect to Awards granted prior to such amendment, suspension or termination, may not be impaired without the consent of such Participant and, provided further, that without the approval of the holders of the Company's Common Stock entitled to vote in accordance with applicable law, no amendment may be made that would (a) increase the aggregate number of shares of Common Stock that may be issued under the Plan (except by operation of Section 4.2); (b) increase the maximum individual Participant limitation for a fiscal year under Section 4.1(b); (c) change the classification of individuals eligible to receive Awards under the Plan; (d) decrease the minimum exercise price of any Stock Option or Stock Appreciation Right (except by operation of Section 4.2); (e) extend the maximum option period under Section 6.4; (f) award any Stock Option or Stock Appreciation Right in replacement of a canceled Stock Option or Stock Appreciation Right with a higher exercise price than the replacement award; or (g) to the extent applicable to Incentive Stock Options, require stockholder approval in order for the Plan to continue to comply with the applicable provisions of Section 422 of the Code. In no event may the Plan be amended without the approval of the stockholders of the Company in accordance

with the applicable laws of the State of Delaware to increase the aggregate number of shares of Common Stock that may be issued under the Plan, decrease the minimum exercise price of any Award, or to make any other amendment that would require stockholder approval under Financial Industry Regulatory Authority (FINRA) rules and regulations or the rules of any exchange or system on which the Company's securities are listed or traded at the request of the Company, except by operation of Section 4.2. Notwithstanding anything herein to the contrary, the Board may amend the Plan or any Award Agreement at any time without a Participant's consent to comply with applicable law including Section 409A of the Code or pursuant to (x) any right that the Company may have under any Company recoupment policy or other agreement or arrangement with a Participant, or (y) any right or obligation that the Company may have regarding the clawback of "incentive-based compensation" under Section 10D of the Exchange Act and any applicable rules and regulations promulgated thereunder from time to time by the U.S. Securities and Exchange Commission or the listing standards of any national securities exchange or association on which the Company's securities are listed. The Committee may amend the terms of any Award theretofore granted, prospectively or retroactively, but, subject to Article IV or as otherwise specifically provided herein, no such amendment or other action by the Committee shall impair the rights of any holder without the holder's consent.

ARTICLE XIII
UNFUNDED STATUS OF PLAN

The Plan is intended to constitute an "unfunded" plan for incentive and deferred compensation. With respect to any payment as to which a Participant has a fixed and vested interest but which are not yet made to a Participant by the Company, nothing contained herein shall give any such Participant any right that is greater than those of a general unsecured creditor of the Company.

ARTICLE XIV
GENERAL PROVISIONS

14.1 **Minimum Vesting Period**. Notwithstanding anything to the contrary in the Plan, the minimum vesting schedule applicable to Awards shall provide for vesting over a service period of not less than one (1) year, with vesting only permitted on or following the one (1) year anniversary of the date such Award was granted; provided that (i) such limitation shall not apply to Awards granted for up to an aggregate of five percent (5%) of the shares of Common Stock available under the Plan, (ii) such limitation shall not apply to Awards made to Non-Employee Directors and (iii) the Committee may, in its sole discretion, accelerate the vesting of Awards subject to such limitation in the event of a Change in Control or upon a Participant's death, Disability, Termination without Cause or Termination with "good reason" or similar term, if applicable.

14.2 **Legend**. The Committee may require each Person receiving shares of Common Stock pursuant to a Stock Option or other Award under the Plan to represent to and agree with the Company in writing that the Participant is acquiring the shares without a view to distribution thereof. In addition to any legend required by the Plan, the certificates for such shares may include any legend that the Committee deems appropriate to reflect any restrictions on Transfer. All certificates for shares of Common Stock delivered under the Plan shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations and other requirements of the Securities and Exchange Commission, any stock exchange upon which the Common Stock is then listed or any national securities exchange system upon whose system the Common Stock is then quoted, any applicable federal or state securities law, and any applicable corporate law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

14.3 **Other Plans**. Nothing contained in the Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required, and such arrangements may be either generally applicable or applicable only in specific cases.

14.4 **No Right to Employment/Directorship/Consultancy**. Neither the Plan nor the grant of any Option or other Award hereunder shall give any Participant or other employee, Consultant or Non-Employee Director any right with respect to continuance of employment, consultancy or directorship by the Company or any Affiliate, nor shall there be a limitation in any way on the right of the Company or any Affiliate by which an employee is

employed or a Consultant or Non-Employee Director is retained to terminate such employment, consultancy or directorship at any time.

14.5 Withholding of Taxes. The Company shall have the right to deduct from any payment or Award under the Plan, or to otherwise require, at such time and in such amounts as the Company determines to be required by applicable law for any federal, state, local or foreign taxes. Upon the vesting of Restricted Stock (or other Award that is taxable upon vesting), or upon making an election under Section 83(b) of the Code, a Participant shall pay (or cause to be paid) all required withholding to the Company. Any minimum statutorily required withholding obligation with regard to any Participant may be satisfied, subject to the consent of the Committee, by reducing the number of shares of Common Stock otherwise deliverable or by delivering shares of Common Stock already owned. Any fraction of a share of Common Stock required to satisfy such tax obligations shall be disregarded and the amount due shall be paid instead in cash by the Participant. Regardless of the amounts withheld or reported, each Participant shall be solely responsible for all taxes in respect of their Awards, except for the Company's share of employment taxes (if any).

14.6 No Assignment of Benefits. No Award or other benefit payable under the Plan shall, except as otherwise specifically provided by law or permitted by the Committee, be Transferable in any manner, and any attempt to Transfer any such benefit shall be void, and any such benefit shall not in any manner be liable for or subject to the debts, contracts, liabilities, engagements or torts of any Person who shall be entitled to such benefit, nor shall it be subject to attachment or legal process for or against such Person.

14.7 Listing and Other Conditions.

(a) Unless otherwise determined by the Committee, as long as the Common Stock is listed on a national securities exchange or system sponsored by a national securities association, the issuance of shares of Common Stock pursuant to an Award shall be conditioned upon such shares being listed on such exchange or system. The Company shall have no obligation to issue such shares unless and until such shares are so listed, and the right to exercise any Option or other Award with respect to such shares shall be suspended until such listing has been effected.

(b) If at any time counsel to the Company shall be of the opinion that any sale or delivery of shares of Common Stock pursuant to an Option or other Award is or may in the circumstances be unlawful or result in the imposition of excise taxes on the Company under the statutes, rules or regulations of any applicable jurisdiction, the Company shall have no obligation to make such sale or delivery, or to make any application or to effect or to maintain any qualification or registration under the Securities Act or otherwise, with respect to shares of Common Stock or Awards, and the right to exercise any Option or other Award shall be suspended until, in the opinion of said counsel, such sale or delivery shall be lawful or will not result in the imposition of excise taxes on the Company.

(c) Upon termination of any period of suspension under this Section 14.7, any Award affected by such suspension which shall not then have expired or terminated shall be reinstated as to all shares available before such suspension and as to shares which would otherwise have become available during the period of such suspension, but no such suspension shall extend the term of any Award.

(d) A Participant shall be required to supply the Company with certificates, representations and information that the Company requests and otherwise cooperate with the Company in obtaining any listing, registration, qualification, exemption, consent or approval the Company deems necessary or appropriate.

14.8 Stockholders Agreement and Other Requirements. Notwithstanding anything herein to the contrary, as a condition to the receipt of shares of Common Stock pursuant to an Award under the Plan, to the extent required by the Committee, the Participant shall execute and deliver a stockholder's agreement or such other documentation that shall set forth certain restrictions on transferability of the shares of Common Stock acquired upon exercise or purchase, and such other terms as the Board or Committee shall from time to time establish. Such stockholder's agreement or other documentation shall apply to the Common Stock acquired under the Plan and covered by such stockholder's agreement or other documentation. The Company may require, as a condition of exercise, the Participant to become a party to any other existing stockholder agreement (or other agreement).

14.9 **Governing Law**. The Plan and actions taken in connection herewith shall be governed and construed in accordance with the laws of the State of Delaware (regardless of the law that might otherwise govern under applicable Delaware principles of conflict of laws).

14.10 **Jurisdiction; Waiver of Jury Trial**. Any suit, action or proceeding with respect to the Plan or any Award Agreement, or any judgment entered by any court of competent jurisdiction in respect of any thereof, shall be resolved only in the courts of the State of Delaware or the United States District Court for the District of Delaware and the appellate courts having jurisdiction of appeals in such courts. 14.22 **Company Recoupment of Awards**. A Participant's rights with respect to any Award hereunder shall in all events be subject to (i) any right that the Company may have under any Company recoupment policy or other agreement or arrangement with a Participant, or (ii) any right or obligation that the Company may have regarding the clawback of "incentive-based compensation" under Section 10D of the Exchange Act and any applicable rules and regulations promulgated thereunder from time to time by the U.S. Securities and Exchange Commission or the listing standards of any national securities exchange or association on which the Company's securities are listed. In addition, the Board may impose such other clawback, recovery or recoupment provisions in an Award Agreement as the Board determines necessary or appropriate, including but not limited to a reacquisition right in respect of previously acquired shares of Common Stock or other cash or property upon the occurrence of Cause. The Participant's execution or acceptance of an Award Agreement shall constitute the Participant's acknowledgement that the Participant is subject to such clawback policies and that such Participant's Award may be subject to recoupment to the extent provided in such clawback policies. Any conversion, substitution or assumption will be effective as of the close of the merger or acquisition, and, to the extent applicable, will be conducted in a manner that complies with Section 409A of the Code. The awards so granted may reflect the original terms of the awards being assumed or substituted or converted for and need not comply with other specific terms of this Plan, and may account for Common Stock substituted for the securities covered by the original awards and the number of shares subject to the original awards, as well as any exercise or purchase prices applicable to the original awards, adjusted to account for differences in stock prices in connection with the transaction.

(b) In the event that a company acquired by the Company or any Subsidiary or with which the Company or any Subsidiary merges has shares available under a pre-existing plan previously approved by stockholders and not adopted in contemplation of such acquisition or merger, the shares available for grant pursuant to the terms of such plan (as adjusted, to the extent appropriate, to reflect such acquisition or merger) may be used for awards made after such acquisition or merger under the Plan; provided, however, that awards using such available shares may not be made after the date awards or grants could have been made under the terms of the pre-existing plan absent the acquisition or merger, and may only be made to individuals who were not employees or directors of the Company or any Subsidiary prior to such acquisition or merger.

(c) Any Common Stock that is issued or transferred by, or that is subject to any awards that are granted by, or become obligations of, the Company under Sections 14.23(a) or 14.23(b) above will not reduce the Common Stock available for issuance or transfer under the Plan or otherwise count against the limits contained in Section 4.1 of the Plan. GENERAL DEVELOPMENT OF 180 DEGREE CAPITAL'S BUSINESS

Overview

180 Degree Capital is an internally managed investment company. It is are overseen by our board of directors and managed by its officers and has no external investment advisor.

180 Degree Capital is focused on generating capital appreciation and current income from investments in what it believes are deeply undervalued, small publicly traded companies where it believes it can positively impact the business and valuation through constructive activism. 180 Degree Capital believes it combines new perspectives with the historical knowledge and experience of managing the current portfolio. It believes these complementary sets of experiences and skills in investment management and in working with management teams to build businesses can be a foundation for future growth of net assets and net asset value per share.

For a description of its investment objective, investment strategy and investment policies, see "*Management's Discussion and Analysis of Financial Condition and Results of Operations of 180 Degree Capital*" in this Preliminary Joint Proxy Statement/Prospectus.

Specialized Skill and Knowledge

The nature of 180 Degree Capital's business requires specialized skills and knowledge, including knowledge of the industries in which we invest, investment management skills, due diligence, portfolio management, finance, accounting, employee relations and benefits, legal and regulatory, among other areas. Increased competition for personnel may make it more difficult to hire and retain qualified employees and consultants. However, 180 Degree Capital does not currently anticipate significant obstacles recruiting and retaining appropriate personnel that possess the skill and knowledge to carry out its business.

Competitive Conditions

Numerous companies and individuals are engaged in investing in privately held or small publicly traded businesses, and such businesses are intensely competitive. We believe our corporate structure permits public market investors to participate in investing in small publicly traded businesses leveraging access to due diligence, constructive activism and other resources that may not be readily or easily accessible. We also believe our corporate structure permits greater liquidity and better transparency than private investment funds. We believe we are a unique company with our focus on being actively involved investors in small capitalization publicly traded companies as a liquid, U.S. exchange-listed, publicly traded company.

Intangible Properties

180 Degree Capital recognizes the important of its intangible assets, which consist of relationships with management of our portfolio companies, domain names, computer software and technology. In order to protect its proprietary rights, 180 Degree Capital relies on a combination of confidentiality and non-solicitation agreements with its employees, consultants and third parties with whom it has relationships.

Government Regulation

180 Degree Capital is subject to U.S. government regulations owing to its status as a registered close-end management investment company under the 1940 Act.

Employees

As at December 31, 2024 and March 31, 2025, 180 Degree Capital had a total of three full-time employees, and one part-time employee, all of whom were located in the United States. We believe that our relations with our employees are satisfactory.

The discount management program established two measurement periods of January 1, 2024, to December 31, 2024, and January 1, 2025, to June 30, 2025. Should TURN Common Shares trade at an average daily discount to net asset value per share of more than the then-current average trading discount of other equity-focused closed end funds, or 12%, during either of these measurement periods, then the 180 Degree Capital Board will consider all available options to reduce such discount.

180 Degree Capital was the General Partner of 180 Phoenix Fund, L.P., ("180 Phoenix") a limited partnership formed to facilitate the opportunity to manage capital for investors in a traditional limited partnership structure. 180 Degree Capital did not raise capital into 180 Phoenix. In December 2023, based on conversations with potential investors that indicated more interest in management of separate accounts rather than a limited partnership structure, 180 Degree Capital elected to file a certificate of cancellation to terminate the existence of the entity.

2024

In November 2024, 180 Degree Capital filed a certificate of cancellation for 180 Degree Capital Management, LLC ("180CM"), a limited liability company formed to facilitate the opportunity for interested investors to co-invest alongside 180 Degree Capital in individual publicly traded portfolio companies. 180 Degree Capital was the Managing Member of 180CM.

No current or proposed director or officer or securityholder holding a sufficient number of securities of 180 Degree Capital to affect materially the control of 180 Degree Capital has, within the last 10 years prior to the date of this Preliminary Joint Proxy Statement/Prospectus, been a director or executive officer of any company (including 180 Degree Capital) that, while such person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement for compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets. No current director or officer or securityholder holding a sufficient number of securities of 180 Degree Capital to affect materially the control of 180 Degree Capital has, within the last 10 years prior to the date of this document, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the director, officer or securityholder.

No current or proposed director or officer or securityholder holding a sufficient number of securities of 180 Degree Capital to affect materially the control of 180 Degree Capital has been subject to: (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable investor in making an investment decision.

Conflicts of Interest

As of the date hereof, 180 Degree Capital was not aware of any existing or potential material conflicts of interest between 180 Degree Capital and a subsidiary of 180 Degree Capital, a director or officer of 180 Degree Capital or of a subsidiary of 180 Degree Capital. However, certain of 180 Degree Capital's directors and officers are, or may become, directors or officers of other companies with businesses which may conflict with its business. Accordingly, conflicts of interest may arise which could influence these individuals in acting on 180 Degree Capital's behalf. The 180 Degree Capital Board has adopted a code of ethics applicable to our employees and directors that is designed to promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships (the "Code of Conduct"). Our Code of Conduct is available on our website at https://ir.180degreecapital.com/governance-docs.

EXECUTIVE COMPENSATION

The following discussion describes the significant elements of 180 Degree Capital's executive compensation, with particular emphasis on the process for determining compensation payable to 180 Degree Capital's "Named Executive Officers" or "NEOs" for the year ended December 31, 2024, which means each of the following individuals: (i) each individual who, in respect of 180 Degree Capital, during any part of the year ended December 31, 2024, served as the CEO, including an individual performing functions similar to a CEO; (ii) each individual who, in respect of 180 Degree Capital, during any part of the year ended December 31, 2024, served as the CFO, including an individual performing functions similar to a CFO; (iii) in respect of 180 Degree Capital, the three most highly compensated executive officers other than the individuals identified in paragraphs (i) and (ii) at

the end of the year ended December 31, 2024 whose total compensation was more than C$150,000; and (iv) each individual who would be an NEO under (iii) but for the fact that the individual was neither an executive officer of 180 Degree Capital, nor acting in a similar capacity, at the end of that financial year. For the purposes of this section, the NEOs of 180 Degree Capital are: (i) Kevin M. Rendino, CEO; (ii) Daniel B. Wolfe, CFO; (iii) Alicia M. Gift, Senior Controller, Secretary and Treasurer, and (iv) Robert E. Bigelow, III, Vice President, Head of Fund Development.

Compensation Committee

See "*Corporate Governance – Board Committees – Compensation Committee*" of this Annex G.

Named Executive Officer Remuneration

The principal elements of our officer compensation program are base salary, bonus, equity incentive stock awards, and severance benefits. The Compensation Committee of the 180 Degree Capital Board believes that each element is essential to achieve 180 Degree Capital's objectives.

Base Salaries. We recognize the need to pay our officers, and other employees, a competitive annual base salary. We review base salaries for our officers annually.

- **Cash Bonuses.** 180 Degree Capital provides annual bonuses at the discretion of the Compensation Committee derived from a number of quantitative and qualitative inputs including, but not limited to:
    - Performance against individual and corporate targets and goals;
    - Performance as compared to indices and other observable entities that track or invest in microcapitalization publicly traded companies;
    - Full year actual versus estimated expenses and expenses as a percentage of assets;
    - Changes in the price per share of 180 Degree Capital's stock, including dividends, if any;
    - Changes in the net asset value of 180 Degree Capital, including dividends, if any; and
    - The importance of retaining employees.

The weighting of these inputs in the Compensation Committee's determinations of bonuses are adjusted based on a retrospective full analysis of individual and corporate achievements and challenges during the year under consideration.

180 Degree Capital has not engaged external remuneration consultants to advise the 180 Degree Capital Board on remuneration matters.

Compensation Governance

180 Degree Capital has established a Compensation Committee which assists the 180 Degree Capital Board in reviewing and approving the compensation structure, including all forms of compensation, relating to 180 Degree Capital's directors and executive officers. 180 Degree Capital's CEO may not be present at any Compensation Committee meeting during which his compensation is deliberated. The Compensation Committee also evaluates and makes recommendations regarding the compensation of the directors, including their compensation for services on the 180 Degree Capital Board committees. The members of the Compensation Committee are Parker A. Weil (Chair), Richard P. Shanley and Stacy R. Brandom, each of which is independent.

See "*Corporate Governance – Compensation*" and "*Corporate Governance – Board Committees – Compensation Committee"* of this Annex G.

Outstanding Option-Based and Share-Based Awards

There were no share-based or option-based awards outstanding as of December 31, 2024 that were granted by 180 Degree Capital to its NEOs as 180 Degree Capital is not permitted to have an equity incentive plan under the 1940 Act.

Clawback Policy (Recoupment)

If the 180 Degree Capital Board determines that an executive officer has engaged in fraud, willful misconduct or a violation of 180 Degree Capital policy that caused or otherwise contributed to the need for a

material restatement of 180 Degree Capital's financial results, the Compensation Committee will review all performance-based compensation awarded to or earned by that executive officer on the basis of performance during fiscal periods materially affected by the restatement. This would include annual cash incentive/bonus awards. If, in 180 Degree Capital's view, the performance-based compensation would have been materially lower if it had been based on the restated results, the Compensation Committee will, to the extent permitted by applicable law, seek recoupment from that executive officer of any portion of such performance-based compensation as it deems appropriate after a review of all relevant facts and circumstances.

In determining whether to recover a payment, the Compensation Committee shall take into account such considerations as it deems appropriate, including whether the assertion of a claim may violate applicable law or prejudice the interests of the Company in any related proceeding or investigation. The Compensation Committee shall have sole discretion in determining whether an executive officer's conduct has or has not met any particular standard of conduct under law or 180 Degree Capital policy.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

None of 180 Degree Capital's directors, executive officers, employees, former directors, former executive officers or former employees and none of their respective associates, is or has within 30 days before the date of this Preliminary Joint Proxy Statement/Prospectus, or at any time since the beginning of the most recently completed financial year been indebted to 180 Degree Capital or another entity whose indebtedness is the subject of a guarantee, support agreement, letter of credit or other similar agreement or understanding provided to 180 Degree Capital.

CORPORATE GOVERNANCE

180 Degree Capital Board of Directors

The 180 Degree Capital Board is composed of five directors, three of whom are independent directors within the meaning of National Instrument 58-101 – *Disclosure of Corporate Governance Practices* and National Instrument 52-110 – *Audit Committees* and the rules of the Nasdaq Global Market. Stacy R. Brandom, Richard P. Shanley, and Parker A. Weil are all considered independent on the basis that they do not have any material relationships that could reasonably be expected to interfere with the exercise of their independent judgement. A majority of the directors of 180 Degree Capital are independent.

Kevin M. Rendino, Chairman, CEO and Portfolio Manager, and Daniel B. Wolfe, President, Chief Financial Officer and Chief Compliance Officer, are each non-independent directors, as they are members of 180 Degree Capital's management.

Other Directorships

One director of 180 Degree Capital, as of the date hereof, is also a director of another issuer that is an SEC registrant. This position is summarized as follows:

Name of Director	Issuer	Position	Market
Kevin M. Rendino	Synchronoss Technologies, Inc.	Director	Nasdaq

180 Degree Capital Board Leadership Structure

The 180 Degree Capital Board does not require the separation of the offices of the Chairman of the 180 Degree Capital Board and the Chief Executive Officer. The 180 Degree Capital Board believes it should be free to choose its Chairman in any way that it deems best for 180 Degree Capital at any given point in time. Mr. Rendino, the current Chairman and Chief Executive Officer, is an "interested person" of 180 Degree Capital (as defined in Section 2(a)(19) of the 1940 Act). At present, the 180 Degree Capital Board believes that Mr. Rendino's service as both Chairman and Chief Executive Officer is in the best interest of 180 Degree Capital and its shareholders. Mr. Rendino possesses detailed and in-depth knowledge of the day-to-day and overall issues, opportunities and challenges facing 180 Degree Capital and its business and is thus best positioned to develop agendas that ensure that the 180 Degree Capital Board's time and attention are focused on the most critical matters.

Mr. Rendino's combined role enables decisive leadership, ensures clear accountability, and enhances 180 Degree Capital's ability to communicate its message and strategy clearly and consistently to 180 Degree Capital's shareholders, employees, and portfolio companies. The 180 Degree Capital Board also believes that combining the Chairman and Chief Executive Officer roles is appropriate given our current asset size.

The 180 Degree Capital Board members also believe that the Lead Independent Director plays an important role and fulfills most of the benefits to 180 Degree Capital of having an independent Chairman without the full expense of hiring an independent Chairman. Richard P. Shanley currently serves as our Lead Independent Director. The Lead Independent Director's duties include acting as a liaison between the independent directors and the Chairman regarding any specific feedback or issues, providing the Chairman with input regarding agenda items for 180 Degree Capital Board and committee meetings, coordinating with the Chairman to provide information to the independent directors regarding their duties, coordinating the activities of the independent directors, coordinating the agenda for and moderating sessions of the 180 Degree Capital Board's independent directors and other non-employee directors, and facilitating communications between the other members of the 180 Degree Capital Board, between the 180 Degree Capital Board and senior management, and between the Chief Compliance Officer and the 180 Degree Capital Board. The 180 Degree Capital Board believes that this approach appropriately and effectively complements the combined Chief Executive Officer/Chairman structure.

In addition, three of the five directors of the 180 Degree Capital Board, other than Mr. Rendino and Mr. Wolfe, are independent, and the 180 Degree Capital Board believes that the independent directors provide effective oversight of management. Moreover, in addition to feedback provided during the course of 180 Degree Capital Board meetings, the independent directors have regular executive sessions. During the fiscal year ended December 31, 2024, the independent directors attended four such executive sessions. Additionally, the independent directors meet on a quarterly basis in executive session with the Chief Compliance Officer.

180 Degree Capital Board's Role in Risk Oversight

The 180 Degree Capital Board as a whole, under the direction of the Lead Independent Director, has responsibility for risk oversight, with reviews of certain areas being conducted by the relevant 180 Degree Capital Board committees that report on their deliberations to the 180 Degree Capital Board. The oversight responsibility of the 180 Degree Capital Board and its committees is enabled by management reporting processes that are designed to provide visibility to the 180 Degree Capital Board about the identification, assessment and management of critical risks and the controls that management uses to mitigate those risks. Members of the senior management team meet annually to review the current risks for 180 Degree Capital's business, and to ensure that the compliance policies and procedures are revised along with changes to the current risks. The risks and the amended policies and procedures are presented to the 180 Degree Capital Board for its review and input at least annually. In addition, members of the senior management team meet quarterly to review strategic risks and report to the 180 Degree Capital Board about these discussions as appropriate.

Additionally, the 180 Degree Capital Board committees assist the full 180 Degree Capital Board in risk assessment. The Independent Directors meet regularly in executive session, with and without the Chief Compliance Officer, and oversee compliance and strategic risks of 180 Degree Capital. The Audit Committee oversees compliance by 180 Degree Capital with legal and regulatory requirements. Specifically, the Audit Committee discusses with 180 Degree Capital's management and independent registered public accountants the integrity of 180 Degree Capital's financial reporting processes and controls, particularly the controls in areas representing significant financial and business risks, and reviews 180 Degree Capital's compliance with certain regulatory requirements.

The Audit Committee Chairman meets independently with the registered public accountants and the other outside accounting firms. The Compensation Committee reviews risks related to compensation policies and procedures. The Nominating Committee considers risk assessment skills when considering nominees for the 180 Degree Capital Board. The 180 Degree Capital Board has appointed all independent members of the 180 Degree Capital Board to the Valuation Committee to have oversight of valuation risk. See also "– *Board Committees*" in this Annex G.

Terms of Directors and Executive Officers

Each of 180 Degree Capital's directors holds office until a successor has been duly elected and qualified unless the director was appointed by the 180 Degree Capital Board, in which case such director holds office until the next following annual meeting of shareholders at which time such director is eligible for re-election. All of 180 Degree Capital's executive officers are appointed by and serve at the discretion of the 180 Degree Capital Board.

Share Ownership

180 Degree Capital does not currently have any formal share ownership guidelines applicable to its executive officers or directors.

Mandate of 180 Degree Capital Board

The 180 Degree Capital Board has adopted Corporate Governance Guidelines, the text of which is attached as Exhibit "A" hereto (the "Corporate Governance Guidelines"), and which sets forth guidelines as to how the 180 Degree Capital Board delineates its role and responsibilities.

Position Descriptions

Due to 180 Degree Capital's size and nature of operations, the 180 Degree Capital Board has not yet developed a written position description for the Chair or the Chief Executive Officer. There are also no written position descriptions for the Chair of any 180 Degree Capital Board committees. The 180 Degree Capital Board delineates the role and responsibilities of each such position through informal discussions with the Chair and each member of the 180 Degree Capital Board.

Orientation and Continuing Education

The 180 Degree Capital Board encourages new directors to review the history of 180 Degree Capital prior to joining the 180 Degree Capital Board and to fully understand the written corporate governance policies of 180 Degree Capital to ensure they are fully familiar with the role of the board, its committees and its directors.

New board members are also given the opportunity to discuss the operations of 180 Degree Capital with the CEO and Chairman, the President, and the Chief Compliance Officer. In addition, senior management are regularly invited to attend sessions of board meetings to address the 180 Degree Capital Board on operations and activities.

All board members are encouraged to pursue continuing education and attend presentations relevant to the business segments and activities of 180 Degree Capital.

Ethical Business Conduct

180 Degree Capital has adopted a Code of Conduct, which is available on 180 Degree Capital's website (https://ir.180degreecapital.com/) and which is signed by all employees and directors on an annual basis. The Code of Conduct covers such matters as:

- compliance with the applicable rules and regulations of the 1940 Act, the Advisers Act, and the Code of Ethics Pursuant to Rule 17j-1 of the 1940 Act and Rule 204A-1 of the Advisers Act;
- disclosure practices;
- obligations related to fair trading and dealing;
- conflicts of interest;
- confidentiality; and
- document retention.

Persons who become aware of or suspect violations of the Code of Conduct are to report such suspected violations promptly to the CCO, the Lead Independent Director or the Chair of 180 Degree Capital's Audit Committee.

If the CCO, the Lead Independent Director or Chair of the Audit Committee determines that a violation has occurred, the CCO will take all appropriate disciplinary or preventative action, which shall follow review by the 180 Degree Capital Board in situations that are material. Appropriate disciplinary or preventative action may include a letter of censure, reduction in compensation, damages, suspension, dismissal or, in the event of criminal or other serious violations of law, notification of the SEC or other appropriate law enforcement authorities.

While the 180 Degree Capital Board does not have a formal process for monitoring compliance with its Code of Conduct, it does regularly self-assess its compliance. Given the relatively small number of 180 Degree Capital directors, 180 Degree Capital believes it does not currently warrant a formal process to ensure compliance with its Code of Conduct.

As applicable, the 180 Degree Capital Board assesses the independence of each director in relation to matters under discussion at a meeting where such independence is required to be assessed. If a director or directors are deemed to have an interest in a particular matter, they are precluded from the discussion and decision-making process on the matter.

180 Degree Capital has also adopted a formal Code of Ethics which is made available on 180 Degree Capital's website (https://ir.180degreecapital.com/). This code applies to all directors and employees of 180 Degree Capital. The purpose of this code is to prevent employees and directors of 180 Degree Capital from engaging in any fraudulent or manipulative practices, including with respect to purchase or sales of securities held by 180 Degree Capital.

Nomination of Directors

The Nominating Committee leads the search for individuals qualified to become members of the 180 Degree Capital Board and to select, or to recommend that the 180 Degree Capital Board select, director nominees to be presented for election by 180 Degree Capital shareholders at each annual meeting of shareholders. The Nominating Committee selects individuals as director nominees who shall have the highest personal and professional integrity, who have demonstrated exceptional ability and judgment and who shall be most effective, in conjunction with the other nominees to the 180 Degree Capital Board, in collectively serving the long-term interests of 180 Degree Capital shareholders. See also "*– Board Committees – Nominating Committee*" in this Annex G.

Board Committees

180 Degree Capital has established four committees under the 180 Degree Capital Board: an Audit Committee, a Compensation Committee, a Nominating Committee and a Valuation Committee. 180 Degree Capital has adopted a formal charter for each of the Audit Committee, Compensation Committee, Nominating Committee and Valuation Committee. 180 Degree Capital has determined that each of Stacy R. Brandom, Richard P. Shanley, and Parker A. Weil are "independent" under the rules of the Nasdaq Global Market and not "interested" directors for the purposes of the 1940 Act. Each Committee's members and functions are described below.

Members will serve on these committees until their resignation or until otherwise determined by the 180 Degree Capital Board.

Audit Committee. All of 180 Degree Capital's Audit Committee members satisfy the "independence" requirements of the Nasdaq Global Market rules and are not "interested" directors for the purposes of the 1940 Act. 180 Degree Capital has determined that Ms. Brandom and Messrs. Shanley and Weil possesses accounting or related financial management experience that qualifies each as an "audit committee financial expert" as defined by the rules and regulations of the SEC. The Audit Committee is responsible for, among other things:

- overseeing all aspects of 180 Degree Capital's accounting and financial reporting processes, internal control and audit functions;
- monitoring the independence and performance of 180 Degree Capital's independent registered public accountants;
- providing a means for open communications amongst 180 Degree Capital's independent registered public accountants, financial and senior management, and the 180 Degree Capital Board; and
- overseeing compliance by 180 Degree Capital with legal and regulatory requirements.

The members of the Audit Committee are Stacy R. Brandom (Chair), Richard P. Shanley and Parker A. Weil.

Compensation Committee. All of 180 Degree Capital's Compensation Committee members satisfy the "independence" requirements of the Nasdaq rules and are not "interested" directors for the purposes of the 1940 Act. The Compensation Committee annually reviews and approves corporate goals and objectives relevant to total compensation – that is, changes in components of total compensation, including base salary, bonus and equity incentive plan compensation – of the Chief Executive Officer and other executive officers, evaluates their performance against these goals and objectives, and, based on its evaluation, sets their total compensation. The Compensation Committee also annually reviews benefits for all employees.

The members of the Compensation Committee are Parker A. Weil (Chair), Richard P. Shanley and Stacy R. Brandom. Each has managed and determined the compensation of employees as part of past roles and responsibilities as executives and/or members of boards of directors.

Nominating Committee. All of 180 Degree Capital's Audit Committee members satisfy the "independence" requirements of the Nasdaq Global Market rules and are not "interested" directors for the purposes of the 1940 Act. The Nominating Committee as an advisory committee to the Board by identifying individuals qualified to serve on the Board as directors and on committees of the Board, and to recommend that the Board select the Board nominees for the next annual meeting of shareholders. The Nominating Committee annually reviews the requisite skills and characteristics of Board members, as well as the composition of the Board as a whole. This assessment includes a consideration of independence, potential conflicts of interest, diversity, age, skills, including risk assessment skills and specific past experience or particular expertise that would be useful to the Company, and industry backgrounds and knowledge in the context of the needs of the Board and the Company. The Nominating Committee also considers the ability of current and prospective directors to devote sufficient time to performing their duties in an effective manner. Directors are expected to exemplify the highest standards of personal and professional integrity and to constructively challenge management through their active participation in meetings. In particular, the Nominating Committee seeks directors with established strong professional reputations and expertise in areas relevant to the strategy and operations of the Company's business.

While the Corporate Governance Guidelines do not prescribe diversity standards, as a matter of practice, the Nominating Committee considers diversity in the context of the 180 Degree Capital Board as a whole and takes into account the personal characteristics (gender, ethnicity, age) and experience (skills, industry, professional, public service) of current and prospective directors to facilitate 180 Degree Capital Board deliberations that reflect a broad range of perspectives. The 180 Degree Capital Board believes that director nominees should not be chosen nor excluded solely or largely because of age, race, color, gender, national origin or sexual orientation or identity. Most importantly, the 180 Degree Capital Board believes that diversity of experience is an important factor to consider when evaluating nominees because of the breadth of our business as a publicly traded, registered closed-end fund.

The Nominating Committee evaluates all candidates for the 180 Degree Capital Board based on the above qualifications, regardless of whether the candidate was nominated by an officer, board member or shareholder. The Nominating Committee also conducts annual reviews of current directors whose terms are nearing expiration, but who may be proposed for re-election, by reviewing the considerations described above and past contributions to the 180 Degree Capital Board.

Preliminary interviews of director candidates may be conducted by the Chairman of the Nominating Committee or, at his request, any other member of the Nominating Committee or 180 Degree Capital Board, the Lead Independent Director and the Chairman of the 180 Degree Capital Board. Background material pertaining to director candidates is distributed to the members of the Nominating Committee for their review. Director candidates who the Nominating Committee determines merit further consideration are interviewed by the Chairman of the Nominating Committee and such other Nominating Committee members, directors and key senior management personnel as determined by the Chairman of the Nominating Committee. The results of these interviews are considered by the Nominating Committee in its deliberations. We do not currently pay any third party a fee to assist in the process of identifying and evaluating candidates.

The Nominating Committee operates pursuant to a written charter approved by the 180 Degree Capital Board. The Nominating and Management Development Committee Charter sets out the responsibilities, authority and duties of the Nominating Committee. The Nominating and Management Development Committee Charter is available on our website (https://ir.180degreecapital.com/corporate-governance).

The members of the Nominating Committee are Parker A. Weil (Chair), Richard P. Shanley and Stacy R. Brandom.

Valuation Committee. The Valuation Committee has the full power and authority of the 180 Degree Capital Board in reviewing and approving the valuation of 180 Degree Capital's securities for reporting purposes pursuant to valuation procedures that were established and approved by the 180 Degree Capital Board.

The members of the Valuation Committee are Richard P. Shanley (Chair), Parker A. Weil and Stacy R. Brandom.

Assessment

The 180 Degree Capital Board conducts an annual self-assessment of its performance as well as the performance of the committees of the 180 Degree Capital Board, the results of which are discussed with the full 180 Degree Capital Board. This self-assessment may take place as part of the Nominating Committee's assessment and determination of the characteristics and critical skills required of prospective candidates for election to the 180 Degree Capital Board and making recommendations to the 180 Degree Capital Board with respect to assignments of 180 Degree Capital Board members to various committees.

Board Term Limits and Other Mechanisms of Board Renewal

At the date hereof, 180 Degree Capital has not adopted term limits for the directors on the 180 Degree Capital Board or other mechanisms of board renewal. It is the general policy of the Company that no director having attained the age of 75 years shall be nominated for re-election or reappointment to the 180 Degree Capital Board. However, the 180 Degree Capital Board may determine to waive this policy in individual cases. The 180 Degree Capital Board believes that its process of assessment of directors on an annual basis ensures that the board has the requisite skills and qualifications to guide the activities of 180 Degree Capital. As the requirements of 180 Degree Capital change the board will seek new directors with skills as are appropriate to continue the growth of 180 Degree Capital and its changing needs.

Representation of Women on the 180 Degree Capital Board, Consideration of the Representation of Women in the Director Identification and Selection Process, Representation of Women in the Director Identification and Selection Process and Representation of Women in Executive Officer Appointments

The 180 Degree Capital Board has not adopted a written policy regarding the representation, identification and nomination of women to the 180 Degree Capital Board. Given the size and stage of development of 180 Degree Capital, the 180 Degree Capital Board has not set any targets with regards to the representation of women on the 180 Degree Capital Board. At this time, there is one female 180 Degree Capital Board member.

180 Degree Capital provides the following information regarding the proportion of gender diversity in the organization for the year ended December 31, 2024:

	Proportion of female/total number of persons employed
Females employed in 180 Degree Capital in senior executive positions	1/4 (25%)
Females appointed as a director of 180 Degree Capital	1/5 (20%)

180 Degree Capital has not at this time implemented specific measurable objectives regarding the proportion of females to be employed within the organization or implemented requirements for a proportion of female candidates for employment and 180 Degree Capital Board positions. The 180 Degree Capital Board considers that the setting of quantitative gender based measurable targets is not necessarily consistent with the merit and ability-based policies currently implemented by 180 Degree Capital.

The 180 Degree Capital Board has not set any targets with regards to the representation of women on the 180 Degree Capital Board and in executive officer positions. The 180 Degree Capital Board considers numerous factors in identifying 180 Degree Capital Board candidates and executive officers, including gender, education, industry experience, and independence. As of the date hereof, 180 Degree Capital has five directors, one of whom is a woman.

Exhibit "A"

180 Degree Capital Corporate Governance Guidelines

Adopted as of November 2, 2006
Last Amended November 3, 2016
Last Amended July 31, 2017

The following Corporate Governance Guidelines have been adopted by the Board of Directors (the "Board") of 180 Degree Capital Corp. (the "Company") to assist the Board in the exercise of its responsibilities. These Corporate Governance Guidelines are not intended to change or interpret any Federal or state law or regulation, including the New York Business Corporation Law, or the Certificate of Incorporation or By-laws of the Company. These Corporate Governance Guidelines are subject to modification from time to time by the Board.

THE BOARD

Role of Directors

The business and affairs of the Company shall be managed by or under the direction of the Board. A director is expected to spend the time and effort necessary to properly discharge such director's responsibilities. Accordingly, a director is expected to regularly attend meetings of the Board and committees on which such director sits, and to review prior to meetings material distributed in advance for such meetings. A director who is unable to attend a meeting (which it is understood will occur on occasion) is expected to notify the Chairman of the Board or the Chairman of the appropriate committee in advance of such meeting.

The Board's Goals

The Board's goals are to build long-term value for the Company's shareholders and to assure the vitality of the Company for its portfolio companies, employees and the other individuals and organizations who depend on the Company.

To achieve these goals the Board will monitor both the performance of the Company (in relation to its goals, strategy and competitors) and the performance of the Chief Executive Officer, and offer him or her constructive advice and feedback. When it is appropriate or necessary, it is the Board's responsibility to remove the Chief Executive Officer and to select his or her successor.

Selection of the Chairman of the Board

The Board does not require the separation of the offices of the Chairman of the Board and the Chief Executive Officer. The Board shall be free to choose its Chairman of the Board in any way that it deems best for the Company at any given point in time.

Size of the Board

The size of the Board may be increased or decreased if determined to be appropriate by the Board. For example, it may be desirable to increase the size of the Board in order to accommodate the availability of an outstanding candidate for director.

Selection of New Directors

The Board shall be responsible for nominating members for election to the Board and for filling vacancies on the Board that may occur between annual meetings of shareholders. The Nominating Committee is responsible for identifying, screening and recommending candidates to the Board for Board membership. When formulating its Board membership recommendations, the Nominating Committee shall also consider advice and recommendations from others as it deems appropriate.

The Nominating Committee will consider candidates recommended by shareholders. In considering candidates submitted by shareholders, the Nominating Committee will take into consideration the needs of the Board and the qualifications of the candidate. The Nominating Committee may establish procedures, from time to time, regarding shareholder submission of candidates.

Board Membership Criteria

The Nominating Committee shall be responsible for assessing the appropriate balance of criteria required of Board members.

The Nominating Committee may apply several criteria in selecting nominees. At a minimum, the Committee shall consider independence, potential conflicts of interest, diversity, age, skills, including risk assessment skills and specific past experience or particular expertise that would be useful to the Company, and industry backgrounds and knowledge in the context of the needs of the Board and the Company. The Nominating Committee also considers the ability of current and prospective directors to devote sufficient time to performing their duties in an effective manner. Directors are expected to exemplify the highest standards of personal and professional integrity and to constructively challenge management through their active participation in meetings. In particular, the Nominating Committee seeks directors with established strong professional reputations and expertise in areas relevant to the strategy and operations of the Company’s business.

Other Public Company Directorships

The Company does not have a policy limiting the number of other public company boards of directors upon which a director may sit, in general. However, the Nominating Committee shall consider the number of other public company boards and other boards (or comparable governing bodies) on which a prospective nominee is a member.

Although the Company does not impose a limit on outside directorships, it does recognize the substantial time commitments attendant to Board membership and expects that the members of its Board be fully committed to devoting all such time as is necessary to fulfill their Board responsibilities, both in terms of preparation for, and attendance and participation at meetings.

In addition, in recognition of the enhanced time commitments associated with membership on a public company's audit committee, the Board has adopted a policy that no member of the Audit Committee may serve simultaneously on the audit committees of more than two (2) other public companies.

Independence of the Board

The Board shall be comprised of a majority of directors who qualify as non-interested directors as defined in Section 2(a)(19) of the Investment Company Act of 1940 (the "1940 Act") and the Nasdaq Stock Market ("Independent Directors").

The CCO, or his/her designee shall review annually the relationships that each director has with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company), including additional qualifications prescribed under the 1940 Act, the listing standards of the Nasdaq Stock Market or under applicable law, and shall report back to the board if any issue arises. The Board may adopt and disclose categorical standards to assist it in determining director independence. In the event that a director becomes aware of any change in circumstances that may result in such director no longer being considered independent under the 1940 Act, the listing standards of the Nasdaq Stock Market or under applicable law, the directors shall promptly inform the Chairman of the Board and the CCO, or his/her designee.

Lead Independent Director

If the Chairman of the Board is not an Independent Director, the Company's Independent Directors will designate one of the Independent Directors on the Board to serve as a lead Independent Director (the "Lead Independent Director"). If the Chairman of the Board is an Independent Director then he or she shall serve as Lead Independent Director. The Lead Independent Director's duties will include coordinating the activities of the

Independent Directors, coordinating the agenda for and moderating sessions of the Board's Independent Directors and other non-management directors, and facilitating communications between the other members of the Board.

In performing the duties described above, the Lead Independent Director is expected to consult with the Chairmen of the appropriate Board committees and solicit their participation in order to avoid diluting the authority or responsibilities of such committee Chairmen.

Directors Who Change Their Present Job Responsibility

Directors who are also employees of the Company are expected to resign from the Board at the same time they leave employment with the Company.

The Board does not believe that non-employee directors who retire or change the position they held when they became a member of the Board should necessarily leave the Board. Promptly following such event, the director must notify the Nominating Committee, which shall review the continued appropriateness of the affected director remaining on the Board under the circumstances. The affected director is expected to act in accordance with the Nominating Committee's recommendation following such review.

Retirement Age

It is the general policy of the Company that no director having attained the age of 75 years shall be nominated for re-election or reappointment to the Board. However, the Board may determine to waive this policy in individual cases.

Director Tenure

In connection with each director nomination recommendation, the Nominating Committee shall consider the issue of continuing director tenure and take steps as may be appropriate to ensure that the Board maintains an openness to new ideas and a willingness to critically re-examine the status quo. An individual director's re-nomination is dependent upon such director's performance, as well as a suitability review, each to be conducted by the Nominating Committee in connection with each director nomination recommendation.

Board Compensation

A director who is also an officer of the Company shall not receive additional compensation for such service as a director.

The Company believes that compensation for non-employee directors should be competitive and should encourage increased ownership of the Company's stock through the payment of a portion of director compensation in restricted stock. Directors may also choose to purchase shares with some or all of their cash compensation. The Compensation Committee will periodically review the level and form of the Company's director compensation. Such review will also include a review of both direct and indirect forms of compensation to the Company's directors, including any charitable contributions by the Company to organizations in which a director is affiliated and consulting or other similar arrangements between the Company and a director. Changes to director compensation will be proposed to the full Board for consideration.

Separate Sessions of Independent Directors

The Independent Directors of the Company shall meet in executive session without management on a regularly scheduled basis, but no less than four times a year. The Lead Independent Director shall preside at such executive sessions, or in such director's absence, another Independent Director designated by the Lead Independent Director shall preside at such executive sessions.

Communication with Directors

Any interested parties desiring to communicate with the Lead Independent Director and the other non-management directors regarding the Company may directly contact such directors by mail. To communicate with the

Board or any member of the Board, correspondence should be addressed to the Board or the Board members with whom they wish to communicate by either name or title. All such correspondence should be sent c/o 180 Degree Capital Corp., 7 N. Willow Street, Suite 4B, Montclair, NJ 07042. Such correspondence will be forwarded to the appropriate board member or members after screening to eliminate marketing and junk mail.

Self-Evaluation by the Board

The Chairman of the Board will sponsor an annual self-assessment of the Board's performance as well as the performance of the committees of the Board, the results of which will be discussed with the full Board. The assessment should include a review of any areas in which the Board or management believes the Board can make a better contribution to the Company. This self-assessment may take place as part of the Nominating Committee's assessment and determination of the characteristics and critical skills required of prospective candidates for election to the Board and making recommendations to the Board with respect to assignments of Board members to various committees.

Strategic Direction of the Company

Normally it is management's job to formalize, propose and implement strategic choices and the Board's role to approve strategic direction and evaluate strategic results. However, as a practical matter, the Board and management will be better able to carry out their respective strategic responsibilities if there is an ongoing dialogue among the Chief Executive Officer, other members of top management and other Board members. To facilitate such discussions, members of senior management who are not directors may be invited to participate in Board meetings when appropriate.

Board Access to Management

Board members shall have access to the Company's management and, as appropriate, to the Company's outside advisors. Board members shall coordinate such access through the Chairman of the Board.

Attendance of Management Personnel at Board Meetings

The Board encourages the Chief Executive Officer to bring members of management from time to time into Board meetings to (i) provide management insight into items being discussed by the Board which involve the manager; (ii) make presentations to the Board on matters which involve the manager; and (iii) bring managers with significant potential into contact with the Board. Attendance of such management personnel at Board meetings is at the discretion of the Board.

Board Materials Distributed in Advance

Information and materials that are important to the Board's understanding of the agenda items and other topics to be considered at a Board meeting should, to the extent practicable, be distributed sufficiently in advance of the meeting to permit prior review by the directors. In the event of a pressing need for the Board to meet on short notice or if such materials would otherwise contain highly confidential or sensitive information, it is recognized that written materials may not be available in advance of the meeting.

Board Minutes

No changes, deletions or additions to approved minutes or attachments are permitted without the express approval of the Board, duly noted in its minutes.

Board Interaction with Institutional Investors, Analysts, Press and Customers

The Board believes that management generally should speak for the Company. Each director shall refer all inquiries from institutional investors, analysts, the press or customers to the Chief Executive Officer, the President, the Chief Financial Officer, or his or her designee.

Board Orientation and Continuing Education

The Company shall provide new directors with a director orientation, under the direction of the Chairman, to familiarize such directors with, among other things, the Company's business, strategic plans, significant financial, accounting and risk management issues, compliance programs, conflicts policies, code of business conduct and ethics, corporate governance guidelines, principal officers, internal auditors and independent auditors. Each director is expected to participate in Company sponsored training programs in order to maintain the necessary level of expertise to perform his or her responsibilities as a director.

Director Attendance at Annual Meetings of Shareholders

Our Directors are encouraged to attend the Company's annual meeting of shareholders. A director who is unable to attend the Company's annual meeting of shareholders (which it is understood will occur on occasion) is expected to notify the Chairman of the Board.

BOARD MEETINGS

Frequency of Meetings

There shall be four regularly scheduled meetings of the Board each year. The Chairman of the Board of Directors may call, and at the request of any two directors must call, a special meeting of the Board of Directors, three days' notice of which shall be given by overnight United States Mail or by Federal Express or any other private overnight courier service, or two days' notice of which shall be given personally or by telephone, telecopier or telefax (or similar communications equipment), telegram, cable or electronic mail, to each director.

Selection of Agenda Items for Board Meetings

The Chairman of the Board, in consultation with the Lead Independent Director and the CCO, or his/her designee shall prepare agendas for each meeting of the Board. Each Board member shall be free to suggest inclusion of items on the agenda as well as free to raise at any Board meeting subjects that are not specifically on the agenda for that meeting.

COMMITTEE MATTERS

Number and Names of Board Committees

The Company shall have five standing committees: Audit, Nominating, Compensation, Independent and Valuation. The purpose and responsibilities for at least the Audit, Nominating and Compensation committees shall be outlined in committee charters adopted by the Board. The Board may want, from time to time, to form a new committee or disband a current committee depending on circumstances. In addition, the Board may determine to form ad hoc committees from time to time, and determine the composition and areas of competence of such committees.

Independence of Board Committees

Each of the Audit Committee, the Nominating Committee and the Compensation Committee shall be composed entirely of Independent Directors satisfying applicable legal, regulatory and stock exchange requirements necessary for an assignment to any such committee.

Assignment and Rotation of Committee Members

The Nominating Committee shall be responsible, after consultation with the Chairman of the Board and the Lead Independent Director, for making recommendations to the Board with respect to the assignment of Board members to various committees. After reviewing the Nominating Committee's recommendations, the Board shall be responsible for appointing the Chairman and members to the committees on an annual basis.

The Nominating Committee shall annually review the Committee assignments and shall consider the rotation of the Chairman and members with a view toward balancing the benefits derived from continuity against the benefits derived from the diversity of experience and viewpoints of the various directors.

SUCCESSION PLANNING

The Board shall plan for the succession to the position of the Chief Executive Officer. The Company's Business Continuity Plan shall provide for short-term succession in the case of an emergency. Such Business Continuity Plan shall be reviewed by the CFO and CCO, and his/her designee on an annual basis and revisions shall be approved by the Board.

Exhibit "B"

180 Degree Capital Audit Committee Charter

CHARTER OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS
OF 180 DEGREE CAPITAL CORP.
(As Adopted on November 1, 2007 and Most Recently Updated on November 4, 2019)

The Board of Directors (the "Board") of 180 Degree Capital Corp. (the "Company") has determined that the Audit Committee of the Board shall assist the Board in fulfilling certain of the Board's oversight responsibilities. The Board hereby adopts this Charter to establish the governing principles of the Audit Committee and shall review and reassess the adequacy of this Charter on an annual basis.

I. **Role of the Audit Committee**

The role of the Audit Committee is to act on behalf of the Board in fulfilling the following responsibilities of the Board:

1. To oversee all material aspects of the Company's accounting and financial reporting processes, internal control and audit functions, except those that are specifically related to the responsibilities of another committee of the Board;

2. To monitor the independence and performance of the Company's independent registered public accountants;

3. To provide a means for open communication among the Company's independent registered public accountants, financial and senior management and the Board; and

4. To oversee compliance by the Company with legal and regulatory requirements.

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct financial statement audits or to determine that the Company's financial statements are complete and accurate or are in accordance with generally accepted accounting principles. The responsibility to plan and conduct financial statement audits is that of the Company's independent registered public accountants. The Company's management has the responsibility to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles. Nor is it the duty of the Audit Committee to assure the Company's compliance with laws and regulations. The primary responsibility for these matters also rests with the Company's management.

II. **Composition of the Audit Committee**

1. The Board shall designate the members of the Audit Committee and each member shall serve, subject to his or her earlier resignation or removal from the Audit Committee or his or her ceasing to be a director, until the next such meeting and until their successors are designated by the Board.

2. The Audit Committee shall consist of at least three members, but no more than six members. The members of the Audit Committee shall meet the independence and experience requirements of the rules of the principal market or transaction reporting system on which the Company's securities are traded or quoted (currently, the Nasdaq Global Market), Section 10A(m)(3) of the Securities Exchange Act of 1934 and the rules and regulations of the Securities and Exchange Commission (the "SEC").

III. **Meetings of the Audit Committee**

The Audit Committee shall meet at least four (4) times each year and more frequently as circumstances may require. The Audit Committee shall be responsible for meeting with the independent registered public accountants at their request to discuss the interim financial statements. The Audit Committee shall meet privately with the independent registered public accountants at least annually in a separate executive session.

I. **Responsibilities of the Audit Committee**

The Audit Committee shall assist the Board in overseeing the Company's financial and operating reporting practices, internal controls and compliance with laws and regulations.

Specifically, the Audit Committee shall have the responsibility with respect to:

1. The Company's Risks and Control Environment:

    i. To discuss with the Company's management and independent registered public accountants the integrity of the Company's financial reporting processes and controls, particularly the controls in areas representing significant financial and business risks; and

    i. To investigate and follow up on any matters brought to its attention within the scope of its duties.

1. The Company's Independent Registered Public Accountants:

    i. The Audit Committee shall have the sole authority to appoint or replace the independent registered public accountants (subject, to ratification by the independent directors of the Board). The Audit Committee shall be directly responsible for the compensation and oversight of the work of the independent registered public accountants (including resolution of disagreements between management and the independent registered public accountants regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. The independent registered public accountants shall report directly to the Audit Committee;

    i. To ensure that the Audit Committee receives annually from the Company's independent registered public accountants the information about all of the relationships between the independent registered public accountants and the Company that the independent registered public accountants are required to provide to the Audit Committee, to actively engage in a dialogue with the independent registered public accountants about any relationships between the independent registered public accountants and the Company or any services that the independent registered public accountants provide or propose to provide that may affect the objectivity and independence of the independent registered public accountants and to take, or recommend that the Board take, any appropriate action to oversee the independence of the independent registered public accountants;

- The Audit Committee shall establish guidelines similar to those set forth in Annex A relating to the Company's hiring of employees or former employees of the independent registered public accountants who participated in any capacity in the audit of the Company.

- The Audit Committee shall establish policies or procedures similar to those set forth in Annex B to pre-approve all auditing services and permitted non-audit services (including fees and terms thereof) (the "Covered Services") to be performed for the Company by its independent registered public accountants. The Audit Committee may form and delegate authority to the Chair of the Audit Committee or subcommittees consisting of one or more members when appropriate, including the authority to grant pre-approvals of audit and permitted non-audit services, provided that decisions of the Chair or such subcommittee to grant pre-approvals shall be presented to the full Audit Committee at its next scheduled meeting; and

- Obtain and review a report from the independent registered public accountant at least annually regarding (a) the independent registered public accountant's internal quality-control procedures, (b) any material issues raised by the most recent internal quality-control review, or peer review, of the Company, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the Company, (c) any steps taken to deal with any such issues, and (d) all relationships between the independent registered public accountant and the Company. Evaluate the qualification, performance and independence of the independent registered public accountant, including considering whether the auditor's quality controls are adequate and provision of permitted non-audit service is compatible with maintaining the independent registered public accountant's independence, and taking into account the opinions of management.

- To ensure the rotation of the lead (or coordinating) audit partner (or, if required by the rules and regulations of the SEC, other employees of the independent registered public accountants) having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law.

    - The Company's Financial Reporting Process:

- To oversee the Company's selection of and major changes to its accounting policies;

- To meet with the Company's independent registered public accountants and financial management both to discuss the proposed scope of the audit and to discuss the conclusions of the audit, including any items that the independent registered public accountants are required by generally accepted auditing standards to discuss with the Audit Committee, such as, any significant changes to the Company's accounting policies, the integrity of the Company's financial reporting process and any proposed changes or improvements in financial, accounting or auditing practices;

- To discuss with the Company's financial management and independent registered public accountants the Company's annual results and, when appropriate, the interim results before they are made public;

- To review with management and the independent registered public accountants, prior to the filing of an audit report with the SEC, all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by independent registered public accountants;

- To review with management and the independent registered public accountants, prior to the filing of an audit report with the SEC, material written communications between the independent registered public accountants and management, such as any management letter or schedule of unadjusted differences;

- Review disclosures made to the Audit Committee by the Company's Chief Executive Officer and Chief Financial Officer during their certification process for the Form N-CSR and Form N-PORT about any significant deficiencies in the design or operation of internal controls or material weaknesses therein and any fraud involving management or other employees who have a significant role in the Company's internal controls;

- To review with the independent registered public accountants, prior to the filing of an audit report with the SEC, all critical accounting policies and practices to be used;

- To review and discuss with the Company's financial management and independent registered public accountants the Company's audited financial statements including critical accounting policies, qualitative judgments, appropriateness of accounting principles (old and new), financial disclosure practices, and any observations regarding the quality of accounting principles and underlying estimates and, when appropriate, the Company's interim financial statements, before they are made public;

    - To recommend to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form N-CSR;

- To issue for public disclosure by the Company the report required by the rules of the SEC; and
- To review the appointment, replacement or dismissal of outside accounting firms.
- Other Matters
    - To review and reassess the adequacy of this charter on an annual basis and recommend any changes to the Board;
    - To review reports and any financial information submitted by the Company to a government body or the public;
    - To report to the Board the matters discussed at each meeting of the Audit Committee;
    - Administer the procedures set forth in Annex C relating to the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees or any other provider of accounting related services of concerns regarding questionable accounting or auditing matters;
    - To keep an open line of communication with the financial and senior management and the independent registered public accountants and the Board;
    - To review in advance and approve any "related party" transaction, or series of similar transactions, to which the Company or any of its subsidiaries was or is to be a party, in which the amount involved exceeds $120,000 and in which such related party had, or will have, a direct or indirect material interest. For purposes of this item, a "related party" includes any director or executive officer of the Company, any nominee for election as a director, any security holder who is known to the Company to own of record or beneficially more than five percent of any class of the Company's voting securities, and any member of the immediate family[1] of any of the foregoing persons. The materiality of any interest is to be determined on the basis of the significance of the information to investors in light;
    - of all the circumstances of the particular case; and
    - To perform other oversight functions as requested by the full Board.

Advisors/Funding

In discharging its duties hereunder, the Audit Committee shall have the authority, to the extent it deems necessary or appropriate, to retain independent legal, accounting or other advisors. The Company shall provide for appropriate funding, as determined by the Audit Committee, for payment of such compensation as is determined by the Audit Committee to the independent registered public accountants and to any other advisors employed by the Audit Committee. The Company shall also provide funding for any other functions or initiatives undertaken by the Audit Committee.

ANNEX A

Hiring Guidelines for Independent Registered Public Accountant's Employees

The Audit Committee has adopted the following practices regarding the hiring by the Company of any employee of its independent registered public accountants who participated in any capacity in the audit of the Company.

[1] A person's immediate family shall include such person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, and brothers and sisters-in-law.

1. No member of the audit team that is auditing the Company can be hired by the Company in a financial reporting oversight role (as defined in the SEC's Regulation S-X) for a period of 1 year following the completion of the audit for which that individual was a member of the audit team.

2. The Company's Chief Financial Officer shall consult with the Chair of the Audit Committee prior to hiring anybody who previously worked for the independent registered public accountant.

ANNEX B

Audit Committee Pre-Approval Policy

Statement of Principles

The Audit Committee of the Board of Directors of the Company is required to pre-approve all Covered Services (as defined in this Audit Committee Charter) in order to assure that the provision of the Covered Services does not impair the auditors' independence. Unless a type of service to be provided by the independent registered public accountant is pre-approved in accordance with the terms of this Audit Committee Pre-Approval Policy (the "Policy"), it will require specific pre-approval by the Audit Committee or by any member of the Audit Committee to which pre-approval authority has been delegated.

This Policy and the Annex A to this Policy describe the Audit, Audit-Related, Tax and All Other services that are Covered Services and that have been pre-approved under this Policy. Annex A hereto sometimes is referred to herein as the "Service Pre-Approval Document". The term of any such pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period. Annually, the Audit Committee will review and re-approve this Policy and approve or re-approve the Service Pre-Approval Document for that year, together with any changes deemed necessary or desirable by the Audit Committee. The Audit Committee may, from time to time, modify the nature of the services pre- approved, the aggregate level of fees pre-approved or both. The Audit Committee hereby directs that each version of this Policy and the Service Pre-Approval Document approved, re-approved or amended from time to time be maintained with the books and records of the Company.

Delegation

In the intervals between the scheduled meetings of the Audit Committee, the Audit Committee delegates pre-approval authority under this Policy to the Chair of the Audit Committee (the "Chair"). The Chair shall report any pre-approval decisions under this Policy to the Audit Committee at its next scheduled meeting. At each scheduled meeting, the Audit Committee will review the Covered Services pre-approved by the Chair pursuant to delegated authority, if any, and the fees related thereto. Based on these reviews, the Audit Committee can modify, at its discretion, the pre-approval originally granted by the Chair pursuant to delegated authority. This modification can be to the nature of services pre-approved, the aggregate level of fees approved, or both. The Audit Committee expects pre-approval of Covered Services by the Chair pursuant to this delegated authority to be the exception rather than the rule and may modify or withdraw this delegated authority at any time the Audit Committee determines that it is appropriate to do so.

Pre-Approved Fee Levels

Fee levels for all Covered Services to be provided by the independent registered public accountant and pre-approved under this Policy will be established annually by the Audit Committee and set forth in the Service Pre-Approval Document. Any increase in pre-approved fee levels will require specific pre-approval by the Audit Committee (or the Chair pursuant to delegated authority).

Audit Services

The terms and fees of the annual Audit services engagement for the Company are subject to the specific pre-approval of the Audit Committee. The Audit Committee will approve, if necessary, any changes in terms, conditions or fees resulting from changes in audit scope, Company structure or other matters.

In addition to the annual Audit services engagement specifically approved by the Audit Committee, any other Audit services for the Company not listed in the Service Pre-Approval Document for the respective period must be specifically pre-approved by the Audit Committee (or the Chair pursuant to delegated authority).

Audit-Related Services

Audit-Related services are assurance and related services that are not required for the audit, but are reasonably related to the performance of the audit or review of the financial statements of the Company or that are traditionally performed by the independent registered public accountant. Audit-Related services that are Covered Services and are not listed in the Service Pre-Approval Document for the respective period must be specifically pre-approved by the Audit Committee (or the Chair pursuant to delegated authority).

Tax Services

The Audit Committee believes that the independent registered public accountant can provide tax services to the Company such as tax compliance, tax planning and tax advice without impairing the auditor's independence. However, the Audit Committee will not permit the retention of the independent registered public accountant in connection with a transaction initially recommended by the independent registered public accountant, the sole business purpose of which may be tax avoidance and the tax treatment of which may not be supported in the Internal Revenue Code of 1986 and related regulations. Tax services that are Covered Services and are not listed in the Service Pre-Approval Document for the respective period must be specifically pre-approved by the Audit Committee (or the Chair pursuant to delegated authority).

All Other Services

All Other services that are Covered Services and are not listed in the Service Pre-Approval Document for the respective period must be specifically pre-approved by the Audit Committee (or the Chair pursuant to delegated authority).

Procedures

Requests or applications to provide Covered Services that require approval by the Audit Committee (or the Chair pursuant to delegated authority) must be submitted to the Audit Committee or the Chair, as the case may be, by both the independent registered public accountant and the Chief Financial Officer. A request or application submitted to the Chair between scheduled meetings of the Audit Committee should include a discussion as to why approval is being sought prior to the next regularly scheduled meeting of the Audit Committee.

(21) If a corporation fails to comply with subsection (15), then the costs of a shareholder application under subsection (19) are to be borne by the corporation unless the court otherwise orders. R.S.O. 1990, c. B.16, s. 185 (21).

Notice to shareholders

(22) Before making application to the court under subsection (18) or not later than seven days after receiving notice of an application to the court under subsection (19), as the case may be, a corporation shall give notice to each dissenting shareholder who, at the date upon which the notice is given,

(a) has sent to the corporation the notice referred to in subsection (10); and

(b) has not accepted an offer made by the corporation under subsection (15), if such an offer was made, of the date, place and consequences of the application and of the dissenting shareholder's right to appear and be heard in person or by counsel, and a similar notice shall be given to each dissenting shareholder who, after the date of such first mentioned notice and before termination of the proceedings commenced by the application, satisfies the conditions set out in clauses (a) and (b) within three days after the dissenting shareholder satisfies such conditions. R.S.O. 1990, c. B.16, s. 185 (22).

Parties joined

(23) All dissenting shareholders who satisfy the conditions set out in clauses (22) (a) and (b) shall be deemed to be joined as parties to an application under subsection (18) or (19) on the later of the date upon which the application is brought and the date upon which they satisfy the conditions, and shall be bound by the decision rendered by the court in the proceedings commenced by the application. R.S.O. 1990, c. B.16, s. 185 (23).

Idem

(24) Upon an application to the court under subsection (18) or (19), the court may determine whether any other person is a dissenting shareholder who should be joined as a party, and the court shall fix a fair value for the shares of all dissenting shareholders. R.S.O. 1990, c. B.16, s. 185 (24).

Appraisers

(25) The court may in its discretion appoint one or more appraisers to assist the court to fix a fair value for the shares of the dissenting shareholders. R.S.O. 1990, c. B.16, s. 185 (25).

Final order

(26) The final order of the court in the proceedings commenced by an application under subsection (18) or (19) shall be rendered against the corporation and in favour of each dissenting shareholder who, whether before or after the date of the order, complies with the conditions set out in clauses (22) (a) and (b). R.S.O. 1990, c. B.16, s. 185 (26).

Interest

(27) The court may in its discretion allow a reasonable rate of interest on the amount payable to each dissenting shareholder from the date the action approved by the resolution is effective until the date of payment. R.S.O. 1990, c. B.16, s. 185 (27).

Where corporation unable to pay

(28) Where subsection (30) applies, the corporation shall, within ten days after the pronouncement of an order under subsection (26), notify each dissenting shareholder that it is unable lawfully to pay dissenting shareholders for their shares. R.S.O. 1990, c. B.16, s. 185 (28).

Idem

(29) Where subsection (30) applies, a dissenting shareholder, by written notice sent to the corporation within thirty days after receiving a notice under subsection (28), may,

(a) withdraw a notice of dissent, in which case the corporation is deemed to consent to the withdrawal and the shareholder's full rights are reinstated; or

(b) retain a status as a claimant against the corporation, to be paid as soon as the corporation is lawfully able to do so or, in a liquidation, to be ranked subordinate to the rights of creditors of the corporation but in priority to its shareholders. R.S.O. 1990, c. B.16, s. 185 (29).

Idem

(30) A corporation shall not make a payment to a dissenting shareholder under this section if there are reasonable grounds for believing that,

(a) the corporation is or, after the payment, would be unable to pay its liabilities as they become due; or

(b) the realizable value of the corporation's assets would thereby be less than the aggregate of its liabilities. R.S.O. 1990, c. B.16, s. 185 (30).

Court order

(31) Upon application by a corporation that proposes to take any of the actions referred to in subsection (1) or (2), the court may, if satisfied that the proposed action is not in all the circumstances one that should give rise to the rights arising under subsection (4), by order declare that those rights will not arise upon the taking of the proposed action, and the order may be subject to compliance upon such terms and conditions as the court thinks fit and, if the corporation is an offering corporation, notice of any such application and a copy of any order made by the court upon such application shall be served upon the Commission. 1994, c. 27, s. 71 (24).

Commission may appear

(32) The Commission may appoint counsel to assist the court upon the hearing of an application under subsection (31), if the corporation is an offering corporation. 1994, c. 27, s. 71 (24).

PART II

INFORMATION NOT REQUIRED IN JOINT PROXY STATEMENT/PROSPECTUS

Item 20. Indemnification of Directors and Officers

Section 145 of the Delaware General Corporation Law ("DGCL") authorizes a corporation to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of such corporation) by reason of the fact that such person is or was a director, officer, employee or agent of such corporation, or is or was serving at the request of such corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise. The indemnification may include expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the corporation's best interests and, with respect to any criminal action or proceeding, had no reasonable cause to believe that his or her conduct was unlawful. Section 145 also provides that a Delaware corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of such corporation, under the same conditions, except that such indemnification is limited to expenses (including attorneys' fees) actually and reasonably incurred by such person, and except that no indemnification is permitted without judicial approval if such person is adjudged to be liable to such corporation. Where an officer or director of a corporation is successful, on the merits or otherwise, in the defense of any action, suit or proceeding referred to above, or any claim, issue or matter therein, the corporation must indemnify that person against the expenses (including attorneys' fees) which such officer or director actually and reasonably incurred in connection therewith. In addition, Section 145 provides that a corporation has the power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against any liability asserted against such person and incurred by such person in any such capacity, or arising out of such person's status as such, whether or not the corporation would have the power to indemnify the director or officer against such liability under Section 145.

New Mount Logan has adopted provisions in its amended and restated certificate of incorporation and amended and restated by-laws that will indemnify to the fullest extent permitted by the DGCL, as it now exists or may in the future be amended, any person made or threatened to be made a party to an action or proceeding, whether criminal, civil, administrative or investigative, by reason of the fact that he, his testator or intestate is or was a director, officer or employee of New Mount Logan or any predecessor of New Mount Logan, or serves or served at any other corporation, partnership, joint venture, trust or other enterprise as a director, officer, employee or agent at the request of New Mount Logan or any predecessor of New Mount Logan. Pursuant to Section 102(b)(7) of the DGCL, a corporation may eliminate the personal liability of a director or officer to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director or officer, except for liabilities arising (i) from any breach of the director's or officer's duty of loyalty to the corporation or its stockholders, (ii) from acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for a director under Section 174 of the DGCL, (iv) from any transaction from which the director or officer derived an improper personal benefit, or (v) for an officer in any action by or in the right of the corporation.. These provisions may be held not to be enforceable for certain violations of the federal securities laws of the United States and do not affect the availability of equitable remedies such as an injunction or rescission.

New Mount Logan's by-laws will provide that New Mount Logan will advance all expenses, including attorneys' fees, to its directors and officers and persons serving at the request of New Mount Logan as a director (or equivalent position) or officer of another corporation, partnership, entity, joint venture, trust or other enterprise, in connection with legal proceedings relating to their service for or on behalf of New Mount Logan or such other entity, subject to certain limitations.

New Mount Logan plans to enter into indemnification agreements with each of its directors and executive officers. These agreements are expected to provide that New Mount Logan will indemnify each of its directors, executive officers and, at times, their affiliates to the fullest extent permitted by the DGCL. New Mount Logan will advance expenses, including attorneys' fees (but excluding judgments, fines and settlement amounts), to each indemnified director, executive officer or affiliate in connection with any proceeding in which indemnification is available and New Mount Logan will indemnify its directors and officers for any action or proceeding arising out of that person's services as a director or officer brought on behalf of New Mount Logan or in furtherance of New Mount Logan's rights. Additionally, certain of New Mount Logan's directors or officers may have certain rights to indemnification, advancement of expenses or insurance provided by their affiliates or other third parties, which indemnification relates to and might apply to the same proceedings arising out of such director's or officer's services as a director referenced herein. Nonetheless, New Mount Logan expects to agree in the indemnification agreements that New Mount Logan's obligations to those same directors or officers are primary and any obligation of such affiliates or other third parties to advance expenses or to provide indemnification for the expenses or liabilities incurred by those directors are secondary. The form of indemnification agreement to be entered into by each of the New Mount Logan directors and executive officers is attached as an exhibit hereto, and MLC Shareholders are encouraged to read the entire document for further information about its terms and conditions.

New Mount Logan also expects to maintain general liability insurance which covers certain liabilities of its directors and officers arising out of claims based on acts or omissions in their capacities as directors or officers, including liabilities under the Securities Act.

Under the Merger Agreement, from the effective time of the Mergers through the sixth (6th) anniversary of the date of the Mergers, New Mount Logan has agreed to maintain the exculpation, indemnification and advancement of expenses provisions in the respective organizational documents of each of Mount Logan and 180 Degree Capital, to indemnify and hold harmless each person who was, as of January 16, 2025, the signing date of the Merger Agreement, or had been at any time prior, or who becomes, prior to the effective time of the Mergers, a director or officer of any corporation, partnership, joint venture, trust, employee benefit plan or other enterprise at the request of either Mount Logan or 180 Degree Capital, against all claims, losses, liabilities, damages, judgments, fines and reasonable fees, costs and expenses pertaining to claims arising out of the fact that such person was a director or officer of Mount Logan or 180 Degree Capital, at or prior to the effective time of the Merger, to the fullest extent permitted under such organizational documents. In addition, New Mount Logan has agreed not to amend, repeal or otherwise modify the exculpation, indemnification and advancement of expenses provisions in the organizational documents of New Mount Logan, Mount Logan or 180 Degree Capital (or any successor entities) in a manner which would adversely affect the rights of any indemnified period thereunder during such six (6) year period.

The Merger Agreement also provides that Mount Logan and 180 Degree Capital shall each purchase a "tail" insurance policy providing for the extension of their respective directors' and officers' liability coverage, which will remain in effect for a period of six (6) years from the effective time of the Mergers. The "tail insurance policies" shall provide terms and conditions that are no less advantageous to the insureds as the current directors' and officers' liability insurance policies maintained by each of Mount Logan and 180 Degree Capital, respectively, with respect to coverage and amounts covered thereunder of matters existing or occurring prior to the effective time of the Mergers.

Item 22. Undertakings

(a) The registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Filing Fee Table" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

Provided, *however*, that paragraphs (a)(1)(i) and (a)(1)(ii) herein do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act (15 U.S.C. 78m or 78o(d)) that are incorporated by reference in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post- effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(g)

(1) The undersigned registrant hereby undertakes as follows: that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other Items of the applicable form.

(2) The registrant undertakes that every prospectus
(i) that is filed pursuant to paragraph (h)(1) immediately preceding, or
(ii) (ii) that purports to meet the requirements of section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of

1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(h)

(3) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of this form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

The undersigned registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

(f) The Initial Debentures shall be issued in denominations of US$1,000 and integral multiples of US$1,000 and the Trustee is hereby appointed as registrar and transfer agent for the Initial Debentures at its office in Toronto, Ontario. Each Initial Debenture issued as a Debenture Certificate and the certificate of the Trustee endorsed thereon shall be issued in substantially the form set out in Schedule "A", with such insertions, omissions, substitutions or other variations as shall be required or permitted by this Indenture, and may have imprinted or otherwise reproduced thereon such legend or legends or endorsements, not inconsistent with the provisions of this Indenture, as may be required to comply with any law or with any rules or regulations pursuant thereto or with any rules or regulations of any stock exchange or securities regulatory authority or to conform with general usage, all as may be determined by the director or officer of the Corporation executing such Initial Debenture in accordance with Section 2.7, as conclusively evidenced by their execution of an Initial Debenture. Each Initial Debenture issued as a Debenture Certificate shall additionally bear such distinguishing letters and numbers as the Trustee shall approve. Notwithstanding the

foregoing, an Initial Debenture may be in such other form or forms as may, from time to time, be approved by a resolution of the Board of Directors, or as specified in an Officers' Certificate. The Initial Debentures may be engraved, lithographed, printed, mimeographed or typewritten or partly in one form and partly in another,including non-certificated electronic form.

(g) The Corporation will satisfy its Interest Obligation on the Initial Debentures on any Interest Payment Date (including, for greater certainty, upon maturity or redemption) by delivering the required funds to the Trustee.

(h) Within 30 days following the occurrence of a Compulsory Offer Event, the Corporation shall be obligated to offer to purchase all Initial Debentures then outstanding. The terms and conditions of such obligation (in addition to complying with Applicable Securities Legislation) are set forth below:

(i) Within 30 days following the occurrence of a Compulsory Offer Event, the Corporation shall deliver to the Trustee a notice in writing stating that there has been a Compulsory Offer Event and specifying the date on which such Compulsory Offer Event occurred and the circumstances or events giving rise to such Compulsory Offer Event together with a cash offer in writing (the "**Debenture Offer**") to purchase all (or any portion actually tendered to such offer) of the Initial Debentures then outstanding from the holders thereof at a price of US$1,000 per Initial Debenture being repurchased (the "**Repurchase Price**") plus a cash payment in respect of accrued and unpaid interest thereon (whether having been compounded or not) to but excluding the Compulsory Offer Event Purchase Date (as defined below) (the "**Compulsory Offer Event Consideration**"). The Trustee will promptly thereafter deliver, by prepaid courier or mail, the Debenture Offer to the holders of all Initial Debentures then outstanding, at their addresses appearing in the registers of holders of Initial Debentures maintained by the Trustee.

(ii) The Debenture Offer shall specify the date (the "**Expiry Date**") and time (the "**Expiry Time**") on which the Debenture Offer shall expire which date and time shall not, unless otherwise required by Applicable Securities Legislation, be earlier than the close of business on the 35th day and not later than the close of business on the 60th day following the date on which such Debenture Offer is made.

(iii) The Debenture Offer shall specify that the Debenture Offer may be accepted by the holders of Initial Debentures by tendering the Initial Debentures so held by them to the Trustee at its office in Toronto, Ontario at or before the Expiry Time together with an acceptance notice (the "**Acceptance Notice**") in form and substance acceptable to the Trustee.

(iv) The Debenture Offer shall state that holders of Initial Debentures may accept the Debenture Offer in respect of all or a portion (in a minimum amount of US$1,000 principal amount and multiples thereof) of their Initial Debentures.

(v) The Debenture Offer shall specify a date (the "**Compulsory Offer Event Purchase Date**") no later than the third Business Day following the Expiry Date on which the Corporation shall take up and pay for all Initial Debentures duly tendered in acceptance of the Debenture Offer.

(vi) The Corporation shall, on or before 11:00 a.m. (Toronto time), on the Business Day immediately prior to the Compulsory Offer Event Purchase Date pay to the Trustee by wire transfer or such other means as may be acceptable to the Trustee, an amount of money sufficient to pay the aggregate Compulsory Offer Event Consideration in respect of all Initial Debentures duly tendered to the Debenture Offer (less any tax required by law to be deducted). The Trustee, on behalf of the Corporation, will pay the Compulsory Offer Event Consideration to the holders of Initial Debentures in the respective amounts to which they are entitled in accordance with the Debenture Offer as aforesaid.

(vii) If holders of 90% or more of the aggregate principal amount of Initial Debentures outstanding on the date the Corporation delivers the Debenture Offer to the Trustee (other than Initial Debentures held at such date by or on behalf of the Corporation, associates or affiliates of the Corporation or anyone acting jointly or in concert with the Corporation) accept the Debenture Offer, the Corporation shall have the right (the "**90% Redemption Right**"), upon written notice (the "**90% Redemption Right Notice**") provided to the Trustee within ten Business Days following the Expiry Date, to redeem on the purchase date specified in the 90% Redemption Right Notice all the Initial Debentures remaining outstanding for the Compulsory Offer Event Consideration and on the other terms and conditions provided herein. Upon receipt of such notice by the Trustee, the Trustee shall promptly provide written notice to each holder of outstanding Initial Debentures (other than those that have accepted the Debenture Offer) that:

(A) the Corporation has exercised the 90% Redemption Right and is purchasing all outstanding Initial Debentures effective as at the Compulsory Offer Event Purchase Date for the Compulsory Offer Event Consideration;

(B) such holder must surrender its Initial Debentures to the Trustee on the same terms as those holders that accepted the Debenture Offer within ten days after the sending of such notice; and

(C) the rights of such holder under the terms of the Initial Debentures and this Indenture shall cease to be effective as of the Compulsory Offer Event Purchase Date provided the Corporation has, on or before the date on which the Corporation delivers the 90% Redemption Notice to the Trustee, paid the aggregate Compulsory Offer Event Consideration to, or to the order of, the Trustee and thereafter such holder's Initial Debentures shall not be considered to be outstanding and such holder shall not have any rights hereunder except to receive

such Compulsory Offer Event Consideration to which such holder is entitled upon surrender and delivery of such holder's Initial Debentures in accordance with the Indenture.

(viii) The Corporation shall on or before 11:00 a.m. (Toronto time) on the Business Day immediately prior to the date on which the Corporation delivers the 90% Redemption Right Notice pay to the Trustee by wire transfer or such other means as may be acceptable to the Trustee an amount of money sufficient to pay the aggregate Compulsory Offer Event Consideration in respect of all Initial Debentures to be redeemed pursuant to the 90% Redemption Right (less any tax required by law to be deducted). The Trustee, on behalf of the Corporation, will pay the Compulsory Offer Event Consideration to the holders of Initial Debentures in the respective amounts to which they are entitled in accordance with the exercise of the 90% Redemption Right as aforesaid upon surrender and delivery of such holders' Initial Debentures.

(ix) The Initial Debentures in respect of which the Corporation has made payment to the Trustee in accordance with the terms of this Section 2.4(h) (or the portion thereof tendered in acceptance of the Debenture Offer) shall thereafter no longer be considered to be outstanding under this Indenture. The Corporation shall also deposit with the Trustee a sum of money sufficient to pay any charges or expenses which may be incurred by the Trustee in connection with the Debenture Offer and the exercise of the 90% Redemption Right, if applicable. All Initial Debentures in respect of which payment of the Compulsory Offer Event Consideration has been so made shall be cancelled by the Trustee.

(x) In the event only a portion of the principal amount of an Initial Debenture is tendered by a holder thereof in acceptance of the Debenture Offer, the Corporation shall execute and deliver to the Trustee and the Trustee shall certify and deliver to the holder, without charge to such holder, a certificate (if applicable) or such other evidence of ownership representing the principal amount of the Initial Debenture not so tendered in acceptance of the Debenture Offer.

(xi) Initial Debentures for which holders have accepted the Debenture Offer and Initial Debentures which the Corporation has elected to redeem in accordance with this Section 2.4(h) shall become due and payable at the Repurchase Price, together with a cash payment in respect of accrued and unpaid interest thereon (whether having been compounded or not) to but excluding the Compulsory Offer Event Purchase Date, on the Compulsory Offer Event Purchase Date, in the same manner and with the same effect as if it were the date of maturity specified in such Initial Debentures, anything therein or herein to the contrary notwithstanding, and from and after the Compulsory Offer Event Purchase Date, if the money necessary to purchase or redeem the Initial Debentures shall have been deposited as provided in this Section 2.4(h) and affidavits or other proofs satisfactory to the Trustee as to the publication and/or mailing of such notices shall have been lodged with it, interest on the Initial Debentures shall cease. If any question shall arise as to whether any notice has been given

as above provided and such deposit made, such question shall be decided by the Trustee whose decision shall be final and binding upon all parties in interest.

(xii) In case the holder of any Initial Debenture to be purchased or redeemed in accordance with this Section 2.4(h) shall fail on or before the Compulsory Event Offer Purchase Date to so surrender such holder's Initial Debenture or shall not within such time accept payment of the monies payable, or give such receipt therefor, if any, as the Trustee may require, such monies may be set aside in trust, without interest, either in the deposit department of the Trustee or in a chartered bank, and such setting aside shall for all purposes be deemed a payment to the Debentureholder shall have no other right except to receive payment of the monies so paid and deposited, or both, upon surrender and delivery of such holder's Initial Debenture. In the event that any money required to be deposited hereunder with the Trustee or any depository or paying agent on account of principal, premium, if any, or interest, if any, on Initial Debentures issued hereunder shall remain so deposited for a period of three years less a day from the Compulsory Offer Event Purchase Date (the "**Unclaimed Funds Return Date**"), then such monies together with any accumulated interest thereon, shall at the end of such period be paid over or delivered over by the Trustee or such depository or paying agent to the Corporation and the Trustee shall not be responsible to Debentureholders for any amounts owing to them. Notwithstanding the foregoing, the Trustee will pay to the Corporation any remaining funds deposited hereunder prior to the Business Day immediately preceding the Unclaimed Funds Return Date upon receipt from the Corporation or one of its Subsidiaries of an unconditional letter of credit from a Canadian chartered bank in an amount equal to or in excess of the amount of the remaining funds. If the remaining funds are paid to the Corporation prior to the Unclaimed Funds Return Date, the Corporation shall reimburse the Trustee for any amounts required to be paid by the Trustee to a holder of an Initial Debenture pursuant to the Debenture Offer after the date of such payment of the remaining funds to the Corporation but prior to the Unclaimed Funds Return Date.

(xiii) Subject to the provisions above related to Initial Debentures purchased in part, all Initial Debentures redeemed and paid for under this Section 2.4(h) shall forthwith be delivered to the Trustee and cancelled and no Initial Debentures shall be issued in substitution therefor.

(i) The Trustee shall be provided with the documents and instruments referred to in Sections 2.1(c), 2.1(d) and 2.1(e) with respect to the Initial Debentures prior to the issuance of the Initial Debentures.

2.5 Authentication and Delivery of Additional Debentures

The Corporation may from time to time request the Trustee to Authenticate and deliver Additional Debentures of any series by delivering to the Trustee the documents referred to below in this Section 2.5 whereupon the Trustee shall Authenticate such Debentures and cause the same to be delivered in accordance with the Written Direction of the Corporation referred to below or pursuant to such

procedures acceptable to the Trustee as may be specified from time to time by a Written Direction of the Corporation.

The maturity date, issue date, interest rate (if any) and any other terms of the Debentures of such series shall be set forth in or determined by or pursuant to such Written Direction of the Corporation and procedures. In Authenticating such Debentures, the Trustee shall be entitled to receive and shall be fully protected in relying upon, unless and until such documents have been superseded or revoked:

(b) an Officers' Certificate and/or executed supplemental indenture by or pursuant to which the form and terms of such Additional Debentures were established;

(c) a Written Direction of the Corporation requesting Authentication and delivery of such Additional Debentures and setting forth delivery instructions, provided that, with respect to Debentures of a series subject to a Periodic Offering:

(i) such Written Direction of the Corporation may be delivered by the Corporation to the Trustee prior to the delivery to the Trustee of such Additional Debentures of such series for Authentication and delivery;

(ii) the Trustee shall Authenticate and deliver Additional Debentures of such series for original issue from time to time, in an aggregate principal amount not exceeding the aggregate principal amount, if any, established for such series, pursuant to a Written Direction of the Corporation or pursuant to procedures acceptable to the Trustee as may be specified from time to time by a Written Direction of the Corporation;

(iii) the maturity date or dates, issue date or dates, interest rate or rates (if any) and any other terms of Additional Debentures of such series shall be determined by an executed supplemental indenture or by Written Direction of the Corporation or pursuant to such procedures; and

(iv) if provided for in such procedures, such Written Direction of the Corporation may authorize Authentication and delivery pursuant to oral or electronic instructions from the Corporation which oral or electronic instructions shall be promptly confirmed in writing;

(d) an opinion of Counsel, in form and substance satisfactory to the Trustee, acting reasonably, to the effect that all requirements imposed by this Indenture and by law in connection with the proposed issue of Additional Debentures have been complied with, subject to the delivery of certain documents or instruments specified in such opinion; and

(e) an Officers' Certificate (which Officers' Certificate shall be in such form that satisfies all applicable laws) certifying that the Corporation is not in default under this Indenture, that the terms and conditions for the certification and delivery of Additional Debentures (including those set forth in Section 12.5), have been complied with subject to the delivery of any documents or instruments specified in such Officers'

Certificate and that no Event of Default exists or will exist upon such Authentication and delivery.

2.6 Non-Certificated Deposit

(a) Subject to the provisions hereof, at the Corporation's option, Debentures may be issued and registered in the name of CDS or its nominee and:

(i) the deposit of which may be confirmed electronically by the Trustee to a particular Participant through CDS; and

(ii) shall be identified by a specific CUSIP/ISIN as requested by the Corporation from CDS to identify each specific series of Debentures and the Initial Debentures issued on a particular Issue Date.

(b) If the Corporation issues Debentures in a non-certificated format, Beneficial Owners of such Debentures registered and deposited with CDS shall not receive Debenture Certificates in definitive form and shall not be considered owners or holders thereof under this Indenture or any supplemental indenture. Beneficial interests in Debentures registered and deposited with CDS will be represented only through the non-certificated inventory system administered by CDS. Transfers of Debentures registered and deposited with CDS between Participants shall occur in accordance with the rules and procedures of CDS. Neither the Corporation nor the Trustee shall have any responsibility or liability for any aspects of the records relating to or payments made by CDS or its nominee, on account of the beneficial interests in Debentures registered and deposited with CDS. Nothing herein shall prevent the Beneficial Owners of Debentures registered and deposited with CDS from voting such Debentures using duly executed proxies or voting instruction forms.

(c) All references herein to actions by, notices given or payments made to Debentures shall, where Debentures are held through CDS, refer to actions taken by, or notices given or payments made to, CDS upon instruction from the Participants in accordance with its rules and procedures. For the purposes of any provision hereof requiring or permitting actions with the consent of or at the direction of Debentureholders evidencing a specified percentage of the aggregate Debentures outstanding, such direction or consent may be given by Beneficial Owners acting through CDS and the Participants owning Debentures evidencing the requisite percentage of the Debentures. The rights of a Beneficial Owner whose Debentures are held through CDS shall be exercised only through CDS and the Participants and shall be limited to those established by law and agreements between such holders and CDS and the Participants upon instructions from the Participants. Each of the Trustee and the Corporation may deal with CDS for all purposes (including the making of payments) as the authorized representative of the respective Debentures and such dealing with CDS shall constitute satisfaction or performance, as applicable, of their respective obligations hereunder.

(d) For so long as Debentures are held through CDS, if any notice or other communication is required to be given to Debentureholders, the Trustee will give such notices and communications to CDS.

(e) If CDS resigns or is removed from its responsibility as Depository and the Trustee is unable or does not wish to locate a qualified successor, CDS shall provide the Trustee with instructions for registration of Debentures in the names and in the amounts specified by CDS and the Corporation shall issue and the Trustee shall Authenticate and deliver the aggregate number of Debentures then outstanding in the form of definitive Debentures Certificates representing such Debentures.

(f) The rights of Beneficial Owners who hold securities entitlements in respect of the Debentures through the non-certificated inventory system administered by CDS shall be limited to those established by applicable law and agreements between the Depository and the Participants and between such Participants and the Beneficial Owners who hold securities entitlements in respect of the Debentures through the non-certificated inventory system administered by CDS, and such rights must be exercised through a Participant in accordance with the rules and procedures of the Depository.

(g) Notwithstanding anything herein to the contrary, none of the Corporation nor the Trustee nor any agent thereof shall have any responsibility or liability for:

(i) the electronic records maintained by the Depository relating to any ownership interests or any other interests in the Debentures or the depository system maintained by the Depository, or payments made on account of any ownership interest or any other interest of any Person in any Debenture represented by an electronic position in the non-certificated inventory system administered by CDS (other than the Depository or its nominee);

(ii) for maintaining, supervising or reviewing any records of the Depository or any Participant relating to any such interest; or

(iii) any advice or representation made or given by the Depository or those contained herein that relate to the rules and regulations of the Depository or any action to be taken by the Depository on its own direction or at the direction of any Participant.

(h) The Corporation may terminate the application of this Section 2.6 in its sole discretion in which case all Debentures shall be evidenced by Debenture Certificates registered in the name of a Person other than the Depository.

2.7 Execution of Debenture Certificates

All Debenture Certificates shall be signed (either manually, by facsimile signature, scanned or other electronic copy) by any one authorized director or officer of the Corporation holding office at the time of signing. A facsimile, scanned or other electronic signature upon a Debenture Certificate shall for all purposes of this Indenture be deemed to be the signature of the person whose signature it purports to be.

Notwithstanding that any person whose signature, either manual or in facsimile, scan or other electronic form, appears on a Debenture Certificate as a director or officer may no longer hold such office at the date of the Debenture Certificate or at the date of the Authentication and delivery thereof,

such Debenture Certificate shall be valid and binding upon the Corporation and entitled to the benefits of this Indenture.

2.8 Authentication

(a) No Debenture shall be issued or, if issued, shall be obligatory or shall entitle the holder to the benefits of this Indenture, until it has been Authenticated by or on behalf of the Trustee substantially in the form set out in this Indenture, in the relevant supplemental indenture, or in some other form approved by the Trustee. Such Authentication on any Debenture shall be conclusive evidence that such Debenture is duly issued, is a valid obligation of the Corporation and the holder is entitled to the benefits hereof.

(b) The Authentication of the Trustee signed on the Debentures, or interim Debentures hereinafter mentioned, shall not be construed as a representation or warranty by the Trustee as to the validity of this Indenture or of the Debentures or interim Debentures or as to the issuance of the Debentures or interim Debentures and the Trustee shall in no respect be liable or answerable for the use made of the Debentures or interim Debentures or any of them or the proceeds thereof. The Authentication of the Trustee on the Debentures or interim Debentures shall, however, be a representation and warranty by the Trustee that the Debentures or interim Debentures have been duly Authenticated by or on behalf of the Trustee pursuant to the provisions of this Indenture.

(c) The Trustee shall Authenticate Uncertificated Debentures (whether upon original issuance, exchange, registration of transfer or otherwise) by completing its Internal Procedures and the Corporation shall, and hereby acknowledges that it shall, thereupon be deemed to have duly and validly issued such Uncertificated Debentures under this Indenture. Such Authentication shall be conclusive evidence that such Uncertificated Debentures have been duly issued hereunder and that the holder or holders are entitled to the benefits of this Indenture. The register shall be final and conclusive evidence as to all matters relating to Uncertificated Debentures with respect to which this Indenture requires the Trustee to maintain records or accounts. In case of differences between the register at any time and any other time the register at the later time shall be controlling, absent manifest error and such Uncertificated Debentures are binding on the Corporation.

2.9 Interim Debentures or Certificates

Pending the delivery of definitive Debentures of any series to the Trustee, the Corporation may issue and the Trustee may Authenticate in lieu thereof interim Debentures in such forms and in such denominations and signed in such manner as provided herein, entitling the holders thereof to definitive Debentures of the series when the same are ready for delivery; or the Corporation may execute and the Trustee may Authenticate a temporary Debenture for the whole principal amount of Debentures of the series then authorized to be issued hereunder and deliver the same to the Trustee and thereupon the Trustee may issue its own interim certificates in such form and in such amounts, not exceeding in the aggregate the principal amount of the temporary Debenture so delivered to it, as the Corporation and the Trustee may approve entitling the holders thereof to definitive Debentures of the series when the

same are ready for delivery; and, when so issued and Authenticated, such interim or temporary Debentures or interim certificates shall, for all purposes but without duplication, rank in respect of this Indenture equally with Debentures duly issued hereunder and, pending the exchange thereof for definitive Debentures, the holders of the interim or temporary Debentures or interim certificates shall be deemed without duplication to be Debentureholders and entitled to the benefit of this Indenture to the same extent and in the same manner as though the said exchange had actually been made. Forthwith after the Corporation shall have delivered the definitive Debentures to the Trustee, the Trustee shall cancel such temporary Debentures, if any, and shall call in for exchange all interim Debentures or certificates that shall have been issued and forthwith after such exchange shall cancel the same. No charge shall be made by the Corporation or the Trustee to the holders of such interim or temporary Debentures or interim certificates for the exchange thereof. All interest paid upon interim or temporary Debentures or interim certificates shall be noted thereon as a condition precedent to such payment unless paid by cheque to the registered holders thereof.

2.10 Mutilation, Loss, Theft or Destruction

In case any of the Debentures issued hereunder shall become mutilated or be lost, stolen or destroyed, the Corporation, in its discretion, may issue, and thereupon the Trustee shall Authenticate and deliver, a new Debenture upon surrender and cancellation of the mutilated Debenture, or in the case of a lost, stolen or destroyed Debenture, in lieu of and in substitution for the same, and the substituted Debenture shall be in a form approved by the Trustee and shall be entitled to the benefits of this Indenture and rank equally in accordance with its terms with all other Debentures issued or to be issued hereunder. In case of loss, theft or destruction the applicant for a substituted Debenture shall furnish to the Corporation and to the Trustee such evidence of the loss, theft or destruction of the Debenture as shall be satisfactory to them in their discretion and shall also furnish an indemnity and surety bond satisfactory to them in their discretion. The applicant shall pay all reasonable expenses incidental to the issuance of any substituted Debenture.

2.11 Concerning Interest

(a) Except as may otherwise be provided in this Indenture or in any supplemental indenture or in a Written Direction of the Corporation in respect of a series of Debentures, all Debentures issued hereunder, whether originally or upon exchange or in substitution for previously issued Debentures which are interest bearing, shall bear interest (i) from and including their Issue Date, or (ii) from and including the last Interest Payment Date to which interest shall have been paid or made available for payment on the outstanding Debentures of that series, whichever shall be the later, or, in respect of Debentures subject to a Periodic Offering, from and including their Issue Date or from and including the last Interest Payment Date to which interest shall have been paid or made available for payment on such Debentures, in all cases, to and excluding the next Interest Payment Date.

(b) Unless otherwise specifically provided in the terms of the Debentures of any series, interest shall be computed on the basis of a year of 365 days (or 366 days in the case of a leap year) and the actual number of days in the relevant interest period. For the purposes of the *Interest Act* (Canada) and disclosure thereunder, whenever interest is computed on the basis of a year (the "**deemed year**") which contains fewer days than the actual number of days in the calendar year of calculation, such rate of interest shall be expressed as a yearly rate for purposes of the *Interest Act* (Canada) by multiplying

such rate of interest by the actual number of days in such calendar year of calculation and dividing it by the number of days in the deemed year.

2.12 Debentures to Rank *Pari Passu*

The Debentures will be direct unsecured obligations of the Corporation. Each Debenture will rank *pari passu* with each other Debenture issued under this Indenture (regardless of their actual date or terms of issue) and, subject to statutory preferred exceptions, with all other present and future unsubordinated and unsecured indebtedness of the Corporation (including trade creditors).

2.13 Payments of Amounts Due on Maturity

Except as may otherwise be provided herein or in any supplemental indenture in respect of any series of Debentures, payments of amounts due upon maturity of the Debentures will be made in the following manner. The Corporation will establish and maintain with the Trustee a Maturity Account for each series of Debentures. Each such Maturity Account shall be maintained by and be subject to the control of the Trustee for the purposes of this Indenture. On or before 11:00 a.m. (Toronto time) on the Business Day immediately prior to each Maturity Date for Debentures outstanding from time to time under this Indenture, the Corporation will deliver to the Trustee a certified cheque or wire transfer for deposit in the applicable Maturity Account in an amount sufficient to pay the cash amount payable in respect of such Debentures (including the principal amount together with any accrued and unpaid interest thereon (whether having been compounded or not) less any tax required by law to be deducted). The Trustee, on behalf of the Corporation, will pay to each holder entitled to receive payment the principal amount of and premium (if any) and accrued and unpaid interest on the Debenture (whether having been compounded or not), upon surrender of the Debenture at any branch of the Trustee designated for such purpose from time to time by the Corporation and the Trustee. The delivery of such funds to the Trustee for deposit to the applicable Maturity Account will satisfy and discharge the liability of the Corporation for the Debentures to which the delivery of funds relates to the extent of the amount delivered (plus the amount of any tax deducted as aforesaid and remitted to the appropriate governmental authority) and such Debentures will thereafter to that extent not be considered as outstanding under this Indenture and such holder will have no other right in regard thereto other than to receive out of the money so delivered or made available the amount to which it is entitled. For greater certainty, interest shall cease to accrue on the Debentures upon the Maturity Date, provided the Trustee has received, by the Maturity Date, from the Corporation all funds due and payable on the Debentures.

2.14 Payment of Interest

The following provisions shall apply to Debentures, except as otherwise provided in Section 2.4(c) or specified in a resolution of the Board of Directors, an Officers' Certificate or a supplemental indenture relating to a particular series of Additional Debentures:

(a) As interest becomes due on each Debenture (except, subject to certain exceptions set forth herein including in Section 2.4(c), on redemption, when interest may at the option of the Corporation be paid upon surrender of such Debenture), the Corporation, either directly or through the Trustee or any agent of the Trustee, shall send or forward by prepaid ordinary mail, electronic transfer of funds or such other means as may be agreed to by the Trustee, payment of such interest (less any tax required to be withheld

therefrom) to the order of the registered holder of such Debenture appearing on the registers maintained by the Trustee at the close of business on the fifth Business Day prior to the applicable Interest Payment Date and addressed to the holder at the holder's last address appearing on the register, unless such holder otherwise directs. If payment is made by cheque, such cheque shall be forwarded at least three days prior to each date on which interest becomes due and if payment is made by other means (such as electronic transfer of funds, provided the Trustee must receive confirmation of receipt of funds one Business Day prior to being able to wire funds to holders), such payment shall be made in a manner whereby the holder receives credit for such payment on the date such interest on such Debenture becomes due. The mailing of such cheque or the making of such payment by other means shall, to the extent of the sum represented thereby, plus the amount of any tax withheld and remitted to the appropriate governmental authority as aforesaid, satisfy and discharge all liability for interest on such Debenture, unless in the case of payment by cheque, such cheque is not paid at par on presentation. In the event of non-receipt of any cheque for or other payment of interest by the person to whom it is so sent as aforesaid, the Corporation will issue to such person a replacement cheque or other payment for a like amount upon being furnished with such evidence of non-receipt as it shall reasonably require and upon being indemnified to its satisfaction. Notwithstanding the foregoing, if the Corporation is prevented by circumstances beyond its control (including, without limitation, any interruption in mail service) from making payment of any interest due on each Debenture in the manner provided above, the Corporation may make payment of such interest or make such interest available for payment in any other manner acceptable to the Trustee with the same effect as though payment had been made in the manner provided above.

(b) All payments of interest to the Depository on an Uncertificated Debenture shall be made by electronic funds transfer to the Depository or its nominee for subsequent payment to Beneficial Owners of the applicable Uncertificated Debenture, unless the Corporation, the Trustee and the Depository otherwise agree. None of the Corporation, the Trustee or any agent of the Trustee for any Debenture issued as an Uncertificated Debenture will be liable or responsible to any person for any aspect of the records related to or payments made on account of beneficial interests in any Uncertificated Debenture or for maintaining, reviewing, or supervising any records relating to such beneficial interests.

2.15 Withholding Tax

(a) The Corporation will be entitled to deduct and withhold any applicable taxes or similar charges (including interest, penalties or similar amounts in respect thereof) as are required to be deducted and withheld pursuant to applicable law imposed or levied by or on behalf of the Canadian government or of any Province or territory thereof or any authority or agency therein or thereof having power to tax, including pursuant to the Tax Act, from any payment to be made on or in connection with the Debentures and, provided that the Corporation forthwith remits such withheld amount to such government, authority or agency and files all required forms in respect thereof and, at the same time, provides copies of such remittance and filing to the Trustee and the relevant Debentureholder, the amount of any such deduction or withholding will be considered an amount paid in satisfaction of the Corporation's obligations under the

Debentures and there is no obligation on the Corporation to gross-up amounts paid to a holder in respect of such deductions or withholdings. The Corporation shall provide the Trustee and the relevant Debentureholder with copies of receipts or other communications relating to the remittance of such withheld amount or the filing of such forms received from such government, authority or agency promptly after receipt thereof. Upon determining that any such deduction and withholding may be required, the Corporation shall use commercially reasonable efforts to promptly notify the affected holders and give such holders a reasonable opportunity to provide forms or certifications to reduce or eliminate such deduction or withholding.

(b) The Trustee shall have no obligation to verify any payments under the Tax Act or any provision of provincial, state, local or foreign tax law. The Trustee shall at all times be indemnified and held harmless by the Corporation from and against any personal liabilities of the Trustee incurred in connection with the failure of the Corporation or its agents, to report, remit or withhold taxes as required by the Tax Act or otherwise failing to comply with the Tax Act. This indemnification shall survive the resignation or removal of the Trustee and the termination of this Indenture solely to the extent that such liabilities have been incurred in connection with taxation years occurring during the term of this Indenture.

2.16 Legends on Debentures

(a) Unless otherwise provided in the Debentures of any series or the supplemental indenture establishing such Debentures, Debentures will not be registered under any United States federal or state securities laws, and Debentures of any series issued and sold in the United States or to, or for the account of benefit of, U.S. persons will be issued and sold in reliance on exemptions from registration under 1933 Act, shall be "restricted securities" within the meaning assigned to that term in Rule 144(a)(3) under the 1933 Act, and may be issued in certificated form or under a separate restricted CUSIP number, and, until such time as the same is no longer required under applicable requirements of the 1933 Act or state securities laws, shall bear the following legend (the "**US Legend**"):

"THE SECURITIES REPRESENTED HEREBY HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "U.S. SECURITIES ACT") OR ANY STATE LAWS. THE HOLDER HEREOF, BY PURCHASING SUCH SECURITIES, AGREES FOR THE BENEFIT OF MOUNT LOGAN CAPITAL INC. (THE "CORPORATION"), THAT SUCH SECURITIES MAY BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED, DIRECTLY OR INDIRECTLY, ONLY (A) TO THE CORPORATION, (B) OUTSIDE THE UNITED STATES IN COMPLIANCE WITH RULE 904 OF REGULATION S UNDER THE U.S. SECURITIES ACT AND IN COMPLIANCE WITH APPLICABLE LOCAL LAWS AND REGULATIONS, (C) IN COMPLIANCE WITH THE EXEMPTION FROM REGISTRATION UNDER THE U.S. SECURITIES ACT PROVIDED BY (i) RULE 144 THEREUNDER, IF AVAILABLE, OR (ii) RULE 144A THEREUNDER, IF AVAILABLE, AND, IN EACH CASE, IN COMPLIANCE WITH APPLICABLE STATE SECURITIES LAWS, OR (D) PURSUANT TO ANOTHER EXEMPTION OR EXCLUSION

FROM REGISTRATION UNDER THE U.S. SECURITIES ACT, AND IN THE CASE OF TRANSFERS PURSUANT TO (C)(i) OR (D) (OR IF REQUIRED BY THE CORPORATION OR ITS TRANSFER AGENT, CLAUSE (B)) ABOVE THE HOLDER FIRST FURNISHES TO THE CORPORATION AND THE TRUSTEE AN OPINION OF COUNSEL OF RECOGNIZED STANDING IN FORM AND SUBSTANCE REASONABLY SATISFACTORY TO THE CORPORATION AND THE TRUSTEE TO SUCH EFFECT."

provided that if the Debentures are being sold in compliance with the requirements of Rule 904 of Regulation S and in compliance with Canadian local laws and regulations, and provided that the Corporation was a "foreign issuer" within the meaning of Regulation S at the time of commencement of the Offering, such Debentures may be transferred to an unrestricted CUSIP or the U.S. Legend may be removed by providing a declaration to the Trustee in the form as the Corporation, and/or the Trustee may prescribe from time to time, together with any other evidence reasonably requested by the Corporation and/or Trustee, which evidence may include an opinion of counsel of recognized standing, in form and substance reasonably satisfactory to the Corporation and the Trustee, to the effect that the transfer is being made in compliance with Rule 904 of Regulation S; and provided further that, if any Debentures are being sold in accordance with Rule 144 under the 1933 Act, if available, the Debentures may be transferred into an unrestricted CUSIP or the U.S. Legend may be removed by delivery to the Trustee of an opinion of counsel of recognized standing, in form and substance reasonably satisfactory to the Corporation, and/or Trustee that the Debentures no longer required a restricted CUSIP or the U.S. Legend is no longer required under applicable requirements of the 1933 Act or applicable state securities laws. Provided that the Trustee obtains confirmation from the Corporation that such counsel is satisfactory to it, it shall be entitled to rely on such opinion of counsel without further inquiry.

(b) The Trustee understands and acknowledges that, subject to the terms of the supplemental indenture establishing Debentures of any series, Debentures of each series will also bear the Canadian Private Placement Legend until such legend is no longer required under Applicable Securities Legislation. In addition, the Trustee acknowledges and understands that the Debentures have not been and will not be qualified for sale to the public under Applicable Securities Legislation, unless provided for in the Indenture or the supplemental indenture establishing any series of Debentures. The Trustee acknowledges and understands that the Debentures, and each Debenture issued in exchange therefor or in substitution thereof, will (subject to the applicable supplemental indenture establishing such series of Debentures) bear a legend in substantially the following form (the "**Canadian Private Placement Legend**") until the legend is no longer required under Applicable Securities Legislation:

"UNLESS PERMITTED UNDER SECURITIES LEGISLATION, THE HOLDER OF THIS SECURITY MUST NOT TRADE THIS SECURITY BEFORE **[INSERT THE DATE THAT IS FOUR MONTHS AND A DAY AFTER THE APPLICABLE ISSUE DATE]**"

(c) Each Uncertificated Debenture registered in the name of the Depository shall bear a legend in substantially the following form, subject to such modification as required by the applicable Depository (the "**Uncertificated Debenture Legend**"):

"THIS DEBENTURE IS AN UNCERTIFICATED DEBENTURE WITHIN THE MEANING OF THE INDENTURE HEREIN REFERRED TO AND IS REGISTERED IN THE NAME OF A DEPOSITORY OR A NOMINEE THEREOF. THIS DEBENTURE MAY NOT BE TRANSFERRED TO OR EXCHANGED FOR DEBENTURES REGISTERED IN THE NAME OF ANY PERSON OTHER THAN THE DEPOSITORY OR A NOMINEE THEREOF AND NO SUCH TRANSFER MAY BE REGISTERED EXCEPT IN THE LIMITED CIRCUMSTANCES DESCRIBED IN THE INDENTURE. EVERY DEBENTURE AUTHENTICATED AND DELIVERED UPON REGISTRATION OF, TRANSFER OF, OR IN EXCHANGE FOR, OR IN LIEU OF, THIS DEBENTURE SHALL BE AN UNCERTIFICATED DEBENTURE SUBJECT TO THE FOREGOING, EXCEPT IN SUCH LIMITED CIRCUMSTANCES DESCRIBED IN THE INDENTURE.

UNLESS THIS DEBENTURE IS PRESENTED BY AN AUTHORIZED REPRESENTATIVE OF CDS CLEARING AND DEPOSITORY SERVICES INC. ("CDS") TO MOUNT LOGAN CAPITAL INC. (THE "CORPORATION") OR ITS AGENT FOR REGISTRATION OF TRANSFER, EXCHANGE OR PAYMENT, AND ANY DEBENTURE ISSUED IN RESPECT THEREOF IS REGISTERED IN THE NAME OF CDS & CO., OR IN SUCH OTHER NAME AS IS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF CDS (AND ANY PAYMENT IS MADE TO CDS & CO. OR TO SUCH OTHER ENTITY AS IS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF CDS), ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL SINCE THE REGISTERED HOLDER HEREOF, CDS & CO., HAS A PROPERTY INTEREST IN THIS DEBENTURE HEREIN AND IT IS A VIOLATION OF ITS RIGHTS FOR ANOTHER PERSON TO HOLD, TRANSFER OR DEAL WITH THIS CERTIFICATE."

(d) Prior to the issuance of Debentures of any series, the Corporation shall notify the Trustee, in writing, concerning which Debentures are to be certificated and are to bear the legend or legends described in this Section 2.16.

ARTICLE 3
REGISTRATION, TRANSFER, EXCHANGE AND OWNERSHIP

3.1 Fully Registered Debentures

(a) With respect to each series of Debentures issuable as Fully Registered Debentures, the Corporation shall cause to be kept by and at the principal office of the Trustee in Toronto, Ontario and by the Trustee or such other registrar as the Corporation, with the approval of the Trustee, may appoint at such other place or places, if any, as may be specified in the Debentures of such series or as the Corporation may designate with the approval of the Trustee, a register in which shall be entered the names and addresses of the holders of Fully Registered Debentures and particulars of the Debentures held by them respectively and of all transfers of Fully Registered

Debentures. Such registration shall be noted on the Debentures by the Trustee or other registrar unless a new Debenture shall be issued upon such transfer.

(b) No transfer of a Fully Registered Debenture shall be valid unless made on such register referred to in Section 3.1(a) by the registered holder or such holder's executors, administrators or other legal representatives or an attorney duly appointed by an instrument in writing in form and executed in a manner satisfactory to the Trustee or other registrar upon surrender of the Debentures together with a duly executed form of transfer acceptable to the Trustee and upon compliance with such other reasonable requirements as the Trustee or other registrar may prescribe, or unless the name of the transferee shall have been noted on the Debenture by the Trustee or other registrar.

(c) Fully Registered Debentures have not been and will not be registered under the 1933 Act and may only be transferred pursuant to an exemption or exclusion from the registration requirements of the 1933 Act and applicable state securities laws.

3.2 Transferee Entitled to Registration

The transferee of a Debenture shall be entitled, after the appropriate form of transfer is lodged with the Trustee or other registrar and upon compliance with all other conditions in that behalf required by this Indenture or by law, to be entered on the register as the owner of such Debenture free from all equities or rights of set-off or counterclaim between the Corporation and the transferor or any previous holder of such Debenture, save in respect of equities of which the Corporation is required to take notice by statute or by order of a court of competent jurisdiction. Upon surrender for registration of transfer of Debentures, the Corporation shall issue and thereupon the Trustee shall Authenticate and deliver a new Debenture Certificate or confirm the electronic delivery or deposit of Uncertificated Debentures of like tenor in the name of the designated transferee and register such transfer in accordance with Section 3.1. If less than all the Debentures evidenced by the Debenture Certificate(s) or Uncertificated Debentures so surrendered are transferred, the transferor shall be entitled to receive, in the same manner, a new Debenture Certificate or electronically delivered or deposited Uncertificated Debentures registered in his name evidencing the Debentures not transferred.

3.3 No Notice of Trusts

Neither the Corporation nor the Trustee nor any registrar shall be bound to take notice of or see to the execution of any trust (other than that created by this Indenture) whether express, implied or constructive, in respect of any Debenture, and may transfer the same on the direction of the person registered as the holder thereof, whether named as trustee or otherwise, as though that person were the beneficial owner thereof.

3.4 Registers Open for Inspection

The registers referred to in Section 3.1 shall at all reasonable times be open for inspection by the Corporation, the Trustee or any Debentureholder. Every registrar, including the Trustee, shall from time to time when requested so to do by the Corporation or by the Trustee, in writing, furnish the Corporation or the Trustee, as the case may be, with a list of names and addresses of holders of registered Debentures entered on the register kept by them and showing the principal amount and serial

numbers of the Debentures held by each such holder, provided the Trustee shall be entitled to charge a reasonable fee to provide such a list.

3.5 Exchanges of Debenture Certificates

(a) Subject to Section 3.2, and Section 3.6, Debentures in any authorized form or denomination, other than Uncertificated Debentures, may be exchanged for Debentures in any other authorized form or denomination, of the same series and date of maturity, bearing the same interest rate and of the same aggregate principal amount as the Debentures so exchanged.

(b) In respect of exchanges of Debentures permitted by Section 3.5(a), Debentures of any series may be exchanged only at the principal office of the Trustee in the city of Toronto, Ontario or at such other place or places, if any, as may be specified in the Debentures of such series and at such other place or places as may from time to time be designated by the Corporation with the approval of the Trustee. Any Debentures tendered for exchange shall be surrendered to the Trustee. The Corporation shall execute and the Trustee shall Authenticate all Debentures necessary to carry out exchanges as aforesaid. All Debentures surrendered for exchange shall be cancelled.

(c) Debentures issued in exchange for Debentures which at the time of such issue have been selected or called for redemption at a later date shall be deemed to have been selected or called for redemption in the same manner and shall have noted thereon a statement to that effect.

3.6 Closing of Registers

(a) Neither the Corporation nor the Trustee nor any registrar shall be required to:

(i) make transfers or exchanges of Fully Registered Debentures on any Interest Payment Date for such Debentures or during the five preceding Business Days;

(ii) make transfers or exchanges of any Debentures on the day of any selection by the Trustee of Debentures to be redeemed or during the five preceding Business Days; or

(iii) make exchanges of any Debentures which will have been selected or called for redemption unless upon due presentation thereof for redemption such Debentures shall not be redeemed.

(b) Subject to any restriction herein provided, the Corporation with the approval of the Trustee may at any time close any register for any series of Debentures, other than those kept at the principal office of the Trustee in Toronto, Ontario, and transfer the registration of any Debentures registered thereon to another register (which may be an existing register) and thereafter such Debentures shall be deemed to be registered on such other register. Notice of such transfer shall be given to the holders of such Debentures.

3.7 Charges for Registration, Transfer and Exchange

For each Debenture exchanged, registered, transferred or discharged from registration, the Trustee or other registrar, except as otherwise herein provided, may make a reasonable charge for its services and in addition may charge a reasonable sum for each new Debenture issued (such amounts to be agreed upon from time to time by the Trustee and the Corporation), and payment of such charges and reimbursement of the Trustee or other registrar for any stamp taxes or governmental or other charges required to be paid shall be made by the party requesting such exchange, registration, transfer or discharge from registration as a condition precedent thereto. Notwithstanding the foregoing provisions, no charge shall be made to a Debentureholder hereunder:

(a) for any exchange, registration, transfer or discharge from registration of any Debenture applied for within a period of two months from the date of the first delivery of Debentures of that series or, with respect to Debentures subject to a Periodic Offering, within a period of two months from the date of delivery of any such Debenture;

(b) for any exchange of any interim or temporary Debenture or interim certificate that has been issued under Section 2.9 for a definitive Debenture;

(c) for any exchange of a Debenture as contemplated in Section3.5; or

(d) for any exchange of any Debenture resulting from a partial redemption under Section 4.2; or

(e) for any exchange of Debenture resulting from partial purchase under Section 2.4(h).

3.8 Ownership of Debentures

(a) Unless otherwise required by law, the Person in whose name any registered Debenture is registered shall for all purposes of this Indenture be and be deemed to be the owner thereof and payment of or on account of the principal of and premium, if any, on such Debenture and interest thereon shall be made to such registered holder.

(b) The registered holder for the time being of any registered Debenture shall be entitled to the principal, premium, if any, and/or interest evidenced by such instruments, respectively, free from all equities or rights of set-off or counterclaim between the Corporation and the original or any intermediate holder thereof and all persons may act accordingly and the receipt of any such registered holder for any such principal, premium or interest shall be a good discharge to the Trustee, any registrar and to the Corporation for the same and none shall be bound to inquire into the title of any such registered holder.

(c) Where Debentures are registered in more than one name, the principal, premium, if any, and interest from time to time payable in respect thereof may be paid to the order of all such holders, failing written instructions from them to the contrary, and the

receipt of any one of such holders therefor shall be a valid discharge, to the Trustee, any registrar and to the Corporation.

(d) In the case of the death of one or more joint holders of any Debenture the principal, premium, if any, and interest from time to time payable thereon may be paid to the order of the survivor or survivors of such registered holders and the receipt of any such survivor or survivors therefor shall be a valid discharge to the Trustee and any registrar and to the Corporation.

ARTICLE 4
REDEMPTION AND PURCHASE OF DEBENTURES

4.1 Applicability of Article

Subject to regulatory approval, Section 2.4(d), Article 5 and the provisions relating to any particular series of Debentures, the Corporation shall have the right at its option, but only to the extent permitted by (and subject to compliance with) the terms of any Senior Secured Indebtedness, to redeem, either in whole at any time or in part from time to time before maturity, any Debentures issued hereunder of any series which by their terms are made so redeemable (subject, however, to any applicable restriction on the redemption of Debentures of such series) at such rate or rates of premium, if any, and on such date or dates and in accordance with such other provisions as shall have been determined at the time of issue of such Debentures and as shall have been expressed in this Indenture, in the Debentures, in an Officers' Certificate, or in a supplemental indenture authorizing or providing for the issue thereof, or in the case of Additional Debentures issued pursuant to a Periodic Offering, in the Written Direction of the Corporation requesting the Authentication and delivery thereof.

4.2 Partial Redemption

If less than all the Debentures of any series for the time being outstanding are at any time to be redeemed, the Debentures to be so redeemed shall be selected by the Trustee on a pro rata basis to the nearest multiple of US$1,000 in accordance with the principal amount of the Debentures registered in the name of each holder or in such other manner as the Trustee deems equitable, subject to the approval of any stock exchange on which the Debentures are then listed as may be required from time to time. Unless otherwise specifically provided in the terms of any series of Debentures, no Debenture shall be redeemed in part unless the principal amount redeemed is US$1,000 or a multiple thereof. For this purpose, the Trustee may make, and from time to time vary, regulations with respect to the manner in which such Debentures may be drawn for redemption and regulations so made shall be valid and binding upon all holders of such Debentures notwithstanding that as a result thereof one or more of such Debentures may become subject to redemption in part only or for cash only. In the event that one or more of such Debentures becomes subject to redemption in part only, upon surrender of any such Debentures for payment of an amount equal to the Redemption Price plus a cash payment in respect of accrued and unpaid interest thereon (whether having been compounded or not) to but excluding the Redemption Date, the Corporation shall execute and the Trustee shall Authenticate and deliver without charge to the holder thereof or upon the holder's order one or more new Debentures for the unredeemed part of the principal amount of the Debenture or Debentures so surrendered or, with respect to an Uncertificated Debenture registered in the name of the Depository, registration and surrender of interests in the Debentures will be made only through the Depository's non- certificated system. Unless the context otherwise requires, the terms "Debenture" or "Debentures" as used in this

Article 4 shall be deemed to mean or include any part of the principal amount of any Debenture which in accordance with the foregoing provisions has become subject to redemption.

4.3 Notice of Redemption

If the Corporation wishes to redeem any of the Debentures, a notice of redemption (the "**Redemption Notice**") of any series of Debentures shall be given to the holders of the Debentures so to be redeemed not more than 60 days nor less than 30 days prior to the date fixed for redemption (the "**Redemption Date**") in the manner provided in Section 11.2. Every such notice shall specify the aggregate principal amount of Debentures called for redemption, the Redemption Date, the Redemption Price, the amount of accrued and unpaid interest payable on the Debentures (whether having been compounded or not) called for redemption and the places of payment and shall state that interest upon the principal amount of Debentures called for redemption shall cease to be payable from and after the Redemption Date. In addition, unless all the outstanding Debentures are to be redeemed, the Redemption Notice shall specify:

(a) the distinguishing letters and numbers of the registered Debentures which are to be redeemed (or of such thereof as are registered in the name of such Debentureholder);

(b) in the case of a published notice, the distinguishing letters and numbers of the Debentures which are to be redeemed or, if such Debentures are selected *pro rata* or other similar system, such particulars as may be sufficient to identify the Debentures so selected;

(c) in the case of an Uncertificated Debenture that is registered in the name of the Depository, that the redemption will take place in such manner as may be agreed upon by the Depository, the Trustee and the Corporation; and

(d) in all cases, the principal amounts of such Debentures or, if any such Debenture is to be redeemed in part only, the principal amount of such part.

In the event that all Debentures to be redeemed are registered Debentures, publication shall not be required.

4.4 Debentures Due on Redemption Dates

Notice having been given as aforesaid, all the Debentures so called for redemption shall thereupon be and become due and payable in an amount equal to the Redemption Price plus accrued and unpaid interest thereon (whether having been compounded or not), on the Redemption Date specified in such notice, in the same manner and with the same effect as if it were the date of maturity specified in such Debentures, anything therein or herein to the contrary notwithstanding, and from and after such Redemption Date, if the monies necessary to redeem such Debentures shall have been deposited as provided in Section 4.5 and affidavits or other proof satisfactory to the Trustee as to the publication and/or mailing of such notices shall have been lodged with it, interest upon the Debentures shall cease. If any question shall arise as to whether any notice has been given as above provided and such deposit made, such question shall be decided by the Trustee whose decision shall be final and binding upon all parties in interest.

4.5 Deposit of Redemption Monies

Redemption of Debentures shall be provided for by the Corporation depositing with the Trustee or any paying agent to the order of the Trustee, on or before 11:00 a.m. (Toronto time) on the Business Day immediately prior to the Redemption Date specified in such notice, such sums of money as may be sufficient to pay the Redemption Price of the Debentures so called for redemption, together with such sum of monies in respect of accrued and unpaid interest thereon (whether having been compounded or not), provided the Corporation may elect to satisfy this requirement by providing the Trustee with a certified cheque or wire transfer for such amounts required under this Section 4.5 post-dated to the Redemption Date or by providing the Trustee with such funds through electronic transfer of funds on the Business Day immediately prior to the Redemption Date. The Corporation shall also deposit with the Trustee a sum of money sufficient to pay any charges or expenses which may be incurred by the Trustee in connection with such redemption. Every such deposit shall be irrevocable. From the sums so deposited, the Trustee shall pay or cause to be paid, or issue or cause to be issued, to the holders of such Debentures so called for redemption, upon surrender of such Debentures, the principal, premium (if any) and interest (if any) to which they are respectively entitled on redemption.

4.6 Failure to Surrender Debentures Called for Redemption

In case the holder of any Debenture so called for redemption shall fail on or before the Redemption Date to so surrender such holder's Debenture, or shall not within such time accept payment of the redemption monies payable, or give such receipt therefor, if any, as the Trustee may require, such redemption monies may be set aside in trust, without interest, either in the deposit department of the Trustee or in a chartered bank, and such setting aside shall for all purposes be deemed a payment to the Debentureholder of the sum and, to that extent, the Debenture shall thereafter not be considered as outstanding hereunder and the Debentureholder shall have no other right except to receive payment out of the monies so paid and deposited, upon surrender and delivery of such holder's Debenture of the Redemption Price, as the case may be, of such Debenture together with a cash payment in respect of accrued and unpaid interest thereon (whether having been compounded or not). In the event that any money required to be deposited hereunder with the Trustee or any depository or paying agent on account of principal, premium, if any, or interest, if any, on Debentures issued hereunder shall remain so deposited for a period of three years less one day from the Redemption Date, then such monies, together with any accumulated interest thereon or any distribution paid thereon, shall at the end of such period be paid over or delivered over by the Trustee or such depository or paying agent to the Corporation on its demand, and thereupon the Trustee shall not be responsible to Debentureholders for any amounts owing to them and subject to applicable law, thereafter the holder of a Debenture in respect of which such money was so repaid to the Corporation shall have no rights in respect thereof except to obtain payment of the money due from the Corporation, subject to any limitation period provided by the laws of Ontario. Notwithstanding the foregoing, the Trustee will pay any remaining funds prior to the expiry of three years less one day after the Redemption Date to the Corporation upon receipt from the Corporation, of an unconditional letter of credit from a Schedule 1 Canadian chartered bank in an amount equal to or in excess of the amount of the remaining funds. If the remaining funds are paid to the Corporation prior to the expiry of three years less one day after the Redemption Date, the Corporation shall reimburse the Trustee for any amounts required to be paid by the Trustee to a holder of a Debenture pursuant to the redemption after the date of such payment of the remaining funds to the Corporation but prior to three years less one day after the redemption.

4.7 Cancellation of Debentures Redeemed

Subject to the provisions of Sections 4.2 and 4.8 as to Debentures redeemed or purchased in part, all Debentures redeemed and paid under this Article 4 shall forthwith be delivered to the Trustee and cancelled and no Debentures shall be issued in substitution therefor.

4.8 Purchase of Debentures by the Corporation

Subject to Applicable Securities Legislation and unless otherwise specifically provided with respect to a particular series of Debentures, the Corporation may, if it is not at the time in default hereunder, at any time and from time to time, purchase Debentures in the market (which shall include purchases from or through an investment dealer or a firm holding membership on a recognized stock exchange) or by tender or by private contract, at any price. All Debentures so purchased will be delivered to the Trustee and shall be cancelled and no Debentures shall be issued in substitution therefor.

If, upon an invitation for tenders, more Debentures are tendered at the same lowest price that the Corporation is prepared to accept, the Debentures to be purchased by the Corporation shall be selected by the Trustee on a *pro rata* basis or in such other manner as consented to by any stock exchange on which the Debentures are then listed which the Trustee considers appropriate, from the Debentures tendered by each tendering Debentureholder who tendered at such lowest price. For this purpose the Trustee may make, and from time to time amend, regulations with respect to the manner in which Debentures may be so selected, and regulations so made shall be valid and binding upon all Debentureholders, notwithstanding the fact that as a result thereof one or more of such Debentures become subject to purchase in part only. The holder of a Debenture Certificate of which a part only is purchased, upon surrender of such Debenture for payment, shall be entitled to receive, without expense to such holder, one or more new Debenture Certificates for the unpurchased part so surrendered, and the Trustee shall Authenticate and deliver such new Debenture Certificate(s) upon receipt of the Debenture so surrendered or, with respect to Uncertificated Debentures, the Depository shall electronically deposit the unpurchased part so surrendered or the Trustee shall Authenticate and electronically deliver a DRS Advice representing the unpurchased part so surrendered

ARTICLE 5
SUBORDINATION OF DEBENTURES

5.1 Applicability of Article

The indebtedness, liabilities and obligations of the Corporation hereunder (except as provided in Section 12.15) and under the Debentures, whether on account of principal, premium, if any, interest or otherwise (collectively, the "**Debenture Liabilities**"), shall be subordinated and postponed and subject in right of payment, to the extent and in the manner hereinafter set forth in the following Sections of this Article 5, to the prior full and final payment of all Senior Secured Indebtedness, and each holder of any such Debenture by its acceptance thereof, whether directly or on the holder's behalf, agrees to and shall be bound by the provisions of this Article 5.

5.2 Order of Payment

In the event of any insolvency or bankruptcy proceedings, or any receivership, liquidation, dissolution, winding-up, reorganization or other similar proceedings relative to the Corporation, or to its property or assets, or in the event of any proceedings for voluntary liquidation, dissolution or voluntary

winding-up of the Corporation, whether or not involving insolvency or bankruptcy, or any marshalling of the assets and liabilities of the Corporation or otherwise:

(a) all Senior Secured Indebtedness shall first be paid in full, or provision made for such payment, in cash before any payment is made on account of Debenture Liabilities;

(b) any payment or distribution of assets of the Corporation, whether in cash, property or securities, to which the holders of the Debentures or the Trustee on behalf of such holders would be entitled except for the provisions of this Article 5 shall be paid or delivered by the trustee in bankruptcy, receiver, assignee for the benefit of creditors, or other liquidating agent making such payment or distribution, directly to the Senior Creditors, to the extent necessary to pay all Senior Secured Indebtedness in full after giving effect to any concurrent payment or distribution, or provision therefor, to the Senior Creditors; and

(c) the Senior Creditors or a receiver or a receiver-manager of the Corporation or of all or part of its assets or any other enforcement agent may sell, mortgage, or otherwise dispose of the Corporation's assets in whole or in part, free and clear of all Debenture Liabilities and without the approval of the Debentureholders or the Trustee or any requirement to account to the Trustee or the Debentureholders.

The rights and priority of the Senior Secured Indebtedness and the subordination pursuant hereto shall not be affected by:

(i) the time, sequence or order of creating, granting, executing, delivering of, or registering, perfecting or failing to register or perfect any security notice, caveat, financing statement or other notice in respect of the Senior Security;

(ii) the time or order of the attachment, perfection or crystallization of any security constituted by the Senior Security;

(iii) the taking of any collection, enforcement or realization proceedings pursuant to the Senior Secured Indebtedness, including pursuant to any Senior Security;

(iv) the date of obtaining of any judgment or order of any bankruptcy court or any court administering bankruptcy, insolvency or similar proceedings as to the entitlement of the Senior Creditors, or any of them or the Debentureholders or any of them to any money or property of the Corporation;

(v) the failure to exercise any power or remedy reserved to the Senior Creditors under the Senior Security or to insist upon a strict compliance with any terms thereof;

(vi) whether any Senior Security is now perfected, hereafter ceases to be perfected, is avoidable by any trustee in bankruptcy or like official or is otherwise set aside, invalidated or lapses;

(vii) the date of giving or failing to give notice to or making demand upon the Corporation;

(viii) any amendment, modification, increase, extension, renewal or replacement of any Senior Secured Indebtedness or Senior Security; or

(ix) any other matter whatsoever.

5.3 Subrogation to Rights of Senior Creditors

Subject to the prior payment in full of all Senior Secured Indebtedness, the holders of the Debentures shall be subrogated to the rights of the Senior Creditors to receive payments or distributions of assets of the Corporation to the extent of the application thereto of such payments or other assets which would have been received by the holders of the Debentures but for the provisions hereof until the principal of, premium, if any, and interest on the Debentures shall be paid in full, and no such payments or distributions to the holders of the Debentures of cash, property or securities, which otherwise would be payable or distributable to the Senior Creditors, shall, as between the Corporation, its creditors other than the Senior Creditors, and the holders of Debentures, be deemed to be a payment by the Corporation to the Senior Creditors or on account of the Senior Secured Indebtedness, it being understood that the provisions of this Article 5 are and are intended solely for the purpose of defining the relative rights of the holders of the Debentures, on the one hand, and the Senior Creditors, on the other hand.

The Trustee, for itself and on behalf of each of the Debentureholders, hereby waives any and all rights to require a Senior Creditor to pursue or exhaust any rights or remedies with respect to the Corporation or any property and assets subject to any Senior Security or in any other manner to require the marshalling or other orderly disposition of property, assets or security in connection with the exercise by the Senior Creditors of any rights, remedies or recourses available to them.

5.4 Obligation to Pay Not Impaired

Nothing contained in this Article 5 or elsewhere in this Indenture or in the Debentures is intended to or shall impair, as between the Corporation, its creditors other than the Senior Creditors, and the holders of the Debentures, the obligation of the Corporation, which is absolute and unconditional, to pay to the holders of the Debentures the principal of, premium, if any, and interest on the Debentures, as and when the same shall become due and payable in accordance with their terms, or affect the relative rights of the holders of the Debentures and creditors of the Corporation other than the Senior Creditors, nor shall anything herein or therein prevent the Trustee or the holder of any Debenture from exercising all remedies otherwise permitted by applicable law upon default under this Indenture, subject to the rights, if any, under this Article 5 of the Senior Creditors.

5.5 No Payment if Senior Secured Indebtedness in Default

Upon the maturity of any Senior Secured Indebtedness by lapse of time, acceleration or otherwise, or any other enforcement of any Senior Secured Indebtedness, then all such Senior Secured Indebtedness shall first be paid in full, or shall first have been duly provided for, before any payment is made on account of the Debenture Liabilities.

In case of a circumstance constituting a default, event of default or borrowing base shortfall with respect to any Senior Secured Indebtedness permitting (whether at that time or upon notice, lapse of time, or satisfaction of any other condition precedent) a Senior Creditor to demand payment or accelerate the maturity thereof where the notice of such default, event of default or borrowing base shortfall has been given by or on behalf of the Senior Creditors to the Corporation or the Corporation otherwise has knowledge thereof, unless and until such default, event of default or borrowing base shortfall shall have been cured or waived or shall have ceased to exist, no payment (by purchase of Debentures or otherwise) shall be made by the Corporation with respect to the Debenture Liabilities and neither the Trustee nor the holders of Debentures shall be entitled to demand, accelerate, institute proceedings for the collection of (which shall, for certainty include, without limitation, proceedings related to an adjudication or declaration as to the insolvency or bankruptcy of the Corporation and other similar creditor proceedings), or receive any payment or benefit (including without limitation by set-off, combination of accounts or otherwise in any manner whatsoever) on account of the Debentures after the happening of such a default, event of default or borrowing base shortfall (except as provided in Section 5.8), and unless and until such default, event of default or borrowing base shortfall shall have been cured or waived or shall have ceased to exist, such payments shall be held in trust for the benefit of, and, if and when such Senior Secured Indebtedness shall have become due and payable, shall be paid over to the Senior Creditors until all such Senior Secured Indebtedness shall have been paid in full, after giving effect to any concurrent payment or distribution to the Senior Creditors; provided, however, that, subject to the priorities and rights of the Senior Creditors under this Article 5, the foregoing shall in no way prohibit, restrict or prevent the Trustee from taking such actions as may be necessary to preserve claims of the Trustee and/or the holders of the Debentures under this Indenture in any bankruptcy, reorganization or insolvency proceeding (including, without limitation, the filing of proofs of claim in any such bankruptcy, reorganization or insolvency proceedings by or against the Corporation or its Subsidiaries and exercising its rights to vote as an unsecured creditor under any such bankruptcy, reorganization or insolvency proceedings commenced by or against the Corporation or its Subsidiaries).

The fact that any payment hereunder is prohibited by this Section 5.5 shall not prevent the failure to make such payment from being an Event of Default hereunder.

5.6 Payment on Debentures Permitted

Nothing contained in this Article 5 or elsewhere in this Indenture, or in any of the Debentures, shall affect the obligation of the Corporation to make, or prevent the Corporation from making, at any time except as prohibited by Section 5.2 or 5.5, any payment of principal of or premium, if any, or interest on the Debentures as the same may become due. The fact that any such payment is prohibited by Section 5.2 or 5.5 shall not prevent the failure to make such payment from being an Event of Default hereunder. Nothing contained in this Article 5 or elsewhere in this Indenture, or in any of the Debentures, shall prevent, except as prohibited by Sections 5.2 and 5.5, the application by the Trustee of any monies deposited with the Trustee hereunder for such purpose, to the payment of or on account of the Debenture Liabilities.

5.7 Confirmation of Subordination

Each holder of Debentures by his acceptance thereof authorizes and directs the Trustee on his behalf to take such action as may be necessary or appropriate to effect the subordination as provided in this Article 5 and appoints the Trustee his attorney-in-fact for any and all such purposes. Upon request of

the Corporation, and upon being furnished an Officers' Certificate stating that one or more named Persons are Senior Creditors and specifying the amount and nature of the Senior Secured Indebtedness of such Senior Creditor, the Trustee shall enter into a written agreement or agreements with the Corporation and the Person or Persons named in such Officers' Certificate providing that such Person or Persons are entitled to all the rights and benefits of this Article 5 as a Senior Creditor and for such other matters, as the Senior Creditor may reasonably request, including, without limitation, those items set out in Section 5.16. Such agreement shall be conclusive evidence that the indebtedness specified therein is Senior Secured Indebtedness, however, nothing herein shall impair the rights of any Senior Creditor who has not entered into such an agreement.

5.8 Knowledge of Trustee

Notwithstanding the provisions of this Article 5 or any provision in this Indenture or in the Debentures contained, the Trustee will not be charged with knowledge of any default in the payment of any Senior Secured Indebtedness, or of the existence of any default or Event of Default or any other fact that would prohibit the making of any payment of monies to or by the Trustee, or the taking of any other action by the Trustee, unless and until the Trustee has received written notice thereof from the Corporation, any Debentureholder or any Senior Creditor. The Trustee will notify holders of Debentures of such notice as soon as reasonably practicable after receipt thereof.

5.9 Trustee May Hold Senior Secured Indebtedness

The Trustee is entitled to all the rights set forth in this Article 5 with respect to any Senior Secured Indebtedness at the time held by it, to the same extent as any other holder of Senior Secured Indebtedness, and nothing in this Indenture deprives the Trustee of any of its rights as such holder.

5.10 Rights of Senior Creditors Not Impaired

No right of any present or future Senior Creditor to enforce the subordination herein will at any time or in any way be prejudiced or impaired by any act or failure to act on the part of the Corporation or by any non- compliance by the Corporation with the terms, provisions and covenants of this Indenture, regardless of any knowledge thereof which any such Senior Creditor may have or be otherwise charged with.

5.11 Altering the Senior Secured Indebtedness

The Senior Creditors have the right to extend, renew, revise, restate, modify or amend the terms of the Senior Secured Indebtedness (including, without limitation, increasing the principal amount of the Senior Secured Indebtedness) or any Senior Security and to release, sell or exchange such security and otherwise to deal freely with the Corporation and its Subsidiaries, all without notice to or consent of the Debentureholders or the Trustee and without affecting the liabilities and obligations of the parties to this Indenture or the Debentureholders.

5.12 Additional Indebtedness

This Indenture does not restrict the Corporation or any Subsidiary of the Corporation from incurring additional indebtedness for borrowed money or other obligations or liabilities (including, without

limitation, Senior Secured Indebtedness) or mortgaging, pledging or charging its properties to secure any indebtedness or obligations or liabilities.

5.13 Invalidated Payments

In the event that any of the Senior Secured Indebtedness shall be paid in full and subsequently, for whatever reason, such formerly paid or satisfied Senior Secured Indebtedness becomes unpaid or unsatisfied, the terms and conditions of this Article 5 shall be reinstated and the provisions of this Article shall again be operative until all Senior Secured Indebtedness is repaid in full, provided that such reinstatement shall not give the Senior Creditors any rights or recourses against the Trustee or the Debentureholders for amounts paid to the Debentureholders subsequent to such payment or satisfaction in full and prior to such reinstatement.

5.14 Contesting Security

The Trustee, for itself and on behalf of the Debentureholders, agrees that it shall not contest or bring into question the validity, perfection or enforceability of any of the Senior Secured Indebtedness, the Senior Security, or the relative priority of the Senior Security.

5.15 Obligations Created by Article 5

The Corporation, and each holder by its acceptance of a Debenture, whether directly or on the holder's behalf, likewise agrees, that:

(a) the provisions of this Article 5 are an inducement and consideration to each Senior Creditor to give or continue credit to the Corporation, the Corporation's Subsidiaries or others or to acquire Senior Secured Indebtedness; and

(b) each Senior Creditor may accept the benefit of this Article 5 on the terms and conditions set forth in this Article 5 by giving or continuing credit to the Corporation, the Corporation's Subsidiaries or others or by having outstanding or acquiring Senior Secured Indebtedness, in each case without notice to the Trustee and without establishing actual reliance on this Article 5.

5.16 Amendment to Indenture

Each of the Corporation and the Trustee (relying on the opinion of Counsel) agrees, and each holder of a Debenture, by its acceptance thereof, whether directly or on the holder's behalf, likewise agrees, not to make any changes to this Indenture or the Debentures which prejudice the rights of the Senior Creditors under this Article 5, and without limiting the generality of the foregoing, not to amend, terminate or otherwise alter: (i) any of the provisions of this Article 5 nor any of the defined terms used therein; (ii) provisions to reduce the maturity date of the Debentures; (iii) provisions to increase the interest rate or change the interest payment dates of the Debentures; or (iv) the provisions that would result in an earlier date for any scheduled or mandatory payment, redemption or repurchase of principal under the Initial Debentures or create any new scheduled or mandatory payment, redemption or repurchase of principal under the Initial Debentures.

ARTICLE 6

COVENANTS OF THE CORPORATION

The Corporation hereby covenants and agrees with the Trustee for the benefit of the Trustee and the Debentureholders, that so long as any Debentures remain outstanding:

6.1 To Pay Principal, Premium (if any) and Interest

The Corporation will duly and punctually pay or cause to be paid to every Debentureholder the principal of, premium (if any) and interest accrued on the Debentures of which it is the holder on the dates, at the places and in the manner mentioned herein and in the Debentures.

6.2 To Pay Trustee's Remuneration

The Corporation will pay the Trustee reasonable remuneration for its services as Trustee hereunder and will repay to the Trustee on demand all monies which shall have been paid by the Trustee in connection with the execution of the trusts hereby created and such monies including the Trustee's remuneration, shall be payable out of any funds coming into the possession of the Trustee in priority to payment of any principal of the Debentures or interest or premium thereon. Such remuneration shall continue to be payable until the trusts hereof be finally wound up and whether or not the trusts of this Indenture shall be in the course of administration by or under the direction of a court of competent jurisdiction.

6.3 To Give Notice of Default

The Corporation shall notify the Trustee immediately upon obtaining knowledge of any Event of Default hereunder.

6.4 Preservation of Existence, etc.

Subject to the express provisions hereof, the Corporation will carry on and conduct its activities, and cause its Subsidiaries to carry on and conduct their businesses, in a business-like manner and in accordance with good business practices; and, subject to the express provisions hereof, it will do or cause to be done all things necessary to preserve and keep in full force and effect its existence and rights; provided that the foregoing covenant shall not prevent or restrict the Corporation from completing a transaction to which Article 9 would apply if carried out in accordance with Article 9.

6.5 Keeping of Books

The Corporation will keep or cause to be kept proper books of record and account, in which full and correct entries shall be made of all financial transactions and the assets and business of the Corporation in accordance with generally accepted accounting principles.

6.6 Annual Certificate of Compliance

The Corporation shall deliver to the Trustee, within 120 days after the end of each calendar year, (and at any reasonable time upon demand by the Trustee) an Officers' Certificate as to the knowledge of such officers of the Corporation who execute the Officers' Certificate of the Corporation's compliance with all conditions and covenants in this Indenture certifying that after reasonable investigation and

inquiry, the Corporation has complied with all covenants, conditions or other requirements contained in this Indenture, the non-compliance with which could, with the giving of notice, lapse of time or otherwise, constitute an Event of Default hereunder, or if such is not the case, setting forth with reasonable particulars the circumstances of any failure to comply and steps taken or proposed to be taken to eliminate such circumstances and remedy such Event of Default, as the case may be.

6.7 Performance of Covenants by Trustee

If the Corporation shall fail to perform any of its covenants contained in this Indenture, the Trustee may notify the Debentureholders of such failure on the part of the Corporation or may itself perform any of the covenants capable of being performed by it, but shall be under no obligation to do so or to notify the Debentureholders. All sums so expended or advanced by the Trustee shall be repayable as provided in Section 6.2. No such performance, expenditure or advance by the Trustee shall be deemed to relieve the Corporation of any default hereunder.

6.8 SEC Notice

The Corporation represents and warrants that it is not required to file reports with the USEC pursuant to Section 13.2(a) or 15(d) of the United States *Securities Exchange Act* of 1934, as amended, and covenants that, in the event that it shall incur such a reporting obligation, the Corporation shall promptly deliver to the Trustee an Officer's Certificate to such effect and containing such other information as the Trustee may reasonably require. The Corporation acknowledges that the Trustee is relying upon the foregoing representations and covenants in order to meet certain SEC obligations with respect to those clients who are filing with the SEC.

ARTICLE 7
DEFAULT

7.1 Events of Default

Each of the following events constitutes, and is herein referred to as, an "**Event of Default**":

(a) failure for 30 days to pay interest on the Debentures when due;

(b) failure to pay principal or premium, if any, when due on the Debentures whether at maturity or upon redemption, by declaration or otherwise;

(c) default in the observance or performance of any covenant or condition of the Indenture by the Corporation and the failure to cure (or obtain a waiver for) such default for a period of 30 days after notice in writing has been given by the Trustee or from holders of not less than 25% in aggregate principal amount of the Debentures to the Corporation specifying such default and requiring the Corporation to rectify such default or obtain a waiver for same;

(d) if a decree or order of a Court having jurisdiction is entered adjudging the Corporation or any Material Subsidiary a bankrupt or insolvent under the *Bankruptcy and Insolvency Act* (Canada) or any other bankruptcy, insolvency or analogous laws, or issuing sequestration or process of execution against, or against any substantial part of,

the property of the Corporation or any Material Subsidiary, or appointing a receiver of, or of any substantial part of, the property of the Corporation or any Material Subsidiary or ordering the winding- up or liquidation of its affairs, and any such decree or order continues unstayed and in effect for a period of 60 days;

(e) if the Corporation or any Material Subsidiary institutes proceedings to be adjudicated a bankrupt or insolvent, or consents to the institution of bankruptcy or insolvency proceedings against it under the *Bankruptcy and Insolvency Act* (Canada) or any other bankruptcy, insolvency or analogous laws, or consents to the filing of any such petition or to the appointment of a receiver of, or of any substantial part of, the property of the Corporation or any Material Subsidiary or makes a general assignment for the benefit of creditors, or admits in writing its inability to pay its debts generally as they become due;

(f) if a resolution is passed for the winding-up or liquidation of the Corporation or any Material Subsidiary except in the course of carrying out or pursuant to a transaction in respect of which the conditions of Section 9.1 are duly observed and performed;

(g) if, after the date of this Indenture, any proceedings with respect to the Corporation or any Material Subsidiary are taken with respect to a compromise or arrangement, with respect to creditors of the Corporation or any Material Subsidiary generally, under the applicable legislation of any jurisdiction; or

(h) if an Event of Default occurs or exists under any indenture, agreement or other instrument evidencing or governing indebtedness for borrowed money of the Corporation or any Material Subsidiary and as a result of such event of default (i) indebtedness for borrowed money thereunder in excess of US$5,000,000 (or the equivalent amount in any other currency) has become due and payable before the date it would otherwise have been due and payable and (ii) the holders of such indebtedness are entitled to commence, and have commenced, the enforcement of security they hold for such indebtedness (if any) or the exercise of any other creditors' remedies to collect such indebtedness;

then: (x) in each and every such event listed above, the Trustee may, in its discretion, but subject to the provisions of this section, and shall, upon receipt of a request in writing signed by the holders of not less than 25% in principal amount of the Debentures then outstanding (or if the Event of Default shall exist only in respect of one or more series of the Debentures then outstanding, then upon receipt of a request in writing signed by the holders of not less than 25% in principal amount of the Debentures of such series then outstanding), subject to the provisions of Section 7.3, by notice in writing to the Corporation declare the principal of and interest and premium, if any, on all Debentures then outstanding (and, where such a declaration is based upon a voluntary winding-up or liquidation of the Corporation, the premium, if any, on the Debentures then outstanding which would have been payable upon the redemption thereof by the Corporation on the date of such declaration) and all other monies outstanding hereunder to be due and payable and the same shall thereupon forthwith become immediately due and payable (or, if the Event of Default shall exist only in respect of one or more series of the Debentures then outstanding, then the Trustee may declare due and payable the principal and interest and premium, if any, only with respect to such Debentures in respect of which there is an Event of Default) to the Trustee, and (y) on the occurrence of an Event of Default under Section 7.1(d), 7.1(e), 7.1(f), 7.1(g) (if such proceedings are initiated by the Corporation or any Material Subsidiary)

or 7.1(h), the principal of and interest and premium, if any, on all Debentures then outstanding hereunder and all other monies outstanding hereunder, shall automatically without any declaration or other act on the part of the Trustee or any Debentureholder become immediately due and payable to the Trustee and, in either case, upon such amounts becoming due and payable in either (x) or (y) above, the Corporation shall forthwith pay to the Trustee for the benefit of the Debentureholders such principal, accrued and unpaid interest (whether having been compounded or not) and premium, if any, and interest on amounts in default on such Debenture and all other monies outstanding hereunder, together with subsequent interest at the rate borne by the Debentures on such principal, interest, premium and such other monies from the date of such declaration or event until payment is received by the Trustee, such subsequent interest to be payable at the times and places and in the manner mentioned in and according to the tenor of the Debentures. Such payment when made shall be deemed to have been made in discharge of the Corporation's obligations hereunder and any monies so received by the Trustee shall be applied in the manner provided in Section 7.6.

For greater certainty, for the purposes of this Section 7.1, a series of Debentures shall be in default in respect of an Event of Default if such Event of Default relates to a default in the payment of principal, premium, if any, or interest on the Debentures of such series in which case references to Debentures in this Section 7.1 refer to Debentures of that particular series.

For purposes of this Article 7, where the Event of Default refers to an Event of Default with respect to a particular series of Debentures as described in this Section 7.1, then this Article 7 shall apply *mutatis mutandis* to the Debentures of such series and references in this Article 7 to the Debentures shall mean Debentures of the particular series and references to the Debentureholders shall refer to the Debentureholders of the particular series, as applicable.

7.2 Notice of Events of Default

If an Event of Default shall occur and be continuing the Trustee shall, within 30 days after it receives written notice of the occurrence of such Event of Default, give notice of such Event of Default to the Debentureholders in the manner provided in Section 11.2, provided that notwithstanding the foregoing, unless the Trustee shall have been requested to do so by the holders of at least 25% of the principal amount of the Debentures then outstanding, the Trustee shall not be required to give such notice if the Trustee in good faith shall have determined that the withholding of such notice is in the best interests of the Debentureholders and shall have so advised the Corporation in writing.

When notice of the occurrence of an Event of Default has been given and the Event of Default is thereafter cured, notice that the Event of Default is no longer continuing shall be given by the Trustee to the Debentureholders within 15 days after the Trustee becomes aware the Event of Default has beencured.

7.3 Waiver of Default

Upon the happening of any Event of Default hereunder:

(a) the holders of the Debentures shall have the power (in addition to the powers exercisable by Extraordinary Resolution as hereinafter provided) by requisition in writing by the holders of more than 50% of the principal amount of Debentures then outstanding, to instruct the Trustee to waive any Event of Default and to cancel any

declaration made by the Trustee pursuant to Section 7.1 and the Trustee shall thereupon waive the Event of Default and cancel such declaration, or either, upon such terms and conditions as shall be prescribed in such requisition; provided that notwithstanding the foregoing if the Event of Default has occurred by reason of the non-observance or non-performance by the Corporation of any covenant applicable only to one or more series of Debentures, then the holders of more than 50% of the principal amount of the outstanding Debentures of that series shall be entitled to exercise the foregoing power and the Trustee shall so act and it shall not be necessary to obtain a waiver from the holders of any other series of Debentures; and

(b) the Trustee, so long as it has not become bound to declare the principal and interest on the Debentures then outstanding to be due and payable, or to obtain or enforce payment of the same, shall have power to waive any Event of Default if, in the Trustee's opinion, the same shall have been cured or adequate satisfaction made therefor, and in such event to cancel any such declaration theretofore made by the Trustee in the exercise of its discretion, upon such terms and conditions as the Trustee may deem advisable.

No such act or omission either of the Trustee or of the Debentureholders shall extend to or be taken in any manner whatsoever to affect any subsequent Event of Default or the rights resulting therefrom.

7.4 Enforcement by the Trustee

Subject to the provisions of Section 7.3 and to the provisions of any Extraordinary Resolution that may be passed by the Debentureholders, if the Corporation shall fail to pay to the Trustee, forthwith after the same shall have been declared to be due and payable under Section 7.1, the principal of and premium (if any) and interest on all Debentures then outstanding, together with any other amounts due hereunder, the Trustee may in its discretion and shall upon receipt of a request in writing signed by the holders of not less than 25% in principal amount of the Debentures then outstanding and upon being funded and indemnified to its reasonable satisfaction against all costs, expenses and liabilities to be incurred, proceed in its name as trustee hereunder to obtain or enforce payment of such principal of and premium (if any) and interest on all the Debentures then outstanding together with any other amounts due hereunder by such proceedings authorized by this Indenture or by law or equity as the Trustee in such request shall have been directed to take, or if such request contains no such direction, or if the Trustee shall act without such request, then by such proceedings authorized by this Indenture or by suit at law or in equity as the Trustee shall deem expedient.

The Trustee shall be entitled and empowered, either in its own name or as Trustee of an express trust, or as attorney-in-fact for the holders of the Debentures, or in any one or more of such capacities, to file such proof of debt, amendment of proof of debt, claim, petition or other document as may be necessary or advisable in order to have the claims of the Trustee and of the holders of the Debentures allowed in any insolvency, bankruptcy, liquidation or other judicial proceedings relative to the Corporation or its creditors or relative to or affecting its property. The Trustee is hereby irrevocably appointed (and the successive respective holders of the Debentures by taking and holding the same shall be conclusively deemed to have so appointed the Trustee) the true and lawful attorney-in-fact of the respective holders of the Debentures with authority to make and file in the respective names of the holders of the Debentures or on behalf of the holders of the Debentures as a class, subject to deduction from any such claims of the amounts of any claims filed by any of the holders of the Debentures themselves, any proof of debt, amendment of proof of debt, claim, petition or other document in any such proceedings

and to receive payment of any sums becoming distributable on account thereof, and to execute any such other papers and documents and to do and perform any and all such acts and things for and on behalf of such holders of the Debentures, as may be necessary or advisable in the opinion of the Trustee, in order to have the respective claims of the Trustee and of the holders of the Debentures against the Corporation or its property allowed in any such proceeding, and to receive payment of or on account of such claims; provided, however, that subject to Section 7.3, nothing contained in this Indenture shall be deemed to give to the Trustee, unless so authorized by Extraordinary Resolution, any right to accept or consent to any plan of reorganization or otherwise by action of any character in such proceeding to waive or change in any way any right of any Debentureholder.

The Trustee shall also have the power at any time and from time to time to institute and to maintain such suits and proceedings as it may be advised shall be necessary or advisable to preserve and protect its interests and the interests of the Debentureholders.

All rights of action hereunder may be enforced by the Trustee without the possession of any of the Debentures or the production thereof on the trial or other proceedings relating thereto. Any such suit or proceeding instituted by the Trustee shall be brought in the name of the Trustee as trustee of an express trust, and any recovery of judgment shall be for the rateable benefit of the holders of the Debentures subject to the provisions of this Indenture. In any proceeding brought by the Trustee (and also any proceeding in which a declaratory judgment of a court may be sought as to the interpretation or construction of any provision of this Indenture, to which the Trustee shall be a party) the Trustee shall be held to represent all the holders of the Debentures, and it shall not be necessary to make any holders of the Debentures parties to any such proceeding.

7.5 No Suits by Debentureholders

No holder of any Debenture shall have any right to institute any action, suit or proceeding at law or in equity for the purpose of enforcing payment of the principal of, premium (if any) or interest on the Debentures or for the execution of any trust or power hereunder or for the appointment of a liquidator or receiver or for a receiving order under the *Bankruptcy and Insolvency Act* (Canada) or to have the Corporation wound up or to file or prove a claim in any liquidation or bankruptcy proceeding or for any other remedy hereunder, unless: (a) such holder shall previously have given to the Trustee written notice of the happening of an Event of Default hereunder; and (b) the Debentureholders by Extraordinary Resolution or by written instrument signed by the holders of at least 25% in principal amount of the Debentures then outstanding shall have made a request to the Trustee and the Trustee shall have been afforded reasonable opportunity either itself to proceed to exercise the powers hereinbefore granted or to institute an action, suit or proceeding in its name for such purpose; and (c) the Debentureholders or any of them shall have furnished to the Trustee, when so requested by the Trustee, sufficient funds and security and indemnity satisfactory to it against the costs, expenses and liabilities to be incurred therein or thereby; and (d) the Trustee shall have failed to act within a reasonable time after such notification, request, receipt off sufficient funds, security and offer of indemnity and such notification, request, receipt off sufficient funds, security and offer of indemnity are hereby declared in every such case, at the option of the Trustee, to be conditions precedent to any such proceeding or for any other remedy hereunder by or on behalf of the holder of any Debentures.

7.6 Application of Monies by Trustee

(a) Except as herein otherwise expressly provided, any monies received by the Trustee from the Corporation pursuant to the foregoing provisions of this Article 7, or as a result of legal or other proceedings or from any trustee in bankruptcy or liquidator of the Corporation, shall be applied, together with any other monies in the hands of the Trustee available for such purpose, as follows:

(i) first, in payment or in reimbursement to the Trustee of its compensation, costs, charges, expenses, borrowings, advances or other monies furnished or provided by or at the instance of the Trustee in or about the execution of its trusts under, or otherwise in relation to, this Indenture, with interest thereon as herein provided;

(ii) second, but subject as hereinafter in this Section 7.6 provided, in payment, rateably and proportionately to the holders of Debentures, of the principal of and premium (if any) and accrued and unpaid interest (whether having been compounded or not) and interest on amounts in default on the Debentures which shall then be outstanding in the priority of principal first and then premium and then accrued and unpaid interest (whether having been compounded or not) and interest on amounts in default unless otherwise directed by Extraordinary Resolution and in that case in such order or priority as between principal, premium (if any) and interest as may be directed by such resolution; and

(iii) third, in payment of the surplus, if any, of such monies to the Corporation or its assigns;

provided, however, that no payment shall be made pursuant to clause (ii) above in respect of the principal, premium or interest on any Debenture held, directly or indirectly, by or for the benefit of the Corporation or any Subsidiary (other than any Debenture pledged for value and in good faith to a Person other than the Corporation or any Subsidiary but only to the extent of such Person's interest therein) except subject to the prior payment in full of the principal, premium (if any) and interest (if any) on all Debentures which are not so held.

(b) The Trustee shall not be bound to apply or make any partial or interim payment of any monies coming into its hands if the amount so received by it, after reserving thereout such amount as the Trustee may think necessary to provide for the payments mentioned in Section 7.6(a)(i), is insufficient to make a distribution of at least 2% of the aggregate principal amount of the outstanding Debentures, but it may retain the money so received by it and invest or deposit the same as provided in Section 12.9 until the money or the investments representing the same, with the income derived therefrom, together with any other monies for the time being under its control shall be sufficient for the said purpose or until it shall consider it advisable to apply the same in the manner hereinbefore set forth. The foregoing shall, however, not apply to a final payment in distribution hereunder.

7.7 Notice of Payment by Trustee

Not less than 15 days' notice shall be given in the manner provided in Section 11.2 by the Trustee to the Debentureholders of any payment to be made under this Article 7. Such notice shall state the time when and place where such payment is to be made and also the liability under this Indenture to which it is to be applied. After the day so fixed, unless payment shall have been duly demanded and have been refused, the Debentureholders will be entitled to interest only on the balance (if any) of the principal monies, premium (if any) and interest due (if any) to them, respectively, on the Debentures, after deduction of the respective amounts payable in respect thereof on the day so fixed.

7.8 Trustee May Demand Production of Debentures

The Trustee shall have the right to demand production of the Debentures in respect of which anypayment of principal, interest or premium required by this Article 7 is made and may cause to be endorsed on the same a memorandum of the amount so paid and the date of payment, but the Trustee may, in its discretion, dispense with such production and endorsement, upon such indemnity being given to it and to the Corporation as the Trustee shall deem sufficient.

7.9 Remedies Cumulative

No remedy herein conferred upon or reserved to the Trustee, or upon or to the holders of Debentures is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now existing or hereafter to exist by law or by statute.

7.10 Judgment Against the Corporation

The Corporation covenants and agrees with the Trustee that, in case of any judicial or other proceedings to enforce the rights of the Debentureholders, judgment may be rendered against it in favour of the Debentureholders or in favour of the Trustee, as trustee for the Debentureholders, for any amount which may remain due in respect of the Debentures and premium (if any) and the interest thereon and any other monies owing hereunder.

7.11 Immunity of Directors, Officers and Others

The Debentureholders and the Trustee hereby waive and release any right, cause of action or remedy now or hereafter existing in any jurisdiction against any past, present or future officer, director or employee of the Corporation or holder of Common Shares of the Corporation or of any successor for the payment of the principal of or premium or interest on any of the Debentures or on any covenant, agreement, representation or warranty by the Corporation contained herein or in the Debentures.

ARTICLE 8

SATISFACTION AND DISCHARGE

8.1 Cancellation and Destruction

All Debentures shall forthwith after payment thereof be delivered to the Trustee and cancelled by it. All Debentures Certificates cancelled or required to be cancelled under this or any other provision of this Indenture shall be destroyed by the Trustee and, if required by the Corporation, the Trustee shall

furnish to it a destruction certificate setting out the designating numbers of the Debentures so destroyed.

8.2 Non-Presentation of Debentures

In case the holder of any Debenture shall fail to present the same for payment on the date on which the principal of, premium (if any) or the interest thereon or represented thereby becomes payable either at maturity or otherwise or shall not accept payment on account thereof and give such receipt therefor, if any, as the Trustee may require:

(a) the Corporation shall be entitled to pay or deliver to the Trustee and direct it to set aside; or

(b) in respect of monies in the hands of the Trustee which may or should be applied to the payment of the Debentures, the Corporation shall be entitled to direct the Trustee to set aside; or

(c) if the redemption was pursuant to notice given by the Trustee, the Trustee may itself set aside;

the monies in trust to be paid to the holder of such Debenture upon due presentation or surrender thereof in accordance with the provisions of this Indenture; and thereupon the principal of, premium (if any) or the interest payable on or represented by each Debenture in respect whereof such monies have been set aside shall be deemed to have been paid and the holder thereof shall thereafter have no right in respect thereof except that of receiving delivery and payment of the monies so set aside by the Trustee upon due presentation and surrender thereof, subject always to the provisions of Section 8.3.

8.3 Repayment of Unclaimed Monies

Subject to applicable law, any monies set aside under Section 8.2 and not claimed by and paid to holders of Debentures as provided in Section 8.2 within three years less one day after the date of such setting aside shall be repaid and delivered to the Corporation by the Trustee and thereupon the Trustee shall be released from all further liability with respect to such monies, and thereafter the holders of the Debentures in respect of which such monies were so repaid to the Corporation shall have no rights in respect thereof except to obtain payment and delivery of the monies from the Corporation subject to any limitation provided by the laws of the Province of Ontario. Notwithstanding the foregoing, the Trustee will pay any remaining funds prior to the expiry of three years less one day after the setting aside described in Section 8.2 to the Corporation upon receipt from the Corporation, of an unconditional letter of credit from a Schedule 1 Canadian chartered bank in an amount equal to or in excess of the amount of the remaining funds. If the remaining funds are paid to the Corporation prior to the expiry of three years less one day after such setting aside, the Corporation shall reimburse the Trustee for any amounts so set aside which are required to be paid by the Trustee to a holder of a Debenture after the date of such payment of the remaining funds to the Corporation but prior to three years less one day after such setting aside.

8.4 Discharge

The Trustee shall at the written request of the Corporation release and discharge this Indenture and execute and deliver such instruments as it shall be advised by Counsel are requisite for that purpose and to release the Corporation from its covenants herein contained (other than the provisions relating to the indemnification of the Trustee), upon proof being given to the reasonable satisfaction of the Trustee that the principal of, premium (if any) and interest (including interest on amounts in default, if any) on all the Debentures and all other monies payable hereunder have been paid or satisfied or that all the Debentures having matured or having been duly called for redemption, payment of the principal of and interest (including interest on amounts in default, if any) on such Debentures and of all other monies payable hereunder has been duly and effectually provided for in accordance with the provisions hereof including the payment of all costs, charges and expenses properly incurred by the Trustee and all interest thereon.

8.5 Satisfaction

(a) The Corporation shall be deemed to have fully paid, satisfied and discharged all of the outstanding Debentures of any series and the Trustee, at the expense of the Corporation, shall execute and deliver proper instruments acknowledging the full payment, satisfaction and discharge of such Debentures, when, with respect to all of the outstanding Debentures or all of the outstanding Debentures of any series, as applicable:

(i) the Corporation has deposited or caused to be deposited with the Trustee as trust funds or property in trust for the purpose of making payment on such Debentures, an amount in money sufficient to pay, satisfy and discharge the entire amount of principal of, premium, if any, and interest, if any, to maturity, or any repayment date or Redemption Dates, or otherwise as the case may be, of such Debentures;

(ii) the Corporation has deposited or caused to be deposited with the Trustee as trust property in trust for the purpose of making payment on such Debentures:

(A) if the Debentures are issued in Canadian dollars, such amount in Canadian dollars; or

(B) if the Debentures are issued in a currency or currency unit other than Canadian dollars, cash in the currency or currency unit in which the Debentures are payable;

as will be sufficient to pay and discharge the entire amount of principal of, premium, if any on, and accrued and unpaid interest to maturity or any repayment date (whether having been compounded or not), as the case may be, of all such Debentures; or

(iii) all Debentures authenticated and delivered (other than (A) Debentures which have been destroyed, lost or stolen and which have been replaced or paid as provided in Section 2.9 and (B) Debentures for whose payment has been deposited in trust and thereafter repaid to the Corporation as provided in Section 8.3) have been delivered to the Trustee for cancellation;

so long as in any such event:

(iv) the Corporation has paid, caused to be paid or made provisions to the satisfaction of the Trustee for the payment of all other sums payable or which may be payable with respect to all of such Debentures (together with all applicable expenses, interest thereon and the remuneration of the Trustee in connection with the payment of such Debentures); and

(v) the Corporation has delivered to the Trustee an Officers' Certificate stating that all conditions precedent herein provided relating to the payment, satisfaction and discharge of all such Debentures have been complied with.

Any deposits with the Trustee referred to in this Section 8.5 shall be irrevocable, subject to Section 8.6, and shall be made under the terms of an escrow and/or trust agreement in form and substance satisfactory to the Trustee and which provides for the due and punctual payment of the principal of, premium, if any, and interest on the Debentures being satisfied.

(b) Upon the satisfaction of the conditions set forth in this Section 8.5 with respect to all the outstanding Debentures, or all the outstanding Debentures of any series, as applicable, the terms and conditions of the Debentures, including the terms and conditions with respect thereto set forth in this Indenture (other than those contained in Article 2, Article 4 and the provisions of Article 1 pertaining to Article 2 and Article 4) shall no longer be binding upon or applicable to the Corporation.

(c) Any funds or obligations deposited with the Trustee pursuant to this Section 8.6 shall be denominated in the currency or denomination of the Debentures in respect of which such deposit is made.

(d) If the Trustee is unable to apply any money or securities in accordance with this Section 8.5 by reason of any legal proceeding or any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, the Corporation's obligations under this Indenture and the affected Debentures shall be revived and reinstated as though no money or securities had been deposited pursuant to this Section 8.5 until such time as the Trustee is permitted to apply all such money or securities in accordance with this Section 8.5, provided that if the Corporation has made any payment in respect of principal of, premium, if any, or interest on Debentures or, as applicable, other amounts because of the reinstatement of its obligations, the Corporation

shall be subrogated to the rights of the holders of such Debentures to receive such payment from the money or securities held by the Trustee.

8.6 Continuance of Rights, Duties and Obligations

(a) Where trust funds or trust property have been deposited pursuant to Section 8.5, the holders of Debentures and the Corporation shall continue to have and be subject to their respective rights, duties and obligations under Article 2 and Article 4 and the provisions of Article 1 pertaining to the foregoing provisions, as may be applicable.

(b) In the event that, after the deposit of trust funds or trust property pursuant to Section 8.5 in respect of a series of Debentures ("**Defeased Debentures**"), the Corporation is required to make a Debenture Offer to purchase any outstanding Debentures pursuant to Subsection 2.4(h) (in respect of Initial Debentures or the comparable provision of any other series of Debentures), in relation to Initial Debentures or to make an offer to purchase Debentures pursuant to any other similar provisions relating to any other series of Debentures, the Corporation shall be entitled to use any trust money or trust property deposited with the Trustee pursuant to Section 8.5 for the purpose of paying to any holders of Defeased Debentures who have accepted any such offer of the Corporation the aggregate consideration payable to such holders in respect of such offer. Upon receipt of a Written Direction from the Corporation, the Trustee shall be entitled to pay to such holder from such trust money or trust property deposited with the Trustee pursuant to Section 8.5 in respect of the Defeased Debentures which is applicable to the Defeased Debentures held by such holders who have accepted any such offer to the Corporation (which amount shall be based on the applicable principal amount of the Defeased Debentures held by accepting offerees in relation to the aggregate outstanding principal amount of all the Defeased Debentures).

ARTICLE 9

(ii) after giving effect to such transaction, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, shall have occurred and be continuing; and

(iii) if the Corporation or the continuing corporation resulting from the amalgamation or merger of the Corporation with another Person under the laws of Canada or any province or territory thereof or the laws of the United States or any state thereof will not be the resulting, continuing or surviving corporation, the Corporation shall have, at or prior to the effective date of such consolidation, amalgamation, merger or sale, conveyance, transfer or lease, delivered to the Trustee an Officers' Certificate and an opinion of Counsel, each stating that such consolidation, merger or transfer complies with this Article 9 and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture complies with this Article 9, and that all conditions precedent herein provided for relating to such transaction have been complied with.

9.2 Successor Substituted

Upon any consolidation of the Corporation with, or amalgamation or merger of the Corporation into, any other Person or any sale, conveyance, transfer or lease of all or substantially all of the properties and assets of the Corporation and its Subsidiaries, taken as a whole, in accordance with Section 9.1, the successor Person formed by such consolidation or into which the Corporation is amalgamated or merged or to which such sale, conveyance, transfer or lease is made shall succeed to, and be substituted for, and may exercise every right and power of, the Corporation under this Indenture with

ARTICLE 10
MEETINGS OF DEBENTUREHOLDERS

10.1 Right to Convene Meeting

The Trustee or the Corporation may at any time and from time to time, and the Trustee shall, on receipt of a Written Direction of the Corporation or a written request signed by the holders of not less than 25% of the principal amount of the Debentures then outstanding and upon receiving funding and being indemnified to its reasonable satisfaction by the Corporation or by the Debentureholders signing such request against the costs which may be incurred in connection with the calling and holding of such meeting, convene a meeting of the Debentureholders. In the event of the Trustee failing, within 30 days after receipt of any such request and such funding and indemnity, to give notice convening a meeting, the Corporation or such Debentureholders, as the case may be, may convene such meeting. Every such meeting shall be held in the City of Toronto or at such other place as may be approved or determined by the Trustee. Any meeting held pursuant to this Article 10 may be done through a virtual or electronic meeting platform, subject to the Trustee's capabilities at the time.

10.2 Notice of Meetings

(a) At least 21 days' notice of any meeting shall be given to the Debentureholders in the manner provided in Section 11.2 and a copy of such notice shall be sent by post to the Trustee, unless the meeting has been called by it. Such notice shall state the time when and the place where the meeting is to be held and shall state briefly the general nature of the business to be transacted thereat and it shall not be necessary for any such notice to set out the terms of any resolution to be proposed or any of the provisions of this Article. The accidental omission to give notice of a meeting to any holder of Debentures shall not invalidate any resolution passed at any such meeting. A holder may waive notice of a meeting either before or after the meeting.

(b) If the business to be transacted at any meeting by Extraordinary Resolution or otherwise, or any action to be taken or power exercised by instrument in writing under Section 10.15, especially affects the rights of holders of Debentures of one or more series in a manner or to an extent differing in any material way from that in or to which the rights of holders of Debentures of any other series are affected (determined as provided in Sections 10.2(c) and (d), then:

(i) a reference to such fact, indicating each series of Debentures in the opinion of the Trustee (relying on the advice of counsel) so especially affected (hereinafter referred to as the "especially affected series") shall be made in the notice of such meeting, and in any such case the meeting shall be and be deemed to be and is herein referred to as a "**Serial Meeting**"; and

(ii) the holders of Debentures of an especially affected series shall not be bound by any action taken at a Serial Meeting or by instrument in writing under

Section 10.15 unless in addition to compliance with the other provisions of this Article 10:

(A) at such Serial Meeting: (I) there are Debentureholders present in person or by proxy and representing at least 25% in principal amount of the Debentures then outstanding of such series, subject to the provisions of this Article 10 as to quorum at adjourned meetings; and (II) the resolution is passed by the affirmative vote of the holders of more than 50% of the principal amount of the Debentures of such series then outstanding voted on the resolution; or

(B) in the case of action taken or power exercised by instrument in writing under Section 10.15, such instrument is signed in one or more counterparts by the holders of not less than 50% in principal amount of the Debentures of such series then outstanding.

(c) Subject to Section 10.2(d), the determination as to whether any business to be transacted at a meeting of Debentureholders, or any action to be taken or power to be exercised by instrument in writing under Section 10.15, especially affects the rights of the Debentureholders of one or more series in a manner or to an extent differing in any material way from that in or to which it affects the rights of Debentureholders of any other series (and is therefore an especially affected series) shall be determined by an opinion of Counsel, which shall be binding on all Debentureholders, the Trustee and the Corporation for all purposes hereof.

(d) A proposal:

(i) to extend the maturity of Debentures of any particular series or to reduce the principal amount thereof, the rate of interest or redemption premium thereon;

(ii) to modify or terminate any covenant or agreement which by its terms is effective only so long as Debentures of a particular series are outstanding; or

(iii) to reduce with respect to Debentureholders of any particular series any percentage stated in this Section 10.2 or Sections 10.4, 10.12 and 10.15;

shall be deemed to especially affect the rights of the Debentureholders of such series in a manner differing in a material way from that in which it affects the rights of holders of Debentures of any other series, whether or not a similar extension, reduction, modification or termination is proposed with respect to Debentures of any or all other series.

10.3 Chair

Some person, who need not be a Debentureholder, nominated in writing by the Corporation (in case it convenes the meeting) or by the Trustee (in any other case) shall be chair of the meeting and if no person is so nominated, or if the person so nominated is not present within 15 minutes from the time

fixed for the holding of the meeting, a majority of the Debentureholders present in person or by proxy shall choose some person present to be chair.

10.4 Quorum

Subject to the provisions of Section 10.12, at any meeting of the Debentureholders a quorum shall consist of Debentureholders present in person or by proxy and representing at least 25% in principal amount of the outstanding Debentures and, if the meeting is a Serial Meeting, at least 25% of the Debentures then outstanding of each especially affected series. If a quorum of the Debentureholders shall not be present within 30 minutes from the time fixed for holding any meeting, the meeting, if summoned by the Debentureholders or pursuant to a request of the Debentureholders, shall be dissolved, but in any other case the meeting shall be adjourned to the same day in the next week (unless such day is not a Business Day in which case it shall be adjourned to the next following Business Day thereafter) at the same time and place and no notice shall be required to be given in respect of such adjourned meeting. At the adjourned meeting, the Debentureholders present in person or by proxy shall, subject to the provisions of Section 10.12, constitute a quorum and may transact the business for which the meeting was originally convened notwithstanding that they may not represent 25% of the principal amount of the outstanding Debentures or of the Debentures then outstanding of each especially affected series. Any business may be brought before or dealt with at an adjourned meeting which might have been brought before or dealt with at the original meeting in accordance with the notice calling the same. No business shall be transacted at any meeting unless the required quorum is present at the commencement of business.

10.5 Power to Adjourn

The chair of any meeting at which a quorum of the Debentureholders is present may, with the consent of the holders of a majority in principal amount of the Debentures represented thereat, adjourn any such meeting and no notice of such adjournment need be given except such notice, if any, as the meeting may prescribe.

10.6 Show of Hands

Every question submitted to a meeting shall, subject to Section 0, be decided in the first place by a majority of the votes given on a show of hands except that votes on Extraordinary Resolutions shall be given in the manner hereinafter provided. At any such meeting, unless a poll is duly demanded as herein provided, a declaration by the chair that a resolution has been carried or carried unanimously or by a particular majority or lost or not carried by a particular majority shall be conclusive evidence of the fact. The chair of any meeting shall be entitled, both on a show of hands and on a poll, to vote in respect of the Debentures, if any, held by the chair.

10.7 Poll

On every Extraordinary Resolution, and on any other question submitted to a meeting when demanded by the chair or by one or more Debentureholders or proxies for Debentureholders, a poll shall be taken in such manner and either at once or after an adjournment as the chair shall direct. Questions other than Extraordinary Resolutions shall, if a poll be taken, be decided by the votes of the holders of a majority in principal amount of the Debentures and of each especially affected series, if applicable, represented at the meeting and voted on the poll.

10.8 Voting

On a show of hands every person who is present and entitled to vote, whether as a Debentureholder or as proxy for one or more Debentureholders or both, shall have one vote. On a poll each Debentureholder present in person or represented by a proxy duly appointed by an instrument in writing shall be entitled to one vote in respect of each US$1,000 principal amount of Debentures of which he shall then be the holder. In the case of any Debenture denominated in a currency or currency unit other than U.S. dollars, the principal amount thereof for these purposes shall be computed in U.S. dollars on the basis of the conversion of the principal amount thereof at the applicable spot buying rate of exchange for such other currency or currency unit as reported by the Bank of Canada at the close of business on the Business Day next preceding the meeting. Any fractional amounts resulting from such conversion shall be rounded to the nearest US$100. A proxy need not be a Debentureholder. In the case of joint holders of a Debenture, any one of them present in person or by proxy at the meeting may vote in the absence of the other or others but in case more than one of them be present in person or by proxy, they shall vote together in respect of the Debentures of which they are joint holders.

10.9 Proxies

A Debentureholder may be present and vote at any meeting of Debentureholders by an authorized representative. The Corporation (in case it convenes the meeting) or the Trustee (in any other case) for the purpose of enabling the Debentureholders to be present and vote at any meeting without producing their Debentures, and of enabling them to be present and vote at any such meeting by proxy and of lodging instruments appointing such proxies at some place other than the place where the meeting is to be held, may from time to time make and vary such regulations as it shall think fit providing for and governing any or all of the following matters:

(a) the form of the instrument appointing a proxy, which shall be in writing, and the manner in which the same shall be executed and the production of the authority of any person signing on behalf of a Debentureholder;

(b) the deposit of instruments appointing proxies at such place as the Trustee, the Corporation or the Debentureholder convening the meeting, as the case may be, may, in the notice convening the meeting, direct and the time, if any, before the holding of the meeting or any adjournment thereof by which the same must be deposited; and

(c) the deposit of instruments appointing proxies at some approved place or places other than the place at which the meeting is to be held and enabling particulars of such instruments appointing proxies to be mailed, faxed or sent by other electronic means before the meeting to the Corporation or to the Trustee at the place where the same is to be held and for the voting of proxies so deposited as though the instruments themselves were produced at the meeting.

Any regulations so made shall be binding and effective and the votes given in accordance therewith shall be valid and shall be counted. Save as such regulations may provide, the only persons who shall be recognized at any meeting as the holders of any Debentures, or as entitled to vote or be present at the meeting in respect thereof, shall be Debentureholders and persons whom Debentureholders have by instrument in writing duly appointed as their proxies.

10.10 Persons Entitled to Attend Meetings

The Corporation and the Trustee, by their respective officers and directors, the Auditors of the Corporation and the legal advisors of the Corporation, the Trustee or any Debentureholder may attend any meeting of the Debentureholders, but shall have no vote as such.

10.11 Powers Exercisable by Extraordinary Resolution

In addition to the powers conferred upon them by any other provisions of this Indenture or by law, a meeting of the Debentureholders shall have the following powers exercisable from time to time by Extraordinary Resolution, subject in the case of the matters in paragraphs (a), (b), (c), (d) and (l) to receipt of the prior approval of any stock exchange on which the Debentures are then listed:

(a) power to authorize the Trustee to grant extensions of time for payment of any principal, premium or interest on the Debentures, whether or not the principal, premium, or interest, the payment of which is extended, is at the time due or overdue;

(b) power to sanction any modification, abrogation, alteration, compromise or arrangement of the rights of the Debentureholders or with the consent of the Trustee, the rights of the Trustee against the Corporation, or against its property, whether such rights arise under this Indenture or the Debentures or otherwise provided that such sanctioned actions are not prejudicial to the Trustee;

(c) power to assent to any modification of or change in or addition to or omission from the provisions contained in this Indenture or any Debenture which shall be agreed to by the Corporation and to authorize the Trustee to concur in and execute any indenture supplemental hereto embodying any modification, change, addition or omission;

(d) power to sanction any scheme for the reconstruction, reorganization or recapitalization of the Corporation or for the consolidation, amalgamation, arrangement, combination or merger of the Corporation with any other Person or for the sale, leasing, transfer or other disposition of all or substantially all of the undertaking, property and assets of the Corporation or any part thereof, provided that no such sanction shall be necessary in respect of any such transaction if the provisions of Section 9.1 shall have been complied with;

(e) power to direct or authorize the Trustee to exercise any power, right, remedy or authority given to it by this Indenture in any manner specified in any such Extraordinary Resolution or to refrain from exercising any such power, right, remedy or authority;

(f) power to waive, and direct the Trustee to waive, any default hereunder and/or cancel any declaration made by the Trustee pursuant to Section 7.1 either unconditionally or upon any condition specified in such Extraordinary Resolution;

(g) power to restrain any Debentureholder from taking or instituting any suit, action or proceeding for the purpose of enforcing payment of the principal, premium or interest on the Debentures, or for the execution of any trust or power hereunder;

(h) power to direct any Debentureholder who, as such, has brought any action, suit or proceeding to stay or discontinue or otherwise deal with the same upon payment, if the taking of such suit, action or proceeding shall have been permitted by Section 0, of the costs, charges and expenses reasonably and properly incurred by such Debentureholder in connection therewith;

(i) power to assent to any compromise or arrangement with any creditor or creditors or any class or classes of creditors, whether secured or otherwise, and with holders of any shares or other securities of the Corporation;

(j) power to appoint a committee with power and authority (subject to such limitations, if any, as may be prescribed in the resolution) to exercise, and to direct the Trustee to exercise, on behalf of the Debentureholders, such of the powers of the Debentureholders as are exercisable by Extraordinary Resolution or other resolution as shall be included in the resolution appointing the committee. The resolution making such appointment may provide for payment of the expenses and disbursements of and compensation to such committee. Such committee shall consist of such number of persons as shall be prescribed in the resolution appointing it and the members need not be themselves Debentureholders. Every such committee may elect its chair and may make regulations respecting its quorum, the calling of its meetings and the filling of vacancies occurring in its number and its procedure generally. Such regulations may provide that the committee may act at a meeting at which a quorum is present or may act by minutes signed by the number of members thereof necessary to constitute a quorum. All acts of any such committee within the authority delegated to it shall be binding upon all Debentureholders. Neither the committee nor any member thereof shall be liable for any loss arising from or in connection with any action taken or omitted to be taken by them in good faith;

(k) power to remove the Trustee from office and to appoint a new Trustee or Trustees provided that no such removal shall be effective unless and until a new Trustee or Trustees shall have become bound by this Indenture;

(l) power to sanction the exchange of the Debentures for or the conversion thereof into shares, bonds, debentures or other securities or obligations of the Corporation or of any other Person formed or to be formed;

(m) power to authorize the distribution in specie of any shares or securities received pursuant to a transaction authorized under the provisions of Section 10.11(k); and

(n) power to amend, alter or repeal any Extraordinary Resolution previously passed or sanctioned by the Debentureholders or by any committee appointed pursuant to Section 10.11(j).

Notwithstanding the foregoing provisions of this Section 10.11 none of such provisions shall in any manner allow or permit any amendment, modification, abrogation or addition to the provisions of Article 5 which could reasonably be expected to detrimentally affect the rights, remedies or recourse of the priority of the Senior Creditors.

10.12 Meaning of "Extraordinary Resolution"

(a) The expression "**Extraordinary Resolution**" when used in this Indenture means, subject as hereinafter in this Article 10 provided, a resolution proposed to be passed as an Extraordinary Resolution at a meeting of Debentureholders (including an adjourned meeting) duly convened for the purpose and held in accordance with the provisions of this Article 10 at which the holders of not less than 25% of the principal amount of the Debentures then outstanding, and if the meeting is a Serial Meeting, at which holders of not less than 25% of the principal amount of the Debentures then outstanding of each especially affected series, are present in person or by proxy and passed by the favourable votes of the holders of not less than 50% of the principal amount of the Debentures, and if the meeting is a Serial Meeting by the affirmative vote of the holders of not less than 50% of each especially affected series, in each case present or represented by proxy at the meeting and voted upon on a poll on such resolution.

(b) If, at any such meeting, the holders of not less than 25% of the principal amount of the Debentures then outstanding and, if the meeting is a Serial Meeting, 25% of the principal amount of the Debentures then outstanding of each especially affected series, in each case are not present in person or by proxy within 30 minutes after the time appointed for the meeting, then the meeting, if convened by or on the requisition of Debentureholders, shall be dissolved but in any other case it shall stand adjourned to such date, being not less than 14 nor more than 60 days later, and to such place and time as may be appointed by the chair. Not less than 10 days' notice shall be given of the time and place of such adjourned meeting in the manner provided in Section 11.2. Such notice shall state that at the adjourned meeting the Debentureholders present in person or by proxy shall form a quorum. At the adjourned meeting the Debentureholders present in person or by proxy shall form a quorum and may transact the business for which the meeting was originally convened and a resolution proposed at such adjourned meeting and passed thereat by the affirmative vote of holders of not less than 50% of the principal amount of the Debentures and, if the meeting is a Serial Meeting, by the affirmative vote of the holders of not less than 50% of the principal amount of the Debentures of each especially affected series, in each case present or represented by proxy at the meeting voted upon on a poll shall be an Extraordinary Resolution within the meaning of this Indenture, notwithstanding that the holders of not less than 25% in principal amount of the Debentures then outstanding, and if the meeting is a Serial Meeting, holders of not less than 25% of the principal amount of the Debentures then outstanding of each especially affected series, are not present in person or by proxy at such adjourned meeting.

(c) Votes on an Extraordinary Resolution shall always be given on a poll and no demand for a poll on an Extraordinary Resolution shall be necessary.

10.13 Powers Cumulative

Any one or more of the powers in this Indenture stated to be exercisable by the Debentureholders by Extraordinary Resolution or otherwise may be exercised from time to time and the exercise of any one or more of such powers from time to time shall not be deemed to exhaust the rights of the Debentureholders to exercise the same or any other such power or powers thereafter from time to time.

10.14 Minutes

Minutes of all resolutions and proceedings at every meeting as aforesaid shall be made and duly entered in books to be from time to time provided for that purpose by the Trustee at the expense of the Corporation, and any such minutes as aforesaid, if signed by the chair of the meeting at which such resolutions were passed or proceedings had, or by the chair of the next succeeding meeting of the Debentureholders, shall be prima facie evidence of the matters therein stated and, until the contrary is proved, every such meeting, in respect of the proceedings of which minutes shall have been made, shall be deemed to have been duly held and convened, and all resolutions passed thereat or proceedings taken thereat to have been duly passed and taken.

10.15 Instruments in Writing

All actions which may be taken and all powers that may be exercised by the Debentureholders at a meeting held as hereinbefore in this Article 10 provided may also be taken and exercised by the holders of 50% of the principal amount of all the outstanding Debentures and, if the meeting at which such actions might be taken would be a Serial Meeting, by the holders of 50% of the principal amount of the Debentures then outstanding of each especially affected series, by an instrument in writing signed in one or more counterparts and the expression "**Extraordinary Resolution**" when used in this Indenture shall include an instrument so signed.

10.16 Binding Effect of Resolutions

Every resolution and every Extraordinary Resolution passed in accordance with the provisions of this Article 10 at a meeting of Debentureholders shall be binding upon all the Debentureholders, whether present at or absent from such meeting, and every instrument in writing signed by Debentureholders in accordance with Section 10.15 shall be binding upon all the Debentureholders, whether signatories thereto or not, and each and every Debentureholder and the Trustee (subject to the provisions for its indemnity herein contained) shall be bound to give effect accordingly to every such resolution, Extraordinary Resolution and instrument in writing.

10.17 Evidence of Rights of Debentureholders

(a) Any request, direction, notice, consent or other instrument which this Indenture may require or permit to be signed or executed by the Debentureholders may be in any number of concurrent instruments of similar tenor signed or executed by such Debentureholders.

(b) The Trustee may, in its discretion, require proof of execution in cases where it deems proof desirable and may accept such proof as it shall consider proper.

10.18 Concerning Serial Meetings

If in the opinion of Counsel any business to be transacted at any meeting, or any action to be taken or power to be exercised by instrument in writing under Section 10.15, does not adversely affect the rights of the holders of Debentures of one or more series, the provisions of this Article 10 shall apply as if the Debentures of such series were not outstanding and no notice of any such meeting need be given to the holders of Debentures of such series. Without limiting the generality of the foregoing, a

proposal to modify or terminate any covenant or agreement which is effective only so long as Debentures of a particular series are outstanding shall be deemed not to adversely affect the rights of the holders of Debentures of any other series.

ARTICLE 12

CONCERNING THE TRUSTEE

12.1 No Conflict of Interest

The Trustee represents to the Corporation that to the best of its knowledge at the date of execution and delivery by it of this Indenture there exists no material conflict of interest in the role of the Trustee as a fiduciary hereunder but if, notwithstanding the provisions of this Section 12.1, such a material conflict of interest exists, or hereafter arises, the validity and enforceability of this Indenture, and the Debentures issued hereunder, shall not be affected in any manner whatsoever by reason only that such material conflict of interest exists or arises but the Trustee shall, within 30 days after ascertaining that it has a material conflict of interest, either eliminate such material conflict of interest or resign in the manner and with the effect specified in Section 12.2.

12.2 Replacement of Trustee

The Trustee may resign its trust and be discharged from all further duties and liabilities hereunder by giving to the Corporation 90 days' notice in writing or such shorter notice as the Corporation may

accept as sufficient. If at any time a material conflict of interest exists in the Trustee's role as a fiduciary hereunder the Trustee shall, within 30 days after ascertaining that such a material conflict of interest exists, either eliminate such material conflict of interest or resign in the manner and with the effect specified in this Section 12.2. The validity and enforceability of this Indenture and of the Debentures issued hereunder shall not be affected in any manner whatsoever by reason only that such a material conflict of interest exists. In the event of the Trustee resigning or being removed or being dissolved, becoming bankrupt, going into liquidation or otherwise becoming incapable of acting hereunder, the Corporation shall forthwith appoint a new Trustee unless a new Trustee has already been appointed by the Debentureholders. Failing such appointment by the Corporation, the retiring Trustee or any Debentureholder may apply to a Judge of the Superior Court of Justice of Ontario, on such notice as such Judge may direct at the Corporation's expense, for the appointment of a new Trustee but any new Trustee so appointed by the Corporation or by the Court shall be subject to removal as aforesaid by the Debentureholders and the appointment of such new Trustee shall be effective only upon such new Trustee becoming bound by this Indenture. Any new Trustee appointed under any provision of this Section 12.2 shall be a corporation authorized to carry on the business of a trust company in one or more of the Provinces of Canada. On any new appointment the new Trustee shall be vested with the same powers, rights, duties and responsibilities as if it had been originally named herein as Trustee.

Any company into which the Trustee may be merged or, with or to which it may be consolidated, amalgamated or sold, or any company resulting from any merger, consolidation, sale or amalgamation to which the Trustee shall be a party, shall be the successor trustee under this Indenture without the execution of any instrument or any further act. Nevertheless, upon the written request of the successor Trustee or of the Corporation, the Trustee ceasing to act shall execute and deliver an instrument assigning and transferring to such successor Trustee, upon the trusts herein expressed, all the rights, powers and trusts of the Trustee so ceasing to act, upon receipt by the Trustee of payment in full for any outstanding charges due to it, and shall duly assign, transfer and deliver all property and money held by such Trustee to the successor Trustee so appointed in its place. Should any deed, conveyance or instrument in writing from the Corporation be required by any new Trustee for more fully and certainly vesting in and confirming to it such estates, properties, rights, powers and trusts, then any and all such deeds, conveyances and instruments in writing shall on request of said new Trustee, be made, executed, acknowledged and delivered by the Corporation.

In case at any time the name of the Trustee is changed and at such time any of the Debenture Certificates have been certified but not delivered, the Trustee may adopt the certification under its prior name and deliver Debenture Certificates so certified; and in case at that time any of the Debenture Certificates have not been certified, the Trustee may certify such Debenture Certificates either in its prior name or in its changed name; and in all such cases such Debenture Certificates will have the full force provided in the Debenture Certificates and in this Indenture.

12.3 Duties of Trustee

In the exercise of the rights, duties and obligations prescribed or conferred by the terms of this Indenture, the Trustee shall act honestly and in good faith and exercise that degree of care, diligence and skill that a reasonably prudent trustee would exercise in comparable circumstances.

12.4 Reliance Upon Declarations, Opinions, etc.

In the exercise of its rights, duties and obligations hereunder the Trustee may, if acting in good faith, rely, as to the truth of the statements and accuracy of the opinions expressed therein, upon statutory declarations, opinions, reports or certificates furnished pursuant to any covenant, condition or requirement of this Indenture or required by the Trustee to be furnished to it in the exercise of its rights and duties hereunder, if the Trustee examines such statutory declarations, opinions, reports or certificates and determines that they comply with Section 12.5, if applicable, and with any other applicable requirements of this Indenture. The Trustee may nevertheless, in its discretion, require further proof in cases where it deems further proof desirable. Without restricting the foregoing, the Trustee may rely on an opinion of Counsel satisfactory to the Trustee notwithstanding that it is delivered by a solicitor or firm which acts as solicitors for the Corporation.

The Trustee shall have no obligation to ensure or verify compliance with any applicable laws or regulatory requirements on the issue or transfer of any Debentures provided such issue or transfer is effected in accordance with the terms of this Indenture. The Trustee shall be entitled to process all transfers and redemptions upon the presumption that such transfer and redemption is permissible pursuant to all applicable laws and regulatory requirements if such transfer and redemption is effected in accordance with the terms of this Indenture. The Trustee shall have no obligation, other than to confer with the Corporation and its Counsel, to ensure that legends appearing on the Debentures comply with regulatory requirements or securities laws of any applicable jurisdiction.

12.5 Evidence and Authority to Trustee, Opinions, etc.

The Corporation shall furnish to the Trustee evidence of compliance with the conditions precedent provided for in this Indenture relating to any action or step required or permitted to be taken by the Corporation or the Trustee under this Indenture or as a result of any obligation imposed under this Indenture, including without limitation, the Authentication and delivery of Debentures hereunder, the satisfaction and discharge of this Indenture and the taking of any other action to be taken by the Trustee at the request of or on the application of the Corporation, forthwith if and when (a) such evidence is required by any other Section of this Indenture to be furnished to the Trustee in accordance with the terms of this Section 12.5, or 12.5(b) the Trustee, in the exercise of its rights and duties under this Indenture, gives the Corporation written notice requiring it to furnish such evidence in relation to any particular action or obligation specified in such notice.

Such evidence shall consist of:

(a) a certificate made by any two officers or directors of the Corporation, stating that any such condition precedent has been complied with in accordance with the terms of this Indenture;

(b) in the case of a condition precedent compliance with which is, by the terms of this Indenture, made subject to review or examination by a solicitor, an opinion of Counsel that such condition precedent has been complied with in accordance with the terms of this Indenture; and

(c) in the case of any such condition precedent compliance with which is subject to review or examination by auditors or accountants, an opinion or report of the Auditors of the Corporation whom the Trustee for such purposes hereby approves, that such condition precedent has been complied with in accordance with the terms of this Indenture.

Whenever such evidence relates to a matter other than the Authentication and delivery of Debentures and the satisfaction and discharge of this Indenture, and except as otherwise specifically provided herein, such evidence may consist of a report or opinion of any solicitor, auditor, accountant, engineer or appraiser or any other person whose qualifications give authority to a statement made by such person, provided that if such report or opinion is furnished by a director, officer or employee of the Corporation it shall be in the form of a statutory declaration. Such evidence shall be, so far as appropriate, in accordance with the immediately preceding paragraph of this Section.

Each statutory declaration, certificate, opinion or report with respect to compliance with a condition precedent provided for in the Indenture shall include (a) a statement by the person giving the evidence that he has read and is familiar with those provisions of this Indenture relating to the condition precedent in question, (b) a brief statement of the nature and scope of the examination or investigation upon which the statements or opinions contained in such evidence are based, (c) a statement that, in the belief of the person giving such evidence, the person has made such examination or investigation as is necessary to enable such person to make the statements or give the opinions contained or expressed therein, and (d) a statement whether in the opinion of such person the conditions precedent in question have been complied with or satisfied.

The Corporation shall furnish or cause to be furnished to the Trustee at any time if the Trustee reasonably so requires, its certificate that the Corporation has complied with all covenants, conditions or other requirements contained in this Indenture, the non-compliance with which would, with the giving of notice or the lapse of time, or both, or otherwise, constitute an Event of Default, or if such is not the case, specifying the covenant, condition or other requirement which has not been complied with and giving particulars of such non-compliance. The Corporation shall, whenever the Trustee so requires, furnish the Trustee with evidence by way of statutory declaration, opinion, report or certificate as specified by the Trustee as to any action or step required or permitted to be taken by the Corporation or as a result of any obligation imposed by this Indenture.

12.6 Officers' Certificates Evidence

Except as otherwise specifically provided or prescribed by this Indenture, whenever in the administration of the provisions of this Indenture the Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or omitting any action hereunder, the Trustee, if acting in good faith, may rely upon an Officers' Certificate.

12.7 Experts, Advisers and Agents

The Trustee may:

(a) employ or retain and act and rely on the opinion or advice of or information obtained from any solicitor, auditor, valuer, engineer, surveyor, appraiser or other expert, whether obtained by the Trustee or by the Corporation, or otherwise, and shall not be liable for acting, or refusing to act, in good faith on any such opinion or advice and shall not be responsible for any misconduct on the part of any of them and may pay proper and reasonable compensation for all such legal and other advice or assistance as aforesaid; and

(b) employ such agents and other assistants as it may reasonably require for the proper discharge of its duties hereunder, and may pay reasonable remuneration for all

services performed for it, but it is not responsible for any misconduct, negligence, mistake or error of judgment on the part of any of them (and shall be entitled to receive reasonable remuneration for all services performed by it) in the discharge of the trusts hereof and compensation for all disbursements, costs and expenses made or incurred by it in the discharge of its duties hereunder and in the management of the trusts hereof and any solicitors employed or consulted by the Trustee may, but need not be, solicitors for the Corporation.

12.8 Trustee May Deal in Debentures

Subject to Sections 12.1 and 12.3, the Trustee may, in its personal or other capacity, buy, sell, lend upon and deal in the Debentures and generally contract and enter into financial transactions with the Corporation or otherwise, without being liable to account for any profits made thereby.

12.9 Investment of Monies Held by Trustee

Unless otherwise provided in this Indenture, any monies held by the Trustee, which, under the trusts of this Indenture, may be invested or which may be on deposit with the Trustee or which may be in the hands of the Trustee, may be invested and reinvested in the name or under the control of the Trustee in securities in which, under the laws of the Province of Ontario, trustees are authorized to invest trust monies, provided that such securities are expressed to mature within two years or such shorter period selected to facilitate any payments expected to be made under this Indenture, after their purchase by the Trustee, and unless and until the Trustee shall have declared the principal of and interest on the Debentures to be due and payable, the Trustee shall so invest such monies at the Written Direction of the Corporation given in a reasonably timely manner. Pending the investment of any monies as hereinbefore provided, such monies may be deposited in the name of the Trustee in any chartered bank of Canada or, with the consent of the Corporation, in the deposit department of the Trustee or any other loan or trust company authorized to accept deposits under the laws of Canada or any Province thereof at the rate of interest, if any, then current on similar deposits.

Unless and until the Trustee shall have declared the principal of and interest on the Debentures to be due and payable, the Trustee shall pay over to the Corporation all interest received by the Trustee in respect of any investments or deposits made pursuant to the provisions of this Section.

12.10 Trustee Not Ordinarily Bound

Except as provided in Section 7.2 and as otherwise specifically provided herein, the Trustee shall not, subject to Section 12.3, be bound to give notice to any person of the execution hereof, nor to do, observe or perform or see to the observance or performance by the Corporation of any of the obligations herein imposed upon the Corporation or of the covenants on the part of the Corporation herein contained, nor in any way to supervise or interfere with the conduct of the Corporation's business, unless the Trustee shall have been required to do so in writing by the holders of not less than 25% of the aggregate principal amount of the Debentures then outstanding or by any Extraordinary Resolution of the Debentureholders passed in accordance with the provisions contained in Article 12, and then only after it shall have been funded and indemnified to its satisfaction against all actions, proceedings, claims and demands to which it may render itself liable and all costs, charges, damages and expenses which it may incur by so doing.

12.11 Trustee Not Required to Give Security

The Trustee shall not be required to give any bond or security in respect of the execution of the trusts and powers of this Indenture or otherwise in respect of the premises.

12.12 Trustee Not Bound to Act on Corporation's Request

Except as in this Indenture otherwise specifically provided, the Trustee shall not be bound to act in accordance with any direction or request of the Corporation until a duly authenticated copy of the instrument or resolution containing such direction or request shall have been delivered to the Trustee, and the Trustee shall be empowered to act upon any such copy purporting to be authenticated and believed by the Trustee to be genuine.

12.13 Conditions Precedent to Trustee's Obligations to Act Hereunder

The obligation of the Trustee to commence or continue any act, action or proceeding for the purpose of enforcing the rights of the Trustee and of the Debentureholders hereunder shall be conditional upon the Debentureholders furnishing when required by notice in writing by the Trustee, sufficient funds to commence or continue such act, action or proceeding and indemnity reasonably satisfactory to the Trustee to protect and hold harmless the Trustee against the costs, charges and expenses and liabilities to be incurred thereby and any loss and damage it may suffer by reason thereof.

None of the provisions contained in this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties or in the exercise of any of its rights or powers unless indemnified as aforesaid.

The Trustee may, before commencing or at any time during the continuance of any such act, action or proceeding require the Debentureholders at whose instance it is acting to deposit with the Trustee the Debentures held by them for which Debentures the Trustee shall issue receipts.

12.14 Authority to Carry on Business

The Trustee represents to the Corporation that at the date of execution and delivery by it of this Indenture it is authorized to carry on the business of a trust company in the province of Ontario but if, notwithstanding the provisions of this Section 12.14, it ceases to be so authorized to carry on business, the validity and enforceability of this Indenture and the securities issued hereunder shall not be affected in any manner whatsoever by reason only of such event but the Trustee shall, within 90 days after ceasing to be authorized to carry on the business of a trust company in the province of Ontario, either become so authorized or resign in the manner and with the effect specified in Section 12.2.

12.15 Compensation and Indemnity

(a) The Corporation shall pay to the Trustee from time to time compensation for its services hereunder as agreed separately by the Corporation and the Trustee, and shall pay or reimburse the Trustee upon its request for all reasonable expenses, disbursements and advances incurred or made by the Trustee in the administration or execution of its duties under this Indenture (including the reasonable and documented compensation and disbursements of its Counsel and all other advisers and assistants

not regularly in its employ), both before any default hereunder and thereafter until all duties of the Trustee under this Indenture shall be finally and fully performed. The Trustee's compensation shall not be limited by any law on compensation of a trustee of an express trust.

(b) The Corporation hereby indemnifies and saves harmless the Trustee and its directors, officers and employees (the "Indemnified Parties") from and against any and all loss, damages, charges, expenses, claims, demands, actions or liability whatsoever which may be brought against the Indemnified Parties or which it may suffer or incur, whether in law or in equity as a result of or arising, directly or indirectly, out of the performance of its duties and obligations hereunder save only in the event of the grossly negligent failure to act, or the wilful misconduct or bad faith of the Trustee. This indemnity will survive the termination or discharge of this Indenture and the resignation or removal of the Trustee. The Trustee shall notify the Corporation promptly of any claim for which it may seek indemnity. The Corporation shall defend the claim and the Trustee shall co-operate in the defence. The Trustee may have separate Counsel and the Corporation shall pay the reasonable fees and expenses of such Counsel. The Corporation need not pay for any settlement made without its consent, which consent must not be unreasonably withheld. This indemnity shall survive the resignation or removal of the Trustee or the discharge of this Indenture.

(c) The Corporation need not reimburse any expense or indemnify against any loss or liability incurred by the Trustee through gross negligence or bad faith or breach of the Trustee's duties hereunder.

(d) Notwithstanding the foregoing or any other provision of this Indenture, other than in respect of fraud, bad faith, gross negligence and wilful misconduct, any liability of the Trustee shall be limited, in the aggregate, to the amount of annual retainer fees paid by the Corporation to the Trustee under this Indenture in the twelve months immediately prior to the Trustee receiving the first notice of the claim. Notwithstanding any other provision of this Indenture, and whether such losses or damages are foreseeable or unforeseeable, the Trustee shall not be liable under any circumstances whatsoever for any (a) breach by any other party of securities law or other rule of any securities regulatory authority, (b) lost profits or (c) special, indirect, incidental, consequential, exemplary, aggravated or punitive losses or damages.

12.16 Acceptance of Trust

The Trustee hereby accepts the trusts in this Indenture declared and provided for and agrees to perform the same upon the terms and conditions herein set forth and to hold all rights, privileges and benefits conferred hereby and by law in trust for the various persons who shall from time to time be Debentureholders, subject to all the terms and conditions herein set forth.

12.17 Third Party Interests

The Corporation (in this paragraph referred to as a "**representing party**") hereby represents to the Trustee that any account to be opened by, or interest to be held by, the Trustee in connection with this Indenture, for or to the credit of such representing party, either (i) is not intended to be used by or on

behalf of any third party; or (ii) is intended to be used by or on behalf of a third party, in which case such representing party hereby agrees to complete, execute and deliver forthwith to the Trustee a declaration, in the Trustee's prescribed form or in such other form as may be satisfactory to it, as to the particulars of such third party.

12.18 Anti-Money Laundering

The Trustee shall retain the right not to act and shall not be liable for refusing to act if, due to a lack of information or for any other reason whatsoever, the Trustee, in its sole judgment, acting reasonably, determines that such act might cause it to be in noncompliance with any applicable anti-money laundering or anti-terrorist or economic sanctions legislation, regulation or guideline. Further, should the Trustee, in its sole judgment, acting reasonably, determine at any time that its acting under this Indenture has resulted in its being in non- compliance with any applicable anti-money laundering or anti-terrorist or economic sanctions legislation, regulation or guideline, then it shall have the right to resign on 10 days' prior written notice sent to the Corporation provided that: (i) the Trustee's written notice shall describe the circumstances of such non-compliance; and (ii) if such circumstances are rectified to the Trustee's satisfaction within such 10-day period, then such resignation shall not be effective.

12.19 Privacy Laws

The parties acknowledge that federal and/or provincial legislation that addresses the protection of individuals' personal information (collectively, "**Privacy Laws**") applies to certain obligations and activities under this Indenture. Notwithstanding any other provision of this Indenture, neither party shall take or direct any action that would contravene, or cause the other to contravene, applicable Privacy Laws. The Corporation shall, prior to transferring or causing to be transferred personal information to the Trustee, obtain and retain required consents of the relevant individuals to the collection, use and disclosure of their personal information, or shall have determined that such consents either have previously been given upon which the parties can rely or are not required under the Privacy Laws. The Trustee shall use commercially reasonable efforts to ensure that its services hereunder comply with Privacy Laws. Specifically, the Trustee agrees: (a) to have a designated chief privacy officer; (b) to maintain policies and procedures to protect personal information and to receive and respond to any privacy complaint or inquiry; (c) to use personal information solely for the purposes of providing its services under or ancillary to this Indenture and to comply with applicable laws and not to use it for any other purpose except with the consent of or direction from the Corporation or the individual involved or as permitted by Privacy Laws; (d) not to sell or otherwise improperly disclose personal information to any third party; and (e) to employ administrative, physical and technological safeguards to reasonably secure and protect personal information against loss, theft, or unauthorized access, use or modification.

12.20 Force Majeure

Except for the payment obligations of the Corporation contained herein, neither party shall be liable to the other, or held in breach of this Indenture, if prevented, hindered, or delayed in the performance or observance of any provision contained herein by reason of force majeure such as act of God, riots, terrorism, acts of war, epidemics, governmental action or judicial order, earthquakes, or any other similar causes (including, but not limited to, general mechanical, electronic or communication interruptions, disruptions or failures). Performance times under this Indenture shall be extended for a period of time equivalent to the time lost because of any delay that is excusable under this Section 0.

ARTICLE 13

SUPPLEMENTAL INDENTURES

13.1 Supplemental Indentures

From time to time the Trustee and, when authorized by a resolution of the directors of Corporation, the Corporation, may, and they shall when required by this Indenture, execute, acknowledge and deliver by their proper officers deeds or indentures supplemental hereto which thereafter shall form part hereof, for any one or more of the following purposes, in each case subject to the approval of any stock exchange on which the Debentures are then listed:

(a) providing for the issuance of Additional Debentures under this Indenture;

(b) adding to the covenants of the Corporation herein contained for the protection or benefit of the Debentureholders, or of the Debentures of any series, or providing for events of default, in addition to those herein specified;

(c) making such provisions not inconsistent with this Indenture as may be necessary or desirable with respect to matters or questions arising hereunder, including the making of any modifications in the form of the Debentures which do not affect the substance thereof and which in the opinion of the Trustee relying on an opinion of Counsel will not be prejudicial to the interests of the Debentureholders;

(d) evidencing the succession, or successive successions, of others to the Corporation and the covenants of and obligations assumed by any such successor in accordance with the provisions of this Indenture;

(e) giving effect to any Extraordinary Resolution passed as provided in Article 10; and

(f) for any other purpose not inconsistent with the terms of this Indenture.

The Corporation and the Trustee may amend any of the provisions of this Indenture related to matters of United States law or the issuance of Debentures into the United States in order to ensure that such issuances can be made in accordance with applicable law in the United States without the consent or approval of the Debentureholders provided that, in the opinion of the Trustee (relying on an opinion of Counsel), the rights of the Debentureholders are in no way prejudiced thereby. The Trustee will have the right to request a legal opinion regarding matters of United States law on the issuance of Debentures into the United States prior to or concurrently with making such amendments. Further, the Corporation and the Trustee may without the consent or concurrence of the Debentureholders or the holders of a particular series of Debentures, as the case may be, by supplemental indenture or otherwise, make any changes or corrections in this Indenture which it shall have been advised by Counsel are required for the purpose of curing or correcting any

(A corporation existing under the laws of Ontario)

8.85% UNSECURED DEBENTURE DUE JANUARY 26, 2032

Mount Logan Capital Inc. (the "**Corporation**" or the "**Issuer**") for value received hereby acknowledges itself indebted and, subject to the provisions of the debenture indenture (the "**Indenture**") dated as of January 26, 2024 between the Corporation and Odyssey Trust Company (the "**Trustee**"), promises to pay to the registered holder hereof on January 26, 2032 or on such earlier date as the principal amount hereof may become due in accordance with the provisions of the Indenture (any such date, the "**Maturity Date**") the principal sum set out above in lawful money of the United States on presentation and surrender of this Initial Debenture at the main branch of the Trustee in Toronto, Ontario in accordance with the terms of the Indenture and, subject as hereinafter provided, to pay interest on the principal amount hereof from the date hereof to, but excluding, the Maturity Date at the rate of 8.85% per annum (based on a year of 365 days (or 366 days in the case of a leap year) and the actual number of days in the relevant interest period), in cash (less any tax required by law to be deducted) on the Maturity Date and, should the Corporation at any time make default in the payment of any principal, premium, if any, or interest, to pay interest on the amount in default at the same rate, in like money and on the same date. For certainty, the interest payment will include interest accrued quarterly and compounded on an annual basis from, and including, January 26, 2024 to, but excluding, January 26, 2032.

This Initial Debenture is one of the 8.85% Unsecured Debentures of the Corporation issued or issuable in one or more series under the provisions of the Indenture. The Initial Debentures authorized for issue immediately are limited to an aggregate principal amount of up to US$20,000,000 in lawful money of the United States. However, additional Initial Debentures may be issued pursuant to the Indenture after the date hereof. Reference is hereby expressly made to the Indenture, and in particular, Section 2.4 therein, for a description of the terms and conditions upon which the Initial Debentures are or are to be issued and held and the rights and remedies of the holders of the Initial Debentures and of the Corporation and of the Trustee, all to the same effect as if the provisions of the Indenture were herein set forth to all of which provisions the holder of this Initial Debenture by acceptance hereof assents.

The Initial Debentures are issuable only in denominations of US$1,000 and integral multiples thereof. Upon compliance with the provisions of the Indenture, Debentures of any denomination may be exchanged for an equal aggregate principal amount of Debentures in any other authorized denomination or denominations.

The Initial Debentures may be redeemed at the option of the Corporation, to the extent permitted by and subject to compliance with the terms of any Senior Secured Indebtedness, at a price equal to the principal amount of the Initial Debentures being redeemed, plus a cash payment in respect of accrued and unpaid interest thereon (whether having been compounded or not) to, but excluding, the Redemption Date.

Upon the occurrence of a Compulsory Offer Event, the Corporation is required to make an offer to purchase all of the Initial Debentures at a price of US$1,000 plus a cash payment in respect of accrued and unpaid interest (if any) (whether having been compounded or not) up to, but excluding, the date the Initial Debentures are so repurchased (the "**Debenture Offer**"). If 90% or more of the principal amount of all Debentures outstanding on the date the Corporation provides notice of the Compulsory Offer Event to the Trustee have been tendered for purchase pursuant to the Debenture Offer, the Corporation has the right to redeem all the remaining outstanding Initial Debentures on the same date and for the same consideration.

The indebtedness evidenced by this Initial Debenture, and by all other Debentures now or hereafter certified and delivered under the Indenture, is a direct unsecured obligation of the Corporation, and is subordinated in right of payment, to the extent and in the manner provided in the Indenture, to the prior payment in full of all Senior Secured Indebtedness, whether outstanding at the date of the Indenture or thereafter created, incurred, assumed or guaranteed.

The principal hereof may become or be declared due and payable before the stated maturity in the events, in the manner, with the effect and at the times provided in the Indenture.

The Indenture contains provisions making binding upon all holders of Debentures outstanding thereunder (or in certain circumstances specific series of Debentures) resolutions passed at meetings of such holders held in accordance with such provisions and instruments signed by the holders of a specified majority of Debentures outstanding (or specific series), which resolutions or instruments may have the effect of amending the terms of this Initial Debenture or the Indenture.

The Indenture contains provisions disclaiming any personal liability on the part of holders of Common Shares and officers, directors and employees of the Corporation in respect of any obligation or claim arising out of the Indenture or this Debenture.

This Initial Debenture may only be transferred, upon compliance with the conditions prescribed in the Indenture, in one of the registers to be kept at the principal office of the Trustee in the City of Toronto and in such other place or places and/or by such other registrars (if any) as the Corporation with the approval of the Trustee may designate. No transfer of this Initial Debenture shall be valid unless made on the register by the registered holder hereof or his executors or administrators or other legal representatives, or his or their attorney duly appointed by an instrument in form and substance satisfactory to the Trustee or other registrar, and upon compliance with such reasonable requirements as the Trustee and/or other registrar may prescribe and upon surrender of this Initial Debenture for cancellation. Thereupon a new Debenture or Debentures in the same aggregate principal amount shall be issued to the transferee in exchange hereof.

This Initial Debenture shall not become obligatory for any purpose until it shall have been certified by the Trustee under the Indenture.

If any of the provisions of this Initial Debenture are inconsistent with the provisions of the Indenture, the provisions of the Indenture shall take precedence and shall govern. Capitalized words or expressions used in this Initial Debenture shall, unless otherwise defined herein, have the meaning ascribed thereto in the Indenture.

2.13 Exchange of Warrant Certificates.

(a) Any one or more Warrant Certificates representing any number of Warrants may, upon compliance with the reasonable requirements of the Warrant Agent (including compliance with applicable securities laws), be exchanged for one or more other Warrant Certificates representing the same aggregate number of Warrants, and bearing the same legend, if applicable, as represented by the Warrant Certificate or Warrant Certificates so exchanged.

(b) Warrant Certificates may be exchanged only at the Warrant Agency or at any other place that is designated by the Corporation with the approval of the Warrant Agent. Any Warrant Certificate from the holder (or such other instructions, in

form satisfactory to the Warrant Agent), tendered for exchange shall be surrendered to the Warrant Agency and cancelled by the Warrant Agent.

(c) Warrant Certificates received in exchange for Warrant Certificates that bear the legend set forth in Section 2.10(c) shall bear the same legend, unless the Warrant Agent is otherwise instructed by counsel to the Corporation or the Corporation.

2.14 Transfer and Ownership of Warrants.

(a) The Warrants may only be transferred on the register kept by the Warrant Agent at the Warrant Agency by the holder or its legal representatives or its attorney duly appointed by an instrument in writing in form and execution satisfactory to the Warrant Agent only upon:

(i) in the case of a Warrant Certificate, surrendering to the Warrant Agent at the Warrant Agency the Warrant Certificates representing the Warrants to be transferred together with a duly executed transfer form as set forth in **Schedule "A"**;

(iv) compliance with:

(A) the conditions herein;

(B) such reasonable requirements as the Warrant Agent may prescribe; and

(C) all applicable securities laws and requirements of regulatory authorities,

and such transfer shall be duly noted in such register by the Warrant Agent. Upon compliance with such requirements, the Warrant Agent shall issue to the transferee of Warrants represented by a Warrant Certificate or DRS Advice, as applicable, a Warrant Certificate or DRS Advice representing the Warrants transferred, and to the transferee of an Uncertificated Warrant, an Uncertificated Warrant representing the Warrants transferred, or the Warrant Agent shall Authenticate and deliver a Warrant Certificate upon request that part of an Uncertificated Warrant be certificated, and the transferee of an Uncertificated Warrant shall be recorded through the relevant Participant in

accordance with the non-certificated inventory system administered by the Depository as the entitlement holder in respect of such Warrants. Transfers within the systems of the Depository are not the responsibility of the Warrant Agent and will not be noted on the register maintained by the Warrant Agent.

(b) If a Warrant Certificate or DRS Advice tendered for transfer bears the legend set forth in Section 2.10(c), the Warrant Agent shall not register such transfer unless the transferor has provided the Warrant Agent with the Warrant Certificate or DRS Advice and such securities may be transferred only: (i) to the Corporation; (ii) outside the United States in a transaction meeting the requirements of Rule 904 of Regulation S under the U.S. Securities Act and in compliance with applicable local laws and regulations; (iii) in accordance with the exemption from the registration requirements of the U.S. Securities Act provided by Rule 144 thereunder, if available, and in accordance with any applicable state securities laws; or (iv) in another transaction that does not require registration under the U.S. Securities Act or any applicable state laws and regulations governing the offer and sale of securities, after first providing to the Corporation and the Warrant Agent (A) in the case of a transfer pursuant to clause (ii), a declaration in the form of **Schedule "C"** attached hereto together with such additional documentation as the Corporation and the Warrant Agent may reasonably prescribe; and (B) in the case of a transfer pursuant to clause
(iii) or clause (iv), an opinion of U.S. counsel of recognized standing or other evidence in form and substance reasonable satisfactory to the Corporation that the offer, sale, pledge or other transfer does not require registration under the
U.S. Securities Act or applicable U.S. state securities laws. Warrants and, if applicable, underlying Common Shares, issued to a U.S. Warrantholder (and any certificates issued in replacement thereof or in substitution therefor) must be issued only in individually certificated form, subject to the requirements of Section 3.3(c).

(c) Subject to the provisions of this Indenture and Applicable Law, the Warrantholder shall be entitled to the rights and privileges attaching to the Warrants, and the issue of Common Shares by the Corporation upon the exercise of Warrants in accordance with the terms and conditions herein contained shall discharge all responsibilities of the Corporation and the Warrant Agent with respect to such Warrants and neither the Corporation nor the Warrant Agent shall be bound to inquire into the title of any such holder.

deemed cancelled and so noted on the register by the Warrant Agent. Upon request by the Corporation, the Warrant Agent shall furnish to the Corporation a cancellation certificate identifying the Warrants so cancelled, the number of Warrants evidenced thereby, the number of Common Shares, if any, issued pursuant to such Warrants, as applicable, and the details of any Warrants issued in substitution or exchange for such Warrants cancelled.

ARTICLE 3

EXERCISE OF WARRANTS

3.1 Right of Exercise.

Subject to the provisions hereof, including the restriction on exercise set out in Section 2.4(a), each Registered Warrantholder may exercise the right conferred on such holder to subscribe for and purchase one Common Share for each Warrant after the Issue Date and prior to the Expiry Time and in accordance with the conditions herein; provided however, that if a Warrant Certificate tendered for exercise bears the legend set forth in Section 2.10(c), such exercise must be permitted under the U.S. Securities Act and applicable state securities laws in accordance with the conditions set forth in Section 3.3(b).

3.2 Warrant Exercise.

(a) Registered Warrantholders of Warrants represented by a Warrant Certificate who wish to exercise the Warrants held by them in order to acquire Common Shares must, if permitted pursuant to the terms and conditions hereunder and as set forth in any applicable legend, complete the exercise form (the "**Exercise Notice**") in the form attached hereto as **Schedule "B"**, which may be amended by the Corporation with the consent of the Warrant Agent, if such amendment does not, in the reasonable opinion of the Corporation and the Warrant Agent, which may be based on the advice of Counsel, materially and adversely affect the rights, entitlements and interests of the Warrantholders, and deliver such certificate(s), the executed Exercise Notice and a certified cheque, bank draft or money order payable to or to the order of the Corporation for the aggregate Exercise Price to the Warrant Agent at the Warrant Agency. The Warrants represented by a Warrant Certificate shall be deemed to be surrendered upon personal delivery of such certificate, Exercise Notice and aggregate Exercise Price or, if such documents are sent by mail or other means of transmission, upon actual receipt thereof by the Warrant Agent at the office referred to above.

(b) A Registered Warrantholder of Uncertificated Warrants evidenced by a security entitlement in respect of Warrants must complete the Exercise Notice and deliver the executed Exercise Notice and a certified cheque, bank draft or money order payable to or to the order of the Corporation for the aggregate Exercise Price to the Warrant Agent at the Warrant Agency. The

Uncertificated Warrants shall be deemed to be surrendered upon receipt of the Exercise Notice and aggregate Exercise Price or, if such documents are sent by mail or other means of transmission, upon actual receipt thereof by the Warrant Agent at the office referred to above.

(c) A Beneficial Owner evidenced by a security entitlement in respect of Warrants in the non-certificated inventory system administered by the Depository who desires to exercise his or her Warrants must do so by causing a Participant to deliver to the Depository on behalf of the Beneficial Owner, notice of the Beneficial Owner's intention to exercise Warrants in a manner acceptable to the Depository. Forthwith upon receipt by the Depository of such notice, as well as payment for the aggregate Exercise Price, the Depository shall deliver to the Warrant Agent confirmation of its intention to exercise Warrants (a "**Confirmation**") in a manner acceptable to the Warrant Agent, including by electronic means through a non-certificated inventory system, including CDSX. An electronic exercise of the Warrants initiated by the Participant through a non-certificated inventory system, including CDSX, shall constitute a representation to both the Corporation and the Warrant Agent that the Beneficial Owner at the time of exercise of such Warrants:(A) is not in the United States; (B) is not a U.S. Person and is not exercising such Warrants on behalf of a U.S. Person or a person in the United States; and (C) did not execute or deliver the notice of the Beneficial Owner's intention to exercise such Warrants in the United States. If the Participant is not able to make or deliver the foregoing representations by initiating the electronic exercise of the Warrants, then such Warrants shall be withdrawn from the non-certificated inventory system, including CDSX, by the Participant and an individually registered Warrant Certificate shall be issued by the Warrant Agent to such Beneficial Owner or Participant and the exercise procedures set forth in Section 3.2(a) and Section 3.2(b) shall be followed.

(d) Payment representing the aggregate Exercise Price must be provided to the appropriate office of the Participant in a manner acceptable to it. A notice in form acceptable to the Participant and payment from such beneficial holder should be provided to the Participant sufficiently in advance so as to permit the Participant to deliver notice and payment to the Depository and for the Depository in turn to deliver notice and payment to the Warrant Agent prior to the Expiry Time. The Depository will initiate the exercise by way of the Confirmation and forward the aggregate Exercise Price electronically to the Warrant Agent and the Warrant Agent will execute the exercise by issuing to the Depository through the non-certificated inventory system administered by the Depository the Common Shares to which the exercising Warrantholder is entitled pursuant to the exercise. Any expense associated with the exercise process will be for the account of the entitlement holder

exercising the Warrants and/or the Participant exercising the Warrants on its behalf.

(e) By causing a Participant to deliver notice to the Depository, a Beneficial Owner shall be deemed to have irrevocably surrendered his or her Warrants so exercised and appointed such Participant to act as his or her exclusive settlement agent with respect to the exercise and the receipt of Common Shares in connection with the obligations arising from such exercise.

(f) Any notice which the Depository determines to be incomplete, not in proper form or not duly executed shall for all purposes be void and of no effect and the exercise to which it relates shall be considered for all purposes not to have been exercised thereby. A failure by a Participant to exercise or to give effect to the settlement thereof in accordance with the Beneficial Owner's instructions will not give rise to any obligations or liability on the part of the Corporation or Warrant Agent to the Participant or the Beneficial Owner.

(g) The Exercise Notice referred to in this Section 3.2 shall be signed by the Registered Warrantholder, or its executors or administrators or other legal representatives or an attorney of the Registered Warrantholder, duly appointed by an instrument in writing satisfactory to the Warrant Agent but such Exercise Notice need not be executed by the Depository.

(h) Any exercise referred to in this Section 3.2 shall require that the entire Exercise Price for Common Shares exercised for must be paid at the time of exercise and such Exercise Price and original Exercise Notice executed by the Registered Warrantholder or the Confirmation from the Depository must be received by the Warrant Agent prior to the Expiry Time.

(i) Notwithstanding the foregoing in this Section 3.2, Warrants may only be exercised pursuant to this Section 3.2 by or on behalf of a Registered Warrantholder (excluding the Depository) who is permitted to and makes one of the certifications set forth on the Exercise Notice and delivers, if applicable, any opinion or other evidence as required by the Corporation.

(j) If the form of Exercise Notice set forth in the Warrant Certificate shall have been amended, the Corporation shall cause the amended Exercise Notice to be forwarded to all Registered Warrantholders.

(k) Exercise Notices and Confirmations must be delivered to the Warrant Agent at any time during the Warrant Agent's actual business hours on any Business Day prior to the Expiry Time. Any Exercise Notice or Confirmation received by the Warrant Agent after business hours on any Business Day other than the Expiry Date will be deemed to have been received by the Warrant Agent on the next following Business Day.

(l) Any Warrant with respect to which a Confirmation or Exercise Notice is not received by the Warrant Agent before the Expiry Time shall be deemed to have expired and become void and all rights with respect to such Warrants shall terminate and be cancelled.

3.3 U.S. Restrictions; Legended Certificates

(a) Subject to Section 3.2(b) below, (i) Warrants may not be exercised by or on behalf of any person in the United States or any U.S. Person; and (ii) no Common Shares issued upon exercise of Warrants may be delivered to any address in the United States.

(b) Notwithstanding Section 3.3(a), Warrants which bear the legend set forth in Section 2.10(c) may be exercised in the United States or for the account or benefit of a U.S. Person or a person in the United States, and Common Shares issued upon exercise of any such Warrants may be delivered to an address in the United States, provided that the Person exercising the Warrants provides, in form and substance satisfactory to the Corporation, a legal opinion which confirms that the issuance of the Common Shares is exempt from registration under the U.S. Securities Act and all applicable U.S. state securities laws; *provided however* that, for greater certainty, in the case of a Warrantholder that is an Original U.S. Purchaser, such Warrantholder will not be required to deliver an opinion of counsel in connection with the due exercise of the Warrants at a time when the representations, warranties and covenants made by the Warrantholder in the U.S. AI Certificate remain true and correct at the time of exercise and the Warrantholder represents to the Corporation as such.

(c) Common Shares, issued to, or for the account or benefit of, a U.S. Warrantholder as indicated on the Exercise Notice duly completed and executed by such U.S. Warrantholder in the form annexed to this Indenture as **Schedule "B"** (and any certificates or DRS Advice issued in replacement thereof or in substitution therefor) must be issued only in individually certificated form or by DRS Advice. Certificates or DRS Advices representing Common Shares issued upon the exercise of Warrants, pursuant to box B on the Exercise Notice, shall bear the legend set forth in Section 2.10(c).

3.4 Transfer Fees and Taxes.

If any of the Common Shares issued upon exercise of Warrants for are to be issued to a person or persons other than the Registered Warrantholder, the Registered Warrantholder shall execute the form of transfer and will comply with such reasonable requirements as the Warrant Agent may stipulate and will pay to the Corporation or the Warrant Agent on behalf of the Corporation, all applicable transfer or similar taxes and the Corporation will not be required to issue or deliver certificates or DRS Advices evidencing

Common Shares unless or until such Warrantholder shall have paid to the Corporation or the Warrant Agent on behalf of the Corporation, the amount of such tax or shall have established to the satisfaction of the Corporation and the Warrant Agent that such tax has been paid or that no tax is due.

3.5 Warrant Agency.

To facilitate the exchange, transfer or exercise of Warrants and compliance with such other terms and conditions hereof as may be required, the Corporation has appointed the Warrant Agent at the Warrant Agency, as the agency at which Warrants may be surrendered for exchange or transfer or at which Warrants may be exercised and the Warrant Agent has accepted such appointment. The Corporation may from time to time designate alternate or additional places as the Warrant Agency (subject to the Warrant Agent's prior approval) and will give notice to the Warrant Agent of any proposed change of the Warrant Agency. Branch registers shall also be kept at such other place or places, if any, as the Corporation, with the approval of the Warrant Agent, may designate. The Warrant Agent will from time to time when requested to do so by the Corporation or any Registered Warrantholder, subject to Section 2.11(a), upon payment of the Warrant Agent's reasonable charges, furnish a list of the names and addresses of Registered Warrantholders showing the number of Warrants held by each such Registered Warrantholder.

3.6 Effect of Exercise of Warrants.

(a) Upon the exercise of Warrants pursuant to and in compliance with Section 3.2 and subject to Section 3.3 and Section 3.4, the Common Shares to be issued pursuant to the Warrants exercised shall be issued or deemed to have been issued and the person or persons to whom such Common Shares are to be issued shall become or be deemed to have become the holder or holders of record of such Common Shares on the Exercise Date unless the register shall be closed on such date, in which case the Common Shares subscribed for shall be issued or deemed to have been issued and such person or persons become or be deemed to have become the holder or holders of record of such Common Shares, on the date on which such register is reopened. It is hereby understood that in order for persons to whom Common Shares are to be issued to become holders of Common Shares of record on the Exercise Date, beneficial holders must commence the exercise process sufficiently in advance so that the Warrant Agent is in receipt of all items of exercise at least one Business Day prior to such Exercise Date.

(b) Within five Business Days after the Exercise Date with respect to a Warrant, the Warrant Agent shall use reasonable commercial efforts to cause to be delivered or mailed to the person or persons in whose name or names the Warrant is registered or, as directed on the Exercise Notice if so specified in writing by the holder, cause to be delivered to such person or persons at the Warrant Agency where the Warrant Certificate or DRS Advice was

surrendered, a certificate or certificates for the appropriate number of Common Shares subscribed for, or any other appropriate evidence of the issuance of Common Shares to such person or persons in respect of Common Shares issued under the non-certificated inventory system administered by the Depository or such other non- certificated inventory system maintained by the registrar and transfer agent of the Common Shares.

3.7 Partial Exercise of Warrants; Fractions.

(a) The holder of any Warrants may exercise its right to acquire a number of whole Common Shares less than the aggregate number which the holder is entitled to acquire. In the event of any exercise of a number of Warrants less than the number which the holder is entitled to exercise, the holder of Warrants upon such exercise shall, in addition, be entitled to receive, without charge therefor, a new Warrant Certificate(s) or DRS Advice(s)bearing the same legend, if applicable, or other appropriate evidence of Warrants, in respect of the balance of the Warrants held by such holder and which were not then exercised.

(b) Notwithstanding anything herein contained including any adjustment provided for in Section 4.1, the Corporation shall not be required, upon the exercise of any Warrants, to issue fractions of Common Shares. Warrants may only be exercised in a sufficient number to acquire whole numbers of Common Shares. Any fractional Common Shares shall be rounded down to the nearest whole number and the holder of such Warrants shall not be entitled to any compensation in respect of any fractional Common Share which is not issued.

3.8 Expiration of Warrants.

Immediately after the Expiry Time, all rights under any Warrant in respect of which the right of acquisition provided for herein shall not have been exercised shall cease and terminate and each Warrant shall be void and of no further force or effect.

3.9 Accounting and Recording.

(a) The Warrant Agent shall promptly account to the Corporation with respect to Warrants exercised, and shall promptly forward to the Corporation (or into an account or accounts of the Corporation with the bank or trust company designated by the Corporation for that purpose), all monies received by the Warrant Agent on the issuance of Common Shares from the exercise of Warrants. All such monies and any securities or other instruments, from time to time received by the Warrant Agent, shall be received in trust for thebenefit of, and shall be segregated and kept apart by the Warrant Agent for, the Warrantholders and the Corporation as their interests may appear.

(b) The Warrant Agent shall record the particulars of Warrants exercised, which particulars shall include the names and addresses of the persons who become holders of Common Shares on exercise and the Exercise Date, in respect thereof. The Warrant Agent shall provide such particulars in writing to the Corporation within three Business Days of any request by the Corporation therefor.

3.10 Securities Restrictions.

Notwithstanding anything herein contained, Common Shares will be issued upon exercise of a Warrant only in compliance with the securities laws of any applicable jurisdiction.

ARTICLE 4

ADJUSTMENT OF NUMBER OF COMMON SHARES AND EXERCISE PRICE

4.1 Adjustment of Number of Common Shares and Exercise Price.

Subject to the prior consent of the Exchange of any of the events described in this Article 4, if required, the exercise rights in effect under the Warrants for Common Shares shall be subject to adjustment from time to time as follows:

(a) if, at any time during the Adjustment Period, the Corporation shall:

(i) subdivide, re-divide or change its outstanding Common Shares into a greater number of Common Shares;

(ii) reduce, combine or consolidate its outstanding Common Shares into a lesser number of Common Shares; or

(iii) issue Common Shares or securities exchangeable for, or convertible into, Common Shares to all or substantially all of the holders of Common Shares by way of stock dividend or other distribution (other than a distribution of Common Shares upon the exercise of Warrants or any outstanding options issued as of the date of this Indenture);

(any of such events in 4.1(a)(i), (ii) or (iii) being called a "**Common Share Reorganization**") then the Exercise Price shall be adjusted as of the effect on the effective date or record date of such Common Share Reorganization and shall in the case of the events referred to in (i) or (iii) above be decreased in proportion to the number of outstanding Common Shares resulting from such subdivision, re-division, change or distribution, or shall, in the case of the events referred to in (ii) above, be increased in proportion to the number of outstanding Common Shares resulting from such reduction, combination or consolidation, as the case may be, by multiplying the Exercise Price in effect immediately prior to such effective date or record date by a fraction,

the numerator of which shall be the number of Common Shares outstanding on such effective date or record date before giving effect to such Common Share Reorganization and the denominator of which shall be the number of Common Shares outstanding as of the effective date or record date after giving effect to such Common Share Reorganization (including, in the case where securities exchangeable for or convertible into Common Sharesare distributed, the number of Common Shares that would have been outstanding had such securities been exchanged for or converted into Common Shares on such record date or effective date). Such adjustment shall be made successively whenever any event referred to in this Section 4.1(a) shall occur. Upon any adjustment of the Exercise Price pursuant to this Section 4.1(a), the Exchange Rate shall be contemporaneously adjusted by multiplying the number of Common Shares theretofore obtainable on the exercise thereof by a fraction of which the numerator shall be the Exercise Price in effect immediately prior to such adjustment and the denominator shall be the Exercise Price resulting from such adjustment;

(b) if and whenever at any time during the Adjustment Period, the Corporation shall fix a record date for the issuance of rights, options or warrants to all or substantially all the holders of its outstanding Common Shares entitling them, for a period expiring not more than 45 days after such record date, tosubscribe for or purchase Common Shares (or securities convertible or exchangeable into Common Shares) at a price per Common Share (or having a conversion or exchange price per Common Share) less than 95% of the Current Market Price on such record date (a "**Rights Offering**"), the Exercise Price shall be adjusted immediately after such record date so that it shall equal the amount determined by multiplying the Exercise Price in effect on such record date by a fraction, of which the numerator shall be the total number of Common Shares outstanding on such record date plus a number of Common Shares equal to the number arrived at by dividing the aggregate price of the total number of additional Common Shares offered for subscription or purchase (or the aggregate conversion or exchange price of the convertible or exchangeable securities so offered) by the Current Market Price and of which the denominator shall be the total number of Common Shares outstanding on such record date plus the total number of additional Common Shares offered for subscription or purchase or into which the convertible or exchangeable securities so offered are convertible or exchangeable; any Common Shares owned by or held for the account of the Corporation shall be deemed not to be outstanding for the purpose of any such computation; such adjustment shall be made successively whenever such a record date is fixed; to the extent that no such rights, options or warrants are exercised prior to the expiration thereof, the Exercise Price shall be readjusted to the Exercise Price which would then be in effect if such record date had not been fixed or, if any such rights, options or warrants are exercised, to the Exercise Price which would then be in effect based upon the

number of Common Shares (or securities convertible or exchangeable into Common Shares) actually issued upon the exercise of such rights or warrants, as the case may be. Upon any adjustment of the Exercise Price pursuant to this Section 4.1(b), the Exchange Rate will be adjusted immediately after such record date so that it will equal the rate determined by multiplying the Exchange Rate in effect on such record date by a fraction, of which the numerator shall be the Exercise Price in effect immediately prior to such adjustment and the denominator shall be the Exercise Price resulting from such adjustment. Such adjustment will be made successively whenever such a record date is fixed, provided that if two or more such record dates or record dates referred to in this Section 4.1(b) are fixed within a period of 25 Trading Days, such adjustment will be made successively as if each of such record dates occurred on the earliest of such record dates;

(c) if and whenever at any time during the Adjustment Period the Corporation shall fix a record date for the making of a distribution to all or substantially all the holders of its outstanding Common Shares of (i) securities of any class, whether of the Corporation or any other entity (other than Common Shares); (ii) rights, options or warrants to subscribe for or purchase Common Shares (or other securities convertible into or exchangeable for Common Shares), other than pursuant to a Rights Offering; (iii) evidences of its indebtedness; or (iv) any property or other assets then, in each such case, the Exercise Price shall be adjusted immediately after such record date so that it shall equal the price determined by multiplying the Exercise Price in effect on such record date by a fraction, of which the numerator shall be the total number of Common Shares outstanding on such record date multiplied by the Current Market Price on such record date, less the excess, if any, of the fair market value on such record date, as determined by the directors of the Corporation (whose determination, absent manifest error, shall be conclusive) subject to any requisite approval of the Exchange, of such securities or other assets so issued or distributed over the fair market value of any consideration received therefor by theCorporation from the holders of the Common Shares, and of which the denominator shall be the total number of Common Shares outstanding on such record date multiplied by the Current Market Price; any Common Shares owned by or held for the account of the Corporation shall be deemed not to be outstanding for the purpose of any such computation; such adjustment shall be made successively whenever such a record date is fixed; to the extent that such distribution is not so made, the Exercise Price shall be readjusted to the Exercise Price which would then be in effect if such record date had not been fixed. Upon any adjustment of the Exercise Price pursuant to this Section 4.1(c), the Exchange Rate will be adjusted immediately after such record date so that it will equal the rate determined by multiplying the Exchange Rate in effect on such record date by a fraction, of which the numerator shall be the Exercise Price in effect

immediately prior to such adjustment and the denominator shall be the Exercise Price resulting from such adjustment;

(d) if and whenever at any time during the Adjustment Period, there is a reclassification of the Common Shares or a capital reorganization of the Corporation other than as described in Section 4.1(a) or a reclassification, change, capital reorganization, consolidation, amalgamation, arrangement or merger of the Corporation with or into any other body corporate, trust, partnership or other entity, or a transfer, sale or conveyance of the property and assets of the Corporation as an entirety or substantially as an entirety to any other body corporate, trust, partnership or other entity, any Registered Warrantholder who has not exercised its right of acquisition prior to the effective date of such reclassification, change, capital reorganization, consolidation, amalgamation, arrangement, merger, transfer, sale or conveyance, upon the exercise of such right thereafter, shall be entitled to receive upon payment of the Exercise Price and shall accept, in lieu of the number of Common Shares that prior to such effective date the Registered Warrantholder would have been entitled to receive, the number of shares or other securities or property of the Corporation or of the body corporate, trust, partnership or other entity resulting from such reclassification, change, capital reorganization, consolidation, amalgamation, arrangement or merger, or to which such transfer, sale or conveyance may be made, as the case may be, that such Registered Warrantholder would have been entitled to receive on such reclassification, change, capital reorganization, consolidation, amalgamation, arrangement or merger, transfer, sale or conveyance, if, on the effective date thereof, as the case may be, the Registered Warrantholder had been the registered holder of the number of Common Shares to which prior to such effective date it was entitled to acquire upon the exercise of the Warrants. If determined appropriate by the Warrant Agent, relying on advice of Counsel, to give effect to or to evidence the provisions of this Section 4.1(d), the Corporation, its successor, or such purchasing body corporate, partnership, trust or other entity, as the case may be, shall, prior to or contemporaneously with

any such reclassification, capital reorganization, consolidation, amalgamation, arrangement or merger, transfer, sale or conveyance, enter into an indenture which shall provide, to the extent possible, for the application of the provisions set forth in this Indenture with respect to the rights and interests thereafter of the Registered Warrantholders to the end that the provisions set forth in this Indenture shall thereafter correspondingly be made applicable, as nearly as may reasonably be possible, with respect to any shares, other securities or property to which a Registered Warrantholder is entitled on the exercise of its acquisition rights thereafter. Any indenture entered into between the Corporation and the Warrant Agent pursuant to the provisions of this Section 4.1(d) shall be a supplemental indenture entered into pursuant to the provisions of Article 8 hereof. Any indenture entered into between the Corporation, any successor to the Corporation or such purchasing body corporate, partnership, trust or other entity and the Warrant Agent shall provide for adjustments which shall be as nearly equivalent as may be practicable to the adjustments provided in this Section 4.1 and which shall apply to successive reclassifications, changes, capital reorganizations, consolidations, amalgamations, arrangements, mergers, sales or conveyances;

(e) in any case in which this Section 4.1 shall require that an adjustment shall become effective immediately after a record date for an event referred to herein, the Corporation may defer, until the occurrence of such event, issuing to the Registered Warrantholder of any Warrant exercised after the record date and prior to completion of such event the additional Common Shares issuable upon such exercise by reason of the adjustment required by such event before giving effect to such adjustment; provided, however, that the Corporation shall deliver to such Registered Warrantholder an appropriate instrument evidencing such Registered Warrantholder's right to receive such additional Common Shares upon the occurrence of the event requiring such adjustment and the right to receive any distributions made on such additional Common Shares declared in favour of holders of record of Common Shares on and after the relevant date of exercise or such later date as such Registered Warrantholder would, but forthe provisions of this Section 4.1(e), have become the holder of record of such additional Common Shares pursuant to Section 4.1;

(f) in any case in which Section 4.1(a)(iii), Section 4.1(b) or Section 4.1(c) require that an adjustment be made to the Exercise Price, no such adjustment shall be made if the Registered Warrantholders of the outstanding Warrants receive, subject to any required Exchange or regulatory approval, the rights or warrants referred to in Section 4.1(a)(iii), Section 4.1(b) or the shares, rights, options, warrants, evidences of indebtedness or assets referred to in Section 4.1(c), as the case may be, in such kind and number as they would

have received if they had been holders of Common Shares on the applicable record date or effective date, as the case may be, by virtue of their outstanding Warrants having then been exercised into Common Shares at the Exercise Price in effect on the applicable record date or effective date, as the case may be;

(g) the adjustments provided for in this Section 4.1 are cumulative, and shall, in the case of adjustments to the Exercise Price be computed to the nearest whole cent and shall apply to successive subdivisions, re-divisions, changes, reductions, combinations, consolidations, distributions, dividends, issues or other events resulting in any adjustment under the provisions of this Section 4.1, provided that, notwithstanding any other provision of this Section 4.1, no adjustment of the Exercise Price shall be required unless such adjustment would require an increase or decrease of at least 1% in the Exercise Price then in effect; provided, however, that any adjustments which by reason of this Section 4.1(g) are not required to be made shall be carried forward and taken into account in any subsequent adjustment; and

(h) after any adjustment pursuant to this Section 4.1, the term "**Common Shares**" where used in this Indenture shall be interpreted to mean securities of any class or classes which, as a result of such adjustment and all prior adjustments pursuant to this Section 4.1, the Registered Warrantholder is entitled to receive upon the exercise of its Warrant, and the number of Common Shares indicated by any exercise made pursuant to a Warrant shall be interpreted to mean the number of Common Shares or other property or securities a Registered Warrantholder is entitled to receive, as a result of such adjustment and all prior adjustments pursuant to this Section 4.1, upon the full exercise of a Warrant.

4.2 Entitlement to Common Shares on Exercise of Warrant.

All Common Shares or shares of any class or other securities, which a Registered Warrantholder is at the time in question entitled to receive on the exercise of its Warrant, whether or not as a result of adjustments made pursuant to this Article 4, shall, for the purposes of the interpretation of this Indenture, be deemed to be Common Shares which such Registered Warrantholder is entitled to acquire pursuant to such Warrant.

4.3 No Adjustment for Certain Transactions.

Notwithstanding anything in this Article 4, no adjustment shall be made in the acquisition rights attached to the Warrants if the issue of Common Shares is being made pursuant to this Indenture or in connection with (a) any share incentive plan or restricted share plan or share purchase plan in force from time to time for directors, officers, employees, consultants or other service providers of the Corporation, which plan has been approved by the board of directors of the Corporation; or (b) the satisfaction of existing instruments issued at the date hereof.

4.4 Determination by Independent Firm.

In the event of any question arising with respect to the adjustments provided for in this Article 4 such question shall be conclusively determined by an independent firm of chartered professional accountants other than the Auditors, who shall have access to all necessary records of the Corporation, and such determination shall be binding upon the Corporation, the Warrant Agent, all holders and all other persons interested therein. Notwithstanding the foregoing, such determination shall be subject to the receipt of any required approval by the Exchange, as applicable.

4.5 Proceedings Prior to any Action Requiring Adjustment.

As a condition precedent to the taking of any action which would require an adjustment in any of the acquisition rights pursuant to any of the Warrants, including the number of Common Shares which are to be received upon the exercise thereof, the Corporation shall take any action which may, in the opinion of Counsel, be necessary in order that the Corporation has unissued and reserved in its authorized capital and may validly and legally issue as fully paid and non-assessable all the Common Shares which the holders of such Warrants are entitled to receive on the full exercise thereof in accordance with the provisions hereof.

4.6 Certificate of Adjustment.

The Corporation shall from time to time immediately after the occurrence of any event which requires an adjustment or readjustment as provided in Section 4.1, deliver a certificate of the Corporation to the Warrant Agent specifying the nature of the event requiring the same and the amount of the adjustment or readjustment necessitated thereby and setting forth in reasonable detail the method of calculation and the facts upon which such calculation is based, which certificate shall be supported by a certificate of the Corporation's Auditors verifying such calculation. The Warrant Agent shall rely, and shall be protected in so doing, upon the certificate of the Corporation or of the Corporation's Auditor and any other document filed by the Corporation pursuant to this Article 4 for all purposes.

4.7 Notice of Special Matters.

The Corporation covenants with the Warrant Agent that, so long as any Warrant remains outstanding, it will give notice to the Warrant Agent and to the Registered Warrantholders of its intention to fix a record date that is prior to the Expiry Date for any matter for which an adjustment may be required pursuant to Section 4.1. Such notice shall specify the particulars of such event and the record date for such event, provided that the Corporation shall only be required to specify in the notice such particulars of the event as shall have been fixed and determined on the date on which the notice is given. The notice shall be given in each case not less than 14 days prior to such applicable record date. If notice has been given and the adjustment is not then determinable, the Corporation shall promptly, after the adjustment is determinable, file with the Warrant Agent a computation

of the adjustment and give notice to the Registered Warrantholders of such adjustment computation.

4.8 No Action after Notice; Postponement of Subscription.

The Corporation covenants with the Warrant Agent that it will not close its transfer books or take any other corporate action which might deprive the Registered Warrantholder of the opportunity to exercise its right of acquisition pursuant thereto during the period of 14 days after the giving of the certificate or notices set forth in Section 4.6 and Section 4.7. Notwithstanding the foregoing, and subject to Section 4.1(e), in any case where the application of Section 4.1 results in an increase in the number of Common Shares that are issuable upon exercise of the Warrants taking effect immediately after the record date for a specific event, if any Warrant is exercised after that record date and prior to completion of such specific event, the Corporation may postpone the issuance to the Warrantholder of the Common Shares to which the Warrantholder is entitled by reason of such adjustment, but such Common Shares shall be so issued and delivered to that holder upon completion of that event, with the number of such Common Shares calculated on the basis of the number of Common Shares on the date that the Warrant was exercised, adjusted for completion of that event and the Corporation shall deliver to the person or persons in whose name or names the Common Shares are to be issued an appropriate instrument evidencing the right of such person or persons to receive such Common Shares and the right to receive any Dividends or other distributions which, but for the provisions of this Section 4.8, such person or persons would have been entitled to receive in respect of such Common Shares from and after the date that the Warrant was exercised in respect thereof.

4.9 Other Action.

If the Corporation, after the date hereof, shall take any action affecting the Common Shares other than action described in Section 4.1, which in the reasonable opinion of the directors of the Corporation would materially affect the rights of Registered Warrantholders, the Exercise Price and/or Exchange Rate, the number of Common Shares which may be acquired upon exercise of the Warrants shall be adjusted in such manner and at such time, by action of the directors of the Corporation, acting reasonably and in good faith, in their sole discretion as they may determine to be equitable to the Registered Warrantholders in the circumstances, provided that no such adjustment will be made unless any requisite prior approval of any stock exchange on which the Common Shares are listed for trading has been obtained.

4.10 Protection of Warrant Agent.

The Warrant Agent shall not:

(a) at any time be under any duty or responsibility to any Registered Warrantholder to determine whether any facts exist which may require any adjustment contemplated by Section 4.1, or with respect to the nature or

extent of any such adjustment when made, or with respect to the method employed in making the same;

(b) be accountable with respect to the validity or value (or the kind or amount) of any Common Shares or of any other securities or property which may at any time be issued or delivered upon the exercise of the rights attaching to any Warrant;

(c) be responsible for any failure of the Corporation to issue, transfer or deliver Common Shares or certificates for the same upon the surrender of any Warrants for the purpose of the exercise of such rights or to comply with any of the covenants contained in this Article 4; and

(d) incur any liability or be in any way responsible for the consequences of any breach on the part of the Corporation of any of the representations, warranties or covenants herein contained or of any acts of the directors, officers, employees, agents or servants of the Corporation.

4.11 Participation by Warrantholder.

No adjustments shall be made pursuant to this Article 4 if the Registered Warrantholders are entitled to participate in any event described in this Article 4 on the same terms, *mutatis mutandis*, as if the Registered Warrantholders had exercised their Warrants prior to, or on the effective date or record date of, such event and any such participation will be subject to any requisite approval of the Exchange.

ARTICLE 5

RIGHTS OF THE CORPORATION AND COVENANTS

5.1 Optional Purchases by the Corporation.

Subject to compliance with applicable securities laws and approval of applicable regulatory authorities, if any, the Corporation may from time to time purchase by private contract or otherwise any of the Warrants. Any such purchase shall be made at the lowest price or prices at which, in the opinion of the board of directors of the Corporation, such Warrants are then obtainable, plus reasonable costs of purchase, and may be made in such manner, from such persons and on such other terms as the Corporation, in its sole discretion, may determine. In the case of Warrants represented by a Warrant Certificate, Warrant Certificates representing the Warrants purchased pursuant to this Section 5.1 shall forthwith be delivered to and cancelled by the Warrant Agent and reflected accordingly on the register of Warrants. In the case of Uncertificated Warrants, the Warrants purchased pursuant to this Section 5.1 shall be reflected accordingly on the register of Warrants and in accordance with procedures prescribed by the Depository under the non-certificated

inventory system administered by the Depository, or, in the case of Uncertificated Warrants represented by DRS Advice, reflected. No Warrants shall be issued in replacement thereof.

5.2 General Covenants.

The Corporation covenants with the Warrant Agent that so long as any Warrants remain outstanding:

(a) it will reserve and keep available a sufficient number of Common Shares for the purpose of enabling it to satisfy its obligations to issue Common Shares upon the exercise of the Warrants;

(b) it will cause the Common Shares from time to time acquired pursuant to the exercise of the Warrants to be duly issued and delivered in accordance with the Warrants and the terms hereof;

(c) upon payment of the aggregate Exercise Price therefor, all Common Shares which shall be issued upon exercise of the right to acquire provided for herein shall be fully paid and non-assessable, free and clear of all encumbrances;

(d) it will use reasonable commercial efforts to ensure that all Common Shares outstanding or issuable from time to time (including without limitation the Common Shares issuable on the exercise of the Warrants) continue to be or are listed and posted for trading on an Exchange, provided that this clause shall not be construed as limiting or restricting the Corporation from completing a consolidation, amalgamation, arrangement, takeover bid or merger that would result in the Common Shares ceasing to be listed and posted for trading on an Exchange, so long as the holders of Common Shares receive cash or the holders of the Common Shares have approved the transaction in accordance with the requirements of applicable corporate and securities laws and the policies ofthe Exchange;

(e) generally, it will well and truly perform and carry out all of the acts or things to be done by it as provided in this Indenture; and

(f) it will promptly notify the Warrant Agent and the Warrantholders in writing of any default under the terms of this Indenture which remains unrectified for more than five Business Days following its occurrence.

5.3 Warrant Agent's Remuneration and Expenses.

The Corporation covenants that it will pay to the Warrant Agent from time to time reasonable remuneration for its services hereunder and will pay or reimburse the Warrant Agent upon its written request for all reasonable expenses, disbursements and advances incurred or made by the Warrant Agent in the administration or execution of its duties

hereby created (including the reasonable compensation and the disbursements of its Counsel and all other advisers and assistants not regularly in its employ) both before any default hereunder and thereafter until all duties of the Warrant Agent hereunder shall be finally and fully performed, except any such expense, disbursement or advance as may arise out of or result from the Warrant Agent's gross negligence, wilful misconduct, bad faith or fraud. Any amount owing hereunder and remaining unpaid after 30 days from the invoice date will bear interest at the then current rate charged by the Warrant Agent against unpaid invoices and shall be payable upon demand. This Section 5.3 shall survive the resignation or removal of the Warrant Agent and/or the termination of this Indenture.

5.4 Performance of Covenants by Warrant Agent.

If the Corporation shall fail to perform any of its covenants contained in this Indenture, the Warrant Agent may notify the Registered Warrantholders of such failure on the part of the Corporation and may itself perform any of the covenants capable of being performed by it but, subject to Section 9.2, shall be under no obligation to perform said covenants or to notify the Registered Warrantholders of such performance by it. All sums expended or advanced by the Warrant Agent in so doing shall be repayable as provided in Section 5.3. No such performance, expenditure or advance by the Warrant Agent shall relieve the Corporation of any default hereunder or of its continuing obligations under the covenants herein contained.

5.5 Enforceability of Warrants.

The Corporation represents, warrants, covenants and agrees that it is duly authorized to create and issue the Warrants to be issued hereunder and that the Warrants, when issued and Authenticated as herein provided, will be valid and enforceable against the Corporation in accordance with the provisions hereof and the terms hereof and that, subject to the provisions of this Indenture, the Corporation will cause the Common Shares from time to time acquired upon exercise of Warrants issued under this Indenture to be duly issued and delivered in accordance with the terms of this Indenture.

ARTICLE 6

ENFORCEMENT

6.1 Suits by Registered Warrantholders.

All or any of the rights conferred upon any Registered Warrantholder by any of the terms of this Indenture may be enforced by the Registered Warrantholder by appropriate proceedings but without prejudice to the right which is hereby conferred upon the Warrant Agent to proceed in its own name to enforce each and all of the provisions herein contained for the benefit of the Registered Warrantholders.

6.2 Suits by the Corporation.

The Corporation shall have the right to enforce full payment of the Exercise Price of all Common Shares issued by the Warrant Agent to a Registered Warrantholder hereunder and shall be entitled to demand such payment from the Registered Warrantholder or alternatively to instruct the Warrant Agent to cancel the share certificates representing such Common Shares and amend the securities register of the Corporation accordingly.

6.3 Immunity of Shareholders, etc.

Subject to any rights or remedies available to the Warrant Agent and the Warrantholders under Applicable Law or otherwise, the Warrant Agent and the Warrantholders hereby waive and release any right, cause of action or remedy now or hereafter existing in any jurisdiction against any incorporator or any past, present or future shareholder, trustee, employee or agent of the Corporation or any successor entity on any covenant, agreement, representation or warranty by the Corporation herein or in the Warrant Certificates.

6.4 Waiver of Default.

Upon the happening of any default hereunder:

(a) the Registered Warrantholders of not less than 51% of the Warrants then outstanding shall have power (in addition to the powers exercisable by Extraordinary Resolution) by requisition in writing to instruct the Warrant Agent to waive any default hereunder and the Warrant Agent shall thereupon waive the default upon such terms and conditions as shall be prescribed in such requisition; or

(b) the Warrant Agent shall have power to waive any default hereunder upon such terms and conditions as the Warrant Agent may deem advisable, on the advice of Counsel, if, in the Warrant Agent's opinion, based on the advice of Counsel, the same shall have been cured or adequate provision made therefor,

provided that no delay or omission of the Warrant Agent or of the Registered Warrantholders to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence therein and provided further that no act or omission either of the Warrant Agent or of the Registered Warrantholders in the premises shall extend to or be taken in any manner whatsoever to affect any subsequent default hereunder of the rights resulting therefrom.

ARTICLE 7

MEETINGS OF REGISTERED WARRANTHOLDERS

7.1 Right to Convene Meetings.

The Warrant Agent may at any time and from time to time, and shall on receipt of a written request of the Corporation or of a Warrantholders' Request and upon being indemnified and funded to its reasonable satisfaction by the Corporation or by the Registered Warrantholders signing such Warrantholders' Request against the costs which may be incurred in connection with the calling and holding of such meeting, convene a meeting of the Registered Warrantholders. If the Warrant Agent fails to so call a meeting within seven days after receipt of such written request of the Corporation or within 30 days after receipt of such Warrantholders' Request and the indemnity and funding given as aforesaid, the Corporation or such Registered Warrantholders, as the case may be, may convene such meeting. Every such meeting shall be held in Toronto, Ontario, at such other place in Canada or by telephonic or other electronic means, as may be approved or determined by the Warrant Agent with the consent of the Corporation. A person participating in a meeting held by telephonic or other electronic means shall be deemed to be present in person at such meeting.

7.2 Notice.

At least 21 days' prior written notice of any meeting of Registered Warrantholders shall be given to the Registered Warrantholders in the manner provided for in Section 10.2 and a copy of such notice shall be sent by mail to the Warrant Agent (unless the meeting has been called by the Warrant Agent) and to the Corporation (unless the meeting has been called by the Corporation). Such notice shall state the time when and the place where the meeting is to be held, shall state briefly the general nature of the business to be transacted thereat and shall contain such information as is reasonably necessary to enable the Registered Warrantholders to make a reasoned decision on the matter, but it shall not be necessary for any such notice to set out the terms of any resolution to be proposed or any of the provisions of this this Article 7.

7.3 Chairman.

An individual (who need not be a Registered Warrantholder) designated in writing by the Warrant Agent shall be chairman of the meeting and if no individual is so designated, or if the individual so designated is not present within fifteen minutes from the time fixed for the holding of the meeting, the Registered Warrantholders present in person or by proxy shall choose an individual present to be chairman.

7.4 Quorum.

Subject to the provisions of Section 7.11, at any meeting of the Registered Warrantholders a quorum shall consist of Registered Warrantholder(s) present in person or by proxy and entitled to purchase at least 25% of the aggregate number of Common Shares which could be acquired pursuant to all the then outstanding Warrants. If a quorum of the Registered Warrantholders shall not be present within 30 minutes from the time fixed for holding any meeting, the meeting, if summoned by Registered Warrantholders or on a Warrantholders' Request, shall be dissolved; but in any other case the meeting shall be adjourned to the same day in the next week (unless such day is not a Business Day, in which

case it shall be adjourned to the next following Business Day) at the same time and place and no notice of the adjournment need be given. Any business may be brought before or dealt with at an adjourned meeting which might have been dealt with at the original meeting in accordance with the notice calling the same. No business shall be transacted at any meeting unless a quorum is present at the commencement of business. At the adjourned meeting the Registered Warrantholders present in person or by proxy shall form a quorum and may transact the business for which the meeting was originally convened, notwithstanding that they may not be entitled to acquire at least 25% of the aggregate number of Common Shares which may be acquired pursuant to all then outstanding Warrants.

7.5 Power to Adjourn.

The chairman of any meeting at which a quorum of the Registered Warrantholders is present may, with the consent of the meeting, adjourn any such meeting, and no notice of such adjournment need be given except such notice, if any, as the meeting may prescribe.

7.6 Show of Hands; Other Means of Voting.

Every question submitted to a meeting shall be decided in the first place by a majority of the votes given on a show of hands or by other means as the Warrant Agent, or the Corporation with the approval of the Warrant Agent, may deem appropriate, except that votes on an Extraordinary Resolution shall be given in the manner hereinafter provided. At any such meeting, unless a poll is duly demanded as herein provided, a declaration by the chairman that a resolution has been carried or carried unanimously or by a particular majority or lost or not carried by a particular majority shall be conclusive evidence of the fact.

7.7 Poll and Voting.

(a) On every Extraordinary Resolution, and on any other question submitted to a meeting and after a vote by show of hands when demanded by the chairman or by one or more of the Registered Warrantholders acting in person or by proxy and entitled to acquire in the aggregate at least 25% of the aggregate number of Common Shares which could be acquired pursuant to all the Warrants then outstanding, a poll shall be taken in such manner as the chairman shall direct. Questions other than those required to be determined by Extraordinary Resolution shall be decided by a majority of the votes cast on the poll.

(b) On a show of hands, or by other means in accordance with Section 7.6, every person who is present and entitled to vote, whether as a Registered Warrantholder or as proxy for one or more absent Registered Warrantholders, or both, shall have one vote. On a poll, each Registered Warrantholder present in person or represented by a proxy duly appointed by

instrument in writing shall be entitled to one vote in respect of each Warrant then held or represented by it. A proxy need not be a Registered Warrantholder. The chairman of any meeting shall be entitled, both on a show of hands, or by other means in accordance with Section 7.6, and on a poll, to vote in respect of the Warrants, if any, held or represented by him.

7.8 Regulations.

(a) The Warrant Agent, or the Corporation with the approval of the Warrant Agent, may from time to time make and from time to time vary such regulations as it shall think fit for the setting of the record date for a meeting for the purpose of determining Registered Warrantholders entitled to receive notice of and to vote at the meeting.

(b) Any regulations so made shall be binding and effective and the votes given in accordance therewith shall be valid and shall be counted. Save as such regulations may provide, the only persons who shall be recognized at any meeting as a Registered Warrantholder, or be entitled to vote or be present at the meeting in respect thereof (subject to Section 7.9), shall be Registered Warrantholders or proxies of Registered Warrantholders.

7.9 Corporation and Warrant Agent May be Represented.

The Corporation and the Warrant Agent, by their respective directors, officers, agents, and employees, and the Counsel for the Corporation and for the Warrant Agent may attend any meeting of the Registered Warrantholders.

7.10 Powers Exercisable by Extraordinary Resolution.

In addition to all other powers conferred upon them by any other provisions of this Indenture or by Applicable Law, the Registered Warrantholders at a meeting shall, subject to the provisions of Section 7.11, have the power exercisable from time to time by Extraordinary Resolution:

(a) to agree to any modification, abrogation, alteration, compromise or arrangement of the rights of Registered Warrantholders or the Warrant Agent in its capacity as warrant agent hereunder (subject to the Warrant Agent's prior consent, acting reasonably) or on behalf of the Registered Warrantholders against the Corporation whether such rights arise under this Indenture or the Warrant Certificates or otherwise;

(b) to amend, alter or repeal any Extraordinary Resolution previously passed or sanctioned by the Registered Warrantholders;

(c) to direct or to authorize the Warrant Agent, subject to Section 9.2(b) hereof, to enforce any of the covenants on the part of the Corporation contained in

this Indenture or to enforce any of the rights of the Registered Warrantholders in any manner specified in such Extraordinary Resolution or to refrain from enforcing any such covenant or right;

(d) to waive, and to direct the Warrant Agent to waive, any default on the part of the Corporation in complying with any provisions of this Indenture either unconditionally or upon any conditions specified in such Extraordinary Resolution;

(e) to restrain any Registered Warrantholder from taking or instituting any suit, action or proceeding against the Corporation for the enforcement of any of the covenants on the part of the Corporation in this Indenture or to enforce any of the rights of the Registered Warrantholders;

(f) to direct any Registered Warrantholder who, as such, has brought any suit, action or proceeding to stay or to discontinue or otherwise to deal with the same upon payment of the costs, charges and expenses reasonably and properly incurred by such Registered Warrantholder in connection therewith;

(g) to assent to any change in or omission from the provisions contained in this Indenture or any ancillary or supplemental instrument which may be agreed to by the Corporation, and to authorize the Warrant Agent to concur in and execute any ancillary or supplemental indenture embodying the change or omission;

(h) with the consent of the Corporation, such consent not to be unreasonably withheld, to remove the Warrant Agent or its successor in office and to appoint a new warrant agent or warrant agents to take the place of the Warrant Agent so removed; and

(i) to assent to any compromise or arrangement with any creditor or creditors or any class or classes of creditors, whether secured or otherwise, and with holders of any shares or other securities of the Corporation.

7.11 Meaning of Extraordinary Resolution.

(a) The expression "**Extraordinary Resolution**" when used in this Indenture means, subject as hereinafter provided in this Section 7.11 and in Section 0, a resolution proposed at a meeting of Registered Warrantholders duly convened for that purpose and held in accordance with the provisions of this Article 7 at which there are present in person or by proxy Registered Warrantholders holding at least 25% of the aggregate number of Common Shares that couldbe acquired on exercise of the outstanding Warrants and passed by the affirmative votes of Registered Warrantholders holding not less than 66 2/3% of the aggregate number of Common Shares that could be

acquired on exercise of the outstanding Warrants at the meeting and voted on the poll upon such resolution as contemplated in this Section 7.11(a).

(b) If, at the meeting at which an Extraordinary Resolution is to be considered, Registered Warrantholders holding at least 25% of the aggregate number of Common Shares that could be acquired on exercise of the outstanding Warrants are not present in person or by proxy within 30 minutes after the time appointed for the meeting, then the meeting, if convened by Registered Warrantholders or on a Warrantholders' Request, shall be dissolved; but in any other case it shall stand adjourned to such day, being not less than 15 or more than 60 days later, and to such place and time as may be appointed by the chairman. Not less than 14 days' prior notice shall be given of the time and place of such adjourned meeting in the manner provided for in Section 10.2. Such notice shall state that at the adjourned meeting the Registered Warrantholders present in person or by proxy shall form a quorum but it shall not be necessary to set forth the purposes for which the meeting was originally called or any other particulars. At the adjourned meeting the Registered Warrantholders present in person or by proxy shall form a quorum and may transact the business for which the meeting was originally convened and a resolution proposed at such adjourned meeting and passed by the requisite vote as provided in Section 7.11(a) shall be an Extraordinary Resolution within the meaning of this Indenture notwithstanding that Registered Warrantholders entitled to acquire at least 25% of the aggregate number of Common Shares which may be acquired pursuant to all the then outstanding Warrants are not present in person or by proxy at such adjourned meeting.

(c) Subject to Section7.14, votes on an Extraordinary Resolution shall always be given on a poll and no demand for a poll on an Extraordinary Resolution shall be necessary.

7.12 Powers Cumulative.

Any one or more of the powers or any combination of the powers in this Indenture stated to be exercisable by the Registered Warrantholders by Extraordinary Resolution or otherwise may be exercised from time to time and the exercise of any one or more of such powers or any combination of powers from time to time shall not be deemed to exhaust the right of the Registered Warrantholders to exercise such power or powers or combination of powers then or thereafter from time to time.

7.13 Minutes.

Minutes of all resolutions and proceedings at every meeting of Registered Warrantholders shall be made and duly recorded in the books of the Corporation and such minutes as aforesaid, if signed by the chairman or the secretary of the meeting at which such

resolutions were passed or proceedings had shall be prima facie evidence of the matters therein stated and, until the contrary is proved, every such meeting in respect of the proceedings of which minutes shall have been made shall be deemed to have been duly convened and held, and all resolutions passed thereat or proceedings taken shall be deemed to have been duly passed and taken.

7.14 Instruments in Writing.

All actions which may be taken and all powers that may be exercised by the Registered Warrantholders at a meeting held as provided in this Article 7 may also be taken and exercised by Registered Warrantholders holding not less than 66 2/3% of the aggregate number of all of the then outstanding Warrants by an instrument in writing signed in one or more counterparts by such Registered Warrantholders in person or by attorney duly appointed in writing, and the expression "**Extraordinary Resolution**" when used in this Indenture shall include an instrument so signed.

7.15 Binding Effect of Resolutions.

Every resolution and every Extraordinary Resolution passed in accordance with the provisions of this Article 7 at a meeting of Registered Warrantholders shall be binding upon all the Warrantholders, whether present at or absent from such meeting, and every instrument in writing signed by Registered Warrantholders in accordance with Section 0 shall be binding upon all the Warrantholders, whether signatories thereto or not, and each and every Warrantholder and the Warrant Agent (subject to the provisions for indemnity herein contained) shall be bound to give effect accordingly to every such resolution and instrument in writing.

7.16 Holdings by Corporation Disregarded.

In determining whether Registered Warrantholders holding Warrants evidencing the entitlement to acquire the required number of Common Shares are present at a meeting of Registered Warrantholders for the purpose of determining a quorum or have concurred in any consent, waiver, Extraordinary Resolution, Warrantholders' Request or other action under this Indenture, Warrants owned legally or beneficially by the Corporation or its affiliates shall be disregarded in accordance with the provisions of Section 0.

ARTICLE 8

SUPPLEMENTAL INDENTURES

8.1 Provision for Supplemental Indentures for Certain Purposes.

From time to time, the Corporation (when authorized by action of the board of directors of the Corporation) and the Warrant Agent may, subject to the provisions hereof, and subject to compliance with applicable securities law and the approval of any applicable regulatory authorities, including the Exchange, and they shall, when so directed in accordance with the provisions hereof, execute and deliver by their proper officers, indentures or instruments supplemental hereto, which thereafter shall form part hereof, for any one or more or all of the following purposes:

(a) setting forth any adjustments resulting from the application of the provisions of Article 4;

(b) adding to the provisions hereof such additional covenants and enforcement provisions as, in the opinion of Counsel, are necessary or advisable in the premises, provided that the same are not in the opinion of the Warrant Agent, relying on the advice of Counsel, prejudicial to the interests of the Registered Warrantholders;

(c) giving effect to any Extraordinary Resolution passed as provided in Section 7.11;

(d) making such provisions not inconsistent with this Indenture as may be necessary or desirable with respect to matters or questions arising hereunderor for the purpose of obtaining a listing or quotation of the Warrants on any stock exchange, provided that such provisions are not, in the opinion of the Warrant Agent, relying on the advice of Counsel, prejudicial to the interests of the Registered Warrantholders;

(e) adding to or altering the provisions hereof in respect of the transfer of Warrants, making provision for the exchange of Warrants, and making any modification in the form of the Warrant Certificates which does not affect the substance thereof;

(f) modifying any of the provisions of this Indenture, including relieving the Corporation from any of the obligations, conditions or restrictions herein contained, provided that such modification or relief shall be or become operative or effective only if, in the opinion of the Warrant Agent, relying on the advice of Counsel, such modification or relief in no way prejudices any of the rights of the Registered Warrantholders or of the Warrant Agent, and provided further that the Warrant Agent may in its sole discretion decline to

enter into any such supplemental indenture which in its opinion may not afford adequate protection to the Warrant Agent when the same shall become operative;

(g) providing for the issuance of additional Warrants hereunder and any consequential amendments hereto as may be required by the Warrant Agent relying on the advice of Counsel; and

(h) for any other purpose not inconsistent with the terms of this Indenture, including the correction or rectification of any ambiguities, defective or inconsistent provisions, errors, mistakes or omissions herein, provided that in the opinion of the Warrant Agent, relying on the advice of Counsel, the rights of the Warrant Agent and of the Registered Warrantholders are in no way prejudiced thereby.

8.2 Successor Entities.

In the case of the consolidation, amalgamation, arrangement, merger or transfer of the undertaking or assets of the Corporation as an entirety or substantially as an entirety to or with another entity ("**successor entity**"), the successor entity resulting from such consolidation, amalgamation, arrangement, merger or transfer (if not the Corporation) shall expressly assume, by supplemental indenture satisfactory in form to the Warrant Agent and executed and delivered to the Warrant Agent, the due and punctual performance and observance of each and every covenant and condition of this Indenture to be performed and observed by the Corporation.

ARTICLE 9

CONCERNING THE WARRANT AGENT

9.1 Trust Indenture Legislation.

(a) If and to the extent that any provision of this Indenture limits, qualifies or conflicts with a mandatory requirement of Applicable Law, such mandatory requirement shall prevail.

(b) The Corporation and the Warrant Agent agree that each will, at all times in relation to this Indenture and any action to be taken hereunder, observe and comply with and be entitled to the benefits of Applicable Law.

9.2 Rights and Duties of Warrant Agent.

(a) In the exercise of the rights and duties prescribed or conferred by the terms of this Indenture, the Warrant Agent shall act honestly and in good faith and exercise that degree of care, diligence and skill that a reasonably prudent warrant agent would exercise in comparable circumstances. No provision of

this Indenture shall be construed to relieve the Warrant Agent from liability for its own gross negligence, wilful misconduct, bad faith or fraud under this Indenture.

(b) The obligation of the Warrant Agent to commence or continue any act, action or proceeding for the purpose of enforcing any rights of the Warrant Agent or the Registered Warrantholders hereunder shall be conditional upon the Registered Warrantholders furnishing, when required by notice by the Warrant Agent, sufficient funds to commence or to continue such act, action or proceeding and an indemnity reasonably satisfactory to the Warrant Agent to protect and to hold harmless the Warrant Agent and its officers, directors, employees and agents, against the costs, charges and expenses and liabilities to be incurred thereby and any loss and damage it may suffer by reason thereof. None of the provisions contained in this Indenture shall require the Warrant Agent to expend or to risk its own funds or otherwise to incur financial liability in the performance of any of its duties or in the exercise of any of its rights or powers unless indemnified and funded as aforesaid.

The Corporation will furnish to the holder, on request and without charge, a copy of the Warrant Indenture. Capitalized terms used but not otherwise defined herein have the meaning ascribed to them in the Warrant Indenture.

On presentation at the offices of the Warrant Agent as set out above, subject to the provisions of the Warrant Indenture and in compliance with the reasonable requirements of the Warrant Agent, one or more Warrant Certificates may be exchanged for one or more Warrant Certificates entitling the holder thereof to exercise in the aggregate an equal number of Common Shares as are exercisable under the Warrant Certificate(s) so exchanged.

Neither the Warrants nor the Common Shares issuable upon exercise thereof have been or will be registered under the United States *Securities Act of 1933*, as amended (the "**U.S. Securities Act**"), or any U.S. state securities laws. The Warrants may not be exercised in the United States or by or on behalf of, or for the account or benefit of, a U.S. Person or a person in the United States unless the Warrants and the Common Shares issuable upon exercise of the Warrants have been registered under the U.S. Securities Act and the applicable state securities laws or an exemption from such registration requirements is available. Certificates representing Common Shares issued in the United States or to U.S. Persons will bear a legend restricting the transfer of such securities under applicable United States federal and state securities laws. "United States" and "U.S. Person" are as defined in Regulation S under the U.S. Securities Act.

The Warrant Indenture contains provisions for the adjustment of the Exercise Price payable for each Common Share issuable upon the exercise of Warrants and the number of Common Shares issuable upon the exercise of Warrants in the events and in the manner set forth therein.

The Warrant Indenture also contains provisions binding all holders of Warrants outstanding thereunder, including all resolutions passed at meetings of holders of Warrants held in accordance with the provisions of the Warrant Indenture and instruments in writing signed by Warrantholders entitled to receive a specific majority of the Common Shares that can be issued pursuant to the exercise of such Warrants.

Nothing contained in this Warrant Certificate, the Warrant Indenture or elsewhere shall be construed as conferring upon the holder hereof any right or interest whatsoever as a holder of Common Shares or any other right or interest except as herein and in the Warrant Indenture expressly provided. In the event of any discrepancy between anything contained in this Warrant Certificate and the terms and conditions of the Warrant Indenture, the terms and conditions of the Warrant Indenture shall govern.

Warrants may only be transferred in compliance with the conditions of the Warrant Indenture on the register to be kept by the Warrant Agent in Toronto, Ontario, or such other registrar as the Corporation, with the approval of the Warrant Agent, may appoint at such other place or places, if any, as may be designated, upon surrender of this Warrant Certificate to the Warrant Agent or other registrar accompanied by a written instrument of transfer in form and execution satisfactory to the Warrant Agent or other registrar and upon compliance with the conditions prescribed in the Warrant Indenture and with such reasonable requirements as the Warrant Agent or other registrar may prescribe and upon the transfer being duly noted thereon by the Warrant Agent or other registrar. Time is of the essence hereof.

This Warrant Certificate will not be valid for any purpose until it has been countersigned by or on behalf of the Warrant Agent from time to time under the Warrant Indenture.

The parties hereto have declared that they have required that these presents and all other documents related hereto be in the English language. Les parties aux présentes déclarent qu'elles ont exigé que la présente convention, de même que tous les documents s'y rapportant, soient rédigés en anglais.

IN WITNESS WHEREOF the Corporation has caused this Warrant Certificate to be duly executed as of January 26, 2024.

MOUNT LOGAN CAPITAL INC.

AND

BC PARTNERS ADVISORS L.P.

This third amended and restated servicing agreement ("Agreement") is made as of March 17, 2023 by and between MOUNT LOGAN CAPITAL INC., an Ontario corporation (the "Company"), and BC PARTNERS ADVISORS L.P., a Delaware limited partnership (the "Servicing Agent").

WHEREAS, the common shares of the Company are listed on the Neo Stock Exchange in Toronto;

WHEREAS on November 20, 2018, the Company and the Servicing Agent entered into a servicing agreement (the "**Original Servicing Agreement**") pursuant to which the Company retained the Servicing Agent to provide Administrative Services (as defined in the Original Servicing Agreement) to the Company in the manner and on the terms set out therein;

WHEREAS on December 31, 2020 the Company and the Servicing Agent entered into a side letter to the Original Servicing Agreement (the "**Side Letter**") pursuant to which the parties confirmed that from time to time the Company may direct the Servicing Agent to provide certain Administrative Services (as defined in the Original Servicing Agreement) to one or more subsidiaries of the Company with such subsidiary being responsible for the fees and expenses incurred by the Servicing Agent in respect of such Administrative Services;

WHEREAS on November 9, 2021, the Company and the Servicing Agent entered into an amended and restated servicing agreement (the "**First Amended Servicing Agreement**") pursuant to which the Company and the Servicing Agent amended and restated the Original Servicing Agreement, as amended by the Side Letter;

WHEREAS on January 23, 2023, the Company and the Servicing Agent entered into a second amended and restated servicing agreement (the "**Second Amended Servicing Agreement**") pursuant to which the Company and the Servicing Agent amended and restated the First Amended Servicing Agreement;

WHEREAS, the Company desires to continue to retain the Servicing Agent to provide Administrative Services (as defined below) to the Company in the manner and on the terms hereinafter set forth;

WHEREAS, the Servicing Agent is willing to continue to provide Administrative Services (as defined below) to the Company and its subsidiaries on the terms and conditions hereafter set forth; and

WHEREAS the Company and the Servicing Agent wish to enter into this Agreement to amend and restate the Second Amended Servicing Agreement in its entirety.

NOW, THEREFORE, in consideration of the premises and the covenants hereinafter contained and for other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the Company and the Servicing Agent hereby agree as follows:

1. Duties of the Servicing Agent.

(a) Engagement of Servicing Agent. The Company hereby retains the Servicing Agent to furnish, or arrange for others to furnish, the Administrative Services described below, subject to review by and the overall control of the Board of Directors of the Company (the "Board"), for the period and on the terms and conditions set forth in this Agreement. The Servicing Agent hereby accepts such retention and agrees during such period to render, or arrange for the rendering of, such Administrative Services and to assume the obligations herein set forth subject to the reimbursement of costs and expenses provided for below. The Servicing Agent shall for all purposes herein be deemed to be an independent contractor and shall, unless otherwise expressly provided or authorized herein, have no authority to act for or represent the Company or any MLC Subsidiary (as defined below) in any way or otherwise be deemed an agent of the Company or any MLC Subsidiary. For the avoidance of doubt, in its capacity as Servicing Agent, the Servicing Agent shall not provide any investment advice or recommendations to the Company or any MLC Subsidiary.

(b) Administrative Services. The Servicing Agent shall perform (or oversee, or arrange for, or assist with, the performance of) the administrative services necessary for the operation of the Company and one or more of its subsidiaries (as defined in the *Business Corporations Act* (Ontario) (each, a "MLC Subsidiary"), including, without limitation: (i) provision of office facilities and equipment, clerical, bookkeeping, tax, valuation, general consulting, compliance and recordkeeping services, services regarding the distribution of certain funds managed by MLC Subsidiaries (the "Distribution Services") and such other administrative services as the Servicing Agent, subject to review by the Board, shall from time to time determine to be necessary or useful to perform its obligations under this Agreement, provided that such services shall not apply in respect of the services listed in Schedule "A" hereto (collectively, the "Excluded Services"), which list of Excluded Services may be updated from time to time by mutual agreement of the Company and the Servicing Agent; and (ii) on behalf of the Company or a MLC Subsidiary, conducting relations with custodians, depositories, transfer agents, dividend disbursing agents, other shareholder servicing agents, accountants, attorneys, underwriters, brokers and dealers, corporate fiduciaries, insurers, insurance vendors, third party investment managers, banks and such other persons in any such other capacity deemed to be necessary or desirable (collectively, the "Administrative Services"). For the avoidance of any doubt, the parties agree that the Servicing Agent is authorized to enter into sub-administration agreements as the Servicing Agent determines necessary in order to carry out the Administrative Services set forth in this Section 1, subject to the prior approval of the Company.

2. Confidentiality. The parties hereto agree that each shall treat all information provided by each party to the other (including any information in respect of a MLC

Subsidiary) regarding its business and operations as confidential. All confidential information provided by a party hereto, including nonpublic personal information (regulated pursuant to Regulation S-P), shall be used by the other party hereto solely for the purpose of rendering Administrative Services pursuant to this Agreement and, except as may be required in carrying out this Agreement, shall not be disclosed to any third party, without the prior consent of such providing party. The foregoing shall not be applicable to any information that is publicly available when provided or thereafter becomes publicly available other than through a breach of this Agreement, or that is required to be disclosed by any regulatory authority, any authority or legal counsel of the parties hereto, by judicial or administrative process or otherwise by applicable law or regulation.

3. Compensation; Allocation of Costs and Expenses. In full consideration of the provision of the Administrative Services of the Servicing Agent, the Company or the applicable MLC Subsidiary shall pay fees and expenses to the Servicing Agent at amounts to be agreed between the parties. For greater certainty, in respect of any Administrative Services provided to a MLC Subsidiary, such MLC Subsidiary shall be responsible for the fees and expenses of the Servicing Agent with respect to the portion of the Administrative Services provided to such MLC Subsidiary, and the Company shall cause such MLC Subsidiary to pay for the fees and expenses incurred by the Servicing Agent in respect of such Administrative Services. Without limiting the generality of the foregoing, in respect of the Distribution Services, unless otherwise agreed by the parties, the Company shall reimburse the Servicing Agent or pay such other third party (including broker-dealers) as the Servicing Agent may direct, for (i) the fixed compensation of the consultants providing the Distribution Services (the "Consultants"), (ii) the variable compensation of the Consultants, (iii) legal and other costs associated with the hiring of the Consultants and their ongoing relationship with MLC and the MLC Subsidiaries, and (iv) any costs to the Servicing Agent relating to the broker-dealers used in connection with the Consultants and the Distribution Services.

Each of the Company and the applicable MLC Subsidiary will bear all expenses of its operations and transactions, including (without limitation except as noted) those relating to: the cost of its organization and any offerings; the cost of calculating its net asset value, including the cost of any third-party valuation services; the cost of effecting any sales and repurchases of any of its securities; fees and expenses payable under any dealer manager or placement agent agreements, if any; debt service and other costs of borrowings or other financing arrangements; costs of hedging; expenses, including travel expense, incurred by the Servicing Agent, or members of the investment team of the Company or the MLC Subsidiary, or payable to third parties, performing due diligence on prospective portfolio companies and, if necessary, enforcing the Company's or the MLC's Subsidiary's rights; transfer agent and custodial fees; fees and expenses associated with marketing efforts; federal, provincial, state and local registration and filing fees, any stock exchange listing fees and fees payable to rating agencies; federal, provincial, state and local taxes; independent directors' fees and expenses including certain travel expenses; costs of preparing financial statements and maintaining books and records and filing reports or other documents with the Ontario Securities Commission, the Securities and Exchange Commission and the Nebraska Department of Insurance (and other applicable regulatory bodies) and other reporting and compliance costs, including registration and listing fees, and the

compensation of professionals responsible for the preparation of the foregoing; the costs of any reports, proxy statements or other notices to shareholders (including printing and mailing costs), the costs of any shareholder or director meetings and the compensation of personnel responsible for the preparation of the foregoing and related matters; commissions and other compensation payable to brokers or dealers; research and market data; fidelity bond, directors and officers errors and omissions liability insurance and other insurance premiums; direct costs and expenses of administration, including printing, mailing, long distance telephone and staff; fees and expenses associated with independent audits, outside legal and consulting costs; costs of winding up; costs incurred in connection with the formation or maintenance of entities or vehicles to hold the Company's or a MLC Subsidiary's assets for tax or other purposes; extraordinary expenses (such as litigation or indemnification); and costs associated with reporting and compliance obligations under applicable federal, provincial, and state securities laws.

4. Limitation of Liability of the Servicing Agent; Indemnification. The Servicing Agent (and its members, managers, officers, employees, agents, controlling persons and any other person or entity affiliated with it) shall not be liable to the Company or a MLC Subsidiary for any action taken or omitted to be taken by the Servicing Agent in connection with the performance of any of its duties or obligations under this Agreement or otherwise as administrator for the Company or a MLC Subsidiary and the Company shall, and shall cause the applicable MLC Subsidiary to, indemnify, defend and protect the Servicing Agent (and its officers, managers, partners, agents, employees, Consultants, controlling persons, members, and any other person or entity affiliated with the Servicing Agent each of whom shall be deemed a third party beneficiary hereof) (collectively, the "Indemnified Parties") and hold them harmless from and against all damages, liabilities, costs and expenses (including reasonable attorneys' fees and amounts reasonably paid in settlement) incurred by the Indemnified Parties in or by reason of any pending, threatened or completed action, suit, investigation or other proceeding (including an action or suit by or in the right of the Company or its security holders or a MLC Subsidiary) arising out of or otherwise based upon the performance of any of the Servicing Agent's duties or obligations under this Agreement or otherwise as administrator for the Company or a MLC Subsidiary. Notwithstanding the preceding sentence of this Section 4 to the contrary, nothing contained herein shall protect or be deemed to protect the Indemnified Parties against or entitle or be deemed to entitle the Indemnified Parties to indemnification in respect of, any liability to the Company or its security holders or a MLC Subsidiary to which the Indemnified Parties would otherwise be subject by reason of willful misfeasance, bad faith or gross negligence in the performance of the Servicing Agent's duties or by reason of the reckless disregard of the Servicing Agent's duties and obligations under this Agreement.

Notwithstanding any of the foregoing to the contrary, the provisions of this Section 4 shall not be construed so as to provide for the indemnification of the Indemnified Parties for any liability (including liability under Canadian securities laws, U.S. federal securities and commodities laws which, under certain circumstances, impose liability even on persons that act in good faith), to the extent (but only to the extent) that such indemnification would be in violation of applicable law, but shall be construed so as to effectuate the provisions of this Section 4 to the fullest extent permitted by law.

5. Activities of the Servicing Agent. The Administrative Services of the Servicing Agent to the Company and a MLC Subsidiary are not to be deemed to be exclusive, and the Servicing Agent and each affiliate is free to render services to others. It is understood that directors, officers, employees and shareholders of the Company and a MLC Subsidiary are or may become interested in the Servicing Agent and its affiliates, as directors, officers, members, managers, employees, partners, shareholders or otherwise, and that the Servicing Agent and directors, officers, members, managers, employees, partners and shareholders of the Servicing Agent and its affiliates are or may become similarly interested in the Company as shareholders or otherwise.

6. Duration and Termination of this Agreement.

(a) This Agreement shall become effective as of the first date above written. The provisions of Section 4 of this Agreement shall remain in full force and effect, and the Servicing Agent shall remain entitled to the benefits thereof, notwithstanding any termination of this Agreement. Further, notwithstanding the termination or expiration of this Agreement as aforesaid, the Servicing Agent shall be entitled to any amounts owed under Section 4 through the date of termination or expiration and Section 4 shall continue in force and effect and apply to the Servicing Agent and its representatives as and to the extent applicable. This Agreement shall continue in effect for one year from the date hereof, and thereafter shall continue automatically for successive annual periods, provided that such continuance is specifically approved at least annually by:

(i) the vote of the Board; and

(ii) the vote of a majority of the Company's directors who are not a "related party" (as defined under Multilateral Instrument 61-101 under Canadian securities laws) of the Servicing Agent.

(b) The Agreement may be terminated at any time, without the payment of any penalty, upon 60 days' written notice by the vote of the Board or by the Servicing Agent.

(c) This Agreement may not be assigned by a party without the consent of the other party; provided, however, that the rights and obligations of the Company under this Agreement shall not be deemed to be assigned to a newly-formed entity in the event of the merger of the Company into, or conveyance of all of the assets of the Company to, such newly-formed entity; provided, further, however, that the sole purpose of that merger or conveyance is to effect a mere change in the Company's legal form into another limited liability entity.

7. Amendments of this Agreement. This Agreement may be amended pursuant to a written instrument by mutual consent of the parties.

8. Assignment. This Agreement may not be "assigned" (as such term is defined in Section 202(a)(1) of the Investment Advisers Act of 1940, as amended) by the Servicing Agent without the written consent of the Company.

9. Governing Law. This Agreement shall be construed in accordance with the laws of the Province of Ontario and the federal laws of Canada.

10. Entire Agreement. This Agreement contains the entire agreement of the parties and supersedes all prior agreements, understandings and arrangements with respect to the subject matter hereof.

11. Notices. Any notice under this Agreement shall be given in writing, addressed and delivered or mailed, postage prepaid, to the other party at its principal office.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this Agreement as of the date first above written.

AND

MOUNT LOGAN MANAGEMENT LLC

This Investment Advisory and Management Agreement (this Agreement) is made as of the 14th day of May, 2022, by and between OPPORTUNISTIC CREDIT INTERVAL FUND, a Delaware statutory trust (the Fund), and MOUNT LOGAN MANAGEMENT LLC, a Delaware limited liability company (the Adviser).

WHEREAS, the Fund is a closed-end management investment company that operates as an interval fund, registered under the Investment Company Act of 1940 (the Investment Company Act);

WHEREAS, the Adviser is an investment adviser that is registered under the Investment Advisers Act of 1940 (the Advisers Act); and

WHEREAS, the Fund desires to retain the Adviser to furnish investment advisory services to the Fund on the terms and conditions hereinafter set forth, and the Adviser wishes to be retained to provide such services.

NOW, THEREFORE, in consideration of the premises and for other good and valuable consideration, the parties hereby agree as follows:

1. Duties of the Adviser.

(a) The Fund hereby employs the Adviser to act as the investment adviser to the Fund and to manage the investment and reinvestment of the assets of the Fund, subject to the supervision of the Board of Trustees of the Fund (the Board), for the period and upon the terms herein set forth, (i) in accordance with the investment objective, policies and restrictions that are set forth in the Fund s reports and/or registration statements that the Fund files with the Securities and Exchange Commission (the SEC) from time to time; (ii) in accordance with all other applicable federal and state laws, rules and regulations, and the Fund s Declaration of Trust and by-laws as the same shall be amended from time to time; and (iii) in accordance with the Investment Company Act. Without limiting the generality of the foregoing, the Adviser shall, during the term and subject to the provisions of this Agreement, (i) determine the composition of the portfolio of the Fund, the nature and timing of the changes therein and the manner of implementing such changes; (ii) identify, evaluate and negotiate the structure of the investments made by the Fund; (iii) close and monitor the Fund s investments; (iv) determine the securities and other assets that the Fund will purchase, retain, or sell; (v) perform due diligence on prospective portfolio companies; and (vi) provide the Fund with such other investment advisory, research and related services as the Fund may, from time to time, reasonably require for the investment of its funds. Subject to the supervision of the Board, the Adviser shall have the power and authority on behalf of the Fund to effectuate its investment

decisions for the Fund, including the execution and delivery of all documents relating to the Fund s investments and the placing of orders for other purchase or sale transactions on behalf of the Fund. In the event that the Fund determines to acquire debt financing, the Adviser will arrange for such financing on the Fund s behalf, subject to the oversight and approval of the Board. If it is necessary for the Adviser to make investments on behalf of the Fund through a special purpose vehicle, the Adviser shall have authority to create or arrange for the creation of such special purpose vehicle and to make such investments through such special purpose vehicle (in accordance with the Investment Company Act).

(b) The Adviser hereby accepts such employment and agrees during the term hereof to render the services described herein for the compensation provided herein.

(c) The Adviser is hereby authorized to enter into one or more sub-advisory agreements with other investment advisers (each, a Sub-Adviser) pursuant to which the Adviser may obtain the services of the Sub-Adviser(s) to assist the Adviser in fulfilling its responsibilities hereunder. Specifically, the Adviser may retain a Sub-Adviser to recommend specific securities or other investments based upon the Fund s investment objective and policies, and work, along with the Adviser, in structuring, negotiating, arranging or effecting the acquisition or disposition of such investments and monitoring investments on behalf of the Fund, subject to the oversight of the Adviser and the Fund. The Fund shall be responsible for any compensation payable to any Sub-Adviser. Any sub-advisory agreement entered into by the Adviser shall be in accordance with the requirements of the Investment Company Act and other applicable federal and state law.

(d) The Adviser shall for all purposes herein provided be deemed to be an independent contractor and, except as expressly provided or authorized herein, shall have no authority to act for or represent the Fund in any way or otherwise be deemed an agent of the Fund.

(e) The Adviser shall keep and preserve for the period required by the Investment Company Act any books and records relevant to the provision of its investment advisory services to the Fund and shall specifically maintain all books and records in accordance with Section 31(a) of the Investment Company Act with respect to the Fund s portfolio transactions and shall render to the Board such periodic and special reports as the Board may reasonably request. The Adviser agrees that all records that it maintains for the Fund are the property of the Fund and will surrender promptly to the Fund any such records upon the Fund s request, provided that the Adviser may retain a copy of such records.

2. Funds Responsibilities and Expenses Payable by the Fund.

All investment professionals of the Adviser and their respective staffs, when and to the extent engaged in providing investment advisory and management services hereunder, and the compensation and routine overhead expenses of such personnel allocable to such services, will be provided and paid for by the Adviser and not by the Fund. The Fund will bear all other costs and expenses of its operations, administration and transactions, including (without limitation) those relating to: the Fund s organization; calculating the Fund s net asset value (including the cost and expenses of any independent valuation firm); effecting sales and repurchases of the Fund s shares and other securities; interest payable on debt, if any, to finance the Fund s investments; fees payable to third parties, including agents, consultants or other advisors, relating to, or associated with, monitoring the Fund s financial and legal affairs for the Fund, providing administrative services, monitoring the Fund s investments and evaluating and making investments, including fees and expenses associated with performing due diligence reviews of prospective investments and advisory fees; transfer agent and custodial fees; fees and expenses associated with marketing efforts to the extent permitted by a plan of distribution adopted by the Board ; costs associated

with the Fund s reporting and compliance obligations under the Investment Company Act, the Securities Exchange Act of 1934 and other applicable federal and state securities laws, and ongoing stock exchange fees; federal, state and local taxes; independent trustees fees and expenses; brokerage commissions; costs of proxy statements, shareholders reports and other communications with shareholders, including printing costs; the Fund s allocable portion of the fidelity bond, directors and officers liability insurance, errors and omissions liability insurance and other insurance premiums; direct costs and expenses of administration, including printing, mailing, telephone and staff; fees and expenses associated with independent audits and outside legal costs; investment advisory and management fees; administration fees, if any, payable under the Administration Agreement between the Fund and Mount Logan Management LLC (the Administrator), the Fund s administrator; federal and state registration fees; all costs of registration and listing the Fund s shares on any securities exchange; direct costs and expenses of administration, including printing, mailing, long distance telephone, copying, secretarial and other staff, independent auditors and outside legal costs; and all other expenses incurred by the Fund or the Administrator in connection with administering the Fund s business, including payments under the Administration Agreement between the Fund and the Administrator based upon the Fund s allocable portion of the Administrator s overhead and other expenses associated with performing its obligations under the Administration Agreement, including rent, the fees and expenses associated with performing compliance functions and the allocable portion of the costs of compensation and related expenses of the Fund s chief compliance officer and chief financial officer and their respective administrative support staffs. For the avoidance of doubt, the parties agree that the Fund will bear all expenses associated with contractual obligations of the Fund existing prior to the effective date of this Agreement, including those that may become unnecessary or redundant but cannot be terminated.

3. Compensation of the Adviser.

The Fund agrees to pay, and the Adviser agrees to accept, as compensation for the services provided by the Adviser hereunder, a base management fee (Base Management Fee) and an incentive fee (Incentive Fee) as hereinafter set forth. The Fund shall make any payments due hereunder to the Adviser or to the Adviser s designee as the Adviser may otherwise direct. To the extent permitted by applicable law, the Adviser may elect, or the Fund may adopt a deferred compensation plan pursuant to which the Adviser may elect, to defer all or a portion of its fees hereunder for a specified period of time.

(a) The Base Management Fee shall be calculated at an annual rate of 1.25% of the Fund s gross assets, which for purposes of this Agreement shall be equal to the Fund s total assets as reflected on its balance sheet. For services rendered under this Agreement, the Base Management Fee will be payable monthly in arrears. The Base Management fee will be calculated based on the average daily value of the Fund s gross assets during such period.

(b) The Incentive Fee shall be calculated and payable quarterly in arrears based on the pre-Incentive Fee net investment income for the immediately preceding calendar quarter. For this purpose, pre-Incentive Fee net investment income means interest income, dividend income and any other income (including any other fees, such as commitment, origination, structuring, diligence and consulting fees or other fees that the Fund receives from portfolio companies) accrued by the Fund during the calendar quarter, minus the Fund s operating expenses for the quarter (including the Base Management Fee, expenses payable under the Administration Agreement to the Administrator, and any interest expense and dividends paid on any issued and outstanding preferred stock, but excluding the Incentive Fee). Pre-Incentive Fee net investment income includes, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with pay in kind interest and zero coupon securities), accrued income that the Fund has not yet received in cash. Pre-Incentive Fee net investment income does

not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation. Pre-Incentive Fee net investment income, expressed as a rate of return on the value of the Fund s net assets at the end of the immediately preceding calendar quarter, will be compared to a hurdle rate of 1.50% per quarter (6.0% annualized). The Fund s net investment income used to calculate this part of the Incentive Fee is also included in the amount of its gross assets used to calculate the 1.25% base management fee.

The Fund will pay the Adviser an Incentive Fee with respect to the Fund s pre-Incentive Fee net investment income in each calendar quarter as follows:

(1) No Incentive Fee in any calendar quarter in which the Fund s pre-Incentive Fee net investment income does not exceed the hurdle rate of 1.5%;

(2) 100% of the Fund s pre-Incentive Fee net investment income with respect to that portion of such pre-Incentive Fee net investment income, if any, that exceeds the hurdle rate but is less than 1.7647% in any calendar quarter; this portion of the pre-Incentive Fee net investment income (which exceeds the hurdle but is less than 1.7647%) is referred to herein as the catch-up. The catch-up is meant to provide the Adviser with 15% of the Fund s pre-Incentive Fee net investment income as if a hurdle did not apply if this net investment income exceeds 1.7647% in any calendar quarter; and

(3) 15% of the amount of the Fund s pre-Incentive Fee net investment income, if any, that exceeds 1.7647% in any calendar quarter payable to the Adviser (once the hurdle is reached and the catch-up is achieved, 15% of all pre-Incentive Fee investment income thereafter is allocated to the Adviser). These calculations will be appropriately pro-rated for any period of less than three months and adjusted for any share issuances or repurchases during the relevant quarter.

Examples of Quarterly Incentive Fee Calculation

Scenario 1
Assumptions

Beginning Adjusted Capital = $100
Ending Adjusted Capital = $110
Average Adjusted Capital = $105
Investment Income = $2.10
Implied Yield (Investment Income / Average Adjusted Capital) = 2.00%
Hurdle Rate[(1)] = 1.50%
Base Management Fee[(2)] = 0.3125%
Other Operating Expenses[(3)] = 0.20%
Pre-Incentive Fee Net Investment Income
(Implied Yield (Base Management Fee + Other Administrative Expenses) = 1.4875%

Pre-Incentive Fee Net Investment Income does not exceed the Hurdle Rate, therefore there is no Incentive Fee on Income payable.

Scenario 2

Assumptions

Beginning Adjusted Capital = $100
Ending Adjusted Capital = $110
Average Adjusted Capital = $105
Investment Income = $2.50
Implied Yield (Investment Income / Average Adjusted Capital) = 2.14%
Hurdle Rate[1] = 1.50%
Base Management Fee[2] = 0.3125%
Other Operating Expenses[3] = 0.20%
Pre-Incentive Fee Net Investment Income
(Implied Yield (Base Management Fee + Other Administrative Expenses) = 1.6275%
Incentive Fee on Income = 100% x Catch-Up[4]
= 100% x (1.6275% - 1.5%)
= 0.1275%

Pre-Incentive Fee Net Investment Income exceeds the Hurdle Rate, but does not fully satisfy the Catch-Up provision, therefore the Incentive Fee on Income is 0.1275%.

Scenario 3
Assumptions

Beginning Adjusted Capital = $100
Ending Adjusted Capital = $110
Average Adjusted Capital = $105
Investment Income = $4.00
Implied Yield (Investment Income / Average Adjusted Capital) = 3.81%
Hurdle Rate[1] = 1.50%
Base Management Fee[2] = 0.3125%
Other Operating Expenses[3] = 0.20%

Pre-Incentive Fee Net Investment Income
(Implied Yield (Base Management Fee + Other Administrative Expenses) = 3.2975%

Incentive Fee on Income = 100% x Catch-Up[4] + (15% x (Pre-Incentive Fee Net Investment Income 1.7647%))
Catch-Up = 1.7647% - 1.50%
= 0.2647%
Incentive Fee on Income = (100% x 0.2647%) + (15% x (3.2975% - 1.7647%))
= 0.2647% + (15% x 1.5328%)
= 0.2647% + 0.2299%
= 0.4946%

Pre-Incentive Fee Net Investment Income exceeds the Hurdle Rate and fully satisfies the Catch-Up provision, therefore the Incentive Fee on Income is 0.4946%.

(1) Represents 6.0% annualized hurdle rate.

(2) Represents an assumed 1.25% annualized based management fee on average adjusted capital.

(3) Includes expenses reimbursed to the Adviser and interest expenses and distributions paid on any issued and outstanding preferred shares, but excludes the incentive fee.

(4) The Catch-Up provision is intended to provide the Adviser with an incentive fee of 15.0% on all pre-incentive fee net investment income when the Fund s pre-incentive fee net investment income exceeds 1.50% and reaches up to 1.7647% in any calendar quarter.

4. Covenants of the Adviser.

The Adviser agrees that its activities will at all times be in compliance in all material respects with all applicable federal and state laws governing its operations and investments.

5. Excess Brokerage Commissions.

The Adviser is hereby authorized, to the fullest extent now or hereafter permitted by law, to cause the Fund to pay a member of a national securities exchange, broker or dealer an amount of commission for effecting a securities transaction in excess of the amount of commission another member of such exchange, broker or dealer would have charged for effecting that transaction, if the Adviser determines in good faith, taking into account such factors as price (including the applicable brokerage commission or dealer spread), size of order, difficulty of execution, and operational facilities of the firm and the firm s risk and skill in positioning blocks of securities, that such amount of commission is reasonable in relation to the value of the brokerage and/or research services provided by such member, broker or dealer, viewed in terms of either that particular transaction or its overall responsibilities with respect to the Fund s portfolio, and constitutes the best net results for the Fund.

6. Limitations on the Employment of the Adviser.

The services of the Adviser to the Fund are not exclusive, and the Adviser may engage in any other business or render similar or different services to others including, without limitation, the direct or indirect sponsorship or management of other investment based accounts or commingled pools of capital, however structured, having investment objectives similar to those of the Fund, so long as its services to the Fund hereunder are not impaired thereby, and nothing in this Agreement shall limit or restrict the right of any manager, partner, officer or employee of the Adviser to engage in any other business or to devote his or her time and attention in part to any other business, whether of a similar or dissimilar nature, or to receive any fees or compensation in connection therewith (including fees for serving as a director of, or providing consulting services to, one or more of the Fund s portfolio companies, subject to applicable law). So long as this Agreement or any extension, renewal or amendment remains in effect, the Adviser shall be the only investment adviser for the Fund, subject to the Adviser s right to enter into sub-advisory agreements. The Adviser assumes no responsibility under this Agreement other than to render the services called for hereunder. It is understood that trustees, officers, employees and shareholders of the Fund are or may become interested in the Adviser and its affiliates, as directors, officers, employees, partners, shareholders, members, managers or otherwise, and that the Adviser and directors, officers, employees,

partners, shareholders, members and managers of the Adviser and its affiliates are or may become similarly interested in the Fund as shareholders or otherwise.

7. Responsibility of Dual Trustees, Officers and/or Employees.

If any person who is a manager, member, partner, officer or employee of the Adviser or the Administrator is or becomes a trustee, officer and/or employee of the Fund and acts as such in any business of the Fund, then such manager, member partner, officer and/or employee of the Adviser or the Administrator shall be deemed to be acting in such capacity solely for the Fund, and not as a manager, member, partner, officer or employee of the Adviser or the Administrator or under the control or direction of the Adviser or the Administrator, even if paid by the Adviser or the Administrator.

8. Limitation of Liability of the Adviser; Indemnification.

The Adviser (and its officers, managers, partners, agents, employees, controlling persons, members and any other person or entity affiliated with the Adviser, including without limitation its members and the Administrator) shall not be liable to the Fund for any action taken or omitted to be taken by the Adviser in connection with the performance of any of its duties or obligations under this Agreement or otherwise as an investment adviser of the Fund (except to the extent specified in Section 36(b) of the Investment Company Act concerning loss resulting from a breach of fiduciary duty (as the same is finally determined by judicial proceedings) with respect to the receipt of compensation for services), and the Fund shall indemnify, defend and protect the Adviser (and its officers, managers, partners, agents, employees, controlling persons, members and any other person or entity affiliated with the Adviser, including without limitation its general partner and the Administrator, each of whom shall be deemed a third party beneficiary hereof) (collectively, the Indemnified Parties) and hold them harmless from and against all damages, liabilities, costs and expenses (including reasonable attorneys fees and amounts reasonably paid in settlement) incurred by the Indemnified Parties in or by reason of any pending, threatened or completed action, suit, investigation or other proceeding (including an action or suit by or in the right of the Fund or its security holders) arising out of or otherwise based upon the performance of any of the Adviser s duties or obligations under this Agreement or otherwise as an investment adviser of the Fund. Notwithstanding the preceding sentence of this Section 8 to the contrary, nothing contained herein shall protect or be deemed to protect the Indemnified Parties against or entitle or be deemed to entitle the Indemnified Parties to indemnification in respect of, any liability to the Fund or its security holders to which the Indemnified Parties would otherwise be subject by reason of willful misfeasance, bad faith or gross negligence in the performance of the Adviser s duties or by reason of the reckless disregard of the Adviser s duties and obligations under this Agreement (as the same shall be determined in accordance with the Investment Company Act and any interpretations or guidance by the SEC or its staff thereunder).

9. Effectiveness, Duration and Termination of Agreement.

(a) This Agreement shall become effective as of the first date above written. This Agreement may be terminated at any time, without the payment of any penalty, upon not more than 60 days written notice, by the vote of a majority of the outstanding voting securities of the Fund or by the vote of the Fund s Trustees or by the Adviser. The provisions of Section 8 of this Agreement shall remain in full force and effect, and the Adviser shall remain entitled to the benefits thereof, notwithstanding any termination of this Agreement. Further, notwithstanding the termination or expiration of this Agreement as aforesaid, the Adviser shall be entitled to any amounts owed under Section 3 through the date of termination or

expiration and Section 8 shall continue in force and effect and apply to the Adviser and its representatives as and to the extent applicable.

(b) This Agreement shall continue in effect for two years from the date hereof and thereafter shall continue automatically for successive annual periods, provided that such continuance is specifically approved at least annually by (A) the vote of the Board, or by the vote of a majority of the outstanding voting securities of the Fund and (B) the vote of a majority of the Fund s Trustees who are not parties to this Agreement or interested persons (as such term is defined in Section 2(a)(19) of the Investment Company Act) of any such party, in accordance with the requirements of the Investment Company Act.

(c) This Agreement will automatically terminate in the event of its assignment (as such term is defined for purposes of Section 15(a)(4) of the Investment Company Act).

10. Notices.

Any notice under this Agreement shall be given in writing, addressed and delivered or mailed, postage prepaid, to the other party at its principal office.

11. Amendments.

This Agreement may be amended by mutual consent, but the consent of the Fund must be obtained in conformity with the requirements of the Investment Company Act.

12. Entire Agreement; Governing Law.

This Agreement contains the entire agreement of the parties and supersedes all prior agreements, understandings and arrangements with respect to the subject matter hereof. This Agreement shall be construed in accordance with the laws of the State of New York and in accordance with the applicable provisions of the Investment Company Act. In such case, to the extent the applicable laws of the State of New York, or any of the provisions herein, conflict with the provisions of the Investment Company Act, the latter shall control.

WHEREAS, the Company is a closed-end management investment fund that has elected to be treated as a business development company (BDC) under the Investment Company Act of 1940 (the Investment Company Act);

WHEREAS, the Adviser is an investment adviser that is registered under the Investment Advisers Act of 1940 (the Advisers Act); and

WHEREAS, the Company desires to retain the Adviser to furnish investment advisory services to the Company on the terms and conditions hereinafter set forth, and the Adviser wishes to be retained to provide such services.
NOW, THEREFORE, in consideration of the premises and for other good and valuable consideration, the parties hereby agree as follows:

1. Duties of the Adviser.

(a) The Company hereby employs the Adviser to act as the investment adviser to the Company and to manage the investment and reinvestment of the assets of the Company, subject to the supervision of the Board of Directors of the Company (the Board), for the period and upon the terms herein set forth, (i) in accordance with the investment objective, policies and restrictions that are set forth in the Company s reports and/or registration statements that the Company files with the Securities and Exchange Commission (the SEC) from time to time; (ii) in accordance with all other applicable federal and state laws, rules and regulations, and the Company s charter and by-laws as the same shall be amended from time to time; and (iii) in accordance with the Investment Company Act. Without limiting the generality of the foregoing, the Adviser shall, during the term and subject to the provisions of this Agreement, (i) determine the composition of the portfolio of the Company, the nature and timing of the changes therein and the manner of implementing such changes; (ii) identify, evaluate and negotiate the structure of the investments made by the Company; (iii) close and monitor the Company s investments; (iv) determine the securities and other assets that the Company will purchase, retain, or sell; (v) perform due diligence on prospective portfolio companies; and (vi) provide the Company with such other investment advisory, research and related services as the Company may, from time to time, reasonably require for the investment of its funds. Subject to the supervision of the Board, the Adviser shall have the power and authority on behalf of the Company to effectuate its investment decisions for the Company, including the execution and delivery of all documents relating to the Company s investments and the placing of orders for other purchase or sale transactions on behalf of the Company. In the event that the Company determines to acquire debt financing, the Adviser will arrange for such financing on the Company s behalf, subject to the oversight and approval of the Board. If it is necessary for the Adviser to make investments on behalf of the Company through a special purpose vehicle, the Adviser shall have authority to create or arrange for the creation of such special purpose vehicle and to make such investments through such special purpose vehicle (in accordance with the Investment Company Act).

(b) The Adviser hereby accepts such employment and agrees during the term hereof to render the services described herein for the compensation provided herein.
(c) The Adviser is hereby authorized to enter into one or more sub-advisory agreements with other investment advisers (each, a Sub-Adviser) pursuant to which the Adviser may obtain the services of the Sub-Adviser(s) to assist the Adviser in fulfilling its responsibilities hereunder. Specifically, the Adviser may retain a Sub-Adviser to recommend specific securities or other investments based upon the Company s investment objective and policies, and work, along with the Adviser, in structuring, negotiating, arranging or effecting the acquisition or disposition of such investments and monitoring investments on behalf of the Company, subject to the oversight of the Adviser and the Company. The Company shall be responsible for any compensation payable to any Sub-Adviser. Any sub-advisory agreement entered into by the Adviser shall be in accordance with the requirements of the Investment Company Act and other applicable federal and state law.

(d) The Adviser shall for all purposes herein provided be deemed to be an independent contractor and, except as expressly provided or authorized herein, shall have no authority to act for or represent the Company in any way or otherwise be deemed an agent of the Company.

(e) The Adviser shall keep and preserve for the period required by the Investment Company Act any books and records relevant to the provision of its investment advisory services to the Company and shall specifically maintain all books and records in accordance with Section 31(a) of the Investment Company Act with respect to the Company s portfolio transactions and shall render to the Board such periodic and special reports as the Board may reasonably request. The Adviser agrees that all records that it maintains for the Company are the property of the Company and will surrender promptly to the Company any such records upon the Company s request, provided that the Adviser may retain a copy of such records.

2. Company s Responsibilities and Expenses Payable by the Company.

All investment professionals of the Adviser and their respective staffs, when and to the extent engaged in providing investment advisory and management services hereunder, and the compensation and routine overhead expenses of such personnel allocable to such services, will be provided and paid for by the Adviser and not by the Company. The Company will bear all other costs and expenses of its operations, administration and transactions, including (without limitation) those relating to: the Company s organization; calculating the Company s net asset value (including the cost and expenses of any independent valuation firm); effecting sales and repurchases of the Company s shares and other securities; interest payable on debt, if any, to finance the Company s investments; fees payable to third parties, including agents, consultants or other advisors, relating to, or associated with, monitoring the Company s financial and legal affairs for the Company, providing administrative services, monitoring the Company s investments and evaluating and making investments, including fees and expenses associated with performing due diligence reviews of prospective investments and advisory fees; transfer agent and custodial fees; fees and expenses associated with marketing efforts; costs associated with the Company s reporting and compliance obligations under the Investment Company Act, the Securities Exchange Act of 1934 and other applicable federal and state securities laws, and ongoing stock exchange fees; federal, state and local taxes; independent directors fees and expenses; brokerage commissions, including printing costs; costs of proxy statements, stockholders reports and other communications with stockholders; the Company s allocable portion of the fidelity bond, directors and officers liability insurance, errors and omissions liability insurance and other insurance premiums; direct costs and expenses of administration, including printing, mailing, telephone and staff; fees and expenses associated with independent audits and outside legal costs; investment advisory and management fees; administration fees, if any, payable under the Administration Agreement between the Company and BC Partners Management LLC (the Administrator), the Company s administrator; federal and state registration fees; all costs of registration and listing the Company s shares on any securities exchange; direct costs and expenses of administration, including printing, mailing, long distance telephone, copying, secretarial and other staff, independent auditors and outside legal costs; and all other expenses incurred by the Company or the Administrator in connection with administering the Company s business, including payments under the Administration Agreement between the Company and the Administrator based upon the Company s allocable portion of the Administrator s overhead and other expenses associated with performing its

obligations under the Administration Agreement, including rent, the fees and expenses associated with performing compliance functions and the allocable portion of the costs of compensation and related expenses of the Company s chief compliance officer and chief financial officer and their respective administrative support staffs. For the avoidance of doubt, the parties agree that the Company will bear all expenses associated with contractual obligations of the Company existing prior to the effective date of this Agreement, including those that may become unnecessary or redundant but cannot be terminated.

3. Compensation of the Adviser.

The Company agrees to pay, and the Adviser agrees to accept, as compensation for the services provided by the Adviser hereunder, a base management fee (Base Management Fee) and an incentive fee (Incentive Fee) as hereinafter set forth. The Company shall make any payments due hereunder to the Adviser or to the Adviser s designee as the Adviser may otherwise direct. To the extent permitted by applicable law, the Adviser may elect, or the Company may adopt a deferred compensation plan pursuant to which the Adviser may elect, to defer all or a portion of its fees hereunder for a specified period of time.

(a) The Base Management Fee shall be calculated at an annual rate of 1.75% of the Company s gross assets, which for purposes of this Agreement shall be equal to the Company s total assets as reflected on its balance sheet. For services rendered under this Agreement, the Base Management Fee will be payable quarterly in arrears. The Base Management fee will be calculated based on the average value of the Company s gross assets at the end of the two most recently completed calendar quarters, and appropriately adjusted for any share issuances or repurchases during the current calendar quarter.

(b) The Incentive Fee shall consist of two parts, as follows:

(i) One part will be calculated and payable quarterly in arrears based on the pre-Incentive Fee net investment income for the immediately preceding calendar quarter. For this purpose, pre-Incentive Fee net investment income means interest income, dividend income and any other income (including any other fees (other than fees for providing managerial assistance), such as commitment, origination, structuring, diligence and consulting fees and fees for providing significant managerial assistance or other fees that the Company receives from portfolio companies) accrued by the Company during the calendar quarter, minus the Company s operating expenses for the quarter (including the Base Management Fee, expenses payable under the Administration Agreement to the Administrator, and any interest expense and dividends paid on any issued and outstanding preferred stock, but excluding the Incentive Fee). Pre-Incentive Fee net investment income includes, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with pay in kind interest and zero coupon securities), accrued income that we have not yet received in cash. Pre-Incentive Fee net investment income does not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation. Pre-Incentive Fee net investment income, expressed as a rate of return on the value of the Company s net assets at the end of the immediately preceding calendar quarter, will be compared to a hurdle rate of 2.0% per quarter (8.0% annualized). The Company s net investment income used to calculate this part of the Incentive Fee is also included in the amount of its gross assets used to calculate the 1.75% base management fee. The Company will pay the Adviser an Incentive Fee with respect to the Company s pre-Incentive Fee net investment income in each calendar quarter as follows: (1) no Incentive Fee in any calendar quarter in which the Company s pre-Incentive Fee net investment income does not exceed the hurdle rate of 2.0%; (2) 100% of the Company s pre-Incentive Fee net investment income with respect to that portion of such pre-Incentive Fee net investment income, if any, that exceeds the hurdle rate but is less than 2.5% in any calendar quarter (10% annualized); this portion of the pre-Incentive Fee net investment income (which exceeds the hurdle but is less than 2.5%) is referred to herein as the catch-up. The catchup is meant to provide the Adviser with 20% of the Company s pre-Incentive Fee net investment income as if a hurdle did not apply if this net investment income exceeds 2.5% in any calendar quarter; and (3) 20% of the amount of the Company s pre-Incentive Fee net investment income, if any, that exceeds 2.5% in any calendar quarter (10% annualized) payable to the Adviser (once the hurdle is reached and the catch-up is achieved, 20% of all pre-Incentive Fee investment income thereafter is allocated to the Adviser). These calculations will be appropriately

pro-rated for any period of less than three months and adjusted for any share issuances or repurchases during the relevant quarter.

(ii) The second part of the Incentive Fee (the Capital Gains Fee) will be determined and payable in arrears as of the end of each calendar year (or upon termination of this Agreement as set forth below), commencing on December 31, 2021, and will equal 20.0% of the Company s realized capital gains, if any, on a cumulative basis with respect to each of the investments in the Company s portfolio from the fiscal quarter ending on or immediately prior to the date of this Agreement through the end of each calendar year beginning with the calendar year ending December 31, 2021, computed net of all realized capital losses and unrealized capital depreciation on a cumulative basis from September 30, 2021 through the end of each calendar year beginning with the calendar year ending December 31, 2021, less the aggregate amount of any previously paid Capital Gain Fees under this Agreement. Any realized capital gains, realized capital losses and unrealized capital depreciation with respect to the Company s portfolio as of the end of the fiscal quarter ending on or immediately prior to the date of this Agreement shall be excluded from the calculations of the Capital Gains Fee. In the event that this Agreement shall terminate as of a date that is not a calendar year end, the termination date shall be treated as though it were a calendar year end for purposes of calculating and paying a Capital Gains Fee.

The Company will defer cash payment of the portion of any incentive fee otherwise earned by the Adviser that would, when taken together with all other incentive fees paid to the Adviser during the most recent twelve (12) full calendar month period ending on or prior to the date such payment is to be made, exceed 20% of the sum of the Company s (a) pre-Incentive Fee net investment income during such period, (b) net unrealized appreciation or depreciation during such period and (c) net realized capital gains or losses during such period. Any deferred incentive fees will be carried over for payment in subsequent calculation periods to the extent such payment is payable under this Agreement.

Examples of Quarterly Incentive Fee Calculation
Example 1: Income Related Portion of Incentive Fee (*):
Alternative 1
Assumptions
Investment income (including interest, dividends, fees, etc.) = 1.25%
Hurdle rate (1) = 2.0%
Management fee (2) = 0.50%
Other expenses (legal, accounting, custodian, transfer agent, etc.) (3) = 0.20%
Pre-Incentive Fee net investment income
(investment income (management fee + other expenses)) = 0.55%
Pre-incentive net investment income does not exceed hurdle rate, therefore there is no Incentive Fee.
Alternative 2
Assumptions
Investment income (including interest, dividends, fees, etc.) = 2.9%
Hurdle rate(1) = 2.0%
Management fee(2) = 0.50%
Other expenses (legal, accounting, custodian, transfer agent, etc.)(3) = 0.20%
Pre-Incentive Fee net investment income
(investment income (management fee + other expenses)) = 2.2%
Incentive Fee = 100% pre-Incentive Fee net investment income, subject to the catch-up (4)
= 100% (2.2% 20%)
= 2.0%

Alternative 3
Assumptions
Investment income (including interest, dividends, fees, etc.) = 3.50%
Hurdle rate (1) = 2.0%
Management fee (2) = 0.50%

Other expenses (legal, accounting, custodian, transfer agent, etc.) (3) = 0.20%
Pre-Incentive Fee net investment income
(investment income (management fee + other expenses)) = 2.80%
Incentive Fee = 20% pre-Incentive Fee net investment income, subject to catch-up (4)
Incentive Fee = 100% catch-up + (20% (pre-Incentive Fee net investment income 2.5%))
Catch-up = 2.5% 2.0% = 0.5%
Incentive Fee = (100% 0.5%) + (20% (2.8% 2.5%))
= 0.5% + (20% 0.3%)
= 0. 5% + 0.06%
= 0.56%

(1) Represents 8.0% annualized hurdle rate.

(2) Represents 2.00% annualized management fee.

(3) Excludes organizational and offering expenses.

(4) The catch-up provision is intended to provide our investment adviser with an Incentive Fee of 20% on all of our pre-Incentive Fee net investment income as if a hurdle rate did not apply when our net investment income exceeds 2.5% in any calendar quarter.

(*) *The hypothetical amount of pre-Incentive Fee net investment income shown is based on a percentage of total net assets.*

Example 2: Capital Gains Portion of Incentive Fee:
Alternative 1:
Assumptions

Year 1: $20 million investment made in Company A (Investment A), and $30 million investment made in Company B (Investment B)

Year 2: Investment A sold for $50 million and fair market value (FMV) of Investment B determined to be $32 million

Year 3: FMV of Investment B determined to be $25 million

Year 4: Investment B sold for $31 million
The capital gains portion of the Incentive Fee would be:

Year 1: None

Year 2: Capital Gains Fee of $6 million ($30 million realized capital gains on sale of Investment A multiplied by 20%)

Year 3: None

Year 4: Capital Gains Fee of $200,000 $6.2 million ($31 million cumulative realized capital gains less $5 million cumulative depreciation)) less $6 million (previous capital gains fee paid in Year 3)
Alternative 2
Assumptions

Year 1: $20 million investment made in Company A (Investment A), $30 million investment made in Company B (Investment B) and $25 million investment made in Company C (Investment C)

Year 2: Investment A sold for $50 million, FMV of Investment B determined to be $25 million and FMV of Investment C determined to be $25 million

Year 3: FMV of Investment B determined to be $27 million and Investment C sold for $30 million

Year 4: FMV of Investment B determined to be $35 million

Year 5: Investment B sold for $20 million

The Capital Gains Fee, if any, would be:

Year 1: None

Year 2: $5 million Capital Gains Fee (20% multiplied by $25 million ($30 million realized capital gains on Investment A less unrealized capital depreciation on Investment B)

Year 3: $400,000 Capital Gains Fee (20% multiplied by $2 million ($5 million realized capital gains on Investment C less $3 million unrealized capital depreciation on Investment B))

Year 4: None

Year 5: None (Investment B sold at a loss)

Example 3: Application of the Incentive Fee Deferral Mechanism:

Assumptions

In each of Years 1 through 4 in this example pre-Incentive Fee net investment income equals $40 million per year, which we recognized evenly in each quarter of each year and paid quarterly. This amount exceeds the hurdle rate and the requirement of the catch-up provision in each quarter of such year. As a result, the annual income related portion of the incentive fee, before the application of the deferral mechanism in any year is $8 million ($40 million multiplied by 20%). All income-related incentive fees were paid quarterly in arrears.

In each year preceding Year 1, we did not generate realized or unrealized capital gains or losses, no capital gain-related incentive fee was paid and there was no deferral of incentive fees.

Year 1: We did not generate realized or unrealized capital gains or losses.

Year 2: We realized a $30 million capital gain and did not otherwise generate realized or unrealized capital gains or losses.

Year 3: We recognized $5 million of unrealized capital depreciation and did not otherwise generate realized or unrealized capital gains or losses.

Year 4: We realized a $6 million capital gain and did not otherwise generate realized or unrealized capital gains or losses.

	Income Related Incentive Fee Accrued Before Application of Deferral Mechanism	Capital Gains Related Incentive Fee Accrued Before Application of Incentive Fee Calculations	Incentive Fees Paid and Deferred
Year 1	$8 million ($40 million multiplied by 20%)	None	$8 million	Incentive fees of $8 million paid; no incentive fees deferred
Year 2	$8 million ($40 million multiplied by 20%)	$6 million (20% of $30 million)	$14 million	Incentive fees of $14 million paid; no incentive fees deferred
Year 3	$8 million ($40 million multiplied by 20%)	None	$7 million (20% of the sum of (a) our pre-Incentive Fee net investment income, (b) our net unrealized	

appreciation or depreciation during such period and (c) our net realized capital gains or losses during Year 3) Incentive fees of $7 million paid; $8 million of incentive fees accrued but payment restricted to $7 million; $1 million of incentive fees deferred

Year 4 $8 million ($40 million multiplied by 20%) $0.2 million (20% of cumulative net capital gains of $31.0 million ($36.0 million cumulative realized capital gains less $5.0 million cumulative unrealized capital depreciation) less $6.0 million of capital gains fee paid in Year 2) $8.2 million Incentive fees of $9.2 million paid ($8.2 million of incentive fees accrued in Year 4 plus $1.0 million of deferred incentive fees); no incentive fees deferred

4. Covenants of the Adviser.

The Adviser agrees that its activities will at all times be in compliance in all material respects with all applicable federal and state laws governing its operations and investments.

5. Excess Brokerage Commissions.

The Adviser is hereby authorized, to the fullest extent now or hereafter permitted by law, to cause the Company to pay a member of a national securities exchange, broker or dealer an amount of commission for effecting a securities transaction in excess of the amount of commission another member of such exchange, broker or dealer would have charged for effecting that transaction, if the Adviser determines in good faith, taking into account such factors as price (including the applicable brokerage commission or dealer spread), size of order, difficulty of execution, and operational facilities of the firm and the firm s risk and skill in positioning blocks of securities, that such amount of commission is reasonable in relation to the value of the brokerage and/or research services provided by such member, broker or dealer, viewed in terms of either that particular transaction or its overall responsibilities with respect to the Company s portfolio, and constitutes the best net results for the Company.

6. Limitations on the Employment of the Adviser.

The services of the Adviser to the Company are not exclusive, and the Adviser may engage in any other business or render similar or different services to others including, without limitation, the direct or indirect sponsorship or management of other investment based accounts or commingled pools of capital, however structured, having investment objectives similar to those of the Company, so long as its services to the Company hereunder are not impaired thereby, and nothing in this Agreement shall limit or restrict the right of any manager, partner, officer or employee of the Adviser to engage in any other business or to devote his or her time and attention in part to any other business, whether of a similar or dissimilar nature, or to receive any fees or compensation in connection therewith (including fees for serving as

a director of, or providing consulting services to, one or more of the Company s portfolio companies, subject to applicable law). So long as this Agreement or any extension, renewal or amendment remains in effect, the Adviser shall be the only investment adviser for the Company, subject to the Adviser s right to enter into sub-advisory agreements. The Adviser assumes no responsibility under this Agreement other than to render the services called for hereunder. It is understood that directors, officers, employees and stockholders of the Company are or may become interested in the Adviser and its affiliates, as directors, officers, employees, partners, stockholders, members, managers or otherwise, and that the Adviser and directors, officers, employees, partners, stockholders, members and managers of the Adviser and its affiliates are or may become similarly interested in the Company as stockholders or otherwise.

7. Responsibility of Dual Directors, Officers and/or Employees.

If any person who is a manager, partner, officer or employee of the Adviser or the Administrator is or becomes a director, officer and/or employee of the Company and acts as such in any business of the Company, then such manager, partner, officer and/or employee of the Adviser or the Administrator shall be deemed to be acting in such capacity solely for the Company, and not as a manager, partner, officer or employee of the Adviser or the

Administrator or under the control or direction of the Adviser or the Administrator, even if paid by the Adviser or the Administrator.

8. Limitation of Liability of the Adviser; Indemnification.

The Adviser (and its officers, managers, partners, agents, employees, controlling persons, members and any other person or entity affiliated with the Adviser, including without limitation its members and the Administrator) shall not be liable to the Company for any action taken or omitted to be taken by the Adviser in connection with the performance of any of its duties or obligations under this Agreement or otherwise as an investment adviser of the Company (except to the extent specified in Section 36(b) of the Investment Company Act concerning loss resulting from a breach of fiduciary duty (as the same is finally determined by judicial proceedings) with respect to the receipt of compensation for services), and the Company shall indemnify, defend and protect the Adviser (and its officers, managers, partners, agents, employees, controlling persons, members and any other person or entity affiliated with the Adviser, including without limitation its general partner and the Administrator, each of whom shall be deemed a third party beneficiary hereof) (collectively, the Indemnified Parties) and hold them harmless from and against all damages, liabilities, costs and expenses (including reasonable attorneys fees and amounts reasonably paid in settlement) incurred by the Indemnified Parties in or by reason of any pending, threatened or completed action, suit, investigation or other proceeding (including an action or suit by or in the right of the Company or its security holders) arising out of or otherwise based upon the performance of any of the Adviser s duties or obligations under this Agreement or otherwise as an investment adviser of the Company. Notwithstanding the preceding sentence of this Section 8 to the contrary, nothing contained herein shall protect or be deemed to protect the Indemnified Parties against or entitle or be deemed to entitle the Indemnified Parties to indemnification in respect of, any liability to the Company or its security holders to which the Indemnified Parties would otherwise be subject by reason of willful misfeasance, bad faith or gross negligence in the performance of the Adviser s duties or by reason of the reckless disregard of the Adviser s duties and obligations under this Agreement (as the same shall be determined in accordance with the Investment Company Act and any interpretations or guidance by the SEC or its staff thereunder).

9. Effectiveness, Duration and Termination of Agreement.

(a) This Agreement shall become effective as of the first date above written. This Agreement may be terminated at any time, without the payment of any penalty, upon not more than 60 days written notice, by the vote of a majority of the outstanding voting securities of the Company or by the vote of the Company s Directors or by the Adviser. The provisions of Section 8 of this Agreement shall remain in full force and effect, and the Adviser shall remain entitled to the benefits thereof, notwithstanding any termination of this Agreement. Further, notwithstanding the termination or expiration of this Agreement as aforesaid, the Adviser shall be entitled to any amounts owed under Section 3 through the date of termination or expiration and Section 8 shall continue in force and effect and apply to the Adviser and its representatives as and to the extent applicable.
(b) This Agreement shall continue in effect for two years from the date hereof and thereafter shall continue automatically for successive annual periods, provided that such continuance is specifically approved at least annually by (A) the vote of the Board, or by the vote of a majority of the outstanding voting securities of the Company and (B) the vote of a majority of the Company s Directors who are not parties to this Agreement or interested persons (as such term is defined in Section 2(a)(19) of the Investment Company Act) of any such party, in accordance with the requirements of the Investment Company Act.

(c) This Agreement will automatically terminate in the event of its assignment (as such term is defined for purposes of Section 15(a)(4) of the Investment Company Act).

10. Notices.

Any notice under this Agreement shall be given in writing, addressed and delivered or mailed, postage prepaid, to the other party at its principal office.

11. Amendments.

This Agreement may be amended by mutual consent, but the consent of the Company must be obtained in conformity with the requirements of the Investment Company Act.

12. Entire Agreement; Governing Law.

This Agreement contains the entire agreement of the parties and supersedes all prior agreements, understandings and arrangements with respect to the subject matter hereof. This Agreement shall be construed in accordance with the laws of the State of New York and in accordance with the applicable provisions of the Investment Company Act. In such case, to the extent the applicable laws of the State of New York, or any of the provisions herein, conflict with the provisions of the Investment Company Act, the latter shall control.

As used in this certificate, capitalized terms have the meanings ascribed to them in the Agreement. In addition, the following terms have the following meanings:

(a) "**Canadian financial institution**" means:

(i) an association governed by the *Cooperative Credit Associations Act* (Canada) or a central cooperative credit society for which an order has been made under section 473(1) of the *Cooperative Credit Associations Act* (Canada); or

(ii) a bank, loan corporation, trust company, trust corporation, insurance company, treasury branch, credit union, caisse populaire, financial services cooperative, or league that, in each case, is authorized by an enactment of Canada or a jurisdiction of Canada to carry on business in Canada or a jurisdiction of Canada;

(b) "**control person**" has the meaning ascribed to that term in securities legislation except in Manitoba, Ontario, Quebec, Nova Scotia, Newfoundland and Labrador, Prince Edward Island, the Northwest Territories and Nunavut where "control person" means any person that holds or is one of a combination of persons that hold:

(i) a sufficient number of any of the securities of a corporation so as to affect materially the control of the corporation; or

(ii) more than 20% of the outstanding voting securities of a corporation except where there is evidence showing that the holding of those securities does not affect materially the control of that corporation;

(c) "**director**" means:

(i) a member of the board of directors of a company or an individual who performs similar functions for a company; and

(ii) with respect to a person that is not a company, an individual who performs functions similar to those of a director of a company;

(d) "**eligibility adviser**" means:

(i) a person that is registered as an investment dealer or in an equivalent category of registration under the securities legislation of the jurisdiction of a purchaser and authorized to give advice with respect to the type of security being distributed; and

(ii) in Manitoba, also means a lawyer who is a practicing member in good standing with a law society of a jurisdiction of Canada or a public accountant who is a member in good standing of an institute or association of chartered accountants, certified general accountants or certified management accountants in a jurisdiction of Canada provided that the lawyer or public accountant must not:

(A) have a professional, business or personal relationship with the corporation, or any of its directors, executive officers, founders or control persons; and

(B) have acted for or been retained personally or otherwise as an employee, executive officer, director, associate or partner of a person that has acted for or been retained by the corporation or any of its directors, executive officers, founders or control persons within the previous 12 months;

(e) "**executive officer**" means, for a corporation, an individual who is:

(i) a chair, vice-chair or president;

(ii) a vice-president in charge of a principal business unit, division or function including sales, finance or production; or

(iii) performing a policy-making function in respect of the corporation;

(f) "**financial assets**" means (i) cash, (ii) securities or (iii) a contract of insurance, a deposit or an evidence of a deposit that is not a security for the purposes of securities legislation. These financial assets are generally liquid or relatively easy to liquidate. The value of a purchaser's personal residence would not be included in a calculation of financial assets;

(g) "**financial statements**" for the purposes of paragraph (m) of the "accredited investor" definition must be prepared in accordance with generally accepted accounting principles;

(h) "**founder**" means, in respect of an issuer, a person who:

(i) acting alone, in conjunction or in concert with one or more persons, directly or indirectly, takes the initiative in founding, organizing or substantially reorganizing the business of the corporation; and

(ii) at the time of the trade is actively involved in the business of the issuer;

(i) "**fully managed account**" means an account of a client for which a person makes the investment decisions if that person has full discretion to trade in securities for the account without requiring the client's express consent to a transaction;

(iv) an individual or other person in that person's capacity as a trustee, executor, administrator or personal or other legal representative;

(l) "**net assets**" means all of the purchaser's total assets minus all of the purchaser's total liabilities. Accordingly, for the purposes of the net asset test, the calculation of total assets would include the value of a purchaser's personal residence and the calculation of total liabilities would include the amount of any liability (such as a mortgage) in respect of the purchaser's personal residence. To calculate a purchaser's net assets under the "accredited investor" definition, subtract the purchaser's total liabilities from the purchaser's total assets. The value attributed to assets should reasonably reflect their estimated fair value. Income tax should be considered a liability if the obligation to pay it is outstanding at the time of the distribution of the security;

(m) "related liabilities" means:

(i) liabilities incurred or assumed for the purpose of financing the acquisition or ownership of financial assets; or

(ii) liabilities that are secured by financial assets;

(n) "**Schedule III bank**" means an authorized foreign bank named in Schedule III of the *Bank Act* (Canada);

(o) "**spouse**" means an individual who:

(i) is married to another individual and is not living separate and apart within the meaning of the *Divorce Act* (Canada), from the other individual;

(iii) in Alberta, is an individual referred to in paragraph (i) or (ii) immediately above or is an adult interdependent partner within the meaning of the *Adult Interdependent Relationships Act* (Alberta); and

(p) "**subsidiary**" means a corporation that is controlled directly or indirectly by another corporation and includes a subsidiary of that subsidiary.

For purposes of the definition of "subsidiary", a Person (first Person) is considered to control another Person (second Person) if (a) the first Person beneficially owns or directly or indirectly exercises control or direction over securities of the second Person carrying votes which, if exercised, would entitle the first Person to elect a majority of the directors of the second Person, unless that first Person holds the voting securities only to secure an obligation; (b) the second Person is a partnership, other than a limited partnership, and the first Person holds more than 50% of the interests of the partnership; or (c) the second Person is a limited partnership and the general partner of the limited partnership is the first Person.

1.2 Construction. Unless the context of this Agreement clearly requires otherwise, references to the plural include the singular and to the singular include the plural, the part includes the whole, the term "including" is not limiting, and the term "or" has, except where otherwise indicated, the inclusive meaning represented by the phrase "and/or." References in this Agreement to a "determination" or "designation" include estimates by Agent and the Lenders (in the case of quantitative determinations or designations), and beliefs by Agent and the Lenders (in the case of qualitative determinations or designations). The words "hereof," "herein," "hereby," "hereunder," and similar terms in this Agreement refer to this Agreement as a whole and not to any particular provision of this Agreement. Article, section, subsection, clause, exhibit, and schedule references are to this Agreement unless otherwise specified. Any reference herein to this Agreement, any of the other Loan Documents, or any other agreement includes any and all alterations, amendments, changes, extensions, modifications, renewals, or supplements thereto or thereof, as applicable. (i) determining compliance with any other provision of this Agreement or any other Loan Document which requires the calculation of any financial ratio or financial test as a condition to consummating such Limited Condition Transaction,

(ii) testing whether an Unmatured Event of Default or Event of Default has occurred and determining whether any representation or warranty (other than a Specified Representation) in any Loan Document is correct as of such date, or

(iii) testing availability under baskets set forth in this Agreement (including baskets determined by reference to EBITDA),

in each case, the date of determination thereof shall be, at the Borrower's option (an "LCT Election"), the date of entering into the binding definitive agreement for such acquisition or the date of delivery of such irrevocable notice of prepayment (the "Test Date") and shall be made giving pro forma effect to such acquisition or prepayment and the other transactions (including the incurrence of Debt) to be entered into in connection therewith as if they had occurred at the beginning of the applicable test period and if the applicable Loan Party or Subsidiary could have taken such action on the relevant Test Date in compliance with such representation, warranty, ratio or basket, such representation, warranty, ratio or basket shall be deemed to have been complied with; provided that (x) until the date of consummation of such Limited Condition Transaction (or termination of the related acquisition agreement) such Debt (and any associated Lien) shall be deemed incurred at the time of such LCT Election and outstanding thereafter for the purposes of determining pro forma compliance with any applicable incurrence test and (y) for purposes of any calculation of any incurrence test (but not for purposes of the calculation of any financial maintenance covenant) with respect to the incurrence of any other Debt or Liens, or the making of any other acquisition, Investment, Distribution or other transaction subject to ratio compliance on or following such date and prior to the consummation of such Limited Condition Transaction (or termination of the definitive agreement with respect thereto), any such ratio shall also be required to be calculated without giving effect to such Limited Condition Transaction. For the avoidance of doubt, if the Borrower has made an LCT Election and any of the ratios or baskets for which compliance was determined or tested as of the Test Date are exceeded as a result of fluctuations in any such ratio or basket (including due to fluctuations of the target of any Limited Condition Transaction) at or prior to the consummation of the relevant transaction or action, such baskets or ratios will not be deemed to have been exceeded as a result of such fluctuations.

Article II.
AMOUNT AND TERMS OF LOAN

2.1 Loans.

(a) Subject to the terms and conditions set forth herein, each Lender, severally and not jointly, agrees to make to the Borrower on the Closing Date an initial term loan (each such loan, an "Initial Term Loan"), in an amount equal to such Lender's Initial Term Loan Commitment; *provided* that no Lender shall have an obligation to make an Initial Term Loan in excess of such Lender's Initial Term Loan Commitment. Each Lender's Initial Term Loan Commitment shall terminate immediately and without further action on the Closing Date after giving effect to the funding of such Lender's Initial Term Loan Commitment on such date.

(b) Subject to the terms and conditions set forth herein, each Lender, severally and not jointly, agrees to make to the Borrower, as Borrower may request, on each Delayed Draw Borrowing Date, a delayed draw term loan (each such loan, a "Delayed Draw Term Loan"), in an amount up to the unfunded amount of such Lender's applicable Delayed Draw Term Loan Commitment; *provided* that no Lender shall have an obligation to make a Delayed Draw Term Loan in excess of such Lender's Delayed Draw Term Loan Commitment. Each Lender's Delayed Draw Term Loan Commitment shall automatically be reduced

immediately upon and in the principal amount of each Delayed Draw Term Loan made by it hereunder. If there exists any unfunded Delayed Draw Term Loan Commitments on the Delayed Draw Term Loan Commitment Termination Date, then each Lender's Delayed Draw Term Loan Commitment shall terminate immediately and without further action, and automatically be reduced to zero on such date.

(c) Subject to the terms and conditions set forth herein and in Amendment No. 1, each 2022 Incremental Term Lender, severally and not jointly, agrees to make to the Borrower on the Amendment No. 1 Effective Date a 2022 Incremental Term Loan in an amount equal to such 2022 Incremental Term Lender's 2022 Incremental Term Loan Commitment; *provided* that no 2022 Incremental Term Lender shall have an obligation to make a 2022 Incremental Term Loan in excess of such 2022 Incremental Term Lender's 2022 Incremental Term Loan Commitment. Each 2022 Incremental Term Lender's 2022 Incremental Term Loan Commitment shall terminate immediately and without further action on the Amendment No. 1 Effective Date after giving effect to the funding of such 2022 Incremental Term Lender's 2022 Incremental Term Loan Commitment on such date.

(d) Subject to the terms and conditions set forth herein and in Amendment No. 2, each 2023 Incremental Term Lender, severally and not jointly, agrees to make to the Borrower on the Amendment No. 2 Funding Date a 2023 Incremental Term Loan in an amount equal to such 2023 Incremental Term Lender's 2023 Incremental Term Loan Commitment; *provided* that no 2023 Incremental Term Lender shall have an obligation to make a 2023 Incremental Term Loan in excess of such 2023 Incremental Term Lender's 2023 Incremental Term Loan Commitment. Each 2023 Incremental Term Lender's 2023 Incremental Term Loan Commitment shall terminate immediately and without further action on the Amendment No. 2 Funding Date after giving effect to the funding of such 2023 Incremental Term Lender's 2023 Incremental Term Loan Commitment on such date.

(e) Subject to the terms and conditions set forth herein and in Amendment No. 4, each 2024 Incremental Term Lender, severally and not jointly, agrees to make to the Borrower on the Amendment No. 4 Funding Date a 2024 Incremental Term Loan in an amount equal to such 2024 Incremental Term Lender's 2024 Incremental Term Loan Commitment; *provided* that no 2024 Incremental Term Lender shall have an obligation to make a 2024 Incremental Term Loan in excess of such 2024 Incremental Term Lender's 2024 Incremental Term Loan Commitment. Each 2024 Incremental Term Lender's 2024 Incremental Term Loan Commitment shall terminate immediately and without further action on the Amendment No. 4 Funding Date after giving effect to the funding of such 2024 Incremental Term Lender's 2024 Incremental Term Loan Commitment on such date.

(f) Any principal amounts repaid in respect of any Loan, in whole or in part, may not be reborrowed. All amounts owed hereunder with respect to the Loans shall be paid in full no later than the Maturity Date.

2.2 Borrowings. The Borrower may request that the Lenders make a Delayed Draw Term Loan by delivering to the Agent an executed irrevocable Borrowing Notice not later than 2:00 p.m. (New York time) at least six (6) Business Days prior to the date of the requested

Borrowing Date unless such notice period is waived by the Agent in its sole discretion. The aggregate amount of each borrowing of a Loan by Borrower shall be in an aggregate amount of at least $1,000,000 in the case of the initial borrowing and $500,000 in the case of each subsequent borrowing and an integral multiple of $100,000 in excess of such amount (or, if less, the remaining unfunded Term Loan Commitments). Each Borrowing Notice delivered pursuant to this Section 2.2 must specify the requested Borrowing Date and amount of requested borrowing; provided that the Lenders shall not be obligated to fund a Loan more than twice each month unless such restriction is waived by the Agent in its sole discretion. If any such Borrowing Notice is not delivered by the time referred to above, then it shall be deemed to have been given on the next Business Day.

2.3 Incremental Term Loan Commitments. Borrower may, by written notice to Agent (each, an "Incremental Term Loan Request"), request one or more increases in the Term Loan Commitment (each, an "Incremental Term Loan Commitment" and the loans thereunder, each an "Incremental Term Loan") at any time; provided that no commitment of any Lender shall be increased without the consent of such Lender in such Lender's sole discretion and no Lender shall be required to participate in any Incremental Term Loan. Each Incremental Term Loan Request shall set forth (x) the amount of the Incremental Term Loan Commitment being requested (which shall be in a minimum amount of $1,000,000 and multiples of $500,000 in excess thereof (or such other amount as the Agent and Borrower shall agree)) and (y) the date on which such Incremental Term Loan is requested to become effective (which, unless otherwise agreed by Agent and the Lenders providing such Incremental Term Loan, shall not be less than six (6) days nor more than sixty (60) days after the date of any Incremental Term Loan Request (the "Incremental Effective Date")). Upon delivery of the applicable Incremental Term Loan Request to Agent, such Incremental Term Loan Commitment shall be offered to all Lenders pro rata according to the respective outstanding principal amounts of the Loans and Term Loan Commitments held by each Lender (or in such other proportion as may be agreed by the Lenders and the Agent). The Agent shall have up to ten (10) Business Days to deliver a response regarding the amount of the requested Incremental Term Loan that the Lenders will provide.

(a) Conditions. Notwithstanding anything in this Agreement to the contrary, the obligation of Agent and the Lenders to make any Incremental Term Loan shall be subject to satisfaction of the conditions precedent set forth in Section 3.3; provided that, to the extent the proceeds of any Incremental Term Loan will be applied to finance a Limited Condition Transaction permitted under this Agreement, such Incremental Term Loan shall only be subject to the satisfaction of the conditions precedent set forth in Sections 3.3(a) and (c) and such requirements shall be limited to a requirement that no Event of Default under Section 7.1(a), (d) or (e) shall exist and be continuing and the Specified Representations shall be true and correct in all material respects, in each case, at the time of the execution of the relevant acquisition agreement.

(b) Required Amendments. The Agent, Lenders and Borrower agree that, upon the effectiveness of any Incremental Term Loan Commitment, this Agreement shall be amended to the extent necessary to reflect the existence of such Incremental Term Loan Commitment. From and after each Incremental Effective Date, the Incremental Term Loans and

Incremental Term Loan Commitments established pursuant to this Section 2.3 shall (A) constitute Loans and Term Loan Commitments under, and shall be entitled to all the benefits afforded by, this Agreement and the other Loan Documents and (B) without limiting the foregoing, benefit equally and ratably from the security interests created by the applicable Loan Documents. The Borrower shall take any actions reasonably required by the Agent and the Lenders to ensure and/or demonstrate that the Liens and security interests granted by the applicable Loan Documents continue to be perfected under the UCC or otherwise after giving effect to the establishment of any such Incremental Term Loans and Incremental Term Loan Commitments.

2.4 Interest Rates; Payment of Principal and Interest.

(a) Borrower shall pay to each Lender (or to the Agent on behalf of one or more Lenders if so directed by the Agent) each payment due, in the amount thereof, by making such amount available to each of the Lenders' Accounts (each in an amount equal to the amount that such Lender is entitled to receive hereunder in respect of the Loans held by such Lender) not later than 4:00 p.m. New York City time, on the date of payment.

(b) Subject to Section 2.5, the Loans shall bear interest upon the unpaid principal balance thereof, from and including the date advanced, to but excluding the date of repayment thereof, at a rate, per annum, equal to Interest Rate with respect to such Loans and shall be due and payable, in arrears on each Payment Date, commencing on the first Payment Date following the Closing Date, and continuing on each Payment Date thereafter and on the Maturity Date.

2.5 Default Rate. Upon (a) the occurrence and during the continuance of an Event of Default under Section 7.1(a), (d) or (e), or (b) written notice from Agent to Borrower following the occurrence and during the continuance of any other Event of Default electing a default rate of interest, the Loans shall bear interest at a rate, per annum, equal to the lesser of (x) the Interest Rate *plus* 2.0 percentage points, and (y) the Highest Lawful Rate. All amounts payable under this Section 2.5 shall be due and payable on demand by Agent.

2.6 Computation of Interest and Fees Maximum Interest Rate.

(a) All computations of interest with respect to the Loans and computations of the fees due hereunder for any period shall be calculated on the basis of a year of 360 days for the actual number of days elapsed in such period. Interest shall accrue from the first day of the making of the Loans to (but not including) the date of repayment of the Loans in accordance with the provisions hereof.

(b) Anything to the contrary contained in this Agreement notwithstanding, Borrower shall not be obligated to pay, and Agent shall not be entitled to charge, collect, receive, reserve, or take interest (it being understood that interest shall be calculated as the aggregate of all charges which constitute interest under applicable law that are contracted for, charged, reserved, received, or paid) in excess of the Highest Lawful Rate. During any period of time in which the interest rates specified herein exceed the Highest Lawful Rate,

interest shall accrue and be payable at such Highest Lawful Rate; provided, however, that, if the interest rate otherwise applicable hereunder declines below the Highest Lawful Rate, interest shall continue to accrue and be payable at the Highest Lawful Rate (so long as there remains any unpaid principal with respect to the Loans) until the interest that has been paid hereunder equals the amount of interest that would have been paid if interest had at all times accrued and been payable at the applicable interest rates otherwise specified in this Agreement. For purposes of this Section 2.6, the term "applicable law" shall mean that law in effect from time to time and applicable to this loan transaction which lawfully permits the charging and collection of the highest permissible, lawful, non-usurious rate of interest on such loan transaction and this Agreement, including laws of the State of New York and, to the extent controlling, laws of the United States of America.

2.7 Request for Borrowing.

(a) The Loans shall be made as set forth in Section 2.1 or Section 2.2, as applicable, upon written notice, by way of a Borrowing Notice, which Borrowing Notice shall be given by telefacsimile, email, mail, or personal service.

(b) Each Borrowing Notice shall include certifications to demonstrate that each of the conditions in Article III have been satisfied.

2.8 [Reserved].

2.9 Mandatory Repayments.

(a) General. All remaining principal outstanding under the Loans, all interest that has accrued and remains unpaid thereon, all unpaid fees, costs, or expenses that are payable hereunder or under any other Loan Document, and all other Obligations (other than those Obligations related to unasserted contingent expense reimbursement and indemnification Obligations and Obligations that by their express terms survive termination of this Agreement) shall be due and payable in full on the earliest of (i) the Maturity Date, (ii) the date of the acceleration of the Loans in accordance with the terms hereof.

(b) Amortization Payments.

(x) On each Payment Date, commencing with the Payment Date with respect to the Applicable Measurement Period ending December 31, 2021, the Borrower shall make a payment in an amount equal to the sum of (i) 1.25% of the Term Loan Commitments as of the Closing Date (i.e., $312,500 per quarterly payment) plus (ii) 1.25% of the original principal balance of each Incremental Term Loan funded by the Lenders after the Closing Date (the sum of such amounts, each a "Mandatory Principal Payment"), which such payments (being the sum of the amounts in clause (i) and clause (ii), and totaling $368,750 for the fiscal quarter ending June 30, 2023 and $425,000 per quarterly payment commencing with the fiscal quarter ending September 30, 2023) shall reduce the outstanding principal of the Loans by the amounts thereof as of the applicable Payment Date; provided that the increase in the amount of the Mandatory Principal Payments in respect of the (x) 2022 Incremental Term Loan pursuant to the

foregoing clause (ii) shall commence on the Payment Date with respect to the Applicable Measurement Period ending December 31, 2022, (y) 2023 Incremental Term Loan pursuant to the foregoing clause (ii) shall commence on the Payment Date with respect to the Applicable Measurement Period ending September 30, 2023, and (z) 2024 Incremental Term Loan pursuant to the foregoing clause (ii) shall commence on the Payment Date with respect to the Applicable Measurement Period ending March 31, 2025.

(y) Notwithstanding anything to the contrary in the foregoing in this Section 2.9(b), the total Mandatory Prepayment Amount required to be paid by Borrower (irrespective of whether or not such amount relates to the 2024 Incremental Term Loan) on:

(i) the Payment Date with respect to the Applicable Measurement Period ending December 31, 2024 shall be zero; and

(ii) any Payment Date thereafter shall be $500,000, provided that, to the extent that there is any Mandatory Repayments resulting from the receipt of Net Cash Proceeds from the sale, disposition or transfer of the equity interests in OCIF, and such Net Cash Proceeds have been applied in accordance with Section 2.9(e) (*Net Cash Proceeds*) below, then the amount of any and all Mandatory Principal Payment(s) required to be made on a Payment Date occurring in calendar year 2025 under this Section 2.9(b) shall be reduced by the aggregate amount of such application (to the extent not already applied in prior Payment Dates pursuant to the operation of this proviso) made pursuant to Section 2.9(e) below.

(c) ECF Sweep. Within ten Business Days of delivery to Agent of the annual audited financial statements for each fiscal year of Borrower ending after the Closing Date, commencing with the fiscal year ended December 31, 2022, that are required pursuant to Section 5.2(c), prepay the outstanding principal amount of the Obligations in an amount equal to (i) (A) commencing with Borrower's fiscal year ended December 31, 2022 and continuing on an annual basis thereafter (but subject to the provisions of subclause (B) below), prepay the outstanding principal amount of the Obligations in an amount equal to 75% of the Excess Cash Flow of the Borrower for such fiscal year or (B) if Borrower's audited financial statements for its fiscal year ended December 31, 2022 or for any succeeding fiscal year demonstrate that the Net Leverage Ratio of the Loan Parties and their Subsidiaries as of the end of such fiscal year was equal to or less than 1.32:1.00, then the percentage of Excess Cash Flow that is required to be prepaid pursuant to subclause (A) above for such fiscal year to which such audited financial statements relate shall be reduced to 50% of the Excess Cash Flow of the Borrower for such fiscal year *minus* (ii) the sum of (1) the amount of any cash prepayments of the Obligations made pursuant to Section 2.10(a) during such fiscal year (and not previously applied by the Borrower in such fiscal year pursuant to the following clause (2) to reduce the prepayment required by this Section 2.9(c) for the preceding fiscal year) and (2) at the Borrower's election, all or any amount of any cash prepayment of the Obligations made pursuant to Section 2.10(a) after the end of such fiscal year and on or prior to the date of such prepayment; provided that in each case under subclause (ii) above, no voluntary prepayment funded with the proceeds of an incurrence of long-term Funded Debt may be applied pursuant to subclause (ii) above to reduce the amount of the prepayment required under this Section 2.9(c); provided, further, that a prepayment shall not

be required pursuant to this Section 2.9(c) in respect of any fiscal year unless the payment otherwise required with respect to such fiscal year exceeds $250,000.

(d) The Borrower will give written notice of a Change of Control Event at least ten (10) Business Days prior to the occurrence thereof (provided that (i) if the Borrower does not have knowledge at least ten (10) Business Days prior to the occurrence of such Change of Control Event that such Change of Control Event is expected to occur, then such notice of such event shall be given on the date when Borrower first obtains knowledge that such Change of Control Event is expected to occur), which notice shall (i) state the expected effective date of such Change of Control Event and (ii) contain an offer to repay the Loans and all other Obligations hereunder in full in immediately available funds as of the effective date of such Change of Control Event. Notwithstanding the foregoing, any notice of a Change of Control Event may state that the offer to repay the Obligations in accordance with this Section 2.9(d) is conditioned upon the effectiveness of the Change of Control Event, in which case such notice may be revoked by the Borrower (by notice to the Agent on or prior to the specified effective date) if such condition is not satisfied. Within five (5) days following the receipt of such notice, the Agent, on behalf of the Lenders, shall notify the Borrower in writing whether the Lenders accept the offer of repayment of the Loans as set forth herein and provide the Borrower with the Agent's calculation of the repayment amount due under this Section 2.9(d) in an amount equal to the sum of (x) the product of (1) 100%, times (2) the principal amount of the outstanding Loans, plus (y) all accrued but unpaid interest on the principal amount of the outstanding Loans, plus (z) the Applicable Premium (if any), which calculations shall be conclusive absent manifest error. In the event the Lenders accept the Borrower's offer to repay the Loans in accordance with this Section 2.9(d), the Borrower shall so repay the Loans and all other Obligations in full in accordance with the agreed upon calculations on the effective date of such Change of Control Event. In the event the Lenders reject the Borrower's offer to repay the Loans in accordance with Section 2.9(d), the Loans and all other Obligations shall remain outstanding and the Loan Documents shall remain in full force and effect. Each Lender's determination to accept or reject the Borrower's offer to repay the Loans as set forth herein shall be made in such Lender's sole discretion.

(e) Within five Business Days of the date of receipt by any Loan Party or any of its Subsidiaries of the Net Cash Proceeds of (i) any voluntary or involuntary sale or disposition of Assets (including Net Cash Proceeds of insurance or arising from casualty losses or condemnations and payments in lieu thereof but excluding the disposition of Assets permitted pursuant to Sections 6.7(g), (h) and (i)) of any Covenant Party or any of its Subsidiaries in an aggregate amount in excess of the greater of $550,000 and 5% of EBITDA for the most recently ended four fiscal quarter period for which financial statements have been delivered, at any time after the Closing Date, and (ii) subject to the terms and conditions of the SC Adviser Services Agreement, any distribution pursuant to the terms of the SC Adviser Services Agreement due to any voluntary or involuntary sale or disposition of the Recourse Assets of SC Adviser; provided that, if the Borrower shall deliver to the Agent a certificate of a Responsible Officer to the effect that the Loan Parties and the Subsidiaries intend to apply such Net Cash Proceeds (or a portion thereof specified in such certificate) to make an Acquisition not prohibited by this Agreement within 180 days after receipt of such Net Cash Proceeds and certifying that no Unmatured Event

of Default or Event of Default has occurred and is continuing, then no prepayment shall be required pursuant to this paragraph (e) in respect of the Net Cash Proceeds specified in such certificate, except to the extent of any such Net Cash Proceeds therefrom that have not been so applied or contractually committed in writing by the end of such 180-day period (and, if so contractually committed in writing but not applied prior to the end of such 180-day period, applied within 180 days of the end of such period), promptly after which time a prepayment shall be required in an amount equal to such Net Cash Proceeds that have not been so applied, Borrower shall prepay (or cause to be prepaid) the outstanding principal amount of the Obligations in an amount equal to 100% of such Net Cash Proceeds received by such Person in connection with such sales or dispositions.

2.10 Voluntary Prepayments; Applicable Premium.

(a) Borrower shall have the right, at any time and from time to time, to prepay the Loans, and in the case of the prepayment in full of the Obligations, to terminate this Agreement. Borrower shall give Lender written notice not less than three (3) Business Days prior to any such prepayment. In each case, such notice shall specify the date on which such prepayment is to be made (which shall be a Business Day), and the amount of such prepayment. Each such prepayment shall be in an aggregate minimum amount of $250,000, and integral multiples of $10,000 in excess of such amount, in each case, and shall include interest accrued on the amount prepaid to, but not including, the date of payment in accordance with the terms hereof (or, in each case, such lesser amount constituting the amount of the Loans then outstanding).

(b) Upon any prepayment of all or a portion of the principal of the Loans (but not with respect to any mandatory prepayment of all or any portion of the Obligations pursuant to Section 2.9(b) or (c)) (any such prepayment or event, an "Applicable Prepayment"), such prepayment shall be accompanied by a prepayment premium (the "Applicable Premium") equal to: (A) if such Applicable Prepayment occurs on or after the Amendment No. 4 Funding Date but prior to the first anniversary of the Amendment No. 4 Funding Date, 2.00% of the principal amount of the portion of the then-outstanding principal amount of the Loans that is the subject to such Applicable Prepayment, and (B) if such Applicable Prepayment occurs on or after the first anniversary of the Amendment No. 4 Funding Date, zero.

Any Applicable Premium shall be in addition to all other amounts which may be due to the Agent from time to time pursuant to the terms of this Agreement and the other Loan Documents.

All of the Loans shall be subject to the Applicable Premium set forth in this Section 2.10(b) in respect of any Applicable Prepayment and the payment of one Applicable Premium on any prepayment of a portion of the Loan shall not excuse or reduce the payment of an Applicable Premium on any subsequent Applicable Prepayment of a portion of the Loans.

(c) Without limiting the generality of the foregoing, it is understood and agreed that if Borrower is required to make an offer to prepay the Obligations in connection with a Change of Control Event pursuant to Section 2.9(d) above, then the Applicable Premium,

determined as of the date when such offer is required to be made, will also be due and payable as set forth in Section 2.9(d) as though said Obligations were voluntarily prepaid (and shall constitute an Applicable Prepayment) as of the date of such Change of Control Event and shall constitute part of the Obligations, in view of the impracticability and extreme difficulty of ascertaining actual damages and by mutual agreement of the parties as to a reasonable calculation of each Lender's lost profits as a result thereof. The Applicable Premium payable in accordance with clause (b) above shall be presumed to be the liquidated damages sustained by each Lender as the result of the early termination, and the Borrower agrees that it is reasonable under the circumstances. BORROWER EXPRESSLY WAIVES THE PROVISIONS OF ANY PRESENT OR FUTURE STATUTE OR LAW THAT PROHIBITS OR MAY PROHIBIT THE COLLECTION OF THE FOREGOING APPLICABLE PREMIUM. The Borrower expressly agrees that: (A) the Applicable Premium is reasonable and is the product of an arm's length transaction between sophisticated business people, ably represented by counsel, (B) the Applicable Premium shall be payable notwithstanding the then prevailing market rates at the time payment is made, (C) there has been a course of conduct between Lenders and Borrower giving specific consideration in this transaction for such agreement to pay the Applicable Premium, and (D) Borrower shall be estopped hereafter from claiming differently than as agreed to in this paragraph. The Borrower expressly acknowledges that its agreement to pay the Applicable Premium as herein described is a material inducement to the Lenders to provide the Commitments and make the Loans.

2.11 [Reserved].

2.12 Closing Fee; Unused Delayed Draw Fee.

(a) On the Closing Date, the Borrower agrees to pay to the Lenders, as compensation for providing the Term Loan Commitments, a one-time fee in an amount equal to $625,000, which fee shall take the form of original issue discount and be net funded from the proceeds of the Loans funded on the initial Borrowing Date. Such fee will be in all respects fully earned, due and payable on the Closing Date and non refundable and non creditable thereafter.

(b) The Borrower agrees to pay to the Lenders, as compensation for providing the unfunded Delayed Draw Term Loan Commitments, the Unused Delayed Draw Fee in arrears on each Payment Date, which fee shall accrue at all times from and after the Closing Date until the Delayed Draw Term Loan Commitment Termination Date.

2.13 Maintenance of Loan Account; Statements of Obligations. Agent shall maintain an account on its books (the "Loan Account") on which Agent will calculate charges in respect of the Loans and all interest, fees, and expenses in respect thereof (in each case, as and when payable hereunder or under the other Loan Documents). The entries made in the Loan Account shall be prima facie evidence of the existence and amounts of the obligations recorded therein absent manifest error; provided that the failure of Agent to maintain the Loan Account shall not in any manner affect the obligation of the Borrower to repay the Loans in accordance with the terms of this Agreement. Agent shall render statements regarding the Loan Account to Borrower, including principal, interest, fees, and including an itemization of all expenses owing, and such statements shall be conclusively presumed to be correct and accurate (absent manifest

error) and constitute an account stated between Borrower and Agent and the Lenders unless, within thirty (30) days after receipt thereof by Borrower, Borrower shall deliver to Agent a written objection thereto describing the error or errors contained in any such statements.

2.14 Increased Costs. If after the Closing Date, the adoption of, or any change in, any applicable law, rule, or regulation, or any change in the interpretation or administration thereof by any Governmental Authority charged with the interpretation or administration thereof, or compliance by Agent or any Lender (or its Affiliates) with any request, guideline, or directive of any Governmental Authority (a "Regulatory Change") shall impose, modify, or deem applicable any reserve, special deposit, or similar requirement (including any such requirement imposed by the Federal Reserve Board) against Assets of, deposits with, or for the account of, or credit extended by, Agent or any Lender (or its Affiliates) (except any reserve requirement reflected in the Eurocurrency Reserve Requirement), or subjects Agent or any Lender to any Taxes (other than (A) Indemnified Taxes, (B) Taxes described in clauses (b) through (d) of the definition of Excluded Taxes and (C) Connection Income Taxes) on its loans, loan principal, commitments, or other obligations, or its deposits, reserves, other liabilities or capital attributable thereto, then, Agent may, by written notice given to Borrower, together with reasonably detailed supporting evidence, require Borrower to pay to such Lender such additional amounts as shall compensate such Lender for any such increased cost, reduction, loss, or expense actually incurred by such Lender in connection with the Loans for such increased amounts preceding the date on which such notice is given during each fiscal quarter thereafter. Any such request for compensation by such Lender under this Section 2.14 shall set forth the basis of calculation thereof and shall, in the absence of manifest error, be conclusive and binding for all purposes unless, within thirty (30) days after receipt thereof by Borrower, Borrower shall deliver to Agent written objection thereto describing the error or errors contained in any such request for compensation. Notwithstanding anything herein to the contrary, the issuance of any rules, regulations or directions under (x) the Dodd-Frank Wall Street Reform and Consumer Protection Act and all requests, rules, guidelines or directives thereunder or issued in connection therewith, or (y) all requests, rules, guidelines or directives promulgated by the Bank for International Settlements, the Basel Committee on Banking Supervision (or any successor or similar authority) or the United States or foreign regulatory authorities, in each case pursuant to Basel III, in each case after the date of this Agreement shall be deemed to be a change in law, rule, regulation or guideline for purposes of this Agreement and the protection of this Agreement shall be available to Agent regardless of any possible contention of the invalidity or inapplicability of the law, rule, regulation, guideline or other change or condition which shall have occurred or been imposed, so long as it shall be customary for lenders or issuing banks affected thereby to comply therewith.

2.15 Benchmark Replacement.

(a) Suspension. If Agent, on any Business Day, is unable to determine in good faith the Term SOFR for a new, continued, or converted SOFR Loan for any reasonable reason (as determined by Agent in good faith), or any law, regulation, or governmental order, rule or determination makes it unlawful for Agent to make a SOFR Loan, Borrower's right to select SOFR Loans will be suspended upon the Agent giving written notice (including by email) of such determination until Agent is again able to determine the Term SOFR or make SOFR

Loans, as the case may be. During such suspension, new Loans may only be Base Rate Loans and SOFR Loans shall automatically convert to Base Rate Loans upon the expiration of the Interest Period in effect immediately prior to the commencement of such suspension, and the Loans shall not otherwise constitute SOFR Loans; provided that Borrower or Agent may request an alternative interest rate to the Base Rate, and Borrower and Agent shall negotiate such alternative interest rate in good faith. Any such determination shall, in the absence of manifest error, be conclusive and binding for all purposes.

(b) Benchmark Replacement. Notwithstanding anything to the contrary herein or in any other Loan Document (and any Swap Arrangement shall be deemed not to be a "Loan Document" for purposes of this Section 2.15), if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to any setting of the then-current Benchmark, then (x) if a Benchmark Replacement is determined in accordance with clause (1) or (2) of the definition of "Benchmark Replacement" for such Benchmark Replacement Date, such Benchmark Replacement will replace such Benchmark for all purposes hereunder and under any Loan Document in respect of such Benchmark setting and subsequent Benchmark settings without any amendment to, or further action or consent of any other party to, this Agreement or any other Loan Document and (y) if a Benchmark Replacement is determined in accordance with clause (2) of the definition of "Benchmark Replacement" for such Benchmark Replacement Date, such Benchmark Replacement will replace such Benchmark for all purposes hereunder and under any Loan Document in respect of any Benchmark setting at or after 5:00 p.m. (New York City time) on the fifth (5th) Business Day after the date notice of such Benchmark Replacement is provided to the Lenders without any amendment to, or further action or consent of any other party to, this Agreement or any other Loan Document so long as the Agent has not received, by such time, written notice of objection to such Benchmark Replacement from Lenders comprising the Required Lenders.

(c) Conforming Changes. In connection with the use or administration of Term SOFR or the implementation of a Benchmark Replacement, the Agent will have the right (in consultation with the Borrower) to make Conforming Changes from time to time and, notwithstanding anything to the contrary herein or in any other Loan Document, any amendments implementing such Conforming Changes will become effective without any further action or consent of any other party to this Agreement or any other Loan Document. The Agent shall promptly notify the Borrower and the Lenders of the effectiveness of any Conforming Changes.

(d) Notices; Standards for Decisions and Determinations. The Agent will promptly notify the Borrower and the Lenders of (i) any occurrence of a Benchmark Transition Event and its related Benchmark Replacement Date, (ii) the implementation of any Benchmark Replacement, (iii) the effectiveness of any Conforming Changes, (iv) the removal or reinstatement of any tenor of a Benchmark pursuant to clause (e) below and (v) the commencement or conclusion of any Benchmark Unavailability Period. Any determination, decision or election that may be made by the Agent or, if applicable, any Lender (or group of Lenders) pursuant to this Section 2.15 including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any

decision to take or refrain from taking any action or any selection, will be conclusive and binding absent manifest error and may be made in its or their sole discretion and without consent from any other party to this Agreement or any other Loan Document, except, in each case, as expressly required pursuant to this Section 2.15.

(e) Unavailability of Tenor of Benchmark. Notwithstanding anything to the contrary herein or in any other Loan Document, at any time (including in connection with the implementation of a Benchmark Replacement), (i) if the then-current Benchmark is a term rate (including Term SOFR Reference Rate) and either (A) any tenor for such Benchmark is not displayed on a screen or other information service that publishes such rate from time to time as selected by the Agent in its reasonable discretion in consultation with the Borrower or (B) the regulatory supervisor for the administrator of such Benchmark has provided a public statement or publication of information announcing that any tenor for such Benchmark is or will be no longer representative, then the Agent may, in consultation with the Borrower, modify the definition of "Interest Period" for any Benchmark settings at or after such time to remove such unavailable or non-representative tenor and (ii) if a tenor that was removed pursuant to clause (i) above either (A) is subsequently displayed on a screen or information service for a Benchmark (including a Benchmark Replacement) or (B) is not, or is no longer, subject to an announcement that it is or will no longer be representative for a Benchmark (including a Benchmark Replacement), then the Agent may, in consultation with the Borrower, modify the definition of "Interest Period" for all Benchmark settings at or after such time to reinstate such previously removed tenor.

(f) Benchmark Unavailability Period. Upon the Borrower's receipt of notice of the commencement of a Benchmark Unavailability Period, the Borrower may revoke any request for a SOFR Loan of, conversion to or continuation of SOFR Loans to be made, converted or continued during any Benchmark Unavailability Period and, failing that, the Borrower will be deemed to have converted any such request into a request for a Borrowing of or conversion to Base Rate Loans. During any Benchmark Unavailability Period or at any time that a tenor for the then-current Benchmark is not an Available Tenor, the component of Base Rate based upon the then-current Benchmark or such tenor for such Benchmark, as applicable, will not be used in any determination of Base Rate.

2.16 Funding Sources. Nothing herein shall be deemed to obligate Agent or any Lender to obtain the funds to make any Loan in any particular place or manner and nothing herein shall be deemed to constitute a representation by Agent or any Lender that it has obtained or will obtain such funds in any particular place or manner.

2.17 Survivability. Borrower's obligations under Section 2.14 hereof shall survive repayment of the Loans made hereunder.

2.18 Defaulting Lenders. Notwithstanding any provision of this Agreement to the contrary, if any Lender becomes a Defaulting Lender, then the following provisions shall apply for so long as such Lender is a Defaulting Lender:

(a) the Unused Delayed Draw Fee payable pursuant to Section 2.12(b) shall cease to accrue on the unused Commitment of such Defaulting Lender;

(b) the Commitments of such Defaulting Lender shall not be included in determining whether the Lenders have taken or may take any action hereunder (including any consent to any amendment, waiver or other modification pursuant to Section 9.2(b)); and

(c) any payment of principal, interest, fees or other amounts received by the Defaulting Lender or the Agent for the account of such Defaulting Lender (whether voluntary or mandatory, at maturity, pursuant to Article VII or otherwise) shall be applied at such time or times as may be determined by the Agent as follows: first, to the payment of any amounts owing by such Defaulting Lender to the Agent hereunder; second, as the Borrower may request (so long as no Unmatured Event of Default or Event of Default exists), to the funding of any Loan in respect of which such Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as determined by the Agent; third, if so determined by the Agent and the Borrower, to be held in a deposit account and released pro rata in order to satisfy such Defaulting Lender's potential future funding obligations with respect to Loans under this Agreement; fourth, to the payment of any amounts owing to the Lenders as a result of any judgment of a court of competent jurisdiction obtained by any Lender against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; fifth, so long as no Unmatured Event of Default or Event of Default exists, to the payment of any amounts owing to the Borrower as a result of any judgment of a court of competent jurisdiction obtained by the Borrower against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; and sixth, to such Defaulting Lender or as otherwise directed by a court of competent jurisdiction; provided that if (x) such payment is a payment of the principal amount of any Loans in respect of which such Defaulting Lender has not fully funded its appropriate share, and (y) such Loans were made at a time when the conditions set forth in Section 3.2 were satisfied or waived, such payment shall be applied solely to pay the Loans of all applicable Non-Defaulting Lenders on a pro rata basis prior to being applied to the payment of any Loans of such Defaulting Lender. Any payments, prepayments or other amounts paid or payable to a Defaulting Lender that are applied (or held) to pay amounts owed by a Defaulting Lender pursuant to this Section shall be deemed paid to and redirected by such Defaulting Lender, and each Lender irrevocably consents hereto.

(d) In the event that the Agent and the Borrower each agrees that a Defaulting Lender has adequately remedied all matters that caused such Lender to be a Defaulting Lender, then the provisions of this Section 2.18 shall cease to apply to such Lender; provided that no adjustments will be made retroactively with respect to fees accrued or payments made by or on behalf of the Borrower while that Lender was a Defaulting Lender; and provided, further, that except to the extent otherwise expressly agreed by the affected parties, no change hereunder from Defaulting Lender to Lender will constitute a waiver or release of any claim of any party hereunder arising from that Lender's having been a Defaulting Lender.

2.19 Sharing of Payments. If any Lender shall, by exercising any right of setoff or counterclaim or otherwise, obtain payment in respect of any principal of or interest on any of its Loans or other obligations hereunder resulting in such Lender receiving payment of a proportion of the aggregate amount of its Loans and accrued interest thereon or other such

obligations greater than its pro rata share thereof as provided herein, then the Lender receiving such greater proportion shall:

(a) notify the Agent of such fact, and

(b) other than in connection with a Buyout, purchase (for cash at face value) participations in the Loans and such other obligations of the other Lenders, or make such other adjustments as shall be equitable, so that the benefit of all such payments shall be shared by the Lenders ratably in accordance with the aggregate amount of principal of and accrued interest on their respective Loans and other amounts owing them; provided that:

(i) if any such participations are purchased and all or any portion of the payment giving rise thereto is recovered, such participations shall be rescinded and the purchase price restored to the extent of such recovery, without interest; and

(ii) the provisions of this paragraph shall not be construed to apply to (x) any payment made by the Borrower pursuant to and in accordance with the express terms of this Agreement or (y) any payment obtained by a Lender as consideration for the assignment of or sale of a participation in any of its Loans to any assignee or participant.

The Borrower consents to the foregoing and agrees, to the extent it may effectively do so under applicable law, that any Lender acquiring a participation pursuant to the foregoing arrangements may exercise against the Borrower rights of setoff and counterclaim with respect to such participation as fully as if such Lender were a direct creditor of the Borrower in the amount of such participation.

Article III.

4.4 Binding Agreements. This Agreement is, and each other Loan Document to which any Loan Party is or will be a party, when delivered hereunder, will be, a legal, valid and binding obligation of such Person, enforceable against such Person in accordance with its terms, except as enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting creditors' rights generally or general principles of equity regardless of whether considered in a proceeding in equity or at law.

4.5 Other Agreements. The execution, delivery, and performance by each Loan Party of each Loan Document to which it is a party, do not and will not: (a) violate (i) any provision of any federal (including the Exchange Act), state, or local law, rule, or regulation (excluding Regulations T, U, and X of the Federal Reserve Board) binding on such Loan Party (including, for the avoidance of doubt, provisions of any federal laws of Canada, or the laws of any province therein, binding on Mount Logan Capital), (ii) Regulations T, U, and X of the

Except for Permitted Liens, the Covenant Parties have good and sufficient title to all of their respective Assets reflected in their books and records as being owned by them or their nominee. Neither this Agreement, nor any of the other Loan Documents, nor any transaction contemplated under any such agreement will affect any right, title, or interest of the Covenant Parties in and to any of their respective Assets in a manner that would reasonably be expected to have a Material Adverse Effect.

4.10 Governmental Regulation.

No Covenant Party is a "promoter" of, or "principal underwriter" of or for, an "investment company", as such terms are defined in the Investment Company Act.

(c) Each Covenant Party that is required under applicable law to be duly registered, licensed or qualified as a broker-dealer or as a member of FINRA, or to be registered, licensed or qualified as a broker- dealer representative, a registered representative, or agent in any State of the United States or with the SEC or required to be registered with any other Governmental Authority under applicable law, in each case, are so registered, licensed or qualified.

4.11 Disclosure. Except with respect to information of a general economic or general industry nature, forward looking information and information relating to third parties, no representation or warranty of any Loan Party contained in this Agreement or any other document, certificate, or written statement furnished to Agent by or on behalf of Borrower with respect to the business, operations, Assets, or condition (financial or otherwise) of the Loan Parties for use solely in connection with the transactions contemplated by this Agreement

contains any untrue statement of a material fact or omits to state a material fact necessary in order to make the statements contained herein or therein, in light of the circumstances under which they were made, not materially misleading; provided that to the extent any such information, report, financial statement, exhibit or schedule was based upon or constitutes a forecast or projection, Borrower represents only that it acted in good faith and utilized assumptions believed by the management of Borrower to be reasonable at the time made in the preparation of such information, report, financial statement, exhibit or schedule. Promissory Note) to which such Covenant Party is a party with one or more third Persons relative to such Covenant Party's Debt in excess of the greater of $500,000 and 5% of EBITDA for the most recently ended four fiscal quarter period for which financial statements have been delivered (any such Debt, "Material Debt"), and such failure shall continue after the applicable grace period, if any, specified in the agreement or instrument relating to such Material Debt or (ii) any other default under any agreement or instrument relating to any such Material Debt, or any other event, shall occur and shall continue after the applicable grace period, if any, specified in such agreement or instrument, if the effect of such default or event is to accelerate, or to permit the acceleration of, the maturity of such Material Debt;

(k) Subordinated Debt. If any Covenant Party or any of their respective Subsidiaries that are Covenant Parties makes any payment on account of Debt that has been contractually subordinated in right of payment to the payment of the Debt evidenced by this Agreement or any other Loan Document, except to the extent such payment is permitted by the terms of the subordination provisions applicable to such Indebtedness;

(l) Agent's Liens. If any Loan Document that purports to create a Lien, shall, for any reason, fail or cease to create a valid and perfected first priority Lien on a material portion of the Assets covered thereby, except to the extent permitted by the terms of such Loan Document or as a result of any action of the Agent or a failure of the Agent to take any action within its control;

(m) Loan Documents. Except as permitted pursuant to the applicable Loan Document, any provision of any Loan Document shall at any time for any reason be declared to be null and void by any Loan Party, or the validity or enforceability thereof shall be contested by any Loan Party, or a proceeding shall be commenced by any Loan Party, or by any Governmental Authority having jurisdiction over any Loan Party, seeking to establish the invalidity or unenforceability thereof, or any Loan Party shall deny that any Loan has any liability or obligation purported to be created under any Loan Document;

(n) Management Agreements. If any Material Management Agreement is terminated, sold or assigned by any Investment Adviser to a third party, fails to be renewed, or otherwise ceases to be in effect, or no Investment Adviser or other Loan Party that is a wholly owned Subsidiary of Borrower is otherwise the investment adviser thereunder or has the right to be the recipient of Management Fees thereunder, in each case without the written consent of Agent;

(o) Loss of License, Etc. (i) The loss, suspension or revocation of any Investment Adviser's registration as an investment adviser under the Investment Advisers Act of 1940, or (ii) the indictment or conviction of any Covenant Party or director or officer thereof of a felony offense of moral turpitude and pursuant to which the penalties or remedies sought include forfeiture to any Governmental Authority of any material portion of the property of such Person; or

(p) Breach of SC Adviser Services Agreement. If the SC Adviser Services Agreement is breached in any respect by SC Adviser or an event of default occurs

thereunder, or the SC Adviser Services Agreement, or any provision thereof, is or becomes invalid or unenforceable in any respect.

7.2 Remedies. Upon the occurrence and during the continuance of an Event of Default:

(a) If such Event of Default arises under subsections (d) or (e) of Section 7.1 hereof, then all of the Obligations owing hereunder or under the other Loan Documents automatically shall become immediately due and payable, without presentment, demand, protest, notice, or other requirements of any kind, all of which are hereby expressly waived by Borrower; and

(b) In the case of any other Event of Default, Agent, by written notice to Borrower, may declare all of the Obligations owing hereunder or under the Loan Documents to be, and the same immediately shall become, due and payable, without presentment, demand, protest, further notice, or other requirements of any kind, all of which are hereby expressly waived by Borrower.

Upon acceleration, Agent (without notice to or demand upon Borrower, which are expressly waived by Borrower to the fullest extent permitted by law), shall be entitled to proceed to protect, exercise, and enforce its rights and remedies hereunder or under the other Loan Documents, or any other rights and remedies as are provided by law or equity. Agent may determine, in its sole discretion, the order and manner in which Agent's rights and remedies are to be exercised.

7.3 Application of Payments and Proceeds of Collateral.

(a) Except as set forth in Sections 2.9, all payments on account of the Obligations and all proceeds of Collateral received by Agent (whether pursuant to this Article VII or otherwise) shall be applied as follows (regardless of how Agent may treat the payments for the purpose of its own accounting): first, to pay all reasonable and documented out-of-pocket costs and expenses (including reasonable and documented out-of-pocket attorneys' fees and expenses) incurred by Agent in enforcing any Obligation of Borrower hereunder, or in collecting any payments due hereunder or under the other Loan Documents, or which Borrower is required to pay to Agent, until paid in full, second, to pay any fees then due to Agent under the Loan Documents until paid in full, third, to pay all accrued and unpaid interest on the Loans until paid in full, fourth, (x) so long as no Event of Default has occurred and is continuing, to pay all principal amounts then due and payable (other than as a result of an acceleration thereof) on the Loans until paid in full, and (y) if an Event of Default has occurred and is continuing, to pay the then outstanding principal balance of the Loans until paid in full, fifth, if an Event of Default has occurred and is continuing, to pay any other Obligations until paid in full, and sixth, to Borrower (to be wired to the Designated Account) or such other Person entitled thereto under applicable law.

(b) For purposes of the foregoing clause (a), "paid in full" means payment of all amounts owing under the Loan Documents according to the terms thereof,

including loan fees, service fees, professional fees, interest (and specifically including interest accrued after the commencement of any Insolvency Proceeding), default interest, interest on interest, indemnities and expense reimbursements, whether or not any of the foregoing would be or is allowed or disallowed in whole or in part in any Insolvency Proceeding, in each case, other than unasserted contingent expense reimbursement and indemnification Obligations and Obligations that by their express terms survive termination of this Agreement.

(c) In each instance set forth in clause (a) above, so long as no Event of Default has occurred and is continuing, the payment waterfall set forth above shall not apply to any payment made by Borrower to Agent and specified by Borrower to be for the payment of specific Obligations then due and payable (or prepayable) under any provision of this Agreement.

7.4 Equity Cure.

(a) Notwithstanding anything to the contrary contained in this Article VII, in the event that Borrower fails to comply with any Financial Covenant set forth in Section 6.23(a), (b), or (d) (each a "Specified Financial Covenant") and notifies the Agent and the Lenders of the intent to exercise its Equity Cure Right within three (3) Business Days of the Delivery Date (and so exercises the Equity Cure Right within ten (10) Business Days of the Delivery Date), then until the tenth (10^{th}) Business Day following the earlier of (i) the date on which the financial statements in respect of the applicable fiscal quarter are required to be delivered pursuant to Section 5.2(b) or (c), as applicable, and (ii) the date on which such financial statements are actually delivered for such fiscal quarter (such earlier date, the "Delivery Date"), Mount Logan Capital shall have the right but not the obligation to (i) purchase Equity Interests (which shall be in the form of common equity or other equity having terms reasonably acceptable to the Required Lenders) of Borrower or to contribute additional capital in respect of its existing Equity Interests of Borrower and (ii) make payment for such Equity Interests in cash and/or make such capital contributions in cash within ten (10) Business Days following the Delivery Date (collectively, the "Equity Cure Right"); provided that immediately upon receipt by Borrower of such cash contribution (the "Specified Equity Contribution") pursuant to the exercise by Mount Logan Capital of such Equity Cure Right, (i) EBITDA shall be increased by a portion of the Specified Equity Contribution equal to the EBITDA Cure Amount, solely for the purposes of determining compliance with any Financial Covenant set forth in Section 6.23(a) or (b) with respect to any period of four consecutive fiscal quarters that includes the fiscal quarter for which the Equity Cure Right was exercised and not for any other purpose under this Agreement, and/or (ii) Adjusted Debt shall be decreased by a portion of the Specified Equity Contribution equal to the ACR Cure Amount, solely for the purposes of determining compliance with the Financial Covenant set forth in Section 6.23(d) with respect to the fiscal quarter for which the Equity Cure Right was exercised and not for any other purpose under this Agreement; provided further that in no event shall the sum of the EBITDA Cure Amount for any fiscal quarter and the ACR Cure Amount for such fiscal quarter exceed the amount of the Specified Equity Contribution made in respect of such fiscal quarter. The Borrower shall immediately apply the full EBITDA Cure Amount to the payment of the Obligations in the manner specified in Section 7.3. If, after giving pro forma effect to the receipt of the EBITDA Cure Amount and/

or the ACR Cure Amount, Borrower shall then be in compliance with the requirements of the Specified Financial Covenants, Borrower shall be deemed to have complied with the applicable Specified Financial Covenants as of the relevant date of determination with the same effect as though there had been no failure to comply therewith at such date, and the applicable breach or default of the applicable Specified Financial Covenant that had occurred shall be deemed not to have occurred for the purposes of this Agreement. Upon the Agent's and the Lenders' receipt within three (3) Business Days of the Delivery Date of an irrevocable notice certified by a Responsible Officer of Borrower to Agent and the Lenders that it intends to exercise the Equity Cure Right, neither the Agent nor any Lender shall exercise the right to accelerate the Loans and neither the Agent nor any Lender shall exercise any right to foreclose on or take possession of the Collateral or exercise any other remedies against the Collateral, in each case, on the basis of an allegation of an Event of Default having occurred due to failure by the Borrower to comply with the Specified Financial Covenants for the applicable period.

(b) Prior to satisfaction of the foregoing requirements of Section 7.4(a), any Event of Default that occurs or has occurred as a result of a breach of the Specified Financial Covenants shall be deemed to be continuing and, as a result, the Lenders shall have no obligation to make additional loans or otherwise extend additional credit hereunder. In the event Borrower does not cure all Specified Financial Covenant violations as provided in this Section 7.4, the existing Events of Default shall continue unless waived in writing by the Required Lenders in accordance herewith.

(c) Notwithstanding anything herein to the contrary, (i) in each four fiscal quarter period there shall be at least two fiscal quarters in which no Equity Cure Right is exercised, (ii) no more than five (5) Specified Equity Contributions may be made during the term of this Agreement, (iii) the amount of any Specified Equity Contribution shall be no greater than the minimum amount required to cause Borrower to be in compliance with the applicable Specified Financial Covenants, and (iv) Specified Equity Contributions shall be disregarded for purposes of determining EBITDA for any pricing, Financial Covenant based conditions or any baskets with respect to the Financial Covenants contained in this Agreement.

Article VIII.
EXPENSES, INDEMNITIES AND OTHER OBLIGATIONS

8.1 Expenses. Irrespective of whether the transactions contemplated hereby are consummated or the Loans is made, Borrower agrees to pay on demand: (a) all of Agent's reasonable and documented out-of-pocket costs and expenses of preparation of this Agreement, the other Loan Documents, and all other agreements, instruments, and documents contemplated hereby and thereby, (b) the reasonable and documented out-of-pocket fees, expenses, and disbursements of counsel to Agent in connection with the negotiation, preparation, printing, reproduction, execution, and delivery of this Agreement, the other Loan Documents, and any amendments and waivers hereto or thereto, (c) filing, recording, publication, and search fees paid or incurred by or on behalf of Agent in connection with the transactions contemplated by this Agreement and the other Loan Documents, (d) all other reasonable and documented out-of-pocket expenses incurred by Agent in connection with the negotiation, preparation, and

execution of this Agreement, the other Loan Documents, any amendments or waivers hereto or thereto, and the making of the Loans hereunder, (e) the reasonable and documented out-of-pocket costs and expenses incurred by Agent, in connection with audits, inspections, and appraisals contemplated by this Agreement and the other Loan Documents and (f) all reasonable and documented out-of-pocket costs and expenses (including reasonable and documented out-of-pocket attorney's fees and costs of settlement) incurred by Agent and each Lender in enforcing or collecting any Obligations of Borrower or defending the Loan Documents (including reasonable and documented out-of-pocket attorney's fees and expenses incurred in connection with a "workout," a "restructuring," or any bankruptcy or insolvency proceeding concerning Borrower), irrespective of whether suit is brought; provided that, notwithstanding anything to the contrary contained herein, with respect to legal fees in each instance described in the foregoing, (i) Borrower shall only be required to pay for one primary counsel (which counsel may be subject to change from time to time) for the Agent and the Lenders and such additional counsel as may reasonably be retained in connection with an actual or potential conflict of interest arising between such Persons, and (ii) in connection with the initial negotiation of the Loan Documents, such expenses not to exceed $392,500 in the aggregate on the Closing Date.

8.2 Indemnity. In addition to, but without duplication of, the payment of expenses pursuant to Section 8.1 hereof, Borrower agrees to indemnify, exonerate, defend, pay, and hold harmless Agent and each Lender, and any holder of any interest in this Agreement, and the officers, directors, employees, and agents of Agent, each Lender and such holders (collectively the "Indemnitees" and individually as "Indemnitee") from and against any and all actual liabilities, obligations, losses (other than lost profits), damages, penalties, actions, causes of action, judgments, suits, claims, costs, expenses, and disbursements of any kind or nature whatsoever, that may be imposed on, incurred by, or asserted against such Indemnitee, in any manner relating to or arising out of this Agreement or any other Loan Document, the use or intended use of the proceeds of the Loans or the consummation of the transactions contemplated by this Agreement, including any matter relating to or arising out of the filing or recordation of any of the Loan Documents which filing or recordation is done based upon information supplied by Borrower or any other Loan Party to Agent or any Lender and/or its counsel (the "Indemnified Liabilities"); provided, however, that Borrower shall not be liable with respect to Indemnified Liabilities to the extent such Indemnified Liabilities are (i) found in a final non-appealable judgment by a court of competent jurisdiction to have resulted from (x) the gross negligence, bad faith or willful misconduct of any such Indemnitee or (y) a material breach of the Loan Documents by such Indemnitee or its Affiliates, partners, members, directors, officers, employees, trustees, agents, controlling persons, advisors or other representatives or (ii) related to any claim disputed solely among the Indemnitees other than Indemnified Liabilities arising out of any act or omission on the part of Borrower, any other Loan Party or any of their respective Subsidiaries; provided further that, notwithstanding anything to the contrary contained herein, with respect to legal fees in each instance described in the foregoing, Borrower shall only be required to pay for one primary counsel for the Indemnitees taken as a whole . To the extent that the undertaking to indemnify, pay, and hold harmless set forth in the preceding sentence may be unenforceable because it is violative of any law or public policy, Borrower shall make the maximum contribution to the payment and satisfaction of each of the Indemnified Liabilities that is permissible under applicable law. This Section 8.2 shall not apply with respect to Taxes other

than any Taxes that represent losses, claims, damages, etc. arising from any non-Tax claim. The obligations of Borrower under this Section 8.2 shall survive the termination of this Agreement and the discharge of Borrower's other obligations hereunder.

None of Agent, the Lenders and Borrower shall assert, and Borrower, Agent and each Lender each hereby waives to the extent permitted by each applicable Requirement of Law, any claim on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) (whether or not the claim therefor is based on contract, tort or duty imposed by any applicable legal requirement) arising out of, in connection with, as a result of, or in any way related to, this Agreement or any other Loan Document or any agreement or instrument contemplated hereby or thereby or referred to herein or therein, the transactions contemplated hereby or thereby, any Loan or the use of the proceeds thereof or any act or omission or event occurring in connection therewith, and Borrower, Agent and each Lender each hereby waives, releases and agrees not to sue upon any such claim or seek any such damages, whether or not accrued and whether or not known or suspected to exist in its favor.

8.3 Taxes.

(a) All payments made by or on account of any Loan Party hereunder or under any other Loan Document will be made without setoff, counterclaim, or other defense. In addition, all such payments will be made free and clear of, and without deduction or withholding for, any present or future Taxes (unless required by applicable law, which for purposes of this Section 8.3 shall include FATCA), and in the event any deduction or withholding of Taxes is required by applicable law (as determined in the good faith discretion of an applicable Withholding Agent), the applicable Withholding Agent (or its agents) shall make such deduction or withholding and timely pay the full amount deducted or withheld to the relevant Governmental Authority in accordance with applicable law, and if such Tax is an Indemnified Tax, Borrower agrees to pay to the applicable Recipient such additional amounts as may be necessary so that, after such deduction or withholding has been made (including such deductions and withholdings applicable to additional sums payable under this Section 8.3), such Recipient receives an amount equal to the sum it would have received had no such deduction or withholding been made. Borrower shall indemnify each Recipient, within 10 days after demand therefor, for the full amount of any Indemnified Taxes (including Indemnified Taxes imposed or asserted on or attributable to amounts payable under this Section) payable or paid by such Recipient or required to be withheld or deducted from a payment to such Recipient and any reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to Borrower by a Lender (with a copy to Agent), or by Agent on its own behalf or on behalf of a Lender, shall be conclusive absent manifest error.

(b) Borrower will furnish to Agent as soon as practicable after the date of the payment of any Tax pursuant to this Section 8.3 certified copies of Tax receipts evidencing such payment by Borrower, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to Agent.

(c) Borrower shall timely pay to the relevant Governmental Authority in accordance with applicable law, or at the option of the applicable Lender timely reimburse it for the payment of, any Other Taxes.

(d) If any Lender is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Loan Document, such Lender shall deliver to Borrower and Agent prior to becoming a party to this Agreement and at the time or times reasonably requested by Borrower or Agent such properly completed and executed documentation as will permit such payments to be made without or at a reduced rate of withholding. In addition, each Lender, prior to becoming a party to this Agreement and at the time or times reasonably requested by Borrower or Agent, shall deliver such other documentation prescribed by applicable law or reasonably requested by Borrower or Agent as will enable Borrower or Agent to determine whether or not such Lender is subject to backup withholding or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in paragraphs (d)(i) through (d)(v) and paragraph (f) of this Section 8.3) shall not be required if in such Lender's reasonable judgment such completion, execution or submission would subject such Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender. Without limitation of the foregoing, each Lender agrees with and in favor of Borrower and Agent, to deliver to Borrower and Agent prior to becoming a party to this Agreement and at the time or times reasonably requested by Borrower or Agent:

(i) if such Lender is a U.S. Person, executed copies of IRS Form W-9 certifying that such Lender is exempt from U.S. federal backup withholding tax;

(ii) if such Lender claims an exemption from United States withholding Tax pursuant to the exemption for portfolio interest under Section 881(c) of the Internal Revenue Code, (A) a statement of such Lender, signed under penalty of perjury, that it is not a (I) a "bank" as described in Section 881(c)(3)(A) of the Internal Revenue Code, (II) a 10% shareholder of Borrower (within the meaning of Section 871(h)(3)(B) of the Internal Revenue Code) or (III) a controlled foreign corporation related to Borrower within the meaning of Section 864(d)(4) of the Internal Revenue Code and (B) a properly completed and executed IRS Form W-8BEN or IRS Form W-8BEN-E;

(iii) if such Lender claims an exemption from, or a reduction of, withholding Tax under a Tax treaty to which the United States is a party (x) with respect to payments of interest under any Loan Document, executed copies of IRS Form W-8BEN or IRS Form W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "interest" article of such tax treaty and (y) with respect to any other applicable payments under any Loan Document, IRS Form W-8BEN or IRS Form W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "business profits" or "other income" article of such tax treaty;

(iv) if such Lender claims that interest paid under this Agreement is exempt from United States withholding Tax because it is effectively connected with a United States trade or business of such Lender, executed copies of IRS Form W-8ECI; or

(v) to the extent such Lender is not the beneficial owner of its interest in any Loan, executed copies of IRS Form W-8IMY, accompanied by IRS Form W- 8ECI, IRS Form W-8BEN, IRS Form W-8BEN-E, the information described in Section 8.3(d)(ii) or IRS Form W-9, and/or other certification documents from each beneficial owner, as required under applicable law; provided that if such Lender is a partnership that is not a U.S. Person and one or more direct or indirect partners of such Lender are claiming the portfolio interest exemption, such Lender may provide a certificate with the information described in Section 8.3(d)(ii) on behalf of such direct and indirect partner; or

(vi) such other form or forms (together with such supplementary documentation as may be prescribed by applicable law to permit Borrower to determine the withholding or deduction required to be made), as may be required under the Internal Revenue Code or other laws of the United States as a condition to exemption from, or reduction of, United States withholding or backup withholding Tax.

(e) If a payment made to such Lender under any Loan Document would be subject to withholding Tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Internal Revenue Code, as applicable), such Lender shall deliver to Borrower and Agent prior to becoming a party to this Agreement, at the time or times prescribed by law and at such time or times reasonably requested by Borrower or Agent such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Internal Revenue Code) and such additional documentation reasonably requested by Borrower or Agent as may be necessary for Borrower or Agent to comply with its obligations under FATCA and to determine that such Lender has complied with such Lender's obligations under FATCA or to determine the amount, if any, to deduct and withhold from such payment. Solely for purposes of this Section 8.3(e), "FATCA" shall include any amendments made to FATCA after the date of this Agreement.

(f) Each Lender agrees that if any change in circumstances (including the expiration, obsolescence, or inaccuracy of any form) would modify or render invalid any claimed exemption or reduction described in this Section 8.3, it shall update any form or certification associated with such exemption or reduction or notify Borrower of its legal inability to do so. No Lender shall be required to deliver any documentation or statement described in Section 8.3(d)(ii) – 8.3(d)(vi) that it is not legally entitled to deliver.

(g) If any Lender determines, in its sole discretion exercised in good faith, that it has received a refund of any Taxes as to which it has been indemnified pursuant to this Section 8.3 (including the payment of additional amounts pursuant to this Section 8.3), such Lender shall pay to Borrower an amount equal to such refund (but only to the extent of indemnity payments made under this Section 8.3 with respect to the Taxes giving rise to such refund), net of all reasonable and documented out-of-pocket expenses (including Taxes) of such

Lender and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund). Borrower, upon the request of such Lender, shall repay to such Lender the amount paid over pursuant to this Section 8.3(g) (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) in the event that such Lender is required to repay such refund to such Governmental Authority. Notwithstanding anything to the contrary in this Section 8.3(g), in no event will such Lender be required to pay any amount to Borrower pursuant to this Section 8.3(g) the payment of which would place such Lender in a less favorable net after-Tax position than such Lender would have been in if the Tax subject to indemnification and giving rise to such refund had not been deducted, withheld or otherwise imposed and the additional amounts with respect to such Tax had never been paid. This paragraph shall not be construed to require such Lender to make available its Tax returns (or any other information relating to its Taxes that it deems confidential) to Borrower or any other Person.

(h) Indemnification by the Lenders. Each Lender shall severally indemnify Agent, within 10 days after demand therefor, for (i) any Indemnified Taxes attributable to such Lender (but only to the extent that Borrower has not already indemnified Agent for such Indemnified Taxes and without limiting the obligation of Borrower to do so), (ii) any Taxes attributable to such Lender's failure to comply with the provisions of Section 9.4 relating to the maintenance of a Participant Register and (iii) any Excluded Taxes attributable to such Lender, in each case, that are payable or paid by Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender by Agent shall be conclusive absent manifest error. Each Lender hereby authorizes Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by Agent to the Lender from any other source against any amount due to Agent under this paragraph (h).

(i) Each party's obligations under this Section 8.3 shall survive any assignment of rights by, or the replacement of, a Lender, and the repayment, satisfaction or discharge of all obligations under any Loan Document.

8.4 Mitigation Obligations.

(a) If any Lender requests compensation under Section 2.14 or requires the Borrower to pay any Indemnified Taxes or additional amounts to such Lender or any Governmental Authority for the account of such Lender pursuant to Section 8.3, then such Lender shall (at the request of the Borrower) use reasonable efforts to designate a different lending office for funding or booking its Loans hereunder or to assign its rights and obligations hereunder to another of its offices, branches or affiliates, if, in the judgment of such Lender, such designation or assignment (i) would eliminate or reduce amounts payable pursuant to Section 2.14 or 8.3, as the case may be, and (ii) would not subject such Lender to any unreimbursed cost or expense and would not otherwise be disadvantageous to such Lender. The Borrower hereby

agrees to pay all reasonable costs and expenses incurred by such Lender in connection with any such designation or assignment.

(b) If any Lender requests compensation under Section 2.14 or if the Borrower is required to pay any Indemnified Taxes or additional amounts to such Lender or any Governmental Authority for the account of such Lender pursuant to Section 8.3 and, in each case, such Lender has declined or is unable to designate a different lending office in accordance with paragraph (a) of this Section 8.4, then the Borrower may, at its sole expense and effort, upon notice to such Lender, require such Lender to assign and delegate, without recourse (in accordance with and subject to the restrictions contained in, and consents required by, Section 9.4), all of its interests, rights (other than its existing rights to payments pursuant to Section 2.14 or Section 8.3) and obligations under this Agreement and the related Loan Documents to a Person that shall assume such obligations; provided that:

(i) such Lender shall have received payment of an amount equal to the outstanding principal of its Loans, accrued interest thereon, accrued fees and all other amounts payable to it hereunder and under the other Loan Documents from the assignee (to the extent of such outstanding principal and accrued interest and fees) or the Borrower (in the case of all other amounts);

(ii) in the case of any such assignment resulting from a claim for compensation under Section 2.14 or payments required to be made pursuant to Section 8.3, such assignment will result in a reduction in such compensation or payments thereafter; and

(iii) such assignment does not conflict with applicable law.

No Lender shall be required to make any such assignment or delegation if, prior thereto, as a result of a waiver by such Lender or otherwise, the circumstances entitling the Borrower to require such assignment and delegation cease to apply.

Article IX.
MISCELLANEOUS

9.1 No Waivers, Remedies. No failure or delay on the part of any Lender or the Agent, or the holder of any interest in this Agreement in exercising any right, power, privilege, or remedy under this Agreement or any of the other Loan Documents shall impair or operate as a waiver thereof, nor shall any single or partial exercise of any such right, power, privilege, or remedy preclude any other or further exercise thereof or the exercise of any other right, power, privilege, or remedy. The waiver of any such right, power, privilege, or remedy with respect to particular facts and circumstances shall not be deemed to be a waiver with respect to other facts and circumstances. The remedies provided for under this Agreement or the other Loan Documents are cumulative and are not exclusive of any remedies that may be available to Agent or any Lender, or the holder of any interest hereunder at law, in equity, or otherwise.

9.2 Waivers and Amendments.

(a) [Reserved].

(b) Except as provided in Section 2.15, no amendment or waiver of any provision of this Agreement or any other Loan Document, and no consent to any departure by any Loan Party therefrom, shall be effective unless in writing executed by the Loan Parties and the Required Lenders, and acknowledged by the Agent, or by the Loan Parties and the Agent with the consent of the Required Lenders, and each such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; provided that no such amendment, waiver or consent shall:

(i) extend or increase any Commitment of any Lender without the written consent of such Lender (it being understood that a waiver of any condition precedent set forth in Article 3 or the waiver of any Default shall not constitute an extension or increase of any Commitment of any Lender);

(ii) reduce the principal of, or rate of interest specified herein on, any Loan, or any fees or other amounts payable hereunder or under any other Loan Document, without the written consent of each Lender directly and adversely affected thereby (provided that only the consent of the Required Lenders shall be necessary (1) to amend Section 2.5 or to waive the obligation of the Borrower to pay interest at the default rate of interest or (2) to amend the Financial Covenants (or any defined term directly or indirectly used therein), even if the effect of such amendment would be to reduce the rate of interest on any Loan or other Obligation or to reduce any fee payable hereunder);

(iii) postpone any date scheduled for any payment of principal of, or interest on, any Loan, or any fees or other amounts payable hereunder or under any other Loan Document, or reduce the amount of, waive or excuse any such payment, without the written consent of each Lender directly and adversely affected thereby;

(iv) change Section 2.19 in a manner that would alter the pro rata sharing of payments required thereby without the written consent of each Lender directly and adversely affected thereby;

(v) [reserved]; or

(vi) change any provision of this Section or the percentage in the definition of "Required Lenders" or any other provision hereof specifying the number or percentage of Lenders required to amend, waive or otherwise modify any rights hereunder or make any determination or grant any consent hereunder, without the written consent of each Lender;

provided, further, that no such amendment, waiver or consent shall amend, modify or otherwise affect the rights or duties hereunder or under any other Loan Document of the Agent, unless in

writing executed by the Agent, in each case in addition to the Loan Parties and the Lenders required above.

In addition, notwithstanding anything in this Section to the contrary, if the Agent and the Borrower shall have jointly identified an ambiguity, omission, mistake, typographical error, or other defect in each case, in any provision of the Loan Documents, then the Agent and the Borrower shall be permitted to amend such provision, and, in each case, such amendment shall become effective without any further action or consent of any other party to any Loan Document.

9.3 Notices. Except as otherwise provided in Section 2.7 hereof, all notices, demands, instructions, requests, and other communications required or permitted to be given to, or made upon, any party hereto shall be in writing and shall be personally delivered or sent by registered or certified mail, postage prepaid, return receipt requested, or by courier or telefacsimile or electronic mail and shall be deemed to be given for purposes of this Agreement on the day that such writing is received by the Person to whom it is to be sent pursuant to the provisions of this Agreement. Unless otherwise specified in a notice sent or delivered in accordance with the foregoing provisions of this Section 9.3, notices, demands, requests, instructions, and other communications in writing shall be given to or made upon the respective parties hereto at their respective addresses (or to their respective telefacsimile numbers or electronic mail addresses) indicated on Exhibit 9.3 attached hereto.

9.4 Successors and Assigns.

(a) This Agreement shall be binding upon, and inure to the benefit of, the parties hereto and their respective successors and assigns; provided, however, that Borrower may not assign or transfer any interest or rights hereunder without the prior written consent of Agent and the Lenders and any such prohibited assignment or transfer shall be absolutely void.

(b) Agent or any Lender may assign this Agreement and the other Loan Documents and its rights and duties hereunder to Macquarie in the case of a Macquarie Elevation Assignment and to an assignee that does not constitute a Disqualified Lender, with the prior written consent of Borrower (such consent not to be unreasonably withheld, conditioned or delayed); provided, that if an Event of Default has occurred and is continuing, no such consent by Borrower to an assignment or transfer of the Loans to a Person that does not constitute a Disqualified Lender (or, if an Event of Default under Sections 7.1(a), (d) or (e) has occurred and is continuing, to any Person whether or not such Person constitutes a Disqualified Lender) by Lender shall be required and the Loans shall be freely transferrable by Lender to such Persons so long as (x) an Event of Default has occurred and is continuing, and (y) except in the case of a Macquarie Elevation Assignment, the assigning Lender provides Borrower with not less than ten (10) Business Days prior written notice thereof (the ten Business Day period following such notice, the "Buyout Period"); provided further that the assignee Lender provides the documentation required under Section 8.3(b) and (d) prior to becoming a party to this Agreement; provided further that (i) such assignment (other than in the case of a Macquarie Elevation Assignment) shall not be consummated by such Lender until the end of the Buyout Period and (ii) during the Buyout Period, Borrower or any Affiliate of Borrower will have the right to prepay, on a non-pro-rata basis, the outstanding balance of the Obligations that relate to

the Loans that are the subject of such proposed assignment (for the avoidance of doubt, the amount of such prepayment will be the principal amount of such Loans (at par) and include accrued interest, fees, the Applicable Premium (if any) and other obligations, but excluding unasserted contingent expense reimbursement and indemnification Obligations and Obligations that by their express terms survive termination of this Agreement) (any such prepayment, a "Buyout"). Any Lender may at any time, without the consent of, or notice to, the Borrower or the Agent, pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender; provided that no such pledge or assignment of a security interest shall release a Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto.

(c) Any Lender may at any time, without the consent of, or notice to, the Borrower or the Agent, sell participations to any Person (other than a natural Person, or a holding company, investment vehicle or trust for, or owned and operated for the primary benefit of, a natural Person, the Borrower or any of the Borrower's Affiliates or Subsidiaries or any Disqualified Lender) (each, a "Participant") in all or a portion of such Lender's rights and/or obligations under this Agreement (including all or a portion of its Commitment and/or the Loans owing to it); provided that (i) such Lender's obligations under this Agreement shall remain unchanged, (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, and (iii) the Borrower, the Agent, and other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement. For the avoidance of doubt, each Lender shall be responsible for the indemnity under Section 10.7 with respect to any payments made by such Lender to any of its Participants. Any agreement or instrument pursuant to which a Lender sells such a participation (including, for the avoidance of doubt, any terms or considerations incorporated therein) shall provide that such Lender shall retain the sole right to enforce this Agreement and any other Loan Document and to approve any amendment, modification or waiver of any provision of this Agreement and any other Loan Document; provided that such agreement or instrument may provide that such Lender will not, without the consent of the Participant, agree to any amendment, modification or waiver described in Section 9.2(b)(i) through (iv) that directly and adversely affects such Participant. The Borrower agrees that each Participant shall be entitled to the benefits of Sections 2.14, 2.19 and 8.3 (subject to the requirements and limitations therein, including the requirements under Section 8.3(d) (it being understood that the documentation required under Section 8.3(d) shall be delivered to the participating Lender)) to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to paragraph (b) of this Section; provided that such Participant (A) agrees to be subject to the provisions of Section 8.4 as if it were an assignee under paragraph (b) of this Section; and (B) shall not be entitled to receive any greater payment under Section 2.14 or 8.3, with respect to any participation, than its participating Lender would have been entitled to receive, except to the extent such entitlement to receive a greater payment results from a Regulatory Change that occurs after the Participant acquired the applicable participation. Each Lender that sells a participation agrees, at the Borrower's request and expense, to use reasonable efforts to cooperate with the Borrower to effectuate the provisions of Section 8.4(b) with respect to any Participant. Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of Borrower, maintain a register on which it enters the name and address of each Participant and

the principal amounts (and stated interest) of each Participant's interest in the Loans or other obligations under the Loan Documents (the "Participant Register"); provided that no Lender shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any Participant or any information relating to a Participant's interest in any commitments, loans, letters of credit or its other obligations under any Loan Document) to any Person except to the extent that such disclosure is necessary to establish that such commitment, loan, letter of credit or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary. For the avoidance of doubt, Agent (in its capacity as Agent) shall have no responsibility for maintaining a Participant Register.

The Register shall be available for inspection by any Lender at any reasonable time and from time to time upon reasonable prior notice. The Register is intended to cause the Loans to be at all times maintained in "registered form" within the meaning of Sections 163(f), 871(h)(2) and 881(c)(2) of the Internal Revenue Code and shall be interpreted and applied in a manner consistent with such intent.

The provisions of this Section 9.12 shall survive until the date that is two (2) years after the payment in full of the Obligations. Notwithstanding the foregoing, the Agent and each Lender specifically acknowledges that as a result of the Agent and each Lender receiving material, non-public information regarding the Loan Parties, their Subsidiaries, their Excluded Entities and their respective Affiliates as contemplated herein, the Agent and each Lender will be subject to applicable securities laws that may restrict the Agent's and each Lender's ability to: (i) trade in securities of Mount Logan Capital; and (ii) disclose any such information to any Person. The Agent and each Lender acknowledges that it is aware of such securities laws and will fully comply with such laws. The Agent and each Lender will inform each Person to whom it proposes to disclose any such information as permitted in this Section 9.12 of the foregoing restrictions prior to the disclosure of such information to such Person.

"Required Disclosure"), no public disclosure, press release or public announcement concerning this Agreement or the transactions contemplated by this Agreement shall be made by any party hereto except with the consent of the Borrower and the Agent, on its own behalf and on behalf of the Lenders. If any party hereto, directly or indirectly through an Affiliate, desires to make a public disclosure by way of press release or other public announcement concerning the terms of this Agreement, such party shall give, to the extent practicable, reasonable prior advance notice of the proposed text of such disclosure to the other party whose consent to such disclosure is required under this Section 9.12 for its prior review and (i) in the case of a Required Disclosure, shall reasonably consider and incorporate the other party's timely comments thereon to the extent consistent with legal requirements with respect to such public disclosure and (ii) in the case of any other disclosure that is not a Required Disclosure (and in any case subject to any applicable consent rights provided above), shall reasonably consider and incorporate the other party's timely comments thereon. The parties hereto acknowledge that either the Borrower, the Agent or any Lender or their respective Affiliates may be obligated to publicly file a copy of this Agreement or any other Loan Document under applicable securities laws, including, without limitation, the *Securities Act* (Ontario) and all other applicable laws in Canada or a province or territory thereof as required by any Governmental Authority, including a securities exchange. Each of the Borrower, the Agent and each Lender and their respective Affiliates shall be entitled to make such a required filing, provided that to the extent reasonably practicable, the disclosing party shall first consult with the other party as to any redactions therein that may be requested by such other party provided that any such redactions are permitted by such applicable securities laws.

9.13 Revival and Reinstatement of Obligations. If the incurrence or payment of the Obligations by Borrower or any Guarantor or the transfer to Agent or any Lender of any property should for any reason subsequently be asserted, or declared, to be void or voidable under any state or federal law relating to creditors' rights, including provisions of the Bankruptcy Code or any other Debtor Relief Law relating to fraudulent conveyances, preferences, or other voidable or recoverable payments of money or transfers of property (each, a "Voidable Transfer"), and if Agent or any Lender is required to repay or restore, in whole or in part, any such Voidable Transfer, or elects to do so upon the advice of counsel, then, as to any such Voidable Transfer, or the amount thereof Agent or such Lender is required or elects to repay or restore, and as to all reasonable costs, expenses, and attorneys' fees of Agent or such Lender related thereto, the liability of Borrower or such Guarantor automatically shall be revived, reinstated, and restored and shall exist as though such Voidable Transfer had never been made.

9.14 Complete Agreement. L. 107-56) signed into law October 26, 2001 (the "Patriot Act"), it may be required to obtain, verify and record information that identifies Borrower, which information includes the name and address of Borrower and

other information that will allow the Lenders to identify Borrower in accordance with the Patriot Act. In addition, if any Lender is required by law or regulation or internal policies to do so, it shall have the right to periodically conduct (a) Patriot Act searches, OFAC/PEP searches, and customary individual background checks for the Loan Parties and (b) OFAC/PEP searches and customary individual background checks for the Loan Parties' senior management and key principals, and Borrower agrees to cooperate in respect of the conduct of such searches and further agrees that the reasonable and documented out-of-pocket costs and charges for such searches shall be reimbursed by Borrower and shall be for the account of Borrower.

9.16 Acknowledgements. The Borrower hereby acknowledges that (i) it has been advised by counsel in the negotiation, execution and delivery of this Agreement and the other Loan Documents; (ii) none of the Agent or the Lenders has any fiduciary or advisory relationship with or duty to the Borrower arising out of or in connection with this Agreement or any of the other Loan Documents, and the relationship between the Borrower, on the one hand, and the Agent and Lenders, on the other hand, in connection herewith or therewith is solely that of debtor and creditor; and (iii) no joint venture is created hereby or by the other Loan Documents or otherwise exists by virtue of the transactions contemplated hereby between the Lenders or Agent and the Borrower.

9.17 OID Legend. THE LOANS MAY BE ISSUED WITH ORIGINAL ISSUE DISCOUNT FOR UNITED STATES FEDERAL INCOME TAX PURPOSES. THE ISSUE PRICE, AMOUNT OF ORIGINAL ISSUE DISCOUNT, ISSUE DATE AND YIELD TO MATURITY OF THE LOANS MAY BE OBTAINED BY WRITING TO THE BORROWER AT ITS ADDRESS SET FORTH ON THE EXHIBIT 9.3 ATTACHED HERETO.

Article X.
AGENCY PROVISIONS

10.1 Appointment and Authorization of Agent. Each Lender hereby designates and appoints Agent as its agent under this Agreement and the other Loan Documents and each Lender hereby irrevocably authorizes Agent to execute and deliver each of the other Loan Documents on its behalf and to take such other action on its behalf under the provisions of this Agreement and each other Loan Document and to exercise such powers and perform such duties as are expressly delegated to Agent by the terms of this Agreement or any other Loan Document, together with such powers as are reasonably incidental thereto. Agent agrees to act as agent for and on behalf of the Lenders on the conditions contained in this Article X. Any provision to the contrary contained elsewhere in this Agreement or in any other Loan Document notwithstanding, Agent shall not have any duties or responsibilities, except those expressly set forth herein or in the other Loan Documents, nor shall Agent have or be deemed to have any fiduciary relationship with any Lender, and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Agreement or any other Loan Document or otherwise exist against Agent. Without limiting the generality of the foregoing, the use of the term "agent" in this Agreement or the other Loan Documents with reference to Agent is not intended to connote any fiduciary or other implied (or express) obligations arising under agency doctrine of any applicable law. Instead, such term is used merely as a matter of market custom, and is intended

to create or reflect only a representative relationship between independent contracting parties. Each Lender hereby further authorizes Agent to act as the secured party under each of the Loan Documents that create a Lien on any item of Collateral. Except as expressly otherwise provided in this Agreement, Agent shall have and may use its sole discretion with respect to exercising or refraining from exercising any discretionary rights or taking or refraining from taking any actions that Agent expressly is entitled to take or assert under or pursuant to this Agreement and the other Loan Documents. Without limiting the generality of the foregoing, or of any other provision of the Loan Documents that provides rights or powers to Agent, Lenders agree that Agent shall have the right to exercise the following powers as long as this Agreement remains in effect: (a) maintain, in accordance with its customary business practices, ledgers and records reflecting the status of the Obligations, the Collateral, payments and proceeds of Collateral, and related matters, (b) execute or file any and all financing or similar statements or notices, amendments, renewals, supplements, documents, instruments, proofs of claim, notices and other written agreements with respect to the Loan Documents, or to take any other action with respect to any Collateral or Loan Documents which may be necessary to perfect, and maintain perfected, the security interests and Liens upon Collateral pursuant to the Loan Documents, (c) exclusively receive, apply, and distribute payments and proceeds of the Collateral as provided in the Loan Documents, (d) perform, exercise, and enforce any and all other rights and remedies with respect to any Loan Party, the Obligations, the Collateral, or otherwise related to any of same as provided in the Loan Documents, and (e) incur and pay such expenses as Agent may deem necessary or appropriate for the performance and fulfillment of its functions and powers pursuant to the Loan Documents.

10.2 Delegation of Duties. Agent may execute any of its duties under this Agreement or any other Loan Document by or through agents, employees or attorneys in fact and shall be entitled to advice of counsel concerning all matters pertaining to such duties. Agent shall not be responsible for the negligence or misconduct of any agent or attorney in fact that it selects as long as such selection was made without gross negligence or willful misconduct.

10.3 Liability of Agent. None of the Agent-Related Persons shall (a) be liable for any action taken or omitted to be taken by any of them under or in connection with this Agreement or any other Loan Document or the transactions contemplated hereby (except for its own gross negligence or willful misconduct), or (b) be responsible in any manner to any of the Lenders for any recital, statement, representation or warranty made by any Loan Party or any of its Subsidiaries or Affiliates, or any officer or director thereof, contained in this Agreement or in any other Loan Document, or in any certificate, report, statement or other document referred to or provided for in, or received by Agent under or in connection with, this Agreement or any other Loan Document, or the validity, effectiveness, genuineness, enforceability or sufficiency of this Agreement or any other Loan Document, or for any failure of any Loan Party or its Subsidiaries or any other party to any Loan Document to perform its obligations hereunder or thereunder. No Agent-Related Person shall be under any obligation to any Lenders to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Agreement or any other Loan Document, or to inspect the books and records or properties of any Loan Party or its Subsidiaries. Agent shall not be required to take any action that, in its opinion

or in the opinion of its counsel, may expose it to liability that it is not indemnified for hereunder or that is contrary to any Loan Document or applicable law or regulation.

10.4 Reliance by Agent. Agent shall be entitled to rely, and shall be fully protected in relying, upon any writing, resolution, notice, consent, certificate, affidavit, letter, telegram, telefacsimile or other electronic method of transmission, telex or telephone message, statement or other document or conversation believed by it to be genuine and correct and to have been signed, sent, or made by the proper Person or Persons, and upon advice and statements of legal counsel (including counsel to Borrower or counsel to any Lender), independent accountants and other experts selected by Agent. Agent shall be fully justified in failing or refusing to take any action under this Agreement or any other Loan Document unless Agent shall first receive such advice or concurrence of the Lenders as it deems appropriate and until such instructions are received, Agent shall act, or refrain from acting, as it deems advisable. If Agent so requests, it shall first be indemnified to its reasonable satisfaction by the Lenders against any and all liability and expense that may be incurred by it by reason of taking or continuing to take any such action. Agent shall in all cases be fully protected in acting, or in refraining from acting, under this Agreement or any other Loan Document in accordance with a request or consent of the Required Lenders and such request and any action taken or failure to act pursuant thereto shall be binding upon all of the Lenders.

10.5 Notice of Unmatured Event of Default or Event of Default. Agent shall not be deemed to have knowledge or notice of the occurrence of any Unmatured Event of Default or Event of Default, except with respect to defaults in the payment of principal, interest, fees, and expenses required to be paid to Agent for the account of the Lenders and, except with respect to Events of Default of which Agent has actual knowledge, unless Agent shall have received written notice from a Lender or Borrower referring to this Agreement, describing such Unmatured Event of Default or Event of Default, and stating that such notice is a "notice of default." Agent promptly will notify the Lenders of its receipt of any such notice or of any Event of Default of which Agent has actual knowledge. If any Lender obtains actual knowledge of any Event of Default, such Lender promptly shall notify the other Lenders and Agent of such Event of Default. Each Lender shall be solely responsible for giving any notices to its Participants, if any. Subject to Section 10.4, Agent shall take such action with respect to such Unmatured Event of Default or Event of Default as may be requested by the Required Lenders in accordance with Article VII; provided, that unless and until Agent has received any such request, Agent may (but shall not be obligated to) take such action, or refrain from taking such action, with respect to such Unmatured Event of Default or Event of Default as it shall deem advisable.

10.6 Credit Decision. Each Lender acknowledges that none of the Agent-Related Persons has made any representation or warranty to it, and that no act by Agent hereinafter taken, including any review of the affairs of any Loan Party and its Subsidiaries or Affiliates, shall be deemed to constitute any representation or warranty by any Agent-Related Person to any Lender. Each Lender represents to Agent that it has, independently and without reliance upon any Agent-Related Person and based on such due diligence, documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, prospects, operations, property, financial and other condition and creditworthiness of

Borrower or any other Person party to a Loan Document, and all applicable lender regulatory laws relating to the transactions contemplated hereby, and made its own decision to enter into this Agreement and to extend credit to Borrower. Each Lender also represents that it will, independently and without reliance upon any Agent-Related Person and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement and the other Loan Documents, and to make such investigations as it deems necessary to inform itself as to the business, prospects, operations, property, financial and other condition and creditworthiness of Borrower or any other Person party to a Loan Document. Except for notices, reports, and other documents expressly herein required to be furnished to the Lenders by Agent, Agent shall not have any duty or responsibility to provide any Lender with any credit or other information concerning the business, prospects, operations, property, financial and other condition or creditworthiness of Borrower or any other Person party to a Loan Document that may come into the possession of any of the Agent-Related Persons. Each Lender acknowledges that Agent does not have any duty or responsibility, either initially or on a continuing basis except to the extent, if any, that is expressly specified herein, to provide such Lender with any credit or other information with respect to Borrower, its Affiliates or any of their respective business, legal, financial or other affairs, and irrespective of whether such information came into Agent's or its Affiliates' or representatives' possession before or after the date on which such Lender became a party to this Agreement.

10.7 Costs and Expenses; Indemnification. Agent may incur and pay expenses to the extent Agent reasonably deems necessary or appropriate for the performance and fulfillment of its functions, powers, and obligations pursuant to the Loan Documents, including court costs, attorneys' fees and expenses, fees and expenses of financial accountants, advisors, consultants, and appraisers, costs of collection by outside collection agencies, auctioneer fees and expenses, and costs of security guards or insurance premiums paid to maintain the Collateral, whether or not Borrower is obligated to reimburse Agent or Lenders for such expenses pursuant to this Agreement or otherwise. Agent is authorized and directed to deduct and retain sufficient amounts from payments or proceeds of the Collateral received by Agent to reimburse Agent for such out-of-pocket costs and expenses prior to the distribution of any amounts to Lenders. In the event Agent is not reimbursed for such costs and expenses by the Loan Parties and their Subsidiaries, each Lender hereby agrees that it is and shall be obligated to pay to Agent such Lender's ratable thereof. Whether or not the transactions contemplated hereby are consummated, each of the Lenders, on a ratable basis, shall indemnify and defend the Agent-Related Persons (to the extent not reimbursed by or on behalf of Borrower and without limiting the obligation of Borrower to do so) from and against any and all Indemnified Liabilities; provided, that no Lender shall be liable for the payment to any Agent-Related Person of any portion of such Indemnified Liabilities resulting solely from such Person's gross negligence or willful misconduct nor shall any Lender be liable for the obligations of any Defaulting Lender in failing to make an extension of credit hereunder. Without limitation of the foregoing, each Lender shall reimburse Agent upon demand for such Lender's ratable share of any costs or out of pocket expenses (including attorneys, accountants, advisors, and consultants fees and expenses) incurred by Agent in connection with the preparation, execution, delivery, administration, modification, amendment, or enforcement (whether through negotiations, legal proceedings or otherwise) of,

or legal advice in respect of rights or responsibilities under, this Agreement or any other Loan Document to the extent that Agent is not reimbursed for such expenses by or on behalf of Borrower. The undertaking in this Section shall survive the payment of all Obligations hereunder and the resignation or replacement of Agent.

10.8 Agent in Individual Capacity. Agent and its Affiliates may make loans to, accept deposits from, acquire Equity Interests in, and generally engage in any kind of banking, trust, financial advisory, underwriting, or other business with any Loan Party and its Subsidiaries and Affiliates and any other Person party to any Loan Document as though Agent were not Agent hereunder, and, in each case, without notice to or consent of the Lenders. The Lenders acknowledge that, pursuant to such activities, Agent or its Affiliates may receive information regarding a Loan Party or its Affiliates or any other Person party to any Loan Documents that is subject to confidentiality obligations in favor of such Loan Party or such other Person and that prohibit the disclosure of such information to the Lenders, and the Lenders acknowledge that, in such circumstances (and in the absence of a waiver of such confidentiality obligations, which waiver Agent will use its reasonable best efforts to obtain), Agent shall not be under any obligation to provide such information to them. The terms "Lender" and "Lenders" include Agent in its individual capacity.

10.9 Successor Agent. Agent may resign as Agent upon 30 days (ten days if an Event of Default has occurred and is continuing) prior written notice to the Lenders (unless such notice is waived by the Required Lenders) and Borrower (unless such notice is waived by Borrower or an Unmatured Event of Default or Event of Default has occurred and is continuing). If Agent resigns under this Agreement, the Required Lenders shall be entitled, with (so long as no Event of Default has occurred and is continuing) the consent of Borrower (such consent not to be unreasonably withheld, delayed, or conditioned), appoint a successor Agent for the Lenders. If no successor Agent is appointed prior to the effective date of the resignation of Agent, Agent may appoint, after consulting with the Lenders and Borrower, a successor Agent. If Agent has materially breached or failed to perform any material provision of this Agreement or of applicable law, the Required Lenders may agree in writing to remove and replace Agent with a successor Agent from among the Lenders with (so long as no Event of Default has occurred and is continuing) the consent of Borrower (such consent not to be unreasonably withheld, delayed, or conditioned). In any such event, upon the acceptance of its appointment as successor Agent hereunder, such successor Agent shall succeed to all the rights, powers, and duties of the retiring Agent and the term "Agent" shall mean such successor Agent and the retiring Agent's appointment, powers, and duties as Agent shall be terminated. After any retiring Agent's resignation hereunder as Agent, the provisions of this Article X shall inure to its benefit as to any actions taken or omitted to be taken by it while it was Agent under this Agreement. If no successor Agent has accepted appointment as Agent by the date which is 30 days following a retiring Agent's notice of resignation, the retiring Agent's resignation shall nevertheless thereupon become effective and the Lenders shall perform all of the duties of Agent hereunder until such time, if any, as the Lenders appoint a successor Agent as provided for above.

10.10 Lender in Individual Capacity. Any Lender and its respective Affiliates may make loans to, accept deposits from, acquire Equity Interests in and generally engage in any

kind of banking, trust, financial advisory, underwriting, or other business with any Loan Party and its Subsidiaries and Affiliates and any other Person party to any Loan Documents as though such Lender were not a Lender hereunder without notice to or consent of Agent and the other Lenders. The Agent and the other Lenders acknowledge that, pursuant to such activities, such Lender and its respective Affiliates may receive information regarding a Loan Party or its Affiliates or any other Person party to any Loan Documents that is subject to confidentiality obligations in favor of such Loan Party or such other Person and that prohibit the disclosure of such information to the Lenders, and the Lenders acknowledge that, in such circumstances (and in the absence of a waiver of such confidentiality obligations, which waiver such Lender will use its reasonable best efforts to obtain), such Lender shall not be under any obligation to provide such information to them.

10.11 Collateral Matters.

(a) The Lenders hereby irrevocably authorize Agent to release any Lien on any Collateral (i) upon the termination of the Commitments and payment and satisfaction in full by the Loan Parties and their Subsidiaries of all of the Obligations other than unasserted contingent expense reimbursement and indemnification Obligations and Obligations that by their express terms survive termination of this Agreement, (ii) constituting property being sold or disposed of if a release is required or desirable in connection therewith and if Borrower certifies to Agent that the sale or disposition is permitted under Section 6.7 (and Agent may rely conclusively on any such certificate, without further inquiry), (iii) constituting property in which no Loan Party or any of its Subsidiaries owned any interest at the time Agent's Lien was granted nor at any time thereafter, (iv) constituting property leased or licensed to a Loan Party or its Subsidiaries under a lease or license that has expired or is terminated in a transaction permitted under this Agreement, or (v) in connection with a credit bid or purchase authorized under this Section 10.11. The Loan Parties and the Lenders hereby irrevocably authorize Agent, based upon the instruction of the Required Lenders, to (a) consent to the sale of, credit bid, or purchase (either directly or indirectly through one or more entities) all or any portion of the Collateral at any sale thereof conducted under the provisions of the Bankruptcy Code, including Section 363 of the Bankruptcy Code, (b) credit bid or purchase (either directly or indirectly through one or more entities) all or any portion of the Collateral at any sale or other disposition thereof conducted under the provisions of the Code, including pursuant to Sections 9-610 or 9-620 of the Code, or (c) credit bid or purchase (either directly or indirectly through one or more entities) all or any portion of the Collateral at any other sale or foreclosure conducted or consented to by Agent in accordance with applicable law in any judicial action or proceeding or by the exercise of any legal or equitable remedy. In connection with any such credit bid or purchase, (i) the Obligations owed to the Lenders shall be entitled to be, and shall be, credit bid on a ratable basis (with Obligations with respect to contingent or unliquidated claims being estimated for such purpose if the fixing or liquidation thereof would not impair or unduly delay the ability of Agent to credit bid or purchase at such sale or other disposition of the Collateral and, if such contingent or unliquidated claims cannot be estimated without impairing or unduly delaying the ability of Agent to credit bid at such sale or other disposition, then such claims shall be disregarded, not credit bid, and not entitled to any interest in the Collateral that is the subject of such credit bid or purchase) and the Lenders whose Obligations are credit bid shall be entitled to receive interests

(ratably based upon the proportion of their Obligations credit bid in relation to the aggregate amount of Obligations so credit bid) in the Collateral that is the subject of such credit bid or purchase (or in the Equity Interests of any entities that are used to consummate such credit bid or purchase), and (ii) Agent, based upon the instruction of the Required Lenders, may accept non-cash consideration, including debt and equity securities issued by any entities used to consummate such credit bid or purchase and in connection therewith Agent may reduce the Obligations owed to the Lenders (ratably based upon the proportion of their Obligations credit bid in relation to the aggregate amount of Obligations so credit bid) based upon the value of such non-cash consideration. Except as provided above, Agent will not execute and deliver a release of any Lien on any Collateral without the prior written authorization of (y) if the release is of all or substantially all of the Collateral, all of the Lenders, or (z) otherwise, the Required Lenders. Upon request by Agent or Borrower at any time, the Lenders will confirm in writing Agent's authority to release any such Liens on particular types or items of Collateral pursuant to this Section 10.11; provided, that (1) anything to the contrary contained in any of the Loan Documents notwithstanding, Agent shall not be required to execute any document or take any action necessary to evidence such release on terms that, in Agent's opinion, could expose Agent to liability that it is not indemnified for hereunder or create any obligation or entail any consequence other than the release of such Lien without recourse, representation, or warranty, and (2) such release shall not in any manner discharge, affect, or impair the Obligations or any Liens (other than those expressly released) upon (or obligations of Borrower in respect of) any and all interests retained by any Borrower, including, the proceeds of any sale, all of which shall continue to constitute part of the Collateral.

(b) Agent shall have no obligation whatsoever to any of the Lenders (i) to verify or assure that the Collateral exists or is owned by any Loan Party or is cared for, protected, or insured or has been encumbered, (ii) to verify or assure that Agent's Liens have been properly or sufficiently or lawfully created, perfected, protected, or enforced or are entitled to any particular priority, (iii) to impose, maintain, increase, reduce, implement, or eliminate any particular reserve hereunder or to determine whether the amount of any reserve is appropriate or not, or (iv) to exercise at all or in any particular manner or under any duty of care, disclosure or fidelity, or to continue exercising, any of the rights, authorities and powers granted or available to Agent pursuant to any of the Loan Documents, it being understood and agreed that in respect of the Collateral, or any act, omission, or event related thereto, subject to the terms and conditions contained herein, Agent may act in any manner it may deem appropriate, in its sole discretion given Agent's own interest in the Collateral in its capacity as one of the Lenders and that Agent shall have no other duty or liability whatsoever to any Lender as to any of the foregoing, except as otherwise expressly provided herein.

10.12 Restrictions on Actions by Lenders; Sharing of Payments.

(a) Each of the Lenders agrees that it shall not, without the express written consent of Agent, and that it shall, to the extent it is lawfully entitled to do so, upon the written request of Agent, set off against the Obligations, any amounts owing to such Lender by any Loan Party or its Subsidiaries or any deposit accounts of any Loan Party or its Subsidiaries now or hereafter maintained with such Lender. Each of the Lenders further agrees that it shall

not, unless specifically requested to do so in writing by Agent, take or cause to be taken any action, including, the commencement of any legal or equitable proceedings to enforce any Loan Document against any Borrower or any Guarantor or to foreclose any Lien on, or otherwise enforce any security interest in, any of the Collateral.

(b) If, at any time or times any Lender shall, other than in connection with a Buyout, receive (i) by payment, foreclosure, setoff, or otherwise, any proceeds of Collateral or any payments with respect to the Obligations, except for any such proceeds or payments received by such Lender from Agent pursuant to the terms of this Agreement, or (ii) payments from Agent in excess of such Lender's pro rata share of all such distributions by Agent, such Lender promptly shall (A) turn the same over to Agent, in kind, and with such endorsements as may be required to negotiate the same to Agent, or in immediately available funds, as applicable, for the account of all of the Lenders and for application to the Obligations in accordance with the applicable provisions of this Agreement, or (B) purchase, without recourse or warranty, an undivided interest and participation in the Obligations owed to the other Lenders so that such excess payment received shall be applied ratably as among the Lenders in accordance with their pro rata shares; provided, that to the extent that such excess payment received by the purchasing party is thereafter recovered from it, those purchases of participations shall be rescinded in whole or in part, as applicable, and the applicable portion of the purchase price paid therefor shall be returned to such purchasing party, but without interest except to the extent that such purchasing party is required to pay interest in connection with the recovery of the excess payment.

10.13 Agency for Perfection. Agent hereby appoints each other Lender as its agent (and each Lender hereby accepts) for the purpose of perfecting Agent's Liens in assets which, in accordance with Article 8 or Article 9, as applicable, of the UCC can be perfected by possession or control. Should any Lender obtain possession or control of any such Collateral, such Lender shall notify Agent thereof, and, promptly upon Agent's request therefor shall deliver possession or control of such Collateral to Agent or in accordance with Agent's instructions.

10.14 Payments by Agent to the Lenders. All payments to be made by Agent to the Lenders shall be made by bank wire transfer of immediately available funds pursuant to such wire transfer instructions as each party may designate for itself by written notice to Agent. Concurrently with each such payment, Agent shall identify whether such payment (or any portion thereof) represents principal, premium, fees, or interest of the Obligations.

10.15 Concerning the Collateral and Related Loan Documents. Each Lender authorizes and directs Agent to enter into this Agreement and the other Loan Documents. Each Lender agrees that any action taken by Agent in accordance with the terms of this Agreement or the other Loan Documents relating to the Collateral and the exercise by Agent of its powers set forth therein or herein, together with such other powers that are reasonably incidental thereto, shall be binding upon all of the Lenders.

10.16 Several Obligations; No Liability. Notwithstanding that certain of the Loan Documents now or hereafter may have been or will be executed only by or in favor of Agent in its capacity as such, and not by or in favor of the Lenders, any and all obligations on the

part of Agent (if any) to make any credit available hereunder shall constitute the several (and not joint) obligations of the respective Lenders on a ratable basis, according to their respective Commitments, to make an amount of such credit not to exceed, in principal amount, at any one time outstanding, the amount of their respective Commitments. Nothing contained herein shall confer upon any Lender any interest in, or subject any Lender to any liability for, or in respect of, the business, assets, profits, losses, or liabilities of any other Lender. Each Lender shall be solely responsible for notifying its Participants of any matters relating to the Loan Documents to the extent any such notice may be required, and no Lender shall have any obligation, duty, or liability to any Participant of any other Lender. Except as provided in Section 10.7, Agent and the Lenders shall not have any liability for the acts of the Lenders (in the case of Agent) or Agent or the other Lenders (in the case of a Lender). No Lender shall be responsible to any Borrower or any other Person for any failure by any other Lender to fulfill its obligations to make credit available hereunder, nor to advance for such Lender or on its behalf, nor to take any other action on behalf of such Lender hereunder or in connection with the financing contemplated herein.

AMENDED AND RESTATED
PROMISSORY NOTE

December 17, 2020 New York, New York

1. Principal. FOR VALUE RECEIVED, the undersigned, Sierra Crest Investment Management LLC, a Delaware limited liability company (the "Maker"), by this amended and restated promissory note (the "Note") hereby unconditionally promises to pay to MLC US Holdings LLC (the "Payee"), a Delaware limited liability company and a wholly owned subsidiary of Mount Logan Capital Inc., a corporation incorporated under the laws of Ontario, Canada ("Mount Logan"), the aggregate unpaid principal amount of all loans made by the Payee pursuant to this Note from time to time (each, a "Loan") and make the other payments required to be made to Payee pursuant to this Note, in each case, at the time and under the circumstances set forth in Section 4 hereof. This Note amends, restates and replaces in its entirety that certain Promissory Note, dated as of October 30, 2020, made by the Maker in favor of Mount Logan (the "Original Note"). The Original Note was issued by the Maker to Mount Logan in connection with that certain Purchase Agreement, dated as of June 19, 2020 (as may be amended, supplemented or otherwise modified from time to time, the "Purchase Agreement"), by and among Resource America, Inc., a Delaware corporation, Resource Alternative Advisor, LLC, a Delaware limited liability company, Maker, and solely for purposes of Section 15.14 therein, Mount Logan. For purposes of this Note, the "Maturity Date" shall mean the earliest of (a) the date of any termination of the Purchase Agreement prior to the Closing (as defined in the Purchase Agreement), (b) the resignation of the Maker as the investment adviser to Resource Credit Income Fund (the "Credit Fund") or the termination by the Maker of the Management Agreement (as defined below); (c) the sale by the Maker of its investment advisory business to the extent that such sale pertains to, and constitutes an "assignment" (as defined in the Investment Company Act of 1940, as amended) of, the Management Agreement; (d) the termination of the Management Agreement by the Board of Trustees and/or stockholders of the Credit Fund; (e) the date on which Mount Logan or any of its subsidiaries or controlled affiliates becomes the investment adviser to the Credit Fund; (f) the date of the effectiveness of the termination of the Credit Fund's existence, including through the merger or consolidation of the Credit Fund into another entity (i.e., which merger or consolidation the Credit Fund does not survive), or the liquidation, dissolution or other winding up of the affairs of the Credit Fund, (g) the occurrence of a Change of Control Event and (h) October 30, 2040 (such date in this clause (h), the "Outside Maturity Date"), as such Outside Maturity Date may be extended at the Maker's option pursuant to Section 4(a). For purposes of this Note, the "Management Agreement" shall mean the Management Agreement, between Maker and the Credit Fund, as may be amended, supplemented or otherwise modified from time to time.

For purposes of this Note, a "Change of Control Event" shall mean the consummation of a transaction or series of transactions that results in: (a) any direct or indirect sale or other disposition of all or substantially all of the assets of Mount Logan and its subsidiaries, including Mount Logan Capital Management, LLC, taken as a whole; or (b) any person, or more than one person acting as a group, acquiring ownership, by way of merger, consolidation or other business combination or purchase of beneficial ownership, of more than fifty percent (50%) of the total voting power represented by the issued and outstanding securities of Mount Logan, (c) more than fifty percent (50%) of the total voting power or economic interest of Mount Logan Capital Management, LLC ceases to be owned, directly or indirectly, by Mount Logan, (d) individuals who as of the date hereof constitute the board of directors of Mount Logan and any new director whose election by such board of directors or nomination for election by Mount Logan's shareholders was approved by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors on such date or whose election or nomination for election was previously so approved, cease for any reason to constitute a majority of such board of directors, or (e) if either (1) Ted Goldthorpe, individually, or (2) a majority of the following individuals: Ted Goldthorpe, Edward U. Gilpin, Matthias Ederer or Henry Wang, cease to be actively involved in the management of Mount Logan. Notwithstanding the foregoing, the Payee, in its sole discretion, may waive in writing any acceleration of the maturity of this Note upon a Change of Control Event.

2. Loans.

(a) Subject to the terms and conditions set forth herein, the Payee agrees to make advances denominated in lawful money of the United States of America (each such advance, a "Loan" and, collectively, the "Loans") from time to time, on any Business Day (as defined below) on or after the Closing Date until the Interest-Only Termination Date (as defined below) in an aggregate principal amount not to exceed at any time outstanding the amount of Fifteen Million Dollars (USD$15,000,000). For purposes of this Note, "Business Day" shall mean any day other than a Saturday, Sunday or day on which banks in New York City are authorized or required by law to close.

(b) In order to request a Loan, the Maker shall notify the Payee of such request by delivery of a written request with respect thereto on a day at least three (3) Business Day prior to the proposed date of the making of such Loan. Each such request shall be irrevocable, and shall specify: (i) the date of such Loan (which shall be a Business Day); (ii) the number and location of the account to which funds are to be disbursed; and (iii) the principal amount of such requested Loan. For the avoidance of doubt, Loan requests may not be made from and after the Interest-Only Termination Date. Pursuant to the Original Note, Mount Logan made a Loan to the Maker on October 30, 2020, to an account as directed by the Maker, in an aggregate amount equal to $12,023,560.60 (the "Original Loan"), which amount and any unpaid interest accrued thereon shall be deemed to be outstanding and owed by the Maker to the Payee under the terms of this Note.

(c) Amounts borrowed pursuant to this Section 2, including the Original Loan, may be repaid to the Payee by the Maker in the sole discretion of the Maker, but may not be reborrowed at any time during the term of this Note.

3. Interest. Interest shall accrue on the outstanding principal amount of the Loans at a rate per annum equal to eight percent (8.0%); provided that any overdue principal of this Note shall bear interest, until paid, at the rate two percent (2.0%). Interest shall be calculated for each Loan on the basis of the actual number of days elapsed over a 365-day year and the principal amount of such Loan outstanding on each such day, and shall compound annually.

4. Payments.

(a) The Maker shall make quarterly payments of all accrued and unpaid interest on the outstanding principal amount of the Loans on January 30, April 30, July 30 and October 30 of each year, beginning on January 30, 2021; provided that if any payment of principal or interest falls due on a day that is not a Business Day, then such due date shall be extended to the next succeeding Business Day, and interest shall continue to accrue on the outstanding principal for such period of extension, but interest for the period of extension shall not be due or payable until the next payment date. From and after December 31, 2030 (the "Interest-Only Termination Date"), in addition to payments of accrued and unpaid interest, the Maker shall make, together with the payments of accrued and unpaid interest as provided above, quarterly payments of principal in equal installments based on a straight line amortization schedule; provided that the final principal installment shall be payable in accordance with Section 4(d). The amortization schedule shall be calculated by the Payee based on the aggregate principal amount of Loans outstanding on the Interest-Only Termination Date. Prior to the Interest-Only Termination Date, the Maker, at its option, may extend the Interest-Only Termination Date for a twelve (12)-month period by providing the Payee with a written extension notice not less than thirty (30) days prior to the Interest-Only Termination Date. As and when the Interest-Only Termination Date is so extended for an additional twelve (12)-month period, the Outside Maturity Date shall be automatically extended by an additional twelve (12) months. Notwithstanding the foregoing, if the Maker does not receive any base management or incentive fees in any calendar quarter or does not receive a sufficient amount of such fees net of expenses to allow it to pay all or a portion of the principal or interest due and payable under the Note in any quarter, the Maker may, upon written notice to Payee, defer the payment of principal or interest payable at the expiration of that quarter until the payment date for the subsequent quarter. For the avoidance of doubt, the Maker may defer payments in accordance with preceding sentence for consecutive quarters.

(b) All payments hereunder shall be credited first, to accrued but unpaid interest then due and payable and second, applied to unpaid principal on the Loans. The Maker shall have the right to prepay this Note in whole or in part at any time prior to the Maturity Date, without premium or penalty. Any principal and interest on this Note shall be paid without setoff or counterclaim and free and clear of and exempt from, and without deduction for or on account of, any present or future taxes, levies, imposts, duties, deductions, withholdings or other charges of whatsoever nature imposed, levied, collected, withheld or assessed by any

government or any political subdivision or taxing authority thereof. In the event that, subject to the provisions of the preceding sentence, any payments made under this Note on account of principal or interest shall not be made free and clear and exempt from and without deduction for, or on account of, any such taxes or other charges of whatever nature, then and in any such event the Maker shall pay such additional amounts as may be necessary in order that each net payment made hereunder, after payment or deduction or withholding for, or on account of, any such taxes or other charges of whatever nature will not be less than the amount otherwise provided in this Note to be then due and payable.

(c) All payments hereunder shall be made in lawful money of the United States in immediately available funds without notice or demand for the account of the Payee to an account designated in writing by the Payee at least five (5) Business Days prior to the applicable payment date (which, if not otherwise timely specified by Payee, shall be the account to which the immediately preceding payment was made).

(d) Notwithstanding the foregoing, upon the occurrence of the Maturity Date, any outstanding Loans hereunder shall become due and payable in full by the Maker to the Payee within ten (10) Business Days thereafter.

5. Events of Default. If any of the following events (herein referred to as "Events of Default") occur:

(a) If the Maker fails to make any of the payments set forth in Section 4(a) hereof within thirty (30) days when due;

(b) If, without the prior written consent of Mount Logan, the Maker amends, or waives any of its rights under, the Management Agreement to reduce the Management Fees (as defined below) payable by the Credit Fund under the Management Agreement or otherwise adversely affect in material respect the Maker's rights to receive the Management Fees under the Management Agreement; or

(c) If the Maker becomes insolvent (where insolvency means the inability to pay debts as they come due) or makes a general assignment for the benefit of creditors, or files a petition in bankruptcy, or if a petition in bankruptcy should hereafter be filed against it, or if a receiver of substantially all its property or assets should hereafter be appointed and such petition or appointment is not vacated or otherwise stayed within sixty (60) days thereafter;

then, and in any such event, the Payee may declare, by written notice of default given to the Maker, the entire principal amount of this Note to be forthwith due and payable, and the Payee shall be entitled to exercise any other right or remedy available to the holder at law or in equity; provided, however, that upon the occurrence of any event described in clause (c) of this sentence, the entire principal amount of this Note, and any other amounts due hereunder, shall be immediately and automatically due and payable without notice or any other action by the Payee; whereupon in either case the entire principal amount of this Note outstanding hereunder shall become due and payable without presentment, demand, protest, notice of dishonor and all other

demands and notices of any kind, all of which are hereby expressly waived. If at any time after the principal of this Note shall have been so declared due and payable and before any judgment or decree for the payment of moneys due thereon shall have been entered, all arrears of payments under Section 4(a) hereof, except any principal payments which shall not have matured by their terms, shall have been duly paid by the Maker and all other Events of Default hereunder shall have been cured, the holder of this Note, by written notice given to the Maker, may rescind such declaration, but no such rescission shall impair any right of the Payee or the holder hereof with respect to any subsequent Event of Default. For purposes of this Note, the "Management Fees" shall mean any management fee, performance fee and any other similar compensation paid to the Maker pursuant to the Management Agreement for the management or performance thereunder (excluding, for the avoidance of doubt, any carried interest or any similar profit interest in such person), including but not limited to the "incentive fee" and the "management fee" as such terms are described in Exhibit A to the Management Agreement.

6. Expenses for Collection. In case of any proceedings to collect when the principal of or other payments under this Note becomes due, the Maker shall be responsible for payment of all costs and expenses for collection, including reasonable attorneys' fees.

7. Governing Law and Submission to Jurisdiction. This Note shall be governed by and construed in accordance with the laws of the State of New York, without regard to the conflicts of law provisions thereof that would require the application of the substantive laws of another jurisdiction. By execution of this Note each of the Maker and Payee hereby agrees that any legal action or proceeding arising out of this Note shall be instituted in the State or federal courts sitting in the County and State of New York, and in connection therewith, each of the Maker and the Payee hereby irrevocably submits to the exclusive jurisdiction of any such court in any action, suit or proceeding.

8. No Waiver. No course of dealings between the Maker and the Payee or the holder hereof or any delay on the part of the Payee or the holder hereof in exercising any rights hereunder shall operate as a waiver of any rights of the Payee or the holder hereof, except to the extent expressly waived in writing by the Payee or the holder hereof.

9. Waiver of Presentment, etc. The Maker hereby waives presentment, demand for payment, notice of dishonor, notice of protest and protest, and all other notices or demands in connection with the delivery, acceptance, performance or default of this Note, except as herein set forth.

10. Assignments. Either the Payee or the Maker may assign any of its rights hereunder upon written notice to the other party. Neither the Payee nor the Maker may assign any of its obligations hereunder, in whole or in part, except with the prior written consent of the other party.

11. Notice. Except as otherwise provided in this Note, all notices, other communications, and legal process shall be in writing and shall be personally delivered, transmitted by postage prepaid, registered or certified mail with return receipt requested, addressed as follows:

12. Subordination.

(a) Each of Payee and Maker agree that the obligations of Maker under this Note (i) will constitute unsecured obligations, (ii) will rank subordinate and junior in right of payment to the Guaranteed Obligations (as defined below), and (iii) that, notwithstanding any other provision of this Note, upon the occurrence and during the continuance of an event of default in respect of any Senior Debt, unless otherwise agreed in writing by Forethought (as defined below), payment of any amount hereunder will be deferred until the earlier of (A) the indefeasible payment in full of such Senior Debt and the Guaranteed Obligations in respect thereof in a manner satisfactory to Forethought, or (B) the first payment date subsequent to the waiver in writing or cure, as applicable, of any applicable event(s) of default in respect of any Senior Debt.

13. Limited Recourse. Notwithstanding anything in this Note to the contrary, the Payee acknowledges and agrees that the sole recourse of Payee against the Maker or any property of the Maker in respect of any obligations under this Note shall be limited to enforcement on the Limited Recourse Property or the proceeds thereof, subject to restrictions under the Investment Adviser Act of 1940, as amended, and other applicable law. Accordingly, the Payee shall not have any claim, right to payment, right of set-off or recourse against the Maker or any of its affiliates under or in respect of this Note other than the Limited Recourse Property or the proceeds thereof. Nothing in this Section 13 shall be construed to limit the Maker, in its sole discretion, from satisfying its obligations under this Note from sources of funding other than the Limited Recourse Property or the proceeds thereof. (b) Expenses. MLC Sub agrees, without set-off or counterclaim, to reimburse the Manager and its affiliates for the expenses described on Schedule II hereto (with such changes as MLC Sub and the Manager may agree in writing from time to time, the "Designated Expenses"). Except as otherwise provided on Schedule II or as agreed in writing by MLC Sub and the Manager, the Manager shall deliver an invoice to MLC Sub on a quarterly basis for the duration of this Agreement (or at such other frequency as is consistent with the basis on which the Designated Expenses are determined and, if applicable, charged to the Manager or its affiliates) in arrears for the Designated Expenses.

(c) Right of Setoff. The Manager shall have the right to set-off and withhold against any Quarterly Fee Payment, the amount of Designated Expenses due hereunder.

Section 3 Representations.

(a) Manager Representations. The Manager represents and warrants to MLC Sub that: (i) the Manager has, by appropriate action, duly authorized the execution and performance of this Agreement and (ii) neither such authorization or execution of this Agreement nor the fulfillment of or compliance with the terms of this Agreement will conflict with or result in any violation of (A) any material applicable law in connection with the discharge of its duties under this Agreement or (B) any term, condition or provision of any material agreement to which the Manager is bound.

(b) MLC Sub Representations. MLC Sub represents and warrants to the Manager that: (i) MLC Sub has, by appropriate action, duly authorized the execution and performance of this Agreement and (ii) neither such authorization or execution of this Agreement nor the fulfillment of or compliance with the terms of this Agreement will conflict with or result in any violation of (A) any material applicable law in connection with the discharge of its duties under this Agreement or (B) any term, condition or provision of any material agreement to which MLC Sub is bound.

Section 4 Termination. This Agreement shall commence immediately upon the date hereof and shall terminate upon the earliest to occur (the period from the date hereof until the date terminated hereunder, the "Term") of:

(a) the occurrence of a Change of Control Event;

(b) the mutual written agreement of the Manager and MLC Sub to terminate this Agreement in its entirety;

(c) the resignation of the Manager as the investment adviser to the Credit Fund or the termination by the Manager of the Management Agreement;

(d) the sale by the Manager of its investment advisory business to the extent that such sale pertains to, and constitutes an "assignment" (as defined in the Investment Company Act of 1940, as amended (the "1940 Act")) of, the Management Agreement;

(e) the termination of the Management Agreement by the Board of Trustees and/or stockholders of the Credit Fund;

(f) the date on which Mount Logan or any of its subsidiaries or controlled affiliates, including Mount Logan Capital Management, LLC, becomes the investment adviser to the Credit Fund; and

For purposes of this Agreement, a "Change of Control Event" shall mean the consummation of a transaction or series of transactions that results in: (a) any direct or indirect sale or other disposition of all or substantially all of the assets of Mount Logan and its subsidiaries, including Mount Logan Capital Management, LLC, taken as a whole; or (b) any person, or more than one person acting as a group, acquiring ownership, by way of merger, consolidation or other business combination or purchase of beneficial ownership, of more than fifty percent (50%) of the total voting power represented by the issued and outstanding securities of Mount Logan, (c) more than fifty percent (50%) of the total voting power or economic interest of Mount Logan Capital Management, LLC ceases to be owned, directly or indirectly, by Mount Logan, (d) individuals who as of the date hereof constitute the board of directors of Mount Logan and any new director whose election by such board of directors or nomination for election by Mount Logan's shareholders was approved by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors on such date or whose election or nomination for election was previously so approved, cease for any reason to constitute a majority of such board of directors, or (e) if either (1) Ted Goldthorpe, individually, or (2) a majority of the following individuals: Ted Goldthorpe, Edward U. Gilpin, Matthias Ederer or Henry Wang, cease to be actively involved in the management of Mount Logan. Notwithstanding the foregoing, the Manager, in its sole discretion, may waive in writing any termination of this Agreement upon a Change of Control Event.

Section 5 Indemnification. The Manager will indemnify MLC Sub and its affiliates and each of their directors, trustees, officers, shareholders or members (and their shareholders or members, including the owners of their shareholders or members), agents, employees, controlling persons (as determined under the 1940 Act) (each such person, a "Controlling Person"), for any losses, damages, liabilities, costs and expenses (including reasonable attorneys' fees and amounts reasonably paid in settlement) that MLC Sub or its affiliates and Controlling Persons may sustain as a result of the Manager's willful misfeasance, bad faith, gross negligence, reckless disregard of its duties hereunder or violation of applicable law, including the federal and state securities laws.

Section 6 Assignment and Delegation. This Agreement shall be binding upon and inure to the benefit of the Manager, MLC Sub and their respective successors and permitted assigns. Neither the Manager nor MLC Sub may assign any of its rights or obligations hereunder without the prior written consent of the other party, provided that MLC Sub may assign any of its rights and obligations hereunder to any of its affiliates to the extent MLC Sub remains responsible for any obligations so delegated.

Section 7 Entire Agreement. This Agreement and the documents referenced in this Agreement constitute the entire agreement between the Manager and MLC Sub concerning the subject matter hereof and supersedes all prior agreements and understandings, oral or written, between them regarding such subject matter. All Schedules attached hereto and referred to herein are hereby incorporated herein by reference and made a part of this Agreement for all purposes as if fully set forth herein.

Section 8 Amendments and Waivers. This Agreement may only be amended by a writing executed by both the Manager and MLC Sub. The Manager and MLC Sub may, by written consent, waive, either prospectively or retrospectively and either for a specified period of time or indefinitely, the operation or effect of any provision of this Agreement. No waiver of any right by any party hereto shall be construed as a waiver of the same or any other right at any other time.

Section 9 Communications. Except as otherwise provided in this Agreement, all notices, other communications, and legal process shall be in writing and shall be personally delivered, transmitted by postage prepaid, registered or certified mail with return receipt requested, addressed as follows:

Any party hereto may change its address for purposes hereof by notice to the other parties hereto.

Section 10 No Recourse. Neither the Manager nor MLC Sub shall have any recourse to any affiliate of the other party or any of the other party's or its affiliates respective officers (or equivalents), directors (or equivalents), employees, shareholders, members, managers, agents, partners, principals or incorporators or their respective successors or assigns for any amounts payable under this Agreement. Section 11 Third Party Beneficiaries. This Agreement is not intended to confer on any person, other than the parties hereto, any rights or remedies hereunder.

Section 12 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of New York, without regard to the conflicts of law provisions thereof that would require the application of the substantive laws of another jurisdiction. By execution of this Agreement, the Manager and MLC Sub hereby agree that any legal action or proceeding arising out of this Agreement shall be instituted in the State or federal courts sitting in the County and State of New York, and in connection therewith, each of the Manager and MLC Sub hereby irrevocably submits to the exclusive jurisdiction of any such court in any action, suit or proceeding.

Section 13 Remedies. In connection with any breach or default by any party of any of its obligations under this Agreement, the non-defaulting party shall be entitled from a court of competent jurisdiction to seek specific performance, injunction or other equitable remedy against the defaulting party, and each of the parties hereby acknowledge that damages at law may be an inadequate remedy for an actual or threatened default or breach of this Agreement. The foregoing remedies are not exclusive and are in addition to any and all other remedies available in law or in equity. The decision to proceed with any one or more available remedies shall not be deemed to be an election of remedies by the deciding party.

Section 14 Counterparts. This Agreement may be executed in counterparts and delivered by facsimile transmission or electronic transmission in "portable document format," each of which shall be an original and which taken together shall constitute one and the same document.

Section 15 General Interpretive Principles. In this Agreement, except to the extent otherwise provided or that the context otherwise requires:

(b) the words "hereof," "herein" and "hereunder" and words of similar import, when used in this Agreement, refer to this Agreement as a whole and not to any particular provision of this Agreement; and

(c) the use of "or" is not intended to be exclusive unless expressly indicated otherwise.

Section 16 Severability. Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under applicable law, but if any provision of this Agreement shall be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity without invalidating the remainder of such provision or the remaining provisions of this Agreement.

STAFFING AGREEMENT

THIS STAFFING AGREEMENT (the "***Agreement***") is made this 1st day of October, 2020, by and among MOUNT LOGAN MANAGEMENT, LLC, a Delaware limited liability company, ("***MLM***"), and BC PARTNERS ADVISORS L.P., a Delaware limited partnership, ("***BC Partners***" and, together with MLM, the "***Parties***").

WHEREAS, each of BC Partners and MLM are investment advisers registered under the Investment Advisers Act of 1940, as amended (the "***Advisers Act***"); and

WHEREAS, certain personnel of BC Partners have knowledge and expertise that can assist MLM in servicing its clients; and

WHEREAS, BC Partners is willing to make certain of its personnel available to provide certain services to MLM, and through MLM, to MLM's clients; and

WHEREAS, the Parties wish to memorialize the terms under which such personnel shall provide such services.

NOW, THEREFORE, in consideration of these premises and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each of the Parties hereby agrees as follows:

1. Availability of Personnel as Shared Employees

Certain designated persons employed by BC Partners (each, a "***Shared Employee***") shall be made available by BC Partners to provide certain services ("***Services***") to MLM and, through MLM, to its clients (each, a "***MLM Client***"). Officers, employees or agents of BC Partners from time to time, including its investment professionals, each may be deemed to be a Shared Employee from the date on which his or her employment with BC Partners commenced until the date of termination of his or her employment with BC Partners.

To the extent that a Shared Employee participates in the rendering of Services to a MLM Client, the Shared Employee shall be subject to the oversight and control of MLM, and such Services shall be provided to MLM or any MLM Client by such Shared Employee exclusively in his or her capacity as a supervised person of MLM.

BC Partners may continue to oversee, supervise and manage the Services of a Shared Employee in order to: (1) assure compliance with BC Partners' compliance policies and procedures, (2) assure compliance with regulations applicable to BC Partners and (3) protect the interests of BC Partners and its clients; provided, that BC Partners shall cooperate with MLM's supervisory efforts.

MLM shall assure that Shared Employees have all necessary registrations and/or qualifications necessary to provide Services to MLM Clients.

The Parties shall cooperate to develop, monitor and enforce policies and procedures designed to assure that (1) each client of the Parties (including MLM Clients) is treated fairly and equitably over time, (2) all portfolio transactions comply with applicable law, contractual terms or similar obligations of the Parties to their respective clients and (3) books and records with respect to any and all portfolio transactions undertaken by any of the Parties are created and maintained in a manner consistent with applicable law.

2. Use of Personnel, Facilities and Operations

MLM may use the premises, facilities and systems of BC Partners for its daily operations; provided, that appropriate policies, procedures and other safeguards are established to assure that (A) the books and records of each Party (collectively, "***Records***") are created and maintained in a manner so as to be clearly separate and distinct from those of the other Party and the clients of such Party, as appropriate, and (B) confidential client and/or other material non-public information relating to the investment advisory activities of each Party or other proprietary information regarding a Party or its clients is safeguarded. Without limiting the foregoing, each of the Parties shall take reasonable care to limit Records, systems, files and data containing proprietary or confidential information relating to a Party's operations or clients from being accessed by personnel of the other Party who are not Shared Employees.

3. Requirements Applicable to Shared Employees

Each Shared Employee shall:

(a) be subject to the supervision and oversight of MLM's officers, including, without limitation, its chief compliance officer, with respect to any Services provided to MLM Clients;

(b) provide Services and take actions only as approved by MLM. No Shared Employee may exercise discretionary authority with respect to a MLM Client's account unless specifically authorized by MLM to do so;

(c) take reasonable steps to assure that communications with MLM Clients reflect the Shared Employee's status as a supervised person of MLM;

(d) provide any information requested by a Party as necessary to comply with applicable disclosure and/or regulatory obligations; and

(e) act at all times in a manner consistent with the fiduciary duties owed to MLM Clients as well as clients of BC Partners by seeking to assure that, among other things, (a) all clients are treated fairly and equitably over time and (b) information about any investment advisory or trading activity applicable to a particular client or group of clients is not used to benefit the Shared Employee, MLM, BC Partners or any other client or group of clients in contravention of the fiduciary duties of such Shared Employee, MLM or BC Partners.

Unless specifically authorized or appointed as an officer of MLM, no Shared Employee may enter into any contract on behalf of, or in the name of, MLM.

4. Records

(a) Each Party shall make and maintain such Records with respect to its activities and those of the Shared Employees as are required by applicable law, including, but not limited to, (1) records relating to advice given to, or actions undertaken on behalf of, any client or advised account and (2) communications from or to any client.

(b) Each Party shall have full, equal and unfettered access to the Records to the extent necessary for rendering Services pursuant to this Agreement.

(c) Each of the Parties understands that, in the event of a request for Records, such Records may be made available to the entity requesting such Records.

(d) No Party shall destroy any Record except in conformity with its relevant data retention policies and applicable law.

(e) All requirements to retain Records generated during the term of this Agreement shall survive its termination.

5. Term and Termination

This Agreement shall continue in full force and effect until terminated. Either Party may terminate this Agreement upon sixty (60) days' prior written notice to the other Party or as otherwise mutually agreed in writing between the Parties.

6. Status of Shared Employees

Each person providing Services, and any other person employed by BC Partners whose functions or duties relate to the determination of investment advice and/or recommendations made by MLM to or on behalf of any MLM Client, shall be designated as a Shared Employee.

For all other purposes, including for purposes of determining appropriate compensation and benefits, Shared Employees shall be deemed to be and shall remain employees of BC Partners' respective affiliates.

For the avoidance of doubt, nothing in this Agreement shall be interpreted as (1) altering the duties or responsibilities of any Shared Employee in his or her capacity as an employee of his or her respective BC Partners affiliate or (2) causing any Shared Employee to be treated as an employee of MLM for legal, accounting, tax or any other purpose.

7. Allocation of Costs and Expenses; Compensation

Except as otherwise agreed between the Parties, BC Partners' respective affiliates shall bear all costs and expenses that are incurred by each of them in the provision of Services and Shared Employees shall be compensated solely by each respective affiliate of BC Partners with whom they are employed. BC Partners may allocate costs and expenses relating to this Agreement to MLM as agreed between the Parties in writing. MLM shall only allocate costs and

expenses to MLM Clients, where it is permissible in accordance with the legal agreements with such Clients and any relevant disclosures.

8. Notices

Any notice under this Agreement shall be given in writing, addressed and delivered or mailed, postage prepaid, to the other party at its principal office.

9. Relationship between the Parties

Nothing set forth in this Agreement shall constitute, or be construed to create, an employment relationship, a partnership, a joint venture or any other kind of relationship or association between the Parties.

Except as expressly provided herein or in any other written agreement between the Parties, no Party has any authority, express or implied, to bind or to incur liabilities on behalf of, or in the name of, any other Party.

10. Entire Agreement

This Agreement constitutes the entire agreement of the Parties relating to the subject matter of this Agreement and supersedes all prior contracts or agreements with respect to the subject matter of this Agreement, whether oral or written. Notwithstanding the foregoing, this Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original as against any party whose signature appears thereon and all of which shall, together, constitute one and the same instrument.

11. Limitation of Liability of BC Partners; Indemnification

The duties of MLM shall be confined to those expressly set forth herein. MLM (and its officers, managers, partners, members (and their members, including the owners of their members), agents, employees, controlling persons and any other person or entity affiliated with MLM) shall not be liable for any action taken or omitted to be taken by MLM or such other person in connection with the performance of any of its duties or obligations hereunder, except to the extent resulting from fraud, willful misfeasance, bad faith or gross negligence in the performance of its duties, or by reason of reckless disregard of its obligations and duties hereunder.

MLM shall indemnify BC Partners and its respective affiliates and controlling persons, directors, officers, employees (including the Shared Employees), for any liability, losses, damages, costs and expenses, including reasonable attorneys' fees and amounts reasonably paid in settlement ("***Losses***"), which BC Partners and its respective affiliates and controlling persons, directors, officers, employees (including the Shared Employees), may sustain as a result of MLM's willful misfeasance, bad faith or gross negligence in the performance of its duties, or by reason of reckless disregard of its obligations and duties hereunder.

BC Partners may make advance payments in connection with the expenses of defending any action with respect to which indemnification might be sought hereunder if BC Partners receives a written affirmation of the indemnified party's good faith belief that the standard of conduct necessary for indemnification has been met and a written undertaking to reimburse BC Partners unless it is subsequently determined that such indemnified party is not entitled to such indemnification.

Further, BC Partners may, in performance of its duties and obligations under this Agreement, consult with legal counsel and accountants, and any act or omission by BC Partners on MLM's behalf in furtherance of MLM's interests in good faith in reliance upon, and in accordance with, the advice of such legal counsel or accountants shall be full justification for any such act or omission, and BC Partners shall be fully protected for such acts and omissions; provided, that such legal counsel or accountants were selected with reasonable care by MLM or on MLM's behalf.

12. Effect of Waiver or Consent

A waiver or consent, express or implied, to or of any breach or default by any Party in the performance by that Party of its obligations with respect hereto shall not constitute a consent or waiver to or of any other breach or default in the performance by that Party of the same or any other obligations of that Party with respect hereto. Failure on the part of a Party to complain of any act of any Party or to declare any Party in default with respect hereto, irrespective of how long that failure continues, shall not constitute a waiver by that Party of its rights with respect to that default until the applicable limitations period has expired.

13. Amendments

This Agreement may be amended only by prior written consent of the parties, subject to the requirements of applicable law.

14. Assignment

This Agreement is not assignable by any Party without the prior written consent of the other Party, which consent shall not be unreasonably withheld, except that an assignment of this Agreement by operation of law to the respective successor of any Party is expressly permitted without the prior written consent of the other Party.

15. Binding Effect

This Agreement shall be binding on and inure to the benefit of the Parties, and their respective successors and permitted assigns. Except as otherwise expressly provided herein, this Agreement is for the sole benefit of the Parties, and no other person shall have any rights, benefits or remedies by reason of this Agreement, nor shall any Party owe any duty or obligation whatsoever to any such person (other than the other Party) by virtue of this Agreement.

16. Governing Law

Notwithstanding the place where this Agreement may be executed by any of the Parties, this Agreement shall be construed in accordance with the laws of the State of Delaware. Notwithstanding the foregoing, nothing herein shall be construed in any manner inconsistent with the Investment Company Act of 1940, as amended, the Advisers Act or any rule, regulation or order of the Securities and Exchange Commission promulgated thereunder and applicable to the performance of the services anticipated under this Agreement.

17. Severability

If any provision of this Agreement shall be held or made invalid by a court decision, statute, rule or otherwise, the remainder of this Agreement shall not be affected thereby and shall be interpreted to give effect to the intent of the Parties manifested thereby.

ARTICLE II
THE PURCHASE AND SALE

2.1. Purchase of Transferred Interests and Acquired Assets.

(a) Upon the terms and subject to the conditions set forth herein, at the Closing, (i) Seller shall sell, assign, transfer, convey and deliver to New Adviser (as the assignee of Buyer of Buyer's rights under this Section 2.1), and New Adviser (as the assignee of Buyer of Buyer's rights under this Section 2.1) shall purchase and acquire from Seller, the Transferred Interests, free and clear of any and all Liens, other than Permitted Liens, and (ii) Adviser shall sell, assign, transfer, convey and deliver to New Adviser (as the assignee of Buyer of Buyer's rights under this Section 2.1), and New Adviser (as the assignee of Buyer of Buyer's rights pursuant to this Section 2.1) shall purchase and acquire from Adviser, all of Adviser's right, title and interest in and to the Business Records (such Business Records in this clause (ii) are hereinafter also referred to as the "Acquired Assets"), free and clear of any and all Liens, other than Permitted Liens.

(b) Buyer and New Adviser understand and agree that New Adviser (as the assignee of the Buyer of its rights under this Section 2.1) is not purchasing or acquiring, and Seller Parties are not selling, transferring or assigning, any assets other than the Transferred Interests and the Acquired Assets.

2.2. Closing. The closing of the Transactions (the "Closing") shall take place via the electronic exchange of documents at 10:00 a.m., Eastern time, on the later of (x) July 5, 2023 or (y) the delivery by the parties of a fully executed Rovner Offer Letter, subject only to the condition set forth Section 6.1. If on July 5, 2023, the condition to closing set forth in Section 6.1 is not satisfied, then the Parties shall cooperate in good faith to schedule the Closing for a date on which such condition is satisfied. The time and date of the Closing is herein called the "Closing Date".

2.3. Payment of Purchase Price. Concurrently with the execution of this Amendment, New Adviser paid to Seller, for the benefit of the Seller Parties, in cash, an amount equal to $339,055.07 (the "Advance"), which amount constitutes an advance on the Purchase Price. If this Agreement is duly terminated in accordance with this Agreement prior to the Closing, Seller shall promptly, and in any event within twenty-four (24) hours, return the Advance to New Adviser at the wire instructions provided by New Adviser in writing. Concurrently with the execution of this Amendment, Seller shall distribute to its equityholders $1,266,556.79 of Earned Management Fees and Deferred Incentive Fees (the "Distributed Amount").

At the Closing, (A) Buyer shall issue to Seller, for the benefit of the Seller Parties, that number of validly issued, fully paid and non-assessable shares of Buyer Stock with a value equal to the remainder of Preliminary Purchase Price (i.e., the Preliminary Purchase Price less the Advance), if any, less the Distributed Amount (such amount being the "Share Value Consideration"), based on the Buyer Stock Price as of the Business Day immediately prior to the Closing Date, provided that if based on the Buyer Stock Price as of the Business Day

immediately prior to the Closing Date, the issuance of such shares of Buyer Stock to Seller at Closing would exceed 25% of the issued and outstanding shares of Buyer immediately prior to Closing (the "NEO Threshold"), Buyer shall issue only the maximum number of shares of Buyer Stock that would result in the NEO Threshold not being exceeded, and shall pay to Seller in cash via wire transfer the difference between (a) the Share Value Consideration and (b) the product of (x) the Buyer Stock Price as of the Business Day immediately prior to the Closing and (y) the number of shares of Buyer Stock issued at Closing (taking into account the NEO Threshold).

Solely to the extent that Whitney Bank does not permit Buyer to assume the Whitney Line of Credit on the Closing Date on terms mutually acceptable to Buyer, New Adviser and Whitney Bank, New Adviser (as the assignee of Buyer of Buyer's rights under Section 2.1) shall pay, or cause to be paid, at Closing, the outstanding balance on the Whitney Line of Credit as of immediately prior to the Closing to discharge such Indebtedness.

2.4. Adjustments to the Purchase Prices.

(a) Closing Certificate.

(i) Prior to or concurrently with the execution of this Amendment, the Seller Parties prepared and delivered to Buyer a certificate (the "Closing Certificate") duly executed by an executive officer of the Seller Parties, setting forth the Seller Parties' good faith calculation of the Purchase Price calculated in accordance with this Section 2.4 (such amount, the "Preliminary Purchase Price") (including each element thereof) as if the Closing were to occur on March 31, 2023.

(ii) Following the delivery of the Closing Certificate and prior to the Closing, to the extent reasonably requested by Buyer and its Representatives, during normal business hours, upon reasonable prior written notice, Buyer and its Representatives shall have the right to review and inspect the books, records and other documents (including work papers, accounts, reports, schedules, financial statements and memoranda) of the Seller Parties pertaining to or used in connection with the calculation of the Preliminary Purchase Price (and each element thereof). The Seller Parties shall consider in good faith any reasonable comments provided by Buyer to the Closing Certificate prior to the Employee Transfer Date and the calculations included therein based on Buyer's review of the Closing Certificate. Notwithstanding the foregoing or any contrary provision contained in this Agreement, if the Seller Parties and Buyer are unable to resolve any dispute with respect to the Closing Certificate, such dispute shall not, under any circumstance, delay the Closing, and the amounts set forth therein shall be calculated as set forth in the Closing Certificate delivered by the Seller Parties for purposes of the Closing.

(b) Closing Purchase Price Reduction. If the Closing Net Asset Value is less than the sum of $265,837,918 *minus* the Scheduled Redemptions in each quarter subsequent to September 30, 2022 (the "Target Net Asset Value"), then, the Purchase Price shall be reduced, on a percentage basis (to the nearest hundredth of a percent), one percent (1%) for each one percent (1%) that the Closing Net Asset Value is less than the Target Net Asset Value (such amount, the "Closing Purchase Price Reduction"). The Closing Net Asset Value shall be

calculated consistent with the valuation practices (the "Valuation Practices") set forth in Schedule 2.4. Also set forth in Schedule 2.4 is an example of such Closing Purchase Price Reduction.

(c) Purchase Price Adjustment Dispute Resolution.

(i) Buyer shall deliver to the Seller Parties within fifteen (15) days after the Closing Date a certificate (the "Post-Closing Certificate") setting forth its calculation of the Purchase Price (including each element thereof) determined as of March 31, 2023. The Purchase Price as finally determined in accordance with this Section 2.4(c) shall be referred to as the "Final Purchase Price." During the forty-five (45) day period following the Seller Parties' receipt of the Post-Closing Certificate, the Seller Parties and their Representatives shall, during normal business hours upon reasonable prior written notice, have the right to review and inspect the books, records and other documents (including work papers, accounts, reports, schedules, financial statements and memoranda) of Buyer pertaining to or used in connection with Buyer's calculation of the Purchase Price (including each element thereof), in each case as reasonably requested by the Seller Parties. Buyer shall provide to the Seller Parties and their Representatives reasonable access during normal business hours to the relevant employees and accountants of Buyer as reasonably requested by the Seller Parties in connection with such review. Within forty-five (45) days after the Seller Parties' receipt of the Post-Closing Certificate, the Seller Parties shall deliver to Buyer a written report setting forth in reasonable detail any disputed items and proposed adjustments in respect thereof (each, a "Disputed Item") to Buyer's calculation of the Purchase Price (including each element thereof) (the "Adjustment Report"). Any item not specifically objected to in the Adjustment Report (each, an "Undisputed Item"), including all items if no Adjustment Report is provided, shall be deemed final and binding for purposes of this Agreement, except to the extent that an adjustment to a Disputed Item made in accordance with this Section 2.4(c)(i) requires an offsetting adjustment to be made to such Undisputed Item. If the Seller Parties fail to respond to Buyer within such forty-five (45) day period, the Seller Parties shall be deemed to have accepted and agreed to the Purchase Price (and each element thereof) as delivered by Buyer. Following the delivery of the Adjustment Report, if any, the Seller Parties and Buyer shall cooperate in good faith to attempt to resolve any objections to the Purchase Price (and each element thereof).

(ii) If the Seller Parties and Buyer are unable to resolve any objections to the Purchase Price (or any element thereof) set forth in the Adjustment Report within fifteen (15) days after Buyer has received such Adjustment Report, any remaining Disputed Items shall be referred to the Independent Accountant for resolution. Buyer and the Seller Parties shall instruct the Independent Accountant that the determination of such matters shall be rendered within thirty (30) days after referral to such Independent Accountant or as soon thereafter as reasonably practicable. In resolving a Disputed Item, the Independent Accountant may not assign a value to any particular item greater than the greatest value for such item claimed by either Party or less than the smallest value for such item claimed by either Party, in each case as presented to the Independent Accountant. The Seller Parties and Buyer shall: (i) make available to the Independent Accountant the relevant information in their possession and the relevant personnel and documents and work papers used in the preparation of the Closing

Certificate and the Post-Closing Certificate; (ii) provide all other items in their possession reasonably requested by the Independent Accountant; and (iii) provide all copies of the foregoing to each other concurrently with delivery to the Independent Accountant (in each case, in such a manner so as not to waive or eliminate any privilege applicable to any such information, if possible). The fees and costs of the Independent Accountant, if one is required, shall be allocated among and paid by the Seller Parties, on the one hand, and Buyer, on the other hand, in inverse proportion as they may prevail on the final amount of the adjustment of the matters submitted to the Independent Accountant. For example, in the event that the Seller Parties asserts that the calculation of Closing Net Asset Value should have been 10% higher than the amount set forth in the Closing Certificate, and the Independent Accountant determines that the final amount of Closing Net Asset Value shall be 7% higher than the amount set forth in the Closing Certificate, then 70% of the fees and expenses of the Independent Accountant shall be paid by Buyer and 30% of the fees and expenses of the Independent Accountant shall be paid by the Seller Parties. The Independent Accountant shall determine all disputed item(s) and amount(s), including the apportionment of its fees and expenses as between the Seller Parties, the one hand, and Buyer, on the other hand, in accordance with the provisions of this Section 2.4(c)(ii).

(iii) If the Final Purchase Price as finally determined pursuant to this Section 2.4 is greater than the Preliminary Purchase Price, then: (A) the Purchase Price shall be increased by the amount by which the Final Purchase Price exceeds the Preliminary Purchase Price; and (B) within three (3) Business Days after such determination, Buyer shall issue to the Seller that number of additional validly issued, fully paid and non-assessable shares of Buyer Stock with a value equal to such amount based on the Buyer Stock Price as of the Closing Date, (or, at Buyer's option, any combination of cash and shares of Buyer Stock with an aggregate value equal to such amount).

(iv) If the Final Purchase Price as finally determined pursuant to this Section 2.4 is less than the Preliminary Purchase Price, then: (A) the Purchase Price shall be decreased by the amount by which the Preliminary Purchase Price exceeds the Final Purchase Price; and (B) within three (3) Business Days after such determination, the Seller Parties shall forfeit to Buyer for no consideration that number of shares of Buyer Stock issued to the Seller Parties at Closing pursuant to Section 2.3 with a value equal to such amount based on the Buyer Stock Price as of the Closing Date, which Buyer Stock shall be cancelled by Buyer and returned to treasury of Buyer.

(v) The Parties agree to treat the issuance or cancellation of any Buyer Stock pursuant to Section 2.4(c)(iii) or Section 2.4(c)(iv) (as applicable) as an adjustment to the Purchase Price for all Tax purposes unless otherwise required by applicable Law.

2.5. Closing Deliverables.

(a) Prior to or concurrently with the execution of this Amendment, the Seller Parties have delivered to Buyer the following:

(i) a membership interest transfer agreement, with respect to the conveyance of the Transferred Interests, (the "Equity Conveyance Instrument"), duly executed by the Seller, which Equity Conveyance Instrument shall become automatically effective as of the Closing;

(ii) a bill of sale and assignment agreement with respect to the conveyance of the Acquired Assets (the "Bill of Sale"), duly executed by the Adviser, which shall become automatically effective as of the Closing.

(iii) each New Investment Advisory Agreement, each of which shall be duly executed by the Company and each applicable AIF Fund, each of which shall become automatically effective as of the Closing;

(iv) each Amended and Restated Limited Partnership Agreement, each of which shall be duly executed by the Company and the applicable AIF Fund, each of which shall become automatically effective as of the Closing;

(v) a duly executed IRS Form W-9 of Seller; and

(vi) personal information form from Michael Rovner in the form required by Neo Exchange, Inc.

(b) Prior to or concurrently with the execution of this Amendment, Buyer shall deliver to the Seller Parties:

(i) the Equity Conveyance Instrument, duly executed by New Adviser (as the assignee of Buyer of Buyer's rights under Section 2.1), which shall become automatically effective as of the Closing;

(ii) the Bill of Sale, duly executed by New Adviser (as the assignee of Buyer of Buyer's rights under Section 2.1), which shall become automatically effective as of the Closing; and

(iii) each New Investment Advisory Agreement, duly executed by the New Adviser, which shall become automatically effective as of the Closing.

2.6. Withholding. Buyer and the Company (and each of their Affiliates) (each, a "Payor") shall be entitled to deduct and withhold or cause to be deducted and withheld from the payments of consideration made by it pursuant to this Agreement the amounts (if any) that are required to be deducted and withheld pursuant to any applicable Tax Law. To the extent that any such amounts are deducted and withheld and timely paid over to the applicable Governmental Authority in accordance with applicable Tax Law, such amounts shall be treated as having been paid to Seller or other Person in respect of which such deduction and withholding was made. Before making any deduction or withholding pursuant to this Section 2.6 (other than any such deduction or withholding (i) as a result of the failure of Seller to deliver an IRS Form W-9 pursuant to Section 2.5(a)(v) or (ii) in connection with payments in the nature of compensation),

the applicable Payor shall use commercially reasonable efforts to give Seller or other applicable Person at least five (5) Business Days of reasonable advance written notice of any anticipated deduction or withholding (together with the legal basis therefor), provide Seller or other applicable Person with sufficient opportunity to provide any forms or other documentation or take such other steps in order to avoid such deduction or withholding, and reasonably cooperate with Seller or other applicable Person in good faith to attempt to reduce (or eliminate) any amounts that would otherwise be deducted and withheld pursuant to this Section 2.6.

ARTICLE III
REPRESENTATIONS AND WARRANTIES OF THE SELLER PARTIES

Except as disclosed in the Disclosure Schedules, the Seller Parties hereby jointly and severally represent and warrant to Buyer as of the date of the Original Agreement and the Employee Transfer Date and, solely with respect to the Seller Parties' Fundamental Reps, as of the Closing Date, as follows:

Each Seller Party and the Company is duly qualified to do business and is in good standing (to the extent such concept is applicable) in each jurisdiction where the nature of the property owned, leased or operated by it or the nature of the business conducted by it makes such qualification necessary, except such jurisdictions where the failure to so qualify would not, individually or in the aggregate, be material to the Seller Parties, the Business, the Company or any AIF Fund or prohibit or materially impair its ability to timely perform its obligations under the Transaction Documents to which it is a party. Each Seller Party has previously made available to Buyer true and correct copies of all of the Company's current organizational documents.

(b) The execution, delivery and performance by each Seller Party or the Company of the Transaction Documents to be executed by such Seller Party or the Company in connection herewith, and the consummation by such Seller Party or the Company of the Transactions contemplated by the Transaction Documents to which it will be a party, have been duly authorized by all necessary limited liability company or limited partnership action on behalf of such Seller Party or the Company. The Transaction Documents to which each Seller Party or the Company is a party have been or will be duly and validly executed and delivered by such Seller Party or the Company and, assuming due authorization, execution and delivery by Buyer and the other Parties hereto and thereto, constitute or will constitute the valid and binding obligations of such Seller Party or the Company, as applicable, enforceable against such Seller Party or the Company, as applicable, in accordance with their respective terms, except as such enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent

conveyance and similar Laws relating to or affecting creditors' rights and remedies generally, or by general equity principles (collectively, the "Enforceability Exceptions").

(c) Except as set forth on Schedule 3.1(c), the execution, delivery and, assuming the receipt of the LP Approval, performance by each Seller Party and the Company of the Transaction Documents to be executed by that Seller Party or the Company in connection herewith and the consummation by the Seller Parties or the Company of the Transactions to which the Seller Parties or the Company will be a party will not, with or without the giving of notice or the lapse of time, or both, (i) violate the organizational documents of a Seller Party, the Company or any AIF Fund, (ii) violate any provision of Law to which a Seller Party, the Company or any AIF Fund is subject, (iii) violate any Order applicable to a Seller Party, the Company or any AIF Fund, (iv) violate, result in a breach of or constitute a default under (or an event which might, with the passage of time or the giving of notice, or both, constitute a default), or require the Consent of any third party that has not been obtained under any indenture, deed of trust, mortgage, loan or credit agreement, license, permit, contract, lease or other agreement or obligation to which a Seller Party, the Company or any AIF Fund is a party or by which a Seller Party or the Company or any of their properties or assets may be bound except where any of the foregoing would not (A) reasonably be expected to have a Material Adverse Effect or (B) materially impair or delay a Seller Party's or the Company's ability to consummate the Transactions, or (v) result in the creation or imposition of any Lien upon the Transferred Interests or Acquired Assets, other than a Permitted Lien.

(d) Except for compliance with the Advisers Act, or as otherwise set forth on Schedule 3.1(d), and, assuming the receipt of the LP Approval, no consent, approval or authorization of, or filing with, any Governmental Authority is required to be made or obtained by a Seller Party, the Company or any AIF Fund in connection with the execution, delivery and performance of the Transaction Documents or the consummation of the Transactions, except for any such consents, approvals or authorizations of, or filings with, Governmental Authorities the failure of which to be so obtained or made would not, individually or in the aggregate, (A) have a Material Adverse Effect, or (B) prohibit or materially impair or delay a Seller Party's or the Company's ability to consummate the Transactions.

(e) The Company is a special purpose entity formed for the sole purpose of serving as the General Partner of the AIF Funds and manager of AIF Funds' Subsidiaries and has conducted no other business. The Company (i) does not have, and has never had, any employees or Subsidiaries and (ii) except as set forth on Schedule 3.1(e) is not a party to, and does not sponsor, maintain, contribute to or have any liability with respect to, any Benefit Plan.

The Company Financial Statements have been prepared from the books and records of the Company in accordance with GAAP and fairly present in all material respects the financial position, results of operations, changes in members' equity and cash flows of the Company as of and for the periods indicated therein, except for the absence of footnotes and normal year-end adjustments that are not material in the aggregate.

(g) The Company has no issued and outstanding capital stock other than the Transferred Interests. All of Transferred Interests have been duly authorized and validly issued and are fully paid and free of preemptive rights. As of the date of the Original Agreement, there are no existing (i) options, warrants, calls, subscriptions or other rights, convertible securities, agreements or commitments of any character to which the Company is a party obligating the Company to issue, transfer or sell any shares of capital stock or other equity interest in the Company or securities convertible into or exchangeable for such shares or equity interests, (ii) contractual obligations of the Company to repurchase, redeem or otherwise acquire any capital stock of the Company or any securities representing the right to purchase or otherwise receive capital stock of the Company, (iii) appreciation rights, phantom equity or similar rights with respect to, or valued in whole or in part in reference to, the Company or (iv) voting trusts or similar agreements to which the Company is a party with respect to the voting of the capital stock of the Company.

3.3. Absence of Undisclosed Liabilities. None of the Seller Parties or the Company has any liabilities or obligations of any nature (whether or not accrued, contingent or otherwise) with respect to the Business, except liabilities and obligations (a) that were incurred in the ordinary course of business since September 30, 2022, (b) that would not have had a Material Adverse Effect, (c) under the Transaction Documents and in connection with the Transactions or (d) which arise in the ordinary course of business under the Existing Limited Partnership Agreements or Existing Investment Advisory Agreements.

3.4. Compliance with Laws; Authorizations.

(a) Since January 1, 2020: (i) each Seller Party, and the Company has complied in all material respects with Laws applicable to the Business and is not in material violation thereof except where such non-compliance would not be material to such Seller Party or the Company, and (ii) no Seller Party or the Company has received any written notices from a Governmental Authority asserting any violation of Law applicable to the Business which would, or would reasonably be expected to, (x) be material to the Seller Parties, the Business, the Company or any AIF Fund or (y) materially impair the ability of a Seller Party or the Company to perform its obligations under, and consummating the transactions contemplated by, this Agreement or any of the other Transaction Documents to which it is a party. To the Knowledge of the Seller Parties, none of the Seller Parties or the Company is, or since January 1, 2020, has been, subject to any material investigation, inquiry, enforcement or supervisory action (provided that routine investigations, examinations, requests, processes, industry "sweeps" or comparable items shall not be deemed "material") with respect to, or has been threatened in writing to be charged with or given written notice of, any material deficiency with respect to, any material violation of, any Law applicable to the Business.

Adviser is, and at all times required by applicable Law (other than under the Advisers Act) has been, duly registered, licensed or qualified as an investment adviser in each state or any other jurisdiction where the conduct of its business required such registration, licensing or qualification, except as would not, individually or in the aggregate, have a Material Adverse Effect with respect to the Business. Each Seller Party and the Company holds, and, since January 1, 2020 has been in compliance, in all material respects, with all federal, state, county, local or foreign governmental consents, licenses, permits, franchises, waivers, grants or other authorizations that are required for the operation or conduct of the Business as currently conducted (all such consents, licenses, permits, franchises, waivers, grants or other authorizations are collectively referred to as "Authorizations"), except where the failure to comply or to obtain any such Authorizations would not, individually or in the aggregate, be material to the Seller Parties, the Business, the Company or any AIF Fund. All of the Authorizations are in full force and effect, no material default or violation exists thereunder and, since January 1, 2020, none of the Seller Parties nor the Company has received any written notice advising or threatening that any such Authorizations may be revoked or not renewed or withdrawn or (except to an immaterial extent) amended in whole or in part, except where such default or violation or revocation, nonrenewal or withdrawal would not, individually or in the aggregate, be material to the Seller Parties, the Business, the Company or any AIF Fund.

(c) None of the Seller Parties, the Company or, to the Knowledge of the Seller Parties, any of their respective employees, members, officers, directors or managers (or any equivalent of the foregoing) is, or at any time since January 1, 2020 has been, (i) subject to any cease and desist, censure or other disciplinary or similar Order issued by, (ii) a party to any consent agreement, memorandum of understanding or disciplinary agreement with, (iii) a party to any commitment letter with or given a similar undertaking to, (iv) subject to any Order or directive by or (v) a recipient of any supervisory letter from, in each case, any Governmental Authority, and, to the Knowledge of the Seller Parties, none of them is threatened in writing with the imposition or receipt of any of the foregoing, in each case, with respect to the Business, except to the extent the imposition or receipt of any of the foregoing, would not, individually or in the aggregate, have a Material Adverse Effect with respect to the Business.

(d) No exemptive orders, "no-action" letters or similar exemptions or regulatory relief have been obtained from any Governmental Authority, nor are any written requests pending therefor, by or with respect to a Seller Party or the Company, or any officer, director or employee of a Seller Party or the Company, in connection with the Business that have not been specifically disclosed to Buyer.

(e) Since January 1, 2020, with respect to the Business, none of Adviser, the Company or, to the Knowledge of the Seller Parties, any of their respective officers, directors or employees, is ineligible to serve as, or subject to any disqualification which would be the basis for any denial, suspension or revocation of the registration of or for any limitation on the activities of Adviser as, an investment adviser under the provisions of the Advisers Act.

(f) The conduct of the Business does not require the Company or any of its personnel to be registered under applicable Laws in Canada or avail itself or themselves of an exemption from the registration requirements under applicable Laws in Canada.

3.5. Legal Proceedings. Except as set forth on Schedule 3.5, there are, and since January 1, 2020 there have been, no material Actions pending or, to the Knowledge of the Seller Parties, threatened (in writing), before any court or Governmental Authority, or before any arbitrator or mediator of any nature, brought by or against a Seller Party or the Company, involving or relating to the Business, the Transferred Interests, the Company, any AIF Fund, or the Transactions. There is, and since January 1, 2020 has been, no Action pending or, to the Knowledge of the Seller Parties, threatened (in writing), relating to the termination of, or limitation of, Adviser's rights under its registration under the Advisers Act as an investment adviser or any similar or related rights under any registrations or qualifications with various self-regulatory bodies, states or other jurisdictions or under applicable securities Laws, including the rules and regulations of any self-regulatory organization.

5.7. Public Announcements.

(a) Except as may be required by Law or as otherwise permitted pursuant to this Agreement, none of the Parties shall make any public statements, including any press releases, with respect to this Agreement, the Transaction Documents or the Transactions without the prior written consent of the other Parties; provided, however, that the Seller Parties may issue a press release disclosing the entry into this Agreement in a form reasonably acceptable to Buyer in connection with closing of the sale of Adviser's business involving the acquisitions and servicing of tax liens in the State of Texas. If this Agreement or the Transactions are required by Law to be disclosed in a public statement, the Parties shall consult with each other in advance as to the contents and timing thereof, to the extent permitted by applicable Law, and the Parties shall cooperate in good faith with respect to an initial press release in a form agreed by the Parties.

(b) Nothing herein shall prevent Buyer or its Affiliates from (i) placing customary announcements regarding the Transactions on their website, and/or (ii) disclosing the Transactions or their investment in, or information with respect to the performance of or realization on, their investment, in each case, to their investors or any prospective investors, or in other customary marketing materials.

(c) Notwithstanding Section 5.5, each of the Seller Parties agrees that the terms of this Agreement shall not be disclosed or otherwise made available to the public and that copies of this Agreement shall not be publicly filed or otherwise made available to the public, except where such disclosure, availability or filing is required by applicable Law or court order and only to the extent required by such Law. In the event that such disclosure, availability or filing by Buyer is required by applicable Law or court order, Buyer agrees to redact such terms of this Agreement as the Seller Parties shall reasonably request, provided, however, that nothing set forth in the foregoing shall require Buyer or Seller Party to take action, or omit to take action, that its counsel advises it is necessary to comply with applicable Law and that the investor communications contemplated in Section 5.4 shall not be subject to any restrictions under this Section 5.7(c).

5.8. Tax Matters.

(a) The Parties agree that the Transactions shall be treated as the purchase and sale of the Acquired Assets and assets of the Company for U.S. federal (and applicable state and local) income Tax purposes. The Seller Parties shall prepare a schedule allocating the final Purchase Price (together with all assumed Liabilities and any other items treated as consideration for Tax purposes) among the assets of the Company and Acquired Assets (as determined for U.S. federal Income Tax purposes) in accordance with Section 1060 of the Code and the applicable Treasury Regulations promulgated thereunder (and any similar provision of state, local or non-U.S. Law) (the "Allocation Schedule"), which shall be prepared in accordance with the principles and methodology set forth on Exhibit C and the Seller Parties shall deliver the Allocation Schedule to Buyer no later than thirty (30) days after the date on which the final Purchase Price is determined. Buyer shall notify the Seller Parties within fifteen (15) Business Days after receipt thereof if it disputes the amount allocated to any asset of the

Company and/or Acquired Assets (as determined for U.S. federal Income Tax purposes) on the Allocation Schedule. If Buyer does not notify the Seller Parties of a dispute in accordance with the procedures set forth in this Section 5.8(a), Buyer shall be deemed to have agreed to the Allocation Schedule. If Buyer timely notifies the Seller Parties of a dispute in accordance with the procedures set forth in this Section 5.8(a), Buyer and the Seller Parties shall attempt to resolve the dispute in good faith. If Buyer and the Seller Parties are unable to reach agreement on or prior to the date that is thirty (30) days after the Seller Parties' receipt of Buyer's written notice of disagreement with the Allocation Schedule, then the items in dispute shall be submitted to an independent accounting firm. Buyer and the Seller Parties shall present their arguments to the independent accounting firm within ten (10) days of the submission of the dispute to the independent accounting firm, and the independent accounting firm shall resolve the dispute, in a fair and equitable manner, and in accordance with this Agreement and applicable Tax law, within twenty (20) days after Buyer and the Seller Parties have presented their arguments. The Allocation Schedule, as adjusted to reflect the independent accounting firm's resolution of the dispute pursuant to this Section 5.8(a) shall be final and binding on the Parties and shall become the final allocation ("Final Allocation"). The fees, expenses and costs of the independent accounting firm shall be borne equally by Buyer and the Seller Parties. Each of Buyer and the Seller Parties shall and shall cause their respective Affiliates to, unless otherwise required by applicable Tax Law, (i) prepare and file all Tax Returns, including all IRS Forms 8594, in a manner consistent with this Section 5.8(a) and (ii) take no position in any Tax Return, Tax contest or otherwise that is inconsistent with this Section 5.8(a), except as required by applicable Law. In the event that any of the allocations set forth in the Final Allocation are disputed by any taxing authority, the Party receiving notice of such dispute shall promptly notify and consult with the other Party concerning the resolution of such dispute, and use commercially reasonable efforts to contest such dispute in a manner consistent with this Section 5.8.

(b) Notwithstanding anything to the contrary in this Agreement, Transfer Taxes shall be borne and paid fifty percent (50%) by Buyer and fifty percent (50%) by the Seller Parties. The Party required by applicable Law to file shall prepare and timely file any Tax Returns required to be filed with respect to such Transfer Taxes, and promptly provide a copy of such Tax Return to the other Parties. The Parties shall, and shall cause their respective Affiliates to, use commercially reasonable efforts to cooperate to timely prepare and file any Tax Returns or other filings relating to such Transfer Taxes, including any claim for exemption or exclusion from the application or imposition of any Transfer Taxes.

(c) Each of Buyer and the Seller Parties shall (i) provide assistance to each other Party or Parties as reasonably requested in preparing and filing Tax Returns with respect to the Company, AIF Funds, AIF Funds' Subsidiaries, AIF Funds' Assets, the Business and the Acquired Assets and responding to related audits or disputes with taxing authorities; (ii) make available to each other Party or Parties as reasonably requested all information, records, and documents reasonably relating to Taxes concerning the Company, AIF Funds, AIF Funds' Subsidiaries, AIF Funds' Assets, the Business or the Acquired Assets; (iii) retain any books and records that would reasonably be expected to be necessary or useful in connection with any preparation by any other Party or Parties of any Tax Return, or for any audit, examination, or proceeding relating to Taxes, with respect to the Company and its Subsidiaries, AIF Funds, AIF

Funds' Subsidiaries, AIF Funds' Assets, the Business or the Acquired Assets; and (iv) cooperate fully, as and to the extent reasonably requested by any other Party or Parties, in connection with any audit, litigation or other proceeding with respect to Taxes relating to the Company, AIF Funds, AIF Funds' Subsidiaries, AIF Funds' Assets, the Business or Acquired Assets.

(d) Whenever it is necessary to determine the liability for Taxes related to the Company for a taxable period that begins on or before, and ends after, March 31, 2023 (a "Straddle Period"), the portion of such Taxes apportioned to the portion of such Straddle Period ending on March 31, 2023 shall be (i) in the case of items based on or measured by income, sales, receipts or payroll, determined based on an interim closing of the books as of the close of business on March 31, 2023 (and for such purpose, the taxable period of any partnership or other pass-through entity in which the Company holds a beneficial interest will be deemed to terminate at such time), and (ii) in the case of any other items, determined on a prorated daily basis based on the number of days out of the entire Straddle Period that fall within the Pre-Closing Tax Period. The Seller Parties shall pay the portion of such Taxes allocable to the period ending on March 31, 2023, and Buyer shall pay the portion of such Taxes allocable to the period beginning on April 1, 2023. If either the Seller Parties or Buyer, as the case may be, is the Party required under the Law to pay such Taxes to the applicable Governmental Authority, then the other Party shall pay its share of such Taxes to such paying Party.

(e) Buyer shall remit or cause to be remitted to the Seller (or if directed by the Seller Parties, to Adviser) any cash Tax refunds or credits against cash taxes otherwise payable within ten (10) Business Days of Buyer's receipt of such refunds (or, in the case of a credit, within ten (10) Business Days after the Tax Return is filed utilizing such credit to offset a Tax liability), in each case (i) solely to the extent such refunds or credits are in respect of Taxes related to the Company or the Acquired Assets for any Pre-Closing Tax Period (other than any such refunds or credits that are in respect of Taxes attributable to a Pre-Closing Tax Period that are paid by the Buyer or its Affiliates in a post-Closing Tax period and that have not been indemnified or otherwise reimbursed by the Seller) and (ii) net of all third-party out-of-pocket expenses (including Taxes) incurred by Buyer in connection with the receipt of such refunds or credits.

5.9. Release.

(a) Effective as of the Closing, each Seller Party, on behalf of itself and its Affiliates and their respective successors and assigns (each, a "Seller Releasing Party"), hereby unconditionally and irrevocably and forever releases and discharges Buyer, the Company and each AIF Fund and each of their respective successors and assigns, and any past, present or future directors, managers, officers, employees, representatives, agents, lenders, investors, partners, principals, members, managers, direct or indirect shareholders or equityholders of any of the foregoing Persons (each, a "Released Party"), of and from, and hereby unconditionally and irrevocably waives, releases and discharges any and all proceedings, covenants, claims, liabilities, suits, judgments, accounts, actions and causes of action of any kind or character whatsoever, known or unknown, suspected or unsuspected, in Contract, direct or indirect, primary or secondary, at law or in equity that such Seller Releasing Party ever had, now has or

5.11. Employee Transition.

(a) Prior to the date of the Original Agreement, the Seller Parties have provided to Buyer a list of each of the employees of the Adviser and its Subsidiaries (including, for the avoidance of doubt, Ovation Management Services, LLC) that are providing services to

Following each Release Date, the Seller Parties may transfer the Covered Securities released from the Lock-Up as of such Release Date (subject, in each case, to applicable securities Laws) so long as no claim for indemnification has been made against the Seller Parties pursuant to Article VII of this Agreement with a maximum value in excess of the value of Covered Securities that remain subject to the Lock-Up (determined based on the Buyer Stock Price as of the Closing Date); provided, that for so long as any claim for indemnification against the Seller Parties remains outstanding, Covered Securities with a value equal to the maximum value of such claim (determined based on the Buyer Stock Price as of the Closing Date), subject in all respects to the limitations of liability set forth in Section 7.4, shall remain subject to the Lock-Up until the final resolution and settlement of such indemnification claim.

Following the Closing, if an AIF Fund Indemnified Person has a claim for indemnification under the Existing Agreements (or any successor agreements), Buyer and its Affiliates shall cause the AIF Fund to indemnify such AIF Fund Indemnified Persons in

accordance with the terms of the Existing Agreements. Buyer and its Affiliates will not propose any amendments or waivers to any Amended and Restated Partnership Agreements or enter into any other agreements which would affect the indemnification coverage of the AIF Fund Indemnified Persons.

5.16. Director and Officer Indemnification.

(a) For a period of six (6) years from the Closing Date, Buyer shall cause the Company or its successor to maintain in effect directors' and officers' liability insurance covering those Persons who are currently covered by the Company's directors' and officers' liability insurance Policies on terms not less favorable to such directors and officers than the terms of such current insurance coverage; provided that, (i) Buyer may cause coverage to be extended under the current directors' and officers' liability insurance by obtaining a six (6) year "tail" policy containing terms not less favorable to such directors and officers than the terms of such current insurance coverage with respect to matters existing or occurring at or prior to the Closing Date and (ii) if any claim is asserted or made within such six (6) year period (each a "Covered Claim"), any insurance required to be maintained under this Section 5.16 shall be continued in respect of such Covered Claim until the final disposition thereof.

(b) Notwithstanding anything contained in this Agreement to the contrary, this Section 5.16 shall survive the consummation of the purchase of the Transferred Interests indefinitely and shall be binding, jointly and severally, on all successors and assigns of Buyer or the Company. In the event that Buyer or the Company or any of their respective successors or assigns (i) consolidates with or merges into any other Person and shall not be the continuing or surviving entity of such consolidation or merger or transfers or (ii) conveys all or substantially all of its properties and assets to any Person, then, in each such case, proper provision shall be made so that the successors and assigns of Buyer or the Company, as the case may be, shall succeed to the obligations set forth in this Section 5.16.

5.17. Reserved.

5.18. CT Litigation Matter. Following the Closing, Seller Parties, at their sole cost and expense, shall maintain the sole control and settlement of the CT Litigation Matter for the Company, provided that the Seller Parties shall not agree to any settlement of the CT Litigation Matter that would impose any obligation on Buyer or the Company without Buyer's and the Company's consent, which may be granted or withheld in their sole discretion. In connection with the Seller Parties' Actions related to the CT Litigation Matter on behalf of the Company, Buyer agrees to cooperate, and following Closing to cause the Company to cooperate, with the Seller Parties as reasonably requested by the Seller Parties, at the Seller Parties' sole cost and expense. The Seller Parties shall pay directly when due all out of pocket costs and expenses, including attorneys' fees, incurred by the Company or Buyer in connection with the CT Litigation Matter. Any proceeds derived from the CT Litigation Matter, whether by judgment or pursuant to a settlement involving the Company ("CT Award Proceeds"), less any unpaid or unreimbursed costs and expenses, including reasonable attorneys' fees, incurred by the Company or Buyer in connection with the CT Litigation Matter, shall be solely for the account of the Seller

Parties and remitted to the Seller (or if directed by the Seller Parties, to Adviser) within three (3) Business Days of Buyer's or Company's receipt of such CT Award Proceeds.

5.19. Whitney Line of Credit. On or prior to the Closing Date, Company shall satisfy in full the outstanding balance of the Whitney Line of Credit to the extent Whitney Bank does not permit Buyer to assume the Whitney Line of Credit on the Closing Date on terms mutually acceptable to Whitney Bank and Buyer.

5.20. Reserved.

5.21. Shared Services Agreement. To the extent Buyer requires the use of any products or services governed by a Contract set forth on Schedule 3.9 following the Closing Date and such use is not prohibited by such Contract, Buyer and Seller Parties shall use commercially reasonable efforts to negotiate and enter into a mutually agreed upon shared services agreement (the "Shared Services Agreement") prior to Closing, to be effective as of Closing until such reasonable time as Buyer can directly engage such counter party to such Contract or determines that the use of such Contract is no longer necessary forth the operation of the Business.

ARTICLE VI
CONDITIONS TO CLOSING

6.1. Mutual Conditions. The respective obligations of each Party to consummate the Transactions shall be subject to the fulfillment at or prior to the Closing of the following condition: As of the Closing, there shall be no Order enacted, issued or promulgated by any Governmental Authority to the effect that the Transactions may not be consummated as herein provided, and no proceeding or lawsuit shall be pending by any Governmental Authority for the purpose of obtaining any such Order.

ARTICLE VII
SURVIVAL AND INDEMNIFICATION

7.1. Survival. The Parties hereto agree that the representations and warranties set forth in Article III and Article IV of this Agreement shall survive the Closing for a period beginning on the Closing Date and ending on the date that is eighteen (18) months following the Closing; provided, however, the Fundamental Representations and the representations and warranties set forth in Section 3.6 (Taxes) shall survive until the expiration of the applicable statute of limitations plus ninety (90) days. The covenants and agreements set forth herein that require performance at or prior to Closing shall survive for twelve (12) months following the Closing Date and the covenants and agreements set forth herein that require performance after the Closing shall survive in accordance with their respective terms. If notice of a potential violation or breach of any specified representation, warranty or covenant is given to the Person charged with such violation or breach during the period provided for in this Section 7.1, as applicable, such representation, warranty or covenant will continue to survive until such matter has been resolved by settlement, litigation (including all appeals related thereto) or otherwise.

7.2. Indemnification by the Seller Parties. Subject to the terms and conditions of this Article VII, from and after the Closing Date, the Seller Parties jointly and severally shall defend, indemnify and hold harmless Buyer, its respective Affiliates and its and their respective equityholders, directors, officers, employees, agents, successors and assigns (in each case, or equivalents thereof) (each a "Buyer Indemnified Party" and, collectively, the "Buyer Indemnified Parties") from and against any and all Losses resulting from, based on or arising out of:

(a) any breach of any of the Representations and Warranties of a Seller Party in Article III or in the Seller Party Bringdown Certificate;

(b) any failure to perform or non-fulfillment of any covenant, obligation or agreement of a Seller Party to be performed under this Agreement;

(c) any Taxes for any Pre-Closing Tax Period (i) of the Company, and (ii) imposed on the Company that are attributable to the Business, the Acquired Assets, the AIF Funds, the AIF Funds' Subsidiaries or the AIF Funds' Assets; or

(d) the CT Litigation Matter.

7.3. Indemnification by Buyer. Subject to the terms and conditions of this Article VII, from and after the Closing Date, Buyer shall indemnify and hold harmless the Seller Parties, their Affiliates and its and their respective shareholders, directors, officers, employees and agents (in each case, or equivalents thereof) (for the avoidance of doubt excluding the Company, or any AIF Fund each a "Seller Indemnified Party" and, collectively, the "Seller Indemnified Parties") from and against any and all Losses resulting from, based on or arising out of:

(a) any breach of any of the Representations and Warranties of Buyer in Article IV or the Buyer Bringdown Certificate; or

(b) any failure to perform or non-fulfillment of any covenant, obligation or agreement of Buyer to be performed under this Agreement.

7.4. Limitations.

(a) The Buyer Indemnified Parties shall not be entitled to indemnification for Losses pursuant to Section 7.2(a) (other than Losses with respect to Fundamental Representations or the representations and warranties set forth in Section 3.6 (Taxes) or related to Fraud) unless and until the aggregate amount of all Losses for which indemnification is sought by the Buyer Indemnified Parties pursuant to Section 7.2(a) exceeds $100,000 (the "Deductible"), in which case the Buyer Indemnified Parties shall be entitled to indemnification for the aggregate of all such Losses in excess of the Deductible; provided, further, that (A) the aggregate liability of a Seller Party under Section 7.2(a) (other than liability for a breach of the Seller Parties' Fundamental Representations or the representations and warranties set forth in Section 3.6 (Taxes) (for which the aggregate liability of a Seller Party shall not exceed the Purchase Price Cap) or related to Fraud) shall not exceed ten percent (10%)

of the value of the Buyer Stock issued to the Seller Parties in accordance with this Agreement as of the Resolution Date (the "Cap") and (B) subject to the preceding clause (A), the aggregate liability of a Seller Party under Section 7.2 (other than with respect to Section 7.2(c) and liability related to Fraud) shall not exceed the value of the Buyer Stock issued to the Seller Parties in accordance with this Agreement as of the Resolution Date (the "Purchase Price Cap").

(b) The Seller Indemnified Parties shall not be entitled to indemnification for Losses pursuant to Section 7.3(a) (other than Losses with respect to Buyer's Fundamental Representations or related to Fraud) unless and until the aggregate amount of all Losses for which indemnification is sought by the Seller Indemnified Parties pursuant to Section 7.3(a) exceeds the Deductible, in which case the Seller Indemnified Parties shall be entitled to indemnification for the aggregate of all such Losses in excess of the Deductible; provided, further, that (A) the aggregate liability of Buyer under Section 7.3(a) (other than liability for a breach of Fundamental Representations (for which the aggregate liability of Buyer shall not exceed the Purchase Price Cap) or related to Fraud) shall not exceed the Cap and (B) subject to the preceding clause (A), the aggregate liability of Buyer under Section 7.3 (other than liability related to Fraud) shall not exceed the Purchase Price Cap.

(c) Except with respect to claims for equitable relief pursuant to Section 9.10 or arising under the other Transaction Documents and other than claims related to Fraud, the rights of the Indemnified Parties under this Article VII shall be the sole and exclusive remedies of the Indemnified Parties after the Closing Date with respect to claims under, or otherwise relating to the Transactions.

(d) For purposes of determining the amount of Losses or whether there has been a breach or inaccuracy in any representation or warranty in Article III or Article IV, any qualification as to "material" or "in all material respects," "Material Adverse Effect," or similar qualifications in any such representation or warranty shall be disregarded. Notwithstanding the foregoing, with respect to the preceding sentence, the phrase "Material Adverse Effect" shall not be disregarded for purposes of Section 3.2(b).

7.5. Claims.

(a) Promptly after a Party becomes aware of Losses for which indemnification may be sought under this Article VII, the Party entitled to indemnification ("Indemnified Party") will give written notice thereof (a "Direct Claims Notice") to the Party or Parties from whom indemnification may be sought (the "Indemnifying Parties"). The Direct Claims Notice will include a description in reasonable detail of the matter in respect of which indemnification may be sought, and will indicate the amount (estimated, if necessary) of the Losses suffered by the Indemnified Party. Failure of an Indemnified Party to promptly give notice hereunder will not affect rights to indemnification hereunder, except to the extent that such failure is actually prejudicial to the rights and obligations of the Indemnifying Party, and then only to the extent of damages caused by such failure.

(b) All claims for indemnification made under this Agreement resulting from, related to or arising out of a third party claim against an Indemnified Party (a

"Third Party Claim") shall be made in accordance with the following procedures. An Indemnified Party shall give prompt written notification to the Indemnifying Party (a "Third Party Claim Notice") of the commencement of any Action relating to a Third Party Claim for which indemnification may be sought hereunder or, if earlier, upon the assertion of any such claim by a third party to the Indemnified Party in any written claim or demand, in each case, describing in reasonable detail the facts and circumstances with respect to the subject matter of such claim or demand along with the amount (estimated, if necessary) of the Losses suffered by the Indemnified Party as a result of such Third Party Claim; provided, that the failure to timely deliver a Third Party Claim Notice shall not relieve the Indemnifying Party of its obligations hereunder, except to the extent that the Indemnifying Party shall have been materially prejudiced by such failure. Subject to the provisions of this Section 7.5, within thirty (30) Business Days after delivery of such Third Party Claim Notice, the Indemnifying Party may, upon written notice thereof to the Indemnified Party, assume control of the defense with its own legal counsel reasonably satisfactory to the Indemnified Party; provided that the Indemnifying Party admits in writing that it is responsible for such claim. If the Indemnifying Party assumes such defense, the Indemnified Party shall have the right to participate in the defense thereof and to employ legal counsel separate from the legal counsel employed by the Indemnifying Party, it being understood, however, that the Indemnifying Party shall control such defense, and the Indemnified Party shall not be entitled to indemnification for legal expenses subsequently incurred by the Indemnified Party in connection with the defense thereof unless incurred at the written request of the Indemnifying Party; provided, that, subject to the limitations in this Article VII, the Indemnified Party shall be entitled to indemnification for the fees and expenses of legal counsel employed by the Indemnified Party for any period following the thirty (30) Business Day period referenced above during which the Indemnifying Party has not assumed the defense thereof. Notwithstanding the foregoing, the Indemnifying Party shall not, and shall not be entitled to, assume the defense of any Third Party Claim that (A) seeks (or threatens to seek) an injunction or other equitable relief, (B) relates to or arises in connection with any criminal proceeding or involve claims by any Governmental Authority, or (C) is one in which the Indemnified Party has been advised by outside counsel in writing that a reasonable likelihood exists of a conflict of interest exists between the Indemnifying Party and the Indemnified Party that makes joint representation inappropriate under applicable standards of professional conduct in which case the Indemnified Party shall have the right to select one separate counsel (who shall be reasonably acceptable to the Indemnifying Party) to participate in the Indemnifying Party's defense of such third party claim or Action, with the reasonable and documented fees and expenses of such one counsel to be reimbursed by the Indemnifying Party to the extent that they relate to such Third Party Claim. If the Indemnifying Party does not, or is not permitted to, assume control of such defense, the Indemnified Party shall control such defense at the Indemnifying Party's sole expense and the reasonable and documented out-of-pocket fees and expenses of outside legal counsel to the Indemnified Party solely in connection therewith shall be considered "Losses" for purposes of this Agreement (to the extent indemnifiable under this Article VII and subject to the limitations contained herein). The party controlling such defense shall keep the other Parties advised of the material status of such Third Party Claim and the defense thereof and shall consider in good faith recommendations made by the other Parties with respect thereto. The Indemnified Party shall not agree to any settlement of such Third Party Claim without the prior written consent of the Indemnifying Party. Except with the prior written

consent of the Indemnified Party, which may not be unreasonably withheld, delayed or conditioned, the Indemnifying Party shall not agree to any settlement of such Action that (i) does not include a complete release of the Indemnified Party from all liability with respect thereto, (ii) imposes any obligation on the Indemnified Party other than a payment obligation covered by the Indemnifying Party, (iii) would impose a consent order, injunction or decree that would restrict the future activity or conduct of the Indemnified Party or (iv) would result in a finding or admission of a violation of Law by the Indemnified Party that would have an adverse effect on the Indemnified Party. For the avoidance of doubt, the Indemnifying Party may agree to any settlement that is not restricted by the criteria in clauses (i) through (iv) of the preceding sentence without the Indemnified Party's consent. The amount of any Third Party Claim resolved pursuant to this Section 7.5(b) shall be payable by the Indemnifying Party to the Indemnified Party by wire transfer of immediately available funds or, to the extent it is a claim by the Buyer Indemnified Parties through the cancellation of shares of Buyer Stock in accordance with Section 7.4(b) and 7.5(c), as applicable.

(c) Once a claim for indemnification under this Article VII is mutually agreed to in writing with the Indemnified Party by the Indemnifying Party, or finally adjudicated by a Governmental Authority of competent jurisdiction to be payable (the "Resolution Date"): (i) the Indemnifying Party to the extent such Indemnifying Party is the Buyer, shall wire to the Adviser, an amount equal to the agreed or finally adjudicated Losses in respect of such claim within three (3) Business Days, (ii) to the extent such Indemnifying Party is the Seller Parties and such claim is for indemnification pursuant to Section 7.2(c) or 7.2(d), the Seller Parties shall wire to Buyer an amount equal to the agreed or finally adjudicated Losses in respect of such claim within three (3) Business Days and (iii) to the extent such Indemnifying Party is the Seller Parties (and such claim is not for indemnification pursuant to Section 7.2(c) or 7.2(d)), the Buyer shall have such Losses satisfied by cancelling that number of shares of Buyer Stock with a value equal to such amount of Losses based on the Buyer Stock Price determined as of the Resolution Date and providing written notice to the Seller Parties of such cancellation, and the Seller Parties shall forfeit such number of shares of Buyer Stock for no additional consideration.

(d) Each Party hereto shall, and shall cause its respective Affiliates to, use commercially reasonable efforts to mitigate its Losses upon and after becoming aware of any event that could reasonably be expected to give rise to any Losses, and indemnification shall not be available with respect to any Losses to the extent such Losses are attributable to a failure by a Party to take reasonable steps to mitigate such Losses. No Party hereto shall be entitled to any payment, adjustment or indemnification more than once with respect to the same Losses. With respect to any indemnification claim hereunder for which an Indemnifying Party may be obligated to indemnify the Indemnified Party, the Indemnifying Party shall use commercially reasonable efforts to recover from all available insurance and rights to third-party indemnification and contribution under or to which the Indemnified Party may have a right or remedy.

7.6. Treatment as Purchase Price Adjustment. The Parties agree that any indemnification payment made pursuant to this Article VII shall be treated as an adjustment to the Purchase Price for Tax purposes except as otherwise required by applicable Law.

ARTICLE VIII
TERMINATION

8.1. Termination. This Agreement may be terminated and the Transactions may be abandoned at any time prior to the Closing solely (a) by Buyer in its sole discretion, if a fully executed Rovner Offer Letter has not been executed by November 1, 2023 and (b) by mutual written consent of the Parties.

8.2. Effect of Termination. If this Agreement is terminated pursuant to Section 8.1, all rights and obligations of the Parties shall terminate and no Party shall have any liability to the other Parties; provided, however, that (a) the second sentence of Section 2.3, Section 5.5 (Confidentiality), Section 5.7 (Public Announcements), Section 9.1 (Notices), Section 9.4 (Governing Law; Jurisdiction), Section 9.8 (Entire Agreement), Section 9.9 (Severability), this Article VIII and Article IX shall survive the termination of this Agreement and (b) nothing herein shall relieve any Party or Parties, as applicable, from any Losses resulting from any Willful Breach of this Agreement prior to such termination or for any claim related to Fraud that arose prior to such termination. Notwithstanding the foregoing, in no event shall any Party be liable for any Losses under any theory of liability (other than as a result of or related to Fraud or Willful Breach) in an amount in excess of the Purchase Price Cap.

8.3. Reserved.

ARTICLE IX

9.2. Expenses. Regardless of whether the Transactions are consummated, except as otherwise provided in this Agreement (including Section 8.3), each Party shall pay its own Expenses incurred in connection with this Agreement and the Transactions.

9.3. Reserved.

9.4. Governing Law; Jurisdiction. This Agreement, the interpretation and enforcement of its terms and any claim or cause of action (in law or equity), controversy or dispute arising out of or related to this Agreement or its negotiation, execution or performance, whether based on contract, tort, or Law (each, a "Dispute"), shall be governed by, and construed in accordance with, the internal Laws of the State of Delaware, without reference to the choice of law or conflicts of law principles thereof that would require the application of the substantive Laws of another jurisdiction. The Parties hereby agree and consent to be subject to the exclusive jurisdiction of the Court of Chancery of the State of Delaware (or if such court declines to accept jurisdiction over a particular matter, any state or federal court within the state of Delaware), and hereby waive the right to assert the lack of personal or subject matter jurisdiction or improper venue, in connection with any Action with respect to any Dispute. In furtherance of the foregoing, each of the Parties (a) waives the defense of inconvenient forum, (b) agrees not to commence any Action with respect to any Dispute other than in any such court and (c) agrees that a final judgment in any such Action shall be conclusive and may be enforced in other jurisdictions by suit or judgment or in any other manner provided by Law. EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY DISPUTE IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES AND, THEREFORE, EACH PARTY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LEGAL ACTION WITH RESPECT TO ANY DISPUTE. EACH PARTY CERTIFIES AND ACKNOWLEDGES THAT (A) NO REPRESENTATIVE OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT SEEK TO ENFORCE THE FOREGOING WAIVER IN THE EVENT OF A LEGAL ACTION, (B) SUCH PARTY HAS CONSIDERED THE IMPLICATIONS OF THIS WAIVER, (C) SUCH PARTY MAKES THIS WAIVER VOLUNTARILY, AND (D) SUCH PARTY HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 9.4.

9.5. Assignment; Successors and Assigns; No Third Party Rights. Except as otherwise provided herein, this Agreement may not, without the prior written consent of all Parties, be assigned, directly or indirectly, by operation of law or otherwise, and any attempted assignment shall be null and void; provided, that Buyer may assign, by operation of law or otherwise, in whole or in part, any or all of its rights hereunder to one or more of its Affiliates,

and, effective upon the execution of this Amendment, Buyer hereby assigns its rights to purchase the Transferred Interests and the Acquired Assets under Section 2.1 to New Adviser, and New Adviser accepts such assignment; provided that no such assignment shall relieve Buyer of its obligations hereunder. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of the Parties and their respective heirs, successors, permitted assigns and legal representatives. This Agreement shall be for the sole benefit of the Parties and their respective heirs, successors, permitted assigns and legal representatives and is not intended, nor shall be construed, to give any Person, other than the Parties and their respective heirs, successors, permitted assigns and legal representatives, any legal or equitable right, remedy or claim hereunder; provided that the Indemnified Parties shall be express third-party beneficiaries of Article VII.

9.6. Counterparts. This Agreement may be executed in multiple counterparts for the convenience of the Parties, each of which shall be deemed an original and all of which together will constitute one and the same instrument. Delivery of an executed counterpart of a signature page to this Agreement by facsimile or other electronic means shall be effective as delivery of an executed counterpart to this Agreement. The words "execution" or "signed" and words of like import in this Agreement or in any other certificate, agreement or document related to this Agreement or the other Transaction Documents shall include images of manually executed signatures transmitted by facsimile or other electronic format (including, "pdf", "tif" or "jpg") and other electronic signatures (including DocuSign and AdobeSign). The use of electronic signatures shall be of the same legal effect, validity and enforceability as manually executed signatures.

9.7. Titles and Headings. The titles, captions, headings and table of contents herein are for reference purposes only, and shall not in any way define, limit, extend or describe the scope of this Agreement or otherwise affect the meaning or interpretation of this Agreement.

9.8. Entire Agreement. This Agreement (including the Exhibits and the Schedules), the Disclosure Schedules and the other Transaction Documents constitute the entire agreement among the Parties with respect to the subject matters hereof and thereof and supersede all prior agreements and understandings between or among the Parties hereto with respect to such subject matters.

9.9. Severability. The provisions of this Agreement shall be deemed severable and the invalidity or unenforceability of any provision hereof shall not affect the validity or enforceability of the other provisions hereof. If any provision of this Agreement, or the application thereof to any Person or any circumstance, is invalid or unenforceable, (a) a suitable and equitable provision shall be substituted therefor in order to carry out, so far as may be valid and enforceable, the intent and purpose of such invalid or unenforceable provision and (b) the remainder of this Agreement and the application of such provision to other Persons or circumstances shall not be affected by such invalidity or unenforceability, nor shall such invalidity or unenforceability affect the validity or enforceability of such provision, or the application thereof, in any other jurisdiction.

9.10. Specific Performance. Each of the Parties acknowledges that the rights of each Party to consummate the Transactions are unique and recognize and affirm that in the event of a breach of this Agreement by any Party, money damages would be inadequate and the non-breaching Party would be irreparably damaged and would have no adequate remedy at law. Accordingly, the Parties agree that such non-breaching Party shall have the right, in addition to any other rights and remedies existing in its favor at law or in equity, to enforce its rights and the other Parties' obligations hereunder not only by an Action for damages but also by an Action for specific performance, temporary, preliminary, and permanent injunctive or other equitable relief (including to enforce specifically the other Parties' obligations to consummate the Transactions) to prevent breaches or threatened breaches of any of the provisions hereof, without posting any bond or other undertaking.

9.11. Amendments; Waiver.

(a) This Agreement may not be amended, modified or supplemented except by a written instrument authorized and executed by each of the Parties.

(b) Any of the terms or provisions hereof may be waived in writing at any time by the Party that is entitled to the benefits of such waived terms or provisions by a written instrument duly executed on behalf of such party. No failure or delay on the part of any Party in the exercise of any right hereunder shall impair such right or be construed to be waiver of, or acquiescence in, any breach of any representation, warranty or agreement herein, nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or any other right. No waiver of any of the provisions hereof shall be deemed to or shall constitute a waiver of any other provision hereof (whether or not similar). All rights and remedies existing under this Agreement are cumulative to, and not exclusive of, any rights or remedies otherwise available.

On behalf of Yukon New Parent, Inc. (the ***"Company"***), set forth below are the Company's responses to the comments provided by the staff of the Division of Corporation Finance (the ***"Staff"***) of the Securities and Exchange Commission (the ***"Commission"***) to the Company in its letter dated June 3, 2025 with respect to the Company's amended registration statement on Form S-4 (the ***"Registration Statement"***). The Staff's comments are set forth below in italics and are followed by the Company's responses. Capitalized terms used below but not otherwise defined herein shall have the meanings ascribed to them in the Registration Statement. Where revisions to the Registration Statement are referenced in the below response, such revisions have been included in the amended Registration Statement filed concurrently herewith.

Form S-4 Filed May 6, 2025
Management of New Mount Logan, page 22

1. **Comment**: *Please revise your disclosure to provide a clearer overview of who will lead the combined company. In this regard, we note the reference on page 16 to New Mount Logan relying on "BCPA and Key BCPA Personnel."*

   Response: The Company has revised the Management of New Mount Logan disclosure on page 22 of the Registration Statement in response to the Staff's comment to reflect that Edward (Ted) Goldthorpe is expected to serve as Chair of the Board and Chief Executive Officer of New Mount Logan. Mr. Goldthorpe is the Partner in charge of the Global Credit Business for BCPA. Henry Wang and Matthias Ederer are expected to serve as co-presidents of New Mount Logan and are partners in the Global Credit Business for BCPA. Nikita Klassen is expected to serve as the Chief Financial Officer and is a Senior Credit Controller at BCPA. David Held is expected to serve as Chief Compliance Officer and holds the same position at BCPA.

Risk Factors, page 36

2. **Comment**: *Please disclose any material risks resulting from the deregistration of 180 Degree Capital as a business development company under the Investment Company Act of 1940. For*

example, it is unclear if key consequences of deregistration may involve the loss of restrictions on affiliated transactions and self-dealing, elimination of limitations on the use of leverage, etc.

Response: The Company has revised the "Risk Factors" section on page 42 of the Registration Statement in response to the Staff's comment.

3. **Comment**: *Please revise to address the extent to which there is a material risk that 180 Degree Capital or the combined company may not be successfully "excluded from the definition of an investment company by Section 3(c)(1) or Section 3(c)(7) of the 1940 Act," as referenced on page 10.*

   Response: The Company advises the Staff on a supplemental basis that it does not believe that there is a material risk that New Mount Logan would fall within the definition of "investment company" as set forth in Section 3(a)(1) under the 1940 Act. Specifically, as reflected in the pro forma condensed combined financial statements included in the Registration Statement, less than 40% of the value of the total assets of New Mount Logan are expected to consist of "investment securities," as such term is defined under Section 3(a)(2) of the 1940 Act, after completion of the Business Combination. Accordingly, New Mount Logan will not fail the "40% test" in Section 3(1)(a)(C) of the 1940 Act. In addition, as an operating business that will continue to manage funds and other investment vehicles following the Business Combination, New Mount Logan does not intend to be, nor will it hold itself out as being, primarily engaged in the business of investing, reinvesting, or trading in securities within the meaning of Section 3(a)(1)(A) of the 1940 Act. As a result, New Mount Logan would not be required to avail itself of the exclusion from the definition of "investment company" set forth in either Sections 3(c)(1) or 3(c)(7) under the 1940 Act.

   In addition, subsequent to completion of the Business Combination, while New Mount Logan will be 180 Degree Capital's sole equity holder, 180 Degree Capital will represent less than 40% of New Mount Logan's total assets. New Mount Logan will also meet the requirements to be deemed a "qualified purchaser," as such term is defined under the 1940 Act and used in Section 3(c)(7) thereunder. Accordingly, we do not believe that there is a material risk that 180 Degree Capital would not be eligible to rely on the exclusion from the definition of "investment company" set forth in Section 3(c)(7) under the 1940 Act, and thus be able to effect its deregistration under the 1940 Act.

Sales of shares of New Mount Logan Common Stock after the completion, page 36

4. **Comment**: *Please revise to disclose whether any lock-up agreements or resale restrictions apply to shares issued in the merger. Quantify the number or percentage of freely tradeable shares that could enter the market post-closing.*

   Response: The Company has revised the disclosure related to the sales of shares of New Mount Logan Common Stock after the completion of the Business Combination on page 36 in the Registration Statement in response to the Staff's comment to reflect that all of the shares issued and outstanding will be freely tradable after the Closing.

Regulations governing 180 Degree Capital's operation as a registered CEF, page 66

5. **Comment**: *We note your disclosure that references limitations under the Investment Company Act of 1940, including the 300% asset coverage requirement. We also note that 180 Degree Capital will deregister as a business development company in connection with the merger. Please revise where appropriate to summarize the timeline for transitioning between regulatory regimes and clarify the extent to which the 300% requirement or 1940 Act requirements will continue to apply.*

   Response: The Company has revised the disclosure related to the 300% asset coverage requirement on page 67 in the Registration Statement in response to the Staff's comment to reflect that, at Closing, shareholders of 180 Degree Capital will own shares of New Mount Logan, and New Mount Logan will not be subject to the asset coverage requirements of the 1940 Act.

Background of the Mergers, page 111

6. **Comment**: *We note your disclosure of a "Discount Management Program." Please revise here or where appropriate to briefly describe such program and its purpose.*

   Response: The Company has revised the disclosure related to 180 Degree Capital's previously disclosed Discount Management Program on page 111 in the Registration Statement in response to the Staff's comment to include the description of the program as described to shareholders in the initial press release announcing the program as well as subsequent releases.

7. **Comment**: *Please ensure your disclosure is clear about the persons involved in negotiations or meetings. For example, where you refer to the "board" or "management," please clarify which members of the board were in attendance or otherwise list the members in attendance.*

   Response: The Company has revised the "Background of the Mergers" section of the Registration Statement in response to the Staff's comment.

8. **Comment**: *We note your disclosure that initially a NAV-for-NAV transaction was proposed but then was ultimately changed to a fixed value for Mount Logan that would be adjusted by subsequent distributions, share issuances and certain debt refinance expenses. Please expand your discussion as to clarify which party initiated the change and how this change is expected to impact the consideration for each party to the merger.*

   Response: The Company has revised this disclosure of the Registration Statement on page 116 in response to the Staff's comment to include the requested clarification as well as a discussion of how that change impacts the consideration for each party to the merger.

The Mergers
Mount Logan's Reasons for the Mergers, page 120

9. **Comment**: *You state that Mount Logan "spent several years evaluating transactions similar to the Business Combination" and concluded that this was the "best outcome" for shareholders. Please revise your disclosure to describe any alternative transactions that were considered, and why they were rejected. If no specific alternatives were formally evaluated, please disclose that fact.*

Response: The Company has revised this disclosure of the Registration Statement on page 121 in response to the Staff's comment to include additional discussion of historical strategic alternative efforts.

In addition, the Company advises the Staff on a supplemental basis that in addition to preliminary reviews, Mount Logan formally pursued one strategic transaction publicly, which previously received Mount Logan Board approval: a proposed business combination with Canaccord Genuity G Ventures Corp., a TSX-listed "Growth SPAC" ("G Corp"). The transaction—announced in August 2023 —would have resulted in Mount Logan combining with G Corp in exchange for newly issued equity of the post-combination public company. Key expected benefits included (i) a material increase in free float, (ii) an immediate public-company valuation referenced to Mount Logan's net asset value, and (iii) access to the capital available in G Corp's trust account to accelerate business growth. However, by September 2023 the parties mutually agreed to terminate the arrangement agreement because the regulatory review timeline for a Growth SPAC significantly exceeded the SPAC's outside completion date, creating execution risk and potential dilution that the Mount Logan Board deemed unacceptable for its shareholders.

The Company further advises the Staff on a supplemental basis that the Mount Logan Board believes the proposed Business Combination with 180 Degree Capital offers Mount Logan shareholders several advantages that were not available—or were available only on less favorable terms—in the terminated G Corp transaction and other alternatives reviewed, which reasons are referenced throughout the joint proxy statement/prospectus. Mount Logan believes that the Board's decision to confirm the proposed Business Combination in January 2025 was better informed due to the previous informal and formal transaction processes in which Mount Logan was involved, and that these processes helped establish the Business Combination as the best available outcome for Mount Logan and its shareholders.

180 Degree Capital's Reasons for the Mergers, page 124

10. **Comment**: *We note the reference to "the Mount Logan platform" on page 124. Please revise here and where appropriate to clarify what this term is meant to cover. For example, is it restricted to Mount Logan, which has approximately $2.3 billion AUM, or does it include BCPA and its affiliates, which collectively manage approximately $40 billion of assets according to page 290.*

    Response: The Company has revised the "180 Degree Capital's Reasons for the Mergers" section on page 124 of the Registration Statement in response to the Staff's comment to clarify access to additional capital for investment relates to Mount Logan's approximate $2.3 billion under management and access to investment opportunities includes Mount Logan, BCPA and the BCPA Credit Affiliates.

11. **Comment**: *Please revise here and where appropriate to explain how Mount Logan's business model is "highly complementary to 180 Degree Capital's business model." Include a discussion of relevant, material factors regarding complementarity. For example, it is unclear to what extent the entities have significantly different geographic exposure, investor bases, type of fee-based models, type of fee generating vehicles, size or nature of portfolio businesses, use of leverage, and so forth.*

Response: The Company has revised the "180 Degree Capital's Reasons for the Mergers" section on page 125 of the Registration Statement in response to the Staff's comment to clarify the complementary nature of Mount Logan's and 180 Degree Capital's business models. 180 Degree Capital's business model is investing in and working with small, publicly traded companies to unlock value through constructive activism. 180 Degree Capital has historically participated in recapitalization financings through investment in common stock. 180 Degree Capital has also had opportunities in the past to invest in non-equity securities and/or lead large recapitalizations that were beyond the capital resources of the company at the time. Mount Logan's business of providing credit solutions is a natural extension of 180 Degree Capital's investment approach and could enable the combined company to identify and invest in opportunities that would otherwise not be available as stand-alone entities.

12. **Comment**: *You state that the merger will enable "accelerated expansion of sourcing investments...through existing 180 Degree Capital relationships." Please revise your disclosure to clarify what type of sourcing opportunities were identified and how the Mount Logan Capital base enhances these opportunities.*

    Response: The Company has revised the "180 Degree Capital's Reasons for the Mergers" section on page 125 of the Registration Statement in response to the Staff's comment to clarify that the Mount Logan capital base provides for the ability to address capital structure solutions and other opportunities that would otherwise be too large for 180 Degree Capital to participate in as a stand-alone entity.

Opinion of 180 Degree Capital's Financial Advisor, page 126

13. **Comment**: *We note your disclosure on page 127 that Mount Logan Capital provided financial projections to the 180 Degree Capital Special Committee and its financial advisor in connection with the merger. However, the registration statement does not include these projections or a summary thereof. Please revise your disclosure to include these projections along with a description of the key assumptions underlying them.*

    Response: The Company has added on page 127 of the Registration Statement in response to the Staff's comment a summary of the projections referenced on page 134 that the financial advisor to the 180 Degree Special Committee used in its analysis as presented along with the key assumptions underlying the preparation of such projections.

14. **Comment**: *We note your disclosure on page 128 that the financial advisor to the 180 Degree Capital Special Committee reviewed certain closed-end fund merger transactions as part of the fairness opinion. Please revise the disclosure to describe the criteria used to select these transactions and explain why the selected transactions were considered comparable. If any material differences exist between the precedent transactions and the proposed merger, please explain. Similarly, we note the disclosure on page 129 that the financial advisor to 180 Degree Capital Special Committee reviewed selected public companies comparable to Mount Logan Capital Inc. Please provide equivalent disclosure for these comparable public companies. Similarly revise for Mount Logan Capital's disclosures on pages 130 and 131.*

    Response: The Company has revised the disclosure beginning on page 129 of the Registration Statement in response to the Staff's comment.

15. **Comment**: *We note that the majority of the implied equity values of Mount Logan addressed by the financial advisor, Fenchurch, are higher than Mount Logan's $67.4 million transaction equity value agreed upon for the merger. As non-exclusive examples, we note a $82 million to $121 million range of implied equity value for 2026 using trading comparables, a $76 million to $139 million range of implied equity value for 2025 using transactional analysis and an implied equity value of $104.5 million on January 1, 2025 using discounted cash flow. Please state whether the board of Mount Logan considered these factors in arriving at its recommendation.*

    Response: The Company advises the Staff on a supplemental basis that the information and analysis prepared by Fenchurch was solely for the purposes of the evaluation of the potential Business Combination by the 180 Degree Capital Special Committee, and such analysis and information was not shared with Mount Logan prior to execution of the Merger Agreement. Therefore, the board of Mount Logan did not consider these factors in arriving at its recommendation.

Regulatory Approvals and Related Matters, page 133

16. **Comment**: *Please expand this section to clarify the status of required filings or notices and the expected timing of remaining approvals. If material, address the consequences or risks if the required approvals are delayed or not received.*

    Response: The Company has revised the disclosure in the Registration Statement on page 136 in response to the Staff's comment. The Company advises the Staff that (i) an application has been filed with the Ontario Securities Commission ("OSC") and is under review, and a consent, if granted, will be granted only after the MLC Special Meeting and after a Final Order is obtained from the Ontario Superior Court of Justice (Commercial List) approving the Arrangement; (ii) after such consent from the OSC is obtained, an application will be made to the Ministry of Public and Business Service Delivery seeking authorization for Mount Logan's continuance out of Ontario to the state of Delaware; (iii) the Company has provided, and will continue to provide, Cboe Canada with all requested documentation in connection with the Business Combination and its consent thereto; (iv) the Company has been advised by Crown that a no objection letter was received by Crown on April 1, 2025; and (v) the Company is in active communication with the Nebraska Department of Insurance regarding the Business Combination in order to determine whether a consent will be required in respect of the Business Combination. The Company does not anticipate any delays or difficulty in making any remaining required filings or notices or in obtaining any remaining required approvals.

The Merger Agreement
Merger Consideration, page 149

17. **Comment**: *Please revise your disclosure to provide additional detail regarding the in-kind distribution mechanism that may be used to reduce 180 Degree Capital's NAV if its shareholders would otherwise receive more than 50% of the New Mount Logan common stock. Specifically, please clarify:*

    - *the types of assets that may be distributed in-kind;*
    - *the methodology for selecting and valuing such assets;*

- *whether any shareholder consent or notice is required in connection with the distribution; and*

- *when and how the determination will be made that a distribution is required.*

Additionally, consider including a simplified numerical example to illustrate how this mechanism could affect TURN's NAV and resulting ownership percentage in the combined company.

Response: The Company has revised the "Merger Consideration" section on page 153 of the Registration Statement in response to the Staff's comment to clarify the points listed above as well as to include a numerical example of how this mechanism would affect the ultimate merger consideration received by shareholders of 180 Degree Capital in terms of distributed assets (cash and/or freely tradable shares of publicly listed portfolio companies) and ownership of New Mount Logan.

Response: The Company has revised the disclosure on page 344 of the Registration Statement in response to the Staff's comment to clarify that 180 Degree Capital generally seeks to generate increases in its net assets from operations through net investment gains generated from long-term appreciation and monetization of its investments.

30. **Comment**: *We note you attribute the increase in investment income for the year ended December 31, 2024 to receipt of board fees. Please revise, where appropriate, to discuss in more detail these board fees. Address the following:*

    Response: The Company has revised the disclosure on page 341 of the Registration Statement in response to the Staff's comment to clarify that while 180 Degree Capital's daily liquidity may fluctuate based on the increase or decrease in the value of its investments, it does not believe such fluctuations materially impact its day-to-day operations owing to its holdings of primarily freely tradable common stock of publicly listed companies. Goodwill, page F-21

33. **Comment**: *We note goodwill of $55,697 relating to your Insurance Solutions reportable segment, which includes two reporting units: long-term care insurance ("LTC") and multi-year guaranteed annuity products ("MYGA"). We also note your disclosure on page F-83 that you have a concentration of revenue from the MYGA product line, which are assumed solely from two insurance companies, ACL and SSL. Further, we note that you made a decision to no longer assume business from ACL and SSL as of June 30, 2024. Please provide us with a summary of your goodwill impairment analysis, specifically as it relates to your MYGA reporting unit. Please include the following details in your response:*

    - *the percentage by which fair value exceeded carrying value as of the date of the most recent test;*
    - *the amount of goodwill allocated to the reporting units;*
    - *a description of the methods and key assumptions used and how the key assumptions were determined, including those assumptions relating to your revenue from the MYGA product line after June 30, 2024; and*
    - *tell us your consideration to disclose these, and other, relevant factors and details as part of your critical accounting policies and estimates disclosures.*

    Response: The Company has revised the disclosure on page 295 of the Registration Statement in response to the Staff's comment to include a critical accounting estimate regarding goodwill impairment.

    The Company advises the Staff on a supplemental basis that per requirements within ASC 350, Mount Logan performed an annual goodwill impairment review as of October 1, 2024, which includes the two reporting units: long-term care insurance ("LTC") and multi-year guaranteed annuity products ("MYGA") within Mount Logan's Insurance Solutions reportable segment.

    The cessation of assuming MYGA contracts from ACL and SSL as of June 30, 2024 did not terminate the existing MYGA contracts with the individual holders; however, Mount Logan concluded this was a qualitative indicator that would require Mount Logan to perform a quantitative impairment test. As the existing portfolio of MYGA contracts are long-dated and Ability plans to assume new contracts in the future with new providers, which, for example, went

into effect in May 2025 starting with National Security Group wherein Mount Logan will assume a 90% quota share coinsurance of MYGA policies, Mount Logan considered these existing and future strategies in its quantitative tests for both periods presented.

The table below summarizes the percentage by which fair value exceeded the carrying amount of reporting units as of October 1, 2024 and allocation of Goodwill between reporting units.

(Amount in USD thousands, except percentage)

Summary of Values	LTC	MYGA	Total
Percentage by which Fair value exceeded carrying amount of reporting units	24%	10.70%	17.30%
Goodwill	25,874	29,823	55,697

The valuation techniques and significant assumptions applied in the goodwill impairment testing are described below.

When determining if a reporting unit is impaired, Mount Logan compares its fair value to the reporting unit's carrying value. The fair value of reporting units is determined from a projection of future cash flows & operating results derived from both the in-force business and new business expected in the future. This approach requires assumptions including premium growth rates, capital requirements, interest rates, mortality, morbidity, policyholder behavior, and discount rates.

To calculate fair value of the insurance business, Mount Logan discounted projected earnings from in-force contracts and valued new business growing at expected plan levels, consistent with the periods used for forecasting long term businesses, in addition to considering a terminal value for the value of new business beyond five years at Mount Logan's long-term growth rate. In arriving at its projections, Mount Logan considered past experience, economic trends such as interest rates, capital requirements and market trends. Capital requirements were based on a risk-based capital (RBC) ratio of 350.0%. Excess capital above this requirement was added to the fair value of the reporting units, consistent with market participant treatment. Mount Logan's key assumptions for the new MYGA business were the (i) discrete premium growth rate, (ii) interest rate, and (iii) capital requirements. (i) The discrete MYGA premium growth rate in the fair value calculations which were based on maintaining management's target RBC ratio of 350%. RBC of 350% maintained based on performance of investment portfolio and additional capital contribution. We assumed a higher growth rate in initial years with declining growth in the later years as we continue to scale the business. (ii) Interest rates assumptions are based on prevailing market rates at the valuation date. (iii) Capital requirements assumed per management's target RBC ratio of 350%.

Discount rates assumed in determining the carrying value for applicable reporting units was based on a cost of equity of 17.5% and 23.5% on an after-tax basis for LTC and MYGA, respectively. Capital Asset Pricing Model (CAPM) was used to estimate the cost of equity. The cost of equity was derived using a yield of 20-year U.S. treasury bonds and by adding an equity risk premium. Further, the cost of equity also considers 100 basis points and 700 basis points of execution risk to account for risk of achieving the planned forecast for LTC and MYGA business, respectively.

Note 14. Future policy benefits and related reinsurance recoverable, page F-64

34. **Comment**: *We note your presentation of "effect of actual variances from expected experience" within your summary of changes in future policy benefits on page F-65. To the extent material, please revise your disclosure to include a comparison and discussion of actual experience attributable mortality, morbidity and lapses compared to what was expected for the period. For example, to the extent that there are significant favorable and/or unfavorable offsetting impacts, consider quantifying or providing accompanying information to further discuss those effects of actual experience versus expected.*

    Response: The Company advises the Staff on a supplemental basis that it does not believe the effect of actual variances from expected experience is material, and the Company has included such prospectively beginning in the notes to the financial statements of Mount Logan for the three month period ending March 31, 2025, in Note 13. Future policy benefits and related reinsurance recoverable on page F-127.

    The Company further advises the Staff on a supplemental basis that as noted in Mount Logan's notes to its financial statements for the years ending December 31, 2024, and December 31, 2023, in 2024, the underlying cash flow assumptions were reviewed with respect to mortality, lapse, morbidity incidence and morbidity termination. The resulting assumption updates resulted in an $8.6 million or 1.1% increase in the liability for future policy benefits, mainly as a result of unfavorable mortality experience. The effect of actual variances from expected experience observed a $13.8 million or 1.8% increase in the liability for future policy benefits, mainly due to lower than expected future premium receipts and higher claims.

    In 2023, the underlying cash flow assumptions were reviewed with respect to mortality, lapse, morbidity incidence and morbidity termination. The review did not result in any assumption updates. The effect of actual variances from expected experience observed a $12.1 million or 1.5% increase in the liability for future policy benefits, mainly due to lower than expected future premium receipts and higher claims.

Note 25. Capital management and regulatory requirements
Insurance capital requirements, page F-82

35. **Comment**: *We note your disclosure that the minimum RBC ratio for Ability is 200% and Ability must have a ratio in excess of 300% to be able to reinsure new business. Further, we note that Ability was in excess of the minimum requirement at December 31, 2024. Please revise to disclose the actual ratio at December 31, 2024.*

    Response: The Company advises the Staff on a supplemental basis that the RBC ratio as of December 31, 2024, was 325.098%, and Mount Logan has included this annually calculated RBC ratio prospectively in Note 24. Capital management and regulatory requirement on page F-145 to Mount Logan's financial statements for the three month period ended March 31, 2025.

36. **Comment**: *Your disclosure states that Regulatory action is triggered beginning at 200% RBC and below. Please revise your disclosure, where appropriate in the filing, to provide additional details about the regulatory actions, timeline and process that could be triggered if you fall below the required ratio.*

Response: The Company advises the Staff on a supplemental basis the Company has included such disclosure prospectively under Insurance regulation in the business section on page 264 of Mount Logan's financial statements for the three month period ended March 31, 2025.

Note 26. Concentration of Risks
Insurance Solutions, page F-83

37. **Comment**: *We note your disclosure that you historically have had a concentration of revenue from your MYGA product line, which are assumed solely from ACL and SSL. Further, we note that you have made a decision to no longer assume business from ACL and SSL as of June 30, 2024. Please revise your disclosure to provide more details regarding this concentration of your revenue, including quantification by financial statement period. Refer to ASC 275-10-50-18(b). Include disclosure of this concentration risk elsewhere in the filing, such as Risk Factors, as appropriate.*

    Response: The Company has revised the disclosure on page F-146 of the Registration Statement in response to the Staff's comment to clarify that Mount Logan's MYGA business including that as specified in Note 27 of MLC's Annual Financial Statements, Subsequent Events, Mount Logan has entered a new reinsurance treaty with National Security Group to expand its current MYGA portfolio which will continue to increase and diversify the base of individual holders.

    The Company advises the Staff on a supplemental basis that the MYGA product line is not recognized as a source of revenue as the products are accounted for as investment contracts and reported as liabilities in the Consolidated Statements of Financial Position. Per the guidance in ASC 275-10-50-16, Mount Logan is not vulnerable to risk of a near-term severe impact because the MYGA contracts are long-dated and diversified across numerous individual holders. While Mount Logan will no longer assume business from ACL and SSL as of June 30, 2024, the Company will continue to earn investment income from the cash proceeds received on the underlying MYGA Products. As noted in Note 27, Subsequent Events, Ability entered a new reinsurance treaty for additional MYGA contracts with National Security Group. Such reinsurance treaty will grow the MYGA portfolio and continue to diversify the base of individual holders.

38. **Comment**: *We note your tabular presentation quantifying the investment concentration risk of your Insurance Solutions segment. We also note that Other represents 29% and 30% of the investment concentration risk as of December 31, 2024 and 2023, respectively. Please revise your disclosure to provide additional qualitative and quantitative details regarding the composition of Other. Refer to ASC 275-10-50-18(d).*

    Response: The Company advises the Staff on a supplemental basis that Mount Logan does not believe the investment concentration risk within "Other" is material. For reference, "Other" mainly includes investments domiciled in the Cayman Islands which represents 25% & 27% of the total investment concentration risk as of December 31, 2024 and 2023, respectively. There are various other countries such as Bermuda and the United Kingdom where the concentration is equal to or less than 1%. The Company further advises the Staff that it has revised this disclosure on a prospective basis beginning with Mount Logan's financial statements for the period ending March 31, 2025.

39. **Comment**: *Please revise to include a more detailed description of board fees such that investors may understand the nature and terms of this revenue generating activity, as well as the related forms of payment (i.e. stock grants, cash, etc.). For example, include discussion of how the transaction price is measured and determined for stock grants received.*

    Response: The Company advises the Staff on a supplemental basis that it has included additional disclosure in response to the Staff's comment number 30 on page 344 of the Registration Statement. In addition, 180 Degree Capital will include similar disclosure on a prospective basis in future filings on Form N-CSR and Form N-CSRS in the accompanying notes to its financial statements that can be found on page F-231.

40. **Comment**: *Given the structure of the merger with both existing entities becoming subsidiaries of the registrant, advise us why you believe the correct entities and individuals are included on the signature page. In this regard, we note the statements on page i that the entities and officers and directors assume no responsibility for the accuracy or completeness of disclosure, which appears to be an inappropriate disclaimer. Please revise or advise.*

    Response: The Company has revised the signature page of the Registration Statement in response to the Staff's comment. In addition, the Company advises the Staff on a supplemental basis that that it believes that New Mount Logan (a.k.a., "Yukon New Parent, Inc."), as the named registrant and the sole issuer of securities pursuant to the Registration Statement, is the appropriate entity to execute the Registration Statement. The Company further notes that New Mount Logan has not disclaimed any disclosures included in the Registration Statement.

General

41. **Comment**: *We note that 180 Degree Capital has published a presentation on its website relating to the proposed merger that includes statements suggesting shareholders could realize a 20+% return from combining asset management with an insurance business. With a view to clarifying disclosure, please advise us of the related assumptions underlying the anticipated return. Please also advise us whether these materials constitute written communications, for example, under Rule 425 of the Securities Act.*

    Response: The Company advises the Staff on a supplemental basis that slide 14 of such presentation presents an example of how capital provided from a parent company (e.g., New Mount Logan) into a wholly-owned insurance business could generate a 20%+ return on such investment for the parent company based on the assumptions listed in the slide rather than a 20%+ return for 180 Degree Capital shareholders. The presentation referenced in the above comment has previously been filed with the SEC in accordance with Rule 425 under the Securities Act under accession numbers 0000893739-25-000002 and 0002051820-25-000004 for 180 Degree Capital and the Company, respectively.
